ENVIRONMENTAL IMPACT STATEMENTS AND OTHER ACTIONS IMPACTING THE ENVIRONMENT

Availability of Agency Comments

Pursuant to the requirements of section 102(2)(C) of the National Environmental Policy Act of 1969, and section 309 of the Clean Air Act, as amended, the Environmental Protection Agency (EPA) has reviewed and commented in writing on Federal agency actions impacting the environment contained in the following appendices during the period of October 16, 1975 and October 31, 1975.

Appendix I below contains a listing of draft environmental impact statements reviewed and commented upon in writing during this review period. The list includes the Federal agency responsible for the statement, the number and title of the statement, the classification of the nature of EPA's comments as defined in Appendix II below, and the EPA source for copies of the comments as set forth in Appendix VI below.

Appendix II below contains the definitions of the classifications of EPA's comments on the draft environmental impact statements as set forth in Appendix I.

Appendix III below contains a listing of final environmental impact statements reviewed and commented upon in writing during this review period. The listing includes the Federal agency responsible for the statement, the number and title of the statement, a summary of the nature of EPA comments, and the EPA source for copies of the comments as set forth in Appendix VI below.

Appendix IV below contains a listing of final environmental impact statements reviewed but not commented upon by EPA during this review period. The listing includes the Federal agency responsible for the statement, the number and title of the statement, and the source of the EPA review as set forth in Appendix VI below.

Appendix V below contains a listing of proposed Federal agency regulations, legislation proposed by Federal agencies, and any other proposed actions reviewed and commented upon in writing pursuant to section 309(a) of the Clean Air Act, as amended, during the referenced reviewing period. The listing includes the Federal agency responsible for the proposed action, the title of the action, a summary of the nature of EPA's comments, and the source for copies of the comments as set forth in Appendix VI below.

Copies of the EPA Manual setting forth the policies and procedures for EPA's review of agency actions may be obtained by writing the Public Information Reference Unit, Environmental Protection Agency, Room 2922, Waterside Mall SW, Washington, DC 20460, telephone AC 202/755-2808. Copies of the draft and final environmental impact statements referenced herein are available from the

V40234 DEC 4 75 D XUM

originating Federal department or agency.

Dated: November 24, 1975.

J. M. McCABE,
Acting Director, Office of Federal Activities.

APPENDIX II

DEFINITIONS OF CODES FOR THE GENERAL NATURE OF EPA COMMENTS

Environmental Impact of the Action.

LO—Lack of Objection.

EPA has no objections to the proposed action as described in the draft impact statement; or suggests only minor changes in the proposed action. ER—Environmental Reservations

EPA has reservations concerning the environmental effects of certain aspects of the proposed action. EPA believes that further study of suggested alternatives or modifications is required and has asked the originating Federal agency to reassess these impacts.

EU—Environmentally Unsatisfactory

EPA believes that the proposed action is unsatisfactory because of its potentially harmful effect on the environment. Furthermore, the Agency believes that the potential safeguards which might be utilized may not adequately protect the environment from hazards arising from this action. The Agency recommends that alternatives to the action be analyzed further (including the possibility of no action at all).

Adequacy of the Impact Statement.

Category 1—Adequate

The draft impact statement adequately sets forth the environmental impact of the proposed project or action as well as alternatives reasonably available to the project or action.

Category 2—Insufficient Information

EPA believes that the draft impact statement does not contain sufficient information to assess fully the environmental impact of the proposed project or action. However, from the information submitted, the Agency is able to make a preliminary determination of the impact on the environment. EPA has requested that the originator provide the information that was not included in the draft statement.

Category 3—Inadequate

EPA believes that the draft impact statement does not adequately assess the environmental impact of the proposed project or action, or that the statement inadequately analyzes reasonable available alternatives. The Agency has requested more information and analysis concerning the potential environmental hazards and has asked that substantial revision to be made to the impact statement.

APPENDIX III.—*Final environmental impact statements for which comments were issued between Oct. 16, and 31, 1975*

Identifying No.	Title	General nature of comments	Source for copies of comments
Architect of the Capitol:			
F-AOC-A09006-DC	Capitol Power Plant, Washington, DC.	EPA expressed environmental reservations as to the capability of the project's proposed air pollution control techniques to meet the District of Columbia's particulate emission standards. Nonetheless, stack emission tests to be performed by EPA to determine the burden of particulate pollution on the proposed control devices will be made in an attempt to resolve partly this issue.	D
Corps of Engineers:			
F-COE-A34115-OK	Wanrika Lake, Beaver Creek, Okla.	EPA has expressed environmental reservations on the proposed project. EPA's concerns center around the impact of the project on water quality and the use of the water provided by the project for public water supply.	G
F-COE-A35102-CA	Operation and maintenance of Morro Bay Harbor, San Luis Obispo County, Calif.	EPA generally had no objections to the project as proposed.	J
FS-COE-A39052-PA	Trexler Lake, Jordan Creek, Lehigh County, Pa.	EPA withheld judgment on the project pending further investigation being conducted by the U.S. Geological Survey regarding the possible adverse effects on groundwater in the Lower Jordan Creek watershed.	D

FEDERAL MARITIME COMMISSION

AMERICAN GREAT LAKES/MEDITERRANEAN EASTBOUND FREIGHT CONFERENCE

Agreement Filed; Correction

In FR Doc. 75-32023 appearing in Vol. 40, No. 229-Wednesday, November 26, 1975, at page 54873 in the first and second column, the first paragraph which reads "Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814)" should read "Notice is hereby given that the following petition has been filed with the Commission for approval pursuant to Section 14b of the Shipping Act, 1916, as amended (75 Stat. 762, 46 U.S.C. 813a)."

Dated: November 28, 1975.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

[FR Doc.75-32738 Filed 12-3-75;8:45 am]

COMPANIA SUD AMERICANA DE VAPORES AND LYKES BROS. STEAMSHIP CO., INC.

Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street, NW., Room 10126, or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., San Juan, Puerto Rico and San Francisco, California. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before December 15, 1975. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Lloyd Strickland, Vice President, Lykes Bros. Steamship Co., 300 Poydras Street, New Orleans, Louisiana 70130.

Agreement No. 9942-3, between Compania Sud Americana De Vapores and Lykes Bros. Steamship Co., Inc., is a petition by the parties to extend the effective period of the basic pooling, sailing and equal access to government-controlled cargo arrangement in the trade from U.S. Atlantic Coast ports to ports on the Chilean Coast as far south as and including the ports of Talcahuano and San Vicente from December 31, 1975 to December 31, 1980.

Dated: November 28, 1975.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

[FR Doc.75-32739 Filed 12-3-75;8:45 am]

FEDERAL POWER COMMISSION

[Docket Nos. ER76-203, etc.]

BOSTON EDISON CO.

Order Accepting for Filing and Suspending Proposed Rate Changes, Denying Waiver Without Prejudice To Requesting Waiver Upon Condition, and Consolidating Proceedings for Purpose of Decision

NOVEMBER 26, 1975.

On October 28, 1975, Boston Edison Company (Edison) in Docket No. ER76-203 tendered for filing as an initial rate schedule an agreement[1] providing for payments by New England Power Company (NEPCO) for transmission service provided over certain 115 KV radial transmission facilities serving NEPCO's East Holbrook Substation. Edison requests that the Commission waive the prior notice requirements to permit the agreement to be effective as of December 1, 1973. Public notice of the filing was issued on November 13, 1975, with protests or petitions to intervene due on or before November 21, 1975.

On Nobember 3, 1975, Edison made a similar filing in Docket No. ER76-238 of an agreement[2] providing for payments by NEPCO for transmission service provided over certain 115 KV terminal facilities located at Edison's Station #150 at Weymouth, Massachusetts. Edison requests that the Commission waive the prior notice requirements to permit the agreement to be effective as of March 15, 1973. Public notice of the filing was issued on November 21, 1975, with protests or petitions to intervene due on or before November 28, 1975.

The subject agreements relate to Edison's firm power transmission service to NEPCOs Quincy-Weymouth service area. Prior to 1972 the total requirements of NEPCO's Quincy-Weymouth area were supplied by Edison. In November of 1972 NEPCO converted approximately half of the Quincy-Weymouth load from Edison generation to its own generation, relying on Edison to provide the wheeling of NEPCO's generation across Edison's transmission system. The remainder of the Quincy-Weymouth load was converted in November of 1974. The rates applicable to such transmission service to NEPCO's Quincy-Weymouth area are the subject of proceedings being conducted in Docket Nos. E-8187 and E-8700. Those consolidated proceedings are presently pending initial decision by the Presiding Administrative Law Judge.

Edison states that the subject agreements were not filed with the Commission because of Edison's belief that agreements of this nature did not require such filing. However when the agreements were questioned in the proceedings being conducted in Docket Nos. E-8187 and E-8700, Edison believed it appropriate to file the agreements. Our review indicates that the subject agreements are clearly rate schedules covering rates and charges received by a public utility for or in connection with the transmission of electric energy subject to the jurisdiction of the Commission and therefore are required to be filed with the Commission pursuant to Section 205 of the Federal Power Act.

Our review indicates that the proposed rates, charges, terms, and conditions of service of the proposed rate schedules have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential or otherwise unlawful. A review of the record in Docket Nos. E-8187 and E-8700 indicates that the subject agreements were received in evidence[3], and their justness and reasonableness are being questioned in those proceedings. Furthermore, we find that the subject agreements are part and parcel to the ultimate determination of just and reasonable rates in those proceedings. Finding common questions of law and fact, we deem it appropriate to consolidate Docket Nos. ER76-203 and ER76-238 with the proceedings in Docket Nos. E-8187 and E-8700 for purposes of decision.

We note that Edison has filed the subject agreements as initial rate schedules. However, our review indicates that the filed agreements constitute rate changes. We further note that the extreme untimeliness of the subject filings severely jeopardizes our ability to protect the public against potentially unlawful rates.

Accordingly, we will deny Edison's request for waiver of the notice requirements, accept the subject rate schedules for filing effective thirty days after the respective filing dates and suspend their effectiveness for one day such that the rates filed in Docket Nos. ER76-203 and ER76-238 will be effective as of November 29, 1975, and December 5, 1975, respectively, subject to refund. Accordingly, Edison shall refund all amounts collected under the corresponding agreements prior to November 29, 1975 and December 5, 1975 unless Edison files within 15 days of the date of issuance of this order an agreement that all rates collected under the subject agreements are subject to refund of any amounts ultimately found by this Commission to be in excess of a just and reasonable rate level after resolution of these consolidated proceedings.[4] After receipt of Edison's response, if any, we shall issue a further order taking appropriate action.

The Commission finds. (1) Good cause exists to deny Edison's request for waiver of the notice requirements of the Commission's Regulations.

(2) The rate changes proposed by Edison in Docket Nos. ER76-203 and ER76-238 should be accepted for filing and suspended until November 29, 1975 and December 5, 1975, respectively.

(3) Good cause exists to require Edison to refund all amounts collected under the corresponding rate changes prior to November 29, 1975 and December 5, 1975, without prejudice to Edison's filing with the Commission within 15 days of the issuance of this order, a request that the Commission accept the rate changes to be effective December 1, 1973 and March 15, 1973, Edison's proposed effective dates, based upon an agreement by Edison that the rates charged under the subject agreements shall be subject to refund as of those effective dates, pending final disposition upon the conclusion of these consolidated proceedings.

(4) Good cause exists to consolidate Docket Nos. ER76-203 and ER76-238 with the proceedings in Docket Nos. E-8187 and E-8700 for purposes of decision.

The Commission orders. (A) The requested waiver of the prior notice requirements of § 35.3 of the Commission's regulations is hereby denied.

(B) The proposed rate changes tendered for filing on October 28, 1975 and November 3, 1975, in Docket Nos. ER76-203 and ER76-238, respectively, are accepted for filing and suspended until November 29, 1975 and December 5, 1975, respectively, when they will become effective subject to refund, subject to the conditions of Ordering Paragraph (C) below.

(C) Edison shall refund all amounts collected under the corresponding rate changes prior to November 29, 1975 and December 5, 1975, without prejudice to Edison's filing within 15 days of the issuance of this order, a request that the Commission accept the rate changes to be effective December 1, 1973 and March 15, 1973, Edison's proposed effective dates, based on an agreement by Edison that all rates charged under the subject agreements shall be subject to refund as of those proposed effective dates, pending final disposition upon the conclusion of these consolidated proceedings.

(D) The proceedings instituted herein shall be consolidated for purposes of decision with those established in Docket Nos. E-8187 and E-8700.

(E) The Commission Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket Nos. E-8445, E-8949]

CAMBRIDGE ELECTRIC LIGHT CO.

Filing of Revised Rate Schedule, Service Agreement, and Schedule of Refunds in Compliance With Approved Settlement

NOVEMBER 26, 1975.

Take notice that on October 17, 1975 Cambridge Electric Light Company (Cambridge) tendered for filing a settlement Rate Schedule FPC No. 26, an executed service agreement providing for service thereunder, and an attested schedule of refunds governing its wholesale electric service to the Town of Belmont, Massachusetts (Belmont).

Cambridge states that the tendered filing is made pursuant to the terms of a settlement agreement executed July 17, 1975 by Cambridge and Belmont resolving all outstanding issues in the consolidated proceedings above captioned. Said settlement agreement was certified to the Commission by the Presiding Administrative Law Judge on July 24, 1975 and was approved by Commission order issued September 22, 1975.

Cambridge has also tendered, as part of the instant filing, a schedule of revenues, including interest thereon at the rate of 7 percent per annum, which have been refunded as provided for in the settlement agreement as approved. Said refunds represent the difference between the rate which became effective in Docket No. E-8949 and the settlement rate herein tendered for filing. Cambridge states that its chief financial officer has attested to the accuracy of the aforementioned refunds and to the fact that said refunds have in fact been made to Belmont as provided in Paragraph (C) of the Commission's order issued September 22, 1975.

Cambridge further states that the proposed effective date of the tendered settlement rate is August 31, 1975 and accordingly requests waiver of the Commission's notice requirements pursuant to § 35.11 of its regulations.

Copies of the tendered filing have been served by Cambridge upon Belmont and the Massachusetts Department of Public Utilities.

Any person desiring to be heard or to protest the tendered filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 5, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket Nos. E-8885, E-8546]

CINCINNATI GAS & ELECTRIC CO.

Filing Pursuant to Commission Settlement Order

NOVEMBER 26, 1975.

Take notice that on October 7, 1975 as completed October 30, 1975 the Cincinnati Gas & Electric Company (CG&E) filed tariff sheets and a report on refunds. CG&E states that these filings are in conformance with the Commission's order of September 5, 1975, "Order Approving Settlement Agreement Subject to Conditions".

Any person desiring to be heard or to protest said filing should file a protest with the Federal Power Commission, 825 North Capitol Street, Washington, D.C. 20426, in accordance with § 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such protests should be filed on or before December 4, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32676 Filed 12-3-75;8:45 am]

[Docket Nos. ER76-122, E-9002]

COMMONWEALTH EDISON CO.

Order Granting Rehearing for Purposes of Further Consideration

NOVEMBER 26, 1975.

On September 12, 1975, Commonwealth Edison (Com Ed) tendered for filing in Docket No. ER76-122 a proposed revised fuel adjustment clause, Rider 20, 2nd Revised Sheet No. 12 and Original Sheet No. 12, 10, and a proposed increase in its energy charge, Seventh Revised Sheet No. 1, applicable to Rate 78 of its FPC Electric Tariff. By Order issued October 10, 1975, the Commission accepted for filing and suspended Com Ed's proposed filing terminated the section 206 investigation of Com Ed's fuel clause [1] and consolidated Docket No. ER76-122 with Docket No. E-9002. The intervenors, Cities,[2] petitioned for rehearing of our October 10, 1975 order on the grounds, inter alia, that the Commission erred in failing to reject Com Ed's fuel clause and energy charge filing, in suspending the operation of the fuel clause for only one day, and in terminating the Section 206 investigation of Com Ed's fuel clause.

Because of the complicated nature of the issues raised in Cities' application, we believe good cause exists to grant rehearing for purposes of further consideration.

The Commission finds. Good cause exists to grant rehearing of our October 10, 1975, order in this docket for purposes of further consideration.

The Commission orders. (A) Rehearing of our October 10, 1975, order is hereby granted for purposes of further consideration.

(B) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32608 Filed 12-3-75;8:45 am]

[Docket No. ER76-216]

FLORIDA POWER & LIGHT CO.

Filing of Agreement

NOVEMBER 26, 1975.

Take notice that Florida Power & Light Company (FP&L), on November 4, 1975, tendered for filing a letter agreement between FP&L and Lake Worth Utilities Authority (Lake Worth). FP&L states that this letter agreement changes the energy charge for energy produced from fossil steam generating plants for emergency and scheduled interchange service pursuant to sections A2 and B2 of the Contract for Interchange Service between FP&L and Lake Worth dated March 6, 1972 from the second preceding month to the calendar month in which the energy was produced and sold. The letter agreement also provides for an energy charge for energy produced from combustion gas turbines and diesel engines. FP&L also states that service has been made on the Lake Worth Utilities Authority in accordance with § 35.2(d).

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE, Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 3, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspecton.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32674 Filed 12-3-75;8:45 am]

[Docket No. E-8336]

IOWA POWER AND LIGHT CO.

Application

NOVEMBER 26, 1975.

Take notice that on November 10, 1975, Iowa Power and Light Company (Applicant) of Des Moines, Iowa, filed a Supplemental Application seeking authority pursuant to Section 204 of the Federal Power Act to issue up to $70,000,000 principal amount of short-term unsecured promissory notes on or before December 31, 1976, with final maturities not more than one year after date of issuance. Of this total, an amount not exceeding twenty-five percent (25%) of the Applicant's gross revenues during the preceding twelve (12) months of operations may, in the aggregate at any one time, be in the form of commercial paper. By order of December 16, 1974, in FPC Docket No. E-8336, Applicant was authorized to issue on or before December 31, 1975, bank and commercial paper notes maturing not more than one year after issuance in amounts not exceeding $60,000,000 in the aggregate, of which up to $30,000,000 was authorized to be issued as commercial paper. Applicant, in its Supplemental Application, seeks authority to: (1) Increase the authorized amount to $70,000,000, and increase the amount which could be issued as commercial paper, (2) extend the period during which such securities can be issued to December 31, 1976, and (3) issue commercial paper either through an established commercial paper dealer, or directly to buyers of the paper, as determined in the discretion of the Company and as allowed by the laws of Iowa regulating the sale of securities.

Applicant is incorporated under the laws of the State of Iowa with its principal business office at Des Moines, Iowa, and is engaged in the electric and gas utility business within the State of Iowa.

The notes are to be issued from time to time to banking institutions or sold through a commercial paper dealer. Notes to banking institutions will be issued in accordance with various informal lines of credit agreements. The notes are to have maturities on demand with semi-annual renewals, or specific maturities of not more than one year from their dates and are to bear interest at the prevailing rate in effect at the time of issuance. Commercial paper will be issued as promissory notes either through an established commercial paper dealer, or directly to buyers of the paper, as determined in the discretion of the Company and as allowed by the laws of Iowa regulating the sale of securities. Commercial paper notes are to have maturities of not more than nine months from their dates and the interest rate will be dependent upon the terms of the notes and money market conditions at the time of issuance. The proceeds from the issuance of notes will be used as interim financing of the Applicant's construction program.

Any person desiring to be heard or to make any protest with reference to the Application should on or before December 8, 1975, file with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, petitions or protests in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceedings. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission rules. The application is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32679 Filed 12-3-75;8:45 am]

[Docket No. RP72-32 (PGA76-1)]

KANSAS-NEBRASKA NATURAL GAS COMPANY, INC.

Order Accepting for Filing and Suspending Proposed PGA Rate Adjustment Subject to Condition, Establishing Hearing Procedures, Instituting Investigation Under Natural Gas Act and Consolidating Proceedings

NOVEMBER 28, 1975.

On September 29, 1975, Kansas-Nebraska Natural Gas Company, Inc. (K-N) filed a 5.1¢ per Mcf PGA rate increase [1] (1) to track a 4.86¢ per Mcf, or $5,230,000 per year increase in purchased gas costs and (2) to reflect a .24¢ per Mcf increase (from negative .9402¢ to negative .6008¢) in the surcharge to recoup the balance in the Deferred Purchased Gas Cost Account. K-N proposes to make the increase effective as of December 1, 1975.

Notice of the filing was issued on October 2, 1975, with all comments protests or petitions to intervene due on or before October 31, 1975. No responses were received.

Our review of K-N's filing indicates that the PGA increase is based, in part, on small producer purchases at rates in excess of the rate levels established in Opinion No. 742. Further, K-N's filing reflects increases by Sun Oil Company (Sun) and Texaco, Inc. under Rate Schedule Nos. 419 and 327 for purchases in the Syracuse Field, Kansas from 11.3¢ and 12.3¢ to 29.4¢ and 29.8¢ per Mcf, respectively. The proposed increases are $37,000 to Sun Oil Company and $46,000 to Texaco, Inc. The increases from Sun and Texaco which K-N proposes to track are at rates in excess of the prescribed ceiling rates. Sun was granted special relief to collect over ceiling rates for a portion of its sales and was permitted to collect at ceiling rates for the remainder. Texaco has not been permitted to collect above ceiling rates. Therefore, a portion of the increases by Sun and Texaco do not qualify as known changes under K-N's PGA clause. Accordingly, we shall accept the tariff sheet for filing and suspend it for one day until December 2, 1975, when it shall become effective, subject to refund, subject of K-N's eliminating the effect on the rates of that portion of the increases by Sun and Texaco which are in excess of the prescribed ceiling rates, except for the volumes for which special relief has been granted.

With regard to the issue of small producers, we shall establish hearing procedures to determine the just and reasonable rate levels of those small producer purchases to be included in K-N's filing in excess of the rate levels resulting from use of the "130% formula" prescribed in Opinion No. 742.[3] In this connection, we believe it appropriate to make the small producers involved respondents so that they may present evidence to show that the rates charged by them to K-N are just and reasonable. Although the small producers are not required to make refunds, we believe it appropriate to institute a Section 5 investigation against the small producers involved so that the just and reasonable small producer rate determined in this proceeding can be applied prospectively.

Within 15 days of the date of this order, K-N shall file a list of the small producers making sales reflected in the instant filing in excess of the "130% formula" rates in order that they may be made respondents to this proceeding.

Cost evidence relating to the small producer sales which are the subject to the hearing ordered herein can clearly provide the basis for "just and reasonable" rate findings. "F.P.C. v. Texaco, Inc.," 417 U.S. 380 (1974). Accordingly, we shall require the small producer respondents to submit cost evidence in order that we may determine the justness and reasonableness of K-N's rates and make appropriate prospective adjustments, if found necessary, to the small producer rate pursuant to our authority under Section 5 of the Natural Gas Act.

K-N must show that the rate paid by K-N to the small producer is just and reasonable by presenting evidence considering all relevant factors including, *inter alia*, (1) the pipeline's need for gas, (2) the availability of other gas suppliers, (3) the amount of gas dedicated under the contract, (4) the rates of other recent small producer sales previously approved for flow through and (5) comparison with appropriate market prices.[3]

Finally, the parties may submit any other evidence relevant to the Commission's determination of whether the rates paid by the pipeline with respect to the subject small producer sales are just and reasonable.

Our review of those claimed increased purchased gas costs contained in K-N's filing, other than those claimed increased costs associated with that portion of small producer purchases in excess of the rate levels prescribed by the "130% formula" prescribed in Opinion No. 742 indicates that, with the exception of that portion which is represented by the increases by Sun and Texaco found to be excessive, they should be approved as being in compliance with the standards set forth in Docket No. R-406. Accordingly, we shall permit K-N to file a revised tariff sheet to become effective December 1, 1975, which reflects the costs in K-N's filing which are in conformance with Docket No. R-406. Our acceptance of the revised tariff sheet is subject

[1] Substitute Fourth Revised Sheet No. PGA-1 to FPC Gas Tariff, Second Revised Volume No. 1.

[2] The 206 investigation was originally instituted by order issued October 29, 1974, in Docket No. E-9002.

[2] Batavia, Geneva, Naperville, Rochelle, Rock Falls and St. Charles, Illinois.

[3] ---- FPC ---- issued August 28, 1975, in Docket No. R-393.

[3] Opinion No. 742 (mimeo, p. 13, paragraph (1)).

V 40234 DEC 4 75 XUM

to K–N's eliminating the effect on the rates of that portion of the increases by Sun and Texaco which are in excess of the prescribed ceiling rates, except for the volumes for which special relief has been granted.

The Commission finds. It is necessary and appropriate to aid in the enforcement of the Natural Gas Act that hearing procedures be established, as hereinafter ordered and conditioned, and that K–N's proposed rates be accepted for filing and suspended for one day until December 2, 1975, when they shall become effective, subject to refund, as hereinafter conditioned.

The Commission orders. (A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 7, 14 and 16 thereof, a public hearing shall be held on April 13, 1976, at 10:00 a.m., in a hearing room of the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, to determine the lawfulness of K–N's proposed PGA rates filed on September 29, 1975, insofar as those proposed rates reflect small producer purchasers in excess of the "130% formula" prescribed in Opinion No. 742.

(B) Within 15 days of the date of this order, K–N shall file with the Commission a list, including addresses, of the parties from whom K–N is purchasing gas involved in the small producer, sales set for hearing above. Following receipt of this list, we shall make the small producer sellers parties respondent to this investigation for the purposes discussed in the body of this order.

(C) Pursuant to Section 5 of the Natural Gas Act, we hereby institute an investigation into the just and reasonable rates to be charged by the small producers making sales to K–N in excess of the rates resulting from the "130% formula" prescribed in Opinion No. 742 and consolidate this investigation with the hearing ordered in Ordering Paragraph (A) above for purposes of hearing and decision.

(D) K–N shall file its direct testimony and evidence on or before February 10, 1976. The parties from whom K–N makes the subject shall producer purchases, shall file their direct testimony on or before February 10, 1976. Any evidence by the Commission Staff or any intervenor shall be filed on or before March 9, 1976. Any rebuttal evidence shall be filed on or before March 23, 1976.

(E) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)) shall preside at the hearing in this proceeding pursuant to the Commission's rules of practice and procedure.

(F) K–N's tariff sheet, identified in footnote (1) of this order, is hereby accepted for filing and suspended for one day, until December 2, 1975, when it shall become effective, subject to refund, and subject to K–N's eliminating the effect on the rates of that portion of the increases by Sun and Texaco which are in excess of the prescribed ceiling rates, except for the volumes for which special relief has been granted.

(G) Within 15 days of the date of issuance of this order, K–N may file a revised tariff sheet to become effective December 1, 1975, which reflects those claimed increased purchased gas costs contained in K–N's PGA adjustment other than those claimed increased costs associated with that portion of small producer purchases in excess of the rate levels resulting from the "130% formula" prescribed in Opinion No. 742 and which also reflects K–N's eliminating the effect on the rates of that portion of the increases by Sun and Texaco which are in excess of the prescribed ceiling rates, except for the volumes for which special relief has been granted.

(H) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75–32669 Filed 12–3–75;8:45 am]

[Docket No. ER76–39]

KANSAS POWER AND LIGHT CO.

Extension of Procedural Dates

NOVEMBER 26, 1975.

On November 18, 1975, Staff Counsel filed a motion to extend the procedural dates fixed by order issued August 29, 1975, as most recently modified by notice issued September 9, 1975, in the above-designated proceeding.

Upon consideration, notice is hereby given that the procedural dates in the above proceeding are modified as follows:

Service of Staff Testimony, January 23, 1976.
Service of Intervenor Testimony, February 6, 1976.
Service of Company Rebuttal, February 20, 1976.
Hearing, March 9, 1976 (10 a.m., e.s.t.).

KENNETH F. PLUMB,
Secretary.

[FR Doc.75–32690 Filed 12–3–75;8:45 am]

[Docket No. RP76–31]

LOUISIANA-NEVADA TRANSIT CO.

Order Accepting for Filing and Suspending Revised Tariff Sheets and Establishing Procedures

NOVEMBER 28, 1975.

On October 30, 1975, Louisiana–Nevada Transit Company (LNT) tendered for filing a revised tariff sheet[1] reflecting a rate increase of $157,059 annually to its wholesale customer, the City of DeQueen, Arkansas, based upon a test period ending June 30, 1975, as adjusted, and a revised tariff sheet[2] which changes the forty-five (45) days' notice provision in LNT's Purchased Gas Adjustment Clause (PGAC) to a thirty (30) days' notice provision.

[1] Fifth Revised Sheet No. PGA–1 to Original Volume No. 1.

[2] First Revised Sheet No. 12E to Original Volume No. 1.

LNT states that the rate increase is primarily necessitated by a reduction in gas supplies available to LNT by reason of the cut off of gas supplies from the Walker Creek field for repressuring[3] and by a court judgment against LNT with respect to purchases from Walker Creek producers.[4]

LNT requests an effective date for its tariff changes of December 1, 1975.

Notice of LNT's filing was issued on November 10, 1975, with protests, comments or petitions to intervene due on or before November 21, 1975. Any responses received will be reported separately.

We note that for purposes of the present filing, LNT has utilized the unmodified Atlantic Seaboard method of cost classification with respect to its transmission costs. In Opinion 671,[5] we expressed our concern over the worsening gas supply situation, particularly as it existed on United's system. Based upon the record in that case, we concluded that more weight should be given to the annual use of United's pipeline system than would result under the Atlantic Seaboard method. Therfore, we assigned 75 percent of fixed transmission and storage costs to the commodity component of United's rates. Part of our rationale was that in view of the gas supply shortage, low priority usage should be discouraged and the price gap between natural gas and alternative fuels in the interruptible industrial market should, at the minimum, be narrowed.

In light of our policy of considering competitive fuel prices in setting commodity rate levels and of the present supply and market conditions on the LNT system all parties to this proceeding should direct their attention, and any evidence they wish to submit, to the propriety of the continued use of LNT's Atlantic Seaboard method of cost classification as well as to the propriety of LNT's cost classification, allocation, and rate design proposed herein. Further, we urge all parties to suggest alternative methods of cost classification, allocation and rate design which they believe may more closely reflect or implement the Commission's policy objectives in this area.[6] In this connection, we refer the parties to our notice of proposed rulemaking issued February 20, 1975, in Docket No. RM75–19.

Based on the foregoing, the use of the Atlantic Seaboard method of cost classification, cost allocation and rate design may be inadequate and contrary to the public interest under the present conditions of gas supply shortage and ever-increasing curtailments. Moreover, we note that because of successive pipeline rate filings which create "locked-in" periods, our efforts to adopt a just and reasonable cost classification, allocation and rate design differing from Atlantic Seaboard may be frustrated. To the extent that the rate structure found reasonable for LNT after hearing and decision departs from the Atlantic Seaboard methodology used by LNT in its instant filing by assigning additional fixed costs to the commodity component of the rates, undercollections will occur. We believe it would be improper for us to insure LNT from protection from undercollections by our failing to adopt the just and reasonable rate structure because rates have become "locked-in". Accordingly, we hereby place LNT on notice that it may be subject to undercollections if after hearing and decision we find its rates design improper.

With regard to the previously mentioned court decision adverse to LNT with respect to its cost of gas purchases, we will allow collection of the rates associated therewith after suspension and subject to refund.

Our review of LNT's revised tariff sheet reflecting increased rates indicates that issues have been raised which require development in an evidentiary hearing. The tariff sheet reflecting changes in rates, charges and conditions of service has not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory or otherwise unlawful. We shall therefore accept this revised tariff sheet for filing, suspend its effectiveness for five months and establish hearing procedures to determine its justness and reasonableness.

Evidence relevant to the issues raised by the instant filing should be submitted by all parties, including the Commission Staff. Without limiting the rights of the parties, including Staff, in presenting such further evidence as they deem relevant and material, we hereby direct the parties and our Staff to present evidence which addresses itself to the issues above as well as the following issues:

(1) LNT's method of allocating transmission demand costs on the basis of maximum available firm supply on a given day.

(2) LNT's requested overall rate of return of 11.0 percent (13.0 percent on common equity) in light of the fact that LNT, in its prior rate case in Docket No. RP74–26, requested an overall rate of return of 10.25 percent but agreed to an overall rate of return of 8.69 percent in a settlement agreement that was certified to the Commission and approved by Commission order issued April 1, 1975. All parties, including Commission Staff, should present evidence to justify divergence from the overall rate of return of 8.69 percent approved by the Commission for this service.

(3) LNT's inclusion in its claimed working capital allowance in its test period rate base of an amount for the unamortized balance of the liability imposed by the aforementioned declaratory judgment rendered against LNT. LNT proposes to amortize the estimated judgment at a rate of 5¢ per Mcf of sales commencing with the effective date of the proposed rate and continuing until the jurisdictional portion of the judgment has been extinguished. LNT states that it proposes to calculate the jurisdictional portion of the judgement to be liquidated by multiplying the amount of the judgment by the ratio of test period volumes of jurisdictional sales to total sales.

(4) The amount of line losses on the LNT system.

With respect to LNT's revised tariff sheet reflecting a reduction in the notice period in its PGAC, we will accept it for filing as of the requested date of December 1, 1975.

The Commission finds. (1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission accept for filing and suspend for five months the revised tariff sheet reflecting an increase in rates by LNT as hereinafter provided.

(2) Good cause exists to accept for filing as of the requested effective date of December 1, 1975, the revised tariff sheet reflecting a reduction in the notice period for the PGAC to thirty (30) days.

The Commission orders. (A) Pending a hearing and a decision thereon, LNT's Fifth Revised Tariff Sheet No. PGA–1 of Original Volume No. 1 is accepted for filing and suspended for five months to become effective on May 1, 1976, subject to refund.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 5 thereof, and the Commission's rules and regulations (18 CFR Ch. I) a hearing for the purposes of determining the justness and reasonableness of LNT's proposed changes in its rates, charges and conditions of service shall be held commencing on April 20, 1976, at 10:00 a.m., e.s.t., in a hearing room of the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426.

(C) On or before March 9, 1976, the Commission Staff shall serve its prepared testimony and exhibits. Any intervenor evidence will be filed on or before March 23, 1976. Any rebuttal evidence by LNT shall be served on or before April 6, 1976.

(D) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5 (d)), shall preside at the hearing in this proceeding, shall prescribe necessary procedures not provided for by this order, and shall otherwise conduct the hearing in accordance with the terms of this order and the Commission's rules and regulations.

(E) LNT's First Revised Sheet No. 12E is hereby accepted for filing and permitted to become effective December 1, 1975.

(F) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75–32685 Filed 12–3–75;8:45 am]

[Docket Nos. RP74–97, PGA76–1]

MONTANA-DAKOTA UTILITIES CO.

Purchased Gas Cost Adjustment Filing

NOVEMBER 24, 1975.

Montana-Dakota Utilities Company ("MDU"), on November 14, 1975, submitted for filing as part of its FPC Gas Tariff, Original Volume No. 4, its proposed "Third Revised Sheet No. 3A." The proposed effective date is January 1, 1976.

MDU states that this tariff sheet is filed pursuant to its Purchased Gas Cost provision. The proposed changes involve MDU's Current Surcharge Adjustment only and are supported by computations of unrecovered purchased gas cost attached to the filing, according to MDU.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 9, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

NATIONAL FUEL GAS SUPPLY CORP. ET AL.

Order Permitting Storage Withdrawals, Granting Interventions, Scheduling Formal Hearing, and Establishing Procedures

NOVEMBER 28, 1975.

By letter order dated July 24, 1975, National Fuel Gas Supply Corporation (Na-

[3] LNT states that deliveries of gas from the Walker Creek Field were cut off during March of 1975 when reinjection of all gas produced was commenced under a plan approved by the Arkansas Oil and Gas Commission. LNT states that prior to the commencement of repressuring activities, LNT's normal purchase from Walker Creek amounted to 3,387,007 Mcf or 43.50 percent of LNT's gas supply. In its filing, LNT reflects zero volumes from Walker Creek field related to the repressuring.

[4] LNT states that it has suffered an adverse decision in the case of "Louisiana-Nevada Transit Company v. Dalton J. Woods, et al." (Case No. T–72–C–43, U.S. District Court for the West District Ark.) involving a suit by LNT seeking a declaratory judgment that under its existing gas purchase contracts in the Walker Creek Field certain other gas purchase contracts between third parties were not "triggering" contracts under a favored nations clause in the LNT contracts, as had been asserted by the sellers. LNT states that the court decision found that LNT owed additional sums of money to the sellers for gas purchased during 1972–75. LNT computes its maximum liability under the judgment to be $772,166.00, plus interest from the date of judgment for additional gas costs under the contracts in controversy. LNT states that the judgment is being appealed, but it has not been stayed.

[5] United Gas Pipeline Company, 50 FPC 1348 (1973); affirmed, Consolidated Gas Supply Corporation v. F.P.C., —— F. 2d —— (D.C. Cir. October 9, 1975).

[6] See: Footnote 3 in our order of May 31, 1974, in Columbia Gas Transmission, et al., Docket Nos. RP74–82 and RP74–84.

V40234 DEC 4 75 XUM

tional Fuel) was issued in Docket No. CP75-348 a temporary certificate pursuant to the emergency provisions of the Natural Gas Act to perform storage service for Lowell Gas Company (Lowell). National Fuel in that docket sought permanent and temporary authorization to store for Lowell an aggregate amount of 1,500,000 Mcf of gas for the period June 1, 1975 through April 30, 1976. The gas would be redelivered to Lowell by displacement during the 1975-76 winter heating season. Receipt and redelivery would occur at a volumetric rate of up to 12,500 Mcf per day.

The above-referenced letter order also granted temporary certification to Tennessee Gas Pipeline Company in Docket No. CP75-372 to perform the necessary transportation service for Lowell to permit the storage injections into National Fuel's facilities. Tennessee proposes to transport the listed quantities of natural gas from Tewkesbury, Massachusetts to Ellisburg, Pennsylvania.[1]

The temporary certification was issued on condition that all charges are subject to refunds if required and that withdrawals not be commenced without further Commission authorization. Furthermore, the temporary certificates were issued without prejudice to such final disposition as the record may require.

Petitions to intervene were filed in Docket No. CP75-348 by Elizabethtown Gas Company and Lowell Gas Company. Having reviewed the petitions to intervene, we are convinced that the petitioners have demonstrated sufficient interest in these proceedings to warrant intervention, and we shall so order.

In a related application in Docket No. CP76-11, Columbia Gas Transmission Corporation (Columbia), Consolidated Gas Supply Corporation (Consolidated) and Transcontinental Gas Pipeline Corporation (Transco), by letter order of July 24, 1975, were issued temporary certificates in Docket No. CP76-11 to commence a transportation and exchange program to enable Elizabethtown Gas Company (Elizabethtown) to inject storage gas into National Fuel's facilities. Elizabethtown would inject up to 1,500,000 Mcf into storage, with receipt and redelivery at no greater than 10,000 Mcf per day. Elizabethtown proposes to withdraw the subject gas during the 1976-77 winter season. The temporary certificates in CP76-11 were issued on conditions identical to those enumerated in CP75-348 and CP75-372, as described above.

On November 12, 1975, Lowell filed a telegram request urging that withdrawal from storage now be permitted in order to meet individual day requirements for the winter season. The Commission recognizes the need for withdrawal at this time and shall hereby authorize such withdrawals as Lowell requires, consistent with the applications on file.

The Commission furthermore believes that common questions of law and fact exist in the various applications on file, and shall consolidate them for purposes of hearing and disposition. Such hearing shall be for the purpose of determining whether the rates and charges proposed for the storage, transportation, and exchange services are required by the public convenience and necessity, whether refunds should be ordered, and for resolving such other issues as may be pertinent.

The Commission finds. (1) It is in the public interest to allow Lowell Gas Company to withdraw from storage volumes which have been injected pursuant to letter order of July 24, 1975.

(2) It is desirable and in the public interest to allow the above-named petitioners to intervene in these consolidated proceedings in order that they may establish the facts and the law from which the nature and validity of their alleged rights and interests may be determined and show what further action may be appropriate under the circumstances in the administration of the Natural Gas Act.

(3) The public interest requires that a formal hearing be convened in these proceedings in order to establish the propriety of the proposed rates and charges, including whether refunds are required, and to resolve any other outstanding issues.

The Commission orders. (A) Docket Nos. CP75-348, CP75-372, CP75-373, and CP76-11 are consolidated for purposes of hearing and disposition.

(B) The above named petitioners are permitted to intervene in this consolidated proceeding subject to the rules and regulations of the Commission: *Provided, however,* That the participation of such intervenors shall be limited to matters affecting asserted rights and interests as specifically set forth in said petitions for leave to intervene: *And provided, further,* That the admission of such intervenors shall not be construed as recognition by the Commission that they or any of them might be aggrieved because of any order or orders of the Commission entered in this proceeding.

(C) National Fuel Gas Supply Corporation is hereby authorized to withdraw from storage and redeliver to Lowell Gas Company those quantities of gas which it has stored for the account of Lowell pursuant to letter order of July 24, 1975, subject to such final disposition of this proceeding as the Commission may determine to be appropriate.

(D) The direct case of the Applicants and all intervenors in support thereof on the issue of the rates and charges shall be filed and served on all parties on or before December 15, 1975. At the conclusion of cross-examination of the direct case, the Presiding Administrative Law Judge assigned to the case shall fix a date for the submission of answering testimony.

(E) A formal hearing shall be convened in these proceedings in a hearing room of the Federal Power Commission, 825 North Capitol St. NE., Washington, D.C., on January 20, 1976 at 10:00 a.m. (e.d.t.). The Chief Administrative Law Judge will designate an appropriate officer of the Commission to preside at the formal hearing of these matters, pursuant to the Commission's rules of practice and procedure.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32684 Filed 12-3-75;8:45 am]

[1] By letter of July 25, 1975, the letter order of July 24 was amended to permit National Fuel and Tennessee to also perform storage and transportation service for Elizabethtown Gas Company. Requests for such authorization had been included in National Fuel's and Tennessee's initial application in the subject dockets.

[Docket Nos. RP71-125; PGA 76-3]

NATURAL GAS PIPELINE COMPANY OF AMERICA

Order Accepting for Filing and Suspending Proposed PGA Rate Increase, Rejecting Tariff Sheets, Establishing Hearing Procedures, Instituting Investigation Under Natural Gas Act and Consolidating Proceedings

NOVEMBER 28, 1975.

On October 16, 1975, as supplemented on November 19, 1975, Natural Gas Pipeline Company of America (Natural) tendered for filing two sets of revised tariff sheets[1] to its FPC Gas Tariff to reflect a PGA rate increase. The proposed changes reflect (1) increased purchased gas costs of 0.89¢ per Mcf or $4,201,442 annually, and (2) a 0.85¢ reduction (from 1.04¢ to 0.19¢) in Natural's surcharge to amortize the balance in the deferred purchased gas cost account.

The proposed rates in the tendered tariff sheets additionally incorporate certain revisions which were the subject of a concurrent filing by Natural in Docket No. RP75-108 and which are discussed and approved in a separate order in Docket No. RP75-108 issued today.

Public notice of Natural's October 16, 1975 filing was issued on November 5, 1975, with all protests, comments, and petitions to intervene due on or before November 14, 1975. No comments have been received.

On November 3, 1975, Natural tendered substitute tariff sheets[2] incorporating the PGA increase and requests their acceptance and approval in the event the Commission approves a request by Great Lakes Gas Transmission Company (Great Lakes), a supplier of Natural, to modify its purchased gas allocation method. Great Lakes' request, which would result in changing the allocation of purchased gas costs between its sales customers and transportation customers, was tendered on October 15, 1975 in Docket No. RP75-94. By order issued November 13, 1975, we rejected Great Lakes' tariff sheets incorporating the proposed allocation change referring to our earlier decision to set the issue for a Section 5 proceeding. In view of our action in the Great Lakes' proceeding we will reject Natural's tariff sheets tendered on November 3, 1975.

Because we have approved and will permit to become effective by separate order issued today the tariff sheets in Docket No. 75-108 reflecting certain revisions in Natural's base rates we will accept for filing the Alternate tariff sheets tendered in this docket on October 16, 1975. However, our review of such tariff sheets indicates that they contain small producer and emergency purchases in excess of the rate levels prescribed in Opinion Nos. 742 and 699-H, respectively. Therefore, the proposed rates have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, or otherwise unlawful. Accordingly, we shall accept the tariff sheets for filing and suspend them for one day until December 2, 1975, when they shall become effective, subject to refund.

With regard to the issue of small producers, we shall establish hearing procedures to determine the just and reasonable rate levels of those small producer purchases to be included in Natural's filing in excess of the rate levels resulting from use of the "130% formula" prescribed in Opinion No. 742.[3] In this connection, we believe it appropriate to make the small producers involved respondents so that they may present evidence to show that the rates charged by them to Natural are just and reasonable. Although the small producers are not required to make refunds, we believe it appropriate to institute a section 5 investigation against the small producers involved so that the just and reasonable small producer rate determination in this proceeding can be applied prospectively.

Within 15 days of the date of this order, Natural shall file a list of the small producers making sales reflected in the instant filing in excess of the "130% formula" rates in order that they may be made respondents to this proceeding.

Cost evidence relating to the smal producer sales which are the subject of the hearing ordered herein can clearly provide the basis for "just and reasonable" rate findings. "F.P.C. v. Texaco, Inc." 417 U.S. 380 (1974). Accordingly, we shall require the small producer respondents to submit cost evidence in order that we may determine the justness and reasonableness of Natural's rates and make appropriate prospective adjustments, if found necessary, to the small producer rate pursuant to our authority under Section 5 of the Natural Gas Act.

Natural must show that the rate paid by it to the small producer is just and reasonable by presenting evidence considering all relevant factors including, inter alia, (1) the pipeline's need for gas, (2) the availability of other gas suppliers, (3) the amount of gas dedicated under the contract, (4) the rates of other recent small producer sales previously approved for flow through and (5) comparison with appropriate market prices.[4]

Finally, the parties may submit any other evidence relevant to the Commission's determination of whether the rates paid by the pipeline with respect to the subject small producer sales are just and reasonable.

With regard to the 60-day emergency purchases from other than small producers, the Commission noted in Opinion 699-B[5] that a pipeline would be entitled to include in its purchased gas costs a rate for such purchases "which a reasonably prudent pipeline purchaser would pay for gas under the same or similar circumstances." Accordingly, we believe it appropriate to establish hearing procedures to determine the appropriate rate level of those 60-day emergency purchases included in the filing which are in excess of the rate levels prescribed in Opinion 699-H.

With regard to the 180 day emergency purchases from other than small producers we note that the Supreme Court has recently denied a request for certiorari[6] from the D.C. Circuit Court of Appeals decision in Consumer Federation of America v. F.P.C.,[7] wherein the Court found that the Commission exceeded its authority under Section 7 of the Natural Gas Act in promulgating Order No. 491.[8] Pending Commission decision on appropriate action to be taken with respect to sales made pursuant to Order No. 491 we shall defer action on Natural's 180 day emergency purchases reflected in the instant PGA filing. In the interim the portion of the PGA rate increase reflecting such purchases is suspended for one day and subject to refund of all amounts found to be necessary by the Commission.

Our review of those claimed increased purchased gas costs contained in Natural's filing, other than those claimed increased costs associated with that portion of small producer purchases in excess of the rate levels prescribed by the "130% formula" prescribed in Opinion 742 and with that portion of the 60 day and 180 day emergency purchases from other than small producers in excess of the rate levels prescribed in Opinion 699-H indicates that they should be approved as being in compliance with the standards set forth in Docket No. R-406. Accordingly, we shall permit Natural to file revised tariff sheets to become effective December 1, 1975, which reflect the costs in Natural's filing which are in conformance with Docket No. R-406, as indicated above.

The Commission finds. (1) It is necessary and appropriate to aid in the enforcement of the Natural Gas Act that hearing procedures be established, as hereinafter ordered and conditioned, and that Natural's Alternate substitute tariff sheets tendered in this docket on October 16, 1975, be accepted for filing and permitted to become effective December 2, 1975, subject to refund.

(2) It is necessary and appropriate to aid in the enforcement of the Natural Gas Act that Natural be permitted to file, to become effective December 1, 1975, revised tariff sheets reflecting the elimination of purchased gas costs associated with that portion of small producer and emergency purchases in excess of the levels established in Opinion Nos. 742 and 699-H.

(3) Good cause does not exist to accept for filing the substitute tariff sheets tendered in this docket by Natural on November 3, 1975.

The Commission orders. (A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 7, 14 and 16 thereof, a public hearing shall be held on March 23, 1976, at 10:00 a.m., in a hearing room of the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, to determine the lawfulness of Natural's proposed PGA rates filed on October 16, 1975, insofar as those proposed rates reflect (1) small producer purchases in excess of the "130% formula" prescribed in Opinion 742 and (2) 60 day emergency purchases from other than small producers in excess of the rate levels prescribed in Opinion 699-H.

(B) Within 15 days of the date of this order, Natural shall file with the Commission a list, including addresses, of the parties from whom Natural is purchasing gas involved in the small producer and 60 day emergency sales set for hearing above. Following receipt of this list, we shall make the small producer and 60 day emergency sellers parties respondents to this investigation for the purposes discussed in the body of this order.

(C) Pursuant to section 5 of the Natural Gas Act, we hereby institute an investigation into the just and reasonable rates to be charged by the small producers making sales to Natural in excess of the rates resulting from the "130% formula" prescribed in Opinion 742 and consolidate this investigation with the hearing ordered in Ordering Paragraph (A) above for purposes of hearing and decision. These consolidated hearings will be docketed as RP71-125 (PGA76-3).

(D) Natural shall file its direct testimony and evidence on or before January 6, 1976. The parties from whom Natural makes the subject emergency and small producer purchases, shall file their direct testimony on or before January 6, 1976. Any evidence by the Commission Staff or any intertvenor shall be filed on or before February 12, 1976. Any rebuttal evidence shall be filed on or before March 9, 1976.

(E) That portion of Natural's PGA increase reflecting costs associated with 180-day purchases under Order No. 491

is hereby suspended, subject to refund, pending further action by the Commission.

(F) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)) shall preside at the hearing in this proceeding pursuant to the Commission's rules of practice and procedure.

(G) Natural's Alternate tariff sheets tendered on October 16, 1975, are hereby accepted for filing and suspended for one day, until December 2, 1975, when they shall become effective, subject to refund.

(H) Within 15 days of the date of issuance of this order, Natural may file revised tariff sheets to become effective December 1, 1975, which reflect those claimed increased purchased gas costs contained in Natural's PGA adjustment other than those claimed increased costs associated with that portion of small producer purchases in excess of the rate levels resulting from the "130% formula" prescribed by Opinion 742 and that portion of the 60-day and 180-day emergency purchases from other than small producers in excess of the rate levels prescribed in Opinion 699–H.

(I) Natural's substitute tariff sheets tendered in this docket on November 3, 1975 are hereby rejected.

(J) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

[Docket No. E-9379]

NIAGARA MOHAWK POWER CORP.

Extension of Procedural Dates

NOVEMBER 26, 1975.

On November 21, 1975, the town of Massena, New York filed a motion to extend the procedural dates fixed by order issued November 13, 1975, in the above-designated proceeding.

Upon consideration, notice is hereby given that the procedural dates in the above proceeding are modified as follows:

Service of Staff Testimony, December 29, 1975.
Service of Intervenor Testimony, January 19, 1976.
Service of Company Rebuttal, February 9, 1976.
Hearing, March 1, 1976 (10 a.m., e.s.t.)

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32694 Filed 12-3-75;8:45 am]

[Docket No. ER76-50]

NORTHERN INDIANA PUBLIC SERVICE CO.

Order Accepting for Filing and Approving Proposed Settlement Agreements

NOVEMBER 24, 1975.

On August 1, 1975, Northern Indiana Public Service Company (NIPSCO) tendered for filing proposed changes in its rates for wholesale service[1] to 12 Rural Electric Membership Corporations (REMCs) and 8 municipal utilities (Municipals). NIPSCO requested that the new rates be made effective September 1, 1975. The proposed rates would have produced additional revenues from the REMCs of $4,964,991 (59.77%) and from the Municipals of $856,653 (51.67%) based on test year 1975, and a 9.0% overall rate of return.

By letter of the Commission Secretary dated August 29, 1975, NIPSCO was notified that its filing was deficient in certain respects and would not be assigned a filing date until such deficiencies were cured by the submittal of additional material. On September 18, 1975, NIPSCO supplied the additional material. On October 15, 1975, a further deficiency letter was sent to NIPSCO.

The August 1 and August 29 filings were noticed on August 7 and September 30, 1975, with comments due on or before August 18 and October 9, 1975, respectively. Petitions to intervene were filed by the REMCs[2] and Wabash Valley Power Association, Inc. on August 14, 1975, and by the Municipals[3] on August 21, 1975.

On September 18, 1975, NIPSCO filed a proposed Settlement Agreement dated September 5, 1975, between NIPSCO and the REMCs. On November 3, 1975, NIPSCO filed a proposed Settlement Agreement dated October 21, 1975, between NIPSCO and the Municipals. Both filings also contained supporting material and a motion requesting acceptance and approval of the agreement. With the submittal of the two settlement agreements the proposed rate increase is reduced to $4,792,203 (44.8%).

Notice of the September 18 filing was issued September 24, 1975, with comments due on or before October 10, 1975. Notice of the. November 3 filing was issued November 7, 1975, with comments due on or before November 21, 1975.

THE REMCs AGREEMENT

A summary of the terms of the Settlement Agreement with the REMCs is as follows:

(1) The parties agree that the rate schedule changes reflected in the agreement are acceptable for settlement purposes and should be allowed to become effective on October 1, 1975.

(2) The REMCs agree to waive any and all notice requirements relating to the effectiveness of the new rate schedule.

(3) The parties agree not to be bound in any future unrelated proceeding to any principle, rule or construction of law embodied within the subject settlement.

(4) The parties agree that no rates for wholesale service to the REMCs subsequently filed by NIPSCO shall become effective for a period of two years after the effective date of the rate schedule filed pursuant to the subject settlement.

(5) The parties agree that the settlement shall not bind any party should it not be unconditionally approved by this Commission, and that Commission failure to accept the proposed settlement shall result in its becoming privileged.

NIPSCO claims that these rates will yield an earned rate of return of 6.72 percent from service to the REMCs.[4] The REMCs are served under Rate Schedule VA 11 which is composed of a single demand charge and two step block energy charges. Under the agreement the block charges are eliminated.

THE MUNICIPALS AGREEMENT

A summary of the terms of the Settlement Agreement with the Municipals is as follows:

(1) The parties agree that the rate schedule changes reflected in the agreement are acceptable for settlement purposes and should be allowed to become effective on January 1, 1976.

(2) The Municipals agree to waive any and all notice requirements relating to the effectiveness of the new rate schedule, including any further filing by NIPSCO of information and data as was recently required by the Commission in Docket Nos. ER76–70 and ER76–83.

(3) The parties agree not to be bound in any future unrelated proceeding to any principle, rule or construction of law embodied within the subject settlement.

(4) The parties agree that no rates for wholesale service to the Municipals subsequently filed by NIPSCO shall become effective for a period of two years after the effective date of the rate schedule filed pursuant to the subject settlement.

(5) The parties agree that the settlement shall not bind any party should it not be unconditionally approved by this Commission, and that Commission failure to accept the proposed settlement shall result in its becoming privileged.

NIPSCO claims that the proposed rates will result in an earned rate of return of 7.06 percent from service to the Municipals.[5] The proposed fuel clause conforms to Commission Order No. 517. The Municipals are served under Rate Schedule VA 1.

In the motion accompanying the proposed Settlement Agreement with the Municipals, NIPSCO requested that the Commission grant any necessary waivers in order to expedite acceptance of the proposed rates. We find that NIPSCO's filing, together with the two proposed Agreements, provides sufficient supporting data on which to base acceptance and approval of the proposed Agreements.

Based upon our review of the proposed settlement agreements, we find that they represent a reasonable resolution of the issues in the public interest, and that

[1] Designated as: Northern Indiana Public Service Company, FPC Electric Tariff, Second Revised Volume No. 1 (Supersedes First Revised Volume No. 1).
[2] See Appendix A.
[3] See Appendix B.
[4] See Appendix C below which is identical to Statement N of the proposed settlement filed on November 3, 1975. See also Appendix D, which is identical to Statement G in the November 3, 1975, settlement agreement.
[5] See Appendix C and D below.

accordingly they should be approved and adopted. We will accept NIPSCO's new tariff effective as of October 1, 1975. The REMCs Agreement will be accepted and made effective as of October 1, 1975. The Municipals Agreement will be accepted and made effective as of January 1, 1976.

The Commission finds. The settlements of these rates are reasonable and proper and in the public interest in carrying out the provisions of the Federal Power Act, and such agreements should be adopted.

The Commission orders. (A) The Settlement agreement filed September 18, 1975, is hereby incorporated herein by reference, approved and adopted, effective October 1, 1975. The Settlement Agreement filed November 3, 1975, is hereby incorporated herein by reference, approved and adopted, effective January 1, 1976.

(B) This order is without prejudice to any findings or orders which have been made or which may hereafter be made by this Commission, and it is without prejudice to any claims or contentions which may be made by the Commission, its Staff, the Company, or by any other party or person affected by this order in any proceedings now pending or hereafter instituted by or against the Company or any other person or party.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

APPENDIX D—*Statement G (Settlement Rates) Docket No. ER76–50*

[Northern Indiana Public Service Company—Rate filing pursuant to regulations p. 35.13, statement G—Rate of return based upon claimed rate of return of 6.78 pct., 12 mos. ending Dec. 31, 1975]

Type of capital	Amount outstanding at Dec. 31, 1975	Percentage		
		Proportion of total	Cost of each type of capital	Cost
Long-term debt	$658,638,309	55.8	7.15	3.99
Preferred stock	156,126,900	13.2	7.50	.99
Common equity	366,988,889	31.0	5.81	1.80
Total	1,180,757,189	100.0		6.78

NOTE.—For purposes of this proceeding *only*, the claimed rate of return has been applied to an average net origina cost rate base. Approximately 96.8 pct of NIPSCO's electric revenue is produced under rates regulated by and subject to the jurisdiction of the Public Service Commission of Indiana. Approximately 94.6 pct of NIPSCO's rate base (based for the purpose of this proceeding on average net original cost) is subject to the jurisdiction of the Indiana Commission. Rates regulated by the Indiana Commission are based upon a fair and reasonable rate of return applied to the fair value of the property used and useful in rendering the utility service.

[Docket No. RP75–80]

NORTHERN NATURAL GAS CO.

Further Extension of Procedural Dates

NOVEMBER 26, 1975.

On November 21, 1975, Staff Counsel filed a motion to extend the procedural dates fixed by order issued May 16, 1975, as most recently modified by notice issued August 20, 1975, in the above-designated proceeding.

Upon consideration, notice is hereby given that the procedural dates in the above proceeding are modified as follows:

Service of Staff Testimony, January 20, 1976.
Service of Intervenor Testimony, February 10, 1976.
Service of Company Rebuttal, February 24, 1976.
Hearing, March 2, 1976 (10 a.m., e.s.t.)

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32693 Filed 12-3-75;8:45 am]

[Docket No. RP76–34]

NORTHWEST PIPELINE CORP.

Proposed Changes in Gas Tariff

NOVEMBER 24, 1975.

Take notice that on October 31, 1975, Northwest Pipeline Corporation (Northwest), P.O. Box 10–1526, Salt Lake City, Utah 84110, filed with the Commission proposed changes in its FPC Gas Tariff, Original Volume No. 1. The proposed changes would modify the language contained in section 15, Unauthorized Overrun Provisions, of the General Terms and Conditions of said tariff.

Northwest states that because of the continued gas supply deficiency on its system, it must curtail its customers substantially below entitlements based upon contract demand. Northwest avers that the language in Section 15 on unauthorized overruns must be modified in order

V40234 DEC 4 75 XUM

to permit Northwest to calculate overrun penalties on the basis of scheduled entitlements, rather than contract demand. Northwest concludes that the tariff changes will permit Northwest to more effectively monitor its curtailment provisions.

Any person desiring to be heard or to make any protest with reference to said filing should on or before December 15, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP75-102]

PANHANDLE EASTERN PIPE LINE CO.

Order Accepting for Filing and Permitting Proposed Substitute Rates To Become Effective, Subject to Refund and Subject to Condition, and Granting Waiver

NOVEMBER 28, 1975.

On October 31, 1975, Panhandle Eastern Pipe Line Company (Panhandle) tendered for filing on October 31, 1975, substitute tariff sheets[1] to replace and in substitution for tariff sheets included in Panhandle's general rate change application of May 15, 1975, in Docket No. RP75-102. The rates as filed on May 15, 1975, were suspended until December 1, 1975, by Commission order issued June 30, 1975. Panhandle's initially proposed rates reflected a Seaboard 50-50 rate design. The Commission's June 30 order advised Panhandle that "it may be subject to undercollections if after hearing and decision we find its rate design improper." The subject "substitute" rates reflect an assignment of 75 percent of the fixed costs (as classified by Panhandle) to the commodity component of the rates. Panhandle indicates that the substitute rates are in compliance with the Commission's indicated rate design policy, and Panhandle requests waivers of the Commission's regulations to permit the substitute tariff sheets to become effective in lieu of those initially submitted.

Panhandle's proposed "substitute" rates also reflect an "updating" of the rates to reflect Panhandle's projected advance payments balance as of December 1, 1975, the date the originally proposed rates in Docket No. RP75-102 were to become effective, subject to refund, after a 5 month's suspension. This "updating" results in increase of over $40 million in the advance payments rate base balance reflected in Panhandle's rates over the levels reflected in Panhandle's originally filed rates in Docket No. RP75-102, as increased by the rates permitted to become effective as of August 1, 1975, by order issued July 31, 1975, in Docket No. RP73-108/AP75-2) and RP73-36(PGA75-4).[2] Additionally, Panhandle's proposed "substitute" rates reflect a reduction in the cost of gas purchased from Trunkline Gas Company (Trunkline) pursuant to the settlement approved in Docket No. RP74-89, as well as an adjustment to reflect the revised Demand Charge Adjustment-Commodity Surcharge (DCA) to the DCA rate, which was made effective as August 1, 1975, by our July 31, 1975 order in Docket Nos. RP73-108 et al.

On November 21, 1975, notice of the filing was issued. On November 12, 1975, Citizens Gas & Coke Utility of the City of Indianapolis (Citizens Gas) filed a pleading protesting Panhandle's filing insofar as it reflected a change from the Seaboard 50-50 method of rate design to the United 25-75 method. Citizens Gas argues, inter alia that Panhandle's rates have "consistently" reflected the Seaboard approach, that the United approach penalizes customers with storage, and that prior to implementation of the United method on Panhandle's system, a hearing should be held.

On November 18, 1975, Panhandle filed an answer to Citizens Gas stating that, inter alia, the overall rate level proposed by Panhandle is lower than the rates originally filed in Docket No. RP75-102, the change to the United method was made to protect Panhandle from possible undercollections, and that, in any event, a hearing has been set to resolve the issue of the proper rate design on Panhandle's system.

Our review of Panhandle's proposal to re-design its rates to the United method indicates that it is appropriate and should therefore be permitted. Contrary to Citizens Gas' assertions, Panhandle's presently effective rates reflect a United methodology. Moreover, the hearing requested by Citizens Gas has already been set to determine, inter alia, the proper rate design for Panhandle's system. Accordingly, we shall permit Panhandle to re-design its proposed rates to reflect the United method.

We also find it reasonable and appropriate to permit Panhandle to adjust its proposed rates to reflect the DCA adjustment previously made effective as of August 1, 1975, as well as to reflect the revised cost of purchased gas from Trunkline. However, we note that Panhandle has no tracking authority to reflect increased costs associated with proposed increased rate base balances of advance payments over those reflected in the rates made effective as of August 1, 1975. Panhandle's tracking authority in the settlement agreement approved in Docket No. RP73-108: *Provided*, That rate changes to reflect changes to reflect changes in its advance payment rate base balances could be made effective on February 1, and August 1, and then only if the proposed rate change reflected the advance payments balance sixty days prior to the effective date of the rate change and if such rate change was filed 45 days prior to the proposed effective date of the rate change. By the terms of the settlement agreement in Docket No. RP73-108, Panhandle's tracking authority expires when the rates in the next major rate increase filing become effective subject to refund. Since the instant case in Docket No. RP75-102 is the next major rate increase and it becomes effective as of December 1, 1975, subject to refund, we find that Panhandle has no tracking authority to reflect costs related to increased advance payment rate base balances over those made effective as of August 1, 1975. Moreover, the Commission has consistently refused to extend tracking authority for advance payments beyond the date the next major rate increase filing becomes effective, subject to refund.[3]

In light of the above, we shall accept for filing Panhandle's revised rates and permit them to become effective as of December 1, 1975, subject to refund, subject to Panhandle filing, within 15 days of the date of this order, substitute tariff sheets reflecting elimination of costs associated with increases in advance payments rate base balances in excess of those reflected in the rates made effective as of August 1, 1975. For good cause shown, waiver of §§ 154.63 and 154.66(b) of the Commission's Regulations is hereby granted to the extent necessary to permit Panhandle's substitute rates, as conditioned, to become effective, subject to refund.

The Commission finds. (1) Good cause exists to permit Panhandle's substitute rates to become effective, subject to refund, as hereinafter ordered and conditioned.

(2) Waiver of § 154.66(b) and § 154.63 of the regulations should be granted to the extent necessary to permit Panhandle's substitute rates, as conditioned, to become effective, subject to refund, as of December 1, 1975.

The Commission orders. (A) Panhandle's proposed substitute rates reflected in its October 31, 1975, filing are accepted for filing and permitted to become effective, subject to refund, as of December 1, 1975, subject to the condition that Panhandle file, within 15 days of the date of issuance of this order, substitute tariff sheets reflecting elimination of costs associated with increases in advance payments rate base balances in excess of those reflected in the rates made effective as of August 1, 1975, by order issued 1975, in Docket Nos. RP73-108, et al.

(B) For good cause shown, waiver of Sections 154.66(b) and 154.63 of the Regulations is granted to the extent necessary to permit Panhandle's substitute rates, as conditioned, to become effective, subject to refund, as of December 1, 1975.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket No. E-9542]

PROPRIETOR OF LOCKS AND DAMS, ET AL.

Order To Show Cause

NOVEMBER 26, 1975.

It appearing to the Commission that:

(a) The Proprietor of Locks and Dams, Boott Mills, Nashua Manufacturing Company, Jackson Properties, Inc., and Newmarket Manufacturing Company (Companies) all of Lowell, Massachusetts, are presently operating and maintaining a jurisdictional water power development, known as the Lowell (Pawtucket) Dam Project, at Lowell, Massachusetts on the Merrimack River, a navigable waterway of the United States within section 3(8) of the Federal Power Act [16 U.S.C. 796(8)]. The Commission has previously determined that the Merrimack River is a navigable waterway of the United States, Concord Electric Company, Project No. 1903, 4 FPC 635 (1944); Public Service Company of New Hampshire, Project No. 1893, 8 FPC 853 (1949); and Public Service Company of New Hampshire, Project. 2140, 14 FPC 604 (1955).

(b) By letter dated May 17, 1974, the Companies were requested to file an application for major license for the continued operation and maintenance of the constructed project.

(c) The Companies have failed, after a reasonable time to actively participate in the process of applying for a license under the Federal Power Act for the project.

The Commission orders that the Companies shall, under oath, show cause, if any, within 60 days of the issuance of this order:

(1) Why the Commission should not assert jurisdiction over the project;

(2) Why the Commission should not issue such other and further orders as it may find appropriate, expedient, and in the public interest to facilitate the timely application or applications for license for the project, under terms of the Federal Power Act.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-263]

PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE

Filing of Agreement

NOVEMBER 26, 1975.

Take notice that Public Service Company of New Hampshire (PSNH) on November 5, 1975, tendered for filing as an initial rate schedule a Transmission Contract with Vermont Electric Cooperative, Inc. (Vermont).

Under the contract, PSNH will transmit through its system an entitlement of power which Vermont will be purchasing from the Connecticut Light and Power Company and the Hartford Electric Light Company.

PSNH requests that the Commission waive the normal 30-day notice requirement and permit the rate schedule to be effective as of November 1, 1975.

PSNH states that a copy of the filing was served upon Vermont.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 5, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32673 Filed 12-3-75;8:45 am]

[Project No. 2114]

PUBLIC UTILITY DISTRICT NO. 2 OF GRANT COUNTY, WASHINGTON

Application for Change in Land Rights

NOVEMBER 26, 1975.

Public notice is hereby given that an application was filed on October 21, 1974, and supplemented on September 24, 1975, under the Federal Power Act (16 U.S.C. 791a-825r) by Public Utility District No. 2 of Grant County, Washington (PUD) (Correspondence to: Mr. Larry D. Peterson, Manager, Grant County Public Utility District, P.O. Box 878, Ephrata, Washington 98823) for approval of an easement at its constructed Priest Rapids Project No. 2114, located in Chelan, Douglas, Kittitas, Grant, Yakima, and Benton Counties, Washington on the Columbia River, a navigable waterway of the United States, and affecting lands of the United States. The proposed easement would be located in Grant County, Washington.

The PUD requests approval of an easement that would allow Berry & Stark of Denver, Colorado, to construct a pumping facility on the east shore of the project reservoir and a pipeline therefrom across a 1,300-foot-long strip of project lands. The pipeline would be used to convey up to 5,497 acre-feet of water per year to irrigate 2,000 acres to be developed by Berry & Stark for agricultural purposes. The right-of-way would also be used for access and for an electrical distribution line to be constructed

[1] Substitute Alternate Fourteenth Revised Sheet No. 3-A and Substitute Fourth Revised Sheet No. 43-4 to its FPC Gas Tariff, Original Volume No. 1.

[2] By order issued October 9, 1975, the Commission granting the California Public Utilities Commission's motion for reconsideration of our July 31, 1975, order in Docket Nos. RP73-108, et al. of our approval of the Panhandle—ARCO Alaskan advance payment pending the outcome of the Commission's advance payment program investigation in Docket Nos. R-41 and RM74-4.

[3] Southern Natural Gas Company, ---- FPC ---- issued April 13, 1973, in Docket No. RP72-91, et al.; rehearing denied ---- FPC ----, issued June 8, 1973; Northern Natural Gas Company, ---- FPC, issued May 20, 1974, in Docket No. RP74-60; rehearing denied in pertinent part ---- FPC ---- issued July 15, 1974, Florida Gas Transmission Company, ---- FPC ---- issued May 29, 1974, in Docket No. RP74-80. Columbia Gas Transmission Corporation, ---- FPC ---- issued March 24, 1975, in Docket No. RP74-82; Columbia Gas Transmission Corporation, et al. ---- FPC ---- issued July 14, 1975, in Docket Nos. RP75-106 et al.

V40234 DEC 4 75 XUM

by the PUD. The PUD stated that it would receive no compensation for the easement or the water withdrawn from the reservoir. The U.S. Department of the Army, Corps of Engineers, has issued a permit for the pumping facilities. An application for a certificate of water right for the subject withdrawal has been filed with the Washington Department of Ecology.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 28, 1976, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules. The application is on file with the Commission and is available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-107]

PUGET SOUND POWER & LIGHT CO.

Compliance Filing of Service Agreement

NOVEMBER 26, 1975.

Take notice that on November 13, 1975, by letter dated November 11, 1975, Puget Sound Power & Light Company tendered for filing a copy of its service agreement with the Water and Power Department of the City of Pasadena, California, dated October 31, 1975. Puget states that the filing is in accordance with the Commission's letter of October 10, 1975 accepting for filing Puget's FPC Electric Tariff Original Volume No. 2, terminating Docket No. ER76-107 and requesting the timely filing of an appropriate service agreement upon initiation of service to any customer.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 5, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32675 Filed 12-3-75;8:45 am]

[Docket No. RP73-57 (PGA No. 76-1)]

SOUTH TEXAS NATURAL GAS GATHERING CO.

Order Accepting for Filing and Suspending Proposed PGA, Establishing Hearing Procedures, Instituting Investigation Under Natural Gas Act, and Consolidating Proceedings

NOVEMBER 28, 1975.

On October 31, 1975, the South Texas Natural Gas Gathering Company (South Texas) tendered for filing a PGA rate decrease[1] under its Rate Schedule No. 2 reflecting (1) increased purchased gas costs of $521,078 (1.19¢ per Mcf) annually from producer suppliers, and (2) a 4.24¢ per Mcf decrease (from 7.24¢ to 3¢) in the surcharge to clear the balance in its Unrecovered Purchased Gas Account. According to South Texas' proposal, the purchased gas charge under Rate Schedule No. 2 would decrease from 35.86¢ to 32.81¢ per Mcf, while the gathering charge under Rate Schedule No. 2 would remain constant at 6.22¢ per Mcf. South Texas requests an effective date of December 1, 1975.

Our review of South Texas' proposed rates indicates that they contain, inter alia, small producer purchases at rates in excess of the rate levels prescribed in Opinion No. 742.[2] Therefore, the proposed rates have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, or otherwise unlawful. Accordingly, we shall accept South Texas' proposal for filing and suspend it for one day until December 2, 1975, when it shall become effective, subject to refund.

With regard to the issue of small producers, we shall establish hearing procedures to determine the just and reasonable rate levels of those small producer purchases to be included in South Texas' filing which are in excess of the rate levels resulting from use of the "130% formula" prescribed in Opinion No. 742. In this connection, we believe it appropriate to make the small producers involved respondents so that they may present evidence to show that the rates charged by them to South Texas are just and reasonable. Although the small producers are not required to make refunds, we believe it appropriate to institute a Section 5 investigation against the small producers involved so that the just and reasonable small producer rate determined in this proceeding can be applied prospectively.

Within 15 days of the date of this order, South Texas shall file a list of the small producers making sales reflected in the instant filing in excess of the "130% formula" rates in order that they may be made respondents to this proceeding.

Cost evidence relating to the small producer sales which are the subject of the hearing ordered herein can clearly provide the basis for "just and reasonable" rate findings. "F.P.C. v. Texaco Inc.," 417 U.S. 380 (1974). Accordingly, we shall require the small producer respondents to submit cost evidence in order that we may determine the justness and reasonableness of South Texas' rates and make appropriate prospective adjustments, if found necessary, to the small producer rate pursuant to our authority under section 5 of the Natural Gas Act.

South Texas must show that the rate paid by South Texas to the small producer is just and reasonable by presenting evidence considering all relevant factors including, inter alia, (1) the pipeline's need for gas, (2) the availability of other gas suppliers, (3) the amount of gas dedicated under the contract, (4) the rates of other recent small producer sales previously approved for flow through and (5) comparison with appropriate market prices[3].

Finally, the parties may submit any other evidence relevant to the Commission's determination of whether the rates paid by the pipeline with respect to the subject small producer sales are just and reasonable.

Our review of those claimed increased purchased gas costs contained in South Texas' filing other than those claimed increased costs associated with that portion of small producer purchases in excess of the rate levels prescribed by the "130% formula" prescribed in Opinion No. 742, indicates that they should be approved as being in compliance with the standards set forth in Docket No. R-406. Accordingly, we shall permit South Texas to file revised tariff sheets to become effective December 1, 1975, which reflect the costs in South Texas' filing which are in conformance with Docket No. R-406, as indicated above.

The Commission finds. (1) It is necessary and appropriate to aid in the enforcement of the Natural Gas Act that hearing procedures be established, as hereinafter ordered and conditioned, and that South Texas' rates be accepted for filing and suspended for one day until December 2, 1975, when they shall become effective, subject to refund.

(2) The claimed purchased gas costs in South Texas' rate filing, other than those claimed increased costs associated with that portion of small producer purchases in excess of the "130% formula" prescribed in Opinion 742, are in compliance with the standards set forth in Docket No. R-406.

The Commission orders. (A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 7, 14 and 16 thereof, a public hearing shall be held on April 16, 1976 at 10:00 a.m., in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426; to determine the lawfulness of South Texas' proposed PGA rates filed on October 31, 1975, insofar as those proposed rates reflect small producer purchases in excess of the "130% formula" prescribed in Opinion 742.

(B) Within 15 days of the date of this order, South Texas shall file with the Commission a list, including addresses, of the parties from whom South Texas is purchasing gas involved in the small producer sales set for hearing above. Following receipt of this list, we shall make the small producer sellers parties respondents to this investigation for the purposes discussed in the body of this order.

(C) Pursuant to Section 5 of the Natural Gas Act, we hereby institute an investigation into the just and reasonable rate to be charged by the small producers making sales to South Texas in excess of the rates resulting from the "130% formula" prescribed in Opinion 742 and consolidate this investigation with the hearing ordered in Ordering Paragraph (A) above for purposes of hearing and decision.

(D) South Texas shall file its direct testimony and evidence on or before February 3, 1976. The parties from whom South Texas makes the subject small producer purchases shall file their direct testimony on or before February 3, 1976. Any evidence by the Commission Staff or any intervenor shall be filed on or before March 2, 1976. Any rebuttal evidence shall be filed on or before March 16, 1976.

(E) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)) shall preside at the hearing in this proceeding pursuant to the Commission's Rules of Practice and Procedure.

(F) Pending hearing and decision thereon, South Texas' rates are accepted for filing and suspended for one day until December 2, 1975, when they shall become effective, subject to refund.

(G) Within 15 days of the date of issuance of this order, South Texas may file revised tariff sheets to become effective December 1, 1975, which reflect those claimed purchased gas costs contained in South Texas' rate other than those claimed increased costs associated with that portion of small producer purchases in excess of the rate levels resulting from the "130% formula" prescribed by Opinion 742.

(H) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

SOUTHWEST GAS CORP.

Order Accepting for Filing and Suspending Proposed Rate Changes, Providing for Hearing and Establishing Procedures

NOVEMBER 28, 1975.

On October 31, 1975, Southwest Gas Corporation (Southwest) tendered for filing tariff sheets[1] proposing revisions to its purchased gas adjustment (PGA) clause to permit the flow-through of changes in costs resulting from liquefied natural gas (LNG) services and increasing its rate by .026¢ per therm, or $12,500 annually to compensate for the additional cost of purchasing LNG services from Northwest Pipeline Corporation (Northwest). In addition, Southwest proposes to modify its PGA clause to provide for the flow-through of changes in the demand component of purchased gas to the demand component of the rate. Southwest requests that the proposed changes become effective December 1, 1975, to coincide with the effective date of Northwest's Rate Schedule LS-1.[2]

Public notice of Southwest's filing was issued on November 17, 1975, with protests or petitions to intervene due on or before November 28, 1975.

Section 154.38(d)(4) of the Commission's regulations under the Natural Gas Act (18 CFR 154.38 (d)(4)) provides that LNG purchases shall not be reflected in a PGA clause without prior Commission approval. Our review indicates that the proposed rate changes and PGA clause amendment have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, or preferential or otherwise unlawful. We believe that issues exist that may require development in an evidentiary proceeding. Accordingly we shall suspend the proposed filing for one day until December 2, 1975, and set the matter for hearing as hereinafter ordered.

Without limiting the rights of any party, including Commission Staff, to file such other evidence as they deem relevant and material, we direct that all parties present evidence addressed to the propriety of flowing LNG costs through a PGA adjustment on a rolled-in basis as opposed to selling LNG on an incremental basis in a separate rate schedule.

The Commission finds. (1) Good cause exists to accept for filing the revised tariff sheets and suspend their effectiveness for one day, to become effective December 2, 1975, subject to refund.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act, that the Commission enter upon a hearing concerning the lawfulness of the changes proposed by Southwest herein.

The Commission order. (A) The revised tariff sheets tendered by Southwest on October 31, 1975, are accepted for filing and suspended for one day to become effective December 2, 1975, subject to refund.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 5 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing shall be held on March 16, 1976, at 10:00 a.m., e.s.t., in a hearing room of the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, concerning the lawfulness of the changes proposed herein.

(C) On or before January 9, 1976, Southwest shall serve its prepared testimony and exhibits. On or before February 6, 1976, the Commission Staff shall serve its prepared testimony and exhibits. Any intervenor evidence shall be served on or before February 20, 1976. Any rebuttal evidence by Southwest shall be served on or before March 5, 1976.

(D) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)), shall preside at the hearing in this proceeding, shall prescribe necessary procedures not herein provided, and shall control this proceeding in accordance with the policies expressed in the Commission's rules of practice and procedure.

(E) Nothing contained herein shall be construed as limiting the rights of parties to this proceeding regarding the convening of conferences or offers of settlement pursuant to § 1.18 of the Commission's rules of practice and procedure.

(F) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[2] In Docket No. CP74-46, Northwest was authorized by Commission Order issued March 19, 1974, to construct a LNG plant and by Commission Order issued November 4, 1975, to distribute LNG under Rate Schedule LS-1 effective December 1, 1975.

[Docket No. RP-84, etc.]

SOUTHERN NATURAL GAS CO.

Further Extension of Procedural Dates

NOVEMBER 26, 1975.

On November 4, 1975, Staff Counsel filed a motion to extend the procedural dates fixed by order issued May 15, 1975, as most recently modified by notice issued August 29, 1975, in the above-designated proceeding.

Upon consideration, notice is hereby given that the procedural dates in the above proceeding are modified as follows:

Service of Staff Testimony, December 24, 1975.
Service of Intervenor Testimony, January 8, 1976.
Service of Company Rebuttal, January 23, 1976.
Hearing, February 16, 1976 (10 a.m., e.s.t.).

[Docket No. RP76-33]

TRANSCONTINENTAL GAS PIPE LINE CORP.

Order Accepting for Filing, Suspending, Instituting Investigation, Granting Interventions and Establishing Procedures

NOVEMBER 28, 1975.

On October 31, 1975, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing proposed changes in its FPC Gas Tariff, First Revised Volume No. 1 and Original Volume No. 2. The proposed changes would increase revenues from jurisdictional sales, transportation, and storage services by $60,852,265 based on the 12 month period ending July 31, 1975, as adjusted through April 30, 1976.

Transco alleges that the jurisdictional rates filed herewith are designed to enable Transco to recover for increased advance payments incurred and to be incurred during the test period and the increase in unit cost of operation resulting from the continuing decline of gas supply and consequent reduction in annual gas sales. Transco projects a 50 percent average curtailment of the system sales for the test period.

Transco's filing includes pro forma tariff sheets to the General Terms and Conditions which will provide Transco the right to (1) "track" in its GSS Storage Service rate schedule any changes in the rates for storage service furnished to Transco by Consolidated Gas Supply Corporation under the latter's Rate Schedule GSS and (2) "track" in its Rate Schedule S-2 any changes in the rates for storage service furnished to Transco by Texas Eastern Transmission Corporation under the latter's Rate Schedule X-28.

In addition, Transco submitted proforma tariff sheets in the filing incorporating Volumetric Variation Adjustment Clause (VVAC) in the General Terms and Conditions of Transco's tariff. According to Transco this provision would permit it to change its rates to reflect changes in unit fixed costs as a result of changes in gas supply and to collect the jurisdictional portion of such fixed costs based on the formula contained therein.

Transco has requested that any decision on the pro forma sheets be prospective only. Accordingly, consistent with our Order issued August 30, 1974 in Docket Nos. RP75-3 and RP75-48, we will make these pro forma sheets and their clauses issues in this proceeding and will take no action upon them until final resolution of the issues raised by such sheets and the clauses contained therein.

Notice of this filing was issued on November 13, 1975, with protests or petitions to intervene due on or before November 20, 1975. On November 17, 1975, the Piedmont Natural Gas Company, Inc. (Piedmont) filed a petition to intervene. On November 18, 1975, both the Columbia Gas Transmission Corporation (Columbia) and the South Jersey Gas Company (South Jersey) individually filed their petitions to intervene in the proceedings as established herein as did the Washington Gas Light Company on November 19, 1975. Good cause exists to grant all these petitions.

Although Transco's proposed rates reflect the method of rate design whereby 73% of the fixed costs are recovered in the commodity rates, as adopted in Opinion No. 671, we, nevertheless, shall continue our review and evaluation of commodity rate levels to determine that level most appropriate in light of present day supply and market conditions. In Opinion No. 671, we expressed our concern over the worsening gas supply situation, and in view thereof we found, inter alia, that low priority usage should be discouraged and the price gap between natural gas and alternative fuels in the interruptible industrial market should, at the minimum, be narrowed. As we indicated in said Opinion, in continuing our review and analysis of pipeline cost allocation and rate design structures we shall, where necessary, establish pipeline rates for resale or industrial use which are more in line with the costs of available competitive fuels. Accordingly, in the preparation of evidence all parties to this proceeding should direct their attention toward cost classification, allocation and rate design alternatives which would best implement our stated objectives of establishing rates for resale and industrial use which more closely approximate the costs of available competitive fuels.[1]

We note that on November 13, 1975, the Commission approved a settlement agreement in Docket Nos. RP74-48 and RP75-3 which reflected a 9.28% rate of return and a 14.75 percent return on common equity. All parties, including our Staff, should address themselves to the propriety of this increase in light of the conditions on Transco's system including, inter alia, its worsening gas supply situation. We also note that Transco's filing reflects a substantial increase in the amount of advance payments to be included in rate base. All parties should also address themselves to the reasonableness and appropriateness of these additional advances.

Transco's proposed jurisdictional rate increase includes $1,248,662 covering the amortized portion of "carrying charges under an advance payment agreement with the Louisiana Land and Exploration Company" (LLOXY). This component results from an October 1, 1974, contract between Transco and LLOXY in which Transco agreed to make interest cost advances to LLOXY in return for gas purchase contracts for all gas produced and sold from the working interests procured with Transco's financial assistance. By an order issued on September 9, 1975, in Docket No. RP75-75, the Commission denied a similar inclusion for such carrying charges in Transco's cost of service, and ordered the company to file a revised rate schedule to reflect this change. In that order, the Commission stated that it could not make a finding that such interest cost advances were just and reasonable as they do comply with our advance payment regulations. By way of explanation the Commission noted its initial unequivocal determination that advance regulations[2] do not encompass interest reimbursements to producers[3] because "advance payment programs are intended to assist in capital formation so as to stimulate exploration and development of gas for the interstate market, (whereas) the instant interest cost advances go to producers who have already been able to acquire E&D capital.[4]

The Commission in its order of September 9, 1975, denied Transco a full hearing on this issue as it has "already been dispositively treated in a manner fatal to the applicant's position as a matter of law or regulatory policy", summarily disposed of that issue based on Transco's failure to establish a prima facie in support of its position through its direct evidence, and subsequently denied rehearing on November 5, 1975.

For the same reasons as stated in Docket No. RP75-75, we will accord identical treatment to the carrying charges reflected in the instant filing and require that on or before May 1, 1976 Transco should file revised rates to eliminate the carrying charges to LLOXY.

Transco's proposed changes have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential, or otherwise unlawful. Moreover, our review of Transco's proposed changes that certain issues of fact and law are raised therein which may require development at an evidentiary hearing. Accordingly, we will suspend their use for five months and order hearings as set out below.

The Commission finds. (1) The proposed changes in Transco's FPC Gas Tariff, should be accepted for filing, suspended, and the use thereof deferred until May 1, 1976, as hereinafter provided.

(2) That on or before May 1, 1976, Transco should file revised rates to eliminate the carrying charges to LLOXY.

(3) It is necessary and proper in the public interest and to aid in the enforcement of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the proposed rates and charges in Transco's FPC Gas Tariff, as proposed to be amended in this docket.

(4) Good cause exists to permit the intervention of the aforementioned petitioners.

(5) The disposition of this proceeding should be expedited in accordance with the procedure set forth below.

The Commission orders. (A) Pending a hearing and decision thereon, the proposed tariff sheets are accepted for filing and suspended for the full statutory period and the use thereof deferred until May 1, 1976, or until such time as they are made effective in the manner provided in the Natural Gas Act.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 5 thereof, the Commission's rules of practice and procedure under the Natural Gas Act (18 CFR Ch. I), a public hearing shall be held commencing April 27, 1976, at 10:00 a.m., in a hearing room of the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, concerning the lawfulness of the rates, charges, classifications, and service contained in Transco's FPC Gas Tariff, as proposed to be amended.

(C) On or before March 16, 1976, the Commission Staff shall serve its prepared testimony and exhibits. The prepared testimony and exhibits of any or all intervenors shall be served on or before April 5, 1976. The company's rebuttal evidence shall be served on or before April 19, 1976.

(D) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)), shall preside at the hearing in this proceeding, shall prescribe relevant procedural matters not herein provided, shall control this proceeding in accordance with the policies expressed in § 2.59 of the Commission's rules of practice and procedure.

(E) Piedmont, Columbia Gas, South Jersey, and the Washington Gas Light Company are hereby permitted to intervene in this proceeding, subject to the rules and regulations of the Commission: *Provided, however,* That the participation of such intervenors shall be limited to matters affecting the rights and interests specifically set forth in the respective petitions to intervene: *And provided, further,* That the admission of such intervenors shall not be construed as recognition that they or any of them might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(F) Nothing contained herein shall be construed as limiting the rights of the parties of this proceeding regarding the convening of conferences or offers or settlement pursuant to § 1.18 of the Commission's rules of practice and procedure.

(G) The pro forma sheets filed on October 31, 1975, and discussed herein will be a subject for review in this proceeding and any determination by this Commission with respect to the *pro forma* sheets will have prospective effect only.

(H) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32683 Filed 12-3-75;8:45 am]

[Docket Nos. RP74-48, RP75-3; AP76-4]

TRANSCONTINENTAL GAS PIPE LINE CORP.

Order Rejecting Tracking Filing and Granting Intervention

NOVEMBER 28, 1975.

On October 16, 1975, Trancontinental Gas Pipe Line Corporation (Transco) tendered for filing in the referenced docket revised tariff sheets[1] to reflect a "tracking" rate increase for advance payments made by Transco. Transco states that the proposed increase is the result of inclusion in rate base of $6,454,241, said amount being the net increase in advance payments as of September 30, 1975, for which a filing has not previously been made. Transco requests that the instant filing be made effective as of December 1, 1975.

Public notice of the subject filing was issued on October 16, 1975, with comments, protests and petitions to intervene due on or before November 12, 1975. A timely petition for leave to intervene was filed by Sun Oil Company. Good cause appearing, said petition shall be granted, as hereinafter ordered and conditioned. In addition, on November 12, 1975, the Commission Staff filed its coments asking for rejection of the filing, and, in the alternative, requests a hearing to determine the reasonableness and appropriateness of the inclusion of the advances in the rate base.

We have only permitted permanent tracking authority for purchased gas and research and development costs,[2] as well as, in certain instances, demand charge rate adjustments. Tracking authority for other costs, such as advance payments, has only been granted as part of an approved rate settlement agreement, wherein the Commission has reviewed all of the pipeline's costs including the cost item to be tracked, as well as revenues, and has determined that a tracking provision for such costs is proper for the period the settlement remains in effect; i.e., until the next major rate change, pursuant to Section 4 or 5 of the Natural Gas Act, becomes effective. At the time such a major rate change occurs, the Commission has required that the temporary tracking authority allowed by the settlement be terminated.[3]

On November 13, 1975, we approved a settlement with conditions in Docket Nos. RP74-48 and RP75-3. There we determined that the advance payment tracking provisions in the settlement should be terminated on October 1, 1975, when superseding rates in Docket No. RP75-75 became effective. Therefore we must now reject Transco's filing.

The Commission finds. (1) Good cause exists to grant Sun Oil Company's petition for leave to intervene in this proceeding, as hereinafter ordered and conditioned.

(2) Good cause exists to reject the tariff sheets listed in footnote 1 of the order.

The Commission orders. (A) Transco's October 16, 1975, tracking filing is hereby rejected.

(B) Sun Oil Company is hereby permitted to intervene in this proceeding, subject to the rules and regulations of the Commission: *Provided, however,* That participation of such intervenor shall be limited to matters affecting asserted rights and interests as specifically set forth in the petition to intervene: *And provided, further,* That the admission of such intervenor shall not be construed as recognition by the Commission that it might be aggrieved because of any order or orders of the Commission in this proceeding.

(C) The intervention granted herein shall not be the basis for delaying or deferring any procedural schedules heretofore established for the orderly and expeditious disposition of this proceeding.

(D) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket No. 50-333]

JAMES A. FITZPATRICK NUCLEAR POWER PLANT

Negative Declaration Regarding Proposed Changes Technical Specifications of License DPR-59

The Nuclear Regulatory Commission (the Commission) has considered the issuance of a change to the Technical Specifications of Facility Operating License No. DPR-59. This change would authorize the Power Authority of the State of New York and the Niagara Mohawk Power Corporation (the licensee) to operate the James A. Fitzpatrick Nuclear Power Plant (located in Oswego County, New York) with an increased maximum temperature across the main condenser during normal plant operation until midnight, December 31, 1975.

The U.S. Nuclear Regulatory Commission, Division of Reactor Licensing, has prepared an environmental impact appraisal for the proposed change to the Technical Specifications of License No. DPR-59, James A. Fitzpatrick Nuclear Power Plant, described above. On the basis of this appraisal the Commission has concluded that an environmental impact statement for this particular action is not warranted because there will be no environmental impact attributable to the proposed action other than that which has already been predicted and described in the Commission's Final Environmental Statement for the James A. Fitzpatrick Nuclear Power Plant, published in March 1973.

The environmental impact appraisal is available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Oswego City Library, 120 East Second Street, Oswego, New York.

Dated at Rockville, Md., this 25th day of November 1975.

For the Nuclear Regulatory Commission.

WM. H. REGAN, JR.,
Chief, Environmental Projects Branch 4, Division of Reactor Licensing.

[Docket No. 50-482A]

KANSAS GAS AND ELECTRIC CO. AND KANSAS CITY POWER AND LIGHT CO. (WOLF CREEK GENERATING STATION, UNIT NO. 1)

Antitrust Hearing and Prehearing Conference

Pursuant to the Atomic Energy Act of 1954, as amended (the Act), the regulations in Title 10, Code of Federal Regulations, Part 50, and Part 2, the notice published in the FEDERAL REGISTER of December 23, 1974 (39 FR 44269) by the Atomic Energy Commission, as statutory predecessor of the Nuclear Regulatory Commission, and the order dated November 25, 1975, granting the petition of Kansas Electric Cooperatives, Inc. for leave to intervene in this proceeding and directing a hearing to determine whether the activities under the proposed construction permit would create or maintain a situation inconsistent with the antitrust laws as provided in subsection 105(c) of the Atomic Energy Act of 1954, 42 U.S.C. 2135(c), a hearing will be held at a time and place to be designated by the licensing board. The members of the board designated by the Chairman of the Atomic Safety and Licensing Board Panel are Margaret M. Laurence, Andrew C. Goodhope and Marshall E. Miller, Chairman.

The application, and a letter of the Attorney General dated December 10, 1974, have been placed in the Public Document Room of the Nuclear Regulatory Commission at 1717 H Street, NW., Washington, D.C. As they become available, the transcripts of the prehearing conference and of the hearing will also be placed in the Public Document Room and will be available for inspection by members of the public. Copies of the foregoing documents will also be available at Office of County Clerk, c/o Miss Joan Cox, Coffey County Courthouse, Burlington, Kansas 66839.

Any person who wishes to make an oral or written statement in this proceeding setting forth his position or the issue specified, but who has not filed a petition for leave to intervene, may request permission to make a limited appearance pursuant to the provisions of 10 CFR 2.715 of the Commission's rules of practice. Limited appearances will be permitted at the time of the hearing in the discretion of the board, within such limits and on such conditions as may be fixed by the board. Persons desiring to make a limited appearance are requested to inform the Secretary of the Commission, United States Nuclear Regulatory Commission, Washington, D.C. 20555, not later than January 5, 1976. A person permitted to make a limited appearance does not become a party, but may state his position and raise questions which he would like to have answered to the extent that the questions are within the scope of the hearing. A member of the public does not have the right to participate in the proceeding unless he has been granted the right to intervene as a party or the right of limited appearance.

Papers required to be filed in this proceeding may be filed by mail or telegram addressed to the Secretary of the Commission, United States Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Supervisor, Docketing and Service Section, 1717 H Street, N.W., Washington, D.C. Pending further order of the board, parties are required to file, pursuant to the provisions of 10 CFR 2.708 of the Commission's rules of practice, an original and twenty (20) conformed copies of each such paper with the Commission.

Notice is also hereby given that a Prehearing Conference to consider this matter will be held on December 31, 1975 at 9:00 a.m. at the Nuclear Regulatory Commission Hearing Room, 5th Floor, East West Towers, 4350 East-West Highway, Bethesda, Maryland to consider factors set forth in Title 10 CFR 2.751 (a) of the Commission's rules of practice, and, in particular, the identification and specification of contentions and key issues in the proceeding. Counsel for the parties are requested and directed to hold informal conferences, including telephone conferences, and to report to the board regarding the simplification and clarification of issues, stipulations and admissions of fact, and a proposed schedule for discovery and further actions in the proceeding.

Issued at Bethesda, Md., this 26th day of November 1975.

ATOMIC SAFETY AND LICENSING BOARD,
MARSHALL E. MILLER,
Chairman.

[Docket No. PRM-30-52]

McDONNELL DOUGLAS ASTRONAUTICS CO.

Withdrawal of Petition for Rule Making

Notice is hereby given that the Nuclear Regulatory Commission has received a letter from the McDonnell Douglas Astronautics Company withdrawing its petition for rulemaking PRM-30-52.

The McDonnell Douglas Astronautics Company petitioned the Atomic Energy Commission to amend 10 CFR 35.31 General License for Medical Use of Certain Quantities of Byproduct Material, to include promethium-147 in prosthetic devices such as nuclear batteries for cardiac pacemakers and other clinical devices. By letter dated November 3, 1975, the petitioner has with drawn its petition for rulemaking from further consideration by the Nuclear Regulatory Commission.

Copies of the petition and the letter withdrawing the petition are available for public inspection at the Commission's Public Document Room at 1717 H Street NW., Washington, D.C.

Dated at Washington, D.C., this 28th day of November 1975.

For the Nuclear Regulatory Commission.

SAMUEL J. CHILK,
Secretary of the Commission.

[Docket No. 50-333]

POWER AUTHORITY OF THE STATE OF NEW YORK NIAGARA MOHAWK POWER CORP.

Issuance of Amendment to Facility Operating License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 5 to Facility Operating License No. DPR-59 issued to the Power Authority of the State of New York and the Niagara Mohawk Power Corporation which revised Appendix B, Environmental Technical Specifications for operation of the James A. Fitzpatrick Nuclear Power Plant, located in Oswego County, New York. The amendment is effective as of its date of issuance and will remain in effect until 12:00 midnight, December 31, 1975.

The amendment relates to an increase in the maximum ΔT across the main condenser during normal plant operation from 32.4° F to 34.5° F.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Ch. I, which are set forth in the license amendment. Prior public notice of this amendment is not required since the amendment does not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendment dated November 12, 1975, (2) Amendment No. 5 to License No. DPR-59 with Change No. 5, and (3) the Commission's related Negative Declaration with supporting Environmental Impact Appraisal, issued concurrently with this notice. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Oswego City Library, 120 East Second Street, Oswego, New York.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Rockville, Md., this 25th day of November 1975.

For the Nuclear Regulatory Commission.

GEORGE W. KREIGHTON,
Acting Assistant Director for Environmental Projects, Division of Reactor Licensing.

OFFICE OF MANAGEMENT AND BUDGET

IMPLEMENTATION OF THE PRIVACY ACT OF 1974

Supplementary Guidance

NOVEMBER 21, 1975.

This material is provided to address comments and questions of general interest raised since the release of the Office of Management and Budget's guidelines for implementing section 3 of the Privacy Act of 1974. (FEDERAL REGISTER, Volume 40, Number 132, dated July 9, 1975, pp. 28949-28978.)

Additional supplements will be issued as necessary.

JAMES T. LYNN,
Director.

1. *Definition of System of Records* (5 U.S.C. 552a(a)(5)). On page 28952, third column, after line 27, add:

"Following are several examples of the use of the term 'system of records':

"Telephone directories. Agency telephone directories are typically derived from files (e.g., locator cards) which are, themselves, systems of records. For example, agency personnel records may be used to produce a telephone directory which is distributed to personnel of the agency and may be made available to the public pursuant to 5 U.S.C. 552a(b) (1) and (2), (intra-agency and public disclosure, respectively). In this case the directory could be a disclosure from the system of records and, thus, would not be a separate system. On the other hand, a separate directory system would be a system of records if it contains personal information. A telephone directory, in this context, is a list of names, titles, addresses, telephone numbers, and organizational designations. An agency should not utilize this distinction to avoid the requirements of the Act including the requirement to report the existence of systems of records which it maintains.

"Mailing lists. Whether or not a mailing list is a system of records depends on whether the agency keeps the list as a separate system. Mailing lists derived from records compiled for other purposes (e.g., licensing) could be considered disclosures from that system and would not be systems of records. If the system from which the list is produced is a system of records, the decision on the disclosability of the list would have to be made in terms of subsection (b) (conditions of disclosure) and subsection (n) (the sale or rental of mailing lists). A mailing list may, in some instances, be a stand-alone system (e.g., subscription lists) and could

V40234 DEC 4 75 D XUM

be a system of records subject to the Act if the list is maintained separately by the agency, it consists of records (i.e., contains personal information), and information is retrieved by reference to name or some other identifying particular.

"Libraries. Standard bibliographic materials maintained in agency libraries such as library indexes, Who's Who volumes and similar materials are not considered to be systems of records. This is *not* to suggest that all published material is, by virtue of that fact, not subject to the Act. Collections of newspaper clippings or other published matter about an individual maintained other than in a conventional reference library would normally be a system of records."

2. *Routine Uses—Intra-agency disclosures* (5 U.S.C. 552a(a)(7))

On page 28953, first column, after line 17, add:

"Intra-agency transfer need not be considered routine uses. Earlier versions of House privacy bills, from which the routine use concept derives, permitted agencies to disclose records within the agency to personnel who had a need for such access in the course of their official duties thus permitting intra-agency disclosure without the consent of the individual. The concept of routine use was developed to permit other than intra-agency disclosures after it became apparent that a substantial unnecessary workload would result from having to seek the consent of the subject of a record each time a transfer was made for a purpose '. . . compatible with the purpose for which [the record] was collected' (5 U.S.C. 552a(a)(7)). To deter promiscuous use of this concept, a further provision was added requiring that routine uses be subject to public notice. (5 U.S.C. 552a(e)(11).) It is our view that the concept of routine use was devised to cover disclosures other than those to officers or employees who have a need to for the record in the performance of their official duties within the agency.

"It is not necessary, therefore, to include intra-agency transfers in the portion of the system notice covering routine uses (5 U.S.C. 552a(e)(4)(D)) but agencies may, at their option, elect to do so. The portion of the system notice covering storage, retrievability, access controls, retention and disposal (5 U.S.C. 552a(e)(4)(E)) should describe the categories of agency officials who have access to the system."

3. *Consent for access in response to congressional inquiries* (5 U.S.C. 552a(b)(9))

On page 28955, third column, after line 18, add:

To assure that implementation of the Act does not have the unintended effect of denying individuals the benefit of congressional assistance which they request, it is recommended that each agency establish the following as a routine use for all of its systems, consistent with subsections (a)(7) and (e)(11) of the Act:

Disclosure may be made to a congressional office from the record of an individual in response to an inquiry from the congressional office made at the request of that individual.

The operation of this routine use will obviate the need for the written consent of the individual in every case where an individual requests assistance of the Member which would entail a disclosure of information pertaining to the individual.

In those cases where the congressional inquiry indicates that the request is being made on behalf of a person other than the individual whose record is to be disclosed, the agency should advise the congressional office that the written consent of the subject of the record is required. The agency should not contact the subject unless the congressional office requests it to do so.

In addition to the routine use, agencies can, of course, respond to many congressional requests for assistance on behalf of individuals without disclosing personal information which would fall within the Privacy Act, e.g., a congressional inquiry concerning a missing Social Security check can be answered by the agency by stating the reason for the delay.

Personal information can be disclosed in response to a congressional inquiry without written consent or operation of a routine use—

If the information would be required to be disclosed under the Freedom of Information Act (Subsection (b)(2));

If the Member requests that the response go directly to the individual to whom the record pertains;

In "compelling circumstances affecting the health or safety of an individual * * *" (Subsection (b)(8)); or

To either House of Congress, or to the extent of matter within its jurisdiction, any committee or subcommittee thereof * * *" (Subsection (b)(9)).

The routine use recommended above and disclosures thereunder are, of course, subject to the 30 day prior notice requirement of the Act. (Subsection (e)(11)). In the interim, however, it should be possible to respond to most inquiries by using the provisions cited in the previous paragraph. Furthermore, when the congressional inquiry indicates that the request is being made on the basis of a written request from the individual to whom the record pertains, consent can be inferred even if the constituent letter is not provided to the agency.

"*This standard for implied consent does not apply to other than congressional inquiries.*"

4. *Describing the purpose in the accounting of disclosures* (Subsection (c)(1))

On page 28956, first column, after line 42, add:

"Agencies which submit inquiries to other agencies in connection with law enforcement or pre-employment investigations (e.g., record checks) are reminded to include the purpose in their record check in order to preclude having record checks returned to them to ascertain the purpose of the check. It is noted that this is necessary whether the inquiry is made pursuant to the subsection (b)(3) or (b)(7) ('routine use' or law enforcement disclosures). At a minimum, the inquiring agency must describe the purpose as either a background or law enforcement check."

5. *Agency procedures for review of appeals of denials of requests to amend a record* (Subsection (d)(3))

On page 28959, second column, after line 39, add:

"This does *not* mean that the officer on appeal must be a justice or judge. Rather, the reviewing official designated by the agency head may be a justice or judge (unlikely in this case) or any other agency official who meets the criteria in 5 U.S.C. 2104a (1), (2), and (3)."

6. *Correcting records released to an individual* (Subsection (e)(6))

On page 28965, second column, after line 6, add:

"While this language requires that agencies make reasonable efforts to assure the accuracy of a record before it is disclosed, when an individual requests access to his or her record, pursuant to subsection (d)(1), above, the record must be disclosed without change or deletion except as permitted by subsections (j) and (k), exemptions. To avoid requiring individuals to file unnecessary requests for amendment, however, the agency should review the record and annotate any material disclosed to indicate that which it intends to amend or delete."

7. *Rights of parents and legal guardians* (Subsection (h))

On page 28970, second column, after line 59, add:

"This is not intended to suggest that minors are precluded from exercising rights on their own behalf. Except as otherwise provided in the Act (e.g., general or specific exemptions) a minor does have the right to access a record pertaining to him or herself. There is no absolute right of a parent to have access to a record about a child absent a court order or consent."

8. *Relationships to the Freedom of Information Act* (Subsection (q))

On page 28978, third column, after the last line, add:

"In some instances under the Privacy Act an agency may (1) exempt a system of records (or a portion thereof) from access by individuals in accordance with the general or specific exemptions (subsection (j) or (k)); or (2) deny a request for access to records compiled in reasonable anticipation of a civil action or proceeding or archival records (subsection (d)(5) or (1)). In a few instances the exemption from disclosure under the Privacy Act may be interpreted to be broader than the Freedom of Information Act (5 U.S.C. 552). In such instances the Privacy Act should not be used to deny access to information about an individual which would otherwise have been *required* to be disclosed to that individual under the Freedom of Information Act.

"Whether a request by an individual for access to his or her record is to be

processed under Privacy Act or Freedom of Information Act procedures involves several considerations. For example, while agencies have been encouraged to reply to requests for access under the Privacy Act within ten days wherever practicable, consistent with the Freedom of Information Act (FOIA), the Privacy Act does not establish time limits for responding to requests for access. (See discussion of subsection (d)(1).) The Privacy Act also does not require an administrative appeal on denial of access comparable to that under FOIA although agencies are encouraged to permit individuals to request an administrative review of initial denials of access to avoid, where possible, the need for unnecessary judicial action. It can also be argued that requests filed under the Privacy Act can be expected to be specific as to the system of records to which access is sought whereas agencies are required to respond to an FOIA request only if it 'reasonably describes' the records sought. Further, the Freedom of Information Act permits charging of fees for search as well as the making of copies while the Privacy Act permits charging only for the direct cost of making a copy upon request.

"It is our view that agencies should treat requests by individuals for information pertaining to themselves which specify either the FOIA or the Privacy Act (but not both) under the procedures established pursuant to the Act specified in the request. When the request specifies, and may be processed under, both the FOIA and the Privacy Act, or specifies neither Act, Privacy Act procedures should be employed. The individual should be advised, however, that the agency has elected to use Privacy Act procedures, of the existence and the general effect of the Freedom of Information Act, and of the differences, if any, between the agency's procedures under the two Acts (e.g., fees, time limits, access and appeals.

"The net effect of this approach should be to assure the individuals do not, as a consequence of the Privacy Act, have less access to information pertaining to themselves than they had prior to its enactment."

DEPARTMENT OF LABOR

Office of the Assistant Secretary of Labor for Employment Standards

[Employment Standards Order No. 2-75]

ASSISTANT SECRETARY FOR EMPLOYMENT STANDARDS

Redelegation of Authority and Reassignment of Responsibility Assigned

1. *Purpose.* This Order redelegates authority and reassigns responsibility (a) within the Office of the Assistant Secretary; and to (b) the Wage-Hour Administrator; (c) the Director of the Women's Bureau; (d) the Director of the Office of Workers' Compensation Programs; (e) the Director of the Office of Federal Contract Compliance Programs.

2. *Background.* A. Secretary's Order No. 16-75 and 27-72 delegated authority and assigned responsibility for certain functions to the Assistant Secretary for Employment Standards with the authority to redelegate.

B. Secretary's Order No. 18-67, 32 FR 12979, formerly identified as General Order No. 46 (Revised), delegated and assigned to the Director of the Bureau of Employees' Compensation authority and responsibility for performance of the functions of the Secretary of Labor under the Federal Employees' Compensation Act, 5 U.S.C. 8101 et seq., as amended and extended (except 8149 as it applied to the Employees' Compensation Appeals Board), and under the Longshoremen's and Harbor Workers' Compensation Act, 33 U.S.C. 901 et seq., as amended and extended, to be performed under the general direction and control of the Assistant Secretary for Labor-Management Relations. The overall responsibility for the authority delegated to the Director of the Bureau by Secretary's Order No. 18-67 was subsequently assigned successively to the Assistant Secretary for Wage and Labor Standards (see United States Government Organization Manual, 1970/1971, p. 320) and to the Assistant Secretary for Workplace Standards (Secretary's Order No. 19-70, 36 FR 304) without change in the operational responsibilities of the Bureau of Employees Compensation (Workplace Standards Administration, Description of Organization, 36 FR 307).

C. Secretary of Labor's Order 13-71, 36 FR 8755, established the Employment Standards Administration to perform the functions of the Department with respect to employment standards program. The Assistant Secretary for Employment Standards was therein delegated the authority and assigned responsibility for carrying out such programs. That Order further provided that the Employment Standards Administration was to be headed by a Deputy Assistant Secretary/Administrator who was to report to the Assistant Secretary for Employment Standards and was to act for the Assistant Secretary in his absence. Among the employment standards programs for which the responsibility was thus delegated were:

1. The Federal Employees' Compensation Act, as amended and extended (5 U.S.C. 8101 et seq., except 8149 as it applied to the Employees' Compensation Appeals Board).

2. The Longshoremen's and Harbor Workers' Compensation Act, as amended and extended.

3. Part C of Title IV (Black Lung Benefits) of the Federal Coal Mine Health and Safety Act of 1969.

D. Secretary of Labor's Order 15-71, 36 FR 8755, set forth in detail the redelegation of authority to the Deputy Assistant Secretary for Employment Standards Administration.

E. Secretary of Labor's Order 38-72, 38 FR 90, made provisions for the Benefits Review Board established by Pub. L. 92-576, 86 Stat. 1251, as a quasi-judicial body of the first appeal under the Longshoremen's and Harbor Workers' Act, as amended, 33 U.S.C. 901 et seq.; the Defense Base Act, 42 U.S.C. 1651 et seq.; the District of Columbia Workmen's Compensation Act, 36 D.C. Code 501 et seq.; the Outer Continental Shelf Lands Act, 10 U.S.C. 1721; the Nonappropriated Fund Instrumentalities Act, 5 U.S.C. 1871 et seq.; and Title IV, section 415 and Part C, of the Federal Coal Mine Health and Safety Act of 1969, as amended, by the Black Lung Benefits Act of 1972, 30 U.S.C. 901 et seq.

F. Secretary of Labor's Order 16-73, 38 FR 19130, delegated authority to the Assistant Secretary for Employment Standards for the performance of the functions assigned to the Secretary of Labor pursuant to Parts B and C of Title IV of the Federal Coal Mine Health and Safety Act of 1969, as amended, with the exception of the functions vested with the Benefits Review Board by Secretary of Labor's Order 38-72.

G. Employment Standards Order 2-74 redelegated to the Director, Office of Workers' Compensation Programs, the authority and reassigned the responsibility vested in the Assistant Secretary for Employment Standards regarding workers' compensation programs and the performance of functions assigned to the Assistant Secretary pursuant to Title IV, Section 415 and Part C, of the Federal Coal Mine Health and Safety Act of 1969, as amended.

H. Secretary of Labor's Order dated September 23, 1974 (39 FR 34723) revoked his prior Order 18-67, and the last sentence of paragraph 3 of Secretary's Order 13-71.

I. Secretary's Order 16-75 cancelled and replaced Secretary's Order 13-71 and incorporated the delegation contained in the Secretary's Order 16-73 and cancelled that Order.

3. *Redelegation of authority and reassignment of responsibility.* The authority and responsibility delegated and assigned by the Secretary of Labor to the Assistant Secretary for Employment Standards for carrying out Employment Standards programs and activities is redelegated and reassigned, except as hereinafter provided, as follows:

A. The Office of the Assistant Secretary of Employment Standards.

V40234 DEC 4 75 XUM

1. The Deputy Assistant Secretary for Employment Standards is hereby redelegated authority to act on all matters within the Assistant Secretary's delegation.

2. The Director of the Office of Program Development and Accountability shall report to the Assistant Secretary and is responsible for all program development and accountability activities, including developing plans, policies and procedures for the functions of the program planning, policy analysis and review, budgeting and financial management, accountability review, legislative analysis, research, evaluation, allocation of resources, and information and analysis of State employment standards.

3. The Director of the Office of Administrative Management shall report to the Assistant Secretary and is responsible for all administrative and management activities, including developing plans, policies and procedures, for the functions of employee development, personnel and employee management relations, position management information system, mobilization planning activities delegated to Employment Standards Administration in Secretary's Order 27–72, and general services such as procurement and supply management.

4. Assistant Regional Directors for Employment Standards are responsible for carrying out the Assistant Secretary's responsibilities for all Employment Standards programs within their geographic jurisdiction. Assistant Regional Directors report directly to the Assistant Secretary, represent the Assistant Secretary within their jurisdiction, and are the principal operating managers in the field.

5. The above redelegations made within the Office of the Assistant Secretary shall be carried out consistent with the redelegations made to the Wage-Hour Administrator; the Director of the Women's Bureau; the Director, Office of Federal Contract Compliance Programs; the Director, Office of Workers' Compensation Programs, and within the Office of the Assistant Secretary.

B. The Office of the Wage-Hour Administrator.

1. The Wage-Hour Administrator shall report to the Assistant Secretary and is hereby delegated authority, except as hereinafter provided, for carrying out the programs and activities delegated to the Assistant Secretary under:

a. Fair Labor Standards Act of 1938, as amended, 29 U.S.C. 201 et seq., including the issuance of child labor hazardous occupation orders and other regulations concerning child labor standards;

b. The Walsh-Healey Public Contracts Act of 1936, as amended, 41 U.S.C. 35 et seq.;

c. The Service Contracts Act of 1965, as amended, 41 U.S.C. et seq.;

d. The Davis-Bacon Act, as amended, 40 U.S.C. 276, and any laws now existing, or subsequently enacted, providing for prevailing wage findings by the Secretary of Labor in accordance with or pursuant to the Davis-Bacon Act; the Copeland Act, 40 U.S.C. 276, Reorganization Plan No. 14 of 1950; and the Tennessee Valley Authority Act, 16 U.S.C. 831;

e. The Contract Work Hours and Safety Act, as amended, 40 U.S.C. 327 et seq.;

f. Title III of the Consumer Credit Protection Act, 15 U.S.C. 1671 et seq.;

g. The Vocational Rehabilitation Act Amendments 1965, 20 U.S.C. 1241;

h. The Arts and Humanities Act of 1965, 20 U.S.C. 953;

i. The Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. 301 et seq.;

j. The Farm Labor Contractor Registration Act of 1963, as amended, 29 U.S.C. 301 et seq;

k. Section 1450(i) of the Safe Drinking Water Act (Pub. L. 93–523);

l. Section 507 of the Federal Water Pollution Act (Pub. L. 87–88 as amended by 89–234);

m. Such additional Federal Acts as may from time to time confer upon the Secretary of Labor duties and responsibilities similar to the Fair Labor Standards Act.

C. The Office of the Director of the Women's Bureau.

1. The Director of the Women's Bureau shall report to the Assistant Secretary and is hereby redelegated authority, except as hereinafter provided, for carrying out the programs and activities delegated to the Assistant Secretary under:

a. The Act of 1920 establishing a Women's Bureau (Pub. L. 66–259);

b. Executive Order 11126—as amended by Executive Order 11221—Status of Women.

D. The Office of the Director of Workers' Compensation Programs.

1. The Director of the Office of Workers' Compensation Programs shall report to the Assistant Secretary and is hereby redelegated authority, except as hereinafter provided, for carrying out the programs and activities delegated to the Assistant Secretary under:

a. The Federal Employees' Compensation Act, as amended and extended (5 U.S.C. 8101 et seq.), except 8149 as it applies to the Employees' Compensation Appeals Board.

b. The Longshoremen's and Harbor Workers' Compensation Act, as amended and extended, except 33 U.S.C. 921(b) as it pertains to the Benefits Review Board;

c. Title IV, Section 415 and Part C of the Federal Coal Mine Health and Safety Act of 1969, as amended.

E. The Office of the Director of Federal Contract Compliance Programs.

1. The Director of the Office of Federal Contract Compliance Programs shall report to the Assistant Secretary and is hereby delegated authority, except as hereinafter provided, for carrying out the programs and activities delegated to the Assistant Secretary under:

a. The Executive Order 11246, as amended by Executive Order 11375—Federal Contract Compliance.

b. Section 503 of the Rehabilitation Act of 1973, as amended, and Executive Order 11758.

c. The affirmative action requirements under Title V of the Vietnam Era Veterans' Readjustment Assistance Act of 1972, as amended, 38 U.S.C. Section 2012.

F. The redelegation of authority contained in paragraphs 3 (B) through (E) above are to be performed consistent with the redelegations made within the Office of the Assistant Secretary in paragraph 3(a) above, except that the quasi-judicial line of adjudicatory authority and responsibility between the Director of the Office of Workers' Compensation Programs and the Deputy Commissioners or their subordinates in the OWCP District Offices in individual case actions under the laws enumerated in 3(D)(1)(a), (b) shall not be affected.

4. *Redelegation of Authority.* The authority delegated and the responsibility assigned by this Order may be redelegated and reassigned.

5. *Reservation of Authority.* The submission of reports and recommendations to the Department concerning the administration of Employment Standards programs shall be reserved to the Assistant Secretary for Employment Standards.

6. *Directives Affected.* Employment Standards Orders Nos. 1–74, 39 FR 33841; and 2–74, 39 FR 34722 are hereby cancelled. Secretary's Orders Nos. 15–71, 36 FR 8756; 20–70, 36 FR 305; 4–69, 34 FR 1202; 3–69 34 FR 1203; 2–69, 34 FR 1203; 26–68, 21–68, 34 FR 578; and 21–67, 32 FR 14802 are also hereby cancelled.

7. *Effective date.* This order is effective December 4, 1975.

Signed at Washington, D.C., this 26th day of November 1975.

BERNARD E. DELURY,
Assistant Secretary for Employment Standards.

Office of the Secretary

[TA-W-354]

ALLEGHENY LUDLUM STEEL CORP.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On November 21, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the United Steelworkers of America on behalf of the workers and former workers of Allegheny Ludlum Steel Corporation, Watervliet, New York, a division of Allegheny Ludlum Industries, Pittsburgh, Pennsylvania (TA–W–354). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with stainless steel bars, wire, rods and tubes, tool steel, produced by Allegheny Ludlum Steel Corporation or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than December 15, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., NW., Washington, D.C. 20210.

Signed at Washington, D.C. this 21st day of November 1975.

B. GLANZROCK, INC.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On November 21, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the Amalgamated Clothing Workers of America on behalf of the workers and former workers of B. Glanzrock, Incorporated, New York, New York (TA–W–343). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with men's sportcoats, suits and leisure suits produced by B. Glanzrock, Incorporated or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than December 15, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., N.W., Washington, D.C. 20210.

Signed at Washington, D.C. this 21st day of November 1975.

MARVIN M. FOOKS,
Acting Director, Office of Trade Adjustment Assistance.

CAPE COD SPORTSWEAR COMPANY, INC.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On November 21, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the Amalgamated Clothing Workers of America on behalf of the workers and former workers of Cape Cod Sportswear Company, Incorporated, New Bedford, Massachusetts (TA–W–346). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with men's tailored suits and sportcoats produced by Deerfield Manufacturing Corporation or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than December 15, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., NW., Washington, D.C. 20210.

Signed at Washington, D.C. this 21st day of November 1975.

DEFERRAL OF FEDERAL TAX CREDIT REDUCTIONS

Findings of the Secretary of Labor

Section 110 of the Emergency Compensation and Special Unemployment Assistance Extension Act of 1975 (Pub. L. 94-45, approved June 30, 1975) amended section 3302(c)(3) of the Federal Unemployment Tax Act so as to authorize the deferral of Federal unemployment tax credit reductions with respect to the years 1975, 1976, and 1977. Section 110 makes such deferral applicable only if the Secretary of Labor finds that the State has studied and taken appropriate action to accomplish substantially the purposes of restoring its unemployment fund's fiscal soundness and of permitting the repayment within a reasonable time of advances made to the State's account pursuant to Title XII of the Social Security Act.

Under section 110 of the Extension Act the Secretary of Labor is directed to promptly prescribe and publish in the FEDERAL REGISTER regulations setting forth the criteria for making a finding with respect to a State. Such criteria have been prescribed by the addition of paragraph (f) to section 601.5 in Part 601 of Title 20, Code of Federal Regulations, effective November 7, 1975, published in Volume 40, No. 216 of the FEDERAL REGISTER, November 7, 1975.

The State of Connecticut first obtained a repayable advance from the Federal Unemployment Account in the Unemployment Trust Fund, pursuant to Title XII of the Social Security Act, in 1972. The State has had an unpaid advance on January 1 of the years 1973, 1974, and 1975 and, as of November 10, 1975, it continued to have an unpaid advance. Accordingly, under section 3302(c)(3) of the Federal Unemployment Tax Act, its employers were subject to a Federal unemployment tax credit reduction of 0.3 percent on their 1974 taxable payrolls. But for the amendment of section 3302(c)(3) by the Extension Act and a deferral of the Federal unemployment tax credit reduction under the provisions of that amendment, Connecticut's employers would be subject to a Federal unemployment tax credit reduction on their 1975 taxable payroll of an additional 0.3 percent, effective in January 1976.

The State of Washington first obtained a repayable advance in 1973, and the State had an unpaid advance on January 1 of the years 1974 and 1975, which was not repaid by November 10, 1975. Accordingly, its employers would have been first subject to a Federal unemployment tax credit reduction of 0.3 percent on their 1975 taxable payrolls, effective in January 1976.

I find that the States of Connecticut and Washington as of November 10, 1975, have fulfilled the criteria set forth in Part 601 of Title 20, Code of Federal Regulations, § 601.5(f)(2)(i)(A), (B), and (C), and, accordingly, have satisfied the requirements of the statute for deferral of Federal unemployment tax credit reductions for taxable year 1975. As a result, the subject employers of the States of Connecticut and Washington will be subject to no Federal unemployment tax credit reduction for taxable year 1975.

The finding with respect to the State of Connecticut is based on my determination that the State has amended its unemployment compensation law, effective in 1975, increasing the State's unemployment tax rates and increasing the State's unemployment tax base so that for taxable year 1975—(1) The average employer tax rate, computed as a percentage of the total wages in employment covered by the State's unemployment compensation law, which is estimated to be 1.57, exceeds the State's average annual benefit cost rate, computed as a percentage of the total wages in employment covered by the State's unemployment compensation law, for the ten calendar years of 1965 through 1974, which is estimated to be 1.45; and (2) The effective minimum employer tax rate is 1.5 percent of the wages of any employer which are subject to tax under the Federal Unemployment Tax Act for taxable year 1975; and (3) The effective maximum employer tax rate is 6.0 percent of the wages of any employer which are subject to tax under the Federal Unemployment Tax Act for the taxable year 1975.

The finding with respect to the State of Washington is based on my determination that the State has amended its unemployment compensation law, effective prior to 1975, increasing the State's unemployment tax rates and increasing the State's unemployment tax base so that for taxable year 1975—

(1) The average employer tax rate, computed as a percentage of the total wages in employment covered by the State's unemployment compensation law, which is estimated to be 1.8, exceeds the State's average annual benefit cost rate, computed as a percentage of the total wages in employment covered by the State's unemployment compensation law, for the 10 calendar years of 1965 through 1974, which is estimated to be 1.75; and

(2) The effective minimum employer tax rate is 3.0 percent of the wages of any employer which are subject to tax under the Federal Unemployment Tax Act for taxable year 1975; and

(3) There is provision for no reduced rate of contributions for any employer subject to the State unemployment compensation law.

Signed at Washington, D.C., this 28th day of November 1975.

JOHN T. DUNLOP,
Secretary of Labor.

[TA-W-351]

E. L. BRUCE COMPANY, INC.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On November 21, 1975 the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") on behalf of the workers and former workers of E. L. Bruce Paneling and Molding Division, Covington, Tennessee of E. L. Bruce Company, Incorporated, Memphis, Tennessee, a subsidiary of Cook Industries, Memphis, Tennessee (TA-W-351). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with hardwood paneling and molding produced by E. L. Bruce Company, Incorporated or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total of partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than December 15, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave. NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 21st day of November 1975.

MARVIN M. FOOKS,
Acting Director, Office of Trade Adjustment Assistance.

EVERETT LEVINSOHN CORP.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On November 21, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") by the Amalgamated Clothing Workers of America on behalf of the workers and former workers of The Everett Levinsohn Corporation, New York, New York (TA-W-345). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with men's suits, sportcoats, and slacks produced by The Everett Levinsohn Corporation or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than December 15, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 21st day of November 1975.

FRANK SCOLARO MARBLE COMPANY, INC.

Investigation Regarding Certification of Eligibility To Apply for Worker Adjustment Assistance

On November 21, 1975, the Department of Labor received a petition filed under section 221(a) of the Trade Act of 1974 ("the Act") on behalf of the workers and former workers of Frank Scolaro Marble Company, Incorporated, Bronx, New York (TA-W-348). Accordingly, the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted an investigation as provided in section 221(a) of the Act and 29 CFR 90.12.

The purpose of the investigation is to determine whether absolute or relative increases of imports of articles like or directly competitive with marble and granite produced by Frank Scolaro Marble Company, Incorporated or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision. The investigation will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved. A group meeting the eligibility requirements of Section 222 of the Act will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90.

Pursuant to 29 CFR 90.13, the petitioner or any other person showing a substantial interest in the subject matter of the investigation may request a public hearing, provided such request is filed in writing with the Acting Director, Office of Trade Adjustment Assistance, at the address shown below, not later than December 15, 1975.

The petition filed in this case is available for inspection at the Office of the Acting Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 3rd St. and Constitution Ave., NW., Washington, D.C. 20210.

Signed at Washington, D.C., this 21st day of November 1975.

INTERSTATE COMMERCE COMMISSION

FOURTH SECTION APPLICATIONS FOR RELIEF

DECEMBER 1, 1975.

An application, as summarized below, has been filed requesting relief from the requirements of section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the general rules of practice (49 CFR 1100.40) and filed on or before December 19, 1975.

FSA No. 43084—*Joint Rail-Water Container Rates—American Export Lines, Inc.* Filed by American Export Lines, Inc., (No. 4), for itself and interested rail carriers. Rates on general commodities, from rail carrier's terminals in California, Oregon and Washington, to ports in Europe, the United Kingdom and the Mediterranean.

Grounds for relief—Water competition.

Tariff—American Export Lines, Inc., tariff I.C.C. No. 1.

Rates are published to become effective on December 28, 1975.

FSA No. 43085—*Vinyl Acetate from Points in Louisiana and Texas.* Filed by Southwestern Freight Bureau, Agent, (No. B-571), for interested rail carriers. Rates on vinyl acetate, in tank-car loads, as described in the application, from points in Louisiana and Texas, to Charlotte and Newell, N.C.

Grounds for relief—Market competition.

Tariff—Supplement 40 to Southwestern Freight Bureau, Agent, tariff 11-F, I.C.C. No. 5082. Rates are published to become effective on January 1, 1976.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

IRREGULAR-ROUTE MOTOR COMMON CARRIERS OF PROPERTY

Elimination of Gateway Letter Notices

NOVEMBER 28, 1975.

The following letter-notices of proposals to eliminate gateways for the purpose of reducing highway congestion, alleviating air and noise pollution, minimizing safety hazards, and conserving fuel have been filed with the Interstate Commerce Commission under the Commission's *Gateway Elimination* Rules (49 CFR Part 1065), and notice thereof to all interested persons is hereby given as provided in such rules.

An original and two copies of protests against the proposed elimination of any gateway herein described may be filed with the Interstate Commerce Commission on or before December 15, 1975. A copy must also be served upon applicant or its representative. Protests against the elimination of a gateway will *not* operate to stay commencement of the proposed operation.

Successively filed letter-notices of the same carrier under these rules will be numbered consecutively for convenience in identification. Protests, if any, must refer to such letter-notices by number.

[1] In the FEDERAL REGISTER notice dated November 24, 1975, this was shown as "for interested rail carriers".

No. MC 564 (Sub-No. E98), filed June 4, 1974. Applicant: DUDLEY'S TRANS-CONTINENTAL MOVERS, P.O. Box 82046, Lincoln, Nebr. 68501. Applicant's representative: Rolland C. Dudley (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, (1) between points in that part of Iowa within a 150 miles of Austin, Minn., and on and west of Iowa Highway 4, on the one hand, and, on the other, points in Tennessee, (2) between points in that part of Iowa within a 150 miles of Austin, Minn., and on and west of U.S. Highway 69, on the one hand, and, on the other, points in that part of Tennessee on and south of a line beginning at the Kentucky-Tennessee State line, thence along Tennessee Highway 69 to U.S. Highway 70, thence along U.S. Highway 70 to intersection U.S. Highway 11E, thence along U.S. Highway 11E to intersection U.S. Highway 321, thence along U.S. Highway 321 to Tennessee-North Carolina State line. The purpose of this filing is to eliminate the gateway of points in that part of Missouri south of U.S. Highway 54 and west of Missouri Highway 5.

No. MC 1380 (Sub-No. E3) (Correction), filed May 13, 1974, republished in the FEDERAL REGISTER October 3, 1975. Applicant: COLONIAL MOTOR FREIGHT LINE, INC., P.O. Box 5468, High Point, N.C. 27262. Applicant's representative: Max H. Towery (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading); (3) between points in that part of Tennessee south of a line beginning at the North Carolina-Tennessee State line, thence along U.S. Highway 70 to junction Tennessee Highway 107, thence along Tennessee Highway 107 to Greenville, Tenn., thence along U.S. Highway 11E to the boundary line of points within 150 miles of Charlotte, N.C., thence along the 150 miles of Charlotte, N.C., boundary to the North Carolina-Tennessee State line, on the one hand, and, on the other, points in that part of Virginia east of a line beginning at the North Carolina-Virginia State line, thence along U.S. Highway 501 to junction U.S. Highway 360, thence along U.S. Highway 360 to junction U.S. Highway 60, thence along U.S. Highway 60 to the Atlantic Ocean; (9) * * * on the one hand, and on the other, points in that part of North Carolina which are within 150 miles of Charlotte, N.C., and west of a line beginning at the North Carolina-South Carolina State line extending along North Carolina Highway 18 to junction North Carolina Highway 10, thence along North Carolina Highway 10 to junction U.S. Highway 127, thence along U.S. Highway 127 to junction U.S. Highway 321, thence along U.S. Highway 321 to junction U.S. Highway 221, thence along U.S. Highway 221 to the North Carolina-Virginia State line; (11) * * * on the one hand, and, on the other, points in that part of North Carolina within 150 miles of Charlotte, N.C., and on and west of U.S. Highway 25; and (13) between Augusta, Ga., on the one hand, and, on the other, points in that part of Virginia on and south of a line beginning at Cape Henry, Va., extending along U.S. Highway 60 to Richmond, thence along U.S. Highway 250 to Staunton, thence along U.S. Highway 11 to the Tennessee-Virginia State line. The purpose of this filing is to eliminate the gateway of Charlotte, N.C. The purpose of this partial correction is to correct the territorial descriptions. The remainder of this letter-notice remains as previously published.

No. MC 2253 (Sub-No. E3), filed January 29, 1975. Applicant: CAROLINA FREIGHT CARRIERS CORPORATION, P.O. Box 697, Cherryville, N.C. 28021. Applicant's representative: J. S. McCallie (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General Commodities*, except those of unusual value, classes A and B explosives, livestock, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading: Between Troy, on the one hand, and, on the other, points in Allegheny and Westmoreland Counties, Pa., points in Brooke, Hancock, Marshall and Ohio Counties, W.Va., and all points in Ohio except those on, east and north of a line beginning at the Pennsylvania-Ohio State line and extending along Ohio Highway 305 to junction Ohio Highway 82, thence along Ohio Highway 82 to junction Ohio Highway 83, thence along Ohio Highway 83 to Avon Lake, Ohio. The purpose of this filing is to eliminate the gateway of points in New Jersey within 15 miles of North Bergen, N.J.

No. MC 20582 (Sub-No. E2), (Correction), filed June 3, 1974, published in the FEDERAL REGISTER October 14, 1975. Applicant: HENRY H. STEVENS, INC., 1273 Broadway, Flint, Mich. 48506. Applicant's representative: William C. Steven (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined by the Commission; (a) between points in the Lower Peninsula of Michigan in and north of Benzie, Grand Traverse, Kalkaska, Crawford, Oscoda, and Alcona Counties and points in Mackinac, Luce, Chippewa, and Schoolcraft Counties, Mich., on the one hand, and, on the other, points in New Mexico; and (b) between points in the Lower Peninsula of Michigan in and north of Benzie, Grand Traverse, Kalkaska, Crawford, Oscoda, and Alcona Counties, and Mackinac, Luce, and Chippewa Counties, on the one hand, and, on the other, points in Colorado and Texas. The purpose of this filing is to eliminate the gateways of Flint, Mich., or points within 25 miles thereof, and points in Kansas. The purpose of this correction is to correct the origin points.

No. MC 29886 (Sub-No. E34), (Correction), filed May 10, 1974, published in the FEDERAL REGISTER April 16, 1975. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 400 West Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such commodities*, which because of size or weight require the use of special equipment or special handling, and *self-propelled articles*, each weighing 15,000 pounds or more, and *related machinery, tools, parts, and supplies*, moving in connection therewith; (1) between points in Indiana, on the one hand, and, on the other, points in Connecticut, Michigan, and those in New Jersey east of a line beginning at the Pennsylvania-New Jersey State line and extending along U.S. Highway 206 to junction New Jersey Highway 10, thence along New Jersey Highway 10 to junction New Jersey Highway 53, thence along New Jersey Highway 53 to junction New Jersey Highway 24, thence along New Jersey Highway 24 to junction New Jersey Garden State Parkway, thence along New Jersey Garden State Parkway to junction New Jersey Highway 36, thence along New Jersey Highway 36 to the Atlantic Ocean; (2) between those points in Indiana north and west of a line beginning at the Indiana-Ohio State line and extending along U.S. Highway 50 to junction U.S. Highway 231, thence along U.S. Highway 231 to the Indiana-Kentucky State line, on the one hand, and, on the other, points in New Jersey; (3) between points in Lake, Porter, La Porte, St. Joseph, Elkhart, La Grange, Steuben, Newton, Jasper, Starke, Marshall, Kosciusko, Noble, DeKalb, Benton, White, Pulaski, Fulton, Whitely, Allen, Warren, Tippecanoe, Carroll, Cass, Miami, Wabash, Huntington, and Howard Counties, Ind., on the one hand, and, on the other, points in Pennsylvania; and (4) between those points in Indiana on and north of Indiana Highway 67, on the one hand, and, on the other, points in Pennsylvania (except those in Crawford, Venango, Clarion, Jefferson, Indiana, Cambria, Blair, Huntingdon, Franklin, Fulton, Bedford, Somerset, Westmoreland, Armstrong, Butler, Mercer, Lawrence, Beaver, Allegheny, Washington, Fayette, and Greene Counties). The purpose of this filing is to eliminate the gateways of those points in Michigan on, south, and west of a line beginning at Lake Michigan and extending along the northern boundaries of Allegan, Barry, and Eaton Counties, Mich., to junction Business Interstate Highway 96, to junction U.S. Highway 127 to the Michigan-Ohio State line. The purpose of this correction is to correct the spelling of a origin point in (3) above.

V40234 DEC 4 75 XUM

No. MC 29886 (Sub-No. E36) (Correction), filed May 10, 1974, republished in the FEDERAL REGISTER October 3, 1975. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 West Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, the transportation of which because of size or weight require the use of special equipment or special handling, and *self-propelled articles*, each weighing 15,000 pounds or more, and *related machinery, tools, parts, and supplies*, moving in connection therewith; (2) between points in Iowa, on the one hand, and, on the other, points in Ohio (except those in Mercer, Auglaize, Shelby, Darke, Miami, Champaign, Clark, Montgomery, Preble, Greene, Fayette, Clinton, Warren, Butler, Hamilton, Clermont, Highland, Brown, and Adams Counties), and those in Porter, LaPorte, Starke, St. Joseph, Marshall, Elkhart, Kosciusko, LaGrange, Noble, Whitley, Steuben, DeKalb, and Allen Counties, Ind. The purpose of this filing is to eliminate the gateways of those points in Michigan on, south, and west of a line beginning at Lake Michigan and extending along the northern boundaries of Allegan, Barry, and Eaton Counties, Mich., to junction Business Interstate Highway 96, thence along Business Interstate Highway 96 to junction U.S. Highway 127, thence along U.S. Highway 127 to the Michigan-Ohio State line. The purpose of this partial correction is to correct the exception above. The remainder of this letter-notice remains as previously published.

No. MC 29886 (Sub-No. E47), (Correction), filed May 31, 1974, republished in the FEDERAL REGISTER October 21, 1975. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 W. Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Road construction and earth moving machines and equipment*, (except trailers designed to be drawn by a truck tractor), the transportation of which because of size or weight require the use of special equipment, and *self-propelled road construction, and earth moving machines and equipment*, each weighing 15,000 pounds or more; (1) from points in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New Jersey, and New York, to points in Nevada, Minnesota, Iowa, North Dakota, South Dakota, Nebraska, Colorado, Wyoming, Montana, Idaho, Utah, Arizona, Oregon, Washington, and California. The purpose of this filing is to eliminate the gateways of those points in that portion of New York on and west of a line beginning at Rochester, N.Y., and extending along U.S. Highway 15 to junction New York Highway 245, thence along New York Highway 245 to junction New York Highway 39, thence along New York Highway 39 to junction U.S. Highway 219, thence along U.S. Highway 219 to the New York-Pennsylvania State line, and South Bend, Ind. The purpose of this partial correction is to correct the destination states. The remainder of this letter-notice remains as previously published.

No. MC 29886 (Sub-No. E52), (Correction), filed May 31, 1974, republished in the FEDERAL REGISTER October 3, 1975. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 W. Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors*, other than truck tractors, from those points in Pennsylvania on, north, and west of a line beginning at the Pennsylvania-Ohio State line and extending along Interstate Highway 80 to junction U.S. Highway 219, thence along U.S. Highway 219 to the Pennsylvania-New York State line to points in Washington, Idaho, Oregon, California, Wyoming, Nevada, Utah, Arizona, New Mexico, Vermont, Maine, New Hampshire, Massachusetts, Montana, and those in Colorado on and west of a line beginning at the Colorado-Nebraska State line and extending along Colorado Highway 71 to junction U.S. Highway 350, thence along U.S. Highway 350 to junction Interstate Highway 25, thence along Interstate Highway 25 to the Colorado-New Mexico State line. The purpose of this filing is to eliminate the gateway of Batavia, N.Y. The purpose of this correction is to correct the destination points above.

No. MC 29886 (Sub-No. E55), (Correction), filed June 4, 1974. Published in FEDERAL REGISTER March 25, 1975. Applicant: DALLAS & MAVIS, 4000 West Sample Street, South Bend, Indiana 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Road construction and earth moving machines and equipment*, which because of size or weight require the use of special equipment or handling, and (2) *self-propelled road construction and earth moving machines and equipment*, each weighing 15,000 pounds or more, and (3) *related machinery, tools, parts, and supplies*, moving in connection with the commodities described in (1) and (2), moving in connection therewith, from those points in Illinois on and north of U.S. Highway 36, thence along U.S. Highway 36 to the Illinois-Indiana State line to points in Maryland, the District of Columbia, Delaware, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, Maine, Pennsylvania (except those in Washington, Greene, and Fayette Counties, Pa.), those in Virginia on and east of a line beginning at the Maryland-Virginia State line and extending along U.S. Highway 522 to junction U.S. Highway 29, thence along U.S. Highway 29 to the Virginia-North Carolina State line, and those in North Carolina on and east of U.S. Highway 15. The purpose of this filing is to eliminate the gateway of South Bend, Ind. The purpose of this correction is to reflect the correct commodities and destinations. The remainder of the letter-notice is to remain the same as previously published.

No. MC 29886 (Sub-No. E93), (Correction), filed May 16, 1974, republished in the FEDERAL REGISTER October 21, 1975. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 W. Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Contractors' equipment*, restricted to dump-truck bodies, which because of size or weight require the use of special equipment, from those points in Ohio on, north, and west of a line beginning at the Ohio-Indiana State line, * * * those in Nebraska on and west of U.S. Highway 281, those in South Dakota on and west of U.S. Highway 281, and the District of Columbia. The purpose of this filing is to eliminate the gateways of Marion, Ohio, and points within five miles thereof. The purpose of this partial correction is to clarify the commodity description. The remainder of this letter-notice remains as previously published.

No. MC 29886 (Sub-No. E103), (Correction), filed May 31, 1974, published in the FEDERAL REGISTER June 24, 1975. Applicant: DALLAS & MARVIS FORWARDING CO., INC., 400 W. Sample St., South Bend, Ind. 46627. Applicant's representative: Charles Pieroni (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steam shovels, cranes, crawler-type shovels and cranes, straddle trucks, fork trucks, and self-propelled building, construction, and moving machinery*, the transportation of which because of size or weight require the use of special equipment or special handling, and self-propelled steam shovels, cranes, crawler-type shovels and cranes, straddle trucks, fork trucks, and self-propelled building, construction, and moving machinery, each weighing 15,000 pounds or more; (1) from those points in Indiana on and north of a line beginning at the Indiana-Illinois State line and extending along Indiana Highway 10 to junction U.S. Highway 52, thence along U.S. Highway 52 to junction U.S. Highway 231, thence along U.S. Highway 231 to junction Interstate Highway 74, thence along Interstate Highway 74 to junction U.S. Highway 40, thence along U.S. Highway 40 to the Indiana-Ohio State line to points in New Mexico (except those in Union, Quay, Curry, and Roosevelt Counties), and those in Texas in and west of Winkler, Ward, Pecos, Terrell, and Val Verde Counties; and (2) from those points in Indiana on and north of Interstate Highway 74 to points in North Dakota, Montana, Arizona, Utah, Idaho, Washington, Oregon, Nevada, California, those in South Dakota (except those south and east of a line beginning at the Nebraska-South Dakota State line and extending along U.S. Highway 83 to junction U.S. Highway 14, thence along U.S. Highway 14 to the Minnesota-South Dakota State line, and those in Wyoming (except those in Goshen and Laramie Counties). The purpose of this filing is to eliminate the gateways of points in Michigan on and south of a line extending along the northern boundaries of Allegan, Barry, and Eaton Counties, Mich., thence along Business Route Interstate Highway 96 to Lansing, thence on and west of a line extending along U.S. Highway 127 to Jackson, thence along unnumbered highway (formerly portion U.S. Highway 127) to junction U.S. Highway 12, near Somerset Center, thence along U.S. Highway 12 to junction U.S. Highway 127, near Somerset, thence along U.S. Highway 127 to the Michigan-Ohio State line, and, Benton Harbor, Mich. The purpose of this correction is to correct the gateway above.

No. MC 31462 (Sub-No. E138), filed May 13, 1974. Applicant: PARAMOUNT MOVERS, P.O. Box 309, Lancaster, Tex. 75146. Applicant's representative: R. L. Rork (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods*, as defined by the Commission, between points in Illinois on the one hand, and, on the other, and points in Oklahoma. The purpose of this filing is to eliminate the gateway of (1) any point in Missouri within 50 miles of St. Louis, Mo., and (2) any point in Missouri within 25 miles thereof.

No. MC 31462 (Sub-No. E351), filed May 13, 1974. Applicant: PARAMOUNT MOVERS, P.O. Box 309, Lancaster, Tex. 75146. Applicant's representative: R. L. Rork (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steam shovels, cranes, crawler-type shovels and cranes, straddle trucks, fork trucks, and self-propelled building, construction, and moving machinery*, the transportation of which because of size or weight require the use of special equipment or special handling, and self-propelled steam shovels, cranes, crawler-type shovels and cranes, straddle trucks, fork trucks, and self-propelled building, construction, and moving machinery, each weighing 15,000 pounds or more; (1) from those points in Indiana on and north of a line beginning at the Indiana-Illinois State line and extending along Indiana Highway 10 to junction U.S. Highway 52, thence along U.S. Highway 52 to junction U.S. Highway 231, thence along U.S. Highway 231 to junction Interstate Highway 74, thence along Interstate Highway 74 to junction U.S. Highway 40, thence along U.S. Highway 40 to the Indiana-Ohio State line to points in New Mexico (except those in Union, Quay, Curry, and Roosevelt Counties), and those in Texas in and west of Winkler, Ward, Pecos, Terrell, and Val Verde Counties; and (2) from those points in Indiana on and north of Interstate Highway 74 to points in North Dakota, Montana, Arizona, Utah, Idaho, Washington, Oregon, Nevada, California, those in South Dakota (except those south and east of a line beginning at the Nebraska-South Dakota State line and extending along U.S. Highway 83 to junction U.S. Highway 14, thence along U.S. Highway 14 to the Minnesota-South Dakota State line, and those in Wyoming (except those in Goshen and Laramie Counties). The purpose of this filing is to eliminate the gateways of points in Michigan on and south of a line extending along the northern boundaries of Allegan, Barry, and Eaton Counties, Mich., thence along Business Route Interstate Highway 96 to Lansing, thence on and west of a line extending along U.S. Highway 127 to Jackson, thence along unnumbered highway (formerly portion U.S. Highway 127) to junction U.S. Highway 12, near Somerset Center, thence along U.S. Highway 12 to junction U.S. Highway 127, near Somerset, thence along U.S. Highway 127 to the Michigan-Ohio State line, and, Benton Harbor, Mich. The purpose of this correction is to correct the gateway above.

No. MC 59292 (Sub-No. E7), filed May 30, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Avenue, Baltimore, Maryland 21225. Applicant's representative: Charles J. Bruan, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Silos, Silo parts, and materials and supplies*, used by silo manufacturing plants, restricted against commodities requiring special equipment, between (1) points in Lawrence and Butler Counties, Pa., which are on and south of U.S. Highway 422, and (2) points in Allegheny, Washington, Greene and Beaver Counties, Pa., restricted in (1) and (2) above, against service to points within 150 miles of Brunswick, Md., on the one hand, and, on the other, points in Connecticut, Massachusetts, New Hampshire, Rhode Island, and points in New York on and east of a line beginning at the East River along Hutchinson River Parkway to junction U.S. Highway 87, to junction Bedford Road, to junction Cresson Road, to the New York-Connecticut State line. The purpose of this filing is to eliminate the gateway of Pittsburgh, Pa., and Frederick, Md.

No. MC 59292 (Sub-No. E8), filed May 30, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Ave., Baltimore, Md. 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steel Silos, steel silo parts, and steel materials and supplies*, used by silo manufacturing plants, between Baltimore, Md., on the one hand, and, on the other, points in Massachusetts, New Hampshire, West Virginia, points in Rhode Island on, north and west of a line beginning at the Atlantic Ocean and extending along Rhode Island Highway 138 to junction Rhode Island Highway 114, thence along Rhode Island 114 to Junction Rhode Island Highway 103, thence along Rhode Island Highway 103 to junction U.S. Highway 6, thence along U.S. Highway 6 to the Rhode Island-Connecticut State line, points in Connecticut on and north of a line beginning at the Rhode Island-Connecticut State line and extending along U.S. Highway 44 to junction Connecticut Highway 25, thence along Connecticut Highway 25 to junction Connecticut Highway 4, thence along Connecticut Highway 4 to junction U.S. Highway 7, thence along U.S. Highway 7 to junction Connecticut Highway 55, thence along Connecticut Highway 55 to the Connecticut-New York State line, points in New York on, north and west of a line beginning at the New York-Connecticut State line and extending along New York Highway 55 to junction U.S. Highway 209, thence along U.S. Highway 209 to junction New York Highway 52, thence along New York Highway 52 to junction New York Highway 42, thence along New York Highway 42 to junction New York Highway 17, thence along New York Highway 17 to junction U.S. Highway 11, thence along U.S. Highway 11 to the New York-Pennsylvania State line, points in Pennsylvania on and west of a line beginning at the Pennsylvania-New York State line and extending along Pennsylvania Highway 706 to junction U.S. Highway 6, thence along U.S Highway 6 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 87, thence along Pennsylvania Highway 87 to junction Pennsylvania Highway 973, thence along Pennsylvania Highway 973 to junction Pennsylvania Highway 287.

Thence along Pennsylvania Highway 287 to junction Pennsylvania Highway 284, thence along Pennsylvania Highway 284, to junction Pennsylvania Highway 44, thence along Pennsylvania Highway 44 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 144, thence along Pennsylvania Highway 144 to junction Pennsylvania Highway 26, thence along Pennsylvania Highway 26 to junction U.S. Highway 22, thence along U.S. Highway 22 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Pennsylvania Highway 641, thence along Pennsylvania Highway 641 to junction Pennsylvania Highway 433, thence along Pennsylvania Highway 433 to junction Pennsylvania Highway 533, thence along Pennsylvania Highway 533 to junction Pennsylvania Highway 696, thence along Pennsylvania Highway 696 to junction Pennsylvania Highway 997, thence along Pennsylvania Highway 997 to the Maryland-Pennsylvania State line, points in Maryland on and west of a line beginning at the Maryland-Pennsylvania State line and extending along Maryland Highway 64 to junction Maryland Highway 153, thence along Maryland Highway 153 to junction Maryland Highway 355, thence along Maryland Highway 355 to junction Maryland Highway 80, thence along Maryland Highway 80 to junction Maryland Highway 85, thence along Maryland Highway 85 to junction Maryland Highway 28, thence along Maryland Highway 28 to junction U.S. Highway 15, thence along U.S. Highway 15 to the Maryland-Virginia State line, points in Virginia on and west of a line beginning at the Virginia-Maryland State line and extending along U.S. Highway 15 to junction Virginia Highway 7, thence along Virginia Highway 7 to junction Virginia Highway 659, thence along Virginia Highway 659 to junction Virginia Highway 647, thence along Virginia Highway 647 to junction Virginia Highway 642, thence along Virginia Highway 642 to junction Virginia Highway 659.

Thence along Virginia Highway 659 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Virginia Highway 626, thence along Virginia Highway 626 to junction Virginia Highway 55, thence along Virginia Highway 55 to junction Virginia Highway 647, thence along Virginia Highway 647 to

V 40 234 DEC 4 75 D XUM

junction U.S. Highway 522, thence along U.S. Highway 522 to junction Virginia Highway 231, thence along Virginia Highway 231 to junction Virginia Highway 230, thence along Virginia Highway 230 to junction Virginia Highway 604, thence along Virginia Highway 604 to junction Virginia Highway 652, thence along Virginia Highway 652 to junction Virginia Highway 719, thence along Virginia Highway 719 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Virginia Highway 1002, thence along Virginia Highway 1002 to junction Virginia Highway 13, thence along Virginia Highway 13 to junction Virginia Highway 609, thence along Virginia Highway 609 to junction County Highway 609, thence along County Highway 609 to junction County Highway 614, thence along County Highway 614 to junction Virginia Highway 46, thence along Virginia Highway 46 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateway of Frederick, Md.

No. MC 59292 (Sub-No. E10), filed May 21, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Avenue, Baltimore, Md. 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Steel Products*, restricted against commodities requiring special equipment, between Baltimore, Md., on the one hand, and, on the other, (1) points in West Virginia within 150 miles of Brunswick, Md., (2) points in Pennsylvania within 150 miles of Brunswick, Md., which are on and west of a line beginning near Eagles Mere, Pa., and extending along Pennsylvania Highway 87 to junction Pennsylvania Highway 973, thence along Pennsylvania Highway 973 to junction Pennsylvania Highway 287, thence along Pennsylvania Highway 287 to junction Pennsylvania Highway 284, thence along Pennsylvania Highway 284 to junction Pennsylvania Highway 44, thence along Pennsylvania Highway 244 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 144, thence along Pennsylvania Highway 144 to junction Pennsylvania Highway 26, thence along Pennsylvania Highway 26 to junction U.S. Highway 22, thence along U.S. Highway 22 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Pennsylvania Highway 641, thence along Pennsylvania Highway 641 to junction Pennsylvania Highway 433, thence along Pennsylvania Highway 433 to junction Pennsylvania Highway 533, thence along Pennsylvania Highway 533 to junction Pennsylvania Highway 696, thence along Pennsylvania Highway 696 to junction Pennsylvania Highway 997, thence along Pennsylvania Highway 997 to the Pennsylvania-Maryland State line, (3) points in Maryland within 150 miles of Brunswick, Md., which are on and west of a line beginning at the Maryland-Pennsylvania State line and extending along Maryland Highway 64 to junction Maryland Highway 153, thence along Maryland Highway 153 to junction Ellerton Road to junction Maryland Highway 355, thence along Maryland Highway 355 to junction Maryland Highway 80, thence along Maryland Highway 80 to junction Maryland Highway 85.

Thence along Maryland Highway 85 to junction Maryland Highway 28, thence along Maryland Highway 28 to junction U.S. Highway 15, thence along U.S. Highway 15 to the Maryland-Virginia State line, (4) points in Virginia within 150 miles of Brunswick, Md., which are on and west of a line beginning at the Virginia-Maryland State line and extending along U.S. Highway 15 to junction Virginia Highway 7, thence along Virginia Highway 7 to junction Virginia Highway 659, thence along Virginia Highway 659 to junction Virginia Highway 647, thence along Virginia Highway 647 to junction Virginia Highway 642, thence along Virginia Highway 642 to junction Virginia Highway 659, thence along Virginia Highway 659 to junction U.S. Highway 50, thence along U.S. Highway 50 to junction Virginia Highway 626, thence along Virginia Highway 626 to junction Virginia Highway 55, thence along Virginia Highway 55 to junction Virginia Highway 647, thence along Virginia Highway 647 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Virginia Highway 231, thence along Virginia Highway 231, to junction Virginia Highway 230, thence along Virginia Highway 230 to junction Virginia Highway 20, thence along Virginia Highway 20 to junction Virginia Highway 604, thence along Virginia Highway 604 to junction Virginia Highway 608, thence along Virginia Highway 608 to junction Virginia Highway 601, thence along Virginia Highway 601 to junction Virginia Highway 652, thence along Virginia Highway 652 to junction Virginia Highway 719, thence along Virginia Highway 719 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Virginia Highway 1002, thence along Virginia Highway 1002 to junction Virginia Highway 13, thence along Virginia Highway 13 to junction Virginia Highway 609, thence along Virginia Highway 609 to junction Virginia Highway 614, thence along Virginia Highway 614 to junction Virginia Highway 40, thence along Virginia Highway 40 to a point south of Blackstone, Va. The purpose of this filing is to eliminate the gateway of Frederick, Md.

No. MC 59292 (Sub-No. E11), filed May 15, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Avenue, Baltimore, Md. 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such general* merchandise as is dealt in by wholesale grocery business houses, between Baltimore, Md., on the one hand, and, on the other, (1) points in West Virginia within 150 miles of Brunswick, Md. (2) points in Pennsylvania within 150 miles of Brunswick, Md., which are on and west of a line beginning near Haneyville and extending along Pennsylvania Highway 44 to junction Pennsylvania Highway 664, thence along Pennsylvania Highway 664 to junction Pennsylvania Highway 120, thence along Pennsylvania Highway 120 to junction Pennsylvania Highway 144, thence along Pennsylvania Highway 144 to junction Pennsylvania Highway 53, thence along Pennsylvania Highway 53 to junction U.S. Highway 322, thence along U.S. Highway 322 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction Pennsylvania Highway 350, thence along Pennsylvania Highway 350 to junction U.S. Highway 22, thence along U.S. Highway 22 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Pennsylvania Highway 16, thence along Pennsylvania Highway 16 to junction U.S. Highway 11, thence along U.S. Highway 11 to the Pennsylvania-Maryland State line; (3) points in Maryland within 150 miles of Brunswick, Md., which are on and west of a line beginning at the Pennsylvania-Maryland State line and extending along U.S. Highway 11 to junction Maryland Highway 67, thence along Maryland Highway 67 to junction Maryland Highway 17, thence along Maryland Highway 17 to junction Maryland Highway 79, thence along Maryland Highway 79 to the Maryland-Virginia State line; (4) points in Virginia within 150 miles of Brunswick, Md., which are on and west of a line beginning at the Maryland-Virginia State line and extending along Virginia Highway 287, thence along Virginia Highway 287 to junction Virginia Highway 672, thence along Virginia Highway 672 to junction U.S. Highway 15.

Thence along U.S. Highway 15 to junction Virginia Highway 7, thence along Virginia Highway 7 to junction Virginia Highway 653, thence along Virginia Highway 653 to junction Virginia Highway 659, thence along Virginia Highway 659 to junction Virginia Highway 647, thence along Virginia Highway 647 to junction Virginia Highway 642, thence along Virginia Highway 642 to junction Virginia Highway 659, thence along Virginia Highway 659 to junction Virginia Highway 621, thence along Virginia Highway 621 to junction Virginia Highway 733, thence along Virginia Highway 733 to junction Virginia Highway 734, thence along Virginia Highway 734 to junction Virginia Highway 748, thence along Virginia Highway 748 to junction Virginia Highway 626, thence along Virginia Highway 626 to junction Virginia Highway 55, thence along Virginia Highway 55 to junction Virginia Highway 721, thence along Virginia Highway 721 to junction Virginia Highway 647, thence along Virginia Highway 647 to junction U.S. Highway 522, thence along U.S. Highway 522 to junction Virginia Highway 231, thence along Virginia Highway 231 to junction Virginia Highway 230, thence along Virginia Highway 230 to junction U.S. Highway 15, thence along U.S. Highway 15 to junction U.S. Highway 33, thence along U.S. Highway 33 to junction Virginia Highway 659, thence along Virginia Highway 659 to junction Virginia Highway 690, thence along Virginia Highway 690 to junction Virginia Highway 610, thence along Virginia Highway 610 to junction U.S. Highway 15, thence along U.S. Highway 15 to a point near Farmville, Va. The purpose of this filing is to eliminate the gateway of Brunswick, Md., or points within 5 miles thereof.

No. MC 59292 (Sub-No. E13), filed May 28, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Ave., Baltimore, Md. 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fire clay prdoucts*, from Baltimore, Md., to points in New York on and east of a line beginning at the Pennsylvania-New York State line and extending along U.S. Highway 11 to junction New York Highway 90, thence along New York Highway 90 to junction New York Highway 38, thence along New York Highway 38 to junction U.S. Highway 104, thence along U.S. Highway 104 to Lake Ontario. The purpose of this filing is to eliminate the gateway of Chester, Pa., Wilmington, Del., and Reading, Pa.

No. MC 59292 (Sub-No. E14), filed May 28, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Ave., Baltimore, Md. 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fire clay products*, from Baltimore, Md., to points in Pennsylvania on and east of a line beginning at the Pennsylvania-New Jersey State line and extending along Pennsylvania Highway 611 to junction Pennsylvania Highway 412, thence along Pennsylvania Highway 412 to junction Pennsylvania Highway 512, thence along Pennsylvania Highway 512 to junction U.S. Highway 209, thence along U.S. Highway 209 to junction Interstate Highway 80, thence along Interstate Highway 80 to junction Interstate Highway 380, thence along Interstate Highway 380 to junction Interstate Highway 81, thence along Interstate Highway 81 to the New York-Pennsylvania State line. The purpose of this filing is to eliminate the gateway of Chester, Pa., and Wilmington, Del.

No. MC 59292 (Sub-No. E16), filed June 7. 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Avenue, Baltimore, Maryland 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fire clay products*, from North East, Md., and points in Maryland on and west of Maryland Highway 272, to points in New Jersey on and east of a line beginning at Delaware Bay near Moores Beach and extending along unnumbered highway to junction New Jersey Highway 47, thence along New Jersey Highway 47 to junction New Jersey Highway 557, thence along New Jersey Highway 557 to junction New Jersey Highway 54, thence along New Jersey Highway 54 to junction U.S. Highway 30, thence along U.S. Highway 30 to the New Jersey-New York State line. The purpose of this filing is to eliminate the gateway of Chester, Pa.

No. MC 59292 (Sub-No. E23), filed June 4, 1974. Applicant: MARYLAND TRANSPORTATION CO., 1111 Frankfurst Ave., Baltimore, Md. 21225. Applicant's representative: Charles J. Braun, Jr. (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fire clay products*, from North East, Md., to points in New York, on and north of a line beginning at the New York-Pennsylvania State line and extending along U.S. Highway 11, thence along U.S. Highway 11 to junction New York Highway 17, thence along New York Highway 17 to junction New York Highway 30, thence along New York Highway 30 to junction New York Highway 28, thence along New York Highway 28 to junction New York Highway 212, thence along New York Highway 212 to junction U.S. Highway 9W, thence along U.S. Highway 9W to junction New York Highway 23, thence along New York Highway 23 to the New York-Massachusetts State line. The purpose of this filing is to eliminate the gateway of Chester, Pa., Wilmington, Del., and Reading, Pa.

No. MC 64932 (Sub-No. E132), (Correction), filed June 3, 1974, published in the FEDERAL REGISTER September 9, 1975. Applicant: ROGERS CARTAGE CO., 10735 So. Cicero Ave., Oak Lawn, Ill. 60453. Applicant's representative: W. F. Farrell (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid chemicals*, in bulk, in tank vehicles, from those points in Ohio on, east, and north of a line beginning at Lake Erie and extending along Ohio Highway 83 to junction Interstate Highway 224 thence along Interstate Highway 224 to the Ohio-Pennsylvania State line, to points in California. The purpose of this filing is to eliminate the gateway of Ferndale, Mich., and the plant sites of Baird Chemical Industries, Inc., located at or near Mapleton, Ill. The purpose of this correction is to include the destination points.

No. MC 67450 (Sub-No. E3), (Correction), filed May 15, 1974, published in the FEDERAL REGISTER September 25, 1975. Applicant: PETERLIN CARTAGE COMPANY, 9651 Ewing Ave., Chicago, Ill. 60617. Applicant's representative: Frank Peterlin (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Corn sugar*, dry, in bulk, from Chicago, Ill., to points in Kentucky on, south, and west of a line beginning at the Kentucky-Tennessee State line extending along U.S. Highway 127 to junction Kentucky Highway 90, thence along Kentucky Highway 90 to junction Kentucky Highway 61, thence along Kentucky Highway 61 to Elizabethtown, thence along Kentucky Highway 86 to junction U.S. Highway 60, thence along U.S. Highway 60 to Owensboro, thence along U.S. Highway 231 to the Kentucky-Indiana State line, and points in Tennessee on and east of a line beginning at the Tennessee-North Carolina State line extending along Interstate Highway 40 to junction U.S. Highway 25E, thence along U.S. Highway 25E to the Tennessee-Kentucky State line. The purpose of this filing is to eliminate the gateway of Mt. Vernon, Ind. The purpose of this correction is to correct the gateway above.

No. MC 67450 (Sub-No. E4), (Correction), filed May 15, 1974, published in the FEDERAL REGISTER September 25, 1975. Applicant: PETERLIN CARTAGE COMPANY, 9651 Ewing Ave., Chicago, Ill. 60617. Applicant's representative: Frank Peterlin (same as above). Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: *Corn sugar*, dry, in bulk, from the plants and warehouses of General Mills, Inc., at West Chicago, Ill., to points in Kentucky, on, south, and west of a line beginning at the Kentucky-Tennessee State line extending along U.S. Highway 127 to junction Kentucky Highway 90, thence along Kentucky Highway 90 to junction Kentucky Highway 61, thence along Kentucky Highway 61 to Elizabethtown, thence along Kentucky Highway 86 to junction U.S. Highway 60, thence along U.S. Highway 60 to Owensboro, thence along U.S. Highway 231 to the Kentucky-Indiana State line, and points in Tennessee on and west of a line beginning at the Tennessee-North Carolina State line extending along Interstate Highway 40 to junction U.S. Highway 25E, thence along U.S. Highway 25E to the Tennessee-Kentucky State line. The purpose of this filing is to eliminate the gateway of Mt. Vernon, Ind. The purpose of this correction is to correct the territorial descriptions above.

No. MC 67450 (Sub-No. E89), (Correction), filed May 15, 1974, published in the FEDERAL REGISTER September 18, 1975. Applicant: PETERLIN CARTAGE COMPANY, 9651 Ewing Ave., Chicago, Ill. 60617. Applicant's representative: Frank Peterlin (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Flour*, in bulk, in tank vehicles, from points in Illinois on, east, and south of a line beginning at the Illinois-Missouri State line extending along U.S. Highway 40 to Effingham, thence along Interstate Highway 57 to junction Interstate Highway 74, thence along Interstate Highway 74 to junction Illinois Highway 47, thence along Illinois Highway 47 to junction Interstate Highway 55, thence along Interstate Highway 55 to Chicago, to points in Wisconsin on, east, and north of a line beginning at the Illinois-Wisconsin State line extending along U.S. Highway 12 to junction Interstate Highway 94, thence along Interstate Highway 94 to Eau

V40I234 DEC 4 75 XUM

Claire, thence along U.S. Highway 53 to the Wisconsin-Minnesota State line. The purpose of this filing is to eliminate the gateways of Chicago, Ill., and points in Wisconsin (except those lying east and north of a line beginning at the Michigan-Wisconsin State line extending along U.S. Highway 41 to junction Wisconsin Highway 60, thence along Wisconsin Highway 60 to Grafton, thence east from Grafton to Lake Michigan, excluding points on the aforesaid highways). The purpose of this correction is to correct the territorial descriptions above.

No. MC 67646 (Sub-No. E5) (Correction), filed May 16, 1974, published in the FEDERAL REGISTER September 2, 1975. Applicant: HALL'S MOTOR TRANSIT COMPANY, 6060 Carlisle Pike, Mechanicsburg, Pa. 17055. Applicant's representative: Daniel W. Rohrbaugh (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (2) *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between those points in Ohio within 80 miles of Greenville, Pa., which are on and north of a line beginning at the Pennsylvania-Ohio State line, thence along Ohio Highway 14 to junction Ohio Highway 14A, thence along Ohio Highway 14A to junction U.S. Highway 62, thence along U.S. Highway 62 to junction U.S. Highway 30, thence along U.S. Highway 30, on the one hand, and, on the other, those points within 50 miles of Frederick, Md., in Anne Arundel, Baltimore, Carroll, Frederick, Harford, Howard, Montgomery, and Prince Georges Counties, and Baltimore City, Md., and in Washington, D.C., commercial zone (Greenville, Pa.; Hagerstown, Md.; a point within 8 miles of Fairview, Md.; Frederick, Md.; and Rockville, Md.) *; (6) *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between points in Ohio which are on and south of U.S. Highway 30 and on and east of Ohio Highway 13, on the one hand, and, on the other, those points within 50 miles of Fairview, Md., in Adams, Cumberland, and Franklin Counties, Pa., and in Washington (on and east of Interstate Highway 81), and Frederick Counties, Md. (Uniontown, Pa., and Hagerstown, Md., Fairview, Md., and points within 8 miles thereof) *;

(7) *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, livestock, commodities requiring special equipment, and those injurious or contaminating to other lading), between those points in Ohio which are on and south of U.S. Highway 30 and on and east of Ohio Highway 13, on the one hand, and, on the other, those points within 50 miles of Frederick, Md., which are in Anne Arundel, Baltimore, Carroll, Frederick, Harford, Howard, Montgomery, and Prince Georges Counties, and Baltimore City, Md., in Adams and York Counties, Pa., and in Washington, D.C., commercial zone (Uniontown, Pa., and Hagerstown, Frederick, and Rockville, Md.) *; (8) *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, livestock, commodities requiring special equipment, and those injurious or contaminating to other lading), between those points in Ohio which are on and east of Ohio Highway 13, on the one hand, and, on the other, points in Anne Arundel, Calvert, Charles, St. Mary's, and Prince Georges Counties, Md., and in Fairfax and Prince William (on and east of Virginia Highway 123) Counties, Va. (Uniontown, Pa., Hagerstown, Frederick, and Rockville, Md.) *. The purpose of this filing is to eliminate the gateways indicated by asterisks above. The purpose of this partial correction is to correct the gateways above. The remainder of this letter-notice remains as previously published.

No. MC 67646 (Sub-No. E6), (Correction), filed May 16, 1974, published in the FEDERAL REGISTER August 12, 1975. Applicant: HALL'S MOTOR TRANSIT COMPANY, 6060 Carlisle Pike, Mechanicsburg, Pa. 17055. Applicant's representative: Daniel W. Rohrbaugh (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (2) *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between points in Allegheny, Fayette, Greene, Washington, and Westmoreland Counties, Pa., and those in Brooke, Hancock, Marshall, and Ohio Counties, W. Va., on the one hand, and, on the other, points in Erie County, Pa., on and north of U.S. Highway 6, and those points in Ashtabula County, Ohio, north of U.S. Highway 6; (5) *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, commodities requiring special equipment, and those injurious or contaminating to other lading), between points in Fayette, Green, and Washington Counties, Pa., and points in Marshall and Ohio Counties, W. Va., on the one hand, and, on the other, those points in New York, New Jersey, Pennsylvania, Maryland, Virginia, and the District of Columbia, on and east of a line beginning at the United States-Canada International Boundary line, thence along Interstate Highway 87 to junction New York Highway 8, thence along New York Highway 8 to junction New York Highway 17, thence along New York Highway 17 to junction New York Highway 79, thence along New York Highway 79 to the New York-Pennsylvania State line, thence along Pennsylvania Highway 92 to junction Interstate Highway 81, thence along Interstate Highway 81 to junction Interstate Highway 83, thence along Interstate Highway 83 to junction U.S. Highway 11, thence along U.S. Highway 11 to junction Interstate Highway 81, thence along Interstate Highway 81 to junction Interstate Highway 70, thence along Interstate Highway 70 to junction Interstate Highway 70S, thence along Interstate Highway 70S to junction Interstate Highway 495, thence along Interstate Highway 495 to junction Maryland Highway 5, thence along Maryland Highway 5 to junction U.S. Highway 301, thence along U.S. Highway 301 to junction U.S. Highway 360, thence along U.S. Highway 360 to junction U.S. Highway 15, thence along U.S. Highway 15 to the Virginia-North Carolina State line. The purpose of this filing is to eliminate the gateways of Greenville, Pa., in (1) above, and Bedford, Pa., Fairview and Hagerstown, Md., in (5) above. The purpose of this partial correction is to correct the territorial descriptions above and to correct the "E" number previously published as E5. The remainder of this letter-notice remains as previously published.

No. MC 72243 (Sub-No. E23), (Correction), filed May 15, 1974. Published in the FEDERAL REGISTER October 14, 1975. Applicant: AETNA FREIGHT LINES, INC., 2507 Youngstown Rd., S.E., P.O. Box 350, Warren, Ohio 44482. Applicant's representative: Edward G. Villalon, Suite 1032 Penn Bldg., 13th and Pennsylvania Ave., N.W., Washington, D.C. 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Iron and Steel and iron and steel articles*, which because of size or weight require the use of special equipment, between points in Ohio on and north of a line beginning at the Ohio-West Virginia State line and extending along Ohio Highway 39 to junction Ohio Highway 93, thence along Ohio Highway 93 to junction U.S. Highway 36, thence along U.S. Highway 36 to junction Ohio Highway 16, thence along Ohio Highway 16 to junction U.S. Highway 62, thence along U.S. Highway 62 to junction U.S. Highway 22, thence along U.S. Highway 22 to the Ohio-Kentucky State line, on the one hand, and, on the other, points in Kentucky on and west of a line beginning at the Kentucky-Ohio State line and extending along Interstate Highway 75 to junction Kentucky Highway 15 to junction Kentucky Highway 80, thence along Kentucky Highway 80 to junction U.S. Highway 421, thence along U.S. Highway 421 to the Kentucky-Tennessee State line. The purpose of this filing is to eliminate the gateway of points in the Cincinnati, Ohio Commercial Zone, which are in Kentucky. The purpose of this correction is to reflect the correct commodities. The remainder of the letter-notice is to remain as previously published.

No. MC 83745 (Sub-No. E1), filed June 4, 1974. Applicant: BOND TRANSPORT, INC., P.O. Box 548, Irwin, Pa. 15642. Applicant's representative: William J. Lavelle, 2310 Grant Bldg., Pittsburgh, Pa. 15217. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Commodities*, which because of size or weight require specialized handling and rigging, restricted so that, or provided that, the loading and/or unloading which necessitates the specialized handling and rigging is performed by the consignor or consignee or both, between points in Westmoreland County, Pa., located within 25 miles of Pittsburgh, Pa., on the one hand, and, on the other, points in Ohio. The purpose of this filing is to eliminate the gateway of Pittsburgh, Pa.

No. MC 92983 (Sub-No. E22), filed June 4, 1974. Applicant: AMERICAN BULK TRANSPORT CO., 818 Grand Avenue, P.O. Box 2508, Kansas City, Mo. 64142. Applicant's representative: H. B. Foster (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Chemicals* (except petroleum and petroleum products, synthetic resins and varnish), in bulk, in tank vehicles, from Calvert City, Ky., to points in Minnesota located in and west of St. Louis, Carlton, Pine, Chisago, Washington, Dakota, Rice, Steele, and Freeborn Counties; (B) *Chemicals*, in bulk, in tank vehicles, (1) from Calvert City, Ky., to points in Idaho, Montana, North Dakota, South Dakota, and Wyoming, (2) from Calvert City, Ky., to points in Arizona, California, Nevada, New Mexico, Oregon, and Utah (3) from Calvert City, Ky., to points in Missouri located in and west of Cass, Jackson, Ray, Caldwell, Daviess, and Harrison Counties, (4) from Calvert City, Ky., to points in Kansas (except Chatauqua, Montgomery, Labette, Cherokee, and Crawford Counties), (5) from Calvert City, Ky., to points in Oklahoma located in and west of Grant, Garfield, Kingfisher, Canadian, Caddo, Comanche, and Cotton Counties, (6) from Calvert City, Ky., to points in Nebraska and Colorado, (7) from Calvert City, Ky., to points in Iowa located in and west of Kassuth, Humboldt, Webster, Green, Guthrie, Adair, Union, and Ringgold Counties; (C) *Liquid chemicals*, in bulk, in tank vehicles, from Calvert City, Ky., to points in Texas located in, north, and west of Childress, Hall, Floyd, Lubbock, Terry, and Yoakum Counties; (D) *Chemicals*, in bulk, in tank vehicles, from Calvert City, Ky., to points in Washington.

(E) *Unprocessed fats*, in bulk, in tank vehicles, from points in Kentucky to points in Washington, Oregon, and Idaho; (F) *Cottonseed oil, soybean oil* and *blends* thereof, *cottonseed oil products* and *soybean oil products* (except soap products and paints), in bulk, in tank vehicles, (1) from points in Kentucky located in and east of Daviess, McLean, Muhlenberg, and Christian Counties to Evadale and Wilson, Ark., (2) from points in Kentucky located in and east of Clinton, Wayne, Pulaski, Rock, Castle, Jackson, Owsley, Lee, Wolfe, Morgan, Elliott, Lawrence, and Boyd Counties to Carthage, Mo., (3) from points in Kentucky to Jackson, Miss., (4) from points in Kentucky located in and east of Hancock, Breckinridge, Grayson, Edmondson, Warren, and Simpson Counties and to Osceola, Ark., (5) from points in Kentucky to Dallas, Tex.; (G) *Vegetable oils and vegetable oil products* (except soap products and paint), in bulk, in tank vehicles, (1) from points in Kentucky to points in Louisiana located in and west of East Feliciana, East Baton Rouge, Iberville, Iberia, and St. Mary Parishes, (2) from points in Kentucky (except McCreary, Whitley, Knox, Bell, and Harlan Counties), to points in Louisiana, (3) from points in Kentucky to points in Mississipi located in and west of Marshall, Lafayette, Yalobusha, Grenada, Carroll, Holmes, Madison, Hinds, Copiah, Lincoln, and Pike Counties (except Jackson County), (4) from points in Kentucky located in and north of Jefferson, Spencer, Anderson, Woodford, Fayette, Bourbon, Montgomery, Bath, Rowan, Elliott, and Lawrence Counties to points in Alabama located in Mobile and Baldwin Counties and to points in Mississippi located in, south, and west of Marshall, Lafayette, Calhoun, Webster, Oktibbeha, Winston, Neshoba, and Lauderdale Counties (except those points in Mississippi described in (2) above); (H) *Vinegar*, in bulk, in tank vehicles, from points in Kentucky located in and east of Mason, Robertson, Nicholas, Bourbon, Fayette, Jessamine, Garrard, Lincoln, Casey, Russell, and Clinton Counties and to points in Arkansas.

(I) *Liquid caustic soda* and *liquid caustic potash*, in bulk, in tank vehicles, (1) from Calvert City, Ky., to points in Iowa located in and north of Clinton, Jones, Delaware, Buchanan, Black Hawk, Grundy, Hardin, Hamilton, Webster, Calhoun, Sac, Ida, and Woodbury Counties, (2) from Calvert City, Ky., to points in Minnesota, (3) from Calvert City, Ky., to points in Wisconsin, and (4) from Calvert City, Ky., to points in Michigan; (J) *Alcoholic spirits* (except beverages), in bulk, in tank vehicles, (1) from points in Kentucky (except Ashland, Catlettsburg, Latonia, and Louisville and within 10 miles thereof) to points in North Dakota, (2) from points in Kentucky (except Ashland, Catlettsburg, Latonia, and Louisville and 10 miles thereof, to points in South Dakota (3) from Ashland, Catlettsburg, Latonia, and Louisville, Ky., and points within 10 miles thereof to points in Oklahoma, (4) from Ashland, Catlettsburg, Latonia, and Louisville, Ky., and points within 10 miles thereof to points in North Dakota, (5) from Ashland, Catlettsburg, Latonia, and Louisville, Ky., and points within 10 miles thereof to points in Wisconsin located in and west of Ashland, Sawyer, Rusk, Chippewa, Eau Claire, Trempealeau, La Crosse, Vernon, Crawford, and Grant Counties, (6) from Ashland and Catlettsburg, Ky., and points within 10 miles thereof, to points in Arkansas located in Benton, Washington, Crawford, Sebastian, Scott, Polk, and Sevier Counties, (7) from Latonia, Ky., and points within 10 miles thereof, to points in Arkansas located in and west of Boone, Newton, Pope, Yell, Montgomery, Howard, and Little River Counties, (8) from Louisville, Ky., and points within 10 miles thereof, to points in Arkansas located in Benton, Washington, Crawford, and Sebastian Counties, (9) from Ashland, Catlettsburg, Latonia, and Louisville, Ky., and points within 10 miles thereof, to points in Michigan located in Keweenaw, Houghton, Ontonagon, and Gogebic Counties, (10) from Ashland, Catlettsburg, and Latonia, Ky., and points within ten miles thereof, to points in Texas (except Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, and Montgomery Counties), (11) from Ashland, Catlettsburg, Latonia, and Louisville, Ky., and points within 10 miles thereof, to points in South Dakota, (12) from Louisville, Ky., and points within 10 miles thereof to points in Texas (except Bowie, Cass, Marion, Panola, Shelby, Sabine, Newton, Orange, Jefferson, Brazoria, Chambers; Fort Bend, Galveston, Harris, Liberty, and Montgomery Counties); (K) *Acids and chemicals*, in bulk, in tank vehicles, from points in Kentucky located in and north of Jefferson, Shelby, Franklin, Scott, Bourbon, Bath, Rowan, Carter, and Boyd Counties, to Dallas, Tex.

(L) *Acids* and *chemicals* (except derivatives of petroleum or petroleum products), in bulk, in tank or hopper vehicles, (1) from points in Kentucky located in and east of Meade, Hardin, Larue, Green, Adair, Russell, and Wayne Counties to points in Minnesota located on and west of a line extending from the Minnesota-Iowa State line along U.S. Highway 59 to junction Minnesota Highway 68, thence along Minnesota Highway 68 to the Minnesota-South Dakota State line, (2) from points in Kentucky located in Breckenridge, Grayson, Hart, Metcalfe, Cumberland, Clinton, Monroe, Allen, Barren, Edmonson, Warren, Butler, Muhlenberg, Ohio, Hancock, Daviess, McLean, Hopkins, Webster, Henderson, Union, and Crittenden Counties to points in Minnesota located in and west of Faribault, Blue Earth, Nicollet, Sibley, McLeod, Meeker, Stearns, Morrison, Crow Wing, Cass, Beltrami, and Lake of the Woods Counties, (3) from points in Kentucky located in and west of Simpson, Logan, Todd, Christian, Caldwell, Lyon, and Livingston Counties to points in Minnesota located on and west and north of a line extending from the Minnesota-Iowa State line along Interstate Highway 35 to junction Minnesota Highway 73, thence along Minnesota Highway 73 to junction Minnesota Highway 1, thence along Minnesota Highway 1 to the Baptism River to Lake Superior; (M) *Acids* and *chemicals*, in bulk, (1) from points in Kentucky (except Calvert City) to points in Idaho, Montana, North Dakota, South Dakota, and Wyoming, (2) from points in Kentucky (except Calvert City) to points in Arizona, California, Nevada, New Mexico, Oregon, and Utah.

V40234 DEC 4 75 XUM

(N) *Acids* and *chemicals*, in bulk, in tank or hopper vehicles, (1) from points in Kentucky located in, south, and west of Henderson, McLean, Ohio, Grayson, Hart, Green, Taylor, Casey, Pulaski, Laurel, Clay, Leslie, and Harlan Counties (except Calvert City) to points in Oklahoma located on and west of a line extending from the Oklahoma-Kansas State line along Interstate Highway 35 to junction U.S. Highway 64, thence along U.S. Highway 64 to junction U.S. Highway 81, thence along U.S. Highway 81 to junction Oklahoma Highway 51, thence along Oklahoma Highway 51 to junction Oklahoma Highway 8, thence along Oklahoma Highway 8 to junction Oklahoma Highway 33, thence along Oklahoma Highway 33 to junction U.S. Highway 183, thence along U.S. Highway 183 to the Oklahoma-Texas State line, (2) from points in Kentucky located in and north of Daviess, Hancock, Breckenridge, Hardin, Larue, Marion, Boyle, Lincoln, Rock Castle, Jackson, Owsley, Perry, and Letcher Counties to points in Oklahoma located on and west of U.S. Highway 69, (3) from points in Kentucky located in and west of Bullitt, Nelson, Marion, Casey, Pulaski, McCreary, and Whitley Counties (except Calvert City), to points in Colorado, points in Kansas located on, north, and west of a line extending from the Kansas-Oklahoma State line along U.S. Highway 77 to junction U.S. Highway 160, thence along U.S. Highway 160 to junction Kansas Highway 99, thence along Kansas Highway 99 to junction Kansas Highway 96, thence along Kansas Highway 96 to junction Kansas Highway 39, thence along Kansas Highway 39 to junction U.S. Highway 169, thence along U.S. Highway 169 to junction U.S. 54, thence along U.S. Highway 54 to junction U.S. Highway 59, thence along U.S. Highway 59 to junction Kansas Highway 52, thence along Kansas Highway 52 to the Kansas-Missouri State line and points in Missouri located in Cass, Jackson, Clay, Platte, Buchanan, Clinton, DeKalb, Andrew, Holt, Nodaway, and Atchison Counties, (4) from points in Kentucky located in, east, and north of Jefferson, Spencer, Washington, Boyle, Lincoln, Rock Castle, Laurel, Knox, and Bell Counties to points in Colorado, Kansas, and points in Missouri located on and west of a line extending from the Missouri-Oklahoma State line along Interstate Highway 44 to junction U.S. Highway 71, thence along U.S. Highway 71 to the southern boundary of Cass County, thence along the southern and eastern boundaries of Cass County and eastern boundaries of Jackson, Clay, Clinton, DeKalb, Andrew, and Nodoway Counties to the Missouri-Iowa State line, (5) from points in Kentucky located in and north of Breckenridge, Hardin, Nelson, Washington, Mercer, Jessamine, Madison, Estill, Powell, Wolfe, Morgan, and Lawrence Counties to points in Iowa located in Fremont, Page, Montgomery, Mills, Pottawattamie, Harrison, Monona, Woodbury, Plymouth, Sioux, and Lyon Counties, and points in Nebraska, (6) from points in Kentucky located in, south, and west of Hancock, Ohio, Grayson, Larue, Marion, Boyle, Garrard, Rock Castle, Jackson, Lee, Breathitt, Magoffin, Johnson, and Martin Counties to points in Iowa located on and west of a line extending from the Iowa-Missouri State line along U.S. Highway 69 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction Interstate Highway 35, thence along Interstate Highway 35 to junction Iowa Highway 92, thence along Iowa Highway 92 to junction U.S. Highway 169, thence along U.S. Highway 169 to the Iowa-Minnesota State line and points in Nebraska.

(O) *Acids* and *liquidchemicals* (except those derived from petroleum and petroleum products), in bulk, in tank vehicles, (1) from points in Kentucky located in, south, and west of Henderson, McLean, Ohio, Grayson, Hart, Green, Adair, Russell, Wayne, McCreary, Whitley, Knox, Bell, and Harlan Counties (except Calvert City), to points in Texas located in, north, and west of Wheeler, Donley, Briscoe, Swisher, Hale, Hockley, Yoakum, and El Paso Counties, (2) from points in Kentucky located in and bounded by Daviess, Hancock, Breckinridge, Meade, Hardin, Bullitt, Spencer, Anderson, Woodford, Fayette, Clark, Montgomery, Menifee, Morgan, Elliott, Lawrence, Martin, Pike, Letcher, Perry, Leslie, Clay, Laurel, Pulaski, Casey, Taylor, and Larue Counties to points in Texas located in and west of Wichita, Archer, Throckmorton, Haskell, Jones, Taylor, Runnels, Tom Green, Schleicher, Sutton, and Val Verde Counties, (3) from points in Kentucky located north of Jefferson, Shelby, Franklin, Scott, Bourbon, Bath, Rowan, Carter, and Boyd Counties to points in Texas located in and west of Grayson, Denton, Tarrant, Johnson, Bosque, Coryell, Lampasas, Burnet, Blanco, Kendall, Bexar, Atascosa, Live Oak, Jim Wells, and Nueces Counties; (P) *Liquid chemicals*, in bulk, in tank or hopper vehicles, from points in Kentucky located in and north of Jefferson, Shelby, Franklin, Scott, Bourbon, Bath, Rowan, Carter, and Boyd Counties to points in Texas located in and north and west of Childress, Cottle, Dickens, Kent, Scurry, Mitchell, Howard, Glasscock, Reagan, Upton, Pecos, and Terrell Counties; and (Q) *Acids* and *chemicals*, in bulk, from points in Kentucky (except Calvert city), to points in Washington. The purpose of this filing is to eliminate the gateways of: (A) Kansas City, Mo.; (B) (1) Kansas City, Kans.; (B) (2) Kansas City, Mo.; (B) (3) Olathe, Kans. (a point in the Kansas City, Mo.-Kans. commercial zone; (C) Olanthe, Kans. (a point in the Kansas City, Mo.-Kans. commercial zone), and Lawrence, Kans.; (D) Kansas City, Mo.; (E) Champaign, Ill., Dubuque, Iowa, and Kansas; (F) (1) (3)–(5) Memphis, Tenn.; (F) (2) Memphis, Tenn., and Evadale, Ark.; (G) & (H) Memphis, Tenn.; (I) (1) Chicago, Ill., (I) (2) points in Illinois within the Muscatine, Iowa, commercial zone; (I) (3) Utical, Il.; (I) (4) plantsite of Blockson Chemical Co., at or near Joliet, Ill., (J) (1) (4) & (5) Muscatine, Iowa, and points within ten miles thereof; (J) (2) & (11) Windham, Iowa, and points within 15 miles thereof; (J) (3), (6) & (8) Saginaw, Mo., and points within 15 miles thereof; (J) (9) plantsite of Hawkeye Chemical Co., at or near Clinton, Iowa; (J) (10) & (12) Springfield, Mo.; (K), (L) points in the Kansas City, Kans.-Kansas City, Mo., commercial zone (a point formerly known as Turner, Kans.); (M) (1) Kansas City, Kans. (a point formerly known as Turner, Kans.); (M) (21) points in the Kansas City, Kans.-Kansas City, Mo., commercial zone (a point formerly known as Turner, Kans.); (N) those points that are in both the Olathe, Kans., and Kansas City, Kansas., commercial zones (a point formerly known as Turner, Kans.); (O) those points that are in both the Olathe, Kans., and Kansas City, Kansas, commercial zones (a point formerly known as Turner, Kans.), and Lawrence, Kans.; (P) those points that are in both the Olathe, Kans., and Kansas City, Kans., commercial zone (a point formerly known as Turner, Kans., and Springfield, Mo.; and (Q) Kansas City, Kans., Kansas City, Mo., commercial zone (a point formerly known as Turner, Kans.).

No. MC 106497 (Sub-No. E3), (correction), filed May 14, 1974, published in the FEDERAL REGISTER September 3, 1975. Applicant: PARKHILL TRUCK COMPANY, P.O. Box 912, Joplin, Mo. 64801. Applicant's representative: T. M. Tallon (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Commodities*, the transportation of which because of their size or weight requires the use of special equipment or handling, (2) *Parts* of commodities described in (1) above which do not require special equipment when moving in the same shipment or the same bill of lading from a single consignor as commodities described in (1) above, and (3) *Self-propelled articles*, each weighing 15,000 pounds or more, and *related machinery, tools, parts, and supplies* moving in connection therewith (restricted to self-propelled articles, which are transported on trailers), between points in Kentucky, on the one hand, and, on the other, points in Colorado, New Mexico, Oregon, Washington, and Wyoming. The purpose of this filing is to eliminate the gateways of Indiana and Wyoming. The purpose of this correction is to correct the destination States above.

No. MC 108207 (Sub-No. E35), (Correction), filed May 19, 1974, published in the FEDERAL REGISTER December 12, 1974. Applicant: FROZEN FOOD EXPRESS, INC., P.O. Box 5888, Dallas, Tex. 75222. Applicant's representative: Mike Smith (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Meats, meat products, meat by-products*, and *articles* distributed by meat packinghouses, as described in Sections A and C of Appendix I to the report in *Descriptions in Motor Carriers Certificates*, 61 M.C.C. 209, 273, 766, *dairy products, frozen foods, salad dressing, yeast, uncooked bakery goods, fish*, and *prepared salads*, in vehicles

equipped with mechanical refrigeration, and (2) *foodstuffs*, in vehicles equipped with mechanical refrigeration (except those described in Paragraph (1) above, and alcoholic beverages and except canned foods from Paris, Tex.), when moving in mixed loads with one or more of the commodities described in Paragraph (1) above, from points in California to points in Arkansas, Ohio, Oklahoma, Kansas, Missouri, Illinois, Iowa, Michigan, Mississippi, Wisconsin, Indiana, Minnesota, and Nebraska. The purpose of this filing is to eliminate the gateways of points in Texas. The purpose of this correction is to correct the destination states above.

No. MC 108207 (Sub-No. E40) (Correction), filed May 31, 1974, published in the FEDERAL REGISTER December 3, 1974. Applicant: FROZEN FOOD EXPRESS, INC., P.O. Box 5888, Dallas, Tex. 75222. Applicant's representative: Mike Smith (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fresh meats*, from points in California, New Mexico, Texas, and Arizona to Louisville, Ky., and Pittsburgh, Pa. The purpose of this filing is to eliminate the gateway of Mt. Pleasant, Tex. The purpose of this correction is to correct the gateway above.

No. MC 108207 (Sub-No. E51) (Correction), filed May 31, 1975, published in the FEDERAL REGISTER December 3, 1974. Applicant: FROZEN FOOD EXPRESS, INC., P.O. Box 5888, Dallas, Tex. 75222. Applicant's representative: Mike Smith (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat by-products*, and *dairy products*, from Columbus Junction, Iowa, to points in New Mexico, Arizona, California, Texas, Louisiana, Mississippi, and Memphis, Tenn. The purpose of this filing is to eliminate the gateways of points in Texas, Oklahoma, and Arkansas. The purpose of this correction is to correct the gateway above.

No. MC 113459 (Sub-No. E119), (Correction), filed May 14, 1974, published in the FEDERAL REGISTER June 25, 1975. Applicant: H. J. JEFFRIES TRUCK LINE, INC, P.O. Box 94850, Oklahoma City, Okla. 73109. Applicant's representative: Robert Fisher (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Machinery, equipment, materials*, and *supplies* used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products, except in connection with main or trunk pipelines, and *machinery, equipment, materials*, and *supplies* used in, or in connection with, the construction, operation, repair, servicing, maintenance, and dismantling of pipe lines, except in connection with main or trunk pipelines, between points in Nebraska, on the one hand, and, on the other, Casper, Wyo., and those points in Wyoming on and east of a line beginning at the Colorado-Wyoming State line, and extending along U.S. Highway 287 to junction U.S. Highway 34, thence along U.S. Highway 34 to junction U.S. Highway 87, thence along U.S. Highway 87 to junction Wyoming Highway 59, thence along Wyoming Highway 59 to junction U.S. Highway 14, thence along U.S. Highway 14 through Moorcroft, Sundance, and Benlah, Wyo., to the Wyoming-South Dakota State line. The purpose of this filing is to eliminate the gateways of points in Nebraska west of U.S. Highway 83. The purpose of this correction is to correct the "E" number above, previously published as E113.

No. MC 114019 (Sub-No. E270), filed May 24, 1974. Applicant: MIDWEST EMERY FREIGHT SYSTEM, INC., 7000 S. Pulaski Rd., Chicago, Ill. 60629. Applicant's representative: Arthur J. Sibik (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, and meat by-products, and articles* distributed by packinghouses as described in Sections A and C of Appendix to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 and *equipment materials and supplies*, used in the conduct of such business, except liquid commodities in bulk, in tank vehicles, from the plant site of Momence Pork Packers Co., at Momence, Ill., to points in Maine, Vermont, New Hampshire, West Virginia, Maryland (except Baltimore), Delaware, points in that part of Pennsylvania on and north of U.S. Highway 22 from the Ohio-Pennsylvania State line to Nanty Glo, Pa., and on and east of U.S. Highway 219 from Nanty Glo to the Pennsylvania-Maryland State line, and points in that part of Ohio south of U.S. Highway 40. Restriction: The authority authorized above is restricted to the transportation only of shipments originating at the Momence Pork Packers Company plant at Momence, Ill. The purpose of this filing is to eliminate the gateway of Union City, Ohio.

No. MC 114019 (Sub-No. E286), filed May 24, 1974. Applicant: MIDWEST EMERY FREIGHT SYSTEM, INC., 7000 S. Pulaski Rd., Chicago, Ill. 60629. Applicant's representative: Arthur J. Sibik (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen vegetables*, from Elmira and Mt. Morris, N.Y., and from points in that part of New York on, north and west of a line beginning at Lake Erie, thence along U.S. Highway 20 to Lafayette, N.Y., thence along U.S. Highway 11 to Syracuse, N.Y., thence along New York Highway 57 to Lake Ontario, to points in Bath, Breathitt, Boyd Garter, Elliott, Flemming, Floyd, Greenup, Johnson, Knott, Lawrence, Letcher, Lewis, Magoffin, Martin, Mason, Menifee, Morgan, Perry, Pike, Rowan, and Wolfe Counties, Kentucky. Restriction: Restricted to shipments moving from, to or between warehouses or other facilities of retail food and household supply and furnishings business houses, in peddle service. The purpose of this filing is to eliminate the gateway of Huntington, W. Va.

No. MC 114019 (Sub-No. E326), filed May 16, 1974. Applicant: MIDWEST EMERY FREIGHT SYSTEM, INC., 7000 S. Pulaski Rd., Chicago, Ill. 60629. Applicant's representative: Arthur J. Sibik (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, from Darien, Wis., to points in that part of Virginia on and east of U.S. Highway 52. Restriction: The operations authorized which are restricted against interlining at Darien, Wis. The purpose of this filing is to eliminate the gateway of Cleveland, Ohio.

No. MC 114019 (Sub-No. E378), filed May 22, 1974. Applicant: MIDWEST EMERY FREIGHT SYSTEM, INC., 7000 S. Pulaski Rd., Chicago, Ill. 60629. Applicant's representative: Arthur J. Sibik (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foods*, from points in Massachusetts, to points in North Dakota and South Dakota and those in the Upper Peninsula of Michigan. The purpose of this filing is to eliminate the gateways of Chicago, Ill., and Darien, Wis.

No. MC 119777 (Sub-No. E91), (Correction, filed April 23, 1974. Published in FEDERAL REGISTER September 29, 1975. Applicant: LIGON SPECIALIZED HAULER, INC., P.O. Drawer L, Madisonville, Ky. 42431. Applicant's representative: Jean Holmes (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such guard-rail and component parts* as are embraced within building and excavating contractors' and mining materials and equipment, road building equipment and material, and such commodities which require special handling because of their size and weight (except machinery, materials, supplies, and equipment incidental to or used in the construction, development, operation, and maintenance of facilities for the discovery, development, and production of natural gas and petroleum, and incidental to, or used in connection with (a) the discovery, development, production, and preservation of natural gas and petroleum, (b) the construction, operation, repairs, servicing, dismantling, and maintenance of pipe lines and facilities for the storage of natural gas, gasoline, and petroleum, and (c) the dismantling and maintenance of plants and facilities for refining, recycling, processing, repressuring, and blending gasoline, natural gas, and petroleum) • • • (18) from points in Indiana on and west of a line beginning at the Indiana State line extending along U.S. Highway 40 to junction U.S. Highway 41, thence along U.S. Highway 41 to the Kentucky-Indiana State line to points in Maine.

V40234 DEC 4 75 XUM

(47) From points in Kentucky bounded on the north by a line beginning at Henderson, Ky., thence along U.S. Highway 60 to junction U.S. Highway 231, thence along U.S. Highway 231 to junction U.S. Highway 62, thence along U.S. Highway 62 to Elizabethtown, Ky., and bounded on the east by a line beginning at Elizabethtown, Ky.; thence along U.S. Highway 31W to the Kentucky-Tennessee State line, and bounded on the south by the Kentucky-Tennessee State line, and bounded on the west by a line beginning at the Kentucky-Tennessee State line along U.S. Highway 41A, thence along U.S. Highway 41A to junction U.S. Highway 41, thence along U.S. Highway 41 to a terminus at Henderson, Ky., to points in Illinois west of a line beginning at Waukegan, Ill., thence along Illinois Highway 120 to junction Illinois Highway 47, thence along Illinois Highway 47 to junction U.S. Highway 150, thence along U.S. Highway 150 to junction Illinois Highway 1, thence along Illinois Highway 1 to junction U.S. Highway 50, thence along U.S. Highway 50 to the Illinois-Missouri State line; (110) from points in Tennessee on, north, and west of a line beginning at the Kentucky-Tennessee State line extending along Tennessee Highway 42 to junction Interstate Highway 40, thence along Interstate Highway 40 to junction U.S. Highway 231, thence along U.S. Highway 231 to the Alabama-Tennessee State line to points in Maine; (120) from points in Tennessee on and west of a line beginning at the Kentucky-Tennessee State line extending along U.S. Highway 641 to junction U.S. Highway 79, thence along U.S. Highway 79 to junction U.S. Highway 45E, thence along U.S. Highway 45E to junction U.S. Highway 45, thence along U.S. Highway 45 to junction Tennessee Highway 18, thence along Tennessee Highway 18 to the Tennessee-Mississippi State line to points in Ohio; (123) from points in Tennessee on and west of U.S. Highway 231 to points in Rhode Island.

(124) From Dyersburg, Tennessee; (132) from points in West Virginia on and south of a line beginning at Williamson, W. Va., thence along U.S. Highway 119 to junction West Virginia Highway 10, thence along West Virginia Highway 16 to junction U.S. Highway 19, thence along U.S. Highway 19 to junction U.S. Highway 60, thence along U.S. Highway 60 to junction U.S. Highway 219, thence along U.S. Highway 219 to junction West Virginia Highway 39, thence along West Virginia Highway 39 to the West Virginia-Virginia State line to points in Iowa. The purpose of this filing is to eliminate the gateways of that part of Kentucky on and west of a line beginning at Louisville, Ky., and extending along U.S. Highway 31E to junction Kentucky Highway 61, thence along Kentucky Highway 61 to junction Kentucky Highway 470 to junction U.S. Highway 31E, thence along U.S. Highway 31E to the Kentucky-Tennessee State line, and Evansville, Ind. The purpose of this partial correction is to reflect the correct destinations and typographical errors. The remainder of the letter-notice is to remain as previously published.

No. MC 119777 (Sub-No. E115), (Correction), filed May 15, 1974, published in the FEDERAL REGISTER October 10, 1975. Applicant: LIGON SPECIALIZED HAULER, P.O. Drawer L, Madisonville, Ky. 42431. Applicant's representative: Jean Holmes (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Truck bodies and parts thereof*, when moving in connection with truck bodies; (7) between Ohio, on the one hand, and, on the other, Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, Oklahoma, Texas, Utah, and Wyoming; (11–12) * * * thence north on U.S. Highway 7 to the junction of Massachusetts Highway 9, thence northeast on Massachusetts Highway 9 to the junction of Massachusetts Highway 8, thence north on Massachusetts Highway 8 to the Massachusetts-Vermont State line; (11–19b) between points in Indiana on, north, and west of a line commencing at the Illinois-Indiana State line on Indiana Highway 64, thence east on Indiana Highway 64 to the junction of Indiana Highway 65, thence northeast on Indiana Highway 65 to the junction of Indiana Highway 56, thence east on Indiana Highway 56 to the junction of Indiana Highway 57, thence northeast on Indiana Highway 57 to the junction of Indiana Highway 54, thence east on Indiana Highway 54 to the junction of Indiana Highway 45, thence northeast on Indiana Highway 45 to the junction of Indiana Highway 37, thence north on Indiana Highway 37 to the junction of Interstate Highway 465, * * *; (11–24a) between Vincennes, Ind., and points in Indiana on, west, and north of a line commencing at the Michigan-Indiana State line on U.S. Highway 31, thence south on U.S. Highway 31 to the junction of Indiana Highway 22, thence west on Indiana Highway 22 to the junction of Indiana Highway 29, thence south on Indiana Highway 29 to the junction of U.S. Highway 421, thence west on U.S. Highway 421 to the junction of Indiana Highway 39, * * *.

(12–2a) Between points in Iowa on and east of a line commencing at the Minnesota-Iowa State line on Iowa Highway 76, thence south on Iowa Highway 76 to the junction of U.S. Highway 18, thence west on U.S. Highway 18 to the junction of U.S. Highway 52, thence south on U.S. Highway 52 to the junction of U.S. Highway 20, thence east on U.S. Highway 20 to the Iowa-Illinois State line, on the one hand, and, on the other, points in Arkansas on, south, and east of a line beginning at the Arkansas-Texas State line extending along Interstate Highway 30 to the junction of U.S. Highway 70, * * *; (13–10b) between points in Kentucky on and west of a line commencing at Kosmosdale, Ky., thence south on U.S. Highway 31W to the junction of Kentucky Highway 90, thence south on Kentucky Highway 90 to the junction of U.S. Highway 31E, thence south on U.S. Highway 31E to the Kentucky-Tennessee State line, on the one hand, and, on the other, points in Massachusetts on and east of a line commencing at the New Hampshire-Massachusetts State line on Massachusetts Highway 38, thence south on Massachusetts Highway 38 to the junction of U.S. Highway 3, thence south on U.S. Highway 3 to the junction of Massachusetts Highway 128, thence south on Massachusetts Highway 128 to the junction of Massachusetts Highway 24, thence south on Massachusetts Highway 24 to the Massachusetts-Rhode Island State line; (13–14) between points in Kentucky on and west of a line commencing at the Kentucky-Tennessee State line on U.S. Highway 31W, thence northeast on U.S. Highway 31W to the junction of U.S. Highway 231, thence northwest on U.S. Highway 231 to the junction of Kentucky Highway 69, thence north on Kentucky Highway 69 to the junction of U.S. Highway 60, thence west on U.S. Highway 60 to the terminus at Hawesville, Ky., on the one hand, and, on the other, points in New Jersey; (13–21a) between points in Kentucky on and east of a line commencing at the Indiana-Kentucky State line on U.S. Highway 41, thence south on U.S. Highway 41 to the junction of Kentucky Highway 80, thence east on Kentucky Highway 80 to the junction of U.S. Highway 431, thence south on U.S. Highway 431 to the Kentucky-Tennessee State line, on the one hand, and, on the other, El Paso, Tex., and points in Texas on and west of a line commencing at the Texas-New Mexico State line on U.S. Highway 87, thence south on U.S. Highway 87 to the junction of U.S. Highway 60, thence southwest on U.S. Highway 60 to the junction of Texas Highway 214, thence south on Texas Highway 214 to the junction of Texas Highway 125, thence west on Texas Highway 125 to the Texas-New Mexico State line.

(14–3b) Between points in Upper Peninsula of Michigan on and west of a line commencing at Marquette, Mich., thence south on U.S. Highway 41 to the terminus of Escanaba, Mich., on the one hand, and, on the other, points in Connecticut on and southeast of a line beginning at New Haven extending along Interstate Highway 95 to junction of Connecticut Highway 12, thence north on Connecticut Highway 12 to the Connecticut-Massachusetts State line; (15–9b) between points in Minnesota on and east of a line beginning at Duluth, Minn., thence along U.S. Highway 53 to its terminus at International Falls, Minn., on the on hand, and, on the other, points in Texas on and south of a line beginning at Del Rio, Tex., thence along U.S. Highway 90 to junction Interstate Highway 10 to junction U.S. Highway 77, thence along U.S. Highway 77 to junction Texas Highway 21, thence along Texas Highway 21 to junction U.S. Highway 287, thence along Texas Highway 287 to junction Texas Highway 155, thence along Texas Highway 155 to junction U.S. Highway 259, thence along U.S. Highway

259 to junction U.S. Highway 67, thence along U.S. Highway 67 to the Texas-Arkansas State line; (16–1) between points in Missouri on and north of a line beginning at the Missouri-Illinois State line extending along U.S. Highway 36 to the Missouri-Kansas State line, on the one hand, and, on the other, points in Alabama on and north of a line beginning at the Alabama-Tennessee State line, thence along Interstate Highway 65 to junction U.S. Highway 31, thence along U.S. Highway 31 to junction Interstate Highway 65, thence along Interstate Highway 65 to junction U.S. Highway 31, thence along U.S. Highway 31 to junction Alabama Highway 25, thence along Alabama Highway 25 to junction Alabama Highway 5, thence along Alabama Highway 5 to junction Alabama Highway 28, thence along Alabama Highway 28 to junction Alabama Highway 45, thence along Alabama Highway 45 to junction Alabama Highway 83, thence along Alabama Highway 83 to junction Interstate Highway 65, thence along Interstate Highway 65 to junction Alabama Highway 21, thence along Alabama Highway 21 to the Florida-Alabama State line; (16–11a) between St. Louis, Mo., on the one hand, and, on the other, points in New Mexico on, west, and south of a line beginning at the Arizona-New Mexico State line extending along Interstate Highway 10 to junction U.S. Highway 80, thence along U.S. Highway 80 to the New Mexico-Arizona State line.

(17–3a) Between Youngstown, Ohio, and points in Ohio on, north, and west of a line beginning at the Ohio-Indiana State line extending along U.S. Highway 36 to junction U.S. Highway 127, thence along U.S. Highway 127 to junction Ohio Highway 47, thence along Ohio Highway 47 to junction Ohio Highway 739, thence along Ohio Highway 739 to junction Ohio Highway 4, thence along Ohio Highway 4 to junction U.S. Highway 224, thence along U.S. Highway 224 to junction U.S. Highway 42, thence along U.S. Highway 42 to junction Interstate Highway 76, thence along Interstate Highway 76 to junction Interstate Highway 80, thence along Interstate Highway 80 to the Ohio-Pennsylvania State line, on the one hand, and, on the other, points in Florida on and west of a line beginning at the Florida-Alabama State line extending along U.S. Highway 231 to its terminus at Panama City, Fla.; (17–4a) between points in Ohio on and west of a line beginning at Toledo, Ohio, thence along U.S. Highway 25 to junction U.S. Highway 33, thence along U.S. Highway 33 to junction Ohio Highway 29, thence along Ohio Highway 29 to junction U.S. Highway 127, thence along U.S. Highway 127 to junction Ohio Highway 47, thence along Ohio Highway 47 to a terminus of Union City, Ohio, on the Indiana-Ohio State line, and points in Ohio on, west, and north of a line beginning at Lake Erie at junction Ohio Highway 531 and Ohio Highway 11, thence along Ohio Highway 11 to junction U.S. Highway 20 (at Ashtabula, Ohio), thence along U.S. Highway 20 to the Ohio-Pennsylvania State line, on the one hand, and, on the other, points in Georgia on and southwest of a line beginning at the Florida-Georgia State line extending along U.S. Highway 27 to Bainbridge, Ga., thence along Georgia Highway 253 to its terminus; (17–4b) between Toledo, Ohio, on the one hand, and, on the other, points in Georgia on and south of a line beginning at Columbus, Ga., thence along U.S. Highway 280 to junction U.S. Highway 341, thence along U.S. Highway 341 to the terminus of Brunswick, Ga.

(17–8) Between points in Ohio on, south, and east of a line beginning at the Indiana-Ohio State line extending along U.S. Highway 24 to the Ohio-Michigan State line, on the one hand, and, on the other, points in South Dakota on and west of a line beginning at the North Dakota-South Dakota State line extending along South Dakota Highway 45 to junction U.S. Highway 12, thence along U.S. Highway 12 to junction U.S. Highway 281 (at Aberdeen, S. Dak.), thence along U.S. Highway 281 to junction U.S. Highway 14, thence along U.S. Highway 14 to junction South Dakota Highway 37, thence along South Dakota Highway 37 to junction U.S. Highway 16, thence along U.S. Highway 16 to junction U.S. Highway 81, thence along U.S. Highway 81 to the Nebraska-South Dakota State line; (18–10a) between points in Tennessee on and west of a line beginning at the Kentucky-Tennessee State line extending along U.S. Highway 31W to junction U.S. Highway 41A, thence along U.S. Highway 41A to junction U.S. Highway 231, thence along U.S. Highway 231 to the Alabama-Tennessee State line, on the one hand, and, on the other, points in Massachusetts; (18–11a) between points in Tennessee, on the one hand, and, on the other, points in Nebraska on and north of a line beginning at the Nebraska-South Dakota State line extending along U.S. Highway 83 to junction U.S. Highway 20, thence along U.S. Highway 20 to junction Nebraska Highway 87, thence along Nebraska Highway 87 to junction U.S. Highway 385, thence along U.S. Highway 385 to junction Nebraska Highway 2, thence along Nebraska Highway 2 to junction U.S. Highway 20, thence along U.S. Highway 20 to the Nebraska-Wyoming State line; (18–21) between El Paso and Amarillo, Tex., on the one hand, and, on the other, points in Tennessee on and northeast of a line beginning at the Kentucky-Tennessee State line extending along U.S. Highway 41A to junction Tennessee Highway 76, thence along Tennessee Highway 76 to junction U.S. Highway 41, thence along U.S. Highway 41 to junction Tennessee Highway 52, thence along Tennessee Highway 52 to junction Tennessee Highway 151, thence along Tennessee Highway 151 to junction Tennessee Highway 56, thence along Tennessee Highway 56 to junction Tennessee Highway 85, thence along Tennessee Highway 85 to junction Tennessee Highway 135, thence along Tennessee Highway 135 to junction U.S. Highway 70N, thence along U.S. Highway 70N to junction U.S. Highway 70, thence along U.S. Highway 70 to junction Tennessee Highway 58, thence along Tennessee Highway 58 to junction Tennessee Highway 68, thence along Tennessee Highway 68 to junction U.S. Highway 11, thence along U.S. Highway 11 to junction Tennessee Highway 30, thence along U.S. Highway 30 to junction U.S. Highway 411, thence along U.S. Highway 411 to the Tennessee-Georgia State line.

(19–5c) Between points in West Virginia on and north of a line beginning at Henderson, W. Va., thence along U.S. Highway 35 to junction Interstate Highway 64, thence along Interstate Highway 64 to junction West Virginia Highway 4, thence along West Virginia Highway 4 to junction U.S. Highway 33, thence along U.S. Highway 33 to junction West Virginia Highway 28, thence along West Virginia Highway 28 to junction West Virginia Highway 42, thence along West Virginia Highway 42 to junction U.S. Highway 220, thence along U.S. Highway 220 to junction West Virginia Highway 55, thence along West Virginia Highway 55 to the West Virginia-Virginia State line, on the one hand, and, on the other, Natchez, Miss.; and (20–1) between points in Wisconsin on and east of a line beginning at the Michigan-Wisconsin State line extending along U.S. Highway 45 to junction Wisconsin Highway 17, thence along Wisconsin Highway 17 to junction U.S. Highway 8, thence along U.S. Highway 8 to junction U.S. Highway 51, thence along U.S. Highway 51 to junction Wisconsin Highway 54, thence along Wisconsin Highway 54 to junction Wisconsin Highway 13, thence along Wisconsin Highway 13 to junction U.S. Highway 12, thence along U.S. Highway 12 to junction Wisconsin Highway 78, thence along Wisconsin Highway 78 to the Illinois-Wisconsin State line, on the one hand, and, on the other, points in Arizona. The purpose of this filing is to eliminate the gateway of Paris, Ill. The purpose of this partial correction is to correct the territorial descriptions. The remainder of this letter-notice remains as previously published.

No. MC 119777 (Sub-No. E240), (Correction), filed January 29, 1975, published in the FEDERAL REGISTER September 29, 1975. Applicant: LIGON SPECIALIZED HAULER, INC., P.O. Drawer L, Madisonville, Ky. 42431. Applicant's representative: Jean Holmes (same as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (A) *Treated lumber;* (1) from points in Bradley, Ashley, Drew, Pulaski, Cleveland, Dallas, Ouachita, Calhoun, and Union Counties, Ark., to points in Alabama, Connecticut, Delaware, District of Columbia, Florida, Georgia, Indiana, Kentucky, Maine, Maryland, Massachusetts, New Hampshire, Michigan, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, and Wisconsin; (3) from points in Dallas, Cleveland, Union, Calhoun, and Ouachita Counties, Ark., to

V40234 DEC 4 75 XUM

Helena, Ark., and points in Mississippi County, Ark., on and east of a line beginning at Osceola extending along U.S. Highway 61 to the Arkansas-Missouri State line. The purpose of this filing is to eliminate the gateways of Mississippi. The purpose of this partial correction is to correct a typographical error. The remainder of this letter-notice remains as previously published.

No. MC 119908 (Sub-No. E10), filed June 4, 1974. Applicant: WESTERN LINES, INC., P.O. Box 1145, Houston, Tex. 77001. Applicant's representative: Thomas F. Sedberry, Suite 1102 Perry-Brooks Bldg., Austin, Tex. 78701. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Rough and Dressed Lumber*, from points in Arkansas bordered by a line beginning at El Dorado, Ark., and extending along U.S. Highway 167 to Little Rock, Arkansas, thence along U.S. Highway 70 to Memphis, Arkansas, thence along U.S. Highway 70 to junction U.S. Highway 79, thence along U.S. Highway 79 to Pine Bluff, Arkansas, and thence along Arkansas Highway 15 to El Dorado, Arkansas, to points in Louisiana south and west of a line beginning at the Louisiana-Texas State line and extending along U.S. Highway 80 to junction U.S. Highway 167, thence along U.S. Highway 167 to the Gulf of Mexico. The purpose of this filing is to eliminate the gateway of Arcadia, La.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[Notice 132]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

DECEMBER 4, 1975.

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's Special Rules of Practice any interested preson may file a petition seeking reconsideration of the following numbered proceedings on or before December 24, 1975. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-75981. By order of November 26, 1975 the Motor Carrier Board approved the transfer to L. G. J. Trucking, Inc., Port Gibson, N.Y., of the operating rights in Certificates Nos. MC 119539 and MC 119539 (Sub-No. 17) issued April 7, 1960, and September 9, 1974, respectively, to Beverage Transport, Inc., Port Gibson, N.Y., authorizing the transportation of malt beverages, from Newark, N.J., to Auburn, Buffalo, Geneva, Hornell, Olean, Rochester, and Waterloo, N.Y.; malt beverages, in containers, from Newark, N.J., to Botavia, Canandalgua, Lakeville, Niagara Falls, and West Falls, N.Y.; and foodstuffs, except frozen foods and commodities in bulk, in tank vehicles, from Egypt, Rushville, Red Creek, and Waterloo, N.Y., to points in Bergen, Essex, Hudson, Middlesex, Morris, Passaic, Somerset, and Union Counties, N.J., restricted against transportation from Egypt, Rushville, and Red Creek, to Newark and Harrison, N.J., and from Waterloo, N.Y., to New York, N.Y., and to points in Westchester, Nassau, and Suffolk Counties, N.Y. Norman M. Pinsky, 345 South Warren Street, Syracuse, N.Y. 13202, attorney for applicants.

No. MC-FC-75990. By order of November 26, 1975 the Motor Carrier Board approved the transfer to Lyn Transport, Inc., South Kearny, N.J., of the operating rights in Certificates No. MC 119539 (Sub-Nos. 5, 10, and 16), issued January 15, 1968, February 18, 1971, and November 6, 1972, respectively, to Beverage Transport, Inc., Port Gibson, N.Y., authorizing the transportation of foodstuffs, except frozen foods and commodities in bulk, between New York, N.Y., and points in Westchester, Nassau, and Suffolk Counties, N.Y., on the one hand, and, on the other, points in Genesee, Erie, Livingston, Monroe, Orleans, Wayne, Ontario, Niagara, and Yates Counties, N.Y.; and between points in Genesee, Erie, Livingston, Monroe, Orleans, Wayne, Ontario, Niagara, and Yates Counties, N.Y., on the one hand, and, on the other, Newark and Harrison, N.J., and points within 3 miles of Harrison; and Canned goods, from points in Erie, Genesee, Livingston, Monroe, Niagara, Onondaga, Ontario, Orleans, Seneca, Wayne, and Yates Counties, N.Y., to points in Connecticut, Maine, Vermont, Massachusetts, New Hampshire, and Rhode Island. A David Millner, 744 Broad Street, Newark, N.J. 07102, attorney for applicants.

No. MC-FC-76187. By order entered November 26, 1975 the Motor Carrier Board approved the transfer to Pacific States Transport, Inc., Seattle, Wash., of the operating rights set forth in Certificates Nos. MC 125433 (Sub-No. 15), MC 125433 (Sub-No. 45), MC 125433 (Sub-No. 48), MC 125433 (Sub-No. 49) and MC 125433 (Sub-No. 51G), issued December 30, 1970, February 11, 1975, October 17, 1974, October 4, 1974, and July 11, 1975, respectively, and certain portions of the operating rights set forth in Certificates Nos. MC 125433 (Sub-No. 24), MC 125433 (Sub-No. 39), MC 125433 (Sub-No. 48), MC 125433 (Sub-No. 49) and MC 125433 (Sub-No. 43), issued January 10, 1972, April 20, 1973, January 8, 1975, February 22, 1974, and June 3, 1974, respectively, to F-B Truck Line Company, a corporation, Salt Lake City, Utah, authorizing the transportation of various specified commodities, from, to, and between points in California, Oregon, and Washington. F. Robert Reeder, 79 South State St., P.O. Box 11898, Salt Lake City, Utah 84147, attorney for applicants.

No. MC-FC-76203. By order of November 26, 1975 the Motor Carrier Board approved the transfer to Iredell Milk Transportation, Inc., Mooresville, N.C., of the operating rights in Permits No. MC 133700 (Sub-No. 3) and MC 133700 (Sub-No. 5) issued December 3, 1970 and February 18, 1972 respectively to Duckett Transfer Company, Inc., Asheville, N.C., authorizing the transportation of orange juice, in bulk, in tank vehicles, from Lake Wales, Dunedin, and Brooksville, Fla. to Asheville, N.C. George W. Clapp, P.O. Box 836, Taylors, S.C., 29687, representative for applicants.

[Notice 96]

MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FORWARDER APPLICATIONS

NOVEMBER 28, 1975.

The following applications are governed by Special Rule 1100 247[1] of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1968, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one (1) copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of section 247(d)(4) of the special rules, and shall include the certification required therein.

[1] Copies of Special Rule 247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

Section 247(f) (as amended, 49 FR 37215) published in the FEDERAL REGISTER issue of August 26, 1975, effective September 15, 1975, further provides, in part, that an applicant who does not intend timely to prosecute its application shall promptly request dismissal thereof, and that failure to prosecute an application under procedures ordered by the Commission will result in dismissal of the application.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's general policy statement concerning motor carrier licensing procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record. *Broadening amendments will not be accepted after the date of this publication except for good cause shown, and restrictive amendments will not be entertained following publication in the Federal Register of a notice that the proceeding has been assigned for oral hearing.*

Evidence respecting how equipment is expected to be returned to an origin point, as well as other data relating to operational feasibility (including the need for dead-head operations), must be presented as part of an applicant's initial evidentiary presentation (either at oral hearing or in its opening verified statement under the modified procedure) with respect to all applications filed on or after December 1, 1973.

If an applicant states in its initial evidentiary presentation that empty or partially empty vehicle movements will result upon a grant of its application, applicant will be expected (1) to specify the extent of such empty operations, by mileages and the number of vehicles, that would be incurred, and (2) to designate where such empty vehicle operations will be conducted.

Each applicant (except as otherwise specifically noted) states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

No. MC 263 (Sub-No. 221), filed November 6, 1975. Applicant: GARRETT FREIGHTLINES, INC., 2055 Garrett Way, Pocatello, Idaho 83201. Applicant's representative: Wayne S. Green (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Bakery products* (except in bulk), from the plantsite and storage facilities of Pepperidge Farm, Inc., at or near Clearfield, Ogden, and Richmond, Utah, to Omaha, Nebr.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Salt Lake City, Utah or Washington, D.C.

No. MC 5470 (Sub-No. 104), filed November 5, 1975. Applicant: TAJON, INC., R.D. 5, Mercer, Pa. 16137. Applicant's representative: Don Cross, 700 World Center Building, 918 Sixteenth St. NW., Washington, D.C. 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Alloys and silicon metals*, in dump vehicles, from Mount Meigs, Ala., to points in Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin and (2) *materials and supplies* used in the manufacture of alloys and silicon metals, in dump vehicles, from points in Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin, to Mount Meigs, Ala.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Washington, D.C. or Pittsburgh, Pa.

No. MC 29886 (Sub-No. 328), filed November 5, 1975. Applicant: DALLAS & MAVIS FORWARDING CO., INC., 4000 West Sample Street, South Bend, Ind. 46619. Applicant's representative: Charles Pieroni (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Heat exchangers and equalizers* for air, gas or liquids; *machinery and equipment* for heating, cooling, conditioning, humidifying, dehumidifying, and moving of air, gas or liquids; and (2) *parts, materials, equipment and supplies* used in the manufacture, distribution, installation or operation of those items named in (1) above (except in bulk), between points in Monroe, Randolph, Perry, and St. Clair Counties, Ill., on and south of State Highways 177 and 158, on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), restricted to shipments originating at or destined to the plantsite and warehouse facilities of the Singer Company, located at Monroe, Randolph, Perry, and St. Clair Counties, Ill.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Chicago, Ill., or Washington, D.C.

No. MC 30446 (Sub-No. 9), filed Nov. 7, 1975. Applicant: BRUCE JOHNSON TRUCKING COMPANY, INC., 3408 North Graham Street, Charlotte, N.C. 28225. Applicant's representative: Charles Ephraim, 1250 Connecticut Ave. NW., Suite 600, Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Plastic pipe and fittings*, from Bakers, and Charlotte, N.C., to points in Georgia; and (2) *cast iron pipe and fittings*, from Charlotte, N.C., to points in Georgia, locates south and west of a line beginning at Savannah, Ga., and extending along U.S. Highway 80 to Macon, Ga., thence along U.S. Highway 129 to Athens, Ga., and thence along U.S. Highway 29 to the Georgia-South Carolina State line.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Charlotte, N.C., or Washington, D.C.

No. MC 30844 (Sub-No. 559), filed October 24, 1975. Applicant: KROBLIN REFRIGERATED XPRESS, INC., 2125 Commercial Street, Waterloo, Iowa 50702. Applicant's representative: Larry Strickler (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Foodstuffs*, from the plantsite and warehouse facilities of Jeno's, Inc., at or near Sodus, Mich., to points in Arkansas, Colorado, Iowa, Kansas, Missouri, Nebraska, Oklahoma, and Texas.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant does not specify a location.

No. MC 43246 (Sub-No. 23), filed November 5, 1975. Applicant: BUSKE LINES, INC., 123 W. Tyler Avenue, Litchfield, Ill. 62056. Applicant's representative: Harold Buske (same address as applicant). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Empty containers*, from Neosho, Mo., to Litchfield, Ill., under a continuing contract or contracts with Milnot Company.

NOTE.—Applicant holds common carrier authority in MC 15975 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at St. Louis, Mo., or Springfield, Ill.

No. MC 49387 (Sub-No. 45), filed November 7, 1975. Applicant: ORSCHELN BROS. TRUCK LINES, INC., P.O. Box 658, Highway 24 East, Moberly, Mo. 65270. Applicant's representative: John E. Burruss, Jr., Central Trust Bldg., P.O. Box 1069, Jefferson City, Mo. 65101. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, commodities in bulk and household goods), between Wainwright, Tebbetts, Mokane, Steedman, Portland, Rhineland, Readsville, and Reform, Mo., and the facilities of Union Electric Company at or near Reform, Mo., on the one hand, and, on the other, applicants presently authorized regular route operations: (1) From Jefferson City, Mo., over Missouri State Highway 94 to its junction with Missouri State Highway 19; thence over Missouri State Highway 19 to its junction with Interstate Highway 70; (2) from the junction of Interstate Highway 70 and Callaway County, Mo., Route D, thence over Route D to its junction with Missouri State Highway 94; (3) from Reform, Mo., over Callaway County Route CC to its junction with Missouri State Highway 94; (4) from Mokane, Mo., over Callaway County Route C to

V40234 DEC 4 75 XUM

its junction with U.S. Highway 54; (5) from Reform, Mo., over Callaway County Route CC to its junction with Callaway County Route O, thence over Route O to its junction with Callaway County K, thence over Callaway and Montgomery County Route K to its junction with Missouri State Highway 19; and (6) from the junction of Routes CC and O, thence over Route O to its junction with U.S. Highway 54 at Fulton, Mo., and return over the same routes with authority to operate over said routes and all presently authorized routes in providing service between said points and the regular route points applicant is presently authorized to serve.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Jefferson City, St. Louis, or Kansas City, Mo.

No. MC 56641 (Sub-No. 5), filed October 31, 1975. Applicant: TORREY DELIVERY, INC., P.O. Box 508, Dunkirk, N.Y. 14048. Applicants' representative: E. Stephen Heisley, Suite 805, 666 Eleventh Street NW., Washington, D.C. 20001. Authority sought to operate as a *common carrier*, by motor vehicle, over regular and irregular routes, transporting: (A) REGULAR ROUTE, *General commodities* (except commodities in bulk), Between Silver Creek, N.Y. and Buffalo, N.Y.: (1) From Silver Creek, N.Y., over New York Highway 5 to Buffalo, N.Y.; and (2) From Silver Creek, N.Y. over U.S. Highway 20 to the junction of New York Highway 75, thence over New York Highway 75 to the hamlet of Athol Springs (Erie County), N.Y., thence over New York Highway 5 to Buffalo, N.Y. and return over the same route, serving Lackawanna, Tonawanda, Farnham, Angola, Blasdell, Hamburg, Lancaster, Kenmore, Brant, Jerusalem Corners, Woodlawn, Derby, North Evans, Forestville, Sheridan, Smith Mills, and Iroquois, N.Y. as intermediate and off-route points; and (B) IRREGULAR ROUTE, (1) Between Buffalo, N.Y., on the one hand, and, on the other, Jamestown, N.Y., the hamlet of Chautauqua and Fredonia and Westfield, N.Y.; and (2) Between points in Erie and Cattaraugus Counties, N.Y.

NOTE.—By instant application, applicant seeks to convert its Certificate of Registration in MC 56641 (Sub-No. 3) to a Certificate of Public Convenience and Necessity. If a hearing is deemed necessary, applicant requests it be held at Buffalo, N.Y.

No. MC 58549 (Sub-No. 21), filed November 5, 1975. Applicant: CLINE MUNDY, doing business as, GENERAL MOTOR LINES, 1534 Granby Street NE., P.O. Box 5157, Roanoke, Va. 24012. Applicant's representative: Jerry D. Beard (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over regular and irregular routes, transporting: (A) REGULAR ROUTES, *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), (1) Between Warm Springs, Va. and Monterey, Va.: From Warm Springs, Va. over U.S. Highway 220 to Monterey, Va. and return over the same route, serving all intermediate points; (2) Between Warm Springs, Va. and Monterey, Va.: From Warm Springs, Va. over Virginia Highway 39 to junction of Secondary Route 600 at or near Mountain Grove, Va., thence over Secondary Route 600 to junction Virginia Highway 84, thence over Virginia Highway 84 to junction U.S. Highway 220 at or near Vanderpool, Va., thence over U.S. Highway 220 to Monterey, Va. and return over the same routes, serving all intermediate points; (3) Between the junction of Virginia Highways 8 and 57 and Bassett, Va.: From junction of Virginia Highways 8 and 57 over Virginia Highway 57 to Bassett, Va. and return over the same routes, serving no intermediate points; (4) Between the junction of Virginia Highways 8 and 40 and Bassett, Va.: From junction of Virginia Highways 8 and 40 over Virginia Highway 40 to junction Secondary Route 704, thence over Secondary Route 704 to junction Virginia Highway 57, thence over Virginia Highway 57 to Bassett, Va. and return over the same routes, serving no intermediate points; (5) Between junction of Virginia Highway 8 and Secondary Highway 618 and Bassett, Va.: From junction of Virginia Highway 8 and Secondary Highway 618 over Secondary Highway 618 to junction Virginia Highway 57, thence over Virginia Highway 57 to Bassett, Va. and return over the same route, serving no intermediate points.

The authority specified in paragraphs (3), (4), and (5) is for convenience only in connection with applicant's existing authority in Sub-No. 11 at Bassett, Va. and Sub No. 20 at points on Virginia Highway 8; (B) IRREGULAR ROUTES, (1) Between Roanoke, Va., on the one hand, and, on the other, points in Botetourt County, Va.; and (2) Between Roanoke, Va., on the one hand, and, on the other, points in Rockbridge County, Va. on and west of a line extending from the Amherst-Rockbridge County line along U.S. Highway 60 to its intersection with Virginia Highway 39 at or near Lexington, Va., thence along Virginia Highway 39 to its intersection with Secondary Route 780, thence along Secondary Route 780 to its intersection with U.S. Highway 60, thence along U.S. Highway 60 to the Rockbridge-Allegany County line, restricted in (2) above against service at Goshen, Va.

NOTE.—Applicant states proposed authority sought herein will be tacked at Roanoke, Va. with irregular route authority in Sub No. 11 to provide a through service between points in Botetourt County, Va. and the designated area of Rockbridge County, Va., on the one hand, and, on the other, points in Allegany and Bath Counties, Va. If a hearing is deemed necessary, the applicant requests it be held at either Roanoke, Va., or Washington, D.C.

No. MC 59680 (Sub-No. 216), filed October 30, 1975. Applicant: STRICKLAND TRANSPORTATION CO., INC., 3011 Gulden Avenue, P.O. Box 5689, Dallas, Tex. 75222. Applicant's representative: Oscar P. Peck (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk and those requiring special equipment), (1) Between Effingham, Ill., and South Bend, Ind., in connection mith carrier's presently authorized regular route operations, serving no intermediate points: From Effingham over Interstate Highway 57 to junction of U.S. Highway 30, thence over U.S. Highway 30 to junction of Illinois Highway 394, thence over Illinois Highway 394 to the junction of Interstate Highway 94, thence over Interstate Highway 94 to the junction of U.S. Highways 20 and 35, thence over U.S. Highway 20 to the junction of Indiana Highway 2, thence over Indiana Highway 2 to South Bend, and return over the same route; (2) Between the site of the terminal of Strickland Transportation Co., Inc. at Richfield, Ohio and junction of U.S. Highway 23 and Interstate Highway 94 in connection with carrier's otherwise authorized operations, serving no intermediate points: From Richfield over Interstate Highway 271 to the junction of Interstate Highway 71, thence over Interstate 71 to the junction of Ohio Highway 18, thence over Ohio Highway 18 to the junction of U.S. Highway 20, thence over U.S. Highway 20 to the junction of U.S. Highway 23, thence over U.S. Highway 23 to the junction of Interstate Highway 94, and return over the same route.

(3) Between the site of the terminal of Strickland Transportation Co., Inc. at Richfield, Ohio and the junction of Interstate Highway 75 and Interstate Highway 94, in connection with carrier's otherwise authorized regular-route operations, serving no intermediate points: From Richfield, Ohio over Interstate Highway 271 to the junction of Interstate Highway 71, thence over Interstate Highway 71 to the junction of Ohio Highway 18, thence over Ohio Highway 18 to the junction of U.S. Highway 20, thence over U.S. Highway 20 to the junction of Interstate Highway 75, thence over Interstate Highway 75 to the junction of Interstate Highway 94, and return over the same route; (4) Between the site of the terminal of Strickland Transportation Co., Inc. at Richfield, Ohio and junction of U.S. Highway 127 and Interstate Highway 94 in connection with carrier's otherwise authorized regular-route operations, serving no intermediate points: From Richfield, Ohio over Interstate Highway 271 to junction Interstate Highway 71, thence over Interstate Highway 71 to junction Ohio Highway 18, thence over Ohio Highway 18 to junction U.S. Highway 20, thence over U.S. Highway 20 to the junction of U.S. Highway 23, thence over U.S. Highway 23 to junction of U.S. Highway 223, thence over U.S. Highway 223 to junction of U.S. Highway 127, thence over U.S. Highway 127 to junction of Interstate Highway 94, and return over the same route. The operations authorized in 2, 3 and 4 above are restricted against the transportation of traffic having origin or destination at points in Ohio; and (5) Between Detroit, Mich. and junction of U.S. Interstate Highway 95 and U.S. Highway 1 at Newark, N.J. in connection with carrier's otherwise authorized regular-route operations, serving no intermediate points: From Newark, N.J. over U.S. Interstate Highway 95 (New Jersey Turnpike) to junction U.S. Interstate Highway 80, thence over U.S. Interstate Highway 80 to junction U.S. Interstate Highway 280, thence over U.S. Interstate Highway 280 to junction U.S. Interstate Highway 75, thence over U.S. Interstate Highway 75 to Detroit, Mich., and return, serving no intermediate points and serving terminal as junction points only, parts (1) through (5) are alternate routes for operating convenience only.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Cleveland, Ohio, or Washington, D.C.

No. MC 64808 (Sub-No. 21), filed November 6, 1975. Applicant: W. S. THOMAS TRANSFER, INC., 1854 Morgantown Avenue, Fairmont, W. Va. 26554. Applicant's representative: Henry M. Wick, Jr., 2310 Grant Building, Pittsburgh, Pa. 15219. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: Sand, from Berkeley Springs, W. Va.; Gore, Va.; and Mapelton, Huntingdon County, Pa., to points in Harrison, Lewis, Monongalia, Marion, Taylor, and Wood Counties, W. Va.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C., Pittsburgh, Pa., or Cleveland, Ohio.

No. MC 72243 (Sub-No. 52), filed November 7, 1975. Applicant: THE AETNA FREIGHT LINES, INC., 2507 Youngstown Rd. SE., P.O. Box 350, Warren, Ohio 44482. Applicant's representative: Einar Viren, 200 First West Side Bank Bldg., 222 S. 72 Street, Omaha, Nebr. 68114. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel articles*, from the plantsite and storage facilities of North Star Steel Company, at or near Wilton, Iowa, to points in the United States in and east of Minnesota, South Dakota, Wyoming, Colorado, and New Mexico; and (2) *materials equipment and supplies* (except in bulk), used in the manufacture and distribution of iron and steel articles, from points named in (1) above, to the plantsite and storage facilities of North Star Steel Company, at or near Wilton, Iowa, restricted to traffic originating at and destined to the above named points.

NOTE.—If a hearing is deemed necessary, applicant does not specify a location.

No. MC 78228 (Sub-No. 53), filed November 6, 1975. Applicant: J MILLER EXPRESS, INC., 152 Wabash Street, Pittsburgh, Pa. 15220. Applicant's representative: Henry M. Wick, Jr., 2310 Grant Bldg., Pittsburgh, Pa. 15219. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Lead, antimonial lead and processed scrap batteries*, from the plant site of Tonolli Corporation, located at or near Nesquehoning, Carbon County, Pa., to points in Connecticut, District of Columbia, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Carolina, Ohio, Rhode Island, Tennessee, Vermont, Virginia, and West Virginia; and (2) *scrap lead, recycled lead, scrap batteries, scrap parts thereof and other materials* used in the manufacture of lead, antimonial lead and processed scrap batteries, from points in the above named destination states to the plant site of Tonolli Corporation located at or near Nesquehoning, Carbon County, Pa.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Washington, D.C., or Pittsburgh, Pa.

No. MC 106398 (Sub-No. 734), filed October 23, 1975. Applicant: NATIONAL TRAILER CONVOY, INC., 525 South Main, Tulsa, Okla. 74103. Applicant's representative: Irvin Tull (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Materials, equipment and supplies* used in the manufacture, sales and distribution of metal buildings and metal building parts and sections, from points in Kansas, Kentucky, Missouri, and Ohio, to Longview, Tex.

NOTE.—Common control may be involved If a hearing is deemed necessary, applicant requests it be held at Dallas or Houston, Tex.

NOTE.—The purpose of this republication is to change the name of the applicant. If a hearing is deemed necessary, the applicant requests it be held at Portland, Oreg.

No. MC 141373, September 15, 1975. Applicant: K.I.T. MOTOR EXPRESS, INCORPORATED, 1228 Highland Avenue, Louisville, Ky. 40204. Applicant's representative: W. A. Knight (same address as applicant). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: Aluminum, brass, copper, iron or steel *articles, plate, sheet, rods and pipe, materials, equipment and parts* used in the manufacture of electrical transformers and transformer parts, and *supplies* used in the sale, distribution and advertising of electric transformers and parts (except dangerous explosives) between the plant sites and storage facilities of Kuhlman Electric Company, Division of Kuhlman Corporation, located at or near Bay City, Mich.; Crystal Springs, Miss.; Salinas, Calif.; and Versailles, Ky.; and its warehouses located at or near Atlanta, Ga.; Birmingham, Ala.; Chicago, Ill.; Dallas, Tex.; Denver, Colo.; Dayton, Ohio; Detroit, Mich.; Jefferson City, and Kansas City, Mo.; Lafayette, La.; Norfolk, Nebr.; Orlando, Fla.; Portland, Oreg.; Rosemont and St. Paul, Minn.; and Salt Lake City, Utah, on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), under a continuing contract or contracts with Kuhlman Electric Company, Division of Kuhlman Corporation of Versailles, Ky.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Lexington or Louisville, Ky.

No. MC 141374, filed October 23, 1975. Applicant: JACK R. DAY, doing business as DAY'S TOWING & WRECKER SERVICE, P.O. Box 55, Junction of Interstate Highway 69 and U.S. Highway 224, Markle, Ind. 46770. Applicant's representative: Harry J. Harman, 8130 South Meridian Street, Indianapolis, Ind. 46217. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Used motor vehicles*, to be used as replacements for wrecked or disabled motor vehicles, in truckaway service, and *motor vehicle parts, accessories, supplies, and materials*, for use in connection with repairing and reconditioning of disabled or wrecked motor vehicles, from points in Adams, Blackford, Grant, Huntington, and Wells Counties, Ind., on the one hand, and, on the other, to points in Kentucky, Illinois, Ohio, Michigan and Wisconsin; and (2) *wrecked or disabled motor vehicles*, from points in Kentucky, Illinois, Ohio, Michigan, and Wisconsin, to points in Adams, Blackford, Grant, Huntington, and Wells Counties, Ind., restricted to the transportation of traffic by wrecker equipment only.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at either Indianapolis or Fort Wayne, Ind.

No. MC 141376 (Sub-No. 1), filed November 3, 1975. Applicant: CERTARO TRUCKING COMPANY, a Corporation, 492 12th Avenue, Paterson, N.J. 07514. Applicant's representative: Eugene M. Malkin, 277 Park Avenue, New York, N.Y. 10017. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Furniture; commercial and institutional fixtures, cabinets, shelving and seating; hospital beds and hospital equipment; and material, equipment and supplies*, used in the manufacture thereof, between Plainfield, Conn.; Jamestown, N.Y.; Warren, Pa.; Michigan City, Ind.; and ports of entry on the International Boundary line between the United States and Canada, at Buffalo, Rouses Point, and Niagara Falls, N.Y.; and Detroit and Port Huron, Mich., on the one hand, and, on the other, points in Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia, under continuing contract or contracts with Inter Royal Corporation.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at New York, N.Y., or Washington, D.C.

No. MC 141471, filed November 3, 1975. Applicant: GENERAL DRAYAGE SERVICE, INC., 3036 Chartres Street, New Orleans, La. 70117. Applicant's representative: Theodore A. Stevens, 1542 Burbank Drive, New Orleans, La. 70124. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities*, including but not limited to, synthetic fibers, foodstuff, frozen and canned, rubber goods, machinery parts, cotton, sugar, soybeans, oil, metals, chemicals, drugs, tobacco, lumber and whiskey (except Classes A and B explosives), between points in New Orleans, La. and its Commercial Zone, restricted to traffic having a prior or subsequent movement by water.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at New Orleans, La.

No. MC 141477, filed October 22, 1975. Applicant: OLIN WOOTEN, doing business as, WOOTEN TRANSPORT COMPANY, P.O. Box 731, Hazelhurst, Ga. ness as WOOTEN TRANSPORT COM-31539. Applicant's representative: Sol H.

Proctor, 1107 Blackstone Building, Jacksonville, Fla. 32202. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Tin cans, tin can ports, steel pails and drums*, from Piscataway, N.J., to points in Alabama, Florida, Georgia, Louisiana, North Carolina, Ohio, Pennsylvania, South Carolina, Virginia and West Virginia; and (2) *materials and supplies*, used in the manufacture of those items described in (1) above, from points in Alabama, Florida, Georgia, Louisiana, North Carolina, Ohio, Pennsylvania, South Carolina, Virginia and West Virginia, to Piscataway, N.J., under contract with Prospect Industries Corporation.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Jacksonville, Fla., or Washington, D.C.

No. MC 141487, filed October 23, 1975. Applicant: FAIRFIELD TRANSPORTATION CORP., a Corporation, 6538 Collamer Road, P.O. Box 105, East Syracuse, N.Y. 13057. Applicant's representative: Martin Werner, 2 West 45th Street, New York, N.Y. 10036. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Beverages and flavoring syrups*, in containers, *empty containers and materials, supplies and equipment* used in the production, packaging, sale and distribution of beverages and flavoring syrups (except commodities in bulk), between Cicero, N.Y., on the one hand, and, on the other, points in Connecticut, Massachusetts, New Jersey, New York, Pennsylvania and Vermont; (2) *beverages*, in containers, between points in Pennsylvania, on the one hand, and, on the other, points in Albany, Allegany, Broome, Cattaraugus, Cayuga, Chautauqua, Chemung, Clinton, Columbia, Cortland, Erie, Essex, Franklin, Fulton, Genesee, Jefferson, Monroe, Niagara, Oneida, Onondaga, Ontario, Orange, Rensselaer, St. Lawrence, Schenectady, Steuben, Tompkins, and Warren Counties, N.Y.; and (3) *materials, supplies and equipment* used in the production, packaging, sale and distribution of beverages (except commodities in bulk), between points in Connecticut, New Jersey, Pennsylvania and Vermont, on the one hand, and, on the other, points in Albany, Allegany, Broome, Cattaraugus, Cayuga, Chautauqua, Chemung, Clinton, Columbia, Cortland, Erie, Essex, Franklin, Fulton, Genesee, Jefferson, Monroe, Niagara, Oneida, Onondaga, Ontario, Orange, Rensselaer, St. Lawrence, Schenectady, Steuben, Tompkins and Warren Counties, N.Y., under a continuing contract or contracts with Clinton's Ditch Cooperative Company, Inc. of Cicero, N.Y.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Syracuse or New York, N.Y.

No. MC 141488, filed November 5, 1975. Applicant: MR. PEDRO E. ABRAHANTE, doing business as "P. ABRAHANTE MOVING SERIVCE", 455 East Andre Street, Duarte, Calif. 91010. Applicant's representative: Julio L. Figueroa, 4214 Beverly Blvd., Suite 224, Los Angeles, Calif. 90004. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except commodities in bulk or tank vehicles), between points in California, Arizona, Nevada and Utah, under a continuing contract or contracts, with Galaxy Distribution Co., Inc., Ruby Furniture Mfg., Inc., and M. C. W. Furniture Mfg. Inc.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Duarte or Los Angeles, Calif.

No. MC 141490, filed October 28, 1975. Applicant: QUINCIE W. GIBSON, doing business as, GIBSON TRANSFER CO., 408 East 21st Street, Wichita, Kans. 67214. Applicant's representative: Lester C. Arvin, 814 Century Plaza Building, Wichita, Kans. 67202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Mea s, meat products and articles distributed by meat packinghouses* as described in Sections A and C of Appendix I to the *Report in Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, in containers (except hides, skins and pieces thereof), from the plant site of Dold Packing Company, Inc., at or near Wichita, Kans., to points in Colorado, Nebraska, Missouri, Oklahoma, Iowa, Arkansas, Louisiana, and Texas; and (2) *materials and supplies* used in the processing and packaging of the above-described commodities (except in bulk), from the above described destination points, to the plant site of Dold Packing Company, Inc., at or near Wichita, Kans.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Kansas City, Mo.

No. MC 141493, filed November 6, 1975. Applicant: MASSA TRUCKING & LEASING CORP., 132 Cherry Lane, Medford, N.Y. 11763. Applicant's representative: Thomas F. X. Foley, Suite 2005, 744 Broad Street, Newark, N.J. 07102. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Synthetic piece goods* in cartons and on rolls, between Westbury, N.Y., on the one hand, and, on the other, points in the Commercial Zone of New York, N.Y. as defined by the Commission, and Paterson, N.J., under contract with Dressmaker Fabrics, Inc.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at New York, N.Y. or Newark, N.J.

No. MC 141495, filed October 28, 1975. Applicant: MYLES LORENTZ SR. & MYLES LORENTZ JR., doing business as LORENTZ TRUCKING, Route #1, St. Peter, Minn. 56082. Applicant's representative: Harry Christian, First National Bank Bldg., P.O. Box 8, Le Center, Minn. 56057. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Canned and packaged foods, frozen packaged foods, food service supplies and paper goods*, from Minnesota to points in North Dakota, South Dakota, Iowa and Wisconsin, under a continuing contract or contracts with Aslesen Company.

NOTE.—If a hearing is deemed necessary, the applicant does not specify a location.

No. MC 141497, filed November 6, 1975. Applicant: BEATTIE & SANGER, INC., Route 5, Box 233, Yakima, Wash. 98903. Applicant's representative: Charles C. Flower, 303 East "D" Street, Suite 2 Yakima, Wash. 98901. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Heavy machinery and equipment*, between points in Washington, and points in California, Idaho, and Oregon.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Yakima, Wash., Portland, Oreg., or Seattle, Wash.

No. MC 141498, filed October 31, 1975. Applicant: OWEN CRIST AUTO BODY SERVICE, INC., 1221 Keo Way, Des Moines, Iowa 50314. Applicant's representative: William L. Fairbank, 1980 Financial Center, Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wrecked and disabled vehicles, and replacement vehicles therefor*, between Des Moines, Iowa, on the one hand, and, on the other, points in Arkansas, Colorado, Indiana, Illinois, Kansas, Kentucky, Minnesota, Missouri, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin and Wyoming.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Des Moines, Iowa; Omaha, Nebr.; or Kansas City, Mo.

PASSENGER APPLICATIONS

No. MC 141394 (Sub-No. 2), filed November 3, 1975. Applicant: ED BRIDGES, doing business as OZARK COACH LINES, P.O. Box 73, Bakersfield, Mo. 65609. Applicant's representative: Ed Bridges (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: (1) *Passengers and their baggage, newspapers and express;* and (2) *passengers and their baggage* by charter, between West Plains, South Fork, Hocomo, Caulfield, Tecumseh and Bakersfield, Mo. and Mountain Home, Ark.: (A) From West Plains, Mo., west over U.S. Highway 160 to its junction with Missouri Highway 101 at Caulfield, Mo., thence south over Missouri Highway 101 to the Missouri-Arkansas State Boundary line, thence south over Arkansas Highway 101 to its junction with U.S. Highway 62, thence west over U.S. Highway 62 to Mountain Home, Ark., and return over the same route; (B)—From West Plains, Mo. west over U.S. Highway 160 to its junction with Ozark County Route J, thence south over Ozark County Route J to the Missouri-Arkansas State Boundary line, thence south of Arkansas Highway 201, to Mountain Home, Ark., and return over the same route; and (C) From Caulfield, Mo. south over Missouri Highway 101 to the Missouri-Arkansas State Boundary line, thence south over Arkansas High-

V 40 234 DEC 4 75 D XUM

way 101 to its junction with U.S. Highway 62, thence west over U.S. Highway 62, to Mountain Home, Ark., and return over the same route, serving all intermediate points in (A), (B), and (C) above.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Springfield, Kansas City, or St. Louis, Mo.

No. MC 141499, filed November 10, 1975. Applicant: ERIC BANNETT, an individual, 1821 Grove Avenue, Sebring, Fla. 33870. Applicant's representative: J. H. Hancock, 457 South Commerce Street, Sebring, Fla. 33870. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Passengers and the baggage of passengers* in the same vehicle, in charter operations, beginning and ending at points in Highlands, Polk, Hardee, DeSoto, Okeechobee Counties, Fla. and Tampa International Airport, located in Tampa, Fla., and extending to points in Florida, Georgia, Alabama, Mississippi, Louisiana, Tennessee, South Carolina, North Carolina, Virginia, Maryland, Delaware, New Jersey, New York and the District of Columbia.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Sebring, Avon Park, or Wauchula, Fla.

BROKER APPLICATION

No. MC 130346, filed October 22, 1975. Applicant: J. SMILEY COLLINS AND SON, doing business as PEOPLE SAVING CLUB, and or P.S. CLUB TOURS, 1605 Tartan Way, Louisville, Ky. 40205. Applicant's representative: J. Smiley Collins (Same address as applicant). Authority sought to engage in operation, in interstate or foreign commerce, as a *broker* at Louisville, Ky., to sell or offer to sell the transportation of *Individual passengers and groups of passengers, and their baggage*, in special and charter operations, in sightseeing and pleasure tours, by motor carriers, between points in the United States including Alaska and Hawaii.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Louisville, Ky., Nashville, Tenn., or Cincinnati, Ohio.

FREIGHT FORWARDER APPLICATION

No. FF-422 (Sub-No. 1), filed October 30, 1975. Applicant: CONTINENTAL FORWARDERS, INC., 350 Broadway, New York, N.Y. 10013. Applicant's representative: Alan F. Wohlstetter, 1700 K Street, Washington, D.C. 20006. Authority sought to engage in operation, in interstate commerce, as a *freight forwarder*, through use of the facilities of common carriers by rail, motor, water and express, in the tranportation of (a) *Used household goods and unaccompanied baggage;* and (b) *used automobiles*, between points in the United States, including Hawaii and Alaska, restricted in (b) above to the transportation of export and inport traffic.

NOTE.—The purpose of this application is to add Alaska to applicant's present scope of authority. If a hearing is deemed necessary, applicant requests it be held at New York, N.Y.

By the Commission.

OFFICE OF MANAGEMENT AND BUDGET

BUDGET RESCISSIONS AND DEFERRALS

Report to Congress

V 40 234 DEC 4 75 XUM

OFFICE OF MANAGEMENT AND BUDGET

BUDGET RESCISSIONS AND DEFERRALS

Report to Congress

TO THE CONGRESS OF THE UNITED STATES:

In accordance with the Impoundment Control Act of 1974, I herewith propose 13 new rescissions totalling $838.6 million in budget authority. In addition, I am reporting 18 new deferrals that total $253.2 million in budget authority and changes to one deferral previously transmitted that decrease the budget authority deferred by $4.1 million.

If we are to avoid excessive Federal spending, the kinds of actions I am proposing today are essential. I believe that both the legislative and executive branches must continually weigh the contribution made by each Federal program against the limited resources available. We must carefully assess new or expanded activities before they are implemented. To make room for necessary new spending, we must eliminate Federal spending for programs that are no longer needed, that duplicate other programs, or that can be financed from other sources.

The details of each rescission proposal and deferral are contained in the attached reports.

Gerald R. Ford

THE WHITE HOUSE,
November 29, 1975.

SUMMARY OF PROPOSED RESCISSIONS AND DEFERRALS

(In thousands of dollars)

Rescission #	Item	Budget Authority
	Agriculture:

Total amount proposed in special messages to date	2,341,570 (in 27 rescission proposals)	3,827,561 (in 85 deferrals)

NOTE: All amounts listed represent budget authority except for $87,689,691 consisting of two general revenue sharing deferrals (of outlays only) reported in the seventh 1976 special message.

Rescission Proposal No: R76-15

PROPOSED RESCISSION OF BUDGET AUTHORITY
Report Pursuant to Section 1012 of P.L. 93-344

Agency: U.S. Department of Agriculture	New budget authority (P.L. 94-122): $ 10,395,000
Bureau: Agriculture Research Service	Other budgetary resources: 8,667,500
Appropriation title & symbol: Agriculture Research Service (Construction) 12X1400	Total budgetary resources: 19,062,500
	Amount proposed for rescission: $ 225,000
OMB identification code: 05-18-1400-0-1-352	Legal authority (in addition to sec. 1012): ☐ Antideficiency Act
Grant program: ☐ Yes ☒ No	☐ Other
Type of account or fund: ☐ Annual ☐ Multiple-year (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other

JUSTIFICATION

Rescission is proposed of $225,000 provided in the FY 1976 Agriculture and Related Agencies Appropriation Act for planning an addition to the Human Nutrition Laboratory, Grand Forks, North Dakota, to house animals.

Initial construction at Grand Forks was limited to laboratory facilities, but a developing need for animal studies has necessitated the use of present laboratory space to house limited numbers of animals. Several steps have been taken to relieve crowding, including initiation of construction of a second floor addition to house experimental animals and completion of additional clinical and laboratory space for research scientists.

In light of these measures to relieve the current problems and of Department policy to fully utilize existing research facilities prior to authorization of new construction projects, additional construction at Grand Forks is not necessary.

ESTIMATED EFFECTS

In addition to producing current outlay savings of $225,000, adoption of this rescission would forestall future construction costs in excess of $1,000,000 and, later, annual operating costs. Research will continue to be conducted in facilities either existing or undergoing expansion. Should the need for animal studies continue to increase, additional space may be required at some future date.

V40234 DEC 4 75 XUM

R76-15

2

Outlay Effect (estimated in tenths of millions of dollars)

Comparison with President's 1976 budget:

1. Budget outlay estimated for 1976	$ 5.6
2. Outlay savings, if any, included in the budget outlay estimated	0

Current Outlay Estimate for 1976:

3. Without deferral	15.0
4. With deferral	14.8
5. Current Outlay Savings	0.2
Outlay Savings for the Transition Quarter	0
Outlay Savings for 1977	0

R76-15

DEPARTMENT OF AGRICULTURE

Agricultural Research Service

Appropriations provided under this head in the Agriculture and Related Agencies Appropriation Act, 1976, are rescinded in the amount of $225,000 for the fiscal year ending June 30, 1976.

Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	☐ Contract authority ☐ Other ____

Coverage

Fiscal Year 1976		Transition Quarter	
Budgetary Resources	Proposed Rescission	Budgetary Resources	Proposed Rescission
$10,000,000 (P.L. 94-122)	$10,000,000	$2,500,000 (P.L. 94-122)	$2,500,000

Justification

The program was authorized by the Water Bank Act (P.L. 91-559). The Act authorized the Secretary of Agriculture to enter into long-term agreements with farmers and landowners to preserve and improve migratory waterfowl habitat.

The overall objective of this program is the same as a similar program currently being conducted by the Department of the Interior. Since the program complement each other and since adquate preservation of wetlands can be maintained under existing agreements, the Water Bank Program could be discontinued without significant adverse impact on the Nation.

R76-16

Estimated Effects

Since the program provides only limited conservation benefits, its termination is of minimal consequence. Payments under prior year agreements will continue to be made until these agreements are fully satisfied. These agreements will have annual outlays of about $3.0 million for the next 9 years.

Outlay Effect (estimated in tenths of millions of dollars)

Comparison with President's 1976 Budget:

1. Budget outlay estimate for 1976	2.0
2. Outlay savings, if any, included in the budget outlay estimate	---

Total budgetary resources.....	24,280,771	15,000,000	3,750,000	3,750,000

Justification

Rescission of the $15,000,000 FY 1976 appropriations and the $3,750,000 transition quarter appropriation would discontinue this program which was first authorized by Section 1009 of the Agriculture and Consumer Protection Act of 1973 (P.L. 93-86). The program provides cost-sharing to landowners for the purpose of stimulating long-term sawtimber production on private nonindustrial lands.

There is serious doubt as to whether the national benefits derived from investments in this kind of program justify the expenditure of scarce national resources for its funding. Moreover, it is not clear that landowners would not invest their own capital if Federal cost-sharing

V40234 DEC 4 75 XUM

R76-17
2

were not available. The program would be far more justifiable if there were a mechanism through which the Federal Government could regain its investment at the time the timber products were marketed just as the landowner regains his. In this case, however, the landowner not only realizes a profit on his investment; but he also realizes a profit on the government's portion of the investment.

Estimated Effects

The Forestry Incentives Program can be terminated with little, if any, adverse impact on the Nation's capability to produce forestry products. Even without cost-sharing, technical assistance and advice would still be available to owners of such lands who wished to carry out tree planting, stand improvement, etc., at their own expense based on their assessment that such an undertaking is a sound economic investment.

Grant program ☒ Yes ☐ No	☐ Other _____
Type of account or fund: ☐ Annual ☐ Multiple-year _____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other _____

Coverage

Fiscal Year 1976		Transition Quarter	
Budgetary Resources	Proposed Rescission	Budgetary Resources	Proposed Rescission
$250,000,000 (P.L. 94-122 and 41)	$125,000,000	$37,500,000 (P.L. 94-122)	$25,000,000

Justification

A program level of $75 million for fiscal year 1976 and $12.5 million for the transition quarter is proposed. Of the $287.5 million appropriated by P.L. 94-122 and 94-41 for rural water and waste disposal grants over 15 months, $150 million is proposed for rescission and $50 million is to be deferred until fiscal year 1977. This program provides water and waste disposal development grants that are made to public or quasi-public agencies for the development, storage, treatment, purification, and distribution of domestic water or the collection, treatment, or disposal of waste in rural areas. Grants may not exceed 50 percent of the development cost of the projects.

The $75 million proposed funding level is considered sufficient to meet the needs of this program, at this time, for the following reasons:

R76-18
2

1. The program level proposed is sufficient to fund the most urgent grant applications on hand which are ready for funding this fiscal year.

2. The grant program level proposed, including transfers from other agencies, is the appropriate amount to complement the loan authority of $470 million provided for water and sewer facility loans (Rural Development Insurance Fund) in the FY 1976 Agriculture and Related Agencies Appropriation Act, based on revised estimates of the proper balance between loans and grants.

3. Grant funds for this type program are also available from the Economic Development Administration, the Department of Commerce; the Department of the Army; and the Appalachian Regional Commission to assist in funding water and waste disposal projects in rural areas.

Estimated Effects

The estimated effects of this rescission are minimal. The funding level recommended by the President together with fund transfers from other agencies is considered sufficient to fund this program this fiscal year.

Outlay Effect (Estimated in millions of dollars)

Comparison with President's 1976 budget:	
1. Budget outlay estimate for 1976.....	66.0
2. Outlay savings, if any, included in the budget outlay estimate.....	---
Current outlay estimates for 1976:	
3. Without rescission.....	71.8
4. With rescission.....	62.0
5. Current outlay savings (line 3 - 4).....	9.8
Outlay savings for the transition quarter.....	2.3
Outlay savings for 1977.....	31.4

The total outlay effect of the proposed rescissions of $125 million in FY 1976 and $25 million in the transition quarter, as well as the deferral of $50 million would be as follows:

FY 1976	-14.8 million
TQ	-4.3 million
FY 1977	-41.4 million

Budgetary Resources	Proposed Rescission	Budgetary Resources	Proposed Rescission
$11,875,000	$9,375,000	$2,969,000	$2,969,000
(P.L. 94-122)		(P.L. 94-122)	

JUSTIFICATION

This program supplements business and industrial loans made in rural areas for the purpose of improving, developing, or financing business, industry, and employment and improving the economic and environmental climate in rural communities.

Loan funds are available for these same purposes at reasonable interest rates and terms through the community facilities loan program of the Department of Agriculture. To avoid duplication of programs and the costs associated with such duplication, the rescission of $12,344,000 in 1976 and the transition quarter is proposed.

Estimated Effects

The elimination of this program will have a minimum effect on the rural economy since funds are available from the community facilities loan program and from other sources to fund necessary projects.

Fiscal Year 1976		Transition Quarter	
Budgetary Resources	Proposed Rescission	Budgetary Resources	Proposed Rescission
$7,500,000 (P.L. 94-122)	$7,500,000	$1,875,000 (P.L. 94-122)	$1,875,000

Justification:

Termination of this program is proposed because other programs can more effectively provide housing for farm workers. Many farm workers are settling out of the migratory stream and becoming homeowners under the home ownership loan program (Rural Housing Insurance Fund). This program can provide a loan covering the full cost of the house, repayable over 33 years, at interest rates as low as 1 percent. This kind of housing assistance has much greater social, community, and economic benefits than can be provided by the farm labor housing program which generally provides housing for families on a temporary basis. In addition, the Sec. 515 (Housing Act of 1949) rental housing program is providing an increased supply of moderate-cost rental housing in rural areas.

This program, which provides a 1 percent, 33-year loan and up to 90 percent grant, results in a very high Federal outlay relative to the number of persons benefited. In view of this fact and the other programs available to meet housing needs of domestic farm laborers, the program is proposed for termination.

R76-20

2

Estimated Effects:

The Labor Housing Loans and Grants represent a very small percentage of total funding of FmHA housing programs. The discontinuance of these grants would have a minimal effect on the supply of housing in rural areas.

Total budgetary resources.....	$10,036,529	$10,036,529	$2,250,000	$2,250,000

Justification

Grants are used to provide technical and supervisory assistance to groups of families who build their homes by mutually exchanging labor. Owing to the relatively low number of families that have taken advantage of this program and the greater effectiveness of other programs in meeting overall housing needs, the rescission of these budgetary resources is proposed.

V40234 DEC 4 75 XUM

R76-21

2

Estimated Effects

Although a significant effort was made by the field staffs, the Farmers Home Administration had difficulty granting the funds available in 1975. There was a scarcity both of eligible applicants and of applicants who showed evidence of being able to perform satisfactorily enough to be awarded grants. The same scarcities are expected in 1976. Therefore, terminating this program will deny benefits to very few families.

Grant program ☐ Yes ☒ No	☐ Other _____
Type of account or fund: ☐ Annual. ☐ Multiple-year _____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other _____

Justification

The fund was authorized by section 1005 of the Housing and Urban Development Act of 1968, to make loans at three percent interest for two years to acquire and develop sites. These sites are then subdivided and sold to eligible families, nonprofit organizations, and cooperatives. This program operates in conjunction with the Mutual and self-help housing program (see R76-21) that provides grants to groups of families who build their homes--sometimes, on sites developed through use of the fund--by mutually exchanging labor. Both programs are proposed for termination because relatively few groups have made use of the programs and because other programs are more effective in meeting overall housing needs.

R76-22

2

Estimated Effects

Of the $900,000 in loan funds available for this program in FY 1975, $234,000 was obligated. Since the demand for funds under this program has been very limited, insignificant effects would result from the proposed rescission.

Grant program ☐ Yes ☒ No	☐ Other
Type of account or fund: ☒ Annual ☐ Multiple-year (expiration date) ☐ No-year	Type of budget authority: ☐ Appropriation ☐ Contract authority ☒ Other Loan Authority

Justification

Loans for farm labor housing -- one of several loan programs encompassed by the Rural Housing Insurance Fund -- are made to farm owners, to public or private nonprofit organizations, or to nonprofit, State-incorporated organizations of farmworkers. In recent years, most of the loans have been made to public organizations and nonprofit associations at a 1% interest rate. The loans may be used to provide living quarters, household furnishings, and related facilities for domestic farm labor.

In comparison to other housing programs of the Farmers Home Administration, these loans have made insignificant contributions to meeting housing needs in rural areas. From the inception of the program in fiscal year 1962 through June 30, 1975, a total of 460 initial and subsequent loans have been made, obligating a total of $49 million. Further, loans to qualified farmworkers for similar housing purposes are available through two other programs operated under the Rural Housing Insurance Fund -- rural rental housing loans and homeownership loans.

Estimated Effects

The estimated effects of rescinding this program are considered negligible, since it represents a very small percentage of the loan authority available for housing programs and since housing assistance for farmworkers can be provided through the homeownership and rural rental housing loan programs.

$3,500,000 (P.L. 94-122)	$3,500,000	$875,000 (P.L. 94-122)	$875,000

Justification

This program, authorized under the Rural Development Act of 1972, would provide funds for fire fighting equipment and for organizing and training personnel in rural communities to assist in fire control. This program, which has a high cost per person served, is proposed for termination. Adequate credit assistance to provide this equipment is available at reasonable interest rates and terms through the community facilities loan program.

Estimated Effects: The estimated effects of the proposed rescission are negligible for the following reasons: first, community facilities loans are available at reasonable interest rates and terms; and, second, the Forest Service makes surplus fire fighting equipment available to rural communities.

Budgetary Resources	Proposed Rescission	Budgetary Resources	Proposed Rescission
$1,600,000 (P.L. 94-122)	$1,600,000	$400,000 (P.L. 94-122)	$400,000

Justification

Since 1948, Federal matching funds have been provided under the program to assist State Departments of Agriculture to conduct pilot marketing service projects geared to developing ongoing State capabilities and services. The policy to restrict funds to pilot activities was developed in cooperation with States and has had consistent State support. During the 27 years, most States have been able to obtain State funding for productive activities initiated on a pilot basis under the program. As a result, the majority of State Departments of Agriculture have, in recent years, conducted the bulk of their marketing work outside this program. For example, many States are now using State resources to carry out their portion of Federal-State market news programs and agricultural statistical services that were initially funded by the Federal Government. Ongoing State domestic promotional and informational programs are fully State-funded. The costs of State livestock grading programs has been taken over by the States or supported through user fees. A number of export marketing projects started under this program just a few years ago have been shifted to other sources of funding.

V40234 DEC 4 75 XUM

R76-25

2

Over the years, as ongoing State marketing services and other responsibilities increased, the importance of this program to the States has diminished. State activities funded by this program have received less interest and attention by State leaders, resulting in fewer innovative marketing service proposals being submitted by the States to the Agricultural Marketing Service for funding consideration and generally leaving AMS with the choice of supporting activities well past the pilot stage, approving mediocre work, or turning a good share of the funds back to the Federal Treasury.

The diminishing State interest in the program is substantiated by the fact that one-third of the 1974 participants did not request program funds for fiscal year 1975. Of the 30 States submitting proposals for 1975, 16 were not able to develop projects that met the major considerations for approving work. A major stumbling block was that many States were unable or not inclined to come up with State matching funds for developing new State marketing services beyond those services already provided or those that had previously been pilot-tested.

Estimated Effects

Rescinding the 1976 and transition quarter appropriations will have little impact on the marketing projects carried out by the States. As illustrated above, States have assumed funding of marketing service activities and have recently shown little interest in the pilot programs financing available through this program.

Appropriation title & symbol: State Housing Finance and Development Agencies 86x4240	Total budgetary resources 600,000,000
	Amount proposed for rescission-total new budget authority . . . . . $ 600,000,000 (for 1976, $15 million in contract authority and $15 million to liquidate that contract authority)
OMB identification code: 25-02-4240-5-1-451	Legal authority (in addition to sec. 1012): ☐ Antideficiency Act
Grant program ☒ Yes ☐ No	☐ Other ___
Type of account or fund: ☐ Annual ☒ Multiple-year fiscal year 2116 (expiration date) ☐ No-year	Type of budget authority: ☐ Appropriation ☒ Contract authority ☐ Other ___

Justification

Section 802 of the Housing and Community Development Act of 1974 (P.L. 93-383) authorizes interest subsidy grants to, and Federal guarantees of obligations issued by, State housing finance and development agencies. The HUD-Independent Agencies Appropriation Act, 1976 (P.L. 94-116) provided $15 million in annual contract authority for interest subsidies and $15 million in appropriations to liquidate that contract authority in 1976. This appropriation is the first made under the authority of Section 802. Annual contracts up to $15 million may now be made for a term of up to 40 years, which means the available contract authority translates into $600 million of budget authority ($15 million X 40 years = $600 million.)

If used, the interest subsidy grants would subsidize up to one-third of the interest cost of taxable obligations issued by State agencies. Whether or not these subsidies would result in lower borrowing costs to the recipient agencies would depend on the interest rate on taxable securities relative to the current market rates for tax-exempt issues. In some cases, the tax-exempt rate would be more favorable than the subsidized, taxable rate -- resulting in no advantage to the agencies. In other cases, the subsidized taxable rate would be lower, reducing borrowing costs to the agency.

Federal interest subsidies as provided under Section 802 are not the only available means for lowering agency borrowing costs. A number of State agencies have indicated a preference for FHA insurance or a coinsurance program as authorized under Section 244 of the Housing and Community Development Act of 1974. A number of States are already requiring Federal mortgage insurance on agency projects, and the Department is currently examining the relative benefits and costs of implementing Section 244.

R76-26

2

Also, State governments could lower the borrowing costs of their State housing finance and development agencies more than Section 802 assistance would by pledging their "full faith and credit" to the borrowing of the agencies. It can be demonstrated that the issuance of such a pledge is equal to, and in some cases superior to, the interest subsidy provisions of Section 802. Thus, the interest subsidies are not needed.

Estimated Effects

Since State backing for securities issued by housing and development agencies could reduce borrowing costs by more than the interest subsidies, this rescission need not affect the activity level of these agencies.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

HOUSING PROGRAMS

STATE HOUSING FINANCE AND DEVELOPMENT AGENCIES

Appropriations and contract authority provided for in the Housing and Urban Development-Independent Agencies Appropriation Act, 1976, for interest grant payments pursuant to Section 802(c)(2) of the Housing and Community Development Act of 1974 (88 Stat. 722) are rescinded.

Recission Proposal No: R76-27

PROPOSED RESCISSION OF BUDGET AUTHORITY

Report Pursuant to Section 1012 of P.L. 93-344

Agency Consumer Product Safety Commission	New budget authority (P.L. 94-116) $ 41,820,000
Bureau	Other budgetary resources 10,000
Appropriation title & symbol	Total budgetary resources 41,830,000
Salaries and Expenses - 6150100	Amount proposed for rescission $ 5,225,000
OMB identification code: 30-40-0100-0-1-553	Legal authority (in addition to sec. 1012): ☐ Antideficiency Act
Grant program ☐ Yes ☒ No	☐ Other
Type of account or fund: ☒ Annual ☐ Multiple-year (expiration date) ☐ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other

Justification:

The proposed rescission would maintain the President's 1976 requested level of $36,595,000 for the Consumer Product Safety Commission (CPSC). The 1976 appropriation exceeds the President's request by the $5,225,000 proposed for rescission.

The resulting level would allow maintenance of all CPSC programs at the 1975 level, which is more than 20% above the 1974 level. A $37 million funding level should provide ample resources for CPSC to demonstrate its effectiveness in reducing consumer product injuries, to address program priorities, and to accomplish essential objectives.

Estimated Effects:

The rescission would not result in personnel reductions, and all CPSC programs could be maintained at the 1975 level. No continuing grants or contracts would have to be cancelled for lack of funding. The appropriation level of $41,820,000 would result in an average 14% expansion over 1975 in all program areas—including regulatory development, information and education, compliance, and administration.

Deferral No: D76-68

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency U.S. Department of Agriculture	New budget authority (P.L. 94-122) $ 10,395,000 Other budgetary resources 8,667,500 Total budgetary resources 19,062,500
Bureau Agricultural Research Service	
Appropriation title & symbol Agricultural Research Service (Construction) 12X1400	Amount to be deferred: Part of year $ ____ Entire year 7,570,000
OMB identification code: 05-18-1400-0-1-352 Grant program ☐ Yes ☒ No	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ____
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification:

Currently, the research facilities of the Agricultural Research Service (ARS) are not fully utilized. Although the Department of Agriculture, with the support of the Congress, is continuing its efforts to improve utilization by further sharing resources with other Federal agencies, facilities are currently in excess of staff using them. A recent review indicated that ARS laboratories are staffed at 88 percent of their capacity in terms of scientific man-years, 79 percent with ARS personnel and 9 percent with non-ARS personnel. To optimize use of the scientific staff, programs are under constant review; priority research efforts are being identified, projects reaching completion are being terminated, and efforts are being made to relocate and consolidate similar lines of work at the various locations.

In view of these excess research facilities and no immediate prospects for substantially more scientific staff to use them, $7,570,000 appropriated in fiscal year 1976 for construction of the Northeastern Appalachian Region Fruit Crop Laboratory, Kearneysville, West Virginia, are proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

Estimated Effects

Fruit research in support of regional fruit industries will continue at other locations, primarily Beltsville, Maryland. Savings in Federal expenditures are estimated at $1.0 million in fiscal year 1976, and total $5.0 million by end of fiscal year 1977 if deferral is continued until then.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency U. S. Department of Agriculture	New budget authority (P.L.) $
Bureau Animal and Plant Health Inspection Service	Other budgetary resources 17,555,928
Appropriation title & symbol 12X1600 Animal and Plant Health Inspection Service (Construction-Fleming Key Animal Import Center)	Total budgetary resources 17,555,928
	Amount to be deferred: Part of year $ Entire year 6,314,000
OMB identification code: 05-21-1600-0-1-999	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other
Grant program ☐ Yes ☐ No	
Type of account or fund: ☐ Annual ☐ Multiple-year (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other

Justification

The Fleming Key Animal Import Center would provide quarantine facilities for cattle imported directly into the United States from countries known to be infected or to have been infected with foot and mouth disease.

Currently, exotic breeding stock can be brought into the United States through the facilities of other countries where USDA approved safeguards are exercised.

Since some desired exotic cattle breeds are currently available through facilities operated by other countries, the construction funds for the Fleming Key Animal Import Center are being deferred through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

Estimated Effects

The purpose of the construction of the Fleming Key facility is to expand the import of--by partially reducing the cost of import--exotic cattle breeds to improve the production of U.S. cattle and dairy herds. Deferral of these amounts would not markedly affect the progress toward this goal. Some desired cattle are now available through other channels.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency U.S. Department of Agriculture	New budget authority (P.L. 94-122) $ 175,000,000
Bureau Agricultural Stabilization and Conservation Service	Other budgetary resources ---
Appropriation title & symbol Agricultural Conservation Program, 1976 126/83315	Total budgetary resources 175,000,000
	Amount to be deferred: Part of year $ --- Entire year 90,000,000
OMB identification code: 05-60-3315-0-1-302	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other
Grant program ☐ Yes ☐ No	
Type of account or fund: ☐ Annual ☒ Multiple-year 12/31/76 (expiration date) ☐ No-year	Type of budget authority: ☐ Appropriation ☒ Contract authority ☐ Other

Justification

This action would defer $90,000,000 of contract authority for the 1976 Agricultural Conservation Program (ACP), authorized in the 1976 Agriculture and Related Agencies Appropriation Act until June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

A level of $85 million will provide all the funding that can be effectively used to provide cost-sharing for additional conservation above that which farmers are willing and able to perform with their own resources.

Estimated Effects The proposed deferral would leave $85,000,000 available for FY 1976. This amount will be sufficient for cost-sharing assistance to farmers. There would be no outlay savings in FY 1976 because funds are not appropriated in the current year to liquidate the 1976 contract authority.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency U.S. DEPARTMENT OF AGRICULTURE	New budget authority (P.L. _____) $ 250,000,000
Bureau Farmers Home Administration	Other budgetary resources 1,053,205
Appropriation title & symbol	Total budgetary resources 251,053,205
Rural Water and Waste Disposal Grants 12X2066	Amount to be deferred: Part of year $ _____
	Entire year 50,000,000
OMB identification code: 05-75-2066-01-1-451	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act
Grant program ☒ Yes ☐ No	☐ Other _____
Type of account or fund: ☐ Annual	Type of budget authority: ☒ Appropriation
☐ Multiple-year _____ (expiration date)	☐ Contract authority
☒ No-year	☐ Other _____

Justification

A $75 million program level for fiscal year 1976 is proposed. Of the $250 million appropriated by P.L. 94-122 and 94-41 for rural water and waste disposal grants in 1976, $125 million is proposed for rescission and $50 million is planned for deferral until fiscal year 1977. This program provides water and waste disposal development grants that are made to public or quasi-public agencies for the development, storage, treatment, purification, and distribution of domestic water; and for the treatment or disposal of waste in rural areas. Grants may not exceed 50 percent of the development cost of the projects. These funds are proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

The $75 million proposed funding level is considered sufficient to meet the needs of this program in FY 1976 for the following reasons:

1. The program level proposed is sufficient to fund the most urgent grant applications on hand which are ready for funding this fiscal year.

D76-72

2

2. The grant program level proposed, including transfers from other agencies, is the appropriate amount to complement the loan authority of $470 million provided for water and facility loans (Rural Development Insurance Fund) in the FY 1976 Agriculture and Related Agencies Appropriation Act, based on revised estimates of the proper balance between loans and grants.

3. Grant funds for this program have been or are in the process of transfer from the Economic Development Administration, Department of Commerce; Department of the Army; and the Appalachian Regional Commission to assist in funding water and waste disposal projects in rural areas.

Estimated Effects

The estimated effects of this deferral are minimal. The funding level recommended by the President, together with fund transfers from other agencies, is considered sufficient to fund this program this fiscal year.

Outlay Effect (Estimated in millions of dollars)

Comparison with President's 1976 budget:	
1. Budget outlay estimate for 1976	66.0
2. Outlay savings, if any, included in the budget outlay estimate	---
Current outlay estimates for 1976:	
3. Without deferral	71.8
4. With deferral	66.8
5. Current outlay savings (line 3 - line 4)	5.0
Outlay savings for the transition quarter	2.0
Outlay savings for 1977	10.0

The total outlay effect of this deferral of $50 million and the proposed rescission of $125 million in FY 1976, and $25 million in the transition quarter, would be as follows:

FY 1976	-14.8 million
TQ	-4.3 million
FY 1977	-41.4 million

V40234 DEC 4 75 XUM

Deferral No: D76-73

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency U.S. Department of Agriculture	New budget authority (P.L. 94-122) $ 172,986,000 Other budgetary resources 25,052,000 Total budgetary resources 198,038,000
Bureau Soil Conservation Service	
Appropriation title & symbol Watershed and Flood Prevention Operations 12X1072	Amount to be deferred: Part of year $ ____ Entire year 22,500,000
OMB identification code: 05-78-1072-0-1-301	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ____
Grant program ☒ Yes ☒ No (Both)	
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification

Of the total amount being deferred, $12,500,000 is for emergency work (e.g., runoff retardation and soil erosion prevention). In 1976, only the spring construction season remains. All funds available for emergency work will not be used then due to several factors including unavailability of equipment, the time necessary to obtain permits, and the unpredictability of spring weather. The funds being deferred are expected to be made available for later construction seasons, including the next summer and fall construction seasons.

The other $10,000,000 being deferred is for new construction starts. If additional new starts are made, future funding will either have to be spread over more projects in progress, resulting in a slow-down of completion of projects currently under way or future funding levels will have to be increased, since the funds provided this year are sufficient only to start the new projects.

Estimated Effects

Emergency work necessary to relieve the hazardous conditions most critical to the protection of life and property will be undertaken in FY 1976. The FY 1976 construction level will be nearly that for 1975. Less urgently needed work--correction of damage that does not pose a near-term threat to life or property--will be completed after FY 1976. Twenty new construction starts will be delayed.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency U.S. Department of Agriculture	New budget authority (P.L. 94-122) $ 29,972,000
Bureau Soil Conservation Service	Other budgetary resources 2,337,000
Appropriation title & symbol Resource Conservation and Development, 12X1010	Total budgetary resources 32,309,000
	Amount to be deferred: Part of year $ ____
	Entire year 4,960,000
OMB identification code: 05-78-1010-0-1-302	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act
Grant program ☐ Yes ☒ No	☐ Other ____
Type of account or fund: ☐ Annual	Type of budget authority: ☒ Appropriation
☐ Multiple-year ____ (expiration date)	☐ Contract authority
☒ No-year	☐ Other ____

Justification

The purpose of this program is to assist qualified local sponsoring organizations in developing and improving the economic use of natural resources. The program aids local sponsoring organizations in developing natural resource project plans and provides technical assistance in the field, as the plans are implemented.

The projects aided typically are of more than one year's duration so that a consistent and moderate level of funding is most desirable for the overall program.

The amount being deferred was to have initiated 15 new projects. If these new projects are started, future funding will either have to be spread over more projects in progress, resulting in a slow-down of completion of projects currently under way or future funding levels will have to be increased, since the funds provided this year are sufficient only to start the projects.

These funds are proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

Estimated Effects

The program level that includes the effect of the deferral would provide for for project planning to be initiated in 10 new areas and completed in 35 areas during 1976. The number of areas authorized for operations is expected to reach 169 by June 30, 1976.

D76-74

Deferring the 15 new starts will help assure orderly completion, in future years, of projects now underway.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency Department of Commerce	New budget authority (P.L. 94-12) $ 61,000
Bureau National Oceanic and Atmospheric Administration	Other budgetary resources 811,834
Appropriation title & symbol Fishermen's Guaranty Fund 13X4318	Total budgetary resources 872,834
	Amount to be deferred: Part of year $ 151,834 Entire year ____
OMB identification code: 06-48-4318-0-3-403	Legal authority (in addition to sec. 1013): ☒ Antideficiency Act ☐ Other ____
Grant program ☐ Yes ☒ No	
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification

This fund, established pursuant to the Fishermen's Protective Act of 1967, as amended, provides compensation to vessel owners and crews for financial losses resulting from the seizure of United States fishing vessels by foreign governments on the high seas on the basis of rights or claims to territorial waters not recognized by the United States. Losses payable are generally limited to the market value of fish caught before seizure which were spoiled or confiscated and up to 50% of gross income lost as a direct result of such seizures. Capital for this fund is derived from fees paid by vessel owners at rates established by the Secretary of Commerce and appropriations from the general fund.

Between January 25 and February 1, 1975, Ecuador seized seven United States fishing vessels. Claims resulting from these seizures have totaled $2,247,987, of which, $1,553,690 was paid in FY 1975 with the remaining $694,297 to be paid in FY 1976. The current program will finance the administrative expenses of this fund and payment of all outstanding claims. Since no seizures of United States fishing vessels have occurred since February 1, 1975, $151,834 is being placed in reserve pending future seizures and resulting claims.

D76-75

2

Estimated Effects:

Deferral of these funds will have no effect on the Fishermen's Guaranty Fund as currently planned for FY 1976.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency DEPARTMENT OF COMMERCE	New budget authority (P.L. 94-121) $ 60,919,000
Bureau Office of the Assistant Secretary for Science and Technology	Other budgetary resources 10,067,419
Appropriation title & symbol Scientific and Technical Research and Services 13X0500	Total budgetary resources 70,986,419
	Amount to be deferred: Part of year $ ____ Entire year 1,187,000
OMB identification code: 06-52-0500-0-1-403	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ____
Grant program ☐ Yes ☒ No	
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification

This appropriation funds the activities of the National Bureau of Standards, the National Technical Information Service (NTIS) and the Office of Telecommunications (OT).

This deferral is for funds available for the Experimental Technology Incentives Program (ETIP) of the National Bureau of Standards. The objective of the ETIP program is to find ways to stimulate the application of science and technology to attain national goals, such as increased productivity. Contracts are let with industry and universities and interagency cooperative efforts are organized to work toward the objective.

Appropriate projects that will contribute toward accomplishing the program objective have developed at a slower rate than available funding. Projects eligible for funding are of a very specialized nature and require substantial time to develop and review.

In FY 1975, the program had actual obligations of $1,654,000 less than planned. Of this amount, $467,000 will be used in FY 1976 to fund projects. Additional projects that would warrant use of the $1,187,000 being deferred are not expected before FY 1977. These funds are proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

D76-11B

SUPPLEMENTARY REPORT

Report Pursuant to Sec. 1014 (c) of P.L. 93-344

This supplementary report modifies Deferral No. D76-11A transmitted in the special message of July 25, 1975, and printed as House Document No. 94-225.

The amount deferred for research and training activities overseas of the HEW Assistant Secretary for Human Development has been reduced from $8,306,986 to $4,251,885 as a result of final FY 1976 financial plans for approved projects and the issuance of some valid reservation certificates by Treasury. This action also reflects the planned use of $3,806,986 in FY 1977, rather than in FY 1976, as was reported in Deferral No. D76-11A.

Deferral No: D76-11B

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: Department of Health, Education and Welfare	New budget authority (P.L. ____) $ ____
Bureau: Assistant Secretary for Human Development	Other budgetary resources 8,306,986
Appropriation title & symbol: Research and Training Activities Overseas (Special Foreign Currency Program) 75X0138	Total budgetary resources 8,306,986
	Amount to be deferred: Part of year $ 444,899*
	Entire year 3,806,986*
OMB identification code: 09-80-0505-0-1-506	Legal authority (in addition to sec. 1013): [X] Antideficiency Act
Grant program [X] Yes [ ] No	[ ] Other ____
Type of account or fund: [ ] Annual	Type of budget authority: [X] Appropriation
[ ] Multiple-year ____ (expiration date)	[ ] Contract authority
[X] No-year	[ ] Other ____

Justification

* The amount proposed for deferral has been placed in reserve pursuant to the Antideficiency Act (31 USC 665 et seq.). Excess foreign currencies are used in this appropriation to fund foreign research and training activities. The amount of $444,899 is being deferred pending the receipt of Treasury valid reservation certificates later in FY 1976. It is anticipated that financial plans for the utilization of the remaining $3,806,986 will not be final until FY 1977.

Estimated Effects

* This action has no programmatic or financial impact. Also, because grants are restricted in this program to countries where the United States owns excess local currencies, expenditures in this account do not take monies out of the U.S.

*Revised from initial message.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: Environmental Protection Agency	New budget authority (P.L. 94-116 ___): $374,788,000
Bureau: Office of Water Planning & Standards	Other budgetary resources: 58,933,000
Appropriation title & symbol: Abatement and Control C8X0108 (Water Quality Control Agency Grants)	Total budgetary resources: 433,721,000
	Amount to be deferred: Part of year: $ ___
	Entire year: 10,000,000
OMB identification code: 20-00-0108-0-1-304	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ___
Grant program: ☐ Yes ☒ No	
Type of account or fund: ☐ Annual ☐ Multiple-year ___ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ___

Justification: Budget Authority of $10 M for grants to State and interstate water pollution control agencies under Section 106 of the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92-500) is proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976, at which time it shall be made available for obligation.

The deferral will maintain a program level of $40 M in FY 1976, the same as FY 1975. EPA estimates that the FY 75 program level of $40 M has resulted in the following accomplishments: State issuance of 11,000 NPDES[1/] permits, completion of initial statewide water quality management planning for point sources[2/] of pollution, and increased capacity of State agencies to manage the construction of municipal facilities. Maintaining a $40 million program level in FY 1976 will allow State agencies to place increased emphasis on compliance monitoring and enforcement while permit issuance activities decline, initiate statewide water quality management planning for non-point[3/] sources of pollution as point source planning is completed, and maintain effective management of the Construction Grants program.

Estimated Effects: The deferral of $10 M will maintain the FY 1976 program at the same level as FY 1975. Because obligational levels in FY 1976 would remain constant, no agency grants would be terminated or reduced.

1/ National Pollution Discharge Elimination System
2/ pollution discharged from a pipe, ditch, conduit, etc.
3/ pollution that is not discharged from a pipe, ditch, conduit, etc.

Deferral No: D76-77

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: Department of Labor	New budget authority (P.L. ___): $ ___
Bureau: Departmental Management	Other budgetary resources: 38,379,851
Appropriation title & symbol: Working Capital Fund 16X4601	Total budgetary resources: 38,379,851
	Amount to be deferred: Part of year: $ 977,000
	Entire year: ___
OMB identification code: 12-25-4601-0-4-505	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ___
Grant program: ☐ Yes ☒ No	
Type of account or fund: ☐ Annual ☐ Multiple-year ___ (expiration date) ☒ No-year	Type of budget authority: ☐ Appropriation ☐ Contract authority ☒ Other 29 USC 563

Justification

The Antideficiency Act requires (31 U.S.C. 665(c)(1)) that "...all appropriations or funds not limited to a definite period of time....shall be so apportioned as to achieve the most effective and economical use thereof." Accordingly, funds for expansion and modernization of automatic data processing support for this fund will be apportioned when the Department of Labor's plans for this support have been reviewed and approved as proposing "the most effective and economical" use of funds.

Estimated Effects

Deferral may delay the ordering of new computer equipment, but will permit review of the Department's plan in order to achieve the most effective and economical use of available funds.

Outlay Effect

No effect on FY 1976 or TQ outlays is anticipated.

V40234 DEC 4 75 XUM

Deferral No: D76- 78

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency Department of Labor	New budget authority (P.L. ——————) $ ——
Bureau Pension Benefit Guaranty Corporation	Other budgetary resources $164,690,722
Appropriation title & symbol Pension Guaranty Fund 16X2404	Total budgetary resources 164,690,722
	Amount to be deferred: Part of year $ -0- Entire year 1,431,000
OMB identification code: 55-35-4204-0-3-601	(Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ——
Grant program ☐ Yes ☒ No	
Type of account or fund: ☐ Annual ☐ Multiple-year —— (expiration date) ☒ No-year	Type of budget authority: ☐ Appropriation ☐ Contract authority ☒ Other Borrowing Authority

Justification

The Employee Retirement Income Security Act of 1974 (P.L. 93-406) authorized the establishment of this revolving fund in the Pension Benefit Guaranty Corporation (PBGC). The authorization included authority to spend public debt receipts in an aggregate amount not to exceed $100,000,000. The authorization also provided that this revolving fund would be credited with premium payments, receipts, and other budgetary resources for operation of the Corporation. The budgetary resources of the Corporation are available without regard to fiscal year limitation.

The Antideficiency Act requires (31 U.S.C. 665 (c)(1)) that "...all appropriations or funds not limited to a definite period of time...shall be so apportioned as to achieve the most effective and economical use thereof." Accordingly, funds for automated data systems will be apportioned when it has been shown that the systems proposed will meet actual needs for such processing. The full amount requested for additional personnel has not been approved, however, PBGC will be able to carry out its primary workload during FY 1976 within approved personnel funding.

Funds are proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976.

D76-78

2

Estimated Effects

The deferral will result in keeping down the Corporation's administrative expenses. This will have the effect of conserving premium receipts for benefit payments to workers in failing pension plans. Also, the need to increase premium payments or to use Treasury borrowings will be reduced. Leaving staffing at present levels will avoid the need for reductions in 1977 when a downturn in workload is expected. This deferral will delay development of the Corporation's data information program. However, it will have no effect on the payments of benefits.

Outlay Effect

This deferral will not affect budgetary outlays because PBGC is an off-budget agency. However, it will result in reducing Treasury financing need by $1,431,000 for FY 1976.

V40234 DEC 4 75 XUM

Deferral No: D76- 79

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: Environmental Protection Agency Bureau:	New budget authority (P.L. 94-116): $166,456,000 Other budgetary resources: 24,290,000 Total budgetary resources: 190,746,000
Appropriation title & symbol: Research and Development 68X0107 (Air Research and Development)	Amount to be deferred: Part of year: $ ____ Entire year: 2,000,000
OMB identification code: 20-00-0107-0-1-304 Grant program ☐ Yes ☒ No	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ____
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification: Budget authority of $3M was added to the President's Budget for the purposes of (1) health effects research on emissions from catalyst-equipped vehicles and (2) research on pollutant-carcinogen relationships. The deferral of $2M for research on pollutant-carcinogen relationships will give EPA the time needed to coordinate its cancer-related research program with similar efforts of the National Cancer Institute and other Government agencies and to determine which types of research would be most appropriate for EPA to undertake in the area of carcinogen effects. This problem must be fully resolved before additional funds are committed.

The budget authority is proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976, at which time it shall be made available for obligation.

Estimated Effect: This deferral will give the agency time to develop an effective plan for undertaking carcinogen-pollutant effects research. However, it will not terminate or reduce any of EPA's ongoing research programs, including those for FY 1976 in this area.

D76-79

2

Outlay Effects (estimated in millions of dollars)

Deferral No: D76-80

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: Environmental Protection Agency	New budget authority (P.L. 94-116): $166,465,000
Bureau: Office of Research & Development	Other budgetary resources: 24,290,000
Appropriation title & symbol: Research and Development (Water Quality Research) 68X0107	Total budgetary resources: 190,755,000
	Amount to be deferred: Part of year: $ ____
	Entire year: 4,600,000
OMB identification code: 20-00-0107-0-1-304	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act
Grant program: ☐ Yes ☒ No	☐ Other ____
Type of account or fund: ☐ Annual	Type of budget authority: ☒ Appropriation
☐ Multiple-year ____ (expiration date)	☐ Contract authority
☒ No-year	☐ Other ____

Justification: $4.6M of funds added by the Congress to the President's 1976 Budget request has been made available for obligation. However, $4.6M of 1976 budget authority originally included in the President's budget is now proposed for deferral through June 30, 1976, or if appropriate legislation is enacted, through September 30, 1976, in order to maintain the total program level at the President's request. The additional funds appropriated by the Congress were directed for the following purposes: ocean disposal research, wastewater disinfection, sludge disposal processes, and interdisciplinary research.

Because of the high priority nature of the items added by the Congress, they will be included in the EPA FY 1976 program plan. However, in order to maintain the total Water Quality R&D program at the level of the President's Budget, a comparable amount of specific research tasks in areas which represent the Agency's lowest program priorities will be deferred or stretched out into FY 1977, at which time the deferred funds shall be made available for obligation.

Estimated Effects: The impact of this deferral will be to delay the start of some less important projects or stretch out the completion of some on-going research projects for up to 11 months.

D76-80

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency Environmental Protection Agency Bureau	New budget authority (P.L. 94-116) $374,788,000 Other budgetary resources 58,933,000 Total budgetary resources 433,721,000
Appropriation title & symbol Abacement and Control 68X010X (Air Control Agency Grants)	Amount to be deferred: Part of year $ ____ Entire year 3,750,000
OMB identification code: 20-00-0108-0-1-304 Grant program ☒ Yes ☐ No	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ____
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification: Budget authority of $3.75 million for grants to State and local air pollution control agencies under Section 105 of the Clean Air Act is proposed for deferral. The purpose of the funds is to support State and local agency programs which implement Clean Air Act requirements.

With the deferral, the program level will be $51.5 million in FY 1976, the same as the program level in FY 1975. In FY 1975, State and local control agencies finalized the development and implementation of basic State Implementation Plans, including the establishment of air quality monitoring networks. Maintenance of the $51.5 million level will allow the funded State and local control agencies to proceed with high priority State Implementation Plan revisions and to continue adopting new source enforcement activities from EPA. Thus, with the maintenance of a $51.5 million in FY 1976 funded agencies will proceed with their highest priority objectives.

The $3.75 million in budget authority is proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976, at which time it shall be made available for obligation.

Estimated Effects Continuation of the FY 1975 obligational level in FY 1976 will not cause the reduction or the termination of any control agency grants, and the deferral of $3.75 million will have limited impact on the FY 1976 program level relative to that in FY 1975. Without this deferral, grantees would receive about a 7 percent increase over the FY 1975 program levels, or about a $14,000 increase on an average grant of $200,000.

D76-82

2

This deferral will provide for a level program in FY 1976 in lieu of a 25 percent increase over 1975. Based on past experience, it is estimated that 62 grants will be affected, resulting in maintaining an average grant of $645 thousand instead of $806 thousand.

Outlay Effect (estimated in millions of dollars)

Comparison with President's 1976 Budget:

1. Budget outlay estimate for 1976	352.0
2. Outlay savings, if any, included in the budget outlay estimate	0.0

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency Environmental Protection Agency	New budget authority (P.L. 94-116) $ 374,788,000
Bureau Office of Water Planning & Standards	Other budgetary resources 58,933,000
Appropriation title & symbol Abatement and Control 68X0108 (Clean Lakes Grants)	Total budgetary resources 433,721,000
	Amount to be deferred: Part of year $ ____ Entire year 15,000,000
OMB identification code: 20-00-0108-0-1-304	Legal authority (in addition to sec. 1013): ☐ Antideficiency Act ☐ Other ____
Grant program ☒ Yes ☐ No	
Type of account or fund: ☐ Annual ☐ Multiple-year ____ (expiration date) ☒ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other ____

Justification: Budget authority of $15,000,000 for clean lakes grants under the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92-500) is proposed for deferral. The purpose of the funds is to provide assistance to States in order to carry out methods and procedures for lake restoration approved by the EPA Administrator, consisting of land management practices to control the discharge of non-point sources 1/ of pollution to lakes and techniques for the in-lake restoration of water quality.

The funds are proposed for deferral through June 30, 1976, or, if appropriate legislation is enacted, through September 30, 1976. The funds are proposed for deferral for two reasons:

1. Because a national classification of lakes according to eutrophic condition has not yet been completed, and because of gaps in scientific knowledge of lake restoration, EPA has thus far focused the clean lakes program on developing and demonstrating cost-effective innovative techniques for lake restoration. Congress appropriated $4 M for this purpose in FY 1975. To date, EPA has received grant applications for approximately $2 M but has not yet awarded any grants. The additional $15 million cannot be utilized in an effective manner until the initial demonstrations are underway and their effectiveness evaluated.

2. The development of land management practices to control non-point sources of pollution is assigned primarily to the Section 208 areawide and statewide planning processes. Comprehensive plans for non-point source control will not be completed until 1977 or 1978. Thus, it is not known at this time how clean lakes grants can

1/ pollution that is not discharged through a pipe, ditch, conduit, etc.

D76-83
2

best be utilized in supporting comprehensive non-point source pollution abatement to restore and maintain the quality of freshwater lakes.

Estimated Effect: It is estimated that the deferral will have no programmatic effects, because:

(1) $4 M has been available for this program for almost a year with grant applications thus far for only $2 M and no funds obligated, and
(2) there are no estimated FY 1976 outlays from the $15M if it were made available for obligation at this time.

Outlay Effect (estimated in millions of dollars)

JUSTIFICATION

Purchase of an administrative aircraft provided for in NASA's fiscal year 1976 appropriation will be deferred pending review of the need for this aircraft, its economic justification, and any relevent alternatives available to the Government (e.g., lease vs. buy and the possibility of otherwise obtaining the needed transportation from commercial sources).

ESTIMATED EFFECTS

This deferral is not expected to affect NASA's ability to effectively manage its programs.

OUTLAY EFFECT

None anticipated because this is a part-year deferral.

Deferral No: D76-85

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: Department of State	New budget authority (P.L. 94-24): $305,000,000
Bureau: Refugee and Migration Affairs	Other budgetary resources: -0-
Appropriation title & symbol: Special Assistance to Refugees from Cambodia and Vietnam	Total budgetary resources: 305,000,000
	Amount to be deferred: Part of year: $28,492,695
	Entire year: -0-

Type of account or fund: ☐ Annual	Type of budget authority: ☒ Appropriation
☒ Multiple-year June 30, 1976 (expiration date)	☐ Contract authority
☐ No-year	☐ Other

Justification

Public Law 94-23, approved May 23, 1975, authorized appropriations to relocate and resettle refugees from Cambodia and Vietnam in the United States and other countries. Public Law 94-24, approved the same date, appropriated $305,000,000 to the Department of State for these purposes. This appropriation, together with certain foreign assistance funds, financed the evacuation of refugees from Cambodia and Vietnam; the establishment, outfitting and staffing refugee staging centers in the Pacific and reception centers in the United States; and contracts with voluntary agencies to recruit sponsors and to provide initial financial aid in settling refugees. Current plans anticipate that most, if not all, refugees will have left reception centers by December 30, 1975. Certain resettlement activities will, however, continue through June, 1976, by which time the State Department program must be completed as required by P.L. 94-23.

The State Department has prepared a financial plan which, at this time, identifies $276,507,305 of requirements against this appropriation. The Department proposes to maintain $28,492,695 in reserve for possible contingencies. This amount has been apportioned as a reserve for contingencies under authority of the Antideficiency Act.

List of Public Laws

NOTE: No acts approved by the President were received by the Office of the Federal Register for inclusion in today's LIST OF PUBLIC LAWS.

ATTENTION: Questions, corrections, or requests for information regarding the contents of this issue only may be made by dialing 202–523–5286. For information on obtaining extra copies, please call 202–523–5240. To obtain advance information from recorded highlights of selected documents to appear in the next issue, dial 202–523–5022.

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

HIGHLIGHTS—Continued

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 12—Banks and Banking

CHAPTER I—COMPTROLLER OF THE CURRENCY, DEPARTMENT OF THE TREASURY

PART 7—INTERPRETIVE RULINGS

National Banks Acting as Travel Agents

Subsequent to the decision of the First Circuit U.S. Court of Appeals in "Arnold Tours, Inc. v. Camp," 472 F. 2d 427 (1972), the Comptroller of the Currency was requested by the American Society of Travel Agents, Inc., and also by several national banks to publish a revision of Interpretive Ruling 7.7475, an interpretive ruling dealing with the subject of travel services by national banks. The First Circuit in the *Arnold Tours* case held that I.R. 7.7475 was "invalid to the extent that it is construed by the Comptroller as authorizing a national bank to operate a full-scale travel agency."

By notice published in the FEDERAL REGISTER, 38 FR 35023, December 21, 1973, the Comptroller solicited the views of all interested parties on a possible revision of I.R. 7.7475, raising a number of questions concerning such a revision as to which specific comment was solicited. Thereafter, as a result of the comment received and staff analyses, the Comptroller published a proposed revision of I.R. 7.7475 and invited additional comment, 40 FR 14767, April 2, 1975. Notwithstanding the initial opportunity for comment, extensive additional comments were received in response to the proposed revision of I.R. 7.7475 published by the Comptroller's Office. These comments raised a number of problems which have created considerable difficulty in the drafting of an interpretive ruling which will provide appropriate guidance to national banks.

During the pendency of these administrative proceedings, the existing language of I.R. 7.7475 has been left in place. However, in a pending suit against the Comptroller, "American Society of Travel Agents, Inc. v. James E. Smith," Civil Action No. 75–0370 (D. D.C.), the Comptroller represented to the Court that the Comptroller's Office would, on or before November 28, 1975, either issue a revised interpretive ruling or repeal the existing ruling. In keeping with this representation, the existing language of I.R. 7.7475, 12 CFR 7.7475, is this day rescinded.

The Comptroller intends to issue a revised interpretive ruling on this subject. Pending the issuance of such ruling, national banks should consult with their own legal counsel as to the range of permissable travel services under applicable statutes. In addition, until a new ruling is issued, the Comptroller's Office will not accept any applications from national banks to offer travel services through an operating subsidiary pursuant to I.R. 7.7376.

§ 7.7475 [Removed]

Accordingly, 12 CFR 7.7475 is rescinded.

Dated: November 26, 1975.

[SEAL] JAMES E. SMITH,
Comptroller of the Currency.

[FR Doc.75–32785 Filed 12–4–75;8:45 am]

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 75–CE–30–AD; Amdt. 39–2449]

PART 39—AIRWORTHINESS DIRECTIVES

Beech Model 65–B80 Airplanes

The manufacturer has advised that P/N 50–980109–5 and –7 shields, which are portions of the nacelle interior fire shield, may have been incorrectly installed on certain Beech Model 65–B80 airplanes. Such installations could compromise the effectiveness of the nacelle interior fire shield. Since this condition is likely to exist in certain serial numbers of Beech Model 65–B80 airplanes, an Airworthiness Directive (AD) is being issued, applicable to those airplanes, which will require inspection of the nacelle interior fire shield installation and correction thereof as necessary.

Since a situation exists which requires expeditious adoption of the amendment, notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than thirty (30) days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator 14 CFR 11.89 (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new AD.

BEECH. Applies to Model 65–B80 (Serial Numbers LD–476 thru LD–502 and LD–504) airplanes

Compliance: Required as indicated, unless already accomplished.

To detect and correct improperly installed P/N 50–980109–5 and –7 shields, within 50 hours' time in service after the effective date of this AD, accomplish the following:

(A) Visually inspect the nacelle interior fire shield and correct as necessary in accordance with Beechcraft Service Instruction No. 0771–065 or later revision or any equivalent method approved by the Chief, Engineering and Manufacturing Branch, FAA, Central Region.

(B) Aircraft may be flown in accordance with FAR 21.197 to a place where the AD can be accomplished.

This amendment becomes effective December 9, 1975.

(Secs. 313(a), 601 and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421 and 1423); Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Kansas City, Missouri, on November 24, 1975.

C. R. MELUGIN, Jr.,
Director, Central Region.

[Docket No. 75–NE–11; Amdt. 39–2447]

PART 39—AIRWORTHINESS DIRECTIVE

Sikorsky S–58 Model Series Helicopters

Amendment 39–1390 (39 FR 25644) AD 74–15–06, as amended by Amendment 39–2134 (40 FR 14298) effective April 3, 1975, requires a three hour repetitive dye penetrant inspection of intermediate housings of the tail rotor gearbox assembly on all S–58 model series helicopters if the main rotor Bifilar is not installed. After issuing Amendment 39–2134, the agency has determined that the Bifilar installation has a negligible effect on the overall steady stress level in the critical section of the intermediate housing of the tail rotor gearbox. The housing failure occurs from a high overall steady stress; fatigue is not a significant consideration. In addition, service experience indicates that the three hour repetitive inspection can be increased to ten hours. Therefore, the AD is being further amended to change the three hour repetitive inspection to every ten hours time in service and alleviate the requirement for installation of the Bifilar.

Since this amendment relieves a restriction and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may be made effective in less than 30 days.

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (31 FR 13697) § 39.13 of Part 39 of the Federal Aviation Regulations, Amendment 39–1890 (39 FR 25644) AD 75–15–06, as amended by Amendment 39–2134 (40 FR 14298) is further amended as follows:

§ 39.13 [Amended]

1. Change the first sentence of Paragraph 1 to read as follows: Within the next three hours time in service after the effective date of this AD, or whenever unusual vibration in the tail rotor system is experienced, accomplish the following in accordance with the instructions set forth in Section 2, Paragraphs A and C of Sikorsky Service Bulletin No. 58B35–17C, dated November 24, 1975 (hereinafter Bulletin No. 58B35–17C).

V40235 DEC 5 75 XUM

2. Change Paragraphs 2a, 2b, and 2c to read as follows:

a. Every ten hours time in service inspect in accordance with Section 2, Paragraphs A(2) and C(2), (a) thru (d), if both Sikorsky Service Bulletins listed below are not complied with or lightweight input and/or intermediate tail rotor gearbox honsings are installed:

(1) 58B15–14B, Balance of Rotary Rudder Assembly.

(2) 58B20–14B, Strengthening of Pylon Carry-Thru Structure of Rotary Rudder Assembly.

b. Every 20 hours time in service, inspect in accordance with Section 2, Paragraphs C(2), (a) thru (d), if tail rotor gearbox S1635–64000–9 is installed and if both Sikorsky Service Bulletins 58B15–14B and 58B20–14B or their latest FAA approved revisions are complied with.

c. Every 50 hours time in service, inspect in accordance with Section 2, Paragraphs C(2), (a) thru (d), if tail rotor gearbox S1635–64000–10 is installed and if both Sikorsky Service Bulletins 58B15–14B and 58B20–14B or their latest FAA approved revisions are complied with.

3. In Paragraphs 2, 3, 4, and 5 change Bulletin No. 58B35–17B to Bulletin No. 58B35–17C.

This amendment becomes effective December 10, 1975.

(Secs. 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423); Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c))).

Issued in Burlington, Massachusetts, on November 21, 1975.

QUENTIN S. TAYLOR,
Director,
New England Region.

[Airspace Docket 75–NW–28]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Designation of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to designate the La Grande, Oregon, Transition Area.

A La Grande NDB–A Instrument Approach Procedure is being proposed to serve the La Grande Municipal Airport, La Grande, Oregon. Accordingly, a 700 foot Transition Area needs to be designated to provide controlled airspace to contain arriving IFR operations below 1500 feet above the surface. The availability of this Instrument Approach Procedure and its associated Transition Area will provide necessary safety for operations into and out of La Grande, Oregon, Municipal Airport during weather conditions lower than VFR. In order to provide this required safety factor to users of the La Grande Municipal Airport during this winter season, this amendment needs to be in effect coincident with the effective date of the approach procedure.

Since a situation exists whereby required safety will be provided by expedited adoption of this amendment, it is found that notice and public procedure thereon are impracticable. As it is essential that this Transition Area be designated, good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended effective on December 5, 1975 as hereafter set forth.

Section 71.181 (40 FR 441) is amended by adding the following:

LA GRANDE, OREGON

That airspace extending upward from 700 feet above the surface bounded on the north by a line beginning at Latitude 45°39' N., Longitude 118°02' W., extending eastwardly to Latitude 45°37' N., Longitude 117°44'30" W., on the east by a line extending to Latitude 45°15'30" N., Longitude 117°49' W., on the south by a line extending to Latitude 45°17'30" N., Longitude 118°07' W., on the west by a line extending to point of beginning.

(Sec. 307(a) of the Federal Aviation Act of 1958, as amended (49 U.S.C. 1348(a)); Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).)

Issued in Seattle, Washington on November 25, 1975.

J. H. TANNER,
Acting Director, Northwest Region.

[FR Doc.75–32755 Filed 12–4–75;8:45 am]

[Airspace Docket No. 75–SO–138]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Extension of Federal Airways

On November 10, 1975, a notice of proposed rule making (NPRM) was published in the FEDERAL REGISTER (40 FR 52409) stating that the Federal Aviation Administration (FAA) was considering an amendment to Part 71 of the Federal Aviation Regulations that would extend airways to by-pass Atlanta, Ga., on the east and on the west.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. All comments received were favorable.

In the NPRM, an error of 1° was made in describing the Rome, Ga., radial that overlies the Tyrone, Ga., INT on V–154. This radial should have been 166°T rather than 166°M. The correct radial is used in this amendment.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0901 g.m.t., January 29, 1976, as hereinafter set forth.

§ 71.123 (40 FR 307, 16650, 44310) is amended as follows:

a. In V–5 "INT Anderson 274° and Chattanooga, Tenn., 127° radials;" is deleted and "INT Anderson 274° and Chattanooga, Tenn., 127° radials, including a west alternate from Dublin via Macon, Ga., INT Macon 349° and Norcross, Ga., 150° radials; Norcross;" is substituted therefor.

b. In V–154 "From Macon, Ga.;" is deleted and "From Rome, Ga., via INT Rome 166° and Macon, Ga., 301° radials; Macon;" is substituted therefor.

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on November 28, 1975.

EDWARD J. MALO,
Acting Chief, Airspace and Air Traffic Rules Division.

[FR Doc.75–32754 Filed 12–4–75;8:45 am]

[Airspace Docket No. 75–SW–28]

PART 75—ESTABLISHMENT OF JET ROUTES AND AREA HIGH ROUTES

Designation of Jet Routes

On July 3, 1975, a Notice of Proposed Rule Making (NPRM) was published in the FEDERAL REGISTER (40 FR 28096) stating that the Federal Aviation Administration (FAA) was considering an amendment to Part 75 of the Federal Aviation Regulations that would designate jet route segments from Phoenix, Ariz., to Newman, Tex., and from Roswell, N. Mex., to Abilene, Tex.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. Favorable comments were received from two members of the aviation industry. The Department of the Air Force representatives in the western and southwestern regions objected. These representatives expressed concern that the present direct routes, if designated jet routes, would become so disruptive to the conduct of military training as to be unacceptable to the Department of the Air Force. Previous experience proved that the designation of direct routes as Jet Routes does not prevent FAA from providing military training operations with adequate flight services. This is evident in the Albuquerque ARTC Center area. For this reason, the FAA can not agree that this action would become disruptive to the conduct of military training.

In consideration of the foregoing, Part 75 of the Federal Aviation Regulations is amended effective 0901 g.m.t., January 29, 1976, as hereinafter set forth.

§ 75.100 (40 FR 705) is amended as follows:

a. In Jet Route No. 65 "(Roswell, NM., to Red Bluff, CA.) From Roswell, NM., via" is deleted and "From Abilene, Tex., via Roswell, N. Mex.;" is substituted therefor.

b. Jet Route No. 181 is added as follows: "Jet Route No. 181 From Phoenix, Ariz., to Newman, Tex."

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Washington, D.C., on November 28, 1975.

EDWARD J. MALO,
Acting Chief, Airspace and Air Traffic Rules Division.

[FR Doc.75–32760 Filed 12–4–75;8:45 am]

Title 16—Commercial Practices

CHAPTER II—CONSUMER PRODUCT SAFETY COMMISSION

PART 1602—STATEMENTS OF POLICY OR INTERPRETATION

Policy on Exportation of Noncomplying Goods

The purpose of this document is to revise and codify the Consumer Product Safety Commission's statement of policy concerning the exportation of any product, fabric, or related material or product made of fabric or related material that fails to conform to applicable standards or regulations issued under the Flammable Fabrics Act is amended (15 U.S.C. 1191–1204). The statement of policy was published in a notice in the FEDERAL REGISTER of October 1, 1975 (40 FR 45219).

The statement of policy, which interprets section 15 of the Flammable Fabrics Act (15 U.S.C. 1202), provides that noncomplying goods, whether domestically made or imported, cannot be exported from the United States unless the intent to export them was manifested at the time of manufacture or importation into the United States. In certain instances the Commission may allow persons subject to the Act the opportunity to re-work noncomplying goods to bring them into conformity with the law. Otherwise the goods must be destroyed.

In this revised policy statement, the Commission states that when the Commission allows noncomplying imported goods to be re-worked, the importer will be allowed to return the goods to the foreign manufacturer to bring them into conformity with the law (section 1602.2 (h)). The Commission believes this provision eliminates a possible unfairness as to importers without manufacturing facilities of their own who would otherwise be limited to having the imported goods brought into conformance by a domestic company or destroyed. At the same time, this provision would discourage the importation of noncomplying goods and thus assist in the protection of American consumers because the option of returning goods to the foreign manufacturer for correction would involve inconvenience, cost and disruption of normal business activity.

In addition, a section containing definitions has been added to the policy (section 1602.2(b)). The definition of the term "import" clarifies that the policy does not apply to items manufactured outside the United States until the items have moved from Customs custody, into the customs territory of the United States.

Accordingly, the following section is added to 16 CFR Part 1602:

§ 1602.2 Policy on Exportation of Noncomplying Goods.

(a) On May 14, 1973, the responsibilities of the Federal Trade Commission for enforcement of the Flammable Fabrics Act were transferred to the Consumer Product Safety Commission by section 30(b) of the Consumer Product Safety Act (15 U.S.C. 2079(b)). Since the transfer of the administration of the Flammable Fabrics Act, questions have arisen as to when goods that do not comply with the Act and with regulations promulgated thereunder may be exported from the United States. The Commission has therefore decided to articulate its policy as set forth in this section concerning the export of such products in order to eliminate unnecessary uncertainty from market decisions, from administrative proceedings and from other enforcement actions this Commission is taking and will take to implement the Act and regulations and standards thereunder.

(b) *Definitions.* As used in this section:

(1) "Act" means the Flammable Fabrics Act, as amended and revised (81 Stat. 568, 15 U.S.C. 1191–1204).

(2) "Export" or "exportation" means to carry or send goods out of the United States, Puerto Rico, or any territory or possession of the United States to any foreign nation.

(3) "Import" or "importation" means to carry or bring goods into the United States, Puerto Rico, or any territory or possession of the United States from any foreign nation. For the purposes of this section, goods are considered to have been imported into the United States when they have entered into the United States; that is, when they have moved from Customs custody into the customs territory of the United States.

(4) "Marketing or handling" of goods subject to the Act means all actions described in section 3 of the Act (15 U.S.C. 1192); that is, the manufacture for sale, sale, offering for sale, in commerce, or importation into the United States, or introduction, delivery for introduction, transportation or causing to be transported, in commerce, or sale or delivery after sale or shipment in commerce of any product, fabric, or related material subject to the Act or the manufacture for sale, sale, or offering for sale of any product made of fabric or related material subject to the Act and which has been shipped or received in commerce.

(c)(1) Section (3)(a) of the Flammable Fabrics Act (15 U.S.C. 1192) prohibits, among other things, the manufacture for sale, the sale, or offering for sale in commerce or the importation into the United States of any product, fabric, or related material which fails to conform to an applicable standard or regulation issued under the Act. Section 3(b) of the Act prohibits the manufacture for sale, the sale, or the offering for sale, of any product made of fabric or related material which fails to conform to an applicable standard or regulation issued under the Act and which has been shipped or received in commerce.

(2) Section 15(a) of the Act (15 U.S.C. 1202) states that the Act "does not apply to any fabric, related material, or product which is to be exported from the United States, if such fabric, related material, or product and any container in which it is enclosed bears a stamp or label stating that such fabric, related material, or product is intended for export and such fabric, related material, or product is in fact exported from the United States," with the exception that the Act does apply to goods intended to be marketed to any installation of the United States located outside the United States.

(3) Section 15(b) of the Act excludes from coverage "any fabric, related material, or product which is imported into the United States for dyeing, finishing, other processing, or storage in bond, and export from the United States," if certain requirements are met, with the exception that the Act does apply to any such imported goods manufactured for sale, offered for sale, or intended for shipment to any installation of the United States located outside of the United States.

(d) The Federal Trade Commission did not consider the exemptions found in section 15 to apply to nonconforming goods which were intended for domestic distribution at the time of manufacture or original importation and which were not intended for exportation from the United States at the time they were manufactured or imported into the United States. The enforcement staff of the Consumer Product Safety Commission has been consistently following this policy.

(e) The Consumer Product Safety Commission now affirms the basic policy adopted by the FTC and by this section. Notice explicitly interprets section 15 of the Act as exempting non-conforming goods for exportation only when the manufacturer or importer intends at the time of original manufacture or importation that such goods are to be exported from the United States, to other than an installation of the United States located outside the United States, and manifests that intent by marking such goods for export and proceeds to export them. Therefore the exportation exemption found in section 15 cannot be claimed once any nonconforming product, fabric or related material or product made of nonconforming fabric or related material has originally been imported or marketed or handled domestically or shipped to a U.S. installation without bearing the required exportation label.

(f) The Flammable Fabrics Act has the dual objectives of discouraging the introduction of flammable goods into commerce and removing from the domestic marketplace flammable goods which have entered commerce. The Act must be interpreted in such a way as to preserve its total deterrent value as well as the integrity of the authorities given to the Commission by Congress to eliminate the risk of injury to the public.

(g) If the Act were interpreted as to permit a person subject to the Act, who marketed or handled violative goods for domestic use, upon discovery of the violation, to export the nonconforming goods, the deterrent value of the Act's prohibitions would be seriously reduced. The incentive the Act gives a person to

V 40 235 DEC 5 75 XUM

avoid the initial introduction of nonconforming goods into domestic channels of commerce would be reduced. Moreover such an interpretation would leave the public exposed to a continued risk of injury or property damage from products that did not comply with flammability standards. Such an interpretation would conflict with the Congressional intent to discourage the introduction of nonconforming goods into commerce and is not supported by any language in the Act. It must therefore be rejected by this Commission in favor of an interpretation that precludes exportation of any noncomplying goods that were not intended for export at the time of original manufacture or importation, or which entered domestic commerce without the manifest intent of being exported (Section 15 of the Flammable Fabrics Act mandates a labeling requirement if the item was originally intended for export).

(h) In any enforcement action taken by this Commission, the person who markets or handles nonconforming goods shall not be allowed to export domestically made goods unless the intent to export them was previously manifested at the time of manufacture nor shall a person be allowed to export foreign made noncomplying goods which were imported into the United States, unless the intent to export them was previously manifested at the time of the original importation. The Commission may in certain instances allow persons subject to the Act the opportunity to re-work the violative goods in order to bring them into conformity with the law and in such instances, as to imported goods, the importer may elect to return the goods to the foreign manufacturer to be reworked to bring them into conformity with the law. Otherwise, nonconforming goods shall be destroyed.

(Secs. 3, 5, 67 Stat. 111–112, 115, as amended 81 Stat. 568–569, 574; 15 U.S.C. 1192, 1202.)

Dated: December 1, 1975.

SADYE E. DUNN,
Secretary, Consumer Product Safety Commission.

[FR Doc.75-32773 Filed 12-4-75;8:45 am]

Title 18—Conservation of Power and Water Resources

CHAPTER I—FEDERAL POWER COMMISSION

[Docket No. RM76-8]

PART 2—GENERAL POLICY AND INTERPRETATION

Natural Gas Services

NOVEMBER 28, 1975.

On October 14, 1975, the Commission issued its Order No. 539 which adopted § 2.83 of the Commission's General Policy and Interpretations, setting forth a statement of policy with respect to the enforcement of deliverability obligations and the rendition of natural gas service under rate schedules certificated by this Commission.

Applications for rehearing and/or reconsideration of Order No. 539 have been filed by Phillips Petroleum Company (Phillips) on November 10, 1975, Shell Oil Company, *et al.* (Shell) on November 12, 1975, Sohio Petroleum Company (Sohio), Continental Oil Company (Continental), Natural Gas Pipeline Company of America and Napeco, Inc. (Natural), Tenneco Oil Company, *et al.* (Tenneco), Interstate Natural Gas Association of America (INGAA), Mobile Oil Corporation (Mobil), and Texaco Inc. (Texaco) on November 13, 1975, and by Entex, Inc. (Entex) on November 14, 1975. The Tenneco, *et al.* group also filed on November 13, 1975 a petition to stay the effectiveness of Order No. 539 "until such time as the issues raised in that Order have been fully considered and resolved." A similar request for a stay has been filed by Mobil together with its petition for rehearing and reconsideration.

Two of the Tenneco *et al.* group, Tenneco Oil Company in Docket Nos. CI75-719, CI75-746 and CI75-747, and Tenneco Exploration, Ltd., in Docket Nos. CI75-718 and CI75-748, have requested a stay of Order No. 539 because of their reluctance to commence deliveries in those dockets under validly issued and accepted temporary certificates because of the assertion that Order No. 539 imposes an unlawful "warranty" delivery obligation. This question has been raised by some other parties seeking reconsideration and it will be disposed of, after due deliberation, in the Commission's final order on reconsideration in Docket No. RM76-8, along with the remaining issues posed by petitioners.

Section 19(a) of the Natural Gas Act provides that any person "aggrieved by an order" of the Commission "may apply for rehearing within thirty days after the issuance of that order" and that such a petition, if not acted upon "within thirty days after it is filed, * * * may be deemed to have been denied."

Despite petitioners' characterization of their applications as petitions for rehearing, we note that Order No. 539 was a statement of policy and, therefore, that applications for rehearing do not lie. Nevertheless, we intend to consider the matters raised by petitioners, and to provide us with adequate time to fully consider the issues presented, we will grant reconsideration of Order No. 539 solely for the purpose of further consideration. This action does not constitute a grant or denial of any or all of the petitions on their merits in whole or in part.[1] All motions for stay filed in this proceeding will be dealt with at such time as the Commission issues its final order on reconsideration.

The Commission orders: (A) The petitions for reconsideration of Order No. 539 filed by Phillips, Shell, Sohio, Continental, Natural, Tenneco, INGAA, Mobil, Texaco, and Entex are granted for the sole purpose of further reconsideration of Order No. 539.

[1] *Area Rate Proceeding, et al (Southern Louisiana Area)*, 40 FPC 1091 (1968).

(B) Motions for stay of the effectiveness of Order No. 539 filed by Tenneco *et al.* and Mobil will be acted upon in the Commission's final order on reconsideration.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32849 Filed 12-4-75;8:45 am]

Title 20—Employees' Benefits

CHAPTER III—SOCIAL SECURITY ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

[Reg. No. 10, further amended]

PART 410—FEDERAL COAL MINE HEALTH AND SAFETY ACT OF 1969, TITLE IV—BLACK LUNG BENEFITS (1969)

Payment of Benefits

The amendment set forth below revises § 410.510(d) to include benefit rates payable to a miner or widow beginning October 1975. Section 412(a) of the Federal Coal Mine Health and Safety Act of 1969, as amended (30 U.S.C. 922(a)), directs the Secretary of Health, Education, and Welfare to make benefit payments to a qualified miner or widow at a rate equal to 50 per centum of the minimum monthly payment to which a Federal employee in Grade GS-2, who is totally disabled, is entitled at the time of payment under the minimum payment provision of the Federal Employees Compensation Act, 5 U.S.C. 8112. Pursuant to Executive Order 11883 dated October 6, 1975, the pay rate for Step 1 of Grade GS-2 of the General Schedule has been increased. This, therefore, has resulted in an increase of the basic black lung benefit rate payable to miners and widows both newly entitled and those already on the rolls, to $196.80 a month beginning with the month of October 1975, and § 410.510(d) of Regulations No. 10 which sets out black lung benefit rates is revised accordingly. Benefit rates to other beneficiaries (i.e., surviving dependent children, parents, brothers, and sisters), both newly entitled and those already on the rolls, are also increased beginning October 1975. Paragraph (e) of § 410.510 contains the rules for determining the benefit rates payable to those beneficiaries based on the rates shown in § 410.510(d) for a miner or widow.

Since this amendment of the regulations merely interprets the self-executing benefit formula in section 412(a) of the Act (30 U.S.C. 922(a)) which is already described in paragraphs (a), (b), and (c) of this § 410.510, the Secretary of Health, Education, and Welfare finds that publication with Notice of Proposed Rule Making, as well as publication at least 30 days prior to an effective date, are unnecessary.

Consideration will be given to any comments pertaining to this amendment which are submitted in writing in triplicate to the Commissioner of Social Security, Department of Health, Education, and Welfare, P.O. Box 1585, Baltimore, Maryland 21203.

Copies of all comments received in response to this notice will be available for public inspection during regular business hours at the Washington Inquiries Section, Office of Information, Social Security Administration, Department of Health, Education, and Welfare, North Building, Room 4146, 330 Independence Avenue SW., Washington, D.C. 20201.

(Catalog of Federal Domestic Assistance Program No. 13.806, Special Benefits for Disabled Coal Miners)

Dated: November 21, 1975.

J. B. CARDWELL,
Commissioner of Social Security.

Approved: December 1, 1975.

MARJORIE LYNCH,
Acting Secretary of Health, Education, and Welfare.

Part 410 of Chapter III of Title 20 of the Code of Federal Regulations is amended as follows:

Paragraph (d) of § 410.510 is revised to read as follows:

§ 410.510 Computation of benefits.

* * * * *

(d) *Benefit rates for miners and widows.*

	Beginning October 1975	October 1974 to September 1975	October 1973 to September 1974	October 1972 to September 1973	January 1972 to September 1972	1971	1969–70
(1) Miner or widow with no dependents	$196.80	$187.40	$177.60	$169.80	$161.50	$153.10	$144.50
(2) Miner or widow with 1 dependent	295.20	281.10	266.40	254.70	242.20	229.60	216.70
(3) Miner or widow with 2 dependents	344.40	328.00	310.80	297.10	282.60	267.90	252.80
(4) Miner or widow with 3 or more dependents	393.50	374.80	355.20	339.50	322.90	306.10	288.90

* * * * * *

(Sections 411(a), 412(a), 426(a), and 508, 83 Stat. 793; 30 U.S.C. 921(a), 922(a), 936(a), and 957.)

Effective date. The foregoing amendment shall become effective December 5, 1975.

Title 27—Alcohol, Tobacco Products and Firearms

CHAPTER I—BUREAU OF ALCOHOL, TOBACCO AND FIREARMS, DEPARTMENT OF THE TREASURY

SUBCHAPTER M—ALCOHOL, TOBACCO AND OTHER EXCISE TAXES

[T.D. ATF-21]

PART 194—LIQUOR DEALERS

Miscellaneous Amendments

The Director, Bureau of Alcohol, Tobacco and Firearms (ATF), with the approval of the Secretary of the Treasury, is amending Part 194 (Liquor Dealers) of Title 27 of the Code of Federal Regulations to (1) Provide an additional procedure for liquor dealers amending special tax returns which cover multiple locations when a change in location occurs; (2) clarify provisions concerning the storing, mixing, and compounding of cocktails for consumption on dealers' premises; (3) simplify the language exempting persons from special tax as wholesale dealers in liquors; and (4) limit the instances where a receipt is issued for special tax remittances.

On July 30, 1975, a notice of proposed rulemaking (Notice No. 282) was published in the FEDERAL REGISTER (40 FR 31957), setting forth the proposed miscellaneous amendments to 27 CFR Part 194. Interested persons were afforded the opportunity to submit, not later than August 29, 1975, written comments or recommendations, or a written request to comment orally at a public hearing, on the proposed regulations.

No comments or requests for a public hearing were received during the 30-day comment period. The proposed miscellaneous amendments are hereby adopted without change and are set forth below.

Effective date. This Treasury decision shall be effective on the first day of the first month which begins not less than 30 days after the date of its publication in the FEDERAL REGISTER.

This Treasury decision is issued under the authority contained in 26 U.S.C. 7805 (68A Stat. 917).

Signed: October 28, 1975.

REX D. DAVIS,
Director.

Approved: November 26, 1975.

DAVID R. MACDONALD,
Assistant Secretary of the Treasury.

PARAGRAPH 1. Paragraph (c)(1)(i) and (ii) of § 194.24 are revised to clarify the language providing for the exemption of certain dealers from special tax as wholesale liquor dealers. As revised, § 194.24 (c)(1)(i) and (ii) read as follows:

§ 194.24 Wholesale dealer in liquors.

* * * * *

(c) *Persons exempt from special tax.*
(1) * * *

(i) A retail dealer in liquors who, having paid the special tax as such dealer for the current fiscal year, consummates sales at his place of business of beer or wine, or both, to a limited retail dealer,

(ii) A retail dealer in beer who, having paid the special tax as such dealer for the current fiscal year, consummates sales at his place of business of beer to a limited retail dealer, or

* * * * *

(72 Stat. 1340 1344 (26 U.S.C. 5111, 5112, 5113, 5123))

PAR. 2. A new center heading, and a new § 194.38, dealing with the mixing of cocktails in advance of sale, are added immediately following § 194.35. As added, the new center heading and new § 194.38 read as follows:

SPECIAL TAX AS RECTIFIER

§ 194.38 Mixing cocktails in advance of sale.

A retail liquor dealer who mixes cocktails, or compounds any alcoholic liquors in advance of sale, except for the purpose of filling, for immediate consumption on the premises, orders received at the bar or in the expectation of the immediate receipt of such orders, shall pay special tax as a rectifier. (For further provisions, see § 194.264.)

(72 Stat. 1338, 1347 (26 U.S.C. 5081, 5143))

PAR. 3. The provisions of § 194.73 are being inserted into two new sections, § 194.38 and § 194.264; thus § 194.73 is hereby vacated and reserved.

§ 194.73 [Reserved]

PAR. 4. Section 194.138 is amended to limit the issuance of receipts on Form 809. As amended, § 194.138 reads as follows:

§ 194.138 Receipt for taxes.

An alcohol, tobacco and firearms officer will issue a receipt to a dealer if cash is received as a remittance in payment of special tax (including penalties and interest, if any), or for any type of remittance received if the dealer requests a receipt.

PAR. 5. Paragraph (a) of § 194.151 is amended to provide procedures for the amendment of special tax returns covering multiple locations. As amended, § 194.151(a) reads as follows:

§ 194.151 Amended return, Form 11: endorsement on stamp.

(a) *General.* A dealer who, during the taxable period for which special tax was paid, removes his business to a place other than that specified on his original special tax return on Form 11, and stated on his special tax stamp, shall, within 30 days from the date he begins to carry on such business at the new location, register the change with the director of the service center who issued the stamp, by filing a new return on Form 11, designated "Amended Return", setting forth the time when and the place to which such removal was made, and shall surrender the special tax stamp to the director of the service center for endorsement of the change in location: *Provided*, That a dealer who filed his original return, Form 11, under the provisions of § 194.106(b) may deliver the amended return and the stamp at any internal revenue office, or to any alcohol, tobacco and firearms officer inspecting the business, in lieu of submitting them

V40235 DEC 5 75 XUM

directly to the director of the service center: *Provided further*, That a dealer who filed his original return under the provisions of § 194.106(c) shall forward with his amended return an attachment showing both the old and new address of any place of business which has been relocated, and the special tax stamp covering the location from which the business was removed. The director of the service center or the alcohol, tobacco and firearms officer receiving such return and stamp shall, if the return is submitted to him within the 30-day period, enter the proper endorsement on the stamp and return it to the taxpayer.

• • • • •

PAR. 6. Section 194.251 is amended to provide a reference to new § 194.264. As amended, § 194.251 reads as follows:

§ 194.251 Strip stamps required on all bottles.

Except as provided in §§ 194.264, 194.271, and 194.272, all distilled spirits in the possession of wholesale or retail dealers in liquors shall be in bottles or similar containers of a capacity of 1 gallon or less which shall bear the prescribed strip stamps evidencing bottling in compliance with internal revenue law. The strip stamps shall be affixed in such manner as to be broken when the containers are opened.

(72 Stat. 1358 (26 U.S.C. 5205))

PAR. 7. A new § 194.264 dealing with containers for storing mixed cocktails is added immediately following § 194.263. As added, new § 194.264 reads as follows:

§ 194.264 Mixed cocktails.

A retail liquor dealer who mixes cocktails or compounds any alcoholic liquors in advance of sale, as provided in § 194.38, may not use liquor bottles in which distilled spirits have been previously packaged for the storage of the mixture pending sale.

(72 Stat. 1374 (26 U.S.C. 5301))

Title 36—Parks, Forests, and Public Property

CHAPTER I—NATIONAL PARK SERVICE, DEPARTMENT OF THE INTERIOR

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

Regulation on Hunting; Cape Hatteras National Seashore, North Carolina; Revision of

Pursuant to the authority contained in Section 3 of the Act of August 25, 1916 (39 Stat. 535, as amended, 16 U.S.C. 3), the Act of August 17, 1937 (50 Stat. 669, as amended, 16 U.S.C. 459a-1) and 245 DM 1 (34 CFR 3879, as amended), National Park Service Order No. 77 (38 F.R. 7478), as amended, Regional Director, Southeast Region Order No. 5 (37 F.R. 7721), Paragraph (a) of § 7.58 of Title 36 Code of Federal Regulations is amended as set forth below.

Section 3 of the Act of August 17, 1937, as amended, establishes hunting in conformance with the Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755) on certain lands within the Cape Hatteras National Seashore.

The purpose of this amendment is to provide for conformity between the existing rules and regulations of Cape Hatteras National Seashore and the rules and regulations of the U.S. Fish and Wildlife Service and the State of North Carolina.

It is the policy of the Department of the Interior, whenever practicable to afford the public an opportunity to participate in the rule making process. However, since this revision helps relieve a restriction, and in view of the fact that the waterfowl hunting season has already commenced, it is determined that the rule making procedure is impractical and this revision shall become effective on December 5, 1975.

Paragraph (a) (5) of § 7.58 of Title 36 of the Code of Federal Regulations is amended as follows:

§ 7.58 Cape Hatteras National Seashore Recreational Area; hunting.

(a) • • •

(5) Hunting will be restricted to waterfowl. Season length, opening and closing dates, bag limits and species of waterfowl which may be taken will be in accordance with the rules and regulations issued by the North Carolina Wildlife Resources Commission and the U.S. Fish and Wildlife Service.

LAWRENCE D. ROUSH,
Acting Superintendent.

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

SUBCHAPTER C—AIR PROGRAMS

[FRL 456-5]

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Approval of Plan Revision—Maryland

On December 11, 1974, the Governor of Maryland submitted to the Regional Administrator, EPA Region III, amendments to the approved Maryland State Implementation Plan (SIP) for the attainment and maintenance of national ambient air quality standards.

One of these amendments calls for the deletion of subsection .04B(3) of Maryland Regulations 10.03.36 through 10.03.41, inclusive, from the federally enforceable Maryland SIP. This provision presently requires that the sulfur-in-fuel content of residual fuel oil burned in the State of Maryland be lowered from the present level of 1 percent to 0.5 percent by July 1, 1975.

The State contended that the 0.5 percent provision was unnecessary for attainment of federal air quality standards for sulfur dioxide. The requirement was only postponed, however, as a matter of state law until 1980 on the grounds that the more restrictive regulation might be necessary to attain the more stringent State air quality standards.

On December 17, 1974, the State of Maryland submitted proof that after having given 30 day notice to the public, hearings on this amendment were held on August 6, 1974, in Takoma Park and on August 7, 1974, in Baltimore, pursuant to the regulations set forth in 40 CFR Part 51, Requirements for Preparation, Adoption, and Submittal of Implementation Plans.

On January 30, 1975 (40 FR 4447), the Regional Administrator acknowledged receipt of this amendment, proposed the amendment as a revision to the Maryland SIP, and provided for a 30 day public comment period. In conjunction with this amendment, the Regional Administrator proposed that compliance schedules promulgated by the Administrator [40 CFR § 52.1080(b)], included in the Maryland SIP to assure compliance with the 0.5 percent sulfur-in-fuel requirement, be deleted. Because of confusion that may have resulted in distinguishing the contents in the Maryland regulations and its Federal Implementation Plan, a subsequent FEDERAL REGISTER notice on March 27, 1975 (40 FR 13521) extended the comment period for an additional 30 days, until April 28, 1975. During the extended comment period, the Commonwealth of Virginia submitted comments supporting the continuation of the 1 percent sulfur-in-fuel content for residual oil, on grounds that the 1 percent level is more compatible with the Virginia regulations for National Capital AQCR, which is comprised of the District of Columbia and surrounding areas in Maryland and Virginia. The Maryland State Chamber of Commerce and the Baltimore Gas and Electric Company also supported continuation of the 1 percent requirement.

Before proposing approval of the deletion of the 0.5 percent sulfur-in-fuel regulations as a SIP revision, EPA required proof that national ambient air quality standards for sulfur dioxide were not now being violated, and further, that these standards were likely to be maintained in the State of Maryland through 1985, in accordance with 40 CFR 51.18. After reviewing the air quality data for each AQCR located in the State of Maryland, it was apparent that of the six AQCR's only Metropolitan Baltimore AQCR, where sulfur dioxide standards are just being attained, might have difficulty maintaining the standards. In view of such findings, the Agency is of the opinion that the best alternative would be to approve without qualification the proposed deletion of the 0.5 percent sulfur-in-fuel regulation for all Maryland AQCR's with the exception of the Metropolitan Baltimore AQCR.

Therefore the Administrator hereby modifies 40 CFR § 52.1080(b) to acknowledge the deletion of Section .04B(3) from Maryland Regulations 10.03.36, 10.03.37, 10.03.39, 10.03.40, and 10.03.41, inclusive, as a revision to the Maryland SIP, effective (upon publication).

At the same time, rather than approve without qualification the proposed deletion of Section .04B(3) from Maryland Regulation 10.03.38, the Administrator approves its deletion from the SIP, for the Metropolitan Baltimore AQCR, temporarily for one year thus allowing the use of 1 percent sulfur fuel during the time period specified. It is felt that within a one-year period, the State should be able to submit to the Environmental Protection Agency ambient air quality data and a completed maintenance planning analysis for the Metropolitan Baltimore AQCR which will assist the Administrator in his ultimate decision as to the propriety of a permanent deletion of Section .04B(3) from Maryland Regulation 10.-03.38.

Therefore the Administrator approves Section .04B(3) of Maryland Regulation 10.03.38 to defer the effective date of the 0.5 percent sulfur-in-fuel regulation for the Baltimore AQCR until July 1, 1976, effective (upon publication). The regulations below also include a revision to the federally promulated compliance schedule applicable to persons subject to Section .04B(3), made necessary by this qualified approval.

Copies of the amendment to delete the 0.5 percent sulfur-in-fuel requirement from the Maryland SIP, and the accompanying analysis on which the approval decisions were based are available for public inspection during normal business hours at the following locations:

Environmental Protection Agency, Curtis Building, Second Floor, Sixth and Walnut Streets, Philadelphia, Pennsylvania 19106.
Maryland Bureau of Air Quality Control, 201 West Preston Street, Baltimore, Maryland 21201.
Freedom of Information Center, U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460.

(42 USC 1857c-5)

Dated: November 26, 1975.

RUSSELL E. TRAIN,
Administrator.

Subpart V—Maryland

1. Section 52.1070 is amended by adding paragraph (c)(4) as follows:

§ 52.1070 Identification of Plan.

• • • • •

(c) Supplemental Information was submitted on

• • • • •

(4) December 11, 1974.

2. In § 52.1080, paragraph (b) is amended to read as follows:

§ 52.1080 Compliance Schedules.

• • • • •

(b) *Federal Compliance Schedules.*—(1) The owner or operator of any boiler or furnace of more than 250 million BTU per hour heat input subject to the requirements of Maryland Regulation 10.03.38.04B(3) or 10.03.38.04D(1), of the Maryland State Department of Health and Mental Hygiene, shall notify the Administrator, no later than January 1, 1974, of his intent to utilize either low sulfur fuel or stack gas desulfurization to meet the requirements of said regulations.

(2) Any owner or operator of a stationary source subject to paragraph (b)(1) of this section who elects low sulfur fuel shall be subject to the following compliance schedule:

(i) January 31, 1974—submit to the Administrator a projection of the amount of fuel, by type, that will be substantially adequate to enable compliance with the requirement of subsection .04B(3) of the Maryland regulation referred to in paragraph (b)(1) of this section on July 1, 1976, and for at least one year thereafter.

• • • • • •

(vii) July 1, 1976—Final compliance with the low-sulfur fuel requirement of subsection .04B(3) of the Maryland regulation referred to in paragraph (b)(1) of this section.

(3) Any owner or operator of a stationary source subject to paragraph (b)(1) of this section who elects to utilize stack gas desulfurization, as specified in .04D(1) of the Maryland regulation referred to in paragraph (b)(1) of this section, shall be subject to the following compliance schedule:

• • • • • •

(iv) July 1, 1976—Final compliance with the requirements of subsections .04B(3) or .04D(1) of the Maryland regulations referred to in paragraph (b)(1) of this section.

(v) If a performance test is necessary for a determination as to whether compliance has been achieved, such a test must be completed by July 1, 1976. Ten days prior to such a test, notice must be given to the Administrator to afford him the opportunity to have an observer present.

• • • • •

3. Section 52.1117 is added to read as follows:

§ 52.1117 Control Strategy: Sulfur Oxides.

The requirements of § 51.13(e) of this chapter are not met because the State did not submit an adequate control strategy demonstration to show that the deletion of Maryland Regulation 10.03.38.04B(3) past July 1, 1976, would not interfere with the attainment and maintenance of the national sulfur dioxide standards.

[FR Doc.75-32789 Filed 12-4-75;8:45 am]

[FRL 464-3]

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Massachusetts

On May 31, 1972 (37 FR 10842), pursuant to Section 110 of the Clean Air Act and 40 CFR Part 51, the Administrator approved, with exceptions, the Massachusetts Implementation Plan for the attainment of national ambient air quality standards.

On July 11, 1975 the Massachusetts Secretary of Environmental Affairs informally submitted a proposed revision pursuant to recently enacted Chapter 494, Commonwealth of Massachusetts, "An Act Relative to Periodic Review of Ambient Air Quality Standards", to be included in the Implementation Plan. The Secretary completed formal submittal of the revision on September 16, 1975. This revision will make less stringent Regulation No. 5 of the regulations for the control of Air Pollution in the Metropolitan Boston Air Pollution Control District governing the sulfur content of fuels burned in the cities and towns of Arlington, Belmont, Boston, Brookline, Cambridge, Chelsea, Everett, Malden, Medford, Newton, Somerville, Waltham and Watertown for electric generating facilities having an energy input capacity of two and one half billion (2.5 billion) or greater BTU per hour by allowing them to use fuel with a sulfur content not to exceed 0.55 pounds per million BTU heat release potential (approximately equivalent to 1 percent sulfur content fuel oil). Also, those facilities located in the Metropolitan Boston Air Quality Control Region but not in the cities and towns listed above, having an energy input capacity of one hundred million (100,000,000) or greater BTU per hour woud be allowed to use fuel having a sulfur content not in excess of 1.21 pounds per million BTU heat release potential (approximately equivalent to 2.2 percent sulfur content fuel oil). These changes would be effective from July 1, 1975 to July 1, 1977. The revision requires that each source be reviewed by the Department of Environmental Quality Engineering in order to insure that ambient air quality standards will not be exceeded. The requirement which was proposed in the October 7, 1975 FEDERAL REGISTER (40 FR 46322) requiring that ambient monitoring be conducted by sources when fuel usage was over ten million oil-equivalent gallons per year is being dropped. The Commonwealth has the authority to require such monitoring under its Regulation 5 and EPA has been assured by a letter from the Commonwealth dated October 31, 1975, that they will require such monitoring, including monitoring for sulfates, where necessary as a condition of approval when the source is granted permission to use higher sulfur fuel. The Commonwealth will evaluate the necessity of additional ambient monitoring for each source or group of sources within the same area which applies for permission to burn higher sulfur fuel in a manner designed to provide the Commonwealth with sufficient data to determine whether applicable air quality standard(s) are being protected and if sources should be required to return to the use of lower sulfur fuel.

When EPA reviewed the submittal by the Commonwealth to determine what effect the revision would have on attainment and maintenance of all ambient air quality standards for sulfur oxides, each eligible facility was listed and modeled assuming existing stack height as though it was burning the maximum allowable sulfur content fuel oil on a continuous basis to obtain an estimate of highest ground level 24-hour emission

V40235 DEC 5 75 XUM

concentrations. An analysis of the standard deviation of the estimated twenty-four hour concentrations shows that the three-hour standard will be maintained. Additional modeling was done to show protection of the annual standard. The modeling showed that, with present source configurations, (i.e. with no stack height increases and no use of SCS) applicable ambient air quality standards will be protected. Although the revised regulation requires sources to have a three day supply of lower sulfur content fuel on hand for use under adverse meteorological conditions, this switching to lower sulfur fuels is not required to protect ambient air quality standards.

It should be noted that only facilities which apply for and receive approval will be allowed to burn the higher sulfur content fuel and that these facilities must conform to all existing regulatory requirements such as the Commonwealth's Regulation 6, "Visible Emissions," Regulation 2.5.1 Particulate Emission Limitations for Fossil Fuel Utilization Facilities and all other requirements of the Massachusetts Implementation Plan. In order to ascertain compliance with these requirements, additional monitoring and stack testing may be required in accordance with the procedures of EPA Method 5, "Determination of Particulate Emissions for Stationary Sources," as prescribed in Title 40 Part 60.46 as amended in the Code of Federal Regulations and the requirements for continuous opacity monitors as delineated in the FEDERAL REGISTER of October 6, 1975 (40 FR 46247). Any violation of applicable ambient air quality standards within the area of impact of a facility burning higher sulfur fuel will be grounds for a mandatory return to previously required lower sulfur fuel. This requirement will be stipulated in the state issued approval document granted to each facility. Receipt of approval to burn the higher sulfur content fuel will establish a maximum sulfur content for sources receiving such approval based upon the use of such sulfur content fuel (0.55 pounds per million in the Boston core area and 1.21 pounds per million BTU outside the Boston core area) which emission limitation will be enforceable as a part of the Massachusetts Implementation Plan.

On September 30, 1975 (40 FR 44847), and October 7, 1975 (40 FR 46322), the Administrator published a notice and amended notice of proposed rulemaking and solicited public comment. The Agency received 182 letters in support of the proposed option I, 2 letters in support of the proposed Option II and 11 letters voicing disapproval of the entire revision. Of these 11 letters, 2 letters were petitions signed by a total of 71 people. The non-favorable letters cited adverse health effects, detrimental effects to the exteriors of homes and furnishings and the degradation of air quality as reasons to disapprove the plan revision. EPA's review shows that national primary and secondary ambient sulfur dioxide air quality standards which have been set to protect health and welfare will be maintained. No adverse effect on public health or on the environment is expected. Another cited reason to disapprove the revision was that "the existing SO_2 problem would be augmented." SO_2 violations have not been recorded in the Boston Core area since implementation of the Commonwealth's sulfur content in fuel requirements. Again, EPA's calculations show that these standards will not be violated even if the revision is approved. Some of the letters objecting to the revision stated that possible negative health and property effects would outweigh the possible economic benefits. There is a quantifiable savings due to the cost differential between different grades of fuel, but this saving did not influence EPA's technical review of the proposed revision.

In addition, it should be noted that EPA has promulgated regulations for prevention of significant deterioration (PSD) of air quality. See 40 FR 42510 (December 5, 1974). While the PSD regulations establish degradation increments which might be used up by increased emissions attributable to sources qualifying for higher sulfur fuel under the Massachusetts Plan revision, they do not impose regulatory requirements on such sources. In any event, the PSD regulations do not apply to sources that change fuels if the source was originally designed to burn the new fuel. To the knowledge of the Administrator, all of the steam generators that might otherwise be subject to the PSD regulations, i.e. those larger than 1,000 million BTU's, and which might qualify for higher sulfur fuel under the Massachusetts Plan are sources that were designed to accommodate such alternative fuels.

The majority of comments favored the plan revision for economic reasons. Other reasons given for approval were: reduction of consumer costs, minimization of environmental and health impacts, conservation of clean fuel reserves, flexibility to adapt to national energy policies and the inclusion of a safety margin so that elevated SO_2 readings will initiate actions to protect public health.

After a careful evaluation of the Commonwealth's submittal, the Administrator has determined that the regulation, as submitted by the Commonwealth, meets the requirements of the Clean Air Act. Accordingly, the Administrator approves the revision to Regulation 5 pursuant to Chapter 494, Commonwealth of Massachusetts, "An Act Relative to Periodic Review of Ambient Air Quality Standards."

The Agency finds that good cause exists for making these actions effective December 5, 1975, for the following reasons:

1. The implementation plan revision is already in effect under State Law and EPA approval imposes no additional regulatory burdens;

2. Immediate effectiveness of the actions enables the sources involved to proceed with certainty in conducting their affairs.

AUTHORITY: Section 110 of the Clean Air act, as amended, U.S.C. 1857c-5.

Dated: November 26, 1975.

JOHN QUARLES,
Acting Administrator.

Part 52 of Chapter I, Title 40, Code of Federal Regulations, is amended as follows:

Subpart W—Massachusetts

§ 52.1120 [Amended]

In § 52.1120, paragraph (c) is amended by inserting the date "July 11, 1975" in proper chronological order.

[FR Doc.75-32790 Filed 12-4-75;8:45 am]

[FRL 458-4]

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Revisions to Utah Plan

The purpose of this rule making is to promulgate an amendment to the particulate matter regulation applicable to the Kennecott Copper Corporation smelter located in the Wasatch Front Intrastate Region. The preamble which follows contains the background for this action and a description of the promulgated amendment.

BACKGROUND

On May 31, 1972 (37 FR 10842), pursuant to section 110 of the Clean Air Act, as amended, and 40 CFR Part 51, the Administrator of the Environmental Protection Agency approved, with specific exceptions, a plan for implementation of the national ambient air quality standards submitted by Utah. On July 27, 1972 (37 FR 15094), the Administrator proposed regulations to correct deficiencies in the regulatory provisions of the Utah plan. The proposed regulations included emission limitations for particulate matter from process sources in the Wasatch Front Intrastate Region.

Public hearings on the proposed regulations were conducted in Salt Lake City by the Environmental Protection Agency on September 14, 1972, and November 9, 1972. Interested parties presented their comments at these hearings and through the mail. Consideration of this information and further review of the proposed regulations led to only minor revisions. The particulate matter regulations were promulgated on May 14, 1973 (38 FR 12696).

On June 8, 1973, Kennecott Copper Corporation filed a "Petition for Reconsideration" with the Agency requesting a revision in the federal compliance schedule which required all process sources subject to the particulate matter regulations promulgated on May 14, 1973 to demonstrate final compliance no later than July 31, 1975. At meetings with Environmental Protection Agency representatives, Kennecott officials presented the results of fluorescent particle tracer studies and diffusion modeling which indicated that the national standards for particulate matter in the vicinity of the Magna copper smelter would not be attained even if the Corporation achieved compliance with the process weight rate table promulgated by the Agency. The data gathered by the Corporation in its field studies, and supported by diffusion model results, indicated that violations of the national standards near the plants were principally caused by low-level fugitive emissions which were not subject to the process weight regulations. In order to control particulate matter emissions to levels which would not result in violations of the national standards, the present smelter would require control equipment and physical alterations costing approximately $30 million and requiring until mid-1976 for completion, according to the Corporation's best estimates. By comparison, the Corporation was undertaking a major modification of its smelting process which, when completed, should provide it with best available control of fugitive emissions. The Corporation planned to complete its modification program by July 31, 1977, and indicated that efforts to achieve compliance with the process weight rate table on the existing facility would interfere with the timetable for the new process. The Corporation notified the Agency that the modification program would consist of replacing the existing reverberatory furnaces with Noranda reactors and reducing the use of existing converters.

Based on an evaluation of the information developed by the Corporation, the Administrator determined that the existing regulations should be revised to require best available control of fugitive emissions and to specify the allowable particulate matter stack emissions from the smelting operations. Since these revisions imposed substantially greater demands on the Corporation than was previously the case, the Administrator also determined that a two-year extension was required for the attainment of the national standards for particulate matter in the Wasatch Front Intrastate Region. The proposed revisions were published on April 16, 1974 (39 FR 13673).

At the May 16, 1974 public hearing on the proposed revisions, Kennecott officials objected to the proposed particulate matter emission limitation, claiming that th 24-hour ambient measurement on which the proposed regulation was based was influenced by acid mist emissions from the smelter stacks as well as the solid particulate matter emissions used in EPA's calculations. The Kennecott representatives also testified that total stack emissions of particulate matter during the 24-hour measuring period were significantly greater than the average daily emissions previously reported by the Corporation. In addition, they requested that the impact of the new 1200-foot stack planned for the smelter be considered in determining the degree of control necessary to achieve the national standards for particulate matter. On June 10, 1974, Kennecott submitted supporting documentation regarding stack emissions and the sulfate fraction of the ambient sample on the day in question. On the basis of this new data, the regulation was amended to limit total particulate matter emissions to 1058 pounds per hour, of which no more than 103 pounds per hour could be solid particulates and no more than 955 pounds per hour could be acid mist and aerosols as measured by the modified EPA stack sampling method included in the regulation. The revised regulation was promulgated on September 5, 1974 (39 FR 32113).

On November 7, 1974, Kennecott filed a "Petition for Reconsideration", objecting to the promulgated regulation insofar as it:

(1) Limited Kennecott's emissions to 1058 pounds of particulates per hour,

(2) Divided the limitation into separate acid mist and solid particulate segments, and

(3) Stated the emission limitation in pounds per hour rather than tons per day.

FINDINGS

In numerous meetings and communications with EPA, Kennecott has presented considerable technical evidence indicating that the solid particulate and acid mist emissions from the stacks would be collected in identical fashion on the high volume filters measuring ambient concentrations of particulate matter. Consequently, the Administrator has determined that the division of the emission limitation into solid particulate and acid mist fractions should be eliminated. However, the promulgated stack testing procedure remains unchanged since each component must be measured separately in the stack to determine total particulate emissions.

Kennecott has also provided EPA with a revised estimate of the expected fugitive emissions from the modified smelter. The current estimate indicates that fugitive emissions of particulate matter will be reduced approximately 93 percent from existing levels. A fugitive emission reduction of 80 percent was used to develop the present emission limitation of 1058 pounds per hour. Since fugitive emissions constitute the major ambient problem near the smelter, correction of the earlier calculations to reflect the lower fugitive emissions results in allowable stack emissions of 1340 pounds of particulates per hour.

With respect to the averaging time for the emission limitation, Kennecott apparently failed to interpret the regulation properly. The petition claimed that ". . . the hourly figure is not stated as an average but rather, is stated as an absolute limit—an hourly emission rate never to be exceeded." In fact, the regulation specifies a six-hour averaging time to determine compliance with the emission limitation. Since this time period is sufficiently long to be representative of the fluctuations in the smelting process and the modified regulation permits emissions well in excess of the maximum emissions estimated by Kennecott, there is no justification for an averaging time greater than six hours. Most of the Corporation's reasons for requesting a longer averaging time related to equipment malfunctions which were addressed in a separate regulation recently proposed by EPA.

Kennecott also challenged EPA's regulation for failing to consider the new 1200-foot stack at the smelter. Since the revised emission limitation will provide for attainment of the national standards for particulate matter using reasonably available control technology, there is no justification for EPA to allow credit for dispersion techniques. This approach is consistent with recent court decisions which have held that dispersion techniques, such as tall stacks, may not be utilized as a means of achieving ambient standards unless constant control techniques sufficient to meet the standards are not available (e.g., "Big Rivers Electric Corp., et al v. EPA," 8 ERC 1092, 6th Cir. 1975).

Since this rulemaking amends a promulgated regulation which has been the subject of several public hearings, and since the modification is based on technical data which neither affect the nature of the regulation nor constitute a change in the Agency's policy or philosophy, the Administrator has determined that the amendment should be promulgated without additional public hearings or comment. The changes respond to technical data developed since the last hearing and impose no additional burdens on Kennecott.

The technical support document for this revision to Utah's particulate matter control strategy is available for public inspection at the offices of the Environmental Protection Agency listed below:

Environmental Protection Agency, Region VIII, Office of Public Affairs, Suite 900, 1860 Lincoln Street, Denver, Colorado 80203.

Environmental Protection Agency, Public Information Reference Unit, Room 2922 (EPA Library), 401 M Street, S.W., Washington, D.C. 20460.

Environmental Protection Agency, Room 4223, Federal Building, 125 South State Street, Salt Lake City, Utah 84111.

For the reasons discussed above, the amendments which follow are effective on the date of promulgation.

(42 U.S.C. 1857c-5 (c) and (e))

Dated: November 26, 1975.

JOHN QUARLES,
Acting Administrator.

Part 52 of Chapter I, Title 40 of the Code of Federal Regulations is amended as follows:

Subpart TT—Utah

In § 52.2330, paragraph (c) (1) (iv) is amended to read as follows:

§ 52.2330 Rules and regulations: Particulate matter.

* * * * * *

(c) **Replacement for Section 2.3 (*Wasatch Front Intrastate Region*)—(1) *Regulations for control of process sources.***

V40235 DEC 5 75 XUM

(iv) No owner or operator of any copper smelting operation in the Wasatch Front Intrastate Region shall discharge or cause the discharge of particulate matter into the atmosphere from the stack or stacks serving the reactor and converter operations in excess of 1340 pounds per hour, maximum 6-hour average, or allow the escape of any fugitive particulate matter emissions which can be captured and controlled using best available techniques.

(A) The owner or operator of any smelter subject to this paragraph shall comply with the compliance schedule specified below:

(*1*) *December 15, 1975*—Submit a final plan to the Administrator for meeting the requirements of paragraph (c) (1) (iv) of his section. Such a plan shall be subject to approval by the Administrator.

(*2*) *January 31, 1976*—Let contracts or issue purchase orders for emission capture systems.

(*3*) *April 1, 1976*—Initiate on-site construction and/or installation of emission capture equipment.

(*4*) *May 31, 1977*—Complete on-site construction and/or installation of emission capture system.

(*5*) *July 31, 1977*—Achieve final compliance with the requirements of paragraph (c) (1) (iv) of this section.

* * * * *

[FR Doc.75-32791 Filed 12-4-75;8:45 am]

Title 41—Public Contracts and Property Management

CHAPTER 105—GENERAL SERVICES ADMINISTRATION

PART 105–61—PUBLIC USE OF RECORDS, DONATED HISTORICAL MATERIALS, AND FACILITIES IN THE NATIONAL ARCHIVES AND RECORDS SERVICE

Restrictions on the Use of Records

The National Archives and Records Service has determined that it would be in the public interest to publish the statements of restrictions on the use of records in the National Archives of the United States that were previously reproduced for distribution to the staff. Restrictions in effect on July 1, 1970, have been published in the "Guide to the National Archives of the United States," which was incorporated by reference at 40 FR 7924. This amendment establishes Subpart 105–61.53, Restrictions on the Use of Records, and includes restriction statements that have been added or revised since July 1, 1970. Future changes will be published as they occur.

The table of contents for Part 105–61 is amended by the addition of new Subpart 105–61.53, as follows:

Subpart 105–61.53—Restrictions on the Use of Records

Sec.
105–61.5300 Scope of subpart.
105–61.5301 Restrictions on access.
105–61.5302 General restrictions.
105–61.5302–6 Investigatory records.
105–61.5302–8 Immigration and naturalization certificates and declarations.
105–61.5302–18 Individual privacy.
105–61.5303 Specific restrictions.
105–61.5303–13 Records of the National Mediation Board.
105–61.5303–29 Records of the Bureau of the Census.
105–61.5303–29a Procedures Governing Access to the Schedules of the Census of Population of 1900.
105–61.5303–43 Records of International Conferences, Commissions, and Expositions.
105–61.5303–56 General Records of the Department of the Treasury.
105–61.5303–59 General Records of the Department of State.
105–61.5303–60 General Records of the Department of Justice.
105–61.5303–75 Records of the Bureau of Indian Affairs.
105–61.5303–76 Records of Boundary and Claims Commissions and Arbitrations.
105–61.5303–80 General Records of the Department of the Navy, 1798–1947.
105–61.5303–81 Records of the United States Tariff Commission.
105–61.5303–84 Records of the Foreign Service Posts of the Department of State.
105–61.5303–104 Records of the Bureau of the Mint.
105–61.5303–146 Records of the United States Civil Service Commission.
105–61.5303–167 Records of the National Bureau of Standards.
105–61.5303–173 Records of the Federal Communications Commission.
105–61.5303–197 Records of the Civil Aeronautics Board.
105–61.5303–200 National Archives Gift Collection.
105–61.5303–210 Records of the War Relocation Authority.
105–61.5303–220 Records of Presidential Committees, Commissions, and Boards.
105–61.5303–227 Records of the Office of Scientific Research and Development.
105–61.5303–257 Records of the Bureau of Labor Statistics.
105–61.5303–266 Records of the Securities and Exchange Commission.
105–61.5303–267 Records of the Supreme Court of the United States.
105–61.5303–275 Records of the Export-Import Bank of the United States.
105–61.5303–280 Records of the Federal Mediation and Conciliation Service.
105–61.5303–353 Records of the Interdepartmental and Intradepartmental Committees (State Department).
105–61.5303–354 Records of the Office of Science and Technology.
105–61.5303–396 Records of the Office of Emergency Preparedness.
105–61.5303–416 Records of St. Elizabeths Hospital.

AUTHORITY: Sec. 205(c), 63 Stat. 390 (40 U.S.C. 486(c)); 41 CFR 105–61.000–2.

Part 105–61 is amended by adding new Subpart 105–61.53, as follows:

Subpart 105–61.53—Restrictions on the Use of Records

§ 105–61.5300 Scope of subpart.

This subpart contains material referred to in § 105–61.103–1.

§ 105–61.5301 Restrictions on access.

The use of some archives and donated historical materials transferred to the National Archives of the United States, especially those of recent date, is subject to restrictions prescribed in statute or Executive order, or restrictions specified by the donor or agency from which the records were transferred and imposed by the Archivist of the United States. Restrictions on access to particular records that have been specified by the donor or transferring agency are known as "specific restrictions." Restrictions on access that may apply to more than one record group are termed "general restrictions," and apply to the winds of information or classes of records designated, regardless of the record group to which such records have been allocated. Both specific and general restrictions have been published in the "Guide to the National Archives of the United States." (See § 105–61.103–1.) Sections 105–61.5302 and 105–61.5303 contain restrictions that have been added or revised since the publication of the latest edition of the Guide.

§ 105–61.5302 General restrictions.

§ 105–61.5302–6 Investigatory records.

(a) *Records.* Investigatory records compiled for law enforcement purposes that relate to events less than 50 years old to the extent that disclosure would (1) interfere with enforcement proceedings, (2) deprive a person of a right to a fair trial or an impartial adjudication, (3) constitute an unwarranted invasion of personal privacy, (4) disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security investigation, confidential information furnished only by the confidential source, (5) disclose investigative techniques and procedures, or (6) endanger the life or physical safety of law enforcement personnel. Excluded are records series of the Department of Defense and all components and predecessors thereof specified in general restriction 12.

(b) *Restrictions.* Information in these records will be made available only as authorized by an appropriate official of the originating agency or its successor agency.

(c) *Imposed by.* Archivist of the United States.

§ 105–61.5302–8 Immigration and naturalization certificates and declarations.

(a) *Records.* Certificates of arrival, declarations of intention, certificates of naturalization, and certificates of citizenship, regardless of the length of time they have been in existence.

(b) *Restrictions.* Certified copies of the records of the kinds enumerated above shall not be furnished. Uncertified copies of these records may be furnished. Requests for certified copies shall be referred to the Immigration and Naturalization Service.

(c) *Specified by.* Department of Justice.

§ 105–61.5302–18 Individual privacy.

(a) *Records.* Records that contain information about a living individual which reveal details of a highly personal nature which the individual could reasonably assert a claim to withhold from the public to avoid a clearly unwarranted invasion of privacy, and that:

(1) Contain personal information not known to have been previously made public; and

(2) Relate to events less than 75 years old.

(b) *Restrictions.* Such records may be disclosed:

(1) To those officers and employees of the agency that transferred the records to NARS who have a need for the record in the performance of their official duties;

(2) To those officers and employees of the agency that originated the information in the records who have a need for the records in the performance of their officials duties;

(3) To qualified researchers for purposes of statistical or quantitative research when such researcher has provided NARS with advance adequate written assurance that the record will be used solely as a statistical research or reporting record and that no individually identifiable information will be disclosed; or

(4) To the subject individual or his duly authorized representative (the individual requesting access will be required to furnish reasonable and appropriate identification) with the following exceptions: (1) investigatory material compiled for law enforcement purposes or for the purposes of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, or Federal contracts will not be released if the disclosure of such material would reveal the identity of a source who furnished information to the Government under an expressed or implied promise of confidence; (2) evaluation material used to determine potential for promotion in the armed services if disclosure of such material would reveal the identity of the source who furnished such information to the Government under an expressed or implied promise of confidence; and (3) access to security classified material.

(c) *Imposed by.* Archivist of the United States in accordance with 5 U.S.C. 552 and 44 U.S.C. 2104.

§ 105–61.5303 Specific restrictions.

§ 105–61.5303–13 Records of the National Mediation Board.

(a) *Records.* All case files of the National Mediation Board, including those for EB (emergency board) cases, I (interpretation) cases, E (emergency) cases, A (mediation) cases, R (representation) cases, and ARB (arbitration) cases.

(b) *Restrictions.* Records less than 50 years old may not be examined by or copies of or information from them furnished to any person except by permission of the Executive Secretary, National Mediation Board.

(c) *Specified by.* National Mediation Board.

(d) *Records.* Files of Robert O. Boyd, ca. 1954–62.

(e) *Restrictions.* These records may not be examined by or copies of or information from them furnished to any person except by permission of the Executive Secretary, National Mediation Board.

(f) *Specified by.* National Mediation Board.

§ 105–61.5303–29 Records of the Bureau of the Census.

(a) *Records.* Schedules of the census of population of 1900.

Restrictions. (1) No one other than the Secretary of Commerce or his authorized representatives may examine these records except by written permission of the Archivist of the United States or his delegate. Persons authorized access must demonstrate in a written data use agreement that they are engaged in legitimate historical, legal, or genealogical research or other research deemed worthwhile by the Archivist and agree to the conditions of use of the record data.

(2) Researchers must fall within one of the three categories described below and agree to the restrictions pertaining to their particular category of research.

(i) *General Historical Researchers.* A "general historical researcher" is a researcher who uses the census data as statistical evidence in formulating hypotheses on historical trends of all or segments of the U.S. population. In adjudging the legitimacy of said research, the following criteria shall be determinative: (a) a researcher's reputation as being a research worker and (b) his connection with an established institution of learning or research. Researchers in this category agree that in any use made of the census data they will not publish or otherwise disclose in any manner the identity of any person enumerated in the census.

(ii) *Biographical Researcher.* A "biographical researcher" is a researcher whose use of the census data relates to the discovery of factual biographical information about a recognized historical personage enumerated in the census. In adjudging the legitimacy of said research, the following criteria shall be determinative: (a) a researcher's reputation as being a research worker and (b) his connection with an established institution of learning or research. Researchers in this category agree not to publish or otherwise disclose in any manner any information about persons not specifically identified in the stated scope of their authorized research, and agree not to use information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy of a living person.

(iii) *Genealogical or Legal Researcher.* A "genealogical or legal researcher" is a researcher whose use of the census data relates to the discovery of data about a particular person or family enumerated in the census. In adjudging the legitimacy of said research, the following criteria shall be determinative: (a) with respect to genealogical research, a researcher's connection with the person or family about whom records are desired, either through immediate family relationship or by authorization; and (b) with respect to legal research, a researcher's position as an officer of a court or tribunal that requires data to determine inheritance or otherwise adjudicate a controversy before it. Researchers in this category will be required to present written evidence of their authority to represent a person, family, court, or tribunal and agree not to publish or otherwise disclose in any manner any information about persons or families not specifically identified in the stated scope of their authorized research, and to use only the specific information that they are authorized to obtain about persons or families being researched.

(iv) *Imposed by.* Archivist of the United States.

(b) *Records.* Other post-1900 census schedules more than 50 years old.

Restrictions. (1) No one other than the Secretary of Commerce or his authorized representatives may examine these records.

(2) Copies of these records may be provided only to the Secretary of Commerce or his authorized representatives.

Imposed by. Archivist of the United States.

(c) *Records.* (1) Census schedules less than 50 years old.

(2) *Restrictions.* These records may not be examined by or copies of or information from them provided to any person other than sworn employees of the Department of Commerce having proper authorization from the Secretary of Commerce or his designee.

(3) *Specified by.* Secretary of Commerce.

§ 105–61.5303–29a Procedures Governing Access to the Schedules of the Census of Population of 1900.

(a) A copy of this statement of procedures and of the restriction statement for Records of the Bureau of the Census, Record Group 29, will be furnished to each researcher who applies for access to the schedules.

(b) Access to the schedules may be granted only:

(1) To the extent generally and specifically provided for in paragraph I of the restriction statement for Record Group 29.

(2) After the researcher has completed and signed the 1900 Population Census Data Use Agreement and after it has been approved by the Archivist or his delegate.

V40235 DEC 5 75 XUM

(3) After the researcher properly identifies himself and:

(i) If a historical researcher, provides satisfactory evidence of his institutional affiliations or other credentials;

(ii) If a legal researcher, provides evidence of which court or tribunal he is an officer; or

(iii) If a genealogical researcher, provides evidence of his family connection or the authority pursuant to which he is acting.

(c) This statement of procedures is also intended to advise the researcher that any failure on his part to comply with the special restriction on disclosure and use of information contained in the records of the 1900 population census and with the applicable rules and procedures relating to the use of archival materials and facilities may lead to his being barred from access to these population schedules or other records in the National Archives of the United States.

(d) Researchers will be furnished a limited number of rolls of 1900 population census microfilm and the related name index at a time, as determined by the research room attendant. The rolls must relate directly to the specific information required for his proposed research as stated in the 1900 Population Census Data Use Agreement. Rolls must be returned directly to a search room attendant upon completion of use.

(e) Qualified researchers may be provided with copies of any page or pages that they have examined which relate directly to their authorized research.

(f) Mail requests for copies of any page or pages of the 1900 population census schedules may be filled provided that the requester meets the conditions for access specified in sections I and II, above, including completion and approval of a written data use agreement and proper identification. Mail requests must be made to General Services Administration (NNC), Washington, DC 20408. Mail requests will not be processed by regional archives branches.

§ 105–61.5303–43 Records of International Conferences, Commissions, and Expositions.

(a) *Records.* Records relating to participation in international conferences, commissions, and committees dated later than 1949.

(b) *Restrictions.* These records may be used only with the permission of the Department of State.

(c) *Specified by.* Department of State.

§ 105–61.5303–56 General Records of the Department of the Treasury.

(a) *Records.* Office files of the Secretary, Under Secretary, and Assistant Secretaries, 1931–65.

(b) *Restrictions.* No one may examine these records or obtain information from them or copies of them except by written permission of the Secretary of the Treasury or his duly authorized representative.

(c) *Specified by.* Department of the Treasury.

(d) *Records.* Samples of series of recorded radio programs sponsored by the Treasury Department during 1941–48.

(e) *Restrictions.* There are copyright or contractual restrictions applicable to most of these recordings, and no recording may be reproduced without the consent of the Treasury Department.

(f) *Specified by.* Department of the Treasury.

(g) *Records.* Correspondence and reports, with related indexes and statistical compilations, that document actions of the Secretary of the Treasury (as authorized by section 304 of an act of March 9, 1933, to provide relief to banks and for other purposes) in requesting the Reconstruction Finance Corporation to subscribe for preferred stock in national banking associations and State banks and trust companies that were in need of funds for capital purposes, or to make loans thereto secured by such stock as collateral, 1933–45.

(h) *Restrictions.* No one may examine these records or obtain information from them or copies of them except as authorized by the Secretary of the Treasury or his duly authorized representative.

(i) *Specified by.* Department of the Treasury.

§ 105–61.5303–59 General Records of the Department of State.

(a) *Records.* All records dated later than December 31, 1949, except Presidential nominations, copies of commissions, oaths of office, and related records concerning appointment to the Federal service; and Senate confirmations and rejections of appointments.

(1) Records of the following classes that are less than 50 years old: records that relate to unsettled claims in which the United States or its citizens have a financial interest; Foreign Service inspection reports; applications and recommendations for appointment to public office or for transfer from one post or position to another; records that relate to the efficiency, security, financial affairs, medical history, personal property, or private affairs of employees, former employees, or prospective employees of the U.S. Government; trade secrets and commercial or financial information received by the U.S. Government as privileged or confidential; and classified records originated by other Federal agencies, foreign governments, or international organizations, except insofar as such records are open under the regulations or practice of the originating agency, government, or organization.

(2) Records of the following classes that are less than 75 years old: records concerning passports and related citizenship matters; intelligence and counterintelligence documents and reports; records of the investigation of persons or groups of persons by investigative authorities of the United States or foreign governments; name files relating to the issuance or refusal of visas; and other records the disclosure of which would constitute a clearly unwarranted invasion of privacy or a breach of confidence placed in the U.S. Government.

(b) *Restrictions.* These records may be used by official and nonofficial researchers only with the permission of the Department of State.

(c) *Specified by.* Department of State.

§ 105–61.5303–60 General Records of the Department of Justice.

(a) *Records.* All records less than 25 years old except the following classes of the central files:

Class 3. Weeks Forestry Act.
Class 22. Food and Drug.
Class 33. Federal Buildings Act.
Class 38. Naturalization.
Class 39. Immigration.
Class 66. Rentals and Leases.
Class 76. Opinions of Courts.
Class 77. Claims in Favor of the United States.
Class 100. Miscellaneous Correspondence.
Class 101. Mortgage and Lien Foreclosure Act.
Class 103. Wills, Bequests, Gifts.
Class 154. Court of Claims Cases.

(b) *Restrictions.* Only authorized employees of the Department of Justice and other persons specifically authorized by the Attorney General or his alternate in archival matters may have access to the restricted records.

(c) *Specified by.* Department of Justice.

§ 105–61.5303–75 Records of the Bureau of Indian Affairs.

(a) *Records.* "Individual Indian Case Files" accessioned by the regional archives branches.

(b) *Restrictions.* These records are closed until 1995 except with the written permission of the Commissioner of Indian Affairs.

(c) *Specified by.* Bureau of Indian Affairs.

§ 105–61.5303–76 Records of Boundary and Claims Commissions and Arbitrations.

(a) *Records.* All records less than 50 years old that relate to unsettled claims in which the United States or its citizens have a financial interest, and all other records dated after 1949.

(b) *Restrictions.* These records may be used only with the permission of the Department of State.

(c) *Specified by.* Department of State.

§ 105–61.5303–80 General Records of the Department of the Navy, 1798–1947.

(a) *Records.* Photographic records of the Department of the Navy accessioned from the Naval Photographic Center, Washington, comprising the Department of the Navy's official "general" still picture history file.

(b) *Restrictions.* Access may be granted to these photographic records except that when the records are not marked or otherwise stamped "Released," the approval of the Chief of Information, Navy Department, must be obtained before reproductions thereof are furnished.

(c) *Specified by.* Assistant Vice Chief of Naval Operations/Director of Naval Administration.

§ 105–61.5303–81 Records of the United States Tariff Commission.

(a) *Records.* Records in the general files of the Tariff Board and the U.S. Tariff Commission that contain information on trade secrets and processes.

(b) *Restrictions.* "It shall be unlawful for any member of the Commission, . . . or any other officer or employee of the United States, to divulge, or to make known in any manner whatever not provided for by law, to any person, the trade secrets or processes of any person, firm, . . . or association embraced in any examination or investigation conducted by the Commission, . . ." (39 Stat. 798 and 46 Stat. 701).

(c) *Specified by.* Congress of the United States.

(d) *Records.* Records in the general files of the U.S. Tariff Commission that are marked "Confidential."

(e) *Restrictions.* These records may not be examined by or copies of or information from them furnished to any person except as designated by the Tariff Commission.

(f) *Specified by.* U.S. Tariff Commission.

(g) *Records.* Records in the central correspondence file, 1916–54, that are marked "Business Confidential" or "Information Submitted in Confidence" or that have any notation of similar import.

(h) *Restrictions.* These records may not be examined by or copies of or information from them furnished to any person except with the permission of the Tariff Commission.

(i) *Specified by.* U.S. Tariff Commission.

(j) *Records.* Docketed case files and other records pertaining to investigations of the Tariff Commission, 1922–66; reports of the Tariff Commission on imports, exports, trade restrictions, and foreign countries, 1922–46; reports pertaining to commodities essential for national defense and the prosecution of the war, 1938–45; records received from courts pertaining to tariff acts, 1922–32; and publications of defense and wartime agencies, 1941–43.

(k) *Restrictions.* These records may not be examined by or copies of or information from them furnished to any person except by written permission of the Secretary of the U.S. Tariff Commission.

(l) *Specified by.* U.S. Tariff Commission.

§ 105–61.5303–84 Records of the Foreign Service Posts of the Department of State.

(a) *Records.* All records dated later than December 31, 1949. Records of the following classes that are less than 50 years old: records that relate to unsettled claims in which the United States or its citizens have a financial interest; Foreign Service inspection reports; records that relate to the efficiency, security, financial affairs, medical history, personal property, or private affairs of employees, former employees, or prospective employees of the U.S. Government; trade secrets and commercial or financial information received by the U.S. Government as privileged or confidential; and classified records originated by other Federal agencies, foreign governments, or international organizations and conferences that were furnished to the Department of State for its information.

(1) Records of the following classes that are less than 75 years old: records concerning passports and related citizenship matters; intelligence and counterintelligence documents and reports; records of investigation of persons or groups of persons by investigative authorities of the United States or foreign governments; name files relating to the issuance or refusal of visas; and other records the disclosure of which would constitute a clearly unwarranted invasion of privacy or a breach of confidence placed in the U.S. Government.

(b) *Restrictions.* These records may be used only with the permission of the Department of State.

(c) *Specified by.* Department of State.

§ 105–61.5303–104 Records of the Bureau of the Mint.

(a) *Records.* All records pertaining to dies, without regard to date, and records of gold and silver deposits less than 75 years old.

(b) *Restrictions.* No one may examine these records except persons authorized by the Director of the Mint.

(c) *Specified by.* Director of the Mint.

§ 105–61.5303–146 Records of the United States Civil Service Commission.

(a) *Records.* Position allocation appeal dossiers.

(b) *Restrictions.* All requests for information about specific individuals will be refered for determination of action thereon to the Chairman of the Civil Service Commission or a member of his staff authorized to act for him. Determination of action on all other requests will be made by the Archivist . . . subject to the specific requirement that each person seeking information from these records will obligate himself not to reveal the names of individuals as obtained from them without the written approval of the Chairman of the Civil Service Commission or a member of his staff authorized to act for him.

(c) *Specified by.* U.S. Civil Service Commission.

§ 105–61.5303–167 Records of the National Bureau of Standards.

(a) *Records.* "National Bureau of Standards Reports" maintained by the Office of Technical Information and Publications, 1951–68, and Joint Institute for Laboratory Astrophysics reports, 1963–67.

(b) *Restrictions.* Authorization for access to these reports must be secured from the Office of Technical Information and Publications of the National Bureau of Standards or from the individual sponsors of the reports.

(c) *Specified by.* Director of the National Bureau of Standards.

§ 105–61.5303–173 Records of the Federal Communications Commission.

(a) *Records.* Microfilm copies of the formal official minutes of the FCC bearing security or other classification mark.

(b) *Restrictions.* No one may examine these records or be given information from them or copies of them except by permission of the FCC.

(c) *Specified by.* Federal Communications Commission.

(d) *Records.* Annual financial reports filed by licensees and permittees of standard, FM, television, and international broadcast stations with the FCC in accordance with section 0.417 of the FCC Rules and Regulations.

(e) *Restrictions.* These records are not open to public inspection unless special permission is granted by the FCC upon written request describing in detail the documents to be inspected and the reasons therefor.

(f) *Specified by.* Federal Communications Commission.

(g) *Records.* Records of the Interdepartment Radio Advisory Committee, 1922–49.

(h) *Restrictions.* No one may examine these records or be given information from them or copies of them except by permission of the Interdepartment Radio Advisory Committee.

(i) *Specified by.* Interdepartment Radio Advisory Committee.

(j) *Records.* Magnetic tape copies of data relating to the licensing of amateur, aircraft, citizen, and marine radio stations.

(k) *Restrictions.* No one may examine these records or be given information from them or copies of them except by permission of the FCC.

(l) *Specified by.* Federal Communications Commission.

(m) *Records.* Magnetic tape of the Legal Index Master File of the Office of the General Counsel.

(n) *Restrictions.* No one may examine these records or be given information from them except by permission of the FCC.

(o) *Specified by.* Federal Communications Commission.

§ 105–61.5303–197 Records of the Civil Aeronautics Board.

(a) *Records.* Minutes of the Civil Aeronautics Board and its predecessor agency, the Civil Aeronautics Authority (dating from 1938).

(b) *Restrictions.* No one may examine these records or be given information from them or copies of them except by permission of the Civil Aeronautics Board or its Secretary.

(c) *Specified by.* Civil Aeronautics Board.

(d) *Records.* Magnetic tapes of "Origin Destination Survey of Airline Passenger Traffic."

V40235 DEC 5 75 XUM

(e) *Restrictions.* Access can be granted only upon written permission of the Chief of the Statistical Data Division, Bureau of Accounts and Statistics, Civil Aeronautics Board.

(f) *Specified by.* Civil Aeronautics Board.

(g) *Records.* The Chairman's subject and pay files and the general files of the Office of the Chairman.

(h) *Restrictions.* Access can be granted only with permission from the Office of the Chairman.

(i) *Specified by.* Office of the Chairman, Civil Aeronautics Board.

§ 105–61.5303–200 National Archives Gift Collection.

(a) *Records.* X-rays and photographs relating to the autopsy of President John F. Kennedy.

(b) *Restrictions.* Access to these materials is limited to persons authorized to act for a committee of the Congress, a Presidential commission, or any other agency of the Federal Government having authority to investigate matters relating to the assassination of President Kennedy; and recognized experts in the field of pathology or related areas of science or technology for serious purposes relevant to the investigation of matters relating to the death of President Kennedy. The determination of whether such an expert has suitable qualifications and serious purposes will be made by the Kennedy family representative.

(c) *Specified by.* Archivist of the United States in conformity with the letter agreement between the Administrator of General Services and the Kennedy family representative dated October 29, 1966.

(d) *Records.* Earle H. Clapp Papers, 1905–70.

(e) *Restrictions.* Some of the files dealing with the reorganization of the Forest Service are restricted until July 1, 1987.

(f) *Specified by.* The donor.

(g) *Records.* Ernst-Schwartz Collection, 1956–58.

(h) *Restrictions.* Six items are withheld from research until December 28, 1984.

(i) *Specified by.* The donors and the Central Intelligence Agency.

(j) *Records.* Herman Finer Papers, 1935–38.

(k) *Restrictions.* The records are to be closed "during the lifetime of any surviving members of the original Board of Directors of the TVA."

(l) *Specified by.* The donor.

(m) *Records.* Ernst Posner Papers, 1928–70.

(n) *Restrictions.* Access to some of the records may be granted only with Dr. Posner's permission until December 31, 1989.

(o) *Specified by.* The donor.

§ 105–61.5303–210 Records of the War Relocation Authority.

(a) *Records.* Evacuee case files closed less than 50 years.

(b) *Restriction.* Such records may be examined only by authorized representatives of Federal and State government agencies officially concerned with them and by the evacuee or his legal representative. No information based on such records will be furnished without the written consent of the person concerned, his legal representative, or (after his death) his next of kin, except that a summary statement of internment and employment may be furnished. Access to these records for quantitative or statistical studies, if no reference is made to individuals, may be granted by the Department of the Interior.

(c) *Specified by.* Secretary of the Interior in conformity with Public Law 90–23 of June 5, 1967 (81 Stat. 54).

§ 105–61.5303–220 Records of Presidential Committees, Commissions, and Boards.

(a) *Records of the War Refugee Board. 1944–45.* (1) *Records.* All records.

(2) *Restrictions.* These records may be used by official and unofficial researchers only with the permission of the Department of State.

(3) *Specified by.* Department of State.

(b) *Records of the American War Production Mission in China. 1944–45.* (1) *Records.* All records.

(2) *Restrictions.* These records may be used by official and unofficial researchers only with the permission of the Department of State.

(3) *Specified by.* Department of State.

(c) *Records of the President's Air Policy Commission. 1947–48.* (1) *Records.* All records.

(2) *Restrictions.* These records may not be examined by or information from or copies of them provided to any person other than a Government official for official purposes except as approved in each instance by the Archivist of the United States.

(3) *Specified by.* The Commission.

(d) *Records of the Commission on the Renovation of the Executive Mansion. 1949–52.* (1) *Records.* Blueprints, drawings, and photographs of the White House.

(2) *Restrictions.* No access may be had to these records without the express approval of the U.S. Secret Service.

(3) *Specified by.* The U.S. Secret Service.

(e) *Records of the President's Advisory Committee on Government Organization. 1953–61.* (1) *Records.* All records of the Committee.

(2) *Restrictions.* These records may not be made available to any person without the written permission of the Director of the Office of Management and Budget or his authorized representative.

(3) *Specified by.* Office of Management and Budget.

(f) *Records of the Commission on International Rules of Judicial Procedure. 1958–66.* (1) *Records.* Any records originating with the Department of Justice that are less than 25 years old.

(2) *Restrictions.* Only authorized employees of the Department of Justice and other persons specifically authorized by the Attorney General or his alternate may have access to these records.

(3) *Specified by.* Department of Justice.

(4) *Records.* All records originating with the Department of State.

(5) *Restrictions.* These records may be used by official and nonofficial researchers only with the permission of the Department of State.

(6) *Specified by.* Department of State.

(g) *Records of the Presidential Railroad Commission. 1960–62.* (1) *Records.* Records in the general files of the Commission's Chairman, Executive Director, and Deputy Executive Director that were not circulated to the full Commission.

(2) *Restrictions.* These records are closed to unofficial inquirers until March 1, 1982, except as authorized by the Secretary of Labor, the Administrative Assistant Secretary, or a representative of either.

(3) *Specified by.* Department of Labor.

(h) *President's Advisory Committee on Labor-Management Policy. 1961–73.* (1) *Records.* Records of the President's Advisory Committee on Labor-Management Policy.

(2) *Restrictions.* No one may examine these records or be given copies of or information from them before July 1, 1983, except by permission of the Secretary of Labor or his authorized representative(s).

(3) *Specified by.* Secretary of Labor.

(i) *Records of the President's Committee on Juvenile Delinquency and Youth Crime. 1961–70.* (1) *Records.* All records of the Committee.

(2) *Restrictions.* Requests for access to these records are to be referred to the Assistant Attorney General for Administration, Department of Justice.

(3) *Specified by.* Department of Justice.

(j) *Records of the President's Committee on Equal Opportunity in the Armed Forces. 1962–65.* (1) *Records.* All records of the Committee.

(2) *Restrictions.* These records will be made available only upon the written authorization of an appropriate White House officer.

(3) *Specified by.* The Committee.

(k) *Records of the President's Commission on Postal Organization. 1967–68.* (1) *Records.* "Commission Hearings" and "Commission Interviews: Prominent Individuals" among the records.

(2) *Restrictions.* Access to these records is subject to the approval of the Postmaster General or his authorized representative.

(3) *Specified by.* Post Office Department.

(l) *Records of the President's Committee on Urban Housing. 1967–68.* (1) *Records.* Minutes of the Committee's meetings and the Executive Director's files; correspondence of Committee members; correspondence with the White House; and the Committee's interim report to the President (not released nor intended for release).

(2) *Restrictions.* Access to these records is limited to persons having the written permission of an authorized member of the White House Staff.

(3) *Specified by.* The Committee.

(m) *Records of the Commission on Obscenity and Pornography. 1967–70.*

(1) *Records.* Records of the Traffic and Distribution Panel, containing information received in confidence from private firms.

(2) *Restrictions.* These records shall not be available to researchers until July 24, 1995.

(3) *Specified by.* The Commission.

(n) *Records of the President's Commission on Income Maintenance Programs. 1968–70.* (1) *Records.* Transcripts of closed meetings (executive sessions) of the commissioners.

(2) *Restrictions.* No one may have access to these records until February 26, 1980.

(3) *Specified by.* The Commission.

(o) *Records of the President's Commission on Campus Unrest. 1970.* (1) *Records.* Investigatory files consisting of stenotapes of Commission sessions and files relating to the Kansas, Wisconsin, Jackson State, and Kent State investigations.

(2) *Restrictions.* These records are withheld from research for 75 years, and access to them can be obtained only with the permission of the former Chairman of the Commission during his life and thereafter only with the permission of the President of the United States. For FBI documents and information from such documents, the permission of the FBI is also necessary.

§ 105–61.5303–227 Records of the Office of Scientific Research and Development.

(a) *Records.* All records of the Office of Scientific Research and Development (OSRD) or any of its components that reveal substantive information concerning research and development projects and contracts of Division 19 (Miscellaneous Weapons) of the National Defense Research Committee (NDRC) of OSRD, Section S–1 (Atomic Energy) of NDRC–OSRD, the Uranium Committee of NDRC, or the Executive Committee of S–1 in OSRD; and any OSRD records other than those mentioned above that are security classified by order of the Department of Defense dated August 2, 1960.

(b) *Restrictions.* No one may examine these records or be given information from them or copies of them without the written permission of a duly authorized official of the Atomic Energy Commission, with respect to records relating to atomic energy, and of the Department of Defense, with respect to the other security-classified records.

(c) *Specified by.* Archivist of the United States in agreement with the Chairman of the Atomic Energy Commission, in regard to atomic energy, and with the Secretary of Defense, in regard to all other OSRD activities.

§ 105–61.5303–257 Records of the Bureau of Labor Statistics.

(a) *Records.* Collective-bargaining agreements designated as "Confidential" when filed with the Bureau of Labor Statistics by employers, trade associations, and trade unions, 1941–45.

(b) *Restrictions.* These records shall not be made available to private inquirers unless, in any particular case, the inquirer has obtained prior written permission from the parties to the agreement or agreements in question.

(c) *Specified by.* Commissioner of Labor Statistics.

(d) *Records.* Central correspondence file of the Bureau of Labor Statistics, 1939–49; and correspondence of the Commissioner of Labor Statistics, 1933 and 1935–43.

(e) *Restrictions.* No one may examine these records or be given copies of or information from them except by permission of the Commissioner of Labor Statistics or his authorized representatives.

(f) *Specified by.* Bureau of Labor Statistics.

(g) *Records.* Cost-of-living schedules, Consumer Expenditure Survey schedules, Study of Consumer Purchases schedules, wage earner money disbursement schedules, food consumption schedules, and related material.

(h) *Restrictions.* (a) No record shall be removed from the National Archives without specific authorization from the Bureau of Labor Statistics records officer, (b) personal information, including individual or firm names, addresses, or telephone numbers, shall not be removed, copied, or reproduced under any circumstances except by Bureau of Labor Statistics personnel who have been authorized to do so by the Bureau of Labor Statistics records officer.

(i) *Specified by.* Bureau of Labor Statistics.

§ 105–61.5303–266 Records of the Securities and Exchange Commission.

(a) *Records.* Records relating to the administration of the Securities Act of 1933, as amended, consisting of correspondence files and records relating to private hearings that bear the tertiary file numbers –3 (correspondence) and –5 (investigations), respectively.

(b) *Restrictions.* No one may examine these records or obtain information from them or copies of them except the records officer of the Commission who is authorized to withdraw the files on official loan.

(c) *Specified by.* Securities and Exchange Commission.

(d) *Records.* Institutional Investors Study data except public files.

(e) *Restrictions.* Access to these records is limited to personnel of the Securities and Exchange Commission.

(f) *Specified by.* Securities and Exchange Commission.

(g) *Records.* Daily trading information for New York and American Stock Exchange issues.

(h) *Restrictions.* Access to these records requires approval of the Securities and Exchange Commission and written permission from Standard and Poors, Inc.

(i) *Specified by.* Securities and Exchange Commission.

§ 105–61.5303–267 Records of the Supreme Court of the United States.

(a) *Records.* Audiotape recordings.

(b) *Restrictions.* (A) The tapes may be played for Federal personnel in connection with official duties and to the general public for serious scholarly and legal research; (B) typewritten transcriptions of the tapes may be furnished to these persons for a fee, provided that in each instance three copies of these transcriptions are deposited in the Library of the Court; (C) copies of the tapes may not be furnished to persons other than the Justices without the permission of the Marshal of the Court, and until 3 years have expired since the argument of a recorded case; (D) the National Archives and Records Service may not identify the voices of members of the Court in connection with any use of the tapes, either while they are being played or in making or furnishing transcriptions; (E) copies of the tapes will not be reproduced for commercial purposes.

(c) *Specified by.* Supreme Court of the United States.

(d) *Records.* Transcripts of oral arguments, 1968–69.

(e) *Restrictions.* Duplicating or copying these transcripts by photographic, electrostatic, or other facsimile means is prohibited.

(f) *Specified by.* Supreme Court of the United States.

§ 105–61.5303–275 Records of the Export-Import Bank of the United States.

(a) *Records.* Case files relating to credit granted to foreign nations and domestic or foreign firms to aid the foreign trade of the United States, 1934–67.

(b) *Restrictions.* No one may examine these records or be given information from them or copies of them except by permission of the Administrative Officer of the Export-Import Bank of the United States.

(c) *Specified by.* Administrative Officer, Export-Import Bank of the United States.

§ 105–61.5303–280 Records of the Federal Mediation and Conciliation Service.

(a) *Records.* Dispute case records of the U.S. Conciliation Service and the Federal Mediation and Conciliation Service, 1913–69, "special assignment" and "related activities" case files pertaining to labor-management mediation and internal assignments of various types, 1957–69; and dispute case files of the Missile Sites Labor Commission, ca. 1961–67.

(b) *Restrictions.* These records may not be examined by or copies of or information from them furnished to any person except by permission of the Director of Administrative Management, Federal Mediation and Conciliation Service, or his authorized representatives.

V40235 DEC 5 75 XUM

(c) *Specified by.* Federal Mediation and Conciliation Service.

§ 105–61.5303–353 Records of the Interdepartmental and Intradepartmental Committees (State Department).

(a) *Records.* All records dated after December 31, 1949.

(b) *Restriction.* They may be used for official use by officers and employees of the U.S. Government only with the permission of the Department of State.

(c) *Specified by.* Department of State.

§ 105–61.5303–354 Records of the Office of Science and Technology.

(a) *Records.* All records.

(b) *Restrictions.* These records may not be examined by or copies of or information from them furnished to any person except by permission of the National Science Foundation.

(c) *Specified by.* National Science Foundation.

§ 105–61.5303–396 Records of the Office of Emergency Preparedness.

(a) *Records.* Personal correspondence of Gen. Lincoln that is included in the official files.

(b) *Restrictions.* Until December 31, 1976, only persons authorized by Gen. Lincoln may use these files.

(c) *Specified by.* General Services Administration.

§ 105–61.5303–418 Records of St. Elizabeths Hospital.

(a) *Records.* All records less than 75 years old that contain clinical information.

(b) *Restrictions.* These records may be used only with the permission of the Superintendent of St. Elizabeths Hospital or his duly authorized representative.

(c) *Specified by.* Superintendent of St. Elizabeths Hospital.

Effective date. This regulation is effective December 5, 1975.

Dated: November 13, 1975.

JAMES B. RHOADS,
Archivist of the United States.

Title 49—Transportation

CHAPTER V—NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

[Docket No. 75–7; Notice 03]

PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS AIR BRAKE SYSTEMS

Agricultural Commodity Trailers

This notice amends Standard No. 121, *Air Brake Systems*, 49 CFR 571.121, to permit bulk agricultural commodity trailers designed with a high ground clearance and other special features for use with farm tractors during harvests to meet emergency and parking brake requirements other than those specified in S5.6 and S5.8 of the standard.

This amendment follows reevaluation of a petition filed by Utility Trailer Manufacturing Company, in light of further data submitted by the company on August 6, 1975, and September 23, 1975 (these materials appear in NHTSA Docket No. 75–5). The NHTSA proposed to exclude certain specialized agricultural trailers from the emergency and parking brake requirements because "spring" brakes utilized for these systems were creating particular difficulty in harvest operations (40 FR 13316, March 26, 1975). Comments persuaded the agency not to proceed with the proposal at that time for two reasons (40 FR 28097, July 3, 1975). It appeared that control of air leakage and the installation of a manual parking brake control would permit disengagement in most cases, and that manual release and application would serve in the instances when all air had leaked away. The second reason to withdraw the proposal was that the excluded category was not defined well enough to limit the extent of the exclusion.

Utility has since supplied information indicating that air leakage cannot be controlled sufficiently to rely on it for the release of spring parking brakes under the specialized conditions of harvest operations. More significantly, Utility reports that inexperienced persons who mechanically release the spring brakes often fail to reengage them for highway operation, permitting the trailer to operate on the highway without a secondary means of braking.

With regard to the agency's concern that manufacturers supplying spring brakes to meet the standard would be placed at a competitive disadvantage by the exclusion, Utility indicates that the manufacturers of the specialized trailers in question would approve of a parking and emergency braking system other than spring brakes. The competitive disadvantage would actually have occurred only with those highway trailers that were unintentionally included in the overly-broad proposed definition.

With the newly submitted information in mind, the NHTSA has decided to issue the proposed exclusion, but in a more limited form than proposed. To limit the effect of this amendment to those trailers for which it is intended, the proposed definition is modified to describe more precisely trailers that are actually disconnected from highway truck-tractors and drawn through the fields as part of their function.

As discussed in the preamble to the proposal, the exclusion would have entirely excluded the trailers from the standard's emergency and parking brake requirements, relying on Bureau of Motor Carrier Safety Regulations to ensure the use of a "breakaway" system in their place. It is now apparent, however, that many of the vehicles in question would operate intrastate only, and that the breadth of the proposal, must be somewhat restricted, to exclude only vehicles that are fitted with a breakaway system that complies with BMCS requirements.

In order to permit manufacturers of these specialized vehicles to commence manufacture for the 1976 harvest season, the NHTSA has decided to extend the duration of the limited exclusion from the proposed date of January 1, 1976, to March 1, 1976. Utility requested that the date be extended to June 30, 1976, and the NHTSA will issue a further proposal if any further delay of this magnitude appears justified.

In consideration of the foregoing, S5.6 and S5.8 of Standard No. 121 (49 CFR 571.121) are amended by the addition of a sentence at the end of the text of each to read as follows:

"However, a trailer manufactured before March 1, 1976, that is designed to transport bulk agricultural commodities in off-road harvesting sites and to a processing plant or storage location, as evidenced by skeletal construction that accommodates harvest containers, a maximum length of 28 feet, and an arrangement of air control lines and reservoirs that minimizes damage in field operations, shall meet the requirements of this section or, at the option of the manufacturer, the requirements of § 393.43 of this title."

Effective date: December 5, 1975. Because this amendment does not place additional requirements on any person, and because manufacturers must be informed of future requirements for their products, it is found for good cause shown that an immediate effective date is in the public interest.

(Sec. 103, 119, Pub. L. 89–563, 80 Stat. 718 (15 U.S.C. 1392, 1407); delegation of authority at 49 CFR 1.51).

Issued on November 28, 1975.

JAMES B. GREGORY,
Administrator.

CHAPTER X—INTERSTATE COMMERCE COMMISSION

SUBCHAPTER A—GENERAL RULES AND REGULATIONS

[S.O. 1125, Amdt. 6]

PART 1033—CAR SERVICE

St. Louis-San Francisco Railway Company Authorized To Operate Over Tracks of the Kansas City Southern Railway Company

At a Session of the Interstate Commerce Commission, Railroad Service Board, held in Washington, D.C., on the 26th day of November, 1975.

Upon further consideration of Service Order No. 1125 (38 FR 6883, 19126, 33482; 39 FR 18281, 44208; and 40 FR 24006), and good cause appearing therefor:

It is ordered, That: § 1033.1125 St. Louis-San Francisco Railway Company authorized to operate over the tracks of the Kansas City Southern Railway Company be, and it is hereby, amended by substituting the following paragraph (e) for paragraph (e) thereof:

Expiration date. The provisions of this order shall expire at 11:59 p.m., May 31, 1976, unless otherwise modified, changed, or suspended by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p.m., December 1, 1975.

(Secs. 1, 12, 15, and 17(2), 24 Stat. 379, 383, 384, as amended; 49 U.S.C. 1, 12, 15, and 17(2). Interprets or applies Secs. 1(10–17), 15(4), and 17(2), 40 Stat. 101, as amended, 54 Stat. 911; 49 U.S.C. 1(10–17), 15(4), and 17(2).)

It is further ordered, That a copy of this amendment shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this amendment be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board.

[SEAL] ROBERT L. OSWALD,
Secretary.

[FR Doc.75–32834 Filed 12–4–75;8:45 am]

Title 50—Wildlife and Fisheries

CHAPTER II—NATIONAL MARINE FISHERIES SERVICE, NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION, DEPARTMENT OF COMMERCE

PART 216—MARINE MAMMALS

Incidental Taking in the Course of Commercial Fishing Operations

On September 8, 1975, a notice was published in the FEDERAL REGISTER (40 FR 41531–41536) announcing, among other things, that the NMFS proposed to reissue general permits for 1976 to allow commercial fishermen to take marine mammals incidental to commercial fishing operations and, in connection with the general permit for "Encircling Gear; Yellowfin Tuna Purse Seining", to establish a quota on incidental porpoise mortality. The announced purpose of the quota was to give some reasonable assurance that the principal stocks of porpoise involved in the fishery will increase in size. This would allow the NMFS to continue its efforts to reduce the rate of mortality and serious injury to insignificant levels approaching zero without being concerned about the porpoise stocks potentially being jeopardized as a result of the reissuance of the general permit. Another matter addressed in the Notice was the extent of the observer program, i.e., the number of observers placed on board vessels engaged in the fishery. Some have misconstrued the role of the observers and characterized them as enforcement officers. However, the Notice makes it clear that the role of the observers will be, among other things, to gather scientific data and monitor compliance with the regulations. Certain data collected by observers may, if requested by the public, be made available under the provisions of the Freedom of Information Act. The observers, however, will have no enforcement authority.

On October 9 and 10, informal public hearings were held in Washington, D.C., and on October 24 and 25, additional public hearings were held in San Diego, California. The Record was held open until November 5, so as to permit additional public comments. Furthermore, subsequent to the initial hearings in Washington, discussions were held with interested parties on the subject and contemporaneous Congressional hearings created another record of the position of the various parties in interest.

As a result of analyzing the foregoing hearing records, as well as other sources of information gathered in connection with the NMFS proposal, it became apparent that there were two divergent approaches to the proposal. On the one hand those spokesmen representing environmental organizations strongly endorsed the NMFS proposal of a quota and full observer program whereas the industry and the Marine Mammal Commission, submitting recommendations pursuant to Title II of the Marine Mammal Protection Act, took issue with the proposal and offered alternative approaches.

The Marine Mammal Commission, by letter dated November 6, 1975, rejected a 100% observer program as not "necessary, feasible, or worth the expenditure of time, effort, and money." The Commission indicated that while obtaining data is essential, it could be obtained on something less than a 100% observer program. Furthermore, implicit in its comments was the recognition of a need for a cooperative effort between Government and industry in order to address and ultimately solve the problem. Lastly, the Commission could not, on the basis of reliable scientific information, arrive at a figure of permissible incidental mortality which could with reasonable assurance, enable the principal stocks of porpoise to increase in size and therefore rejected the use of an overall or individual stock quota, although it suggested the permitting of killing "• • • of up to approximately 85,060 marine mammals, as set forth on page 3 of the [American Tunaboat Association] application, provided, however, that the number of marine mammals authorized to be taken may be adjusted during the term of the permit • • •"

The industry, through its Counsel, stated, *inter alia,* that (i) the record does not support the need for a quota; (ii) a quota would be contrary to the intent of the law; (iii) a quota would be economically disastrous to the industry; and (iv) a quota would be counterproductive. It is the industry's position that the answer to the problem lies in research and development through a close industry-government cooperative effort at sea. In this regard, industry restated its seven point program discussed at length during the hearing. Industry further raised some legal objections regarding the Government's right to require observers to be taken aboard vessels and suggested that the only way to assure observers access to vessels on a meaningful basis was through a cooperative effort. It is industry's contention that this is the only way to solve the tuna/porpoise problem and avoid legal contests as well as remove any concern for safety of the observers. Industry did offer to enter into an arrangement whereby observer data may be used for more than scientific purposes. In conversations with their Counsel, it was indicated that this arrangement could include the gathering of information regarding the effectiveness of the regulations.

Certain representatives of environmental groups, speaking through their Counsel, stated that they "strongly supported a comprehensive research and development program based on a joint NMFS–industry effort." However, it was their contention that such an effort "is not inconsistent with and should not be a substitute for an effective enforcement program including a comprehensive observer program and the establishment of an upper limit for the number of animals killed." Implicit in their position was the support of the Government's legal right to carry out its original proposals.

After reviewing all material submitted and considering all arguments made in connection with the matter, it is the position of the NMFS that it will modify its original proposals. It will not, at this time, impose a quota on the industry with respect to the number of porpoise its members may kill incidental to commercial fishing operations. However, the NMFS will impose a quota for the entire fishing season, if during the first part of the fishing season, porpoise mortality exceeds certain levels defined below. A decision on this matter will be made during May 1976. NMFS is planning to place observers on at least approximately 10 percent of the trips of vessels it selects which are engaged in the fishery. NMFS believes that a scientific sampling of 10 percent of the trips will be statistically sound and that the data compiled therefrom can be extrapolated to project the estimated porpoise mortality for the year by all vessels.

NMFS believes that this approach represents, at this time, the most reasonable way that it can meet its responsibility to reduce porpoise mortality incidental to yellowfin tuna fishing and its responsibility not to shut down or significantly curtail the activities of the tuna fleet as set forth in the Marine Mammal Protection Act and its legislative history. For success of this approach, cooperation is required. The NMFS expects this cooperation. If there is not significant progress, as detailed in paragraph (f), below, then a quota will be imposed and once a quota has been reached, setting on porpoises will be prohibited. Cooperation is the key to success. NMFS believes this approach (i) will reduce porpoise mortality; (ii) will result in a meaningful cooperative effort to resolve the problem; (iii) will not shut down or significantly curtail the activities of the tuna fleet; (iv) generally conforms to the recommendations of the Marine Mammal Commission; (v) deals with the problem in light of existing statutory funding limitations.

In lieu of the imposition at this time of a quota for 1976 on the number of porpoises allowed to be killed incidental to purse seining for yellowfin tuna and use of an observer on every tuna seiner

V 40235 DEC 5 75 XUM

throughout the year, the Director has determined that the following course of action will be pursued for the 1976 fishing season:

a. Prior to January 1, 1976, the National Marine Fisheries Service will review with industry representatives the specific requrements for data collection and reporting by the observers and establish appropriate procedures implementing fleetwide rēporting. As a result, it is anticipated that full agreement will be reached as to what data are to be collected aboard vessels. This will include reporting of biological and mortality data as well as information which can be used to determine the effectiveness of the regulations. The instructions to the observers will be revised accordingly. As an end result, before sailing, the fleet should fully understand what information is being collected and why such collection is necessary. As noted in the written comments of the American Tunaboat Association and the Tuna Research Foundations submitted for the record, the industry has stated its willingness "to work with a reasonable observer program" and its belief that the detailed operation of the observer program "can be resolved on an acceptable basis."

b. Industry representatives will be requested by NMFS to establish, on a fleetwide basis, a significantly improved system of reporting data by vessels of the fleet without observers aboard.

c. Briefly summarized the major changes to the regulations (50 CFR 216.24) are as follows: (1) The Director reserves the right to establish a ceiling on the number of porpoise of any stock or species that may be killed, and to prohibit the setting on that species or mixture of species after the ceiling is reached.

(2) Appropriate notification procedures are provided by which to facilitate the placement of observers on vessels during regular fishing voyages.

(3) Sets on pure schools of striped dolphins are to be prohibited due to an increased number of sets on this species in 1974 and 1975 which resulted in increased mortality. This is an uncommonly encountered species which is readily identifiable and results in very low catches of yellowfin tuna.

(4) Procedures are described for towing of the net by speedboats when in the judgment of the certificate holder this is necessary.

(5) The requirement for torque-balanced cable is deleted due to inconclusive results of experimental use.

(6) The requirement of carrying a porpoise basket is deleted.

d. Observers will be placed aboard tuna purse seiners starting in January 1976, in accordance with an appropriate scientific sampling plan devised by the NMFS. As stated in testimony at oversight hearings before the Subcommittee on Fisheries, Wildlife Conservation and the Environment on October 30, 1975, an industry spokesman has committed industry to "maximum cooperation in the placement of scientific research observers on U.S. tuna boats as recommended by the National Marine Fisheries Service sampling program."

e. The reports of all observers on vessels which have returned to port by April 15, 1976, will be analyzed by the Service in order to assess fleet performance. Specific attention will be given to projecting total porpoise deaths for 1976 on the basis of data such as:

(1) kill per set,
(2) kill per ton of tuna caught via setting on porpoise,
(3) cumulative kill of porpoises,
(4) size of porpoise schools,
(5) composition of porpoise schools,
(6) percentage of non-porpoise sets, and
(7) abundance of tuna.

In determining the success of fleet performance under the regulations, certain of the above criteria will be adjusted for fishing conditions as necessary in order to provide a valid comparison of fleet performance in 1976 with previous years.

f. A quota for 1976 will be established in May or thereafter if the total number of porpoise deaths for the year is projected to exceed 70% of the final estimated 1975 kill. The key element in the decision on imposing a quota will be the comparison of the number of porpoises killed in the first 3–4 months of 1976 with the kill in the same time period in 1975 as measured by the results of observer cruises. Estimates of numbers of porpoise killed will be based on the observer data on number of porpoises killed per set.

The purpose of a quota will be to achieve a mortality level significantly below that of 1975. The present estimate of the 1975 kill, although uncertain, is approximately 130,000 animals. A final estimate will be available in early 1976.

g. The procedure for determining the size of a quota, if one is established, will take into account the anticipated characteristics of the remaining 1976 fishing season. Any material differences in the 1975 and 1976 seasons will be considered in the establishment of the quota level.

h. The NMFS proposal of September 1975 regarding imposition of a quota indicated a desire for some reasonable assurance of continued growth of porpoise stocks. Our best scientific estimate is, at the present time, that porpoise stocks involved in the yellowfin tuna fishery are either stable, or increasing or decreasing slightly. The Marine Mammal Commission feels that there is insufficient data to determine a figure of incidental mortality which will, with "reasonable assurance" enable the principal stocks of porpoise to increase in size.

The Service agrees with the Marine Mammal Commission on this point, but considers that an overall quota can be set, if warranted, which at least reasonably assures stability for the principal porpoise stocks until technological advances permit a reduction to a level of mortality envisioned by the Act.

i. During May 1976, a public meeting will be held in Washington, D.C., at which the Director will announce his decision regarding imposition of an overall quota on porpoise kill for 1976, and the rationale for such decision. If the decision is to impose a quota, appropriate regulatory changes will be promulgated immediately without further public hearing. Based on the normal fishing pattern of the U.S. tuna fleet, the amount of fishing on porpoise remaining between May and December is such that a decision in May provides ample opportunity to ensure that porpoise stocks will not be adversely affected, and to notify the fleet so that it can adjust operations. After the decision is announced, whether a quota is imposed or not, NMFS will continue to monitor the situation and collect and analyze data to determine the need for possible subsequent action. If the analysis indicates additional actions are warranted, appropriate action will be taken.

In summary, the NMFS has concluded that the course of action delineated above will best serve the objectives of reducing incidental porpoise mortality without destroying the economic viability of the U.S. tuna fleet—both of which are mandates under the Marine Mammal Protection Act and its legislative history. The procedures modify NMFS proposals announced in the FEDERAL REGISTER in September that a ceiling be set on the numbers of porpoises that could be killed and that an observer be placed on every boat in the fleet. The modifications were made as a result of an analysis of the record of public hearings on the earlier proposals, exploration of the problem with industry and representatives of conservation interests, and review by the Administrator of the National Oceanic and Atmospheric Administration and the Secretary of Commerce.

A solution to the problem of the reduction of incidental porpoise mortality is much more likely through the channel of cooperation of all parties concerned than through confrontation. Most parties have pledged that cooperation toward a common goal and time must be provided for such efforts to produce results. As soon as gear modifications or methods of fishing operations are developed sufficiently to warrant use on a fleet-wide basis, they will be phased into the regulations as appropriate. In addition, in the event that net collapses attributable to the poor judgment of certificate holders continue to be a significant contributor to porpoise mortality, then consideration will be given to amending the regulations with respect to towing of nets, to make towing mandatory in certain instances.

It is acknowledged that for a variety of reasons less progress was made in reducing total incidental porpoise mortality in 1975 than was anticipated or desired. It appears clear at this time that at least one of the contributing factors was a breakdown in communications between NMFS and the fleet regarding what the regulations actually were, how to comply with them, and evaluation of their merits. By working closely with industry in research and development, communications can be vastly improved. We expect as a result of cooperative efforts that the record of the U.S. fleet performance in 1976 will show a considerable improvement over previous years. It is our intent that porpoise mortality in 1976 should show a significant reduction over 1975.

As a result of the foregoing, the regulations governing the incidental taking of marine mammals during commercial fishing operations are amended as hereinafter set forth and are effective on December 19, 1975.

Summary of amendments

1. *Section 216.24(b)(2)* has been amended to itemize the information which must be submitted by an applicant for a general permit.

2. *Section 216.24(b)(3)* has been renumbered as § 216.24(b)(4) and has been altered to clarify its meaning. A new paragraph (b)(3) has been inserted which provides a mailing address for applications for a general permit, and provides that applications for a general permit should be received by the National Marine Fisheries Service not less than 180 days prior to the date upon which they are to become effective.

3. *Section 216.24(b)(4)* has been renumbered as § 216.24(c)(1) and has been amended in order to provide that the certificate holder on a fishing vessel must be the person in charge of and actually conducting fishing operations. A new paragraph (b)(4) has been inserted, which clarifies the language with regard to the period of validity of a general permit.

4. *Section 216.24(b)(5)* has been renumbered as § 216.24(c)(2). A new paragraph (b)(5) has been inserted which tracks the language of former paragraph (c)(5).

5. *Section 216.24(b)(6)* has been deleted. New language has been inserted which tracks that of former paragraph (c)(6), and clarifies the intent of the regulation that an opportunity for a hearing (with respect to a general permit application) be afforded within 60 days of publication of the notice.

6. *Section 216.24(b)(7)*, regarding general permit application fees, has been added.

7. *Section 216.24(c)(1)* has been renumbered as § 216.24(c)(3), and its wording has been clarified. A new paragraph (c)(1) has been inserted providing that the certificate holder on a vessel must be the person in charge of and actually conducting fishing operations.

8. *Section 216.24(c)(2)* has been renumbered as § 216.24(c)(4). A new paragraph (c)(2) has been inserted, which tracks former paragraph (b)(5), altered for clarification.

9. *Section 216.24(c)(3)* has been renumbered as § 216.24(c)(5). A new paragraph (c)(3) has been inserted, which tracks the language of former paragraph (c)(1).

10. *Section 216.24(c)(4)* has been renumbered as § 216.24(c)(6). A new paragraph (c)(4) has been added, which tracks the language of former paragraph (c)(2).

11. *Section 216.24(c)(5)* has been renumbered as § 216.24(b)(5). A new paragraph (c)(5) has been inserted which tracks the language of former paragraph (c)(3).

12. *Section 216.24(c)(6)* has been renumbered as § 216.24(b)(6) and its language clarified. A new paragraph (c)(6) has been inserted, which tracks the language of former paragraph (c)(4), with the addition of a fee schedule for applicants whose incomes fall below federal poverty guidelines.

13. *Section 216.24(d)(2)(i)* has been amended to prohibit the encircling of pure schools of striped dolphin, and to reflect the Director's authority to limit the taking of all other stocks or species of marine mammals.

14. *Section 216.24(d)(2)(iii)* has been amended to delete the requirement that log books be retained for one year.

15. *Section 216.24(d)(2)(iv)(A)* has been amended to clarify its meaning.

16. *Section 216.24(d)(2)(iv)(B)* has been amended.

17. *Section 216.24(d)(2)(iv)(C)* has been amended.

18. *Section 216.24(d)(2)(iv)(D)* has been deleted in large part, and language has been substituted indicating that the corkline hangings throughout the length of the corkline in which the porpoise safety panel is located must be inspected by the certificate holder following each trip, and a certain degree of tightness maintained.

19. *Section 216.24(d)(2)(iv)(E)*: Subparagraph (1) of this paragraph has been deleted. Subparagraph (2), requiring that torque-balanced cable be installed has been deleted. New language has been inserted describing the situations in which, and the methods by which, towing on the net must be performed in order to prevent net collapse and the formation of pockets of loose webbing. Subparagraph (3) has been deleted.

20. *Section 216.24(d)(2)(v)*: The requirement of this section that a "porpoise basket" be carried on purse seine vessels has been deleted. Inserted in its place is the language heretofore found in paragraph (vi), concerning the backdown procedure. In addition, the requirements concerning hand removal of porpoise from the net have been simplified in order to afford greater flexibility.

21. *Section 216.24(d)(2)(vi)* has been amended to include the language heretofore found in the first paragraph of § 216.24(d)(2)(vii).

22. *Section 216.24(d)(2)(vii)*: The first paragraph of this section has been deleted and transferred to the new preceding section.

23. *Section 216.24(e)(2)* has been amended to clarify the language.

24. *Section 216.24(e)(3)* has been amended in order to reflect the changes in wording found in the previous section.

25. *Section 216.24(f)* has been amended to describe the circumstances under which, and the procedures by which, observers may be placed on purse seine vessels operating under a category 2 general permit.

26. Figures pertaining to § 216.24(d)(2) have been renumbered.

Figure 1 becomes Figure 2; Figure 2 becomes Figure 1; Figure 3 becomes Figure 4; Figure 4 becomes Figure 5; and Figure 5 becomes Figure 3.

An additional figure, number 6, has been inserted.

Dated: December 2, 1975.

JACK W. GEHRINGER,
Deputy Director,
National Marine Fisheries Service.

The following are the specific amendments to the regulations. Due to the number of changes in §§ 216.24 (b), (c), and (d)(2), these sections are set forth in their entirety, notwithstanding the fact that all their subsections have not been amended.

1. Section 216.24 (b), (c), (d)(2), (e)(2), introductory text of (e)(3) and (f) are revised to read as follows:

§ 216.24 Taking and related acts incidental to commercial fishing operations.

* * * * *

(b) Permits: (1) General permits to allow the taking of marine mammals in connection with commercial fishing operations will be issued to persons using fishing gear within any one of the following five general categories:

(i) *Towed or Dragged Gear.* Shall include those commercial fishing operations utilizing towed or dragged gear such as bottom otter trawls, bottom pair trawls, multi-rig trawls, and dredging gear.

(ii) *Encircling Gear; Yellowfin Tuna Purse Seining.* Shall include those commercial fishing operations utilizing purse seines for yellowfin tuna.

(iii) *Encircling Gear; Seining other than Yellowfin Tuna.* Shall include those commercial fishing operations utilizing purse seines for species other than "yellowfin tuna."

(iv) *Stationary Gear.* Shall include commercial fishing operations utilizing stationary gear such as traps, pots, weirs, and pound nets.

(v) *Other Gear.* Shall include those commercial fishing operations utilizing trolling, gill nets, hook and line gear, and any gear not classified under paragraph (b)(1), (i), (ii), (iii), or (iv) of this section.

(2) Permits shall be issued as general permits to a class of fishermen using one of the general categories of gear set forth above. Any member of such class may apply for a general permit on behalf of all members of the class. Subsequent to a grant of the general permit, individuals may make application to be included under the terms of a general permit. Applications for a general permit should contain:

(i) Name, address and telephone number of the Applicant. If the Applicant is an organization or corporate entity, a copy of the corporate or organizational charter which sets forth the basis for application on behalf of a group or class

V40235 DEC 5 75 XUM

of commercial fishermen must be included;

(ii) The category of permit for which application is being made;

(iii) A statement describing why the Applicant cannot avoid taking marine mammals incidentally to commercial fishing operations. A description of the fishing operations by which marine mammals are taken;

(iv) The date upon which the general permit is to become effective;

(v) A list of the fish sought by those fishermen who may become parties to the general permit through inclusion by certificate, and the general areas of operation of such fishermen;

(vi) A statement identifying the marine mammals and numbers of marine mammals which are expected to be taken under the general permit;

(vii) A description of the procedures and techniques that will be utilized in order that takings under the permit will be consistent with the purposes and policies of the Marine Mammal Protection Act of 1972, and these regulations; and

(viii) A certification, signed by the Applicant, in the following language:

I certify that the foregoing information is complete, true and correct to the best of my knowledge and belief. I understand that this information is submitted for the purpose of obtaining a permit under the Marine Mammal Protection Act of 1972 and regulations promulgated thereunder, and that any false statement may subject me to the criminal penalties of 18 U.S.C. 1001, or to the penalties provided under the Marine Mammal Protection Act of 1972.

(3) Applications for a general permit shall be submitted in an original and four copies to the Director, National Marine Fisheries Service, 3300 Whitehaven Street NW., Washington, D.C. 20235. Applications should be received not less than 180 days prior to the date upon which the permit is to become effective. Assistance may be obtained by writing the Director, National Marine Fisheries Service, or by calling the Marine Mammals and Endangered Species Division, telephone number (202) 634–7529.

(4) General permits shall be valid for a period not to exceed one year. A general permit shall be valid for the time period indicated on the face of the permit. General permits shall be subject to modification, suspension or revocation and may contain terms and conditions prescribed in accordance with section 104(b)(2), 16 U.S.C. 1374(b)(2) of the Act.

(5) The Director shall determine the adequacy and completeness of such applications received by him and if found to be adequate and complete, will forthwith publish a notice of such application in the FEDERAL REGISTER, giving interested parties thirty days in which to submit written data or views with respect to the granting of such permit.

(6) If within thirty days after the date of publication of notice with respect to an application for a general permit any interested party or parties request a hearing in connection therewith, the Director may, within sixty days following such date of publication, afford such party or parties an opportunity for such a hearing. Any hearing held in connection with a general permit shall be conducted in the same manner as hearings held in connection with scientific or display permit applications under § 216.33.

(7) There is no fee associated with the application for a general permit.

(c) Certificates of Inclusion: (1) The person in charge of and actually conducting fishing operations on any vessel engaged in commercial fishing operations for which a general permit is required under this subpart shall be the holder of a valid certificate of inclusion under that general permit. Such certificates are not subject to public hearings prior to issuance. Such certificates shall not be transferable but will be valid on any vessel or boat on which the individual named in the certificate is the person in charge of and actually conducting the fishing operations.

(2) The certificate must be in the possession of the person to whom it was issued in the course of his fishing operations and shall be shown upon request to an enforcement agent or other designated agent of the National Marine Fisheries Service; provided, however, that persons at sea on a fishing trip on the expiration date of their certificate of inclusion, to whom a certificate of inclusion for the next year has been issued, may take marine mammals under the terms of the new certificate of inclusion but such persons are obligated to physically obtain the new certificate when they next return to port.

(3) After issuance of a general permit, applications for inclusion under such general permit will be accepted at any time. All persons under a general permit will receive a certificate evidencing such inclusion and setting forth the period of time during which they may conduct fishing operations under the general permit, provided, however, that each certificate shall expire no later than the general permit under which it is issued.

(4) Applications for certificates of inclusion should be addressed as follows: (i) Residents of the States of Washington, Oregon, Idaho, Montana, Wyoming, Colorado, North Dakota, South Dakota, and Utah, should make application to the Regional Director, National Marine Fisheries Service, Seattle, Washington 98102.

(ii) Residents of the States of California, Nevada, Arizona, Hawaii, and the territories of American Samoa, Guam, and the Trust Territory of the Pacific Islands should make application to the Regional Director, National Marine Fisheries Service, Terminal Island, California 90731.

(iii) Residents of the State of Alaska should make application to the Regional Director, National Marine Fisheries Service, Juneau, Alaska 99801.

(iv) Residents of the States of Maine, Vermont, New Hampshire, New York, Massachusetts, Connecticut, Rhode Island, New Jersey, District of Columbia, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Ohio, Michigan, Wisconsin, Illinois, Indiana, and Minnesota should make application to the Regional Director, National Marine Fisheries Service, Gloucester, Massachusetts 01930.

(v) Residents of the States of North Carolina, South Carolina, Florida, Mississippi, Louisiana, Texas, Georgia, Oklahoma, Alabama, Nebraska, Iowa, Tennessee, Missouri, New Mexico, Kentucky, Kansas, Puerto Rico, Virgin Islands, and Arkansas, should make application to the Regional Director, National Marine Fisheries Service, St. Petersburg, Florida 33702.

(5) Applications for certificates of inclusion shall contain:

(i) The name of the person(s) which is to appear on the certificate(s) of inclusion (provided that not more than one name shall appear on any certificate);

(ii) The category of the general permit under which the applicant(s) wishes to be included;

(iii) The species of fish sought and general area of operations;

(iv) The identity of state or local commercial fishing licenses, if any, under which fishing operations are conducted and dates of expiration; and

(v) The name and signature of the applicant, or the organization acting on behalf of the applicant(s).

(6) Fees: (i) Applications for certificates of inclusion shall contain a payment in accordance with the following schedule for each person named in paragraph (c)(5)(i) of this section. The schedule of fee payment is:

(A) Categories 1, 3, 4, and 5, Towed or Dragged Gear; Encircling Gear, Seining other than Yellowfin; Stationary Gear; and Other Gear: $10.00.

(B) Category 2, Encircling Gear, Yellowfin Tuna Purse Seining: $200.00.

Except as provided herein, applicants desiring a certificate of inclusion under more than one category of general permit will not be required to pay a full fee for each certificate. After the initial fee for a certificate is paid, additional certificates will be issued for a fee of fifty cents each. However, in any case the full fee must be paid for certificates of inclusion in category 2.

(ii) Notwithstanding the provisions of subparagraph (c)(5)(i) of this section, an applicant whose income is below Federal poverty guidelines may, on a showing in his application that his income is below such guidelines, be issued a certificate:

(A) Under categories 1, 3, 4, and 5—upon payment of a fee of $1.00;

(B) Under category 2—upon payment of a fee of $20.00.

(iii) The Director may change the amount of these required fees at any time he determines a different payment to be reasonable, and said change may be accomplished by publication in the FEDERAL REGISTER of the new payments required.

(7) The Regional Director receiving applications or certificates of inclusion shall determine the adequacy and completeness of such applications and, upon his determination that such applications

are adequate and complete, he shall immediately approve such applications and thereafter notify the applicants of his approval and issue a certificate to approved applicants.

(d) • • •

(2) *Encircling gear; yellowfin tuna purse seining.* (i) (A) A certificate holder may take marine mammals, so long as such taking is an incidental occurrence in the course of normal commercial fishing operations, except that no certificate holder shall encircle pure schools of striped dolphin, *Stenella coeruleoalba*. The numbers of all other stocks or species of marine mammals that may be killed in the course of commercial fishing operations may be determined by the Director, who may, pursuant to such determination, prohibit the encircling of any or all of such stocks or species by purse-seine. Such a prohibition shall be announced at a public meeting held for that purpose, and notice thereof published in the FEDERAL REGISTER not less than 30 days prior to the date upon which the prohibition is to become effective.

(B) Marine Mammals taken incidental to commercial fishing operations shall be immediately returned to the environment where captured without further injury. Each certificate holder shall take every possible step to minimize the incidental mortality and serious injury of marine mammals in the course of commercial fishing operations, including refraining from using a sharp or pointed instrument on porpoise and refraining from causing or permitting a purse seine under his control to be set around marine mammals when conditions of wind, sea, visibility, or the number of marine mammals and/or fish concerned would, in his judgment, be likely to prevent the effective use of the backdown and other procedures required herein. Such steps to minimize mortality and serious injury shall include, where appropriate, causing a purse seine already set on marine mammals to be released and/or opened to facilitate release of marine mammals where such a step will, in his judgment, be effective and conditions prevent the effective use of the procedures required hereunder. The Director may publish findings relating to conditions of wind, sea, visibility or numbers of marine mammals and fish concerned which prevent the effective use of equipment and procedures required hereunder and result in an unacceptably high rate of incidental mortality and serious injury of marine mammals and under which conditions it would not be permissible to cause a set to be made on marine mammals.

(ii) A certificate holder may take such steps as are necessary to protect his catch, gear, or person from depredation, damage, or threat of personal injury without inflicting death or injury to any marine mammal.

(iii) All certificate holders shall maintain daily logs, in such forms as the Director may prescribe, of all sets in which marine mammals are taken. Such logs must include the location, time, and date of set; weather, and water conditions; estimated number and species of marine mammals upon which set was made; estimated number and species of marine mammals caught; method used to remove marine mammals from net; amount and kind of tuna caught; and an actual count of marine mammals killed and seriously injured, if any, on each set. Such logs shall be subject to inspection at the discretion of the Regional Director, National Marine Fisheries Service, to whom a certificate application was made, or his designated agents. In addition, copies of all such logs shall be mailed or delivered to the Regional Director, NMFS, to whom a certificate application was made, at the earliest possible opportunity, but no later than 5 days after the most recent recording in the log, except that if a vessel at sea returns to port later than five days after such occurrence, then it shall be reported within forty-eight hours after arrival in port.

(iv) A certificate will be valid only on a vessel equipped with a porpoise safety panel in its purse seine, and using other gear and procedures as herein described. Porpoise safety panels and all other gear used in the course of catching and landing yellowfin tuna, backdown and other release procedures shall be maintained in a proper and seaworthy condition. The specifications and other particulars regarding the porpoise safety panel and other gear are as follows:

(A) The porpoise safety panel shall be installed so as to protect the entire perimeter of the backdown aera from the cutboard end of the number three cork bunching line to the tiedown point. This panel must be a minimum of 100 fathoms in length, except that the minimum length of the panel in nets deeper than 10 strips shall be determined at a ratio of 10 fathoms in length for each strip that the net is deep (see figure 1). The porpoise safety panel shall consist of small mesh webbing not to exceed 2" stretch mesh, extending from the corkline downward to a minimum depth equivalent to one strip of 100 meshes of 4¼" stretch mesh webbing;

(B) Each end of the porpoise safety panel must be identified with an easily distinguishable marker;

(C) Throughout the length of the corkline in which the porpoise safety panel is located, hand hold openings are to be secured so that the insertion of a 1⅜" diameter cylindrical-shaped object meets resistance (see figure 2);

(D) Throughout the length of the corkline in which the porpoise safety panel is located, corkline hangings shall be inspected by the certificate holder following each trip. Hangings found to have loosened to the extent that a cylindrical object with a 1⅜" diameter will not meet resistance when inserted between the cork and corkline hangings, must be tightened so that a cylindrical object with a 1⅜" diameter cannot be inserted. See Figure 2; and

(E) Towing: (1) Purse seine vessels engaged in fishing operations involving setting on marine mammals shall carry a minimum of two speedboats in operating condition. All speedboats carried aboard purse seine vessels and in operating condition shall be rigged with towing bridles and towlines similar to those indicated in Figure 3. Vessels that do not carry at least two speedboats in operating condition and properly rigged may not conduct fishing operations which involve setting on marine mammals. (ii) Purse seine nets shall contain bunchlines arranged to allow for at least five bow bunches to be created when necessary; except that purse seine nets on vessels of 400 tons carrying capacity or less shall contain bunchlines arranged to allow for at least three bow bunches to be created when necessary. The remaining bunchlines shall be arranged around the perimeter of the net with both ends of some bunchlines unattached to permit towing from either end, or as is indicated in Figure 4; i.e., one rigged in normal fashion and the other reversed. The arrangement of bunchlines around the perimeter of the net must allow at least three towing points to be established at locations similar to those indicated in Figure 4. The ends of all bunchlines which can be utilized as towing points shall be marked so as to be clearly visible to speedboat drivers. (iii) Except as provided herein, on every set involving marine mammals, a minimum of two manned speedboats shall be in the water until backdown commences. Speedboats shall be prepared to hook onto bunchline towing points established along the perimeter of the net in order to tow the net to prevent net collapse and a formation of pockets of loose webbing, such as stern bends, which might entrap marine mammals. Other speedboats that are in operating condition shall be prepared for immediate use to tow if needed. Vessels of 400 tons carrying capacity or less which have an observer duly authorized by the Secretary aboard shall be allowed to have a minimum of one manned speedboat in the water from the time the set is commenced until backdown has commenced. (iv) Actual towing on the net shall be performed when, in the opinion of the certificate holder, towing is necessary to prevent net collapse or the formation of pockets of loose webbing. Figures 5 and 6 show examples of possible net configurations while towing with two or three speedboats. If towing the net has been necessary, the speedboats may unhook their towlines when towing is no longer needed, or their respective bunchlines begin to go up toward the power block or backdown commences.

(v) Backdown shall be performed following a net set where marine mammals are captured in the course of utilizing a purse seine for catching and landing yellowfin tuna. Thereafter, other release procedures shall be continued until all live animals have been released from the net. "Backdown" procedure means a series of maneuvers, which takes place after the net is tied down following a set

V 40 235 DEC 5 75 XUM

and pursing, which keeps the net open to the greatest degree and allows porpoise or other marine mammals to leave the pursed net over the net floats which are submerged as a result of the vessel moving astern. Commencing with backdown and continuing through the sacking up operation, a minimum of two men shall be engaged in hand removal of porpoise from the net. All live porpoise must be removed from the net prior to initiating brailing operations.

(vi) Purse seine nets and other gear and equipment utilized to catch and land fish under this section and to conduct backdown and other procedures herein required, shall be maintained in functional and seaworthy condition. All certificate holders shall maintain proficiency sufficient to perform the procedures required herein. Vessel gear and equipment as well as the proficiency of certificate holders will be subject to inspection and examination by authorized NMFS personnel at any time at the discretion of the Director. Any vessel found to not be equipped with gear which is in conformity with these regulations and maintained in a functional and seaworthy condition shall be ineligible for use by a certificate holder for commercial fishing operations under this section and the certificate of any certificate holder who is found to lack proficiency in the procedures required herein shall be immediately suspended or revoked.

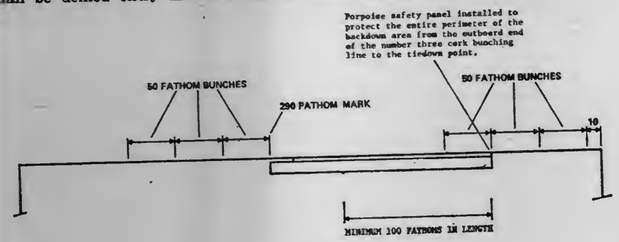
(vii) A certificate holder's proficiency shall be determined by proof of attendance at, and satisfactory completion of, a formal training session conducted under the auspices of the National Marine Fisheries Service. At the training session, a certificate holder shall be instructed concerning the provisions of the Marine Mammal Protection Act of 1972, the regulations promulgated pursuant to the Act, the requirements of his certificate of inclusion and the appropriate general permit, and the fishing gear and techniques which are required or will contribute to reducing serious injury and mortality of porpoises incidental to purse seining for yellowfin tuna. In addition, for continuation or renewal of a certificate, a certificate holder may be required to attend other formal training sessions when there are substantial changes in the Act, the regulations or the required fishing gear and techniques.

(viii) The Director may publish a finding of the rate of incidental mortality and serious injury of marine mammals in the course of commercial fishing operations conducted pursuant to these regulations.

(ix) Failure to comply with the provisions of this permit or these regulations, including, but not limited to, failure to submit, upon demand, to an inspection or examination by an authorized agent of the National Marine Fisheries Service, falsification of logs and reports required hereunder, or failure to satisfy the requirements of any provisions of these regulations will subject certificate holders, vessel masters, or owners to immediate revocation of the certificate and/or right to be included under a general permit and further subject certificate holders, vessels, masters, or owners to the penalties provided for under the Act.

(e) • • •

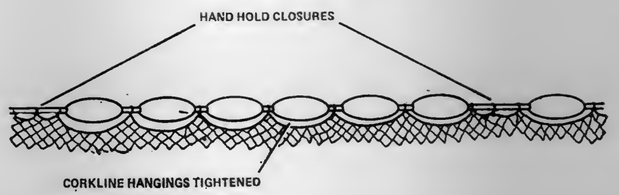
(2) The following fish and categories of fish, which the Director has determined are involved with commercial fishing operations which cause the death or injury of marine mammals, are subject to the prohibitions and documentation requirements of this paragraph:



(i) Yellowfin tuna; salmon; halibut; and pilchards from South Africa. The following U.S. Tariff Schedule Item Numbers identify these categories of yellowfin tuna, salmon, halibut, and pilchard products which are imported into the United States and are to be covered by the documentation and certification requirements of § 216.24(e):

110.10–20	Tuna, yellowfin, whole fish.
110.10–25	Tuna, yellowfin, eviscerated, head on.
110.10–30	Tuna, yellowfin, eviscerated, head off.
110.10–37	Tuna, yellowfin, eviscerated.
110.20–25	Halibut, fresh or chilled.
110.20–30	Halibut, frozen.
110.20–45	Salmon, fresh or chilled.
110.10–50	Salmon, frozen.
110.70–40	Halibut, other—except portion controlled steaks.
111.48–00	Salmon, salted.
111.88–00	Salmon, smoked or kippered.
112.18–00	Salmon, preserved, not in oil.
112.20–00	Canned sardines/pilchards (from S. Africa).
112.22–00	Canned sardines/pilchards (from Africa).

(3) All fish and categories of fish listed in paragraph (e)(2)(i) of this section shall be denied entry into the United States unless accompanied by shipping documentation showing:



• • • • •

(f) The master of any commercial fishing vessel engaged in fishing operations for which a category 2 general permit is required shall, upon proper notification by the Regional Director as described in this section, allow an observer duly authorized by the Secretary to accompany the vessel on any or all regular fishing trips for the purpose of conducting research and observing operations. Research and observation duties shall be carried out in such a manner as to minimize interference with commercial fishing operations. No owner, master, operator or crew member of such vessel shall impair or in any way interfere with the research or observations being carried out. The Secretary shall provide for the payment of all reasonable costs directly related to the quartering and maintaining of such observers on board such vessels. The master or owner of each such vessel shall notify the Regional Director, Southwest Region, National Marine Fisheries Service (telephone (213 548–2575) or a subsequently announced phone number) at least 120 hours in advance of each fishing voyage, giving the name of the departing vessel, the date and time of departure, the port of departure, and the name of the certificate holder aboard such vessel. The Regional Director shall notify the master or owner who has so notified him, if he intends to place an observer on the vessel. Failure of the Regional Director to so notify the master or owner within 72 hours after receipt of notice of the announced departure relieves the master or owner of any obligation to carry an observer on that voyage. No vessel whose master or owner has failed to comply with the provisions of this section may engage in fishing operations for which a category 2 permit is required. Any person violating any of the provisions of this section shall be subject to the penalties provided in the Act.

Title 21—Food and Drugs

[Docket No. 75F-0358]

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

PART 121—FOOD ADDITIVES

Aspartame; Stay of Effectiveness of Food Additive Regulation

The Commissioner of Food and Drugs is staying the effectiveness of the regulation permitting certain uses in food of the sweetening substance aspartame. The stay takes effect December 5, 1975.

In the FEDERAL REGISTER of March 5, 1973 (38 FR 5921), notice was given that a petition (FAP 3A2885) had been filed by G. D. Searle & Co., Box 5110, Chicago, IL 60680, proposing the issuance of a food additive regulation to provide for the safe use of aspartame in foods as a nutritive substance with intense sweetness and with flavor-enhancing properties. In the FEDERAL REGISTER of July 26, 1974 (39 FR 27137), the Commissioner promulgated a food additive regulation for aspartame, § 121.1258 (21 CFR 121.1258). A correction in the preamble to the regulation was published in the FEDERAL REGISTER of September 26, 1974 (39 FR 34520). Three objections and two requests for hearing were received.

The two parties who requested a hearing, John W. Olney, M.D., and, jointly, James S. Turner and LABEL, Inc., have subsequently waived their right to a formal evidentiary public hearing conditioned upon the establishment of a Public Board of Inquiry to consider the matter. The issues to be considered by the Public Board of Inquiry, together with the Commissioner's conclusions on the objection for which no hearing was requested, will be stated in a notice to be published in the FEDERAL REGISTER.

Although the Food and Drug Administration had announced its intention to convene the Public Board of Inquiry promptly, subsequent developments have made it inappropriate to consider at this time the issues raised by the objections. Preliminary results of an audit of the records of certain animal studies conducted by or for the petitioner, including studies on aspartame, indicate the need for a comprehensive review of certain of the research data held by or for the petitioner. The Public Board of Inquiry is therefore being postponed until questions raised by this audit have been resolved.

Under section 409(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 348(e)) the effectiveness of a food additive regulation upon which a hearing has been requested may be stayed in the discretion of the Commissioner. Because of the questions raised by the audit, the Commissioner concludes that the effectiveness of § 121.1258 should be stayed pending their resolution.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 409, 72 Stat. 1785–1788 as amended (21 U.S.C. 348)) and under authority delegated to the Commissioner (21 CFR 2.120): *It is ordered*, That the effectiveness of § 121.1258 *Aspartame* be stayed, effective December 5, 1975.

Dated: December 2, 1975.

A. M. SCHMIDT,
Commissioner of Food and Drugs.

Title 24—Housing and Urban Development

CHAPTER IX—OFFICE OF INTERSTATE LAND SALES REGISTRATION

[Docket No. R-75-362]

PART 1710—LAND REGISTRATION

State Filings

On November 11, 1974, the Department of Housing and Urban Development, Office of Interstate Land Sales Registration (OILSR) published an amendment to 24 CFR 1710.26. The amendment terminated provisions of OILSR Regulations under which initial filings of disclosure material with certain State authorities would be accepted as meeting Federal filing requirements. As to some States, the amendment became effective on January 1, 1975, but a preliminary injunction suspended the effective date of the amendment insofar as it would have precluded acceptance of initial filings made in the States of Florida and California for subdivisions located in those States.

Prior to the injunction, the State of California began to develop a federally acceptable disclosure document. An agreement has now been negotiated between OILSR and California as to changes in disclosure necessary to meet the Federal standards. These changes will be reflected in modifications to California's disclosure procedures. California has withdrawn from the litigation affecting the amendment to 24 CFR 1710.26, and the injunction suspending the effective date of that amendment has been modified by the court to eliminate the reference to California.

In accordance with the agreement between California and OILSR, a number of changes are being made in § 1710.25 and other provisions of OILSR Regulations in order to provide that initial filings made with California and accepted by authorities there may now be accepted by OILSR as meeting many of the Federal filing requirements and to specify certain limitations and conditions upon these acceptances. Specifically,

1. Section 1710.25 is being amended to clarify that, notwithstanding the general provision which will allow acceptance of California filings, OILSR retains authority to require additional information, documents, or certifications in connection with particular filings as necessary or appropriate in the public interest or for the protection of consumers and that OILSR may also refuse to accept a particular filing when this is determined to be in the public interest.

V40I235 DEC 5 75 XUM

2. Section 1710.26(a) is being amended to provide that initial filings with California authorities covering California subdivisions, filed with OILSR subsequent to the effective date of these Regulations, may be accepted as meeting certain Federal filing requirements.

3. Section 1710.115 is being amended to require that the HUD disclaimer given to purchaser with the State Property Report advise that the purchasers may have rights under State law in addition to their right to revoke in certain cases under Federal law. The new language is required only for initial California filings submitted pursuant to these amended Rules; its use for other State filings is optional at this time.

4. Section 1710.120, SECTION I, is being amended to require that the additional Federal material submitted in cases where a State filing is accepted include financial statements meeting the same criteria as required for a full Federal filing.

5. Section 1710.120 is being amended to add Section IV requiring that the supporting documents and exhibits be bound, tabbed and indexed to facilitate examination.

The amendments are being made to carry out in a timely fashion an agreement that lessens an economic burden on developers without damaging purchasers; they relieve developers currently filing in California from the burden of making an additional full Federal filing while providing disclosure protection which meets Federal standards. Accordingly, the Secretary has determined that notice and public procedure are unnecessary and impractical and that good cause exists for making the amendments effective on December 5, 1975.

In 24 CFR Part 1710 is amended as follows:

1. Section 1710.25 is amended by adding a new paragraph (d) at the end to read as follows:

§ 1710.25 State filings—in general.

. . . . . .

(d) The Secretary will examine the material filed with the State authorities and require such changes, additional information, documents or certifications as the Secretary determines to be reasonably necessary or appropriate in the public interest or for the protection of purchasers. The Secretary may refuse to accept any particular filing under this section when it is determined that acceptance is not in the public interest.

2. Section 1710.26(a) is amended to read as follows:

§ 1710.26 State Filings—acceptable filings.

(a) Pursuant to § 1710.25, the Secretary has determined that filings which have been made with State authorities in the following States, and which those authorities have permitted to become effective, may be accepted as meeting the requirements of this Part:

(1) California.

This determination does not apply in the case of any filing made with a State which pertains to a subdivision not located in that State.

. . . . . .

3. Section 1710.115 is amended by changing the sixth paragraph of the Notice and Disclaimer, i.e., the paragraph immediately before the caption "Name(s) of Developer" to read as set forth below:

§ 1710.115 State property report disclaimer.

. . . . . .

PROPERTY REPORT

Under Federal law, if you received the Property Report less than 48 hours prior to signing a contract or agreement, you have until midnight of the third business day following the consummation of the transaction to revoke your contract by notice of the seller. You may have additional rights under (insert the name of the State) law. If so, they will be reflected in this report.

4. Section 1710.115 is amended by changing the *SAMPLE FIRST PAGE OF THE PROPERTY REPORT ON A STATE FILING* to read as follows:

SAMPLE FIRST PAGE OF THE PROPERTY REPORT ON A STATE FILING

PROPERTY REPORT

NOTICE AND DISCLAIMER

BY OFFICE OF INTERSTATE LAND SALES REGISTRATION

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

The Office of Interstate Land Sales Registration, U.S. Department of Housing and Urban Development has accepted this (name of State) (name of property report, e.g., public offering statement) as the Property Report on this subdivision.

The Interstate Land Sales Full Disclosure Act specifically prohibits any representation to the effect that the Federal Government has in any way passed upon the merits of or given approval to this subdivision, or passed upon the value, if any, of the property.

It is unlawful for any one to make, or cause to be made to any prospective purchaser, any representation contrary to the foregoing or any representation which differ from the statements in this Property Report. If any such representation is made, you should notify the Office of Interstate Land Sales Registration at the following address:

Office of Interstate Land Sales Registration
HUD Building, 451 Seventh Street, S.W.
Washington, D.C. 20410

Inspect the property, and all documents before signing. Seek legal advice.

Unless you received this Property Report prior to or at the time you enter into a contract, you may void the contract by notice to the seller.

Under Federal law, if you received the Property Report less than 48 hours prior to signing a contract or agreement, you have until midnight of the third business day following the consummation of the transaction to revoke your contract by notice to the seller. You may have additional rights under (Insert the name of the State) law. If so, they will be reflected in this report.

Notwithstanding your signature by which you acknowledged that you received the Property Report you still have other important rights under the Interstate Land Sales Full Disclosure Act.

PURCHASER SHOULD READ THIS DOCUMENT BEFORE SIGNING ANYTHING

V40235 DEC 5 75 XUM

5. Section 1710.120 is amended by changing the material headed SECTION I State Filings and adding a section IV to read as follows:

§ 1710.120 Statement of Record—State Filing.

* * * * *

SECTION I. *State Filings.* The following information shall preface the State Statement of Record or similar instrument and shall be done in accordance with the format and general instructions set forth in § 1710.125:

The heading to the format, Part I. Administrative Information, Part II. Developers and Holders of Ownership Interest in Land, Part III. Identity of Interest in More Than One Filing, and Part XIV. Financial Statements.

SECTION IV. All supporting documentation and exhibits contained in a State filing must be bound together and tabbed and indexed to facilitate examination. The index should be placed at the beginning, or top, of the materials submitted.

(Section 7(d), Department of Housing and Urban Development Act, 79 Stat. 670 (42 U.S.C. 3535(d)); 1419, 82 Stat. 598 (15 U.S.C. 1718); Secretary's delegation of authority published at 37 FR 5671, Mar. 9, 1972).

It is hereby certified that the economic and inflationary impacts of this final rule have been carefully evaluated in accordance with OMB Circular A-107. The Secretary has determined that this rule has no significant impact upon the environment.

Effective date. These amendments are effective on December 5, 1975.

JOHN R. MCDOWELL,
Acting Interstate Land Sales Administrator.

[FR Doc.75-32797 Filed 12-4-75;8:45 am]

CHAPTER X—FEDERAL INSURANCE ADMINISTRATION

[Docket No. FI-805]

PART 1915—IDENTIFICATION OF SPECIAL HAZARD AREAS

List of Communities With Special Hazard Areas

The purpose of this notice is the identification of communities with areas of special flood or mudslide or erosion hazards in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001-4128). The identification of such areas is to provide guidance so that communities may adopt appropriate flood plain management measures to minimize damage caused by flood losses and to guide future construction, where practicable, away from locations which are threatened by flood hazards.

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community participating in the National Flood Insurance Program.

One year after the identification of the community as flood prone, the requirement applies to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by a Federally regulated, insured, supervised or approved bank prior to January 1, 1976, to finance the acquisition of a previously occupied residential dwelling.

The effective date of identification shall be 30 days after the date of publication in the FEDERAL REGISTER, or the date which appears in this notice, whichever is later.

This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or other flood control methods. The six months period shall be considered to begin 30 days after the date of publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under Section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin 30 days after publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later.

Where several dates appear in the column set forth below marked Effective Date of Identification, the first date is the date of initial identification, and all other dates represent modification by additions or deletions to identified areas with special hazards.

Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

State	County	Location	Map No.	State map repository	Local map repository	Effective date of identification of areas which have special flood hazards
Arizona	Gila	Globe, city of	H 040029A 01 through H 040029A 07	Arizona State Land Department, 1624 West Adams, room 400, Phoenix, Ariz. 85007. Arizona Department of Insurance, 1601 West Jefferson, Phoenix, Ariz. 85007.	City Manager, 150 North Pine, Globe, Ariz. 85501.	May 24, 1974. Nov. 21, 1975.

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of Interstate Land Sales Registration

[24 CFR Part 1710]

[Docket No. R–75–362]

LAND REGISTRATION

State Filings

The Department of Housing and Urban Development, Office of Interstate Land Sales Registration (OILSR), is today publishing in the FEDERAL REGISTER certain amendments to 24 CFR 1710[1] relating to the acceptability for Federal filing purposes under the Interstate Land Sales Full Disclosure Act of certain materials filed with State authorities pursuant to State law. Those amendments are effective on publication. They specify that initial filings hereafter made with the State of California may be accepted for Federal filing purposes.

They also specify the conditions upon which these State filings will be accepted including a condition not previously imposed, that any State filing be accompanied by financial statements meeting the financial information requirements applicable to a full Federal filing.

The amendments to Part 1710 described above apply only to all initial California filings made after the effective date of the amended Rules. However, OILSR is proposing to amend Part 1710 further so as to require that, in the case of any amendment to a State filing previously accepted by OILSR, or in the case of any change in a State Property Report, the initial State filing shall be brought into conformity with the requirements of Part 1710, including the requirement for financial statements, regardless of the nature of the amendment or change. This provision was not included in the amendments now being published in the FEDERAL REGISTER for effect, because it was felt that developers with currently accepted State filings should be allowed an opportunity to comment on such a change in view of its impact on existing filings. The text of the proposed amendment is set forth below. It is proposed that the amendment, if and when finally adopted, would become effective upon publication, but that it will not apply to any Florida filings if, and for so long as, the amendments to Part 1710 remain suspended as to Florida filings pursuant to court order.

Interested persons are invited to submit written comments, suggestions, objections, or data regarding the proposed amendment to the Rules Docket Clerk, Office of the General Counsel, Room 10245, Department of Housing and Urban Development, 451 Seventh Street, S.W., Washington, D.C. 20410. All submissions received on or before Jan. 6, 1976, will be considered. A copy of each written communication received will be available for public inspection during regular business hours at the above address.

The Secretary has found that the proposed rule will have no significant effect upon the environment, and it is hereby certified that the economic and inflationary impacts of this proposed rule have been carefully evaluated in accordance with OMB Circular A–107.

In consideration of the above, it is proposed to amend 24 CFR 1710.26(b) so that everything after the numerical listing of States reads as set forth below:

§ 1710.26 State Filings—acceptable filings.

* * * * * *

(b) * * * The requirements of Section 1710.25, 1710.115 and 1710.120 shall apply to all amendments and consolidations which are filed or required to be filed in connection with initial filings which have been effected with States and accepted by the Secretary.

(Section 7(d), Department of Housing and Urban Development Act, 79 Stat. 670 (42 U.S.C. 3535(d)); 1419, 82 Stat. 598 (15 U.S.C. 1718); Secretary's delegation of authority published at 37 FR 5071, Mar. 9, 1972)

Issued at Washington, D.C. December 1, 1975.

JOHN R. MCDOWELL,
Acting Interstate Land Sales Administrator.

[FR Doc.75-32798 Filed 12-4-75;8:45 am]

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 71]

[Airspace Docket No. 75–SO–152]

ALTERATION OF TRANSITION AREA

Notice of Proposed Rulemaking

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Glasgow, Ky., transition area.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Federal Aviation Administration, Southern Region, Air Traffic Division, P.O. Box 20636, Atlanta, Ga. 30320. All communications received on or before January 5, 1976, will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Airspace and Procedures Branch. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in light of comments received.

The official docket will be available for examination by interested persons at the Federal Aviation Administration, Southern Region, Room 645, 3400 Whipple Street, East Point, Ga.

The Glasgow transition area described in § 71.181 (40 F.R. 441) would be amended as follows:

". . . 2 miles each side . . ." would be deleted and ". . . 3 miles north and 4.5 miles south . . ." would be substituted therefor.

The proposed alteration is required to provide controlled airspace protection for IFR aircraft executing the proposed SDF RWY 7 Instrument Approach Procedure to Glasgow Municipal Airport.

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348(a)) and of Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)))

Issued in East Point, Ga., on November 21, 1975.

PHILLIP M. SWATEK,
Director, Southern Region.

[FR Doc.75-32758 Filed 12-4-75;8:45 am]

[14 CFR Part 71]

[Airspace Docket No. 75–NE–36]

ALTERATION OF CONTROL ZONE AND TRANSITION AREA

Notice of Proposed Rule Making

The Federal Aviation Administration is considering amending §§ 71.171 and 71.181 of the Federal Aviation Regulations so as to alter the Danbury, Connecticut, Control Zone and the Danbury, Connecticut, 700-foot Transition Area.

This action is under consideration as the result of the development of two new RNAV Approach Procedures to serve Runways 8 and 26 at the Danbury Municipal Airport. It will be necessary to alter the Danbury, Connecticut, Control Zone and 700-foot Transition Area to provide controlled airspace for aircraft executing these procedures.

Interested persons may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, New England Region, Attention: Chief, Air

V40235 DEC 5 75 XUM

Traffic Division, Department of Transportation, Federal Aviation Administration, 12 New England Executive Park, Burlington, Massachusetts 01803. All communications received on or before January 5, 1976, will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with Federal Aviation Administration officials by contacting the Chief, Operations, Procedures and Airspace Branch, New England Region.

Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested persons at the Office of the Regional Counsel, Federal Aviation Administration, 12 New England Executive Park, Burlington, Massachusetts.

The Federal Aviation Administration, having completed a review of the airspace requirements for the terminal area of Danbury, Connecticut, proposes the airspace action hereinafter set forth:

§ 71.171 [Amended]

1. Amend Section 71.171 of Part 71 of the Federal Aviation Regulations so as to amend the description of the Danbury, Connecticut, Control Zone by inserting after the words "5-mile radius area to the Carmel Vortac" the following:

Within 2.4 statute miles each side of a 262° magnetic bearing from a point 41°25'05" N, 73°18'45" W, extending from the 5 statute mile radius zone to 3 statute miles west of said point; within 2.5 statute miles each side of a 082° magnetic bearing from a point 40°19'22" N, 73°39'19" W, extending from the 5 statute mile radius zone to 3 statute miles east of said point.

1. Amend the control zone effective hours to: 0700 to 2300 local time.

§ 71.181 [Amended]

2. Amend Section 71.181 of Part 71 of the Federal Aviation Regulations so as to amend the description of the Danbury, Connecticut, 700-foot Transition Area by inserting after the words "11.5 miles southwest of the Carmel Vortac" the following:

Within 2.5 statute miles each side of a 262° magnetic bearing from a point 41°25'05" N, 73°18'45" W, extending from 1 statute mile west of said point to 9 statute miles west of said point; within 2.5 statute miles each side of a 082° magnetic bearing from a point 41°19'22" N, 73°39'19" W, extending from 1 statute mile east of said point to 9 statute miles east of said point.

(Section 307(a) of the Federal Aviation Act of 1958 [72 Stat. 749; 49 U.S.C. 1348] and Section 6(c) of the Department of Transportation Act [49 U.S.C. 1655(c)])

Issued in Burlington, Massachusetts, on November 13, 1975.

QUENTIN S. TAYLOR,
Director, New England Region.

[FR Doc.75-32759 Filed 12-4-75;8:45 am]

National Highway Traffic Safety Administration

[49 CFR Part 571]

[Docket No. 75-16; Notice 04]

FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Air Brake Systems

This notice proposes an amendment of Standard No. 121, *Air Brake Systems*, 49 CFR 571.121, that would standardize the format of the service, emergency, and parking brake requirements of the standard, establish new standardized brake controls, establish application and release requirements for the emergency and parking brakes, and separate the parking brake system from other systems on a truck or bus. In addition, the proposal would make simpler the use of a protected air supply on trailers as the parking brake system energy source. Also the proposal would explicitly specify the same parking brake "reapplication capabilities" for vehicles with modulated emergency braking capabilities as has been specified for vehicles with automatic parking brake systems. Finally the proposal would modify the testing procedures for a towing vehicle protection system, and would make several minor revisions of the requirements.

This notice is not the NHTSA response to its October 29–31, 1975, public meeting on field experience with the Standard.

The proposed changes are responsive to requests for clarification or modification of certain aspects of the standard from the following sources: petitions by the California Department of Highway Patrol (CHP) and the American Trucking Associations (ATA), petitions for reconsideration of NHTSA rulemaking by Utility Trailer Manufacturing Company (Utility) (Docket 75–5; Notice 2) (40 FR 28097, July 3, 1975) and Wagner Electric Corporation (Docket 74–10; Notice 17) (40 FR 31771, July 29, 1975), comments by Oshkosh Truck Corporation, Bendix Corporation, Ford Motor Company, and Midland-Ross Corporation, and requests for clarification of the definition of service brake system by International Harvester (D. E. Schmidt letter of December 12, 1974) and White Motor Corporation (J. W. Lawrence letter of January 8, 1975). The response to these requests has been consolidated because of their interrelationship and the need for a comprehensive treatment of the issues raised by them. A separate response will be made to manufacturer petitions for modification of brake performance levels in the standard (e.g. parking brake, front axle retardation force), such as those of Freightliner Corporation and PACCAR Corporation noted in Notice 2 of Docket 75–16 (40 FR 38160, August 27, 1975). Petitions from the noted sources that are not granted by this proposal, other than those that deal with brake performance levels, are denied.

This notice addresses the proposed changes in the order in which they would appear in any revision of the standard, grouped under paragraph headings that correspond to newly-designated sections of the standard. Thus, the paragraph heading (S5.6.1) refers to the parking brake requirements of the standard as newly-grouped for trucks and buses, not to the existing "S5.6.1" that specifies the static retardation test for all vehicles. To simplify he task of relating the newly-proposed provisions to related provisions in the existing standard, the new provisions are designated "future" in this preamble while the existing provisions of the standard are designated "present". Those requirements due to become effective September 1, 1976, are designated "upcoming".

(S3. *Applicability.*) The California Department of Highway Patrol (CHP) proposed a broader application of the standard than presently exists, but made no argument for inclusion of those vehicles with no passenger- or cargo-carrying capacity (and a 45-mph maximum speed in the case of trucks and buses) that are presently excluded from the standard. The NHTSA therefore does not propose this revision of S3 at this time but intends to review the present exclusions at a later date.

(S4. *Definitions.*) Four new definitions would be added to the standard as the basis for clarifying the interrelationship of the braking systems required on vehicles subject to Standard No. 121. These proposals are responsive to the petition of the CHP to improve the organization of the standard for enforcement purposes.

"Service brake system" would be defined as "the components of a motor vehicle that provide the primary means to a driver of stopping the vehicle." This establishes that all the components used in the normal, functioning brake system are considered part of the service brake system and subject to the "single failure" requirement. The term "service brake system" is used to distinguish the definition from the more general definition of "service brake" in § 571.3 of NHTSA regulations.

"Emergency braking capability" would be defined as "the ability of a motor vehicle to stop when a failure exists in any component of the service brake system that is designed to contain fluid pressure, other than a service brake system valve structural housing." This clarifies that the capability is not a set of components but rather a back-up ability for cases where a single failure occurs in the service brake system.

"Parking brake system" would be defined as "the components of a motor vehicle that provide a means, independent of service brake system operation and its energy source, to apply and release on-axle brake components (or the braking force on the driveline in the case of a driveline parking brake system) and to maintain an application of force." This definition would make clear that brake components not in the service brake system must be considered to be in the parking brake system. The term "parking brake system" is used to distinguish this definition from the "parking brake" definition of § 571.3. "On-axle brake components" is defined to permit the clarification that, in the inevitable overlap of the parking brake system with the service brake system at the foundation brake, the components at each wheel are considered a part of the service brake system.

The CHP requested the addition of many other definitions in support of added equipment specifications. These definitions are not addressed separately here, but are treated below with the equipment requests.

(S5.1 *Required equipment—trucks and buses.*) The CHP requested extensive new equipment specifications. A provision of the Act defines the standards as "minimum standard[s] for motor vehicle performance" (15 U.S.C. § 1391(2)) and the safety standards refer to equipment only to the extent that the necessary performance cannot be described in a broader fashion. The NHTSA considers that many of the CHP requests for equipment specifications can be better satisfied in terms of performance requirements later in the standard, and they are addressed along with the appropriate performance requirement instead of in this section.

In requesting the equipment specifications, the CHP indicated that the main reason for its emphasis on design requirements is the desire to enforce meaningful standards for air-braked vehicles in use. The new vehicle stopping performance requirements in S5.3 of the standard (including burnish proceedures and conducted in some cases from 60 mph) appear to the CHP to be unusable for measuring the condition of vehicles in use. Because the stopping distances apply to trucks and buses only, CHP could not use the S5.3 performance requirements in testing combination vehicles.

The NHTSA agrees that the vehicle stopping performance requirements of the standard may be an inappropriate means for a State inspection system to establish the condition of braking systems on a vehicle in use. Not only do the standard's tests require time-consuming procedures and extensive facilities, they are not designed specifically to measure the degradation of the vehicle's equipment or performance as a result of use. However, since this aspect of brake performance is not addressed by the standard, the CHP is not prevented by § 103 (d) of the Act (dealing with preemption of state safety regulations by Federal regulations) from enforcing requirements that measure the condition of the vehicle, as long as they do not dictate the design or performance of new vehicles.

The Bureau of Motor Carrier Safety (BMCS) requirement for brake performance of vehicles in use (49 CFR § 393.52) is a meaningful measure of brake system degradation and is the basis of an NHTSA standard for inspection of vehicles in use (49 CFR § 570.59(a)(2)).

The NHTSA concludes that it should propose only those equipment requirements requested by CHP that are of necessity dictated by new vehicle design.

The CHP request for limits on the operation of the air compressor (85-psi cut-in and 125-psi cut-out with exceptions for auxiliary air) appears justified to ensure that sufficient resupply of compressed air is made available rapidly to the service brake system, and that excessive pressure does not contribute to deterioration of air brake lines. The NHTSA is concerned that such a requirement could be unnecessarily design restrictive, but believes the request has sufficient merit to propose a change similar to the CHP request, in order to solicit comments.

The CHP requested temperature and strength requirements for the air compressor discharge line, and the requirement that it be "of sufficient length and flexibility to accommodate, without damage, all normal motion of the parts to which it is attached, and shall be secured against chafing, kinking, or other mechanical injury." NHTAS standards must be more objectively stated than this, however, and the agency is not prepared to specify an objective installation requirement at this time. The NHTSA has proposed as future S5.1.9 that the first 24 inches of the discharge hose be subject to all of the requirements of Standard No. 106–74 (49 CFR § 571.106–74) for air brake hose, with an increased high temperature requirement.

The extensive CHP request for regulation of all brake hose and lines on the vehicle is in most respects unnecessary. The suggested performance requirements for air hose are already specified in Standard No. 106–74 for these vehicles. Coiled nylon tubing is specifically regulated under Standard No. 106–74 in conformity with its tensile strength requirements or existing BCMS requirements. With regard to system degradation, while a manufacturer is free to install hose as it chooses to meet Standard No. 121, the CHP is not precluded from requiring that the installation not chafe, kink, etc., in use. Repair work that involves incompatible fittings, garden hose, and wired-on connections are also not sanctioned by Standard No. 121. However, the CHP-suggested specifications for "adequate shielding," "proper continued functioning," protection against the effect of "normal motion," and other subjective criteria are insufficiently objective for Federal motor vehicle safety standards. For these reasons, the CHP petition for addition of air brake hose requirements to the standard are denied.

The NHTSA has previously solicited comments (35 FR 13465, August 22, 1970) on the need for minimum safety requirements for quick-release air hose couplers (gladhands), and determined on the basis of comments that a significant safety hazard does not exist to justify requirements. The CHP is of course free to ensure that the connections do not leak and are properly maintained.

The CHP petition recommended several specifications for the truck and bus service reservoirs and their relationship to other components. The recommendations are substantial in terms of limits on capacities and protection against backflow. The NHTSA proposes these amendments in agreement with the CHP that each provides a significant measure of safety in the event a service brake system malfunctions. The proposed changes in S5.1.2.1 are that the capacity of any reservoir which supplies both halves of a split service brake system (if any) be not more than ⅓ of the capacity of the service reservoirs, that check valves be located immediately adjacent to the protected service reservoir, and that a safety valve be mounted in the air brake system so that any excessive pressure is released before it damages the system.

The CHP requested that the existing requirement for accuracy of the service reservoir pressure gauge (within 7 percent of the compressor cut-in pressure) be expanded to require 7 percent accuracy at any pressure above 20 psi. The agency has no evidence that the gauges provided under the present requirement fail to provide an adequate level of accuracy. Without further evidence of a problem, the NHTSA considers such a requirement unjustified and it is therefore not proposed. Comments are solicited on reasonable modifications to increase pressure gauge accuracy.

The CHP requested that the low-pressure warning specified under present S5.1.6 be required to signal when the vehicle engine is running as well as when the ignition is in the "on" or "run" position. The agency agrees with CHP on the safety merits of the modification and it is therefore proposed. Also the same requirement is proposed for operation of the antilock warning signal. Some manufacturers already provide this capability in their products, and it is therefore considered practicable and reasonable.

The CHP requested a clarification that a stop lamp subject to the present S5.1.7 must remain activated above the 6-psi activation point presently specified. The NHTSA agrees that a clarification may be helpful and accordingly it is proposed in the terms set out below.

In addition to the requests of the CHP petition, the NHTSA notes that the requirements for a low pressure warning (S5.1.5) and an antilock warning (S5.1.6) should be required to be different if visual warnings are utilized. Therefore, a red signal is proposed for any low-pressure warning light and a yellow signal for any antilock warning light. The latter proposal responds to a recommendation by Nartron Corporation, a manufacturer of such devices.

(S5.2 *Required equipment—trailers.*) The CHP requests for revision of trailer equipment requirements are directed to revision of the vehicle's service and parking brake systems, the emergency braking capability, and their interrelationship. These matters are not, therefore, taken up here, but discussed in detail under S5.6, S5.7, and S5.8.

(S5.3 *Service brakes—road tests*, and S5.4 *Service brake system—dynamometer tests.*) These provisions of the present standard specify the required performance of the service brake system. The NHTSA has determined that in the interest of avoiding confusion these provisions are best left unchanged and thus are simply listed as performance require-

V 40 235 DEC 5 75 XUM

ments in the reorganized portions of the standard.

(S5.5 *Antilock System.*) No modification of this section is proposed.

(*S5.6, S5.7, S5.8*) Major reorganization of these paragraphs is proposed in response to the petition from the CHP and the ATA, and the comments of Bendix Corporation, Midland-Ross Corporation, and Ford Motor Company in response to Docket 74–10; Notice 12. The reorganization is also responsive to a petition for reconsideration by Wagner Electric (Docket 74–10; Notice 17).

The requirements for service brake systems (future S5.8), emergency braking capability (future S5.7), and parking brake systems (future S5.6) are stated explicitly in response to a CHP request for improved clarity of the standard to aid enforcement. Although the reorganization itself does not add new requirements to the standard, several new requirements have been added within the reorganized portions. The proposed effective date for these reorganized portions is discussed at the end of this preamble.

The new sections conform as far as possible to former designations (i.e., S5.6 remains the parking brake section and S5.7 remains the emergency brake section) but the future S5.8 would set out service brake requirements for the first time. Because the service brake system is, as an engineering matter, the basis for the other brakes, this reamble discusses the three sections of the standard in reverse order, beginning with future S5.8.

(S5.8 *Service brake system.*) The future S5.8 would explicitly require a service brake system on each vehicle, and the scattered requirements for the service brake system would be collected under this heading. The present S5.8 (Emergency braking capability—trailers) would be relocated under future S5.7 along with the truck and bus emergency braking requirements.

(S5.8.1 *Truck and bus service brake requirements.*) The future S5.8.1 would specify all truck and bus service brake system requirements. Future S5.8.1.1 would specify a single service brake control (as requested by CHP and Oshkosh Truck Corporation) and its accessibility would be specified.

Future S5.8.1.2 would specify additional requirements for towing vehicles, and establish a static test of them. This subsection responds to the CHP request for more extensive requirements for the towing vehicle portection system. Not all CHP requests are proposed because some would be design restrictive. Also the agency's favorable response on the ATA petition for standardized towing vehicle parking brake controls necessitates some specification for the connections between towing and towed vehicle and the trailer air supply control. To avoid conflict, the present equipment requirement of S5.1.3 for a towing vehicle protection system would be deleted.

A future S5.8.1.3 would incorporate the existing BMCS restriction on use of automatic pressure limiting valves in brake lines to the front axle.

(S5.8.2 *Trailer service brake system.*) The future S5.8.2 would specify all service brake system requirements in a format parallel to the truck and bus requirements. The one new requirement would specify that the trailer service brake system operate on all axles of the vehicle. While this capability is already being met under BMCS regulations (49 CFR § 393.42), it needs to be stated in this standard, because new trailer emergency braking requirements would require braking on all axles.

(S5.7 *Emergency braking capability.*) The future S5.7 would specify an emergency braking capability of each vehicle. As a practical matter this requirement for trucks and buses, along with the clarification that the emergency braking capability may be a part of the service brake system or may incorporate all or part of the service brake system and parking brake system, already appears in upcoming truck and bus emergency brake requirements that are scheduled to replace the present truck and bus emergency brake requirements on September 1, 1976 (40 FR 31771, July 29, 1975). The future S5.7 requirements, along with the definition of emergency braking capability already discussed, and additional requirements for separation of the service brake system and emergency braking capability from the parking brake system, is intended to respond to International Harvester and White requests noted earlier. Taken as a whole, future S5.7 would replace both the present requirements of S5.7 for trucks and buses and the present requirements of S5.8 for trailers, as well as the upcoming S5.7 requirements scheduled for September 1, 1976. The organization of future S5.7 parallels the organization of future S5.8 for purposes of clarity.

(S5.7.1 *Truck and bus emergency braking capability.*) The future S5.7.1 would specify all truck and bus emergency braking requirements. Future S5.7.1.1 would specify the stopping distance performance requirement that already exists in present S5.7.2.3 (and upcoming S5.7.1). Confusion in the meaning of "common valve, manifold, brake fluid housing, or brake chamber housing" as exceptions to the "single failure" requirement would be resolved by the use of the more general term "service brake system valve structural housing". This term is intended to cover the same exceptions as previously allowed, and no change in the requirement is intended by this rewording.

The option for automatic application of the parking brakes would be deleted (present S5.7.1) because no manufacturer is believed to be utilizing this option and it will end on August 31, 1976.

Future S5.7.1.2 would specify emergency brake operation. Driver operation by means of the service control is simply a restatement of the upcoming S5.7.2, which eliminates the present option of service brake or parking brake control (present S5.7.2.1). Future S5.7.1.3 would specify additional operation requirements for towing vehicles, which are simply restated from the present S5.7.2.1 and upcoming S5.7.3(c). A shorter period for testing the valve is proposed in response to Wagner's comments on Docket 74–10, Notice 17.

Future S5.7.1.4 would establish a new performance requirement for truck and bus emergency braking capability. The CHP has argued convincingly that an important safety consideration is swift removal of a vehicle with a disabled service brake system from an unsafe location on the highway, such as a tunnel. Prior to Standard No. 121, a single failure in the service brake system required use of the parking brakes of a truck or bus to stop the vehicle and an isolated source of air pressure had to be installed to provide a means to release the parking brakes and move the vehicle. With the advent of Standard No. 121, the same single failure need not require parking brake application and the problem can be avoided, because the vehicle retains an emergency braking capability that can be used. The CHP correctly points out that this ability to continue moving after a failure is dependent on two factors: (1) the emergency capability must include at least two applications and one release to permit safe stopping, movement, and parking of the disabled vehicle, and (2) the parking brake must be protected from failure of a single line in the vehicle service brake system that would cause parking brake application.

To accomplish these safeguards, the NHTSA would establish a minimum requirement of two applications and one release of the emergency brakes under future S5.7.1.4. This section would also prohibit certain line failures from causing the application of the parking brakes.

Future S5.7.1.4 would call for a first application following any single failure in accordance with step 4(e) of the present Table I stopping sequence, followed by ability to move the vehicle forward under its own power, followed by a second emergency brake application with a force equal to a parking brake application. These requirements reflect the objections of Bendix, Ford, Midland-Ross, and International Harvester to a similar provision that was established in January 1975 (40 FR 2989) but later withdrawn (40 FR 31771, July 29, 1975). It appears that the capability set out in future S5.7.1.4 exists in vehicles as they are manufactured at present.

(S5.7.2 *Trailer emergency braking capability.*) The future S5.7.2 would specify all trailer emergency braking requirements, including those for trailer converter dollies. The future S5.7.2 would expand the present emergency braking requirement (S5.8) in response to the CHP petition to provide for emergency braking on all axles of a trailer, including the front steerable axle of a full trailer. Thus, future S5.7.2 would require, as emergency brake performance, brake application on all axles, of either the service brake elements or, at the option of the manufacturer, the parking brake system elements. The CHP would have required service brake application in place of parking brake application, but the agency concludes that the manufacturers are presently meeting BMCS regulations for breakaway application of the on axle brake components by various means. Changes occasioned by this proposal can therefore be minimized by permitting use of either capability.

Trailer emergency brake operation under future S5.7.2.1 would require automatic application that remains applied when the air pressure in the supply line is at atmospheric. Future S5.8.1.2 specifies that a towing vehicle have a means that vents the supply line to the trailer to atmosphere when the pressure in the towing truck drops to a pressure between 20 and 45 psi.

As in the case of service brake systems, information available to the NHTSA indicates that vehicles are already manufactured to meet the emergency brake requirements proposed under future S5.7.

(S5.6 *Parking brake system.*) The future S5.6 would restate the present S5.6 requirements for a parking brake system for all vehicles other than trailer converter dollies, and would restate the two parking brake performance options found in the present S5.6.1 and S5.6.2. Some parking brake requirements presently included in the emergency braking requirements (e.g., present S5.7.2, S5.7.2.2) would be relocated in the future S5.6.

(S5.6.1 *Truck and bus parking brake system.*) The future S5.6.1 would specify truck and bus parking brake system requirements.

Future S5.6.1.1 through S5.6.1.6 would specify operational characteristics of the parking brake system, including the features that distinguish its capabilities from other braking systems. For example, its energy source separate from the service brake, and its capability to maintain brake application without driver action, would be listed in these sections, essentially restating the requirements of present S5.6.3 and S5.6.4, with an easing of the requirement to permit the use of protected air to apply the brakes without a dual diaphragm system. Although bus manufacturers have utilized protected air and the more expensive dual diaphragm systems in order to save space, trailer manufacturers have generally adopted springs as an energy source that is independent of service brake air pressure.

The CHP argues that a spring-braked emergency capability provides inadequate retardation force for breakaway. The Utility petition for reconsideration, which addresses trailers only, notes that the automatically-applied spring brake is difficult to release by mechanical means (i.e., "caging") when necessary, and that unskilled personnel may therefore not "uncage" the parking brakes for highway use where they are needed for emergency braking. This condition may arise during harvest operations where specialized air-braked trailers are regularly disconnected from the towing vehicle air supply for substantial periods of time, and then subsequently towed over the highway.

The NHTSA has considered these views and concludes that the present parking brake energy source requirements should be broadened to permit the use of protected air pressure that is isolated from the service brake system in a single diaphram system. There are circumstances, such as regular field use described by Utility, where the use of air pressure may provide for safer highway operations.

The existing requirement to hold a parking brake application "solely by mechanical means" (present S5.6.3) has been revised for clarity, and in conformity with BMCS requirements (49 CFR § 393.41). The future S5.6.1.2 would specify holding by "a means other than electric energy, or fluid pressure, including air pressure." This language would make clear that the chambers commonly used on buses which provide air pressure as well as a mechanical means of holding the brake would not be prohibited.

Future S5.6.1.3 would specify that automatic application of the parking brakes would not be permitted when a towed vehicle line or connection to that line is broken, because control of the truck's brakes should remain with the driver under such conditions. In addition such a single failure could immobilize a towing vehicle in a dangerous location without a means for brake release. Specifically, it is contemplated that the lines from the towing vehicle service brake system that supply air to the tractor protection valve (both supply and control) in some systems may have to be redesigned to successfully protect the towing vehicle system from failure in the towed vehicle or lines to it. The proposed changes, except for lines in the parking brake system and between the controls proposed in S5.6.1.6 and S5.8.1.2 would isolate the parking brake system from the service brake system and may involve changes in the towing vehicle air system. It is therefore proposed to become mandatory by January 1, 1978.

Future S5.6.1.4 would specify a capability for parking brake manual application at any service reservoir system pressure level (present S5.7.2).

Future S5.6.1.5 would limit the release capability of the parking brake system to situations where it retains the capability for reapplication. This states the present BMCS requirement (49 CFR § 393.41) and responds to the petition of the CHP. The NHTSA agrees that it is important that the parking brake not be releasable unless the vehicle retains the ability to be reparked.

Future S5.6.1.6 would provide for the same manual control of parking brakes (and the parking brakes of any towed vehicle) that is now specified in the present S5.6.4. Also, the section would establish standardized parking brake controls conforming to recommendations of the ATA.

The NHTSA agrees with the ATA that the driver is most likely to use controls properly if they operate in the same fashion as the controls of vehicles manufactured prior to the effective date of the standard. Thus, the "3-knob" arrangement of the Society of Automotive Engineers would be established as set out in full below (the octagonal knob is specified along with the towing vehicle protection requirements in S5.8). For single-unit trucks and for buses, other appropriate arrangements are proposed, consistent with past practices. It should be noted that Midland-Ross has proposed an arrangement different from the SAE, which has been considered by the NHTSA and is filed in the Standard No. 121 docket (Docket 74–10).

(S5.6.2 *Trailer parking brake system.*) The future S5.6.2 would establish many of the same operation requirements for trailers as were just discussed for trucks and buses. In view of the newly-stated requirements in the area of protected air energy sources, the present equipment requirement that describes the isolated reservoir on trailers (S5.2.1) would be deleted as redundant.

One difference from the truck and bus requirements would be the characteristics of the manual parking brake control set out in future S5.6.2.6. In agreement with the CHP that swift release of the parking brakes is necessary for moving disabled vehicles, the standard would require a manual control on the trailer. This control would serve the specialized applications outlined by Utility. The control would have to include an automatic reset capability so that the trailer would not be used on the highway without driver control of the parking brake. Another aspect of the CHP petition requested location of the control on the right side (curb side) of the trailer centerline so that the driver would not be exposed to traffic in operating the control. The NHTSA has considered this request but believes that no restriction on location is advisable, in view of the many considerations in this area. Vandalism, for example, can justify secure locations to prevent rollaway accidents.

In order to assure that the disabled vehicle can be moved, future S5.6.2.7 would specify a minimum capability of two applications and one release to the trailer parking brake system.

(*Remaining CHP requests.*) The CHP petition requested fundamental modification of the stopping performance requirements of the standard (S5.3) and the dynamometer testing requirements (S5.4). The requests for modification of retardation force requirements essentially asks for maximum as well as minimum retardation force limits. The NHTSA responded to other petitions on this subject (letters to White Motor Corporation, PACCAR Corporation, and Freightliner Corporation on November 6, 1975) with a decision to grant more flexibility to manufacturers to tailor the brake dynamometer requirements of S5.4 between front and rear axles. With this intention in mind, the CHP petition on retardation forces is denied.

Section S5.3 presently requires that the service brake system of trucks and buses meet certain stopping distance requirements in the unloaded and loaded conditions, on dry and wet surfaces,

V40235 DEC 5 75 XUM

without veering from a 12-foot-wide lane and without uncontrolled lockup of wheels above 10 mph. Trailers must meet the same requirements except that no limit on stopping distance is required. Specific test procedures and conditions are set out in S5.3 and S6. The CHP requests modifications to test only on dry surfaces, to test tractors and trailers in combination, to eliminate all test procedures, and to delete the requirement for "no lockup" performance.

The NHTSA has evaluated this CHP request carefully and concludes that it should not be granted. It appears that the majority of the requested changes are intended to make the stopping distance test suitable for testing vehicles-in-use. As noted earlier, the CHP is not precluded from conducting tests of combinations in use for degradation by means of tests such as the BMCS-type test, that are different from the S5.3 test. Thus the majority of requested changes are unnecessary.

There are, of course, other reasons for not modifying the stopping distance tests in S5.3 at this time. The NHTSA has just completed reconsideration of the requirement for a 245-foot stopping distance (loaded vehicle on a dry surface) and concluded that present variations in production brake systems justify a 277-foot distance until January 1, 1978.

As for testing of vehicles in combination, the NHTSA continues to consider it unrealistic to require a truck manufacturer to be forced to base the performance of its vehicle in part on the performance of any trailer chosen by the NHTSA for use with it. The NHTSA has also recently considered the balancing of brakes between trucks and trailers, and concluded that the retardation forces on trailers are well-calculated to coincide with the stopping distance performance of trucks that meet the standard. This conclusion was based on an extensive interchange of data and views and culminated in the amendments of January 17, 1975 (40 FR 1246).

The remaining petition in this area is the CHP request for deletion of the "no lockup" requirement. The petition states ". . . California has no evidence to indicate that there is a loss of directional control in large trucks or combinations caused by wheel lockup," and cites possible safety problems with some antilock systems found on vehicles that conform to the standard.

The NHTSA understands from statements made by the CHP at a recent public meeting on Standard No. 121 that the CHP does not dispute the theoretical benefits of "no lockup" performance, but rather the adequacy of the evidence to support the requirement in the air brake standard. The contribution of a rolling wheel to vehicle directional stability is a universally-accepted principle of vehicle mechanics upon which braking and suspension improvements are based. The NHTSA explicitly reviewed this braking principle in a December 1974 FEDERAL REGISTER request for comments on the subject (39 FR 44480, December 24, 1974). No comments were received that dispute the principle. Extensive literature exists on this aspect of vehicle dynamic performance and appears in the administrative record of the standard (e.g., R. D. Lister, "Retention of Directional Control When Braking," SAE Paper 963A, January 1965). Straight-line stopping such as that cited in the CHP petition does not measure the ability of the vehicle to perform other controlled braking manœuvers.

With regard to the effective date for these proposed revisions of the standard, the NHTSA understands and agrees with the industry in its desire to minimize changes to the standard until sufficient field experience with the new systems has been gathered for analysis. For this reason the proposal is limited for the most part to reorganization of requirements that are already found in the standard. There are several requirements which make new manufacturing options available (*e.g.*, isolated air as a source of parking brake energy) or which make explicit requirements which were already dictated by good design practice or the BMCS requirements (e.g., automatic application of brakes on all trailer axles in event of breakaway). Again, these changes are calculated not to require any change in presently-conforming designs.

There are several changes that would require a modification of design, most importantly the isolation of the towing vehicle parking brake system from the effects of loss of air pressure in the towed vehicle and the lines leading to it. Another major change in some cases may be the standardization of parking brake controls on towing vehicles.

In order to make the transition to these new requirements as orderly as possible, and to provide the freedom to take advantage of the new manufacturing options at the same time, the NHTSA has proposed that the new requirement be combined in the same text as the present requirement and preceded by the phrase "on and after January 1, 1978". In this way a "midnight changeover" from one text to another is avoided, and a manufacturer can meet the new requirement as soon as it chooses on an optional basis, according to its own schedule, but need not meet them on a mandatory basis sooner than January 1, 1978. This arrangement should provide substantial planning flexibility and adequate leadtime.

In consideration of the foregoing, it is proposed that Standard No. 121 (49 CFR 571.121) be amended as follows:

1. Section S4 (Definitions) would be amended by the addition of four new definitions:

"Emergency braking capability" means the ability of a motor vehicle to stop when a failure exists in any component of the service brake system that is designed to contain fluid pressure, other than a service brake system valve structural housing.

"On-axle brake components" means those components of the service brake system at each wheel, from the tire-ground interface to and including the chamber where fluid pressure is converted to linear force.

"Parking brake system" means the components of a motor vehicle that provides a means, independent of service brake system operation and its energy source, to apply and release on-axle brake components (or the parking brake force on the driveline in the case of a driveline parking brake system) and to maintain an application of parking brake force.

"Service brake system" means the components of a motor vehicle that provide the primary means to a driver of stopping the vehicle.

2. In S5.1.1, a new subsection S5.1.1.1 would be added to read:

S5.1.1.1 On and after January 1, 1978, a means that, with the engine running, automatically causes the air compressor to increase the air pressure in the service brake system when air pressure in any service reservoir is 85 psi or less, or at the option of the manufacturer, at pressure greater than 85 psi, and that automatically stops this pressurization when the air pressure is at a level, chosen at the option of the manufacturer, of 135 psi or less.

3. A new sentence would be added at the end of the text in S5.1.2.1 to read:

* * * On and after January 1, 1978, the combined volume of all reservoirs common to both subsystems of a split service brake system shall not exceed ⅓ of the combined volume of all service reservoirs.

4. Section S5.1.2.3 would be amended by the addition of a new sentence at the end of the text to read:

* * * On and after January 1, 1978, the check valve or equivalent device shall be located within or immediately adjacent to the service reservoir.

5. Section S5.1.3 would be deleted and reserved.

6. Section S5.1.5 would be amended by the addition of a sentence at the end of the text to read:

* * * On and after January 1, 1978, the signal also shall give the continuous warning whenever the engine is running, and the pressure in the service reservoir system is below 60 psi, and if the signal is a light, the color of the light shall be red.

7. Section S5.1.6 would be amended by the addition of a sentence at the end of the text to read:

* * * On and after January 1, 1978, the signal also shall give the continuous warning whenever the engine is running, and there is a total electrical failure of the antilock system, and if the signal is a light, the color of the light shall be yellow.

8. Section S5.1.7 would be amended to read:

S5.1.7 *Service brake stop lamp switch.* A switch that lights the stop lamps when the service brake control is statically depressed beyond an activating point, and that does not extinguish the stop lamps until the service brake control is released beyond a deactivating point. Both the activating and deactivating points shall be at levels that produce a

pressure of not more than 6 psi in the service brake chambers.

9. A new S5.1.8 and S5.1.9 would be added to read:

S5.1.8 On and after January 1, 1978, a pressure relief valve in the service and parking brake systems that prevents air pressure in the reservoirs of these systems from exceeding a level that is 125 percent of the compressor cut-out pressure.

S5.1.9 On and after January 1, 1978, an air compressor discharge line that, with regard to the portions within 24 inches of the air compressor discharge port (measured along the line), meets the requirements of § 106–74 of this part that apply to air brake hose, and meets the requirement of S7.3.2 of § 106–74 at a temperature of 450° F.

10. Section S5.2.1.1 would be deleted.

11. Sections S5.6, S5.7, and S5.8 would be deleted and replaced with new sections S5.6, S5.7, and S5.8 to read:

S5.6 *Parking brake system.* Each vehicle other than a trailer converter dolly shall be equipped with a parking brake system that is capable of meeting the requirements set forth in paragraph (a) or, at the option of the manufacturer, paragraph (b):

(a) *Static retardation force.* With all other brakes rendered inoperative, the static retardation force produced by the application of the parking brake system on an axle other than a steerable front axle during a static drawbar pull in a forward or rearward direction shall be such that the quotient

$$\frac{\text{static retardation force}}{\text{GAWR}}$$

is not less than 0.28.

(b) *Grade holding.* With all parking brakes applied, the vehicle shall remain stationary, facing uphill and facing downhill on a smooth, dry Portland cement concrete roadway with a 20 percent grade, both (a) when loaded to its gross vehicle weight rating, and (b) at its unloaded vehicle weight plus 500 pounds (including driver and instrumentation).

S5.6.1 *Truck and bus parking brake system.*

S5.6.1.1 The parking brake system shall be applied by means of an energy source that is independent of service brake system air pressure, so that the application of parking brake force shall not be affected by any single failure of the service brake system other than any failure of the on-axle brake components.

S5.6.1.2 The parking brake system shall be capable of maintaining an application without action by the vehicle operator, by a means other than electric energy, or fluid pressure, including air pressure.

S5.6.1.3 On and after January 1, 1978, the parking brake system shall not apply as a result of loss of air pressure in the supply line or control line, or both, of any air-braked vehicle that the vehicle is designed to tow. In addition, the parking brake system shall not apply in response to loss of air pressure in any line within the service brake system, including the line supply air pressure to the trailer supply line, but not including lines connecting the three valves specified in S5.6.1.6 and S5.6.1.2 to each other.

S5.6.1.4 The parking brake system shall be capable of application, with the vehicle stationary, at any service brake system pressure level.

S5.6.1.5 The parking brake system shall not be capable of release unless it is capable of immediate reapplication with the retardation force specified in S5.6.

S5.6.1.6 The vehicle shall be equipped with a manual control, that is separate from the service brake control and operable by a person seated in the normal driving position, for application and release of the parking brake system of the vehicle, and of any air-braked vehicle it is designed to tow. On and after January 1, 1978, the manual control shall—

(a) In the case of a bus, be equipped with a single control for application and release of the parking brake system. At the option of the manufacturer, operations in addition to operation of the parking brake control may be specified for release of the parking brake system; and

(b) In the case of a truck that is not designed to tow an air-brake-equipped vehicle, be equipped with a single control for the application and release of the parking brake system, consisting of a blue circular knob that, when pulled, applies the parking brake system, and when pushed, releases the parking brake system. The following legend shall appear on, above, or below the knob in block capital letters at least one-eighth of an inch in height:

TRUCK PARK
PULL TO APPLY
PUSH TO RELEASE

(c) In the case of a truck designed to tow an air-brake-equipped vehicle, be equipped with two parking brake system controls that meet the requirements of (1) and (2);

(1) The tractor and trailer parking control shall consist of a yellow diamond-shaped knob that, when pulled, applies the parking brake system of the towing vehicle and vents the trailer supply line to the atmosphere, and, when pushed, releases the parking brake system of the towing vehicle and permits pressurization of the trailer supply line. The following legend shall appear on, above, or below the knob in block capital letters at least one-eighth of an inch in height:

TRACTOR-TRAILER PARK
PULL TO APPLY
PUSH TO RELEASE

The knob shall be located to the right of or above the trailer air supply control knob (S5.8.1.2).

(2) The tractor parking control shall consist of a blue circular knob that, when pulled, applies the parking brake system of the towing vehicle and, when pushed, releases the parking brake system of the towing vehicle. The following legend shall appear on, above, or below the knob in block capital letters at least one-eighth of an inch in height:

TRACTOR PARK
PULL TO APPLY
PUSH TO RELEASE

The knob shall be located to the right of or above the trailer air supply control knob (S5.8.1.2) and the tractor and trailer parking control.

S5.6.2 *Trailer parking brake system.*

S.5.6.2.1 The parking brake system shall be applied by means of an energy source that is independent of service brake system air pressure, so that the application of parking brake force shall not be affected by any single failure of the service brake system other than any failure of the on-axle brake components.

S5.6.2.2 The parking brake system shall be capable of maintaining an application without action by the vehicle operator, by a means other than electric energy, or fluid pressure, including air pressure.

S5.6.2.3 The parking brake system shall apply automatically and remain applied when the air pressure in the supply line is at atmospheric pressure.

S5.6.2.4 The parking brake system shall be capable of application, with the vehicle stationary, at any service brake system pressure level.

S5.6.2.5 The parking brake system shall not be capable of release unless it is capable of immediate reapplication with the retardation force specified in S5.6.

S5.6.2.6 On and after January 1, 1978, the vehicle shall be equipped with a parking brake system control for manual release of the parking brake system. The control shall not prevent the application and release of the parking brakes by a towing vehicle that has pressurized the trailer supply line to 85 psi.

S5.6.2.7 On and after January 1, 1978, the parking brake system shall be capable of at least one application with the retardation force specified in S5.6, followed within a period of not more than 30 minutes, by a release that permits rotation of all wheels equipped with parking brakes when the unloaded vehicle is pulled to a speed of 10 mph for 500 feet, followed by a second application with the retardation force specified in S5.6.

S5.7 *Emergency braking capability.* Each vehicle shall have an emergency braking capability. This capability may be a function of the service brake system alone, or it may utilize all or part of the service brake and parking brake systems or other separate components.

S5.7.1 *Truck and bus emergency braking capability.*

S5.7.1.1 *Truck and bus emergency brake performance.* When stopped six times for each combination of weight and speed specified in S5.3.1.1 on a road surface with a skid number of 81, with a single failure in any component of the service brake system that is designed to contain fluid pressure, other than a service brake system valve structural housing, the vehicle shall stop at least once in not more than the distance specified in column 3 of Table II, measured from the point at which movement of

V40235 DEC 5 75 XUM

the brake control begins, without any part of the vehicle leaving the roadway, except that a truck-tractor tested at its unloaded vehicle weight plus 500 pounds shall stop at least once in not more than the distance specified in Column 4 of Table II. However, a truck manufactured before September 1, 1976, that has a front steerable non-driving axle with a GAWR of 16,000 pounds or more, or a front steerable drive axle with a GAWR of less than 18,000 pounds, must stop as specified in this paragraph without any part of the vehicle leaving the roadway, but need not stop in the distances specified.

S5.7.1.2 *Truck and bus emergency brake operation.* Each vehicle shall be equipped with an emergency braking capability that is applied, modulated, and released by means of the service brake control or, at the option of the manufacturer until September 1, 1976, the parking brake control.

S5.1.1.3 *Towing vehicle emergency braking capability—additional requirement.* A truck designed to tow an air-braked-equipped vehicle shall—

(a) In the case of a truck-tractor in the unloaded condition and a single unit truck which is capable of towing an air-brake equipped vehicle and is loaded to gross vehicle weight rating, be capable of meeting the requirements of S5.7.1 by operation of the service brake control only, with the trailer air supply line and air control line from the towing vehicle vented to the atmosphere in accordance with S6.1.14;

(b) In the case of a truck-tractor loaded to gross vehicle weight rating, be capable of meeting S5.7.1 by operation of the service brake control only, with the air control line from the towing vehicle vented to the atmosphere in accordance with S6.1.14; and

(c) Be capable of modulating the air in the supply or control line to the trailer by means of the service brake control with a single failure in the towing vehicle service brake system as specified in S5.7.1.

S5.7.1.4 *Truck and bus emergency brake application and release.* On and after January 1, 1978, each vehicle shall be equipped with an emergency braking capability that meets the requirements of S5.7.1.1 for a vehicle loaded to gross vehicle weight rating and stopped from 60 mph on a test surface with a skid number of 81, followed within a time period of not more than 30 minutes by release of the emergency brakes that permits the vehicle to accelerate to a speed of 10 mph in a distance of 500 feet, followed by a second application that provides not less than the static retardation force specified in S5.6 for a vehicle's parking brake system.

S5.7.2 *Trailer emergency braking capability.* Each vehicle shall be equipped with an emergency braking capability that with all trailer reservoirs pressurized to 40 psi and the supply line vented to the atmosphere, the emergency brake system shall apply the service brake system or parking brake system on each axle, with not less than the retardation force specified in S5.6. The emergency brakes shall be capable of being applied at a speed of 60 mph.

S5.7.2.1 *Trailer emergency brake operation.* Each vehicle shall be equipped with an emergency braking capability that applies automatically and remains applied for not less than 15 minutes when the air pressure in the supply line is at atmospheric.

S5.8 *Service brake system.*

S5.8.1 *Truck and bus service brake system.* Each truck and bus shall be equipped with a service brake system that is capable of meeting the requirements of S5.1, S5.3, S5.4, and S5.5 that apply to trucks and buses.

S5.1.1 *Truck and bus service brake system operation.* The service brake system shall be operable by a person seated in the normal driving position and, on and after January 1, 1978, be capable of application, modulation, and release by means of a single service brake control.

S5.8.1.2 *Truck-tractor service brake system-additional requirements.* The service brake system of a truck designed to tow an air-brake-equipped vehicle shall, under the conditions of S6.1.15, be capable of modulating the air pressure in the control line of the control trailer by means of the service brake control. The service brake system shall be equipped with a means of opening and closing the connections from the service brake system of the towing vehicle to the supply and control lines of the control trailer, and simultaneously to open and close a vent to the atmosphere in the supply line to the control trailer. This means shall close automatically in all cases before automatic application of the parking brake system occurs, and before air pressure in all reservoirs of the truck service brake system drops to a level chosen at the option of the manufacturer that is more than 20 psi, but less than 45 psi. This means shall also operate by utilization of a manual control (that does not override automatic operation) consisting of a red octagonal knob that, when pulled, closes the air supply to the towed vehicle and vents the trailer supply line to the atmosphere, and when pushed, opens the air supply line to a towed vehicle and permits pressurization of the trailer supply line. The following legend shall appear on, above, or below the knob in block capital letters at least one-eighth of an inch in height:

TRAILER AIR SUPPLY

PULL TO EVACUATE

PUSH TO SUPPLY

S5.8.1.3 *Truck and bus service brake system pressure limiting valves.* The service brake system shall not be equipped with a manually-operated device to reduce or remove the front-wheel braking effort. An automatic pressure-limiting valve shall not reduce the front axle braking force when the air pressure that transmits brake control application force exceeds the vehicle's compressor cut-in pressure, except for reduction of front-axle braking force up to 50 percent in response to a malfunction of an antilock system on the front axle.

S5.8.2 *Trailer service brake system.* Each trailer shall be equipped with a service brake system that operates on each axle of the vehicle, and is capable of meeting the requirements of S5.2, S5.3, S5.4, and S5.5 that apply to trailers. The service brake system shall operate in response to modulation of air pressure in the trailer control line.

12. In S6.1.14, the reference to "S7.3 (a) and S7.3(b)" would be replaced with "S5.7.1.3 (a) and (b)" and the time "1 minute" would be revised to "20 seconds".

13. A new S6.1.15 would be added to read:

S6.1.15 In tests under S5.7.1.3(c) and S5.8.1.2, the towing vehicle is coupled to the control trailer specified in S6.1.10 with the manual control described in S5.8.1.3 in the "PUSH TO SUPPLY" position.

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street, SW., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Comment closing date: January 21, 1976.

Proposed effective date: Date of publication of final rule in the FEDERAL REGISTER.

(Sec. 103, 119, Pub. L. 89–563, 80 Stat. 718 (15 U.S.C. 1392, 1407); delegations of authority at 49 CFR 1.51 and 49 CFR 501.8).

Issued on December 1, 1975.

[49 CFR Part 557]

[Docket No. 75-31; Notice 1]

NOTIFICATION AND REMEDY OF DEFECTS OR FAILURE TO COMPLY

Petitions for Hearing

This notice proposes the issuance of a new regulation governing petitions for

hearings on whether or not a manufacturer has reasonably met his obligation to notify owners, dealers, and purchasers of a safety-related defect or noncompliance with a safety standard, or to remedy the defect or noncompliance. The proposed regulation would also specify the procedures to be followed in holding such a hearing.

Section 156 of the National Traffic and Motor Vehicle Act of 1966, as amended (88 Stat. 1470; 15 U.S.C. 1416), provides that "Upon petition of any interested person or on his own motion, the Secretary may hold a hearing in which any interested person (including a manufacturer) may make oral (as well as written) presentations of data, views, and arguments on the question of whether a manufacturer has reasonably met his obligation to notify under section 151 or 152, and to remedy a defect or failure to comply under section 154." Sections 151 and 152 require a manufacturer to notify owners, dealers and purchasers of a safety-related defect or failure to comply with an applicable Federal motor vehicle safety standard in any motor vehicle or item of equipment manufactured by him. Section 154 requires a manufacturer to remedy without charge such defects or failure to comply. Section 156 also provides that "If the Secretary determines the manufacturer has not reasonably met such obligation, he shall order the manufacturer to take specified action to comply with such obligation; and, in addition, the Secretary may take other action authorized by this Title." This notice, which proposes a new Part 557 of Title 49 of the Code of Federal Regulations, is intended to provide guidelines for the implementation of section 156.

The NHTSA regularly receives a substantial number of complaints concerning failures of manufacturers to notify of defects or to remedy defects or failures to comply. Many of these complaints are dealt with by informal communications between the NHTSA and the manufacturer. However, some of the complaints do reveal failures on the part of manufacturers to meet their obligations under the Act. As a result, it is important that procedures be set up to implement the statutory provision for petitions to hold a hearing on such failures. This proposal lists the information that must be contained in a document so that it will be treated as a petition for a hearing. The NHTSA will not ignore documents that do not meet these requirements; rather it will treat such documents as complaints to be considered in the overall evaluation of a manufacturer's compliance with his obligation to notify and remedy under the Act.

The proposal would require the Administrator, in determining whether to hold a hearing, to consider the nature and seriousness of the complaint set forth in the petition, the existence of similar complaints, and the ability of the NHTSA to resolve the problem without a hearing. These considerations would apply to both decisions to hold a hearing in response to a petition and decisions to hold a hearing on the Administrator's own motion.

The hearing under this proposal would be an informal hearing, not subject to the requirements of 5 U.S.C. 556 and 557. The Administrator would be under no obligation to base his decision solely on the record of the hearings. In determining whether or not a manufacturer had reasonably met his obligation to notify or remedy, the Administrator could consider any other information available to him.

The proposal provides that the petitioner would be notified within 60 days after the receipt of the petition by the NHTSA of its decision to grant or deny the petition. The safety considerations involved in notification and remedy of defects and failures to comply make it necessary that a petitioner be informed as soon as possible of the Administrator's disposition of the petition. The reasons for a denial of the petition would be published in the FEDERAL REGISTER within 45 days of the denial.

In light of the foregoing, it is proposed that a new Part 557, *Petitions for Hearings on Notification and Remedy of Defects*, be added to Title 49 of the Code of Federal Regulations, to read as set forth below.

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street, S.W., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Comment closing date: January 21, 1976.

Proposed effective date: 30 days after publication of final rule.

(Sec. 9, Pub. L. 89–670, 80 Stat. 931 (49 U.S.C. 1657); Secs. 103, 119, 156, Pub. L. 89–563, 80 Stat. 718 (15 U.S.C. 1392, 1407); Pub. L. 93–492, 88 Stat. 1470 (15 U.S.C. 1416); delegations of authority at 49 CFR 1.51 and 501.8).

Issued on December 2, 1975.

ROBERT L. CARTER,
Associate Administrator,
Motor Vehicle Programs.

Part 557 is proposed to read as follows:

PART 557—PETITIONS FOR HEARINGS ON NOTIFICATION AND REMEDY OF DEFECTS

Sec.
557.1 Scope.
557.2 Purpose.
557.3 General.
557.4 Requirements for petition.
557.5 Improperly filed petitions.
557.6 Determination whether to hold a public hearing.
557.7 Public hearing.
557.8 Determination of manufacturer's obligation.

§ 557.1 Scope.

This part establishes procedures under section 156 of the National Traffic and Motor Vehicle Safety Act of 1966, as amended (88 Stat. 1470, 15 U.S.C. 1416), for the submission and disposition of petitions filed by interested persons for hearings on the question of whether a manufacturer has reasonably met his obligation to notify owners, purchasers, and dealers of a safety-related defect or failure to comply with a Federal motor vehicle safety standard, or to remedy such defect or failure to comply. This part also establishes procedures for holding a hearing on these questions.

§ 557.2 Purpose.

The purpose of this part is to enable the National Highway Traffic Safety Administration to identify and respond on a timely basis to petitions for hearings on whether a manufacturer has reasonably met his obligation to notify or remedy, and to establish the procedures for such hearings.

§ 557.3 General.

Any interested person may file with the Administrator a petition requesting him to hold a hearing on—

(a) Whether a manufacturer has reasonably met his obligation to notify owners, purchasers, and dealers of a safety-related defect in any motor vehicle or item of replacement equipment manufactured by him;

(b) Whether a manufacturer has reasonably met his obligation to notify owners, purchasers, and dealers of a failure to comply with an applicable Federal motor vehicle safety standard in any motor vehicle or item of replacement equipment manufactured by him;

(c) Whether the manufacturer has reasonably met his obligatino to remedy a safety-related defect in any motor vehicle or item of replacement equipment manufactured by him; or

(d) Whether the manufacturer has reasonably met his obligation to remedy a failure to comply with an applicable Federal motor vehicle safety standard in any motor vehicle or item of replacement equipment manufactured by him.

§ 557.4 Requirements for petition.

A petition filed under this part should be addressed and submitted to: Administrator, National Highway Traffic Safety Administration, 400 Seventh Street SW.,

V40235 DEC 5 75 XUM

Washington, D.C. 20590. Each petition filed under this part must—

(a) Be written in the English language;

(b) Have, preceding its text, the word "Petition";

(c) Contain a brief statement concerning the alleged failure of a manufacturer to meet reasonably his obligation to notify or remedy;

(d) Contain a brief summary of the data, views, or arguments that the petitioner wishes to present in a hearing on whether or not a manufacturer has reasonably met his obligations to notify or remedy;

(e) Specifically request a hearing.

§ 557.5 Improperly filed petitions.

(a) A petition that is not addressed as specified in § 557.4, but that meets the other requirements of that section, will be treated as a properly filed petition, received as of the time it is discovered and identified.

(b) A document that fails to conform to one or more of the requirements of paragraphs § 557.4(a) (1) through (5) will not be treated as a petition under this part. Such a document will be treated according to the existing correspondence and other procedures of the NHTSA, and any information contained in it will be considered at the discretion of the Administrator.

§ 557.6 Determination whether to hold a public hearing.

(a) The Administrator considers the following factors in determining whether to hold a hearing:

(1) The nature of the complaint;

(2) The seriousness of the alleged breach of obligation to remedy;

(3) The existence of similar complaints;

(4) The ability of the NHTSA to resolve the problem without holding a hearing; and

(5) Other pertinent matters.

(b) If, after considering the above factors, the Administrator determines that a hearing should be held, the petition is granted. If it is determined that a hearing should not be held, the petition is denied. In either case, the petitioner is notified of the grant or denial not more than 60 days after receipt of the petition by the NHTSA.

(c) If a petition submitted under this part is denied, a FEDERAL REGISTER notice of the denial is issued within 45 days of the denial, setting forth the reasons for it.

(d) The Administrator may conduct a hearing under this part on his own motion.

§ 557.7 Public hearing.

If the Administrator decides that a public hearing under this part is necessary, he issues a notice of public hearing in the FEDERAL REGISTER, to advise interested persons of the time, place, and subject matter of the public hearing and invite their participation. Interested persons may submit their views through oral or written presentation, or both. There is no cross-examination of witnesses. A transcript of the hearing is kept and exhibits may be accepted as part of the transcript. Sections 556 and 557 of Title 5, United States Code, do not apply to hearings held under this part. When appropriate, the Chief Counsel designates a member of his staff to serve as legal officer at the hearing.

§ 557.8 Determination of manufacturer's obligation.

If the Administrator determines, on the basis of the information presented at a hearing or any other information that is available to him, that the manufacturer has not reasonably met his obligation to notify owners, dealers, and purchasers of a safety-related defect or failure to comply with a Federal motor vehicle safety standard or to remedy such defect or failure to comply, he orders the manufacturer to take specified action to comply with his obligation, consistent with the authority granted the Administrator by the Act.

[FR Doc.75-32676 Filed 12-4-75;8:45 am]

[49 CFR Part 571]

[Docket No. 71-13; Notice 10]

FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Brake Fluids, Proposed Amendments

This notice proposes amendments of 49 CFR 571.116, Motor Vehicle Safety Standard No. 116, that would specify color requirements for fluids for hydraulic brake systems and container labeling effective August 1, 1977.

Motor Vehicle Safety Standard No. 116, *Motor Vehicle Brake Fluids*, was amended on August 22, 1974 (39 FR 30553) to specify colors for brake fluid and their container labels effective May 1, 1975. In response to petitions for reconsideration of these requirements Standard No. 116 was amended on March 25, 1975 (40 FR 13219) to delete them pending further consideration.

Standard No. 116 originally specified that DOT 3 and 4 fluids be clear to amber in color, DOT 5 blue, and hydraulic system mineral oil, red. Wagner Electric Corporation asked that DOT 3 and DOT 4 fluids be excluded from color coding. Ford asked that DOT 5 be clear or silver in color. SA Automobiles Citroen and its associates Officine Alfieri Maserati S.p.A. and U.S. Technical Research Corporation petitioned that the color of hydraulic system mineral oil be changed to green, the color of oil that Citroen has used for some years in the central hydraulic system of its vehicles.

The NHTSA has decided that Wagner's request to exclude DOT 3 and DOT 4 from color coding must be denied in order to avoid the potential use of colors for DOT 3 and DOT 4 that could be similar to those used for DOT 5 or hydraulic system mineral oil. The majority of DOT 3 and DOT 4 fluids and their predecessors have been colorless to amber in hue, in the absence of a Federal requirement, and the agency believes that confusion will be minimized and safety enhanced if this color range is retained. Since "clear" could mean an attribute of a fluid other than color, the NHTSA is substituting "colorless" in the proposal. Ford's petition that DOT 5 be clear or silver is also denied. However, because Ford and several other fluid manufacturers have long used the color blue for DOT 3 and DOT 4 fluids the NHTSA has concluded that it would be unwise and confusing to require this color for DOT 5 fluids. Accordingly, it proposes that DOT 5 fluid be purple, a color that has not been used previously for domestic brake fluids. Since Citroen is the world's major manufacturer of passenger cars with central hydraulic systems and has used green mineral oil in them for a number of years, its petition is granted, and the NHTSA is proposing that green be the color for all hydraulic system mineral oils. Alfred Teves petitioned for a delay in color coding until all vehicle fluids can be coded. Since color coding of all fluids by the ISO is unlikely at this time, its petition is denied. The specifications for fluid colors are intended to refer to color ranges as generally interpreted in daylight by persons of normal color vision. No color coordinates are proposed, since the fluids may change color in storage or in use (without detriment to the performance of the fluids).

This proposal would require borders around the safety warnings on container labels corresponding in color to the fluid within. Since these borders would not extend around the container, the NHTSA also proposes that the cap or closure of containers with a capacity of 10 gallons or less be color coded. This would provide, at no cost, a further aid to prevent the mixing of fluids and brake systems that are incompatible. In response to several inquires as to specific color specifications, the NHTSA is proposing that each required label and lid or cap fall within the tolerances specified for hue, chroma, and value on the appropriate "Hazardous Materials Label and Placard Color Tolerance Chart" available from the Office of Hazardous Materials, Department of Transportation, 400 Seventh Street, S.W., Washington, D.C. 20590. These color values are incorporated in regulations of other government agencies such as the Federal Highway Administration and the Occupational Safety and Health Administration. Two separate sets of six charts are available at nominal cost. The charts issued January 1973 are for paints and materials for printing on metal surfaces. The charts issued January 1974 are only for printed materials such as paper labels.

Further proposed labeling changes include specifying the minimum wet boiling point in degrees Celsius as well as in Fahrenheit, container capacity in liters as well as gallons, and color border width in millimeters as well as inches. Dow Corning Corporation, a manufacturer of DOT 5, a low-water-tolerance silicone brake fluid, has suggested that the admonition in S5.2.2(g) (3) to keep containers "tightly closed to prevent absorption of moisture" is unnecessary and redundant when applied to water intolerant brake fluids. The NHTSA agrees that the phrase is technically inaccurate. However, moisture may condense in a separate phase inside DOT 5 containers. This could degrade the performance of a brake system if the contaminated fluid were inadvertently poured into it. The agency is therefore proposing that the phrase be appropriately modified. If a container is designed in normal use to be shrouded by a protective carton or covering, the NHTSA intends that the outer container, rather than the actual container, be marked and labeled in accordance with the standard.

In the test for fluidity and appearance at low temperature, S6.7.3(a), identified solvents are specified to inhibit frosting of the exterior surfaces of the specimen containers. The agency has determined that there are other suitable liquids which can be used for that purpose. An appropriate change is therefore proposed to permit a wider choice.

A number of inquiries have been received concerning interpretations of S5.2.1 *Container sealing*. A rewording of that requirement is proposed for clarification. A change in labeling requirements is proposed to warn purchasers not to accept containers with tampered seals. Several editorial changes are also proposed.

§ 571.116 [Amended]

In consideration of the foregoing, it is proposed that 49 CFR 571.116, Motor Vehicle Safety Standard No. 116, be amended as follows:

1. S1 would be revised to read:

S1 *Scope.* This standard specifies requirements for fluids for use in hydraulic brake systems of motor vehicles, containers for these fluids, and labeling of the containers.

2. S2 would be revised by deleting the word "brake" in the last line.

3. In S4, a definition for "brake fluid" would be added and the definition of "Hydraulic system mineral oil" would be revised, to read:

S4 *Definitions.*

* * * * *

"Brake fluid" means a liquid designed for use in a motor vehicle hydraulic brake system in which it will contact elastomeric components made of styrene and butadiene rubber (SBR), ethylene and propylene rubber (EPR), polychloroprene (CR) brake hose inner tube stock or natural rubber (NR).

* * * * *

"Hydraulic system mineral oil" means a mineral-oil-based fluid designed for use in motor vehicle hydraulic brake systems in which the fluid is not in contact with components made of SBR, EPR, CR or NR.

* * * * *

4. In S5, the first sentence would be revised to read:

S5 *Requirements.* This section specifies performance requirements for DOT 3, DOT 4 and DOT 5 brake fluids, requirements for brake fluid certification, and for container sealing, labeling and color coding for both brake fluids and hydraulic system mineral oils.

5. S5.1 would be revised to read:

S5.1 *Brake fluid.* When tested in accordance with S6, brake fluids shall meet the following requirements.

6. S5.1.14 would be added to read:

S5.1.14 *Fluid color.* Brake fluid and hydraulic system mineral oil manufactured on or after August 1, 1977, shall be of the color indicated:

DOT 3 and DOT 4—colorless to amber.
DOT 5—purple.
Hydraulic system mineral oil—green.

7. S5.2.1 would be revised to read:

S5.2.1 *Container sealing.* Each brake fluid and hydraulic system mineral oil container with a capacity of 29.6 ml (6 fluid ounces) or more shall be provided with a resealable closure. The closure shall be provided with an inner liner that is impervious to the packaged fluid. The container shall also be provided with a means of indicating that the closure or a separate inner closure has been loosened, punctured, or removed.

8. In S5.2.2.1, paragraph (c) would be revised to read:

S5.2.2.1

* * * * *

"(c) The minimum wet boiling point of the brake fluid in degrees C and F."

9. In S5.2.2.2 the words "other than by hydraulic system mineral oil" would be deleted.

10. In S5.2.2.2, paragraphs (f), (g), (g)(3) and (g)(4) would be revised to read:

S5.2.2.2

* * * * *

(f) The minimum wet boiling point of the DOT grade brake fluid in degrees C and F.

(g) The following safety warnings (which on and after August 1, 1977, shall be bordered by a line on a contrasting background not less than 3.2 millimeters (⅛ inch in width in yellow if the fluid in the container is DOT 3 or DOT 4, or in purple if the fluid is DOT 5), in capital and lower case letters as indicated:

* * * * *

(3) STORE BRAKE FLUID ONLY IN ITS ORIGINAL CONTAINER. KEEP CONTAINER CLEAN AND TIGHTLY CLOSED TO PREVENT ENTRY OF WATER AND OTHER CONTAMINANTS.

(4) CAUTION: DO NOT REFILL CONTAINER AND DO NOT USE FOR OTHER LIQUIDS. (Not required for a container with a capacity in excess of 19 liters (5 gallons)).

(5) DO NOT ACCEPT THIS CONTAINER IF ITS ---------- SEAL IS MISSING, LOOSE, BROKEN, OR PUNCTURED (Complete with "OUTER" or "INNER" as applicable).

11. In S5.2.2.3, paragraph (e) would be revised to read: S5.2.2.3.

* * * * *

(e) The following safety warnings (which on and after August 1, 1977 shall be bordered by a green line not less than 3.2 millimeters (⅛ inch) in width), in capital and lower case letters as indicated:

12. New paragraphs S5.2.2.4, S5.2.2.5, and S5.2.2.6, would be added to read:

S5.2.2.4 The color of the lid or cap of each container of brake fluid or hydraulic system mineral oil with a capacity of 38 liters (10 gallons) or less shall match the color of the border around the safety warnings on the container.

S5.2.2.5 If the exterior surface of a container of brake fluid or hydraulic system mineral oil is not normally visible but designed to be protected by an outer container or carton, the outer container or carton rather than the inner container shall meet the labeling and color requirements of S5.2.2.2 through S5.2.2.5.

S5.2.2.6 Each color used to fulfill the requirements of S5.2.2.2 through S5.2.2.5 shall fall within the tolerances specified for hue, chroma and value on the appropriate Hazardous Materials Label and Placard Color Tolerance Chart issued by the Office of Hazardous Materials, Department of Transportation. These charts are for the colors yellow, green and purple. Charts are provided for printing on metal surfaces (January 1973) and for use with printed materials only (January 1974). They are incorporated in this standard by reference, and are available for examination in Docket No. 71-13, Room 5108, 400 Seventh Street, S.W., Washington, D.C. Copies may be obtained from the Office of Hazardous Materials, Room 6222B, 2100 Second Street, S.W., Washington, D.C. The charts are subject to change, but any amendment will be accomplished by appropriate administrative procedures and noted by publication in the FEDERAL REGISTER, and be available for examination as noted in this paragraph.

13. S5.3 would be revised by deleting the word "brake" preceding "fluid".

14. The third sentence of paragraph S6.7.3(a) would be revised to read:

After 144±4 hours, remove the bottle from the chamber and quickly wipe it with a clear, lint-free cloth saturated with a suitable solvent to minimize frosting.

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street, S.W., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material, and it is recommended that interested persons

[49 CFR Part 579]

[Docket No. 75-30; Notice 1]

DEFECT AND NONCOMPLIANCE RESPONSIBILITY

Proposed Rulemaking

This notice proposes a new regulation, 49 CFR Part 579, *Defect and Noncompliance Responsibility*, that would redistribute the responsibilities of manufacturers for safety-related defects and noncompliance with Federal Motor Vehicle Safety Standards. This responsibility is governed by section 159(2) of the National Motor Vehicle and Traffic Safety Act of 1966, as amended (15 U.S.C. 1419(2)).

Section 159(2) defines "original equipment" as equipment (including tires) installed in or on a motor vehicle at the time of its delivery to the first purchaser, and "replacement equipment" as equipment other than original equipment. In addition, section 159(2) provides that, for purpose of the notification and remedy provisions of the Act (15 U.S.C. 1411-1420), a defect or noncompliance in an item of original equipment is to be treated as a defect or noncompliance in the motor vehicle in which the equipment is installed, and the manufacturer of the motor vehicle in which the item of original equipment is installed is to be treated as the manufacturer of the equipment. Section 159(2) also provides that the definitions of "original equipment" and "replacement equipment" may be modified by regulations of the Secretary.

Petitions for rulemaking to redistribute the responsibility for defects and noncompliance as set forth in section 159(2) were received from the Motor Vehicle Manufacturers Association (MVMA), General Motors Corporation (GM), and the European Tyre and Rim Technical Organization (ETRTO). MVMA proposed a rule that would make vehicle manufacturers responsible only for items of equipment manufactured, assembled, or supplied by the manufacturer of the completed vehicle for installation in conformity with the manufacturer's written instructions. The MVMA proposal would also make original equipment tires "replacement equipment." The GM petition was an andorsement of the MVMA petition. The ETRTO petitioned for a rule which would make tire manufacturers responsible for defects and noncompliances in tires they manufacture, whether installed on the vehicle as original or as replacement equipment. This proposal incorporates much of the substance of these petitions, with some distinctions as noted below.

The MVMA pointed out that the legislative history of section 159(2) provides a strong indication of congressional intent that the Secretary issue regulations reapportioning responsibility for defect and noncompliance to reflect the realities of the relationship between vehicle manufacturers, equipment manufacturers, and their respective dealers. Language in the reports (H.R. Rep. No. 93-1191, 93rd Cong., 2nd Sess. 33) and debate (120 Cong. Rec. H8123, H10571 (Daily ed. 1974)) suggests that the NHTSA should reapportion the responsibility in section 159(2) to make vehicle manufacturers responsible only for equipment provided, installed, or authorized by the vehicle manufacturer and to treat original equipment tires as replacement equipment.

The NHTSA agrees that the provisions of section 159(2) should be modified by regulation in order to absolve the vehicle manufacturer of the responsibility for equipment installed in its vehicles without its knowledge or approval prior to first purchase of the vehicle in good faith for purposes other than resale. The NHTSA also agrees that original equipment tires should be considered replacement equipment, thereby making tire manufacturers responsible for defects and noncompliances in their tires. However, the NHTSA does not agree with the MVMA petition to the extent that it would require that a vehicle manufacturer be responsible only for equipment manufactured, assembled, or supplied by it for installation in conformity with the manufacturer's written instructions. Any type of express authorization given by the vehicle manufacturer for the installation of the equipment should be sufficient to make the manufacturer responsible for that equipment. If the authorization were limited to written instructions, the effect might be effectively to preclude installation of any equipment not manufactured by the vehicle manufacturer or not supplied to its dealers pursuant to written agreement. Therefore, the proposal provides that if an item of equipment is installed on a motor vehicle in accordance with the express authorization of the vehicle manufacturer it will be considered original equipment for defect and noncompliance purposes. What constitutes adequate authorization will depend on the facts of each case.

In addition to the requirements proposed in the MVMA petition, this proposal addresses the responsibilities of small vehicle manufacturers for equipment they install on their vehicles. When an equipment manufacturer provides a particular item of defective or noncomplying equipment to several small vehicle manufacturers, the equipment manufacturer is often in a better position to bear the costs of notification and remedy, although the small manufacturers have the purchase records. Accordingly, the proposal provides that if an equipment manufacturer provides defective or noncomplying equipment to 5 or more vehicle manufacturers, each vehicle manufacturer would have the option of considering the equipment as "replacement equipment" even though installed by the vehicle manufacturers prior to first purchase. The equipment manufacturer would therefore be obligated to provide notification and remedy to the owners of the vehicles.

If they chose to consider the equipment as "replacement equipment," the vehicle manufacturers would be obliged to provide purchase records to the equipment manufacturer. If the vehicle manufacturer were unwilling to turn these records over to the equipment manufacturer, it would be required to treat the equipment as "original equipment," which would mean that it would have to conduct the notification and remedy campaign itself. However, if the defect or noncompliance did not exist in the equipment itself, but rather resulted from the installation of the equipment in the vehicle, the sole responsibility for the defect or noncompliance would be on the vehicle manufacturer. This is consistent with section 573.3(f) of proposed 49 CFR 573, *Defect and Noncompliance Reports* (40 FR 43227, September 19, 1975), which would provide that if the defective or noncomplying equipment is provided to more than one vehicle manufacturer, the vehicle and the equipment manufacturers are all required to report the defect or noncompliance to the NHTSA in order to assist the NHTSA in determining the extent to which the defect or noncompliance resulted from installation of the equipment by the vehicle manufacturer. This determination would be necessary to indicate the scope of the recall and remedy campaign.

This proposal classifies original equipment tires as "replacement equipment." As noted by both the ETRTO and MVMA petitions, tire manufacturers are better equipped than vehicle manufacturers to conduct notification and remedy campaigns for defective or noncomplying tires. Tire manufacturers are presently required to keep purchase records by 49 CFR Part 574, *Tire Identification and Recordkeeping*. These records include records provided by the vehicle manufacturer of tires installed on new vehicles at the time of first purchase. In addition, replacement of defective or noncomplying original equipment tires is typically made by the tire manufacturer, not the vehicle manufacturer. Accordingly, vehicle manufacturers should not be held responsible for defects and noncompliances in original equipment tires installed on their vehicles.

In light of the above, it is proposed that Part 579 of Title 49, Code of Federal Regulations, *Defects and Noncompliance Responsibility*, be adopted as set forth below.

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street, S.W., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Comment closing date: January 21, 1976.

Proposed effective date: 30 days after publication of final rule.

(Secs. 103, 108, 112, 113, Pub. L. 89-563, 80 Stat. 718, Sec. 102, Pub. L. 93-492, 88 Stat. 1470 (15 U.S.C. 1392, 1397, 1401, 1402, 1411-1420; delegations of authority at 49 CFR 1.51 and 49 CFR 501.8)

Issued on December 2, 1975.

Associate Administrator,
Motor Vehicle Programs.

Part 579 is proposed to read as follows:

PART 579—DEFECT AND NONCOMPLIANCE RESPONSIBILITY

Sec.
579.1 Scope.
579.2 Purpose.
579.3 Application.
579.4 Definitions.
579.5 Defect and noncompliance responsibility.

§ 579.1 Scope.

This part sets forth the responsibilities of manufacturers for safety-related defects and noncompliances with Federal motor vehicle safety standards in motor vehicles and items of motor vehicle equipment.

§ 579.2 Purpose.

The purpose of this part is to facilitate the notification of owners of defective and noncomplying motor vehicles and items of motor vehicle equipment, and the remedy of defective and noncomplying vehicles and items of equipment, by equitably reapportioning the responsibility for safety-related defects and noncompliances with Federal motor vehicle safety standards among manufacturers of motor vehicles and motor vehicle equipment.

§ 579.3 Application.

This part applies to all manufacturers of motor vehicles and motor vehicle equipment.

§ 579.4 Definitions.

(a) "Original equipment" means an item of motor vehicle equipment (other than a tire) which was installed in or on a motor vehicle at the time of its delivery to the first purchaser if—

(1) The item of equipment was manufactured by the motor vehicle manufacturer;

(2) The item of equipment was installed on or in the motor vehicle at the time of its delivery to a dealer for distribution; or

(3) The item of equipment was installed by the dealer or distributor with the express authorization of the motor vehicle manufacturer.

(b) "Replacement equipment" means—

(1) Motor vehicle equipment other than original equipment as defined in paragraph (a) of this section; and

(2) Tires.

§ 579.5 Defect and noncompliance responsibility.

(a) Except as provided in paragraph (c) of this section, each manufacturer of a motor vehicle shall be responsible for any defect or noncompliance determined to exist in the vehicle or in any item of original equipment installed on or in the vehicle at the time of its delivery to the first purchaser.

(b) Each manufacturer of an item of replacement equipment shall be responsible for any defect or noncompliance determined to exist in the equipment.

(c) If a defective or noncomplying item of original equipment manufactured by a single equipment manufacturer is installed by five or more vehicle manufacturers in the vehicles they manufacture, each vehicle manufacturer may, at its option,

(1) Treat the item of equipment as replacement equipment by submitting to the equipment manufacturer all of the purchase records of the vehicle containing the defective or noncomplying item of equipment; or

(2) Treat the item of equipment as original equipment.

[20 CFR Part 625]

DISASTER UNEMPLOYMENT ASSISTANCE

Proposed Rulemaking

Regulations implementing the unemployment assistance provisions of section 407 of the Disaster Relief Act of 1974 (Public Law 93-288, 88 Stat. 143, 156) were published in the FEDERAL REGISTER on October 11, 1974, at 39 FR 36579, as Part 625 of Title 20, Code of Federal Regulations. Section 625.9(b)(1)(v) of Part 625 provides that the disaster unemployment assistance payable to an individual for a week shall be reduced by the amount the individual has received or is entitled to receive for the week as a basic weekly allowance under section 111(a) of the Comprehensive Employment and Training Act of 1973 (29 U.S.C. 821).

A conflict with the regulations under the Disaster Relief Act of 1974 has arisen in Parts 94 and 95 of the regulations implementing the Comprehensive Employment and Training Act of 1973, which were published in the FEDERAL REGISTER on May 23, 1975, at 40 FR 22674, as parts of Title 29, Code of Federal Regulations. Section 95.34(i)(1) of Part 95 provides that the basic weekly allowance payable to a participant pursuant to section 111 (a) of the Comprehensive Employment and Training Act of 1973 "shall be reduced, on a weekly basis, by the amount of unemployment compensation payments, if any, received by" the participant. Section 94.4(iii) of Part 94 defines the term "Unemployment compensation" as including "payments of unemployment assistance in accordance with the provisions of the Disaster Relief Act."

Authority for these conflicting regulations is based on the statutes, to which it is necessary to return to resolve the conflict. Section 407 of the Disaster Relief Act of 1974 provides that unemployment assistance payable to an individual for a week "shall be reduced by any amount of unemployment compensation or of private income protection insurance compensation available to such individual for such week of unemployment." Section 111(a) of the Comprehensive Employment and Training Act of 1973 in effect requires a similar reduction in the basic weekly allowance payable to an individual for a week, by the "amounts received by the trainee in the form of unemployment compensation payments." In order to give effect to the intent and purpose of both laws, in furnishing a compatible scheme of assistance to individuals entitled to benefits under both laws for the same week, it is apparent that the language of section 111(a) is more specific. Section 111(a) specifically requires that unemployment compensation be taken into account, and unemployment assistance is not unlike unemployment compensation, in that both provide a benefit with respect to the unemployment of individuals. The basic weekly allowance under section 111(a) is more distinguishable from unemployment compensation because it is restricted to partcipants in a training program, although it is payable in the same circumstances as unemployment compensation is payable to trainees who have earned entitlement to unemployment compensation.

Accordingly, to give the most reasonable effect consistent with the purposes of both laws, disaster unemployment assistance should be payable without regard to entitlement to a basic weekly allowance under section 111(a), and disaster unemployment assistance re-

V40235 DEC 5 75 XUM

ceived by an individual should be deducted from any basic weekly allowance payable to the individual for the same week under section 111(a). Therefore, it is proposed that § 625.9(b)(1) of Part 625, Title 20 of the Code of Federal Regulations, be amended to resolve the conflict in the regulations.

Interested persons are invited to submit written data, views, or arguments on the amendments in this document, to the U.S. Department of Labor, Employment and Training Administration, Room 7000, Patrick Henry Building, 601 "D" Street NW., Washington, D.C. 20213, on or before January 5, 1976. All material received in response to this invitation will be available for public inspection during normal business hours at that address.

It is therefore proposed that § 625.9 (b)(1) be amended by deleting therefrom paragraph (v), and by relettering paragraphs (vi) and (vii) as (v) and (vi), so that § 625.9(b)(1) reads as follows:

§ 625.9 Amount.

* * * * *

(b) *Deductions.* The disaster unemployment assistance payable to an applicant for a week shall be reduced by:

(1) The amount of any of the following that an applicant has received for the week or would receive for the week if he filed a claim or application therefor and took all procedural steps necessary under the appropriate law or insurance policy:

(i) Regular unemployment compensation, additional unemployment compensation, extended unemployment compensation, and any other unemployment compensation under a State or Federal unemployment compensation law, or

(ii) A trade readjustment allowance under the Trade Expansion Act of 1962, or

(iii) Any compensation or insurance from any source for loss of wages due to illness or disability, or

(iv) A supplemental unemployment benefit pursuant to a collective bargaining agreement, or

(v) Private income protection insurance, or

(vi) Any workmen's compensation by virtue of the death of the head of the household as the result of the major disaster in the major disaster area, prorated by weeks, if the applicant is within the provisions of § 625.8(a)(7).

(Secs. 302(a) and 601, Pub. L. 93-288, 88 Stat. 146, 163 (42 U.S.C. 5142(a), 5201); EO 11795, 39 FR 25939; delegation of authority from the Secretary of Housing and Urban Development to the Secretary of Labor, effective August 5, 1974, 39 FR 33020; and Secretary's Order 4-75, 40 FR 18515. Interpret and apply sec. 407 of the Disaster Relief Act of 1974 (42 U.S.C. 5177)).

Signed at Washington, D.C., this 21st day of November, 1975.

WILLIAM H. KOLBERG,
Assistant Secretary for Employment and Training.

CONTROL OF AIR POLLUTION FROM NEW MOTOR VEHICLES AND NEW MOTOR VEHICLE ENGINES

Emission Regulations for New Motorcycles

Correction

In FR Doc. 75-28178, appearing at page 49496, in the issue for Wednesday, October 22, 1975, corrected in the issue for Monday, November 10, 1975, at page 52415 make the following change. On page 52415 in paragraph 8b, in the first equation the figure now reading "12,000 km" should read "30,000".

[40 CFR Parts 124, 125]

[FRL 464-6]

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM

Separate Storm Sewers

On December 22, 1972, regulations were promulgated and published in the FEDERAL REGISTER (37 FR 28290) establishing a new Part 124, Guidelines for State Program Elements Necessary for Participation in the National Pollutant Discharge Elimination System (NPDES), the new national water discharge permit program. Comments received in response to these regulations and to proposed NPDES application forms, proposed in the FEDERAL REGISTER on December 5, 1972 (37 FR 25898), indicated a need to consider the desirability of attempting to apply the permit system to all point sources conceivably covered by the broad definitional framework established by the Federal Water Pollution Control Act, 33 U.S.C. 1251 *et seq.* (FWPCA). EPA's intent to consider exclusions from the permit system, particularly for agricultural and silvicultural sources, was noticed in the FEDERAL REGISTER on December 29, 1972 (37 FR 28765). On May 3, 1973, EPA proposed classes and categories of silvicultural and agricultural activities which would not be subject to NPDES permit requirements (38 FR 10960).

On May 22, 1973, regulations establishing policies and procedures for issuance of NPDES permits by the Federal government were promulgated and published (38 FR 13528) at 40 CFR Part 125. In the May 22 publication, § 125.4, entitled Exclusions, provided that NPDES permits were not required for discharges from separate storm sewers composed entirely of storm runoff uncontaminated by industrial or commercial activity. Subsequently, on July 5, 1973, EPA amended § 125.4 (38 FR 18000) to exclude categories of small concentrated animal feeding operations and certain agricultural and silvicultural activities from the permit requirement. On this date EPA also amended Part 124 by adding a new § 124.11, Exclusions. This section authorized the States to make the same exclusions as provided for in the amended Part 125 regulations. The exclusions did not operate, however, to exempt point sources within the excluded categories from compliance with applicable effluent limitations or other standards established under the FWPCA (38 FR 18001-02). In addition, the EPA Regional Administrator or the Director of a State water pollution control agency could override the exclusions by identifying individual sources as significant contributors of pollution. Once so identified, significant contributors of pollution were required to apply for and comply with NPDES permits. 40 CFR §§ 124.11 (h)(5), 125.4(b)(5) (1975).

In promulgating the July 5 regulations EPA stated its belief that while some point sources within the excluded categories may be significant contributors of pollution which should be regulated consistent with the purposes of the FWPCA, it would be administratively difficult if not impossible, given Federal and State resource levels, to issue individual permits to all such point sources. In addition, the Agency stated that regulation through the use of site-specific NPDES permits was not appropriate for most of the small sources covered by the exemptions. Essentially, these regulations providing for exemptions were based upon EPA's view (a view which it continues to maintain is correct) that most sources within the exempted categories present runoff-related problems not susceptible to the conventional NPDES permit program including effluent limitations. EPA's position was and continues to be that most rainfall runoff is more properly regulated under section 208 of the FWPCA, whether or not the rainfall happens to collect before flowing into navigable waters. Agricultural and silvicultural runoff, as well as runoff from city streets, frequently flows into ditches or is collected in pipes before discharging into streams. EPA contends that most of these sources are nonpoint in nature and should not be covered by the NPDES permit program.

In this way, the exercise of limited administrative discretion in excluding these basically nonpoint sources from the permit program is the best means for achieving the Congressional intent consistent with the language of the FWPCA. Even if these runoff sources were considered to be point sources, the FWPCA does not unambiguously require that all point sources obtain an NPDES permit. Section 301 states that the discharge by any person from a point source is unlawful "except as in compliance with" section 402. Section 402 states that "the Administrator may . . . issue a permit for the discharge of any pollutant [from a point source]." This language requires every point source discharger to comply with the permit program (including any necessary administrative exclusions) established by the Administrator under section 402; but this language does not require the Administrator to establish a program under which permits will be issued to every point source, including point sources which collect runoff pollution.

The Natural Resources Defense Council (NRDC) challenged this exercise of the Administrator's discretion in a lawsuit filed in the Federal District Court for the District of Columbia. The District Court ruled in favor of NRDC [*NRDC* v. *Train*, 396 F. Supp. 1393, 7 ERC 1881 (D.D.C. 1975)] and on June 10, 1975, issued a final order requiring EPA to propose and promulgate regulations "extending the NPDES permit system to include all point sources" in the concentrated animal feeding operation, separate storm sewer, agricultural and silvicultural categories. Under the terms of the order EPA was to propose regulations relating to storm sewers by November 10, 1975, and promulgate such regulations by March 10, 1976. An extension until December 1, 1975, was obtained for proposing the storm sewer regulations.

As part of the effort to carry out the requirements of the court order EPA has solicited and received information, statistics, and advice from other Federal agencies, State and local officials, trade associations, agricultural and environmental groups, and interested members of the public. Public meetings were held in Washington, Boston, Chicago, Omaha, and Dallas to consider the separate storm sewer and concentrated animal feeding operation categories. At each of these meetings, significant opposition was voiced to the development of an expanded permit system within the NPDES program as it has been administered to date. Such opposition came from persons representing both potential permittees and permit issuing agencies. In general, these individuals and organizations stated that expansion of the NPDES program to the previously excluded categories of point sources must not be carried out so as to require the issuance of individual permits to all affected dischargers. Many commenters pointed out that such a program would require a massive commitment of resources, both by the dischargers and by the issuing agencies, which would not be commensurate with the modest pollution reduction to be gained from the program. They also emphasized that numerical effluent limitations are inappropriate for pollution abatement from most of these sources, and they urged EPA to consider alternative pollution control processes and methods as a basis for any proposed permit system.

Taking these comments as well as the legislative history, the statutory language, the *NRDC* v. *Train* decision, and the technical data available on storm sewers into consideration, EPA today is proposing regulations for the separate storm sewer category. It must be emphasized, however, that these regulations do not apply to every point source which may fall within the definition proposed herein for "separate storm sewer." In order for these regulations to be applicable, there must be a "discharge of a pollutant" and that phrase is defined in section 502(12) to mean "any addition of any pollutant to navigable waters from any point source." Thus a separate storm sewer must emit pollutants, and they must be added to "navigable waters." The term "pollutant" is defined in section 502(6) of the FWPCA to include a broad range of substances. Similarly, the term "navigable waters" is broadly defined in section 502(7) and is interpreted in detail by the NPDES regulations at 40 CFR § 125.1(p).

The effect of these regulations, following promulgation and final publication, upon State NDPES programs will be that those NDPES States which have enacted legislation or adopted regulations embodying the earlier exclusions will be required to amend their statutes or regulations so as to be consistent with Federal law and the decisions of the District Court.

In addition to proposing these regulations for separate storm sewers EPA has proposed regulations relating to feedlots and will in the future propose regulations concerning the applicaion of the permit system to agricultural and silvicultural activities, as required by the court order. Because EPA believes that many sources of pollution within these previously excluded categories are not susceptible to regulation by effluent limitations and are not appropriate subjects for Federal regulation, EPA is seeking relief in the courts. Therefore EPA has urged the Department of Justice to appeal the decision of the District Court in *NRDC* v. *Train*.

The basic provisions of the proposed regulations, as well as the implementation strategy for the proposed permit system, are described below:

PROPOSED REGULATIONS FOR SEPARATE STORM SEWERS

CONTENT OF REGULATIONS

(1) The exclusion of separate storm sewers from the NPDES permit program is deleted from §§ 124.11 and 125.4.

(2) Provisions for the issuance of permits for pollution control from separate storm sewers are found in an amended Subpart I of Part 124 and a new Subpart F of Part 125, both Subparts entitled "Special Programs."

(3) New sections, §§ 124.83 and 125.52, Separate Storm Sewers, are added. These sections would define "separate storm sewer" as a publicly-owned system of pipes located in an urbanized area as designated by the Bureau of Census, and designed, constructed, and operated for the purpose of collecting and conveying discharges composed entirely of storm runoff uncontaminated by process waste from any industrial or commercial activity. A Regional Administrator or the Director of a State water pollution control agency would be authorized to designate as significant contributors of pollution any pipes not located in urbanized areas but otherwise included within this definition, and such pipes would be subject to these regulations. Dischargers subject to these regulations would be authorized to discharge subject to such regulations as the Administrator may in the future promulgate. Such future regulations may include effluent guidelines based upon monitoring studies, technological advances or management practices. These regulations may also include provisions for the issuance of either general or individual permits. Furthermore, the Regional Administrator or State Director may at any time designate any discharges which are subject to these regulations as being subject to the general provisions of Part 124 or 125, thus requiring such dischargers to apply for and to obtain conventional NPDES permits.

STRATEGY OF REGULATIONS

The term "separate storm sewer" was not defined in the July 5, 1973, exclusions to the NPDES regulations. Furthermore, the exclusion applied only to those discharges from separate storm sewers (a) which were composed entirely of storm runoff and (b) which were uncontaminated by any industrial or commercial activity. Permits were thus required for those discharges from systems designed as separate storm sewers but which did not meet the elements of both (a) and (b).

The proposed regulations would define "separate storm sewer" as (1) a publicly-owned system of pipes (2) located in an urbanized area (3) which is designed, constructed, and operated for the purpose of collecting and conveying discharges (4) composed entirely of storm runoff (5) uncontaminated by process waste from any industrial or commercial activity. The fact that a storm sewer may carry industrial or commercial contaminants would not remove it from coverage by these regulations if it is located in an urbanized area and is designed, constructed, and operated for the purpose of collecting and conveying storm runoff discharges as described in the above definition. However, if a storm sewer is designed, constructed, and operated in whole or in part for the purpose of collecting and conveying commercial or industrial process waste, it would not be subject to these regulations, but would be subject to the general provisions of Parts 124 and 125.

Application of these proposed regulations to those separate storm sewers which discharge into navigable waters would cover all other separate storm sewers which connect with such discharging storm sewers. These regulations would not, however, apply to discharges into separate storm sewers from point sources which are not themselves separate storm sewers. Such discharges would be subject to and permitted pursuant to the general provisions of Parts 124 and 125. See *United States v. Granite State Packing*, 470 F.2d 303 (1st Cir. 1972). Thus where there is a discharge from a point source which is included in the definition of "separate storm sewer," and also an industrial or commercial activity which discharges into that system, both the storm sewer and the other discharge would be required to apply for a permit. Combined sewers would continue to be permitted according to the general provisions of Parts 124 and 125.

V40235 DEC 5 75 XUM

EPA intends that the regulations should not apply to *de minimis* sources of pollution. Prior to final promulgation of these regulations, EPA welcomes comments and data concerning whether any correlations can be demonstrated between varying pipe sizes and pollutant types and loads, and if so, the nature of those correlations. If at the conclusion of the comment period it appears that there is a significant correlation between pipe size and pollutant types and loads, EPA may elect to include a reference to pipe size in the definition of separate storm sewer.

The proposed regulations contain a definition of separate storm sewer which excludes storm sewers located outside of predominantly urban areas unless the Regional Administrator or the Director of a State water pollution control agency designates such sewers as being significant contributors of pollution. The reason for this exclusion is that rural storm water drainage is a *de minimus* source of water pollution more appropriately subject to control, where necessary, through the mechanisms being developed under section 208 of the FWPCA than through the section 402 NPDES permit system.

The FWPCA establishes two different regulatory systems to control water pollution: the Federal/State NPDES permit system (section 402) and the State/Regional areawide waste treatment management system (section 208). The primary concern of the permit program established pursuant to section 402 is the regulation of pollution from industrial sources and from municipal treatment plants. There is little doubt that Congress intended permits to contain prohibitions or effluent limitations which either prohibit pollutant discharges or place precise numerical limitations upon the amount of pollution allowed. This system works well for industrial sources and municipal sewage treatment plants because the wastes produced are generated by discrete, identifiable sources and can be controlled by equally identifiable treatment methods whose abatement efficiency is known. The quality and quantity of the resulting discharge is predictable and may be incorporated in legally enforceable permits. It thus appears that Congress intended the NPDES permit program to apply primarily to industrial and municipal dischargers whose effluent is relatively constant and for which the pollution reduction attainable by particular technologies may be predicted with relative accuracy.

Congress recognized, however, that runoff pollution presents entirely different kinds of problems. Pollution from runoff results from rainfall which, in the course of draining into navigable waters, picks up naturally occurring pollutants and pollutants resulting from man's activities on the land. Examples of this type of pollution are the transport of silt, fertilizer and pesticides from farms; runoff containing silt from construction sites; and oil, automobile exhaust products, and debris from streets. Pollution from runoff frequently arises over extensive land areas, relates to intermittent and unpredictable climatic events, and depends upon a host of factors which vary from site to site. For example, the amount of silt, oil, and lead in runoff from an urban area depends upon the frequency of rainfall, the size of the area and of its population, the proportion of the area that is paved as compared to the proportion devoted to trees and plants, the amount of automobile traffic, the relative usage of leaded and non-leaded gas, and numerous other factors. Similarly, for agricultural runoff it is impossible on a national basis to quantify the pollutant loadings or to characterize the types of pollutants which will compose the runoff from farms. Hence, with certain exceptions, these pollution problems generally are not amenable to regulation through a permit incorporating precise effluent limitations based upon generally applicable technology-based effluent treatment guidelines. Instead, the adoption of appropriate management and water use methods appears to be the most promising means of reducing pollution from runoff.

Congress recognized the unique characteristics of rural runoff pollution in sections 208 and 304(e) of the FWPCA. See §§ 208(b)(2)(F) and 304(e)(2)(A). Similarly, the several discussions in the legislative history of the FWPCA of agriculturally- and silviculturally-related pollution reveal that while Congress considered it to be a problem of significant magnitude, Congress believed that technological solutions were not available (apart from solutions for feedlot-related pollution) and that the development of non-structural control measures and land use practices should be left to State and Regional agencies under section 208.

The problem which confronts EPA with the development of these regulations is that under a literal reading of the FWPCA runoff generally collects before flowing into navigable waters. The question thus raised is whether the collection of such runoff means that the conventional NPDES permit system must necessarily be applied to these sources of pollution to the exclusion of more appropriate regulatory measures. EPA has concluded that it should not. It is EPA's position that the NPDES permit system should not be extended to runoff-generated pollution which is essentially nonpoint in nature in those rural areas where the distinction between agriculturally- and silviculturally-related runoff and storm water runoff, which happens to be channelled, is tenuous at best. EPA believes that Congress intended to regulate all rural runoff through the same mechanism, the section 208 planning process. EPA has therefore differentiated in the proposed regulations between rural stormwater runoff which may be collected before discharge and urban storm sewers which, with certain accommodations, ultimately may be susceptible to the section 402 permit program.

EPA's determination that collected rural rainfall runoff is nonpoint in nature and that any pollution resulting from such runoff is best addressed by the section 208 process does not apply to pollution attributable to rainfall runoff from confined, discrete areas intimately associated with industrial and commercial sources, such as coal piles.

In those instances in which such pollution has been addressed in effluent limitations guidelines pursuant to sections 301 and 304 of the FWPCA and in new source performance standards pursuant to section 306, it has been susceptible to control or to complete elimination through well recognized pollution abatement techniques. Thus while the use of urbanized areas as designated by the Bureau of the Census represents a sensible line of demarcation between rural and urban runoff, it should not be extended beyond its intended purpose or be taken as an indication of EPA's intent to absolve industrial and commercial sources from the obligation to abate pollution attributable to material storage piles, waste piles, and similar sources which are directly associated with basic industrial processes or commercial activities.

The proposed definition of "separate storm sewer" includes only those pipes which are part of a system specifically designed, constructed, and operated to collect and convey stormwater runoff from urban areas. Thus if a pipe is neither a part of a storm sewer system nor operated as part of a system to collect (as well as to convey) uncontrolled storm runoff, it is not subject to these regulations. In particular, individual road culverts and highway ditches generally would be excluded from the proposed definition of "separate storm sewer."

The storm sewer system must be intended to collect and to convey storm runoff which itself is uncontaminated by industrial or commercial process waste. Urban systems which carry road runoff containing contaminants from commercial vehicles would be subject to these proposed regulations, provided such systems were otherwise included in the definition of "separate storm sewer." To be excluded from the definition (and, therefore, be subject to the general permit provisions of Parts 124 and 125) by reason of the type of contaminant which it carries, an urban system must be designed, constructed, and operated to carry discharges resulting from commercial or industrial processes such as manufacturing, production, and similar types of operations.

The proposed regulations authorize the discharge of pollutants from separate storm sewers, subject to two provisions: (1) EPA may in the future promulgate regulations which impose requirements upon the owners and operators of separate storm sewers, including but not limited to procedures for the issuance of general or individual permits to such persons; (2) the Regional Administrator or the State Director may at any time require any discharger to apply for and to receive a conventional NPDES permit.

It is anticipated that the permit issuing authority may, in the future, find it appropriate to impose various requirements upon some or all of the separate storm sewer dischargers. Such requirements could include provisions for inventorying, monitoring, sampling, and/or pollution control through effluent limitations based on monitoring studies, technological advances or management practices. These requirements would probably vary among classes and categories of separate storm sewers. Furthermore, the mechanisms for imposing such requirements—general or individual permits, with or without application forms and similar provisions—would vary among different types of dischargers. At present, however, it is EPA's position that none of these requirements should be made to apply across-the-board to all persons subject to these regulations. Thus EPA at this time proposes to authorize such discharges, subject to any regulations which the Agency might promulgate in the future containing information-gathering and/or pollution control provisions.

Under the proposed regulations, Regional Administrators and State Directors could require storm sewer dischargers to obtain conventional site-specific permits on a case-by-case basis. It is EPA's intent that this authority be exercised in only a limited number of cases, involving those separate storm sewers which are sources of the most serious levels and types of pollution. At present there is a lack of knowledge concerning economically practicable pollution control technologies, and EPA has no reason to believe that effluent limitations guidelines for separate storm sewers will be forthcoming in the foreseeable future. Thus at present EPA and the States may be unable to develop reasonable permit terms which require much more than information-gathering by any dischargers which receive conventional NPDES permits. Issuance of any individual permits would probably follow the development of section 208 plans, and the permits would be consistent with such plans.

This program would be intended to focus most permitting resources upon a limited number of discharges which have been identified by permit-issuing authorities as constituting the most serious sources of pollution. It would recognize present limitations upon the ability of permitting agencies to prescribe numerical effluent limitations for separate storm sewer systems but would retain their authority to impose any such limitations where they have the ability to do so. It would also enable these agencies to gather information necessary for the development of such limitations without imposing unnecessary burdens upon all separate storm sewer dischargers. In sum it would apply the NPDES system to discharges from separate storm sewers in a manner which would minimize administrative and financial burdens while addressing the need for pollution abatement from these sources in a rational and sensible manner.

REQUEST FOR COMMENT

Interested persons may participate in this rule-making by submitting written comments to the Legal Branch, Water Enforcement Division, EN-338, Office of Water Enforcement, Environmental Protection Agency, 401 M Street, SW., Washington, D.C. 20460. Comments upon all aspects of the proposed regulation are solicited. In particular comments are desired concerning all aspects of the proposed definition of "separate storm sewer"; the scope and purpose of the regulations; the nature and extent of any information gathering and/or control requirements which may in the future be imposed upon discharges from separate storm sewers; and the proposed future promulgation of general permits.

In the event comments are in the nature of criticism as to the adequacy of data which are available or which may be relied upon by the Agency, comments should identify and, if possible, provide any additional data which may be available and should indicate why such data are essential to the development of the regulations. In the event comments address the approach taken by the Agency in establishing this regulation, EPA solicits suggestions as to what alternative approach should be taken and why and how this alternative better satisfies the requirements of the court order.

No Inflationary Impact Statement is required by Executive Order 11821 for these proposed regulations since the economic effects will not exceed the criteria established by EPA and approved by the Office of Management and Budget for the preparation of such statements.

A copy of all public comments will be available for inspection and copying at the EPA Public Information Reference Unit, Room 2922, Rear Library-Mall, Waterside Mall, 401 M Street, S.W., Washington, D.C. 20460. The EPA information regulation, 40 CFR Part 2, provides that a reasonable fee may be charged for copying. All comments received on or before January 17, 1976 will be considered.

AUTHORITY: Sections 304, 402, and 501 of the Federal Water Pollution Control Act Amendments of 1972. (86 Stat. 816 *et seq.*, Pub. L. 92-500, 33 U.S.C. 1251 *et seq.*).

JOHN QUARLES,
Acting Administrator.

DECEMBER 2, 1975.

PART 124—STATE PROGRAM ELEMENTS NECESSARY FOR PARTICIPATION IN THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM

Part 124 of Title 40 of the Code of Federal Regulations, setting forth State program elements necessary for participation in the National Pollutant Discharge Elimination System, is proposed to be amended as follows:

§ 124.11 (Amended)

1. Section 124.11 is amended by deleting subsection (f) and by relettering subsections (g), (h), (i) and (j) to (f), (g), (h), and (i) respectively.

Subpart I (Amended)

2. Subpart I of Part 124 is amended by deleting the title "Disposal of Pollutants Into Wells" and adding a new title "Special Programs," and by renumbering § 124.80 to § 124.81.

3. Subpart I of Part 124 is amended by adding a new § 124.83, Separate Storm Sewers, as follows:

§ 124.83 Separate Storm Sewers.

(a) *Definitions.* For the purpose of this subpart:

(1) Th term "separate storm sewer" means a publicly-owned system of pipes located in an urbanized area and designed, constructed, and operated for the purpose of collecting and conveying discharges composed entirely of storm runoff uncontaminated by process waste from any industrial or commercial activity. *Provided*, however, that if the Director designates as a significant contributor of pollution any discharge of pollutants into navigable waters from a pipe or system which is designed, constructed, and operated for the purpose of collecting and conveying discharges composed entirely of storm runoff uncontaminated by process waste from any industrial or commercial activity, even though it is not located in an urbanized area, then such pipe nevertheless shall be considered to be a "separate storm sewer" for the purpose of this Subpart.

(2) The term "urbanized area" means an area designated by the Bureau of Census as urbanized according to the criteria listed in 39 FR 15202 (May 1, 1974).

(b) *Scope and purpose.* (1) This section prescribes the procedures to be followed in connection with the authorization for discharges from separate storm sewers. Authorization for dischagres into navigable waters from separate storm sewers shall include all other separate storm sewers which connect with such discharging storm sewers.

(2) This section does not apply to discharges of pollutants into separate storm sewers from point sources other than separate storm sewers.

(c) (1) The Director, by regulation, may permit the owner or operator of a separate storm sewer to discharge pollutants from such separate storm sewer into navigable waters for purposes of Section 402 of the Federal Water Pollution Control Act, subject to (2) and (3) of this subsection.

(2) The owner or operator of a separate storm sewer shall be subject to such regulations concerning the discharge of pollutants into navigable waters as the Administrator may hereafter promulgate, including but not limited to regulations which prescribe procedures for the issuance of either general or individual permits for such discharges.

(3) The Director or the Regional Administrator may designate any discharge of pollutants from a separate storm sewer into navigable waters as being subject to the general provisions of this Part.

V40235D DEC 5 75 XUM

PART 125—NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM

Part 125 of Title 40 of the Code of Federal Regulations, setting forth policies and procedures for the Environmental Protection Agency's administration of its role in the National Pollutant Discharge Elimination System, is proposed to be amended as follows:

§ 125.4 [Amended]

1. Section 125.4 is amended by deleting subsection (f) and by relettering subsections (g), (h), (i) and (j) to (f), (g), (h), and (i) respectively.

2. Part 125 is amended by adding a new Subpart F, Special Programs, as follows:

Subpart F—Special Programs

§ 125.52 Separate Storm Sewers.

(a) *Definitions.* For the purpose of this subpart:

(1) The term "separate storm sewer" means a publicly-owned system of pipes located in an urbanized area and designed, constructed, and operated for the purpose of collecting and conveying discharges composed entirely of storm runoff uncontaminated by prdeess waste from any industrial or commercial activity. *Provided,* however, that if the Regional Administrator designates as a significant contributor of pollution any discharge of pollutants into navigable waters from a pipe or system which is designed, constructed, and operated for the purpose of collecting and conveying discharges composed entirely of storm runoff uncontaminated by process waste from any industrial or commercial activity, even though it is not located in an urbanized area, then such pipe nevertheless shall be considered to be a "separate storm sewer" for the purpose of this Subpart.

(2) The term "urbanized area" means an area designated by the Bureau of Census as urbanized according to the criteria listed in 39 FR 15202 (May 1, 1974).

(b) *Scope and purpose.* (1) This section prescribes the procdures to be followed in connection with the authorization for discharges from separate storm sewers. Authorization for discharges into navigable waters from separate storm sewers shall include all other separate storm sewers which connect with such discharging storm sewers.

(2) This section does not apply to discharges of pollutants into separate storm sewers from point sources other than separate storm sewers.

(c) (1) The owner or operator of a separate storm sewer is hereby permitted to discharge pollutants from such separate storm sewer into navigable waters for purposes of Section 402 of the Federal Water Pollution Control Act, subject to (2) and (3) of this subsection.

(2) The owner or operator of a separate storm sewer shall be subject to such regulations concerning the discharge of pollutants into navigable waters as the Administrator may hereafter promulgate, including but not limited to regulations which prescribe procedures for the issuance of either general or individual permits for such discharges.

(3) The Regional Administrator may designate any discharge of pollutants from a separate storm sewer into navigable waters as being subject to the general provisions of this part.

INTERNATIONAL TRADE COMMISSION

[19 CFR Part 201]

CONFIDENTIAL BUSINESS INFORMATION

Practice and Procedure; Notice of Proposed Rulemaking

Correction

In FR Doc. 75-31575, appearing at page 54265, in the issue for Friday, November 21, 1975, in the fifth paragraph, the second sentence now reading "The Commission presently intends to make the final regulations effective December 22, 1975" should be changed to read "The Commission presently intends to make the final regulations effective thirty days after their publication in the FEDERAL REGISTER."

VETERANS ADMINISTRATION

[38 CFR Part 3]

VETERANS BENEFITS

Character of Discharge

The Administrator of Veterans' Affairs proposes to amend Part 3 of Title 38, Code of Federal Regulations, to incorporate a provision relating to the effect of discharge issued through boards for correction of records.

Section 3103 of Title 38, United States Code, provides that a discharge or dismissal by reason of sentence of a general court martial, discharge on the ground the person was a conscientious objector who refused to perform military duty, wear the uniform or otherwise comply with lawful orders of competent military authority, as a deserter, acceptance of resignation of an officer for the good of the service, or with an exception, discharge of an individual during a period of hostilities as an alien, shall bar all rights under laws administered by the Veterans Administration. Section 101(2) of Title 38, United States Code, which defines the term "veteran" includes a requirement that discharge be under conditions other than dishonorable. Under this provision a discharge under dishonorable conditions is a bar to veterans' benefits.

Section 3.12 of Title 38, Code of Federal Regulations, implements these statutory provisions and specifies types of discharges which will constitute a bar to payment of benefits by the Veterans Administration. The Secretaries of the service departments, acting through boards of civilian employees, may correct any military record where required to correct an error or remove an injustice. Similar authority is exercised by the Secretary of Transportation with respect to the Coast Guard. The Secretaries are also authorized to establish discharge review boards which may review any discharge other than a discharge by reason of sentence of a general court-martial. In any case subject to review, a discharge review board may change, correct or modify the discharge and issue a new discharge when the evidence submitted to it warrants such action.

For the purpose of benefits administered by the Veterans Administration it has been held that an honorable discharge or discharge under honorable conditions issued through a board for correction of records established under authority of 10 U.S.C. 1552 sets aside any prior bar to benefits because of a discharge under one of the conditions specified in § 3.12, Title 38, Code of Federal Regulations. It has also been held that an honorable discharge or discharge under honorable conditions issued through a discharge review board established under 10 U.S.C. 1553 sets aside any prior bar to benefits because of a discharge issued under one of the conditions specified in § 3.12, Title 38, Code of Federal Regulations except the bar contained in § 3.12(c)(2) relating to discharge by reason of the sentence of a general court-martial. It is proposed to incorporate these holdings in § 3.12.

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposal to the Administrator of Veterans' Affairs, Veterans Administration, 810 Vermont Avenue, NW., Washington, DC 20420. All relevant material received before January 5, 1976 will be considered. All written comments received will be available for public inspection at the above address only between the hours of 8 am and 4:30 pm Monday through Friday (except holidays), during the mentioned 30-day period and for 10 days thereafter. Any person visiting Central Office for the purpose of inspecting any such comments will be received by the Central Office Veterans Assistance Unit in room 132. Such visitors to any field station will be informed that the records are available for inspection only in Central Office and furnished the address and the above room number.

Notice is given the amendment to the regulation would be effective the date of final approval.

1. The cross reference immediately preceding § 3.12 is deleted.

2. In § 3.12, paragraph (c)(5) is revised and paragraphs (e) and (f) are added so that the revised and added material reads as follows:

§ 3.12 Character of discharge.

• • • • •

(c) Benefits are not payable where the veteran was discharged or released under one of the following conditions:

• • • • •

(5) As an alien during a period of hostilities, where it is affirmatively shown that the veteran requested his or her release. See § 3.7(b). (38 U.S.C. 3103(a))

• • • • •

(e) An honorable discharge or discharge under honorable conditions issued through a board for correction of records established under authority of 10 U.S.C. 1552 is final and conclusive on the Veterans Administration. The action of the board sets aside any prior bar to benefits imposed under paragraph (c) or (d) of this section.

(f) An honorable discharge or discharge under honorable conditions issued through a discharge review board established under 10 U.S.C. 1553 is recognized by the Veterans Administration as setting aside any bar to benefits imposed under paragraph (c) or (d) of this section, except that bar contained in paragraph (c)(2).

3. Immediately following § 3.12, the cross references are amended to read as follows:

CROSS REFERENCES: Validity of enlistments. See § 3.14. Revision of decisions. See § 3.105. Effective dates. See § 3.400 (g).

Approved: December 1, 1975.

By direction of the Administrator.

[SEAL] ODELL W. VAUGHN, *Deputy Administrator.*

DEPARTMENT OF THE TREASURY

Customs Service

[T.D. 75-302]

INSTRUMENTS OF INTERNATIONAL TRAFFIC

Certain Bags Used for Transportation of White Beans Designated as Instruments of International Traffic

NOVEMBER 26, 1975.

It has been established to the satisfaction of the U.S. Customs Service that bags designed to transport "white beans" with the trade designation of "Fibrex", measuring 40 inches in length, 25 inches in width and composed of a single piece of woven fabric of man-made fiber strip, are substantial, suitable for and capable of repeated use, and are used in significant numbers in international traffic.

Under the authority of section 10.41a (a)(1), Customs Regulations, I hereby designate the above-described bags as "instruments of international traffic" within the meaning of section 322(a), Tariff Act of 1930, as amended. These bags may be released under the procedures provided for in section 10.41a, Customs Regulations.

LEONARD LEHMAN,
Assistant Commissioner, Regulations and Rulings.

ARMY SCIENTIFIC ADVISORY PANEL

Meeting

Under the provisions of exemption contained in Section 552(b)(1), Title 5 U.S.C., this meeting is partially closed to the public (3 February) due to the overall SECRET security classification of the material to be discussed.

Name of Committee: Army Scientific Advisory Panel.

Date: February 2-3, 1976.

Place: Ames Research Center, Moffett Field, CA.

Time: 0800—2200 hours, February 2, 1976, 0800–1135 hours, February 3, 1976.

Agenda: Attached.

Any additional information concerning the meeting may be obtained from Dr. Marvin E. Lasser, Chief Scientist, Department of the Army, Executive Director, Army Scientific Advisory Panel, Washington, D.C., (202) 695–1447.

MARVIN E. LASSER,
Executive Director.

ASAP WINTER MEETING AGENDA
AMES RESEARCH CENTER

2-3 FEBRUARY 1976

SUNDAY, 1 FEBRUARY—ARRIVALS AT SAN FRANCISCO AND SAN JOSE AIRPORTS AND TRAVEL TO RICKEYS

MONDAY, 2 FEBRUARY

0740–0800	Enroute from Rickeys Hyatt House to Ames Research Center by bus.
0800–0805	Welcome, B.G. Stevens.
0805–0810	Remarks, Dr. Mark.
0810–0815	Remarks, Mr. O'Neill.
0815–0835	Air Mobility Requirements, M.G. Maddox.
0835–0855	Discussion.
0855–0910	Utility Tactical Transport Aircraft System (UTTAS), HQ AVSCOM.
0910–0925	Discussion.
0925–0945	Coffee Break.
0945–1000	Advanced Attack Helicopter (AAH), HQ AVSCOM.
1000–1015	Discussion.
1015–1030	Remotely Piloted Vehicles (RPV), HQ AVSCOM.
1030–1045	Discussion.
1045–1130	A/C Survivability Equipment, AH–1Q Advanded Blade, Manufacturing Methods & Technology (MM&T) Program, HQ AVSCOM.
1130–1215	Discussion.
1215–1315	Luncheon.
1315–1430	Tour, HQ AMRDL. Laser Velocimeter. Water Tunnel. Acoustics. Simulation.
1430–1450	Break.
1450–1520	Advancing Blade Concept (ABC), Tilt Rotor, Rotor Systems Research Aircraft (RSRA), Controllable Twist Rotor, HQ AMRDL.
1520–1550	Discussion.
1550–1635	Propulsion, Structures, Aerodynamics, HQ AMRDL.
1635–1720	Discussion.
1720–1740	Enroute Rickeys Hyatt House by Bus.
1740–1830	Unscheduled Time.
1830–2200	Social Hour and Dinner, Rose Room, Rickeys Hyatt House—Remarks by Assistant Secretary of the Army (R&D), Honorable Edward A. Miller; Presentation on the Army Materiel Acquisition Review Committee (AMARC), Mr. Gale.

TUESDAY, 3, FEBRUARY

0740–0800	Enroute from Rickeys Hyatt House to Ames Research Center by Bus.
0800–0805	Remarks, Panel Chairman.
0805–0855	USAF Presentation "Tactical Air Concept for Close Air Support 1980–85" (SECRET), HQ, Tactical Air Command.
0855–0945	Discussion.
0945–1005	Break.

Panel Business Meeting—Ad Hoc Group Chairman Reports

1005–1010	Remarks of Panel Chairman and Swearing In of New Members and Consultants, Mr. O'Neill.
1010–1020	Army Security Agency Programs (S), Mr. Brown.
1020–1030	Discussion.
1030–1040	1974 Summer Study Review (U), Mr. Hope.
1040–1050	Discussion.
1050–1100	Nap of the Earth (NOE) Simulation (U), Dr. Curtiss.
1100–1110	Discussion.
1110–1120	Fire Safe Fuels (C), Dr. Hess.
1120–1130	Discussion.
1130–1135	Administrative Remarks and Adjournment, Mr. O'Neill.

Office of the Secretary

NATIONAL COMMUNICATIONS SYSTEM

Digital Interface Characteristics, Functional and Mechanical, Between Data Terminal Equipment and Data Communication Equipment; Proposed Federal Standard 1031

The Administrator of the General Services Administration (GSA) is responsible, under the provisions of the Federal Property and Administrative Services Act of 1949, as amended, for the Federal Standardization Program. On 14 August 1972, the National Communications System (NCS) [1] was designated by the Administrator, GSA, as the responsible agent for the development of telecommunication standards for NCS interoperability and the computer-communication interface. The Federal Telecommunication Standards Committee (FTSC) was established under the administration of NCS to accomplish this mission. Additionally, the Secretary of Commerce is authorized, under the provisions of Public Law 89–306 to develop and establish uniform Federal automatic data processing standards.

This proposed Federal Standard is part of a series of joint Federal Telecommunication Standards and Federal Information Processing Standards (FIPS) falling within the area of mutual responsibility of the NCS and the National Bureau of Standards (NBS) as defined in FIPS PUB 23 [2] and NCS Circular 175–1. [2]

The proposed Federal Standard and the companion FIPS Publication will adopt, in its entirety, the proposed Electronic Industries Association (EIA) Standard proposal SP 1194 when finally approved by the EIA and appropriate Federal Government agencies, considering the comments of respondents to this notice. The proopsed EIA Standard specifies the characteristics of the functional and mechanical interface between data terminal equipment and data communication equipment in applications where digital data is transmitted over telecommunication networks employing predominantly analog (i.e., nondigital) transmission facilities. The proposed EIA Standard was developed by an EIA Technical Subcommittee with Federal Government participation and has been recommended for processing as a Federal Standard by the FTSC with the concurrence of the National Bureau of Standards in response to requirements specified by various government agencies.

Prior to submission of the final endorsement of the proposed Federal Standard and its companion FIPS Publication to the Department of Commerce (DOC), the Office of Telecommunications Policy (OTP), Executive Office of the President, and GSA, it is essential that proper consideration is given to the needs and views of industry, the public, and state and local governments. The purpose of this notice is to solicit such views. Interested parties may sumbit their comments to the Office of the Manager, National Communications System, ATTN: NCS–TS, Washington, D.C. 20305. Those parties desiring copies of the proposed EIA Standard or who would like to be included on the EIA ballot list should submit their request directly to the Electronic Industries Association, Engineering Department, 2001 Eye Street, Washington, D.C. 20006. All All comments should be submitted to NCS or EIA as appropriate by January 5, 1976.

LEE M. PASCHALL,
Lieutenant General, USAF, Manager.

MAURICE W. ROCHE,
Director, Correspondence and Directives, OASD (Comptroller).

DECEMBER 3, 1975.

[2] Filed as part of original. Copies available from Office of the Manager, NCS, Washington, D.C. 20305.

PROPOSED STANDARD

DIGITAL INTERFACE CHARACTERISTICS, FUNCTIONAL AND MECHANICAL, BETWEEN DATA TERMINAL EQUIPMENT AND DATA COMMUNICATION EQUIPMENT

Authority. This standard is issued pursuant to the Federal Property and Administrative Services Act of 1949, as amended. Pub. L. 89–306 (40 U.S.C. 759 et seq.), and as implemented by Ex. Order No. 11717, May 9, 1973, 38 FR 12315 (1973). Its application to both data processing systems and telecommunication systems is mandatory on all Federal agencies to the extent specified herein.

1. Purpose. The purpose of this standard is to facilitate interoperability between telecommunication facilities and systems of the Federal Government and compatibility of these facilities and systems at the computer-communications interface with data processing equipment (systems) of the Federal Government.

2. Scope. This standard specifies the characteristics of the functional and mechanical interfaces between data terminal equipment (DTE) and data communication equipment (DCE)) employing serial binary data interchange for data applications using analog telecommunication networks.

3. Application. This standard shall be used by all Federal departments and agencies in the design and procurement of DTE and DCE for date transmission on analog telecommunication networks. It is to be used with Federal Standards 1020 and 1030 as necessary to achieve complete and compatible interfaces between DTE and DCE.

4. Applicable Documents. The following document, of the issue in effect on the data of invitation for bids or request for proposals, forms part of this Standard to the extent specified herein:

Electronic Industries Association (EIA) Standard RS-_____(tentatively identified as SP 1194), Functional and Mechanical Interface Between Data Terminal Equipment and Data Communication Equipment Employing Serial Binary Data Interchange.

(Application for copies of this document should be addressed to Electronic Industries Association, 2001 Eye Street, N.W., Washington, D.C. 20006.)

5. Requirement. This Standard adopts in whole the functional and mechanical characteristics set forth in Electronic Industries Association (EIA) Standard RS-------. (NOTE: The proposed EIA Standard is presently being balloted by EIA as SP 1194. This note will be removed from this document when the proposed Standard is finally approved by both the Federal Government and the EIA.

6. Changes. When a Federal agency considers that this Standard does not provide for its essential needs, a statement citing inadequacies shall be sent in duplicate to the General Services Administration, Federal Supply Service, Standardization Division, Washington, D.C. 20406, in accordance with provisions of Federal Property Management Regulations 41 C.F.R. §101–29.3. The General Services Administration will determine the appropriate action to be taken and will notify the agency.

7. Conflict with Referenced Documents. When the requirements stated in this Standard conflict will any requirements in a referenced document, the requirements of this Standard shall apply. The nature of the conflict between this Standard and a referenced document shall be submitted in duplicate to the General Services Administration, Federal Supply Service, Standardization Division, Washington, D.C. 20406.

8. Notes. Federal Government activities may obtain copies of this Standard or other Federal Specifications, Standards, and Handbooks at established distribution points in their agencies. Activities outside the Federal Government may obtain copies of Federal Specifications, Standards, and Handbooks as outlined under General Information in the Index of Federal Specifications and Standards and at the prices indicated in the Index. The Index, which includes cumulative monthly supplements as issued, is for sale on a subscription basis by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Purchase orders for copies of this Standard should be submitted to the General Services Administration, Specifications Activity, Printed Materials Supply Division, Building 197, Washington Navy Yard Annex, Washington, D.C. 20407.

Bureau of Land Management

[NM 27008]

NEW MEXICO

Notice of Application

NOVEMBER 28, 1975.

Notice is hereby given that, pursuant to Section 28 of the Mineral Leasing Act of 1920 (30 U.S.C. 185), as amended by

V40235 DEC 5 75 XUM

the Act of November 16, 1973 (87 Stat. 576), Transwestern Pipeline Company has applied for a 4 inch natural gas pipeline right-of-way across the following land:

NEW MEXICO PRINCIPAL MERIDIAN, NEW MEXICO

T. 15 S., R. 27 E.
Sec. 24, E½NW¼, NE¼SW¼ and W½SE¼;
Sec. 25, NW¼NE¼, S½NE¼ and NE¼SE¼.

This pipeline will convey natural gas across .159 of a mile of national resource land in Chaves County, New Mexico.

The purpose of this notice is to inform the public that the Bureau will be proceeding with consideration of whether the application should be approved, and if so, under what terms and conditions.

Interested persons desiring to express their views should promptly send their name and address to the District Manager, Bureau of Land Management, PO Box 1397, Roswell, NM 88201.

STELLA V. GONZALES,
Acting Chief, Branch of Lands and Minerals Operations.

DEPARTMENT OF AGRICULTURE

Forest Service

MILL CREEK UNIT PLAN

Availability of Draft Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a draft environmental statement for the Mill Creek Unit Plan, Report Number USDA–FS–DES (Adm) R1–76–10.

The environmental statement concerns environmental impacts, presents resource information, resource allocation decisions, management guidelines, and documents public involvement for the Mill Creek Unit Plan, Clearwater and Salmon River Ranger Districts, Nezperce National Forest, Idaho County, Idaho.

The draft environmental statement was transmitted to CEQ on November 28, 1975.

Copies are available for inspection during regular working hours at the following locations:

USDA Forest Service, South Agriculture Bldg., Room 3230, 12th St. & Independence Ave., S.W., Washington, D.C. 20250.
USDA Forest Service, Northern Region, Federal Building, Missoula, MT 59801.
USDA Forest Service, Nezperce National Forest, 319 E. Main, Grangeville, ID 83530.
USDA Forest Service, Clearwater Ranger District, 319 E. Main, Grangeville, ID 83530.
USDA Forest Service, Salmon River Ranger District, White Bird, ID 83554.

A limited number of single copies are available upon request to Forest Supervisor, Don Biddison, 319 East Main, Grangeville, ID 83530.

Copies of the environmental statement have been sent to various Federal, state and local agencies as outlined in the CEQ guidelines.

Comments are invited from the public, and from state and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved for which comments have not been requested specifically.

Comments concerning the proposed action and requests for additional information should be addressed to Don Biddison, Forest Supervisor, 319 E. Main, Grangeville, Idaho 83530. Comments must be received by January 28, 1975 in order to be considered in the preparation of the final environmental statement.

DON BIDDISON,
Forest Supervisor.

Packers and Stockyards Administration

FRIENDS & NEIGHBORS COMMISSION CO., INC., SALIDA, COLORADO, ET AL.

Posted Stockyards

Pursuant to the authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. *et seq.*), it was ascertained that the livestock markets named below were stockyards within the definition of that term contained in section 302 of the Act, as amended (7 U.S.C. 202), and notice was given to the owners and to the public by posting notices at the stockyards as required by said section 302, on the respective dates specified below.

Facility No., name, and location of stockyard and date of posting:

COLORADO

CO–144 Friends & Neighbors Commission Co., Inc., Salida, August 1, 1975.

GEORGIA

GA–182 Appling Stockmans Feeder Pig Sale, Baxley, October 18, 1975.

ILLINOIS

IL–166 Benton Livestock Sale, Benton, August 4, 1975.

MAINE

ME–104 Crossman Livestock Sales, Corinna, November 17, 1975.

MINNESOTA

MN–167 Simon Horse Co., Rosemount, September 8, 1975.

MISSOURI

MO–240 Farmer's Auction Co., Mountain View, October 8, 1975.

PENNSYLVANIA

PA–149 Stockton's Livestock Auction, Union City, October 1, 1975.

TEXAS

TX–313 Childress Livestock Commission, Childress, September 26, 1975.

Done at Washington, D.C., this *2nd* day of *December*, 1975.

Bureau of the Census

ANNUAL SURVEYS IN MANUFACTURING AREA

Determination

In conformity with Title 13, United States Code, Sections 181, 224, and 225, and due notice having been published on October 28, 1975 (40 FR 50115), I have determined that annual data to be derived from the surveys listed below are needed to aid the efficient performance of essential governmental functions and have significant application to the needs of the public and industry. The data derived from these surveys, most of which have been conducted for many years, are not publicly available from nongovernmental or other government sources.

Report forms in most instances furnishing data on shipments and/or production and in some instances on stocks, unfilled orders, orders booked, consumption, etc., will be required for all or a sample of establishments engaged in the production of the items covered by the following list of surveys.

The surveys have been arranged under major group headings shown in the Standard Industrial Classification Manual (1972 edition) promulgated by the Office of Management and Budget for the use of Federal statistical agencies.

MAJOR GROUP 22—TEXTILE MILL PRODUCTS

Broadwoven goods finished.
Narrow fabrics.
Yarn production.

MAJOR GROUP 23—APPAREL AND OTHER FINISHED PRODUCTS MADE FROM FABRICS AND SIMILAR MATERIALS

Gloves and mittens.
Apparel.
Brassieres, corsets, and allied garments.

MAJOR GROUP 24—LUMBER AND WOOD PRODUCTS, EXCEPT FURNITURE

Hardwood plywood.
Softwood plywood.
Lumber.

MAJOR GROUP 26—PAPER AND ALLIED PRODUCTS

Pulp, and detailed grades of paper and board.

MAJOR GROUP 28—CHEMICALS AND ALLIED PRODUCTS

Sulfuric acid.
Industrial gases.
Inorganic chemicals.
Pharmaceutical preparations, except biologicals.

MAJOR GROUP 29—PETROLEUM REFINING AND RELATED INDUSTRIES

Asphalt and tar roofing and siding products.

MAJOR GROUP 30—RUBBER AND MISCELLANEOUS PLASTICS PRODUCTS

Rubber.
Plastics products.

MAJOR GROUP 31—LEATHER AND LEATHER PRODUCTS

Shoes and slippers (by method of construction).

MAJOR GROUP 32—STONE, CLAY, AND GLASS

Consumer, scientific, technical, and industrial glassware.
Fibrous glass.

MAJOR GROUP 33—PRIMARY METAL INDUSTRIES

Steel mill products.
Insulated wire and cable.
Magnesium mill products.
Iron and steel foundries.

MAJOR GROUP 34—FABRICATED METAL PRODUCTS EXCEPT ORDNANCE, MACHINERY, AND TRANSPORTATION EQUIPMENT

Commercial steel forgings.
Steel power boilers.
Heating and cooking equipment.

MAJOR GROUP 35—MACHINERY, EXCEPT ELECTRICAL

Internal combustion engines.
Tractors.
Farm machines and equipment.
Mining machinery and equipment.
Power-driven handtools.
Air-conditioning and refrigeration equipment.
Office, computing, and accounting machines.
Pumps and compressors.
Selected air pollution control equipment.
Construction machinery.

MAJOR GROUP 36—ELECTRICAL MACHINERY, EQUIPMENT, AND SUPPLIES

Radios, television, and phonographs.
Motors and generators.
Wiring devices and supplies.
Switchgear, switchboard apparatus, relays, and industrial controls.
Selected electronic and associated products.
Electric housewares and fans.
Electric lighting fixtures.
Major household appliances.

MAJOR GROUP 37—TRANSPORTATION EQUIPMENT

Aircraft propellers.

MAJOR GROUP 38—PROFESSIONAL, SCIENTIFIC, AND CONTROLLING INSTRUMENTS; PHOTOGRAPHIC AND OPTIONAL GOODS; WATCHES AND CLOCKS

Selected instruments and related products.
Atomic energy products and services.

The following survey represents an annual supplement of monthly surveys and will cover the same establishments canvassed in the monthly survey. There will be no duplication of reporting, however, since the type of data collected on the annual supplement will be different from that collected in the more frequent survey.

MAJOR GROUP 32—STONE, CLAY, AND GLASS

Glass containers.

The following list of surveys represents annual counterparts of monthly and quarterly surveys and will cover only those establishments which are not canvassed or do not report in the more frequent surveys. Accordingly, there will be no duplication in reporting. The content of these annual reports will be identical with that of the monthly and quarterly reports.

MAJOR GROUP 20—FOOD AND KINDRED PRODUCTS

Flour milling products.
Margarine Manufacturers'—packaging operations.

MAJOR GROUP 22—TEXTILE MILL PRODUCTS

Manmade fiber, woolen, and worsted fabrics.
Finishing plant report—broadwoven fabrics.
Piece goods inventories and orders.
Broadwoven gray goods (cotton, wool, and manmade).
Consumption of wool and other fibers, and production of tops and noils.
Carpets and rugs.
Knit fabric production.

MAJOR GROUP 25—FURNITURE AND FIXTURES

Mattresses and bedsprings.

MAJOR GROUP 26—PAPER AND ALLIED PRODUCTS

Converted flexible packaging products.

MAJOR GROUP 28—CHEMICALS AND ALLIED PRODUCTS

Phosphatic fertilizer materials.
Paint, varnish, and lacquer.

MAJOR GROUP 32—STONE, CLAY AND GLASS

Flat glass.
Glass containers.
Refractories.
Clay construction products.

MAJOR GROUP 33—PRIMARY METAL INDUSTRIES

Nonferrous castings.
Iron and steel foundries.
Steel inventories (Consumers and Producers Report).
Copper inventories.
Aluminum inventories.

MAJOR GROUP 34—FABRICATED METAL PRODUCTS, EXCEPT ORDNANCE, MACHINERY AND TRANSPORTATION EQUIPMENT

Plumbing fixtures.
Steel shipping drums and pails.
Metal cans.
Closures for containers.

MAJOR GROUP 35—MACHINERY, EXCEPT ELECTRICAL

Construction machinery.

MAJOR GROUP 36—ELECTRICAL MACHINERY, EQUIPMENT, AND SUPPLIES

Electric lamps.
Fluorescent lamp ballasts.

MAJOR GROUP 37—TRANSPORTATION EQUIPMENT

Aircraft engines.
Complete aircraft.
Backlog of orders for aircraft, space vehicles, missiles, engines and selected parts.
Truck trailers.

The Annual Survey of Manufactures will be conducted and will call for general statistical data such as employment, payroll, man-hours, capital expenditures, cost of materials consumed, gross book value of fixed assets, rental payments, supplemental labor costs, etc., in addition to information on value of products shipped and quantity data for selected classes of products and quantity and cost of selected fuels used. This survey, while conducted on a sample basis, will cover all manufacturing industries including data on plants under construction but not in operation.

A survey of research and development costs will be conducted also. The data to be obtained will be limited to total research and development costs of work performed by the company, total cost of research and development work performed for the Federal Government, and, for comparative purposes, total net sales and receipts, and total employment of the company.

In addition, a survey on shipments to, or receipts for work done for, Federal Government agencies and their contractors and suppliers is planned. It is designed to provide information on the impact of Federal procurement on selected industries and on the economy of States, standard metropolitan statistical areas, and geographic regions.

The Annual Survey of Oil and Gas will canvass the industry which provides most of the fuel consumed in the United States, as well as a substantial portion of the raw material requirement of many industries. The survey will collect information on exploration, development, production costs, revenues, expenditures and assets in the crude petroleum and natural gas industry.

The Annual Survey on Pollution Abatement Expenditures is designed to collect from the manufacturing area total expenditures made by industry to abate pollutant emissions. The survey covers current and capital expenditures made by industry to reduce pollution in its air, water or solid forms.

The Survey of Plant Capacity will call for general statistical data such as number of shifts, hours in operation, production workers, production worker manhours, quantities of materials consumed, quantity of production, and value of production for actual, preferred and practical operating rates, as well as information on the operation rates and the length of time required to reach and to maintain these operating rates. The survey will be done on a sample basis and cover all manufacturing industries.

The report forms will be furnished to firms included in these surveys and additional copies are available on request to the Director, Bureau of the Census, Washington, D.C. 20233.

I have, therefore, directed the annual surveys be conducted for the purpose of collecting the data hereinabove described.

VINCENT P. BARABBA,
Director,
Bureau of the Census.

Domestic and International Business Administration

LICENSING PROCEDURES SUBCOMMITTEE OF THE COMPUTER SYSTEMS TECHNICAL ADVISORY COMMITTEE

Notice of Partially Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), notice is hereby given that a meeting of the Licensing Procedures Subcommittee of the Computer Systems Technical Advisory Committee will be held on Wednesday, January 7, 1976, at 2:00 p.m. in Room 1851, Main Commerce Building, 14th and Constitution Ave. NW., Washington, D.C.

The Computer Systems Technical Advisory Committee was initially established on January 3, 1973. On December 20, 1974, the Acting Assistant Secretary for Administration approved the recharter and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Sec. 2404(c)(1) and the Federal Advisory Committee Act. The Licensing Procedures Subcommittee of the Computer Systems Technical Advisory Committee was initially established on February 4, 1974. On July 8, 1975, the Director, Office of Export Administration, approved the reestablishment of this Subcommittee, pursuant to the charter of the Committee.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to computer systems, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls. The Licensing Procedures Subcommittee was formed to review the pro-

V 40 235 DEC 5 75 XUM

cedural aspects of export license applications within the Office of Export Administration and recommend areas where improvements can be made.

The Subcommittee meeting agenda has six parts:

GENERAL SESSION

(1) Opening remarks by the Subcommittee Chairman.
(2) Presentation of papers or comments by the public.
(3) Review of previous Subcommittee meeting minutes.
(4) Discussion of company certification projects.
(5) Evaluate other possible simplification projects.

EXECUTIVE SESSION

(6) Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available. To the extent time permits members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (6), the Acting Assistant Secretary of Commerce for Administration, with the concurrence of the delegate of the General Counsel, formally determined on November 25, 1975, pursuant to Section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All materials to be reviewed and discussed by the Subcommittee during the Executive Session of the meeting have been properly classified under the Executive Order. All Subcommittee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be available upon written request addressed to the Freedom of Information Officer, Domestic and International Business Administration, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202/967-4196.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al.*, v. *C. Langhorne Washburn, et al.*, September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Computer Systems Technical Advisory Committee and of any subcommittees thereof is published elsewhere in this issue.

Date: December 2, 1975.

LAWRENCE J. BRADY,
Acting Director, Office of Export Administration Bureau of East-West Trade U.S. Department of Commerce.

[FR Doc.75-32794 Filed 12-4-75;8:45 am]

FOREIGN AVAILABILITY SUBCOMMITTEE OF THE COMPUTER SYSTEMS TECHNICAL ADVISORY COMMITTEE

Partially Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), notice is hereby given that a meeting of the Foreign Availability Subcommittee of the Computer Systems Technical Advisory Committee will be held on Wednesday, January 7, 1976, at 9:30 a.m. in Room 1851, Main Commerce Building, 14th and Constitution Avenue NW., Washington, D.C.

The Computer Systems Technical Advisory Committee was initially established on January 3, 1973. On December 20, 1974, the Acting Assistant Secretary for Administration approved the recharter and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Sec. 2404(c)(1) and the Federal Advisory Committee Act. The Foreign Availability Subcommittee of the Computer Systems Technical Advisory Committee was established on July 8, 1975, with the approval of the Director, Office of Export Administration, pursuant to the charter of the Committee.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to computer systems, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls. The Foreign Availability Subcommittee was formed to ascertain if certain kinds of equipment are available in non-COCOM and Communist bloc countries, and if such equipment is available, then to ascertain if it is technically the same or similar to that available elsewhere.

The Subcommittee meeting agenda has four parts:

GENERAL SESSION

(1) Opening remarks by the Subcommittee Chairman.
(2) Presentation of papers or comments by the public.
(3) Further review of technical evaluations on foreign availability provided by industry/government and discussion thereof.

EXECUTIVE SESSION

(4) Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available. To the extent time permits members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (4), the Acting Assistant Secretary of Commerce for Administration, with the concurrence of the delegate of the General Counsel, formally determined on November 25, 1975, pursuant to Section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All materials to be reviewed and discussed by the Subcommittee during the Executive Session of the meeting have been properly classified under the Executive Order. All Subcommittee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be available upon written request addressed to the Freedom of Information Officer, Domestic and International Business Administration, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to telecommunications equipment, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al.*, v. *C. Langhorne Washburn, et al.*, September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Computer Systems Technical Advisory Committee and of any subcommittees thereof is hereby published.

Dated: December 2, 1975.

LAWRENCE J. BRADY,
Acting Director, Office of Export Administration, Bureau of East-West Trade.

NOTICE OF DETERMINATION

In response to written requests of representatives of a substantial segment of the computer industry, the Computer Systems Technical Advisory Committee was established by the Secretary of Commerce pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Section 2404(c)(1), to advise the Department of Commerce with respect to questions involving technical matters, worldwide availability, and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to computer systems, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls.

The Committee, which currently has eleven members representing industry and fourteen members representing government agencies, will terminate no later than January 3, 1977, unless extended by the Secretary of Commerce. All members of the Committee have the appropriate security clearance.

The Committee's activities are conducted in accordance with the provisions of Section 5(c)(1) of the Export Administration Act of 1969, as amended, the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), and the Office of Management and Budget Circular A-63 (Revised), Advisory Committee Management, effective May 1, 1974. Section 10 of the Federal Advisory Committee Act provides, among other things, that the meetings of advisory committees are to be open to the public, and to public participation, unless the head of the agency (or his delegate) to which the committee reports determines in writing that all, or some portion, of the agenda of the meeting of the committee is concerned with matters listed in Section 552(b) of Title 5 of the United States Code.

Section 552(b)(1) of Title 5, United States Code provides that information may be withheld from the public if it concerns matters specifically required by Executive Order to be kept secret in the interest of the national defense or foreign policy, and are in fact properly classified pursuant to such Executive Order.

In order to provide advice to the Department under the terms of its charter, the Committee and formal subcommittees thereof will continue to hold a series of meetings dealing with the matters set forth in the first paragraph of this Determination. These meetings will include discussions of the COCOM control list as it relates to the commodities and technical data under its purview, and with the foreign availability of these commodities and technical data. In addition, the Committee and its formal subcommittees will be preparing recommendations for the Department's consideration relating to the U.S. Government's negotiating position on COCOM-related matters. Much of the information relating to the COCOM control list, as well as intelligence relating to foreign availability, is now or will be security classified for national security or foreign policy reasons, pursuant to Executive Order No. 11652, 3 CFR 339 (1974). In order for the Committee and its formal subcommittees to provide required advice to the U.S. Government, it will be necessary to provide the Committee and its formal subcommittees with such classified material. Therefore, the portions of the series of meetings of the Committee and of subcommittees thereof that will involve discussions of matters specifically authorized under criteria established by an executive order to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such executive order, must be closed to the public. The remaining portions of the series of meetings will be open to the public.

Accordingly, I hereby determine, pursuant to Section 10(d) of the Federal Advisory Committee Act that those portions of the series of meetings of the Committee and of any subcommittees thereof, dealing with the aforementioned classified materials shall be exempt, for the period January 4, 1976, to January 3, 1977, from the provisions of Section 10(a)(1) and (a)(3), relating to open meetings and public participation therein, because the Committee and subcommittee discussions will be concerned with matters listed in Section 552(b)(1) of Title 5, United States Code. The remaining portions of the meetings will be open to the public.

G. S. CHAMBERLAIN,
Assistant Secretary for Administration.

NOVEMBER 25, 1975.

ALFRED MEISNER,
General Counsel.

NOVEMBER 21, 1975.

TELECOMMUNICATIONS EQUIPMENT TECHNICAL ADVISORY COMMITTEE

Notice of Partially Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), notice is hereby given that a meeting of the Telecommunications Equipment Technical Advisory Committee will be held on Wednesday, January 7, 1976, at 10:00 a.m. in Room 3817, Main Commerce Building, 14th and Constitution Avenue NW., Washington, D.C.

The Telecommunications Equipment Technical Advisory Committee was initially established on April 5, 1973. On March 12, 1975, the Acting Assistant Secretary for Administration approved the recharter and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Sec. 2404(c)(1) and the Federal Advisory Committee Act.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to telecommunications equipment, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls.

The Committee meeting agenda has five parts:

GENERAL SESSION

(1) Opening remarks by the Chairman.
(2) Presentation of papers or comments by the public.
(3) Report on licensing policies and controls.
(4) Discussion of draft sections on findings of the Third Annual Report due April, 1976.

EXECUTIVE SESSION

(5) Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available. To the extent time permits members of the public may present oral statements to the Committee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (5), the Acting Assistant Secretary of Commerce for Administration, with the concurrence of the delegate of the General Counsel, formally determined on February 25, 1975, pursuant to Section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All materials to be reviewed and discussed by the Committee during the Executive Session of the meeting have been properly classified under the Executive Order. All Committee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be available upon written request addressed to the Freedom of Information Officer, Domestic and International Business Administration, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202/967-4196.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al.* v. *C. Longhorne Washburn, et al.*, September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Telecommunications Equipment Technical Advisory Committee and of any subcommittees thereof was published in the FEDERAL REGISTER (40 FR 17665 appearing in the issue of April 23, 1975).

Dated: December 2, 1975.

LAWRENCE J. BRADY,
Acting Director, Office of Export Administration, Bureau of East-West Trade, U.S. Department of Commerce.

NEW TECHNOLOGY SUBCOMMITTEE OF THE NUMERICALLY CONTROLLED MACHINE TOOL TECHNICAL ADVISORY COMMITTEE

Notice of Open Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), notice is hereby given that a meeting of the New Technology Subcommittee of the Numerically Controlled Machine Tool Technical Advisory Committee will be held on Tuesday, January 13, 1976 at 10:00 a.m. in Room 1851, Main Commerce Building, 14th and Constitution Avenue NW. Washington, D.C.

The Numerically Controlled Machine Tool Technical Advisory Committee was initially established on January 3, 1973. On December 20, 1974, the Acting Assistant Secretary for Administration approved the recharter and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Sec. 2404(c)(1) and the Federal Advisory Committee Act. The New Technology Subcommittee of the Numerically Controlled Machine Tool Technical Advisory Committee was

V40235 DEC 5 75 XUM

established on July 15, 1975, with the approval of the Director, Office of Export Administration, pursuant to the charter of the Committee.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to numerically controlled machine tools, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls. The New Technology Subcommittee was formed to determine the impact of advanced electronics on the design of numerically controlled systems.

The agenda for the meeting is:

(1) Opening remarks by the Subcommittee Chairman.

(2) Presentation of papers or comments by the public.

(3) Informal reports of resource persons designated at previous meeting.

The meeting will be open for public observation and a limited number of seats will be available. To the extent time permits members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

Copies of the minutes of the meeting will be available upon written request addressed to the Freedom of Information Officer, Room 3100, Domestic and International Business Administration, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202/967-4196.

Date: December 1, 1975.

LAWRENCE J. BRADY,
Acting Director, Office of Export Administration, Bureau of East-West Trade, U.S. Department of Commerce.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Health Resources Administration

COOPERATIVE HEALTH STATISTICS ADVISORY COMMITTEE

Notice of Meeting; Correction

In FEDERAL REGISTER Document 75-30835 appearing at page 53293 in the issue for Monday, November 17, 1975, the December 18-19, 1975, joint meeting of the United States National Committee on Vital and Health Statistics and the Cooperative Health Statistics Advisory Committee has been cancelled. However, the Cooperative Health Statistics Advisory Committee will hold its meeting as originally scheduled.

Name: Cooperative Health Statistics Advisory Committee.

Date and Time: December 18-19, 1975, 9:00 a.m.

Place: Carlton House Inn, 6515 International Drive, Orlando, Florida 32809.

Open for entire session.

Purpose: The Cooperative Health Statistics Advisory Committee represents the interests of the people of the United States in providing advice and guidance to the Secretary and the National Center for Health Statistics on policies and plans in developing a major new national network of integrated or coordinated subsystems of data collections, processing, and analysis over a wide range of questions relating to general health problems of the population, health care resources, and the utilization of health care services.

Agenda: Agenda items include (1) Opening remarks, (2) Report on Health Data Policy Committee meeting, (3) Review of reports of Task Forces, and (4) Report of program planning for the 1978 Public Health Conference on Records and Statistics. Future meetings and agenda will be discussed.

The meeting is open to the public for observation and participation. Anyone wishing to obtain a roster, minutes of meeting, or other relevant information should contact Mr. James A. Smith, Room 8-21, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852 Telephone (301) 443-1470.

Agenda items are subject to change as priorities dictate.

Dated: November 28, 1975.

JAMES A. WALSH,
Associate Administrator for Operations and Management.

Office of Education

ADVISORY COUNCIL ON DEVELOPING INSTITUTIONS

Public Meeting

Notice is hereby given, pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), that the next meeting of the Advisory Council on Developing Institutions will be held January 21-22, 1976, from 9:00 a.m. to 4:00 p.m. in the ASE Conference Room, Room 3000, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

The Advisory Council on Developing Institutions was established by Title III of the Higher Education Act of 1965, as amended. The Council is governed by the provisions of Part D of the General Education Provisions Act and of the Federal Advisory Committee Act (Pub. L. 92-463). The Council shall assist the Commissioner in identifying the characteristics of developing institutions through which the purpose of Title III may be achieved, and in establishing the priorities and criteria to be used in making grants under section 304(a) of that Title.

The meeting of the Council shall be open to the public. The meeting will be devoted to an in-depth review of the Title III Program (Higher Education Act of 1965), recommendations for legislation, and discussion of the content of the 1976 Annual Report.

Records shall be kept of all Council proceedings and shall be available for public inspection at the Office of the Director of the College and University Unit, BPE, located in Room 4682, ROB, 7th & D Streets, S.W.

Signed at Washington, D.C., on December 1, 1975.

PRESTON VALIEN.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. EX 76-2; Notice 1]

PANTHER WESTWINDS LTD.

Petition for Temporary Exemption From Federal Motor Vehicle Safety Standard

Panther Westwinds Ltd. of Weybridge, Surrey, England has petitioned for a 3-year exemption from Motor Vehicle Safety Standards Nos. 214 *Side Door Strength* and 216 *Roof Crush Resistance*, on the basis that to test for compliance would cause it substantial economic hardship.

Petitioner seeks temporary exemptions for its luxury de Ville sedan, of which four have been manufactured since October 1974. Panther has also produced 60 other motor vehicles. The company does not know whether the de Ville meets Standards Nos. 214 and 216. Total costs of testing for development followed by testing for compliance are estimated at $3,840. The two body assemblies that would be provided for testing would cost $13,680. Although the company had a net profit of $31,000 in 1974, it had a cumulative net loss of $11,000 between December 3, 1971 and December 31, 1974. Petitioner believes that if it does not introduce the de Ville into the American market, it can not continue in existence. The company anticipates a net loss of $21,600 if the petition is denied.

With respect to its possible existing conformance with Standards Nos. 214 and 216, the company states that the doors of the vehicle are those used on the British Leyland Austin-Morris 1800 model, and the door locks and hinges meet E.C.E. requirements. Further, the de Ville's A-post and cant rails will be modified "with the introduction of tubular strengtheners." The company argues that an exemption would be in the public interest as the overall safety performance of the vehicle is consistent with the objectives of the National Traffic and Motor Vehicle Safety Act.

This notice of receipt of a petition for a temporary exemption is published in accordance with the NHTSA regulations on this subject (49 CFR 555.7), and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Interested persons are invited to submit comments on the petition for exemption of Panther Westwinds Ltd. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street SW., Washington, D.C. 20590. It is requested but not required that five copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered. The application and supporting materials, and all comments received, are available for examination in the docket both before and after the closing date. Comments received after the closing date will also be filed and will be considered to the extent practicable. Notice of final action on the petition will be published in the FEDERAL REGISTER.

Comment closing date: January 5, 1976.

(Sec. 3, Pub. L. 92-548, 86 Stat. 1159 (15 U.S.C. 1410); delegations of authority at 49 CFR 1.51 and 49 CFR 501.8)

Issued on December 2, 1975.

Notice is hereby given pursuant to Section 2(a)(2) of Public Law 92-28; 85 Stat. 79, of the proposed deletion of the following service from Procurement List 1976, November 25, 1975 (54742).

INDUSTRIAL CLASS 7349

Janitorial/Custodial
Homestead Air Force Base, Florida for following building only: Non-Commissioned Officer's Club.

Comments and views regarding this proposed deletion may be filed with the Committee not later than 30 days after the date of this FEDERAL REGISTER. Communications should be addressed to the Executive Director, Committee for Purchase from the Blind and Other Severely Handicapped, 2009 Fourteenth Street North, Suite 610, Arlington, Virginia 22201.

By the Committee.

E. R. ALLEY, Jr.,
Acting Executive Director.

PROCUREMENT LIST 1976

Notice of Proposed Additions

Notice is hereby given pursuant to Section 2(a)(2) of Public Law 92-28; 85 Stat. 79, of the proposed additions of the following commodities to Procurement List 1976, November 25, 1975 (40 FR 54742).

CLASS 7290

Hanger, Coat 7290-00-125-9069.

MILITARY RESALE

Ice Bucket with Tongs
Clip-on Light

Comments and views regarding these proposed additions may be filed with the Committee not later than 30 days after the date of this FEDERAL REGISTER. Communications should be addressed to the Executive Director, Committee for Purchase from the Blind and Other Severely Handicapped, 2009 Fourteenth Street North, Suite 610, Arlington, Virginia 22201.

This notice is automatically cancelled six months from the date of this FEDERAL REGISTER.

By the Committee.

E. R. ALLEY, Jr.,
Acting Executive Director.

COUNCIL ON ENVIRONMENTAL QUALITY

ENVIRONMENTAL IMPACT STATEMENTS

Availability

Environmental impact statements received by the Council on Environmental Quality from November 24 through November 28, 1975. The date of receipt for each statement is noted in the statement summary. Under Council Guidelines the *Minimum* period for public review and comment on draft environmental impact statements in forty-five (45) days from this FEDERAL REGISTER notice of availability. (January 19, 1976) The thirty (30) day period for each final statement begins on the day the statement is made available to the Council and to commenting parties.

Copies of individual statements are available for review from the originating agency. Back copies will also be available at cost from the Environmental Law Institute, 1346 Connecticut Avenue, Washington, D.C. 20036.

DEPARTMENT OF COMMERCE

Contact: Dr. Sidney R. Galler, Deputy Assistant Secretary for Environmental Affairs, Department of Commerce, Washington, D.C. 20230, 202-967-4335.

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

Final

Key Largo Coral Reef Marine Sanctuary, Florida, November 25: Proposed is the establishment of a recreational and esthetic area encompassing corals and associated flora and fauna under Title III of the Marine Protection, Research and Sanctuaries Act of 1972. The area will be managed to protect and conserve the coral and coral reef ecosystems, to regulate the uses of the sanctuary, and to provide opportunity for recreation. Users of the area will be subject to regulation and some activity, such as spear fishing and souvenir collecting, will be precluded. Comments made by: DOC, DJUS, ERDA, DOT, STAT, EPA, NASA, USCG, USDA, and State and local agencies and individuals. (ELR Order No. 51717.)

DEPARTMENT OF DEFENSE

ARMY CORPS

Contact: Dr. C. Grant Ash, Office of Environment Policy Development, Attn: DAEN-CWR-P, Office of the Chief of Engineers, U.S. Army Corps of Engineers, 1000 Independence Avenue SW., Washington, D.C. 20314, 202-693-6795.

Draft

Port Sonoma Development Project, Sonoma County, Calif., November 26: Proposed is the breaching of a levee on the Petaluma River for the purpose of constructing a water oriented recreation-commercial-light industrial complex at Port Sonoma. Adverse effects of the project include: reduction in the number and proportion of live aquatic organisms; possible entrophication in main project channel and basins; increased dissolved solids and surface water pollution; and loss of agricultural land. (San Francisco District.) (ELR Order No. 51723.)

Area No. 8 (Elsberry), Flood Protection, Lincoln and Pike Counties, Mo., November 24: The recommended flood protection plan for Agricultural Area No. 8 involves the reconstruction of 24.2 miles of levee, replacement of existing pump and gravity drainage structures, and the acquisition of easements (estates) to preserve and enhance the fish and wildlife habitat in the project area. One of the most significant adverse impacts would involve the clearing of 208 acres of timber and old field wildlife habitat, and the possible conversion of additional timberland to cropland over time. Other adverse impacts include disruptive effects upon fish in permanent water habitats and the removal of several buildings and the inhabitants thereof. (St. Louis District.) (ELR Order No. 51702.)

Pine Brook Flood Control Project, Manalapan, Monmouth County, N.J., November 24: The recommended plan of flood protection is channel modification consisting of widening and deepening of approximately 6000 feet of the Pine Brook, Manalapan Township, New Jersey. The newly straightened channel would extend from the vicinity of the Pension Road Bridge to 700 feet upstream of Winthrop Drive Bridge. Adverse impacts include removal of vegetation, some loss of wildlife and wildlife habitat and the change of aesthetics to a modified appearance of the stream and land. (New York District.) (ELR Order No. 51705.)

Dale Hollow Lake, Continued Operation and Maintenance, Clay County, Tenn., November 24: Proposed is the continued operation and maintenance of a dam and lake authorized for flood control and hydroelectric power generation, and operation and management of outdoor recreation facilities at Dale Hollow Lake, Obey Lake, Tennessee. Adverse impacts include localized water degradation as a result of overloaded wastewater treatment facilities, disturbance of vegetation, and boat concentrations near heavily used recreation area. Also, spawning is generally adversely affected by control of the lake for flood control. (Nashville District.) (ELR Order No. 51700.)

Carl L. Estes Lake, Sabine River, several counties in Texas, November 24: Proposed is the construction and operation of a multiple-purpose reservoir project on the Sabine River, Sabine River Basin, Texas, which will fulfill needs for flood control, water supply, fish and wildlife, and recreation. The project will require acquisition and subsequent change in land use of approximately 68,700 acres of land. Adverse impacts include: inundation of land; loss of wildlife habitat; negative effects upon 91 archeological resources; and relocation of families, cemeteries, roads and utility lines. (Fort Worth District.) (ELR Order No. 51712.)

Final

Cattaraugus Creek Harbor, Flood Control, Chautauqua and Erie Counties, N.Y., November 24: The statement refers to the proposed plan for navigation, flood control and related purposes in Cattaraugus Creek Harbor at Chautauqua and Erie Counties, N.Y. The plan calls for: breakwaters in southern Lake Erie; a bern extending from the inner end of the north breakwater northerly to high ground; an entrance channel from deep water in the lake to the inner channel; an inner channel from the entrance channel upstream approximately 2,900 feet; and, two levees on the left bank, aggregating about 770 feet in length. Adverse impacts include: temporary noise and dust during construction; permanent loss of 13 acres of bottom habitat; and, land use changes caused by shoreline development. Comments made by: USCG, USDA, DOI, DOC, EPA, HEW, and State and local agencies. (ELR Order No. 51711.)

ENERGY RESEARCH AND DEVELOPMENT ADMINISTRATION

Contact: Mr. W. Herbert Pennington, Office of Assistant Administrator, E-201, ERDA, Washington, D.C. 20545, 301-973-4241.

Draft

Brookhaven National Laboratory, Suffolk County, N.Y., November 26: Proposed is the continued operation of Brookhaven National Laboratory in Upton, Brookhaven Town, New York. Twenty acres of the 5265-acre site may not be suitable for future uses because of contamination. Research and development activities of the laboratory require the use of 200 million kWh of electricity and 7 million gallons of fossilfuels annually. Radioactive contamination risk is considered small. (ELR Order No. 51726.)

FEDERAL ENERGY ADMINISTRATION

Contact: Mr. Ernest A. Sligh, Director, Environmental Impact Division, Federal Energy Administration, New Post Office Building, 12th and Pennsylvania Avenue, NW., Washington, D.C. 20461, 202-961-6214.

Draft

Natural Gas Emergency Standby Act of 1975, November 24: The statement concerns the enactment of the Natural Gas Emergency Standby Act of 1975. The intent of the Act is to prevent or ameliorate the economic and social impacts of impending natural gas curtailments. The principal environmental impact would be adverse changes in air quality due to switching from natural gas to alternative fuels that would produce greater air pollutant emissions. The term of the legislation is from its date of enactment through June 30, 1977. (ELR Order No. 51707.)

FEDERAL POWER COMMISSION

Contact: Dr. Richard F. Hill, Acting Advisor on Environmental Quality, 441 G Street NW., Washington, D.C. 20426, 202-386-6084.

Draft

Gerald Gentleman Station, Project No. 1835, Nebraska, November 24: The statement concerns approval of a license amendment application of the Nebraska Public Power District to revise the project boundary and to permit the use of 720 acres of project lands and waters in conjunction with operation of the Gerald Gentleman Station. The coal fired station would produce a total of 1,300 MW when operated at maximum capacity. Construction would include 13,700 feet of canals, 7,750 feet of dikes, 11,500 feet of reservoir intake channels, a mixing basin, reservoir pumping facilities, and associated water control structures, some of which is already constructed. Adverse impacts include increased air pollution and raised water temperatures. (ELR Order No. 51703.)

Final

Panhandle Eastern Pipeline Company, November 24: The statement analyzes three permanent natural gas curtailment plans for the Panhandle Eastern Pipeline System. Adverse effects include those occurring from increased use of coal and fuel oil and increased pollution in the form of sulfur dioxide and particulates. Comments made by: State and local agencies. (ELR Order No. 51709.)

GENERAL SERVICES ADMINISTRATION

Contact: Mr. Andrew E. Kauders, Executive Director of Environmental Affairs, General Services Administration, 18th and F Streets NW., Washington, D.C. 20405, 202-343-4161.

Final

Federal Youth Center, Bastrop, Texas, Bastrop County, Tex., November 24: The project consists of construction of 145,000 square feet of space for a Federal Youth Center to be operated by the Bureau of Prisons near the city of Bastrop, Texas. Adverse impacts include minor increases in traffic volume and noise at the site, slight degradation of air quality due to the increased traffic, and temporary construction disruption (167 pages). Comments made by: HAP, DJUS, HEW, COE, DOI, EPA, USDA, HUD, and State and local agencies. (ELR Order No. 51716.)

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Contact: Mr. Richard H. Broun, Director, Office of Environmental Quality, Room 7258, 451 7th Street SW., Washington, D.C. 20410, 202-755-6308.

Draft

Tallapoosa County Water Supply System, Tallapoosa County Ala., November 24: The action consists of analysis of a proposed water system for the Towns of Daviston and New Site, Alabama, funded under the Housing and Community Development Act of 1974. The project will cause minor temporary erosion and siltation during construction. (ELR Order No. 51714.)

Section 104(h)

The following are Community Development Block Grant statements prepared and circulated directly by applicants pursuant to section 104(h) of the 1974 Housing and Community Development Act. Copies may be obtained from the office of the appropriate local chief executive. (Copies are not available from HUD.)

Draft

Coamo Solid Waste Disposal Site, Puerto Rico, November 24: The project consists of the acquisition of 12 acres of land for expanding the solid waste disposal facilities located in Barrio Rio Jueyes. The life expectancy of the 20 acre site is 5 years. The primary adverse effect of the sanitary landfill will be the leachates and gasses generated from solid waste decomposition. (ELR Order No. 51706.)

Final

Dangerous Buildings and Demolition Program, Kansas, Mo., November 24: The statement concerns a program to demolish dangerous buildings in Kansas City. Adverse impacts include: traffic congestion, increase in ambient noise level, increase in soot generation, loss of cover vegetation, erosion, sedimentation and siltation, and compaction and settling. Comments made by: DOI, HEW, EPA, and State and local agencies. (ELR Order No. 51713.)

Arcadia Idustrial Park, Newark, N.Y., Wayne County, N.Y., November 26: The statement concerns the allocation of Community Development Block Grant funds for the construtioin of a road access and sewer and water lines up to the property line of the proposed Arcadia Industrial Park. The park is located north of the Barge Canal in the western sector of the Village of Newark. Construction of Edgett Street will require the placement of fill north of the Barge Canal. Increased noise levels, truck traffic, and commuter traffic will be inevitable. Comments made by: EPA, DOC, DOI, and State and local agencies and individuals. (ELR Order No. 51722.)

Contact: Mr. Bruce Blanchard, Director, Environmental Project Review, Room 7260, Department of the Interior, Washington, D.C. 20240, 202-343-3891.

BUREAU OF INDIAN AFFAIRS

Final

Ute Mountain Ute Tribal Lands Mineral Lease, Montezuma County, Colo., November 24: The statement concerns the approval of a lease of Ute Mountain Ute Tribal Lands to Mobil Oil Corporation for the purpose of exploration and possible mining of uranium and related minerals. The plan consists of a four-year exploration phase, a four-year development phase and approximately twelve years of mining and processing. The biological community and aesthetics of the area will be noticeably and adversely impacted (73 pages). Comments made by: DOI, HEW, EPA, FEA 2, and State and local agencies and one tribe. (ELR Order No. 51698.)

BUREAU OF OUTDOOR RECREATION

Final

Minnesota Memorial Hardwood Forest, several counties in Minnesota, November 26: Proposed is the acquisition by the State of Minnesota of 200,000 acres, through the Land and Water Conservation Fund. Purchase will be over a thirty year period. There will be some development for recreation, parking lots, and access roads. Some families will have to be relocated due to the action. Comments

V40235 DEC 5 75 XUM

made by: EPA, DOI, USDA, DOT, FPC, and State and local agencies. (ELR Order No. 51720.)

BUREAU OF SPORTS FISHERIES AND WILDLIFE

Final

Proposed Lake Woodruff Wilderness Area, Volusia and Lake Counties, Fla., November 25: Proposed is the legislative designation of 958 acres of island habitat in the Lake Woodruff National Wildlife Refuge as wilderness within the National Wilderness Preservation System. Wilderness designation would remove some future management options. Comments made by: EPA, DOI, and State and local agencies. (ELR Order No. 51719.)

NUCLEAR REGULATORY COMMISSION

Contact: Mr. A. Giambusso, Director of Division of Reactor Licensing, P–722, NRC, Washington, D.C. 20555, 301–492–7373.

Draft

Palo Verde Nuclear Station, Units 1, 2, and 3 (Supplement), Maricopa County, Ariz., November 25: Proposed is the issuance of construction permits to the Arizona Public Service Corporation for the construction of the Palo Verde Nuclear Generating Station, Units 1, 2, and 3. The station will produce up to 3817 MWt and 1270 MWe (net) of electric power capacity for each unit. The exhaust steam will be cooled by mechanical-draft cooling towers with makeup water obtained from piped sewage effluent from Phoenix. The construction will require the clearing of up to 2500 acres of land and adverse aesthetic and social impacts. The supplement covers modifications resulting from participation of Southern California Edison in the project. (ELR Order No. 51718.)

DEPARTMENT OF TRANSPORTATION

Contact: Mr. Martin Convisser, Director, Office of Environmental Affairs, 400 7th Street SW., Washington, D.C. 20590, 202–426–4357.

FEDERAL AVIATION ADMINISTRATION

Draft

New General Aviation Airport, Baton Rouge, La., November 24: Proposed is the request for federal funds under the Airport Development Aid Program for the development of a new general aviation airport to replace the recently closed Downtown Airport, Baton Rouge, Louisiana. The proposed development would include: acquisition of 530 acres of land; construction of a new runway, taxiway, and parking apron; and construction of access roads, vehicle parking area, hangars and office space. Adverse impacts include the displacement of people and residences. (ELR Order No. 51699.)

Lopez Island Airport Improvement, Wash., November 24: The proposed action is to grant funds to improve the physical and operational characteristics of the existing Lopez Island Airport, Lopez Island, Washington. Initial stage of development will include acquisition of options and easements on 47 acres of land. Major development items include a new replacement runway parallel to and 150' to the west of the existing runway. Adverse impacts include the clearing and topping of 41 acres of wooded area, and subsequent diminishment of habitat and cover. (ELR Order No. 51697.)

FEDERAL HIGHWAY ADMINISTRATION

Draft

U.S.–131, 19 Mile Road to U.S.–131 North, several counties, November 24: Proposed is the construction of a segment of U.S.–131, which would begin at 19 Mile Road, North of the City of Big Rapids in Mecosta County and would terminate at LeRoy Road, north of the Village of Ashton in Osceola County, Michigan. The length of the segment is approximately 20 miles. Adverse impacts include: disruption of existing aquatic and terrestrial ecosystems, displacement of 30 residences and 2 businesses, and the acquisition of between 500 and 600 acres of agricultural land. (ELR Order No. 51704.)

PR–10, Arecibo-Ponce, P. R. November 24: Proposed is the improvement of PR–10 in Arecibo-Ponce, Puerto Rico. The improved 2-4 land route would cover a distance of 51–60 kilometers, depending upon the alternative chosen, and would extend from De-Diego Expressway in Arecibo to East-West Expressway in Ponce. Adverse effects include: displacement of residences, farms, and commercial structures; commitment of natural and economic resources; and long-term increase in noise levels. (ELR Order No. 51701.)

State Route 61, Oliver Springs Bypass, Anderson and Roane Counties, Tenn., November 24: This statement is the revision of a draft EIS sent to CEQ on June 15, 1971. The proposed project is a relocation of SR 61 around the northern portion of Oliver Springs, Tennessee. This project traverses a distance of approximately 2.2 miles starting on the southwest side of Oliver Springs and extending to existing SR 61, southeast of Oliver Springs. Adverse impacts include the displacement of residences and businesses, increase in noise and air pollution, and unavoidable soil erosion and temporary siltation of water courses during construction. (ELR Order No. 51715.)

Texas State Highway 35, Proposed Relocation, Harris and Brazoria Counties, Tex., November 26: Proposed is the relocation of Texas State Highway 35 from Almeda-Genoa Road near proposed South Beltway 8 in Harris County to existing State Highway 35 (Alvin Loop) at Spur 409 in Brazoria County and is a continuation of the development of the proposed facility from Interstate Highway 45 at Calhoun Road to the City of Alvin. Two alternate routes are being considered for the project, both routes necessitating displacement of families and businesses. The selection of either route will have a major impact on the land use and development patterns of the area involved. (ELR Order No. 51725.)

U.S. 60 Bridge Over Big Sandy River, West Virginia and Kentucky, November 26: The proposed highway improvement is the replacement of the U.S. 60 Bridge crossing the Big Sandy River between Catlettsburg, Kentucky and Kenova, West Virginia, and constructing necessary approaches. The only adverse, permanent effect is the relocation of residences and businesses in Catlettsburg and Kenova. Alternative locations 2 and 3 would require right-of-way acquisition from Dreamland Park. A 4(f) statement is included. (ELR Order No. 51724.)

Final

U.S. 77, Shields Boulevard, Oklahoma City, Oklahoma County, Okla., November 24: Proposed is the development of the Shields Boulevard extension, a primary arterial, beginning at S.E. 25th Street and extending 1.6 miles northerly to S.W. 3rd Street in Oklahoma City, Oklahoma. Adverse impacts include the displacement of 13 families and 15 businesses. Comments made by: EPA, DOI, HUD, COE, HEW, DOT, and State and local agencies. (ELR Order No. 51708.)

I–640, Knox County, Tenn., November 24: The project involves the construction of a six-lane divided highway built on a new location around the western portion of Knoxville between I–40 and I–75. The length of the project is approximately 2.8 miles. The primary adverse environmental effects are the displacement of 22 families and 4 businesses, and the introduction of a source of noise and air pollution into area relatively free from these sources of pollution (43 pages). Comments made by: HUD, DOI, ARC, USDA, DOT, TVA, HEW, EPA, AHP, and State and local agencies and officials. (ELR Order No. 51710).

U.S. COAST GUARD

Final

Coast Guard Station, Provincetown, Mass., November 26: The proposed action provides for construction of a new Coast Guard Station in Provincetown, Massachusetts to meet search and rescue and other operational commitments in the Outer Cape Cod area. Construction disruption will result. Comments made by: Doc, USDA, EPA, DOI, and State and local agencies. (ELR Order No. 51721.)

GARY L. WIDMAN,
General Counsel.

DEFENSE NUCLEAR AGENCY

SCIENTIFIC ADVISORY GROUP ON EFFECTS

Meeting

The next meeting of the Scientific Advisory Group on Effects (SAGE), sponsored by the Defense Nuclear Agency (DNA), will be held during the period 27–30 January 1976 at the USAF Conference Center Homestead AFB, Florida. SAGE members will review and evaluate ongoing and future DNA programs. Since all of the presentations and review will contain classified information, the meeting will be closed to the public under the provisions of section 552(b) (1) and (3) of title 5, United States Code.

W. A. HUGHES,
LCDR, USN,
Executive Secretary, SAGE.

ENVIRONMENTAL PROTECTION AGENCY

[FRL 466–2]

CONTROL OF AIR POLLUTION FROM AIRCRAFT AND AIRCRAFT ENGINES

Change of Dates for Public Hearings

On November 7, 1975, the Environmental Protection Agency published a notice of public hearings intended to "provide opportunity for interested persons to state their views or arguments or provide information relative to the proposed emission standards for in use aircraft". The notice went on to state that "testimony at the hearings is invited on the status of the development of technology necessary for compliance with certain emission standards applicable to new aircraft turbine engines promulgated in 1973", and later that an "interim report of findings regarding available technology derived from the EPA Aircraft Emissions Technology Assessment Program will be available for inspection and copying before the hearing * * *".

Because of delays which have been encountered in completing this supporting report and the importance of having it publicly available for review and comment before the hearings, it has been decided to postpone the hearings from the announced dates of December 16 and 17, 1975, to the dates of January 27 and 28, 1976, starting at 9:30 a.m. The location remains Environmental Protection Agency, Room 2117, 401 M Street SW., Washington, D.C.

Dated: November 28, 1975.

ROGER STRELOW,
Assistant Administrator
for Air and Waste Management.

[FRL 465–5; OPP–33000/344]

RECEIPT OF APPLICATIONS FOR PESTICIDE REGISTRATION

Data To Be Considered in Support of Applications

On November 19, 1973, the Environmental Protection Agency (EPA) published in the FEDERAL REGISTER (38 FR 31862) its interim policy with respect to the administration of Section 3(c) (1) (d) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This policy provides that EPA will, upon receipt of every application for registration, publish in the FEDERAL REGISTER a notice containing the information shown below. The labeling furnished by each applicant will be available for examination at the Environmental Protection Agency, Room EB–31, East Tower, 401 M Street, SW, Washington, DC 20460.

On or before February 3, 1976, any person who (a) is or has been an applicant, (b) believes that data he developed and submitted to EPA on or after October 21, 1972, is being used to support an application described in this notice, (c) desires to assert a claim for compensation under Section 3(c) (1) (D) for such use of his data, and (d) wishes to preserve his right to have the Administrator determine the amount of reasonable compensation to which he is entitled for such use of the data, must notify the Administrator and the applicant named in the notice in the FEDERAL REGISTER of his claim by certified mail. Notification to the Administrator should be addressed to the Information Coordination Section, Technical Services Division (WH–569), Office of Pesticide Programs, 401 M Street, SW, Washington, DC 20460. Every such claimant must include, at a minimum, the information listed in the interim policy of November 19, 1973.

Applications submitted under 2(a) or 2(b) of the interim policy will be processed to completion in accordance with existing procedures. Applications submitted under 2(c) of the interim policy cannot be made final until the 60 day period has expired. If no claims are received within the 60 day period, the 2(c) application will be processed according to normal procedure. However, if claims are received within the 60 day period, the applicants against whom the claims are asserted will be advised of the alternatives available under the Act. No claims will be accepted for possible EPA adjudication which are received after February 3, 1976.

Dated: November 26, 1975.

MARTIN H. ROGOFF,
Director,
Registration Division.

FEDERAL MARITIME COMMISSION

ALEXANDRIA SHIPPING AND NAVIGATION CO. AND AMERICAN EXPORT LINES, INC.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street NW., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California and Old San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before December 25, 1975. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Richard W. Kurrus, Esquire, Kurrus and Jacobi, 2000 K Street NW., Washington, D.C. 20006.

Agreement No. 10206, between Alexandria Shipping & Navigation Company and American Export Lines, Inc. establishes a cooperative working arrangement in the trade between ports or points in Egypt and ports on the Atlantic Coast of and points in the United States, for the establishment and maintenance of coordinated common carrier services in the trade under the terms and conditions set forth therein.

V40235 DEC 5 75 XUM

By Order of the Federal Maritime Commission.

Dated: December 2, 1975.

FRANCIS C. HURNEY,
Secretary.

FLOTA MERCANTE GRANCOLOMBIANA, S.A. AND LYKES BROTHERS STEAMSHIP COMPANY, INC.

Notice of Agreement Filed

Notice is hereby given that the following agrement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street, N.W., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California and Old San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, on or before December 26, 1975. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Lloyd Strickland, Vice President, Lykes Bros. Steamship Co., Inc., 300 Poydras Street, New Orleans, Louisiana 70130.

Agreement No. 10064-1, between Flota Mercante Grancolombiana S.A. and Lykes Bros. Steamship Co., Inc. is a petition by the parties to extend their cooperative working arrangement in the trade between United States Gulf of Mexico ports and ports in Colombia for a period of two years from January 24, 1976 to January 24, 1978.

By Order of the Federal Maritime Commission.

Dated December 2, 1975.

FRANCIS C. HURNEY,
Secretary.

NORTH ATLANTIC BALTIC FREIGHT CONFERENCE

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street NW., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California and Old San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before December 25, 1975. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

Howard A. Levy, Esquire, Suite 727, 17 Battery Place, New York, New York 10004

Agreement No. 7670-14, among the parties to the above-named agreement, is an agreement to extend the approval of its intermodal authority on a permanent basis.

By Order of the Federal Maritime Commission.

Dated: December 2, 1975.

[Docket No. RP75-68]

ALGONQUIN GAS TRANSMISSION CO.

Further Extension of Time for Filing Rebuttal

NOVEMBER 26, 1975.

On November 24, 1975, Algonquin Gas Transmission Company filed a motion to extend time for filing rebuttal testimony fixed by order issued May 19, 1975, as most recently modified by notice issued November 10, 1975, in the above-designated proceeding.

Upon consideration, notice is hereby given that the time for filing rebuttal testimony in the above proceeding is extended from November 28, 1975 to and including December 12, 1975.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32866 Filed 12-4-75;8:45 am]

[Docket No. CP73-5]

COLUMBIA GULF TRANSMISSION CO.

Findings and Order Amending Order Issuing Certificate of Public Convenience and Necessity and Granting Petition to Intervene

NOVEMBER 28, 1975.

On June 9, 1975, Columbia Gulf Transmission Company (Petitioner) filed in Docket No. CP73-5 a petition to amend, as supplemented August 21, 1975, the Commission's order issued October 13, 1972 (48 FPC 841), as amended June 17, 1975, in said docket pursuant to Section 7(c) of the Natural Gas Act by authorizing an additional delivery point for the receipt of gas from Texas Gas Transmission Corporation (Texas Gas) on the Blue Water Project, offshore Louisiana, all as more fully set forth in the petition to amend, as supplemented, in this proceeding.

The order of October 13, 1972, among other things, authorized Petitioner to transport and deliver for Texas Gas a contract demand of 35,700 Mcf of gas from Eugene Island Block 250 to Eugene Island Block 227, and, further, to transport the aforestated volumes plus volumes received from Texas Gas from its sources in the Vermilion Area, up to an aggregate quantity of 51,000 Mcf of gas per day, from Eugene Island Block 227 to a delivery point onshore near Egan, Louisiana.

Petitioner and Texas Gas have entered into an amendment, dated May 22, 1975, to their original transportation agreement, dated June 28, 1972, which provides for the transportation of up to 51,000 Mcf of gas per day, to add a new delivery point to be located in Block 198, Ship Shoal Area. This new delivery point is required to transport gas that Texas Gas has acquired in the Block 324 Field, Eugene Island Area, South Addition. The gas will be transported to the Blue Water Project through facilities presently being constructed pursuant to authorization granted by Commission order, issued July 18, 1975, in Docket No. CP75-127.

Petitioner does not propose to increase the existing transportation volume of 51,000 Mcf per day and no additional facilities are necessary. The initial volume of gas to be delivered at the new delivery point is approximately 20,000 Mcf per day. The additional gas will be transported pursuant to Petitioner's Rate Schedule X-13.

After due notice by publication in the Federal Register on July 15, 1975, (40 FR 29763), a petition to intervene was filed by Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Tennessee); however, said Petitioner does not request a formal hearing in this proceeding. No further petition to intervene notice of intervention, or protest to the granting of the petition to amend has been filed in this proceeding.

The Commission finds: (1) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act and the public convenience and necessity require that the Commission's order issued October 13, 1972, as amended, in Docket No. CP73-5 be further amended as hereinafter ordered.

(2) Participation by Tennessee in this proceeding may be in the public interest.

The Commission orders: (A) The Commission's order issued October 13, 1972, in Docket No. CP73-5, as amended, is further amended by authorizing an additional delivery point for the receipt of gas from Texas Gas on the Blue Water Project, as hereinbefore described and as set forth in the petition to amend, as supplemented, in this proceeding.

(B) In all other respects said order, as amended, shall remain in full force and effect.

(C) Tennessee is permitted to intervene in this proceeding subject to the rules and regulations of the Commission; *Provided, however,* that the participation of such intervener shall be limited to matters affecting asserted rights and interests as specifically set forth in its petition to intervene; and, *Provided, further,* that the admission of said intervener shall not be construed as recognition by the Commission that it might be aggrieved because of any order of the Commission entered in this proceeding.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Project No. 2100]

DEPARTMENT OF WATER RESOURCES OF THE STATE OF CALIFORNIA

Extension of Time

NOVEMBER 26, 1975.

On November 17, 1975, the Department of Water Resources of the State of California filed a motion to extend the time for complying with ordering paragraphs (F), (G), and (H) of order issued October 9, 1975, in the above-indicated proceeding.

Notice is hereby given that the time for complying with ordering paragraphs (F), (G), and (H) of order issued October 9, 1975 is extended to January 30, 1976. The time for complying with ordering paragraphs (D) and (E) is also January 30, 1976.

[Docket Nos. RP73-104, etc.]

EL PASO NATURAL GAS CO.

Notice Establishing Additional Procedural Dates

NOVEMBER 28, 1975.

On November 14, 1975, El Paso Natural Gas Company and Staff Counsel jointly moved to extend the date for filing certain rate of return evidence set by order issued February 8, 1974, as most recently modified by notice issued August 21, 1975, in the above-designated proceeding, and to establish separate procedural dates for the rate of return issue.

Notice is hereby given that the procedural dates in the above matter are modified as follows:

Hearing of all issues except the rate of return issue, December 9, 1975 (10:00 a.m. E.s.t.)
Service of Staff's additional rate of return evidence, December 29, 1975.
Service of El Paso's rebuttal evidence on rate of return, January 13, 1976.
Hearing on rate of return issue, February 3, 1976 (10:00 a.m., E.s.t.)

By direction of the Commission.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-219]

FLORIDA POWER & LIGHT CO.

Notice of Filing of Proposed Contract Amendment

NOVEMBER 26, 1975.

Take notice that on November 4, 1975, Florida Power & Light Company (Florida) tendered for filing in the above docket proposed amendment No. 1 to the interchange service contract between Florida and Jacksonville (Florida Electric Authority) (JEA). An effective date of January 1, 1974, is requested.

Florida states that the subject amendment, which is dated September 15, 1975, amends the October 31, 1973 contract between the parties. The latter contract is subject to current hearings before the Commission in Docket Nos. E-8769, et al.

Florida further describes the subject filing as follows:

The enclosed amendment modifies Sections A2 and B2 of Service Schedule A—Emergency Service and Service Schedule B—Scheduled Interchange Service, respectively. The energy charge for energy produced from fossil steam generating plants has been changed to use the calendar month in which the energy was produced and sold rather than for the second preceding month. In addition, an energy charge for energy produced from combustion turbine generating plants has been included.

Any person desiring to be heard and to make any protest with reference to said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All such petitions or protests should be filed on or before December 3, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Florida's filing is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32863 Filed 12-4-75;8:45 am]

[Docket No. CI67-818]

GULF OIL CORP.

Notice of Application

NOVEMBER 26, 1975.

Take notice that on October 31, 1975, Gulf Oil Corporation (Applicant), P.O. Box 1589, Tulsa, Oklahoma 74102, filed in Docket No. CI67-818 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon the sales of natural gas to Transwestern Pipeline Company (Transwestern) attributable to the royalty interest owner's shares of certain acreage located in the Gomez Field, Pecos County, Texas, all as more fully set forth in

V40235 DEC 5 75 D XUM

the application on file with the Commission and open to public inspection.

Applicant states that it is presently selling natural gas to Transwestern from the NW/4 of Section 2, Block 106, T&STL RR Co. Survey, John W. Barrett grantee, Pecos County, Texas, pursuant to a contract dated December 1, 1966, on file as Applicant's FPC Gas Rate Schedule No. 393. It is stated that Applicant and the royalty interest owners have entered into an amendment of the leases covering subject acreage which gives the royalty owners the option to receive their respective shares of gas produced from the acreage in kind. All of the royalty interest owners in the acreage have elected to take their respective shares in kind, it is stated. These shares are said to comprise 2.8583 percent of the gas produced from the Fortson "A" Gas Unit operated by Phillips Petroleum Company. The amount of gas the royalty interest owners receive would be approximately 10,500 Mcf per month, Applicant estimates.

Applicant indicates that Transwestern has agreed to enter into a gas purchase agreement with the royalty interest owners, which would be effectuated by (1) the execution of the proposed gas purchase contracts pursuant to a letter agreement between Applicant and Transwestern dated June 17, 1975, by all of the royalty interest owners, (2) the securing by all of the royalty interest owners of small producer certificates and (3) Applicant's obtaining permisison to and approval of the proposed abandonment.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 8, 1975, file with the Federal Power Commision, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-204]

KENTUCKY POWER CO.

Order Accepting for Filing and Suspending Proposed Rate Increase, Permitting Intervention, Providing for Hearing and Establishing Procedures

NOVEMBER 28, 1975.

On October 30, 1975, Kentucky Power Company (Kentucky) tendered for filing proposed changes in its rates and charges for service to Vanceburg Electric Light, Heat and Power System of Vanceburg, Kentucky (Vanceburg) and the City of Olive Hill, Kentucky (Olive Hill).[1] According to Kentucky, the proposed changes would increase annual revenues collected from Vanceburg and Olive Hill by $117,938, based on the 12 month period ended June 30, 1975. Kentucky requests that the proposed increase to the two cities be permitted to become effective as of December 1, 1975.

The changes contained in the instant filing include a revised fuel adjustment clause in purported compliance with § 35.14 of our Regulations, as amended, as well as an increase in the demand and energy charges. Kentucky avers that such increase is necessitated by increased capital costs and the need for additional construction.

Public notice of the instant filing was issued on November 7, 1975, with comments, protests and petitions to intervene due on or before November 17, 1975. A timely protest and petition to intervene was filed by Vanceburg, which contends that the rates and fuel adjustment clause proposed by Kentucky may be unjust, unreasonable, unduly discriminatory or preferential. Good cause appearing, Vanceburg shall be permitted to intervene as hereinafter ordered and conditioned.

Our review of Kentucky's filing indicates that the proposed rate increase has not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential or otherwise unlawful. Accordingly, pursuant to authority vested in us by Section 205 of the Federal Power Act, we shall accept Kentucky's submittal for filing and suspend the use thereof for two months until February 1, 1976. In addition, we shall establish hearing procedures to determine the justness and reasonableness of the changes proposed by Kentucky.

Evidence relevant to the issues raised by the instant filing should be submitted by all parties, including our Staff. Without limiting the rights of the parties, including Staff, to present such further evidence as they deem relevant and material, we hereby direct the parties and our Staff to present evidence which addresses itself to the following issues:

(1) The justness and reasonableness of the rate of return, including return on common equity, to be earned by Kentucky from the rates and charges proposed herein;

(2) Whether the revised fuel cost adjustment clause submitted by Kentucky substantially complies with § 35.14 of our Regulations, as amended by Order No. 517; [2]

(3) The appropriateness of Kentucky's normalization of the tax effect of capitalized items in its income tax calculation; and

(4) The appropriateness of Kentucky's inclusion of minimum bank balances in the allowance for working capital.

The Commission finds: (1) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Federal Power Act that the Commission enter upon a hearing concerning the lawfulness of the rates and charges contained in Kentucky Power Company's filing in Docket No. ER76-204.

(2) Good cause exists to accept for filing and suspended the proposed changes in Kentucky's Rate Schedule FPC Nos. 12 and 13, as hereinafter ordered.

(3) Vanceburg's participation in this proceeding may be in the public interest.

The Commission orders: (A) Pursuant to the authority of the Federal Power Act, particularly Section 205 thereof, the Commission's Rules of Practice and Procedure, and the Regulations under the Federal Power Act (18 CFR, Chapter I), a public hearing shall be held on April 27, 1976, at 10:00 a.m., prevailing local time, in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, concerning the lawfulness of the rates and charges contained in Kentucky Power Company's instant rate filing.

(B) On or before March 16, 1976, the Commission Staff shall serve its prepared testimony and exhibits. Any intervenor evidence will be filed on or before March 30, 1976. Any rebuttal evidence by Kentucky shall be served on or before April 13, 1976.

(C) Pending a hearing and a decision thereon, Kentucky's proposed changes in rates and charges, tender of which was made on October 30, 1975, are accepted for filing and suspended for two months, the use thereof deferred until February 1, 1976, when said proposed rates and charges shall become effective, subject to refund.

(D) Vanceburg is hereby permitted to intervene in this proceeding, subject to the Rules and Regulations of the Commission; *Provided, however*, that the participation of such intervenor shall be limited to matters affecting the rights and interests specifically set forth in the petition to intervene; and *Provided, further*, that the admission of such intervenor shall not be construed as recognition that it might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(E) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose, (See Delegation of Authority, 18 CFR 3.5(d), shall preside at the hearing in this proceeding, shall prescribe relevant procedural matters not herein provided, and shall control this proceeding in accordance with the policies expressed in the Commission's Rules of Practice and Procedure.

(F) Nothing contained herein shall be construed as limiting the rights of parties to this proceeding regarding the convening of conferences or offers of settlement pursuant to § 1.18 of the Commission's Rules of Practice and Procedure.

(G) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32847 Filed 12-4-75;8:45 am]

[1] The proposed changes are designated Supplement No. 4 to Rate Schedule FPC No. 12 (Vanceburg) and Supplement No. 2 to Rate Schedule FPC No. 13 (Olive Hill).

LAKE SUPERIOR DISTRICT POWER CO.

Notice of Request for Waiver of Fuel Adjustment Clause Conformity Requirements

NOVEMBER 26, 1975.

Take notice that on October 24, 1975, Lake Superior District Power Company by letter dated October 21, 1975 filed a request for waiver of the January 1, 1976 deadline for conforming its fuel cost adjustment clauses to Commission Order No. 517 in Docket No. R-479 issued November 13, 1974.

Lake Superior requests a three month extension because of the complexity of the data required.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 4, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this are on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP75-68]

MID-LOUISIANA GAS CO.

Notice of Presiding Administrative Law Judge's Certification of Proposed Settlement to the Commission

NOVEMBER 28, 1975.

Take notice that on November 25, 1975, Presiding Administrative Law Judge Curtis L. Wagner, Jr., pursuant to § 1.18 (e) of the Rules of Practice and Procedure, certified to the Commission "for such action as it may deem appropriate in its discretion" a stipulation and agreement reached by Mid-Louisiana Gas Company (Mid-Louisiana) and the Commission Staff and attached by Mid-Louisiana to its motion of November 12, 1975 requesting certification of the settlement.

This proceeding was instituted by Commission order issued April 11, 1975 and involves Mid-Louisiana's proposed changes in its First Revised Volume No. 1 of its FPC Gas Tariff, Alternate Fourteenth Revised Sheet No. 3a, Alternate First Revised Sheet Nos. 26a, 26c, and First Revised Sheet No. 26d, which were accepted for filing and then made effective after a one day suspension, on April 16, 1975.

The originally proposed changes would increase Mid-Louisiana's rates in Rate Schedules G-1, SG-1, and I-1 from 48.26¢ per Mcf to 51.71¢ per Mcf at a base rate, exclusive of Purchase Gas Cost Adjustments, of 54.15¢ per Mcf. The proposed settlement rates, as of April 16, 1975, would be 50.44¢ per Mcf at a base rate of 52.88¢. As of July 1, 1975, the base rate would be increased to 58.80¢ per Mcf to track an advance payment of that date, pursuant to an advance payment tracking provision included as part of the settlement stipulation and agreement.

Also, according to the stipulation and agreement, the charges under Mid-Louisiana's Rate Schedule E-1 would be decreased from 65.38¢ per Mcf to 65.24¢ per Mcf from April 16, 1975 and then increased to 87.91¢ per Mcf on the date of a Commission order approving the settlement.

Any person desiring to comment on the proposed settlement may do so by filing comments with the Federal Power Commission 825 North Capitol Street NE., Washington, D.C. 20426. All comments should be filed on or before December 15, 1975. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-248]

MISSISSIPPI POWER CO.

Request for Waiver of Fuel Adjustment Clause Conformity Requirements

NOVEMBER 26, 1975.

Take notice that on October 3, 1975, Mississippi Power Company by letter dated October 1, 1975 filed a request for waiver of the January 1, 1976 deadline for conforming its fuel adjustment clause in its Rate Schedule FPC No. 108 to Commission Order No. 517 in Docket No. R-479 issued November 13, 1974.

Mississippi requests an additional one year period for complying with Order 517 because of its agreement with South Mississippi Electric Power Association that the fuel adjustment clause applied to firm power sales to South Mississippi will

V40I235 DEC 5 75 XUM

be substantially the same as the fuel clause which is approved by the Commission in another proceeding, Docket No. E-9135. The waiver of the conformity deadline is requested to permit that proceeding to reach a conclusion.

And person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 4, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this are on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32864 Filed 12-4-75;8:45 am]

[Docket Nos. ER76-201 and ER76-202]

MONTAUP ELECTRIC CO.

Order Accepting for Filing and Making Effective Proposed Unit Sales Agreements Without Suspension

NOVEMBER 28, 1975.

On October 28, 1975, the Montaup Electric Company (Montaup) tendered for filing two initial rate schedules for the sale of power from the Canal Unit No. 2, 50% of which is owned by Montaup, to the Public Service Company of New Hampshire (PSNH) and the New Bedford Gas and Electric Light Company (New Bedford), designated as Docket Nos. ER76-201 and ER76-202 respectively.[1] Montaup proposes to sell 50MW through October 31, 1976, and 20MW during the subsequent twelve month period to October 31, 1977. The New Bedford proposal provides for the sale of 50 MW from the unit to New Bedford from December 1, 1975 through April 30, 1976, and then 28MW from November 1, 1977 through April 30, 1978. Furthermore, each of the proposed rates specifies the following monthly charges: (1) a monthly capacity charge based upon Montaup's direct and indirect charges incurred on the investment in and the operation and maintenance of the unit exclusive of fuel costs, and (2) a monthly energy charge based upon total fuel expense (Account 501) during the month Although New Bedford owns its own transmission facilities in the area and does not require transmission service, such service will be rendered to PSNH. The proposed rate to PSNH, therefore, includes monthly charges for certain transmission facilities utilized to deliver power from the unit to the New England 345KV grid.

[1] Designated as: ER76-201—Rate Schedule FPC No. 38 and Supplement No. 1 thereto; ER76-202—Rate Schedule FPC No. 39 and Supplement No. 1 thereto DC-24.

Notices of the filings were issued on November 10, 1975, with comments, protests, or petitions to intervene due on or before November 18, 1975. No responses were received. As noted above, Montaup has requested an effective date of December 1, 1975, that being the scheduled date for commencement of commercial operation for Canal No. 2.

Our review of the proposed rates, charges, terms and conditions of service of the proposed unit sales agreements indicates that they are just and reasonable and should therefore be accepted for filing and made effective without suspension as of December 1, 1975, the scheduled date for commencement of commercial operation of Canal Unit No. 2.

The Commission finds: Good cause exists to accept for filing and make effective Montaup's filing as hereinafter ordered and conditioned.

The Commission orders: (A) Montaup's October 29, 1975, filing is accepted for filing and made effective as of December 1, 1975, the scheduled date for commencement of commercial operation of Canal Unit No. 2.

(B) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-32853 Filed 12-4-75;8:45 am]

[Docket No. RP75-108]

NATURAL GAS PIPELINE COMPANY OF AMERICA

Order Accepting for Filing, and Permitting To Become Effective, Subject to Condition, Revised Tariff Sheets

NOVEMBER 28, 1975.

By order issued June 30, 1975 in this docket we accepted for filing and suspended certain revised tariff sheets filed by Natural Gas Pipeline Company of America (Natural) which would result in a jurisdictional rate increase of $36.2 million. Our order additionally required Natural to file revised tariff sheets, prior to the effective date of the suspended tariff sheets, reflecting a.) the elimination of costs associated with interest payments to Exxon, U.S.A., b.) the elimination from rate base of investment in plant under construction, and c.) the elimination of costs associated with certain uncertificated facilities if such facilities were not certificated and in service on or before the date the proposed rates went into effect.

In our order we further noted that Natural's rate filing reflected rates designed under the *Atlantic Seaboard* method[1] and that to the extent the rate design ultimately found to be just and reasonable for Natural departs from *Seaboard* Natural may be subject to undercollections. By order issued August 29, 1975, we affirmed our decision in our order of June 30, 1975 and denied Natural's request for rehearing.

On October 16, 1975, as completed by October 20, 1975 submittals, Natural filed a "Motion to Make Suspension Tariff Sheets Effective" as well as tariff sheets which revise the sheets originally filed and suspended in this docket.[2] In addition to reflecting the changes requested by the Commission's June 30, 1975 order, the revised tariff sheets filed on October 16, 1975 reflect the following:

(1) An addition as a credit to Natural's cost of service the amount attributable to revenues received by Natural from the sale of liquid hydrocarbons products to Phillips Petroleum Company;

(2) A change in Natural's Winter Service Rates (Rate Schedule WS-1 and WS-2) from a demand to a commodity billing basis; and

(3) A redesigning of Natural's rates from an unmodified *Seaboard* basis to the *United* 75%/25% rate design formula.[3]

Natural's October 16, 1975 filing also included *alternate* revised tariff sheets[4] reflecting the above-listed revisions as well as the exclusion of all costs associated with uncertificated facilities at issue in Docket No. CP75-256. Natural requested that these revised tariff sheets be accepted for filing and made effective December 1, 1975, in the event such facilities are not certificated by December 1, 1975. Natural states that both sets of tendered tariff sheets reflect the level of PGA unit adjustments filed October 16, 1975 in Docket No. RP71-125. Natural requests that either the revised tariff sheets or the alternate revised tariff sheets tendered of October 16, 1975 be accepted for filing and permitted to become effective on December 1, 1975, in substitution for the corresponding tariff sheets suspended by our order of June 30, 1975.

Public notice of Natural's October 16, 1975 filing was issued on October 29, 1975 with all comments due on or before November 17, 1975. On November 13, 1975, Northern Illinois Gas Company (NIGas) filed comments in opposition to the acceptance for filing of Natural's revised tariff sheets insofar as they reflect a departure from the originally filed *Seaboard* rate design and reflect the United rate design. NIGas asserts that if the Commission accepts the sheets for filing and permits them to become effective it will result in a prejudgment of the issue of the proper rate design for Natural in the pending proceeding in Docket No. RP73-110.

Upon review we find Natural's revision which adds as a credit to cost of service the amount attributable to liquid hydrocarbons revenues from Philipps Petroleum Company to be appropriate in light

[1] *Atlantic Seaboard*, 11 FPC 43 (1952).

[2] Substitute Twenty-fifth Revised Sheet No. 5, Substitute Original Sheet No. 5A.

[3] *United Gas Pipe Line Company*, Opinion No. 671, 50 FPC 1348 (1973), *reh. denied* 51 FPC 1014 (1974), *aff'd sub. nom. Consolidated Gas Supply Corp.* v. *F.P.C.*, Docket Nos. 74-1343 *et al.* (D.C. Cir., issued October 9, 1975).

[4] (Alternate) Substitute Twenty-fifth Revised Sheet No. 5, (Alternate) Substitute Original Sheet No. 5A.

of our order of September 9, 1975 in Docket No. RP73-63. In that order we denied Natural's request to add these revenues to its revolving exploration and development fund approved in a prior Commission order,[5] and cease crediting these revenues to its jurisdictional cost of service.

We find Natural's revision changing its Winter Service Rates from a demand to a commodity billing basis to be appropriate in light of recent orders in two separate dockets[6] denying Natural's request for authority to charge on a demand basis or to include a carrying charge component in its Winter Service Rates.

With respect to the revision excluding the costs associated with uncertificated facilities which have been the issue in the proceeding in Docket No. CP75-256, we issued an order in that docket on November 3, 1975 denying Natural's request for a temporary certificate. The facilities will not be certificated and in service on or before the effective date of Natural's rate increase. Natural's revision eliminating these costs is therefore in compliance with our order of June 30, 1975.

The final revision reflected in Natural's October 16, 1975 filing is a change in Natural's rate design from the *Seaboard* method to the *United* method. Natural states that its reason for revising its rate design is that it seeks to avoid being subjected to underrecovery in the event that the *Seaboard* method is ultimately determined to be unjust and unreasonable on Natural's system. Natural states further that its revision is without prejudice to its right to maintain in this proceeding that the *Seaboard* method is the appropriate rate design for Natural. We have reviewed NIGas' objection to the revised tariff sheets reflecting the *United* rate design method and find its objections to be unwarranted. The rate design found to be just and reasonable in the pending proceeding in Docket No. RP73-110 will be determined on the basis of the complete record presented to us in that proceeding. We are moreover aware that the factual situation existing on the Natural system for the locked-in period in Docket No. RP73-110 may be dissimilar to that in the present proceeding. We are moreover aware, in view of Natural's filed testimony and statements in its October 16, 1975 filing, that it intends to present this Commission with the position that the *Seaboard* method should be adopted despite its revised filing using the *United* rate design.

[5] *Natural Gas Pipeline Company of America*, Docket No. RP73-63, Order Adopting Settlement Proposal, Authorizing Sale of Gas at Applicable Area Rates, Authorizing Amendment of Purchase Gas Adjustment Clause, and Terminating Proceedings, issued August 3, 1975.

[6] *Natural Gas Pipeline Company of America*, Docket No. CP74-260, Opinion No. 738, order issued July 18, 1975; *Natural Gas Pipeline Company of America*, Docket No. CP75-269, order issued August 29, 1975.

We shall therefore accept Natural's *Alternate* revised tariff sheets tendered in this docket on October 16, 1975 for filing and permit them to become effective December 1, 1975 in substitution for the tariff sheets originally filed and suspended in this docket by order of June 30, 1975. However we note that the purchased gas cost level included in these tariff sheets reflects the costs included in Natural's most recent PGA filing. By separate order issued this day in Docket Nos. 71-125, PGA 76-3, we have found Natural's proposed PGA increase to include costs associated with small producer and emergency purchases in excess of Opinion Nos. 742 and 699-H. We therefore suspended the use of those sheets for one day, to become effective Dcember 2, 1975. We further permitted Natural to file revised tariff sheets, to become effective on December 1, 1975, reflecting the elimination of costs associated with small producer and emergency purchases in excess of levels established in Opinion Nos. 742 and 699-H. Consistent with our findings in this PGA order our acceptance for filing and authorization to make Natural's Alternate revised tariff sheets submitted in Docket No. RP75-108 effective on December 1, 1975, is hereby conditioned on the elimination of those costs associated with that portion of small producer and emergency purchases in excess of levels established in Opinion Nos. 742 and 699-H, respectively.

The Commission finds: (1) It is necessary and appropriate to aid in the enforcement of the Natural Gas Act that we accept for filing the Alternate revised tariff sheets submitted by Natural in this docket on October 16, 1975 and permit them to become effective on December 1, 1975.

(2) It is necessary and appropriate to aid in the enforcement of the Natural Gas Act that, consistent with our order issued today in Docket Nos. RP71-125, PGA76-3, our acceptance for filing and authorization to place into effect the Alternate revised tariff sheets on December 1, 1975, is conditioned upon the elimination for December 1, 1975 of those purchased gas costs associated with that portion of small producer and emergency purchases at levels in excess of the levels established in Opinion Nos. 742 and 699-H, respectively.

The Commission orders: (A) The Alternate Revised tariff sheets submitted in this docket by Natural on October 16, 1975 are hereby accepted for filing and permitted to become effective December 1, 1975 in substitution for the tariff sheets originally filed in this docket and suspended by our order of June 30, 1975.

(B) Consistent with our order issued today in Docket Nos. RP71-125, PGA76-3, our acceptance for filing and authorization to place into effect the Alternate revised tariff sheets on December 1, 1975, is conditioned upon the elimination for December 1, 1975 of those purchased gas costs associated with that portion of small producer and emergency purchases at levels in excess of the levels established in Opinion Nos. 742 and 699-H, respectively.

(C) The Secretary shall cause prompt publication of this order to be issued in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[Docket No. E-9306]

NEVADA POWER CO.

Order Accepting Stipulation and Agreement

NOVEMBER 28, 1975.

On October 24, 1975, Nevada Power Company (Nevada) and California-Pacific Utilities Company (Cal-Pac) filed their joint Stipulation and Agreement[1] providing for continuation of the service by Nevada to Cal-Pac at Henderson, Nevada, beyond November 1, 1975.

On March 3, 1975, Nevada tendered for filing a Notice of Cancellation of wholesale service to Cal-Pac to become effective as of June 1, 1975. By order of May 30, 1975, the Commission accepted the Notice of Cancellation for filing and, among other things, suspended the effective date of the cancellation of service until November 1, 1975.

The October 24, 1975, Stipulation and Agreement between the parties provides the following:

1. Nevada will continue to serve Cal-Pac until May 31, 1977.

2. Cal-Pac will not attempt to use Nevada's continuation of service as an excuse to avoid looking for alternate sources of capacity.

3. Nevada's continuation of service after the expiration of the suspension period in Docket No. E-9306 will not prejudice any position Nevada or Cal-Pac might take in this or other existing or future proceedings before this Commission or any other body with jurisdiction in the premises or be used against Nevada or Cal-Pac in such proceedings.

The Agreement further recites that Staff is not objecting to the Stipulation and Agreement between Nevada and Cal-Pac, but that Staff has advised the parties that in not objecting to the Stipulation and Agreement, Staff is not prejudiced in any claims, contentions, or positions Staff might make in this or any related proceeding.

We believe it is necessary and appropriate in the public interest that the Commission ratify and adopt the October 24, 1975, Stipulation and Agreement between Nevada and Cal-Pac for the continuation of service beyond November 1, 1975, at Henderson, Nevada. This order is without prejudice to any other action we may deem necessary and appropriate in this proceeding or any other proceeding to aid in the enforcement of the Federal Power Act.

[1] Designated as Nevada Power Company Supplement No. 11 to Rate Schedule FPC No. 2.

V40235 DEC 5 75 XUM

The Commission finds: Good cause exists to accept for filing and make effective the October 24, 1975, Stipulation and Agreement between Nevada and Cal-Pac that Nevada continue to provide service to Cal-Pac at Henderson until May 31, 1977.

The Commission orders: (A) The October 24, 1975, Stipulation and Agreement for the continuation of service by Nevada to Cal-Pac at Henderson beyond November 1, 1975, is incorporated herein by reference, accepted for filing and made effective as proposed, without prejudice to any other action we may deem necessary and appropriate in this or any other proceeding to aid in the enforcement of the Federal Power Act.

(B) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32345 Filed 12-4-75;8:45 am]

[Docket No. ER76-242]

NORTHERN STATES POWER CO.

Filing of Revised Fuel Adjustment Clause

NOVEMBER 26, 1975.

Take notice that Northern States Power Company, Minneapolis, Minnesota, (NSP) on November 12, 1975, tendered for filing proposed revisions of the fuel cost adjustment clause applicable to NSP's contracts with the following 30 wholesale customers:

	FPC Rate Schedule No.
City of Anoka	338
City of Arlington	378
Village of Brownton	324
Village of Buffalo	369
City of Chaska	323
City of Delano	278
City of Fairfax	300
City of Glencoe	328
City of Granite Falls	355
Home Light & Power Company	335
City of Janesville	316
Village of Kasota	318
Village of Kasson	379
City of Kenyon	275
City of Lake City	361
City of Lake Crystal	166
City of LeSueur	311
City of Madella	281
City of Marshall	165
City of Melrose	317
City of New Ulm	341
Village of North St. Paul	371
City of Redwood Falls	283
City of St. Peter	325
City of Shakopee	368
City of Sioux Falls	277
City of Sleepy Eye	308
Town of Valley Springs	366
City of Waseca	380
City of Winthrop	364

The revised fuel clause is filed to be effective for deliveries of power and energy on and after January 1, 1976. The purpose of the proposed revision is to comply with § 35.14 of the Commission's rules as amended by Order No. 517, issued November 13, 1974.

A copy of the proposed fuel clause and comparative billing data has been mailed to each of NSP's customers affected by the proposed change, to the Minnesota Public Service Commission, and to the South Dakota Public Utilities Commission.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 4, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32361 Filed 12-4-75;8:45 am]

[Docket Nos. ER76-149 and E-9537]

PUBLIC SERVICE COMPANY OF INDIANA, INC.

Order Accepting for Filing and Suspending Proposed Rate Increases, Setting Matters for Hearing, Consolidating Proceedings, Granting Interventions, and Deferring Ruling on Request for Summary Disposition

NOVEMBER 28, 1975.

On September 23, 1975, Public Service Company of Indiana, Inc. (PSCI) tendered for filing proposed tariff and rate schedule changes docketed as ER76-149 for PSCI's sales of electrical energy to forty municipals,[1] who purchase all of their electrical requirements from PSCI; fifteen rural electrical membership corporations,[2] who purchase all of their electrical requirements from PSCI; five municipals who have their own generation facilities,[3] but purchase firm power from PSCI through interconnection agreements; and the Hoosier Energy Division of the Indiana Statewide Rural Electrical Cooperative,[4] who purchases partial requirements from PSCI for resale to its members. The proposed rate increases amount to $9,713,394 based upon the twelve month period ending October 31, 1976. PSCI requested that the rate changes be made effective October 24, 1975, thirty days after filing.

Notice of the proposed rate increases in Docket No. ER76-149 was issued on October 1, 1975, with comments, protests, or petitions to intervene due on or before October 14, 1975.

Upon review of PSCI's filing of September 23, 1975, we concluded that it was deficient with respect to certain requirements of the Commission's Regulations. Accordingly, the Commission Secretary, by letter dated October 7, 1975, informed PSCI that its filing did not comply with § 35.13(b)(4)(iii) of the Regulations in that Period I (twelve months ending December 31, 1974) did not represent the most recent twelve consecutive months for which actual data is available. The letter order required PSCI to submit data revising Period I and II such that Period I ended no earlier than four months prior to the date of filing. PSCI was notified that a filing date would not be assigned to its submittal pending receipt of the requested data.

On October 30, 1975, PSCI tendered for filing supplemental data in Docket No. ER76-149 which included a new Period I (the twelve months ending June 30, 1975). Notice of this filing of supplemental data was issued on November 5, 1975, with comments, protests, or petitions to intervene due on or before November 21, 1975.

On October 3, 1975, the Indiana Municipal Electric Association (IMEA Cities) representing twenty-four of the forty Indiana municipals served under Tariff Volume No. 1[5] filed a motion to reject stating that Period I contained stale data in violation of § 35.13(b)(4)(iii) of the Commission's Regulations. On October 15, 1975, IMEA Cities filed a motion to reject, protest and petition to intervene wherein they, *inter alia*, request that (1) PSCI's filing be rejected under § 35.13(b)(4)(iii) in that Period I contains stale data; (2) PSCI's filing be rejected under § 35.13(b)(1) in that PSCI's comparison of proposed revenues with existing revenues does not include in existing revenues the revenues that are in effect subject to refund pursuant to the Commission's suspension order issued March 7, 1974, in Docket Nos. E-8586 and E-8587 which, *inter alia*, suspended PSCI's last wholesale rate increase filing and additionally Statement N of Period I does not reflect the return PSCI is currently earning by also excluding these revenues subject to refund; (3) summary disposition be granted on PSCI's comprehensive tax normalization of certain items including, *inter alia*, interest during construction and costs of removal; (4) summary disposition be granted with respect to the inclusion in rate base of PSCI's Gibson Unit No. 1, which according to IMEA Cities should be viewed as construction

[1] FPC Electric Tariff Original Volume No. 1 (4th Revision).

[2] FPC Electric Tariff Original Volume No. 2 (2nd Revision).

[3] Service Schedule A—Firm Power, 2nd Revised Exhibit I to Rate Schedule FPC Nos. 211, 212, 215, 223 and 224.

[4] Service Schedule G—Firm Power, 2nd Revised Exhibit I to Rate Schedule FPC No. 222.

[5] Town of Bambridge; Town of Bargersville; Town of Centerville; City of Covington; Town of Darlington; Town of Edinburg; Town of Flora; Town of Greendale; City of Greenfield; Town of Hagerstown; Lawrenceburg Utilities, Lawrenceburg; City of Lebanon; City of Linton; Town of Middletown; Town of Paoli; Town of Pendletown; City of Rising Sun; Town of Rockville; City of Scottsburg; Town of South Whitley; Town of Thorntown; City of Tipton; Town of Veedersburg; and the Town of Waynetown; all located in the State of Indiana.

work in progress (CWIP), and with respect to PSCI's inclusion as part of working capital in rate base of $5,572,000 of compensating bank balances; (5) that the rate increases be suspended for five months because of an excessive rate of return, revised depreciation rates, and inaccurate estimates of future costs.

On October 14, 1975, the Wabash Valley Power Associations, Inc. (Wabash) and thirteen rural electrical membership corporations (REMCs)[6] filed a timely protest, petition to intervene and motion to reject PSCI's filing wherein they request, *inter alia*, that (1) PSCI's filing be rejected under § 35.13(b)(4)(iii) in that Period I contains stale data and (2) PSCI's rate increases be suspended for five months because the requested rate of return on common equity is excessive, transmission facilities are specifically assigned rather than rolled-in, federal income taxes in Period II are increased because actual interest expense is reduced; compensating bank balances are included in working capital, and Gibson Unit No. 1 is not time weighted in rate base.

On October 14, 1975, Henry and Jackson County, Indiana, Rural Electric Membership Corporations filed a timely protest and petition to intervene requesting intervention and objecting to PSCI's requested rate of return as being excessive, the inclusion of a 60% demand ratchet during the preceding twelve month period, and the maximum load charge of $3.50 per kva.

On October 14, 1975, the Hoosier Cooperative Energy Division, Indiana Statewide Rural Electric Cooperative, Inc., filed a timely protest and petition to intervene and reject wherein it requests, *inter alia*, that (1) PSCI's filing be rejected under § 35.13(b)(4)(iii) in that Period I contains stale data and (2) PSCI's rate increase be suspended for five months because it includes minimum bank balances in working capital, contains increased depreciation rates, normalizes the tax savings associated with construction interest and capitalized overheads, and requests excessive rates of return.

On October 14, 1975, the interconnection customers consisting of the Cities of Crawfordsville, Frankfort, Logansport, Peru and Washington, Indiana, filed a petition to intervene, formal protest and motion to reject wherein they request, *inter alia*, that (1) PSCI's filing be rejected as to them since their contracts are fixed rate contracts within the meaning of the *Mobile-Sierra*[7] doctrine and that PSCI's filing be rejected under § 35.13(b)(4)(iii) in that Period I contains stale data or (2) PSCI's filing be suspended for five months.

On October 20, 1975, PSCI filed an answer to the motions to reject based on the allegations that Period I contains stale data. PSCI states that the Commission's October 7, 1975, letter order moots the motions to reject and otherwise opposes rejection.

On October 23, 1975, PSCI filed a motion for extension of time in which to respond to the various petitions in opposition to its filing. This motion was granted by Secretary's notice, issued October 30, 1975.

On November 13, 1975, PSCI timely filed five separate answers to the aforementioned protests, petitions to intervene and motions to reject which, *inter alia*, opposed rejection of PSCI's filing, opposed summary disposition of PSCI's tax normalization and inclusion of Gibson Unit No. 1 and minimum bank balances in rate base, and opposed a five month suspension.

We, in effect, granted the motions to reject for failure to comply with § 35.13(b)(4)(iii), in that Period I contains stale data, by holding PSCI's filing deficient by our letter order dated October 7, 1975, which stated that a filing date would not be assigned pending receipt of updated Period I. On October 30, 1975, PSCI tendered for filing a more recent Period I (the twelve months ending June 30, 1975). Accordingly, we shall assign a filing date of October 30, 1975.

Intervenors request summary disposition of PSCI's tax normalization of such items as interest on construction work in progress. Normalization of these items, intervenors allege, raises the taxes included in PSCI's cost of service at the expense of the petitioning customers. The intervenors argue that PSCI has not shown a tax deferral versus a tax savings and that PSCI's construction budget for the period 1976–1979 of approximately $1.3 billion precludes a finding of tax deferral. PSCI responds that only a tax deferral and not a tax savings is involved, that tax normalization supplies capital to PSCI, and that this issue is properly one for hearing. Because of the importance of the issues regarding PSCI's tax normalization, we shall defer action on the intervenors request for summary judgment to permit the Commission adequate time for the consideration thereof.

PSCI opposes the request of the interconnection customers that the rate increases be rejected for them in that their contracts are fixed rate within the meaning of the *Mobile-Sierra* doctrine. In our suspension order of PSCI's prior wholesale rate increase to these customers, issued March 7, 1974, in Docket Nos. E-8586 and E-8587, we found with respect to the same contracts that PSCI's contracts with the Cities of Crawfordsville, Logansport, Peru and Washington did not contemplate the filing of Section 205 rate increases while PSCI's contract with the City of Frankfort contained a *Memphis*[8] clause which would permit a Section 205 filing. We shall therefore reject PSCI's filing on the basis of the *Mobile-Sierra* doctrine as it pertains to the four municipals with the fixed rate contracts mentioned *supra*.

We note that PSCI projects that Gibson Unit No. 1 will go into service during the test period. We believe that the issues of the time weighting of Gibson Unit No. 1 in rate base and the inclusion of the bank balances in working capital are matters that should be raised in the hearing and are not subject to summary disposition.

We find PSCI's filing to be in substantial compliance with our filing requirements and accordingly cannot reject the filing as requested by Intervenors.

Other contentions raised by the intervenors go to the merits of PSCI's filing and should be raised in the evidentiary hearing.

In its transmittal letter accompanying its October 30, 1975, tender of supplemental data, PSCI requests waiver of the Commission's notice requirement pursuant to § 35.11 of the Commission's Regulations. We believe that PSCI has not shown good cause as required by § 35.11, and we will therefore not waive the notice requirements.

Our review of PSCI's filing in Docket No. ER76-149, including the supplemental data, indicates that the proposed changes have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential or otherwise unlawful. Accordingly, we shall accept for filing and suspend the proposed changes, with the exception of those changes applicable to the fixed rate contracts mentioned, *supra*, until March 31, 1975, and establish hearing procedures to determine the justness and reasonableness of PSCI's filing.

We will grant intervention to the above named petitioners in the proceeding hereinafter established.

On September 29, 1975, PSCI filed a letter with the Commission in Docket No. E-9537, in which PSCI stated that it does not concur with the Commission Staff's recommended accounting treatment, made after a Commission Staff audit of PSCI's books, regarding PSCI's self-insurance reserve for major power outages. Pursuant to § 41.7 of the Commission's Regulations, we shall order hearing procedures to determine the propriety of PSCI's accounting of this item. We shall also consolidate this matter for hearing and decision with the hearing herein established regarding the

[6] Boone County Rural Electric Membership Corporation; Caroll County Rural Electric Membership Corporation; Clark County Rural Electric Membership Corporation; Fulton County Rural Electric Membership Corporation; Hancock County Rural Electric Membership Corporation; Hendricks County Rural Electric Membership Corporation; Kosciusko County Rural Electric Membership Corporation; Miami-Cass County Rural Electric Membership Corporation; Parke Rural Electric Membership Corporation; Tipmont Rural Electric Membership Corporation; United Rural Electric Membership Corporation; Wabash County Rural Electric Membership Corporation; Warren County Rural Electric Membership Corporation.

[7] *United Gas Pipe Line Co.* v. *Mobile Gas Service Corp.*, 350 U.S. 332 (1956); *Federal Power Commission* v. *Sierra Power Co.*, 350 U.S. 348 (1956).

[8] *United Gas Pipe Line Co.* v. *Memphis Light, Gas & Water Division*, 358 U.S. 103 (1958).

V40235 DEC 5 75 XUM

justness and reasonableness of PSCI's proposed rate increase.

We note that PSCI's filing* includes $100,000 as a "Provision for Power Outage Loss" and $105,000 as a "Provision for Generating Station Repair Parts." The former may be amounts associated with PSCI's self-insurance reserve for major power outages. Without limiting the rights of the parties, including Staff, in presenting such further evidence as they deem relevant and material, we hereby direct the parties and Staff in their presentation of evidence in the hearing procedures to be established to present evidence as to the justness and reasonableness of PSCI's inclusion of amounts for these items in operation and maintenance expenses and to the propriety of PSCI's accounting of these items.

The Commission finds: (1) With respect to the contracts of PSCI and the Cities of Crawfordsville, Peru, Washington and Logansport, such contracts are fixed rate within the meaning of the *Mobile-Sierra* doctrine and PSCI's rate increases as to these cities should be rejected.

(2) It is necessary and proper in the public interest and to aid in the enforcement of the Federal Power Act that the Commission enter upon a proceeding pursuant to Section 205 of the Act concerning the lawfulness of the rates and charges PSCI proposes in these dockets for customers other than those discussed above. These rates shall be suspended as hereinafter ordered.

(3) It is necessary and proper in the public interest and to aid in the enforcement of the Federal Power Act that the Commission enter upon a proceeding pursuant to § 41.7 of the Commission's Regulations concerning the proper accounting of PSCI's self-insurance reserve for major power outages. This proceeding will be consolidated for hearing and decision purposes herein ordered.

(4) Good cause exists to assign a filing date of October 30, 1975, the date of PSCI's tender of supplemental data; and good cause does not exist to grant waiver of § 35.11 of the Commission's Regulations.

(5) Good cause exists to grant the intervention of the above-named petitioners.

(6) Intervenors' motions to reject under § 35.13(b)(4)(iii) are rendered moot by the Commission's October 7, 1975, letter order and PSCI's October 30, 1975, tender of supplemental data, including a more recent Period I. Intervenors' other motions to reject should be denied.

(7) Ruling on intervenors' request for summary disposition of PSCI's tax normalization should be deferred to allow for further Commission consideration. Intervenors' other motions for summary disposition are denied.

The Commission orders: (A) PSCI's proposed rate increases to the Cities of Crawfordsville, Peru, Washington and Logansport, Indiana, are hereby rejected.

(B) Pending hearing and a final decision thereon, PSCI's proposed tariff sheets in Docket No. ER76-149 as they would affect customers not having fixed rate contracts, are hereby accepted for filing as of November 30, 1975, and suspended until March 31, 1975, when they shall go into effect subject to refund.

(C) PSCI's submittals are assigned a filing date of October 30, 1975, and PSCI's request for waiver pursuant to § 35.11 of the Commission's Regulations is denied.

(D) A hearing shall be held to determine the proper accounting of PSCI's self-insurance reserve for major power outages.

(E) Pursuant to the authority of the Federal Power Act, particularly Sections 205 and 206 thereof, and the Commission's Rules of Practice and Procedure and the Regulations under the Federal Power Act (18 CFR, Chap. I), a public hearing shall be held on June 22, 1976, at 10:00 A.M., in a hearing room of the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, concerning the lawfulness of PSCI's proposed tariff changes as accepted for filing.

(F) The proceeding in Docket Nos. ER76-149 and E-9537 are hereby consolidated for purposes of hearing and decision.

(G) On or before April 13, 1976, PSCI shall serve its prepared testimony and exhibits in the Section 41.7 proceeding. On or before May 11, 1976, the Commission Staff shall serve its prepared testimony and exhibits as to all matters raised in the consolidated proceedings. On or before May 25, 1976, the prepared testimony and exhibits of the intervenor parties shall be served in the consolidated proceedings. On or before June 8, 1976, PSCI shall file any rebuttal evidence in the consolidated proceedings.

(H) Intervenors' motions to reject are denied to the extent they were not granted by the Commission's October 7, 1975, letter order.

(I) Ruling on intervenors' request for summary disposition of PSCI's tax normalization is deferred to allow for further Commission consideration. Intervenors' motions for summary disposition are hereby denied.

(J) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)), shall preside at the hearing in this proceeding, shall prescribe relevant procedural matters not herein provided, and shall control this proceeding in accordance with the policies expressed in the Commission's Rules of Practice and Procedure.

(K) The aforementioned intervenors are hereby granted permission to intervene in this proceeding, subject to the Rules and Regulations of this Commission; *Provided, however,* That the participation of such intervenors shall be limited to matters affecting the rights and interests specifically set forth in their respective petitions to intervene; and *Provided, further,* That the admission of such intervenors shall not be construed as recognition that they or any of them might be aggrieved because of any order or orders issued by the Commission in this proceeding.

(L) The Secretary of the Commission shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[Docket No. E-9454]

PUBLIC SERVICE COMPANY OF NEW MEXICO

Postponement of Hearing Date

NOVEMBER 26, 1975.

On November 24, 1975, The City of Gallup, New Mexico (Gallup) filed a motion to strike portions of the rebuttal testimony of the Public Service Company of New Mexico and to postpone the date of hearing in the above-designated proceeding.

Notice is hereby given that the hearing set for December 2, 1975, in the above proceeding is postponed pending action by the Presiding Administrative Law Judge on the November 24, 1975 motion of Gallup.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32859 Filed 12-4-75;3:45 am]

[Project No. 199]

SOUTH CAROLINA PUBLIC SERVICE AUTHORITY

Application for Change in Land Rights

NOVEMBER 28, 1975.

Public notice is hereby given that an application was filed on September 5, 1975, under the Federal Power Act (16 U.S.C. §§ 791a–825r) by South Carolina Public Service Authority (Correspondence to: Mr. J. B. Thomason, General Manager, South Carolina Public Service Authority, 223 North Live Oak Drive, Moncks Corner, South Carolina 29461; and Berkeley Electric Cooperative, Inc., P.O. Box 1234, Moncks Corner, South Carolina 29461), for Commission approval of a change in land rights at the Santee-Cooper Project No. 199, located on the Sante and Cooper Rivers in Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina. The project affects navigable waters of the United States and public lands of the United States.

South Carolina Public Service Authority requests Commission authorization to grant an easement to Berkeley Electric Cooperative, Inc. (Cooperative) to construct, operate and maintain a 7.2 kV distribution line across project lands. The 7.2 kV line would cross project lands adjacent to and approximately 430 feet west of Lake Marion, in Berkeley County, South Carolina. Construction of the line would require a 646-foot-long and 20-foot-wide right-of-way across project lands. The proposed construction would extend an existing distribution line which would be used by the Cooperative to service its customers north of Project No. 199.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 12, 1976, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 C.F.R. § 1.8 or § 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. The application is on file with the Commission and is available for public inspection.

Take further notice that, pursuant to the authority contained in and conferred upon the Federal Power Commission by Sections 308 and 309 of the Federal Power Act (16 U.S.C. § 825g, § 825h) and the Commission's Rules of Practice and Procedure, specifically § 1.32(b) (18 CFR § 1.32(b)), as amended by Order No. 518, a hearing may be held without further notice before the Commission on this application if no issue of substance is raised by any request to be heard, protest, or petition filed subsequent to this notice within the time required herein. The Applicant has requested that the shortened procedure of § 1.32(b) be used. If an issue of substance is raised, further notice of hearing will be given.

Under the shortened procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing before the Commission.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-32854 Filed 12-4-75;8:45 am]

[Project No. 199]

SOUTH CAROLINA PUBLIC SERVICE AUTHORITY

Notice of Application for Approval of Use of Project Property

NOVEMBER 28, 1975.

Public notice is hereby given that an application was filed on October 6, 1975, under the Federal Power Act (16 U.S.C. §§ 791a–825r) by South Carolina Public Service Authority (Correspondence to: Mr. J. B. Thomason, General Manager, South Carolina Public Service Authority, 223 North Live Oak Drive, Moncks Corner, South Carolina 29461; and U.S. Department of the Interior, Fish and Wildlife Service, 17 Executive Park, Atlanta, Georgia 30329), for Commission approval of the use of certain property of the Santee-Cooper Project No. 199, located on the Santee and Cooper Rivers in Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina. The project affects navigable waters of the United States and public lands of the United States.

South Carolina Public Service Authority requests Commission authorization to permit the Fish and Wildlife Service of the U.S. Department of the Interior to construct and maintain an 8,600-foot-long embankment, sluice gate, and pump station in the waters of Lake Marion at the Bluff Unit of the Santee National Wildlife Refuge in Clarendon County, South Carolina. The embankment would have a top elevation of 80.0 feet m.s.l., a 24-inch sluice gate with a 24-inch corrugated metal pipe, and a pump station with a 24-inch pipe. The primary purposes of the proposed construction would be to provide winter food for ducks and geese and, by controlling water levels in the waterfowl management area, to restore the land to full agricultural production potential. The U.S. Department of the Army, Corps of Engineers, issued a permit for the subject construction on August 27, 1975.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 13, 1976, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR § 1.8 or § 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. The application is on file with the Commission and is available for public inspection.

Take further notice that, pursuant to the authority contained in and conferred upon the Federal Power Commission by Sections 308 and 309 of the Federal Power Act (16 U.S.C. § 825g, § 825h) and the Commission's Rules of Practice and Procedure, specifically § 1.32(b) (18 CFR § 1.32(b)), as amended by Order No. 518, a hearing may be held without further notice before the Commission on this application if no issue of substance is raised by any request to be heard, protest, or petition filed subsequent to this notice within the time required herein. The Applicant has requested that the shortened procedure of § 1.32(b) be used. If an issue of substance is raised, further notice or hearing will be given.

Under the shortened procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing before the Commission.

KENNETH F. PLUMB, *Secretary.*

[Docket No. CP76-143]

TENNESSEE GAS PIPELINE COMPANY

Notice of Application

NOVEMBER 26, 1975.

Take notice that on October 24, 1975, Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Applicant), P.O. Box 2511, Houston, Texas 77001, filed in Docket No. CP76-143 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon the sale of natural gas to Houston Natural Gas Corporation (Houston Natural) for resale in the Cypress-Fairbanks Independent School District service area (Cypress-Fairbanks) of Harris County, Texas, and to abandon the facilities used in connection therewith, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that it initiated the service to Houston Natural in 1962 and that it was authorized by the Commission in the order of November 6, 1967 (38 FPC 904), to sell and deliver to Houston Natural up to 1,000 Mcf of natural gas per day at 15.025 psia for Cypress-Fairbanks. Applicant alleges that by a letter of July 3, 1975, Houston Natural advised Applicant that Houston Natural had tied Cypress Fairbanks into its own system and had an independent supply of natural gas for said service area. Applicant is said to have been advised by Houston Natural that Houston Natural no longer requires or needs Applicant's gas to serve Cypress-Fairbanks and that service has been discontinued. Applicant requests that the Commission therefore grant permission and approval to abandon such service.

Applicant further requests permission and approval to abandon a 2-inch side valve assembly, a positive displacement meter, and appurtenant facilities. Applicant states such facilities were used to render the forestated service and that the usable facilities will be warehoused and the unusable facilities will be scrapped.

It is stated that the proposed abandonment will release additional volumes of natural gas for sale in interstate commerce.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 9, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

V40235 DEC 5 75 XUM

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. E-9469]

LOCKHART POWER CO.

Notice of Compliance Filing

NOVEMBER 28, 1975.

Take notice that on November 14, 1975, Lockhart Power Company (Lockhart) filed testimony and exhibits in accordance with the Commission's order of September 16, 1975, in the above captioned proceeding. The filed materials relate to a rate schedule filing made by Lockhart on June 2, 1975, proposing increased rates to the City of Union, South Carolina.

The filing indicates that a copy of the materials was sent to the City of Union.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 5, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-33026 Filed 12-4-75;11:40 am]

FEDERAL RESERVE SYSTEM

COMMUNITY BANCORP

Order Denying Acquisition of Bank

Community Bancorporation, Columbus, Ohio, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under § 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire 94.6 percent of the voting shares of Community National Bank, Flushing, Ohio ("Bank").

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with § 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received, including comments submitted by the Comptroller of the Currency, in light of the factors set forth in § 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant presently controls one bank, Community National Bank, Mount Gilead, Ohio ("Mt. Gilead Bank"), with deposits of $11.0 million, representing .04 percent of total commercial bank deposits in Ohio. Acquisition of Bank ($12.4 million in deposits) would have no significant adverse effect on the concentration of banking resources in Ohio.[1]

Bank is headquartered in Flushing, Ohio, and operates its only branch office in Barnesville, Ohio, approximately 20 miles southwest of Flushing. Bank is the second largest of four banks competing in the Barnesville banking market (the relevant banking market),[2] and controls 20.3 per cent of the market's total commercial bank deposits.[3] The largest bank in the market controls 64.9 per cent of market deposits. Mt. Gilead Bank is located approximately 140 miles northwest of Bank; accordingly, consummation of the proposed transaction would not result in the elimination of significant existing competition. In view of the distances separating these banks, their relatively small size, and Ohio's restrictive branching law, it does not appear that significant competition between Bank and Mt. Gilead Bank would develop in the future. In addition, due to the low population per banking office ratio in Belmont County, where Bank is located, it is unlikely that Applicant would enter that portion of the banking market *de novo*. On the basis of the facts of record, the Board concludes that consummation of the proposal would have no significant adverse effects on existing or potential competition in any relevant area and competitive considerations are, therefore, consistent with approval of the application.

The Board's inquiry, however, does not end here. Under the Bank Holding Company Act, the Board must also take into consideration the financial and managerial resources and future prospects of both the Applicant holding company and the bank to be acquired. In the exercise of that responsibility, the Board finds that such considerations warrant denial of the application.

In regard to such considerations, it is noted that Applicant has agreed in the event of favorable Board action and consummation of the acquisition, to inject into Bank whatever amount of capital is necessary so that, within 90 days following acquisition, Bank's capital will equal or exceed $1.1 million. While the proposed capital injection into Bank may be considered a favorable factor, the Board is of the view that other facts of record warrant denial of the application. In particular, it appears that the overall financial and managerial resources of Applicant are in need of strengthening. Applicant's sole banking subsidiary at the present time, Mt. Gilead Bank, is in need of additional capital and further managerial attention is required to handle problems arising in connection with several out-of-area loans recently put on the books of Mt. Gilead Bank. In the Board's view, Applicant's financial and managerial resources should be directed toward strengthening its existing subsidiary rather than toward further expansion. In addition, the financial and managerial pressures currently being experienced by the Mt. Gilead Bank are present to some extent with respect to the operations of Bank. Since certain of the principals of Applicant are also principals of Bank and both Mt. Gilead Bank and Bank have experienced certain financial problems under the management of such individuals, the Board is unable to conclude that the managerial considerations involved in the subject proposal are such that approval of the subject application would be appropriate. On the contrary, it appears that financial and managerial considerations, as reflected in the present operations of Mt. Gilead Bank and Bank, are not satisfactory and, therefore, such considerations weigh against approval of the application to acquire Bank.

In the Board's view, a bank holding company seeking to expand its banking interests should be able to demonstrate clearly the quality of its financial and managerial resources in the operations of its existing subsidiaries. If a bank holding company cannot do so, the Board believes that it would be inappropriate to permit such an organization to expand further its banking interests until its existing subsidiaries are in acceptable condition. Applying this standard to the present application on the basis of the facts of record, the Board is unable to conclude that approval of the subject application would be consistent with the financial and managerial standards the Board is required to consider under section 3(c) of the Act, nor would the public interest be served by such action.

In regard to considerations relating to the convenience and needs of the communities to be served, Applicant proposes to provide additional services to those presently offered by Bank. While these considerations appear to be consistent with approval of the application, they are not sufficient, in the Board's view, to outweigh the adverse banking factors reflected in the record on Applicant's proposal. Accordingly, it is the Board's judgment that approval of the application would not be in the public interest and that the application should be denied.

On the basis of the record, the application is denied for the reasons summarized above.

By order of the Board of Governors,[4] effective November 28, 1975.

[SEAL] THEODORE E. ALLISON,
Secretary of the Board.

[FR Doc.75-32761 Filed 12-4-75;8:45 am]

COUNTY NATIONAL BANCORP

Acquisition of Bank

County National Bancorporation, Clayton, Missouri, has applied for the Board's approval under § 3(a)(3) of the Bank Holding Company Act (12 U.S.C. 1842(a)(3)) to acquire all of the voting shares (less directors' qualifying shares) of County Bank of Chesterfield, Chesterfield, Missouri, a proposed new bank. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of St. Louis. Any person wishing to comment on the application should submit views in writing to the Reserve Bank to be received not later than December 23, 1975.

Secretary of the Board.

[FR Doc.75-32764 Filed 12-4-75;8:45 am]

FIRST COMMUNITY BANCORP.

Order Approving Acquisition of Conqueror Life Insurance Company

First Community Bancorporation, Joplin, Missouri, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval, under section 4(c)(8) of the Act and section 225.4(b)(2) of the Board's Regulation Y, to acquire all of the voting shares of Conqueror Life Insurance Company ("Company"), Phoenix, Arizona, a company that will engage *de novo* in the activity of underwriting, as reinsurer, credit life and credit accident and health insurance directly related to extensions of credit by Applicant's lending subsidiaries. Such activity has been determined by the Board to be closely related to banking (12 CFR 225.4(a)(10)).

Notice of the application, affording opportunity for interested persons to submit comments and views on the public interest factors, has been duly published (40 FR 45235 (1975)). The time for filing comments and views has expired, and the Board has considered the application and all comments received in the light of the public interest factors set forth in section 4(c)(8) of the Act (12 U.S.C. 1843(c)(8)).

Applicant, the nineteenth largest banking organization in Missouri, controls 5 banks with aggregate deposits of approximately $102.3 million, representing about 0.6 percent of the total deposits in commercial banks in the State.[1]

Company will be formed as an Arizona insurance corporation with $42,500 in capital. As Company will be qualified to underwrite insurance directly only in Arizona, its activities will be limited to acting as reinsurer of credit life and credit accident and health insurance policies directly related to extensions of credit by Applicant's lending subsidiaries. Such insurance will be directly underwritten by an unaffiliated insurance company qualified to do business in Missouri and will thereafter be assigned or ceded to Company under a reinsurance agreement. Since this proposal involves a *de novo* acquisition, consummation of the transaction would not have any adverse effects on existing or potential competition in any relevant market.

Credit life and credit accident and health insurance is generally made available by banks and other lenders and is designed to assure repayment of a loan in the event of death or disability of the borrower. In connection with its addition of credit life underwriting to the list of permissible activities for bank holding companies, the Board stated:

> To assure that engaging in the underwriting of credit life and credit accident and health insurance can reasonably be expected to be in the public interest, the Board will only approve applications in which an applicant demonstrates that approval will benefit the consumer or result in other public benefits. Normally, such a showing would be made by a projected reduction in rates or increase in policy benefits due to bank holding company performance of this srevice. (12 CFR 225.4(a)(10) n. 7)

Applicant has stated that following consummation of the acquisition, Company will offer reduced premiums for several types of credit insurance policies it will reinsure. Company will offer decreasing term credit life insurance at a premium rate 15.0 per cent below the Missouri statutory maximum and level

[1] All banking data are as of December 31, 1974.

V40235 DEC 5 75 XUM

term credit life insurance on single payment loans at a premium rate of 15.0 per cent below the statutory maximum. Furthermore, Applicant proposes to lower by 5.0 per cent the rate its subsidiaries charge for credit disability insurance. The Board is of the view that the reduction in the rates that Applicant proposes to establish is in the public interest.

Based upon the foregoing and other considerations reflected in the record, the Board has determined that the balance of the public interest factors the Board is required to consider under section 4(c)(8) is favorable. Accordingly, the application is hereby approved. This determination is subject to the conditions set forth in section 225.4(c) of Regulation Y and to the Board's authority to require such modification or termination of the activities of a holding company or any of its subsidiaries as the Board finds necessary to assure compliance with the provisions and purposes of the Act and the Board's regulations and orders issued thereunder, or to prevent evasion thereof.

The transaction shall be made not later than three months after the effective date of this order, unless such period is extended for good cause by the Board or by the Federal Reserve Bank of Kansas City, pursuant to authority delegated hereby.

By order of the Board of Governors,[1] effective November 26, 1975.

[SEAL] THEODORE E. ALLISON,
Secretary of the Board.

[FR Doc.75-32765 Filed 12-4-75;8:45 am]

FIRST STATE BANKING CORP.

Order Approving Acquisition of Bank

First State Banking Corporation, Miami, Florida ("Applicant"), a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under § 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire all of the voting shares (less directors' qualifying shares) of North Miami First State Bank, North Miami, Florida ("Bank"), a proposed new bank.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with § 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received, including those of several banks located in the relevant market, in light of the factors set forth in § 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant, the eighteenth largest banking organization in the State, controls five banks with aggregate deposits of approximately $282 million, representing 1.17 per cent of the total commercial bank deposits in the State.[1] Bank is to be located in the City of North Miami and will be competing in the Greater Miami banking market.[2] Applicant is the sixth largest of forty-five banking organizations in this market, holding 4.58 per cent of total deposits. Since Bank is a proposed new bank, its acquisition by Applicant would neither eliminate any existing or future competition nor immediately increase Applicant's share of commercial bank deposits in any relevant area.

In the course of its consideration of this application, the Board has received comments from Protestants which contend, in part, that North Miami is not particularly attractive for *de novo* entry because little growth in the area can be expected. Consequently, Protestants state, it is doubtful that Bank can become a viable banking institution.

The Board has reviewed the facts of record, including the past and projected growth of the economy of the area, and finds that the economy of North Miami can reasonably be expected to support Applicant's entry. While the decision to establish a new bank almost always involves some measure of risk, the Board is unable to conclude that Applicant's proposal involves more than the usual entrepreneurial risks inherent in such a proposal.

Alternatively, Protestants assert that any substantial growth by Bank would be at the expense of the area's existing banks. Applicant has realistically defined a service area for Bank which encompasses no other banks. Banks located around this service area have, for the most part, sustained favorable growth in both deposits and loans over the past few years. In view of the growth pattern of the area's economy, it is the Board's determination that Applicant's entry will have no significant adverse effects on neighboring banks.

Protestants further maintain that there is no public need for a new bank as there are seven banks within a two and one-half mile radius of Bank's proposed site and there is little commercial activity at the proposed site. As discussed above, the Board finds that Bank's proposed service area includes no other banks and that the area's economy can reasonably be expected to support Applicant's entry. Finally, the Board notes that the Comptroller of the State of Florida has made a determination similar to that of the Board's on all of the above issues. Accordingly, it is the Board's judgment, upon consideration of all the facts of record, that the arguments raised by Protestants are not sufficient to warrant denial of the subject proposal.

The financial condition and managerial resources of Applicant and its subsidiaries are considered generally satisfactory and the future prospects for each appear favorable. Bank, as a proposed new bank, has no financial or operating history; however, its future prospects as a subsidiary of Applicant appear favorable. Thus, the considerations relating to the banking factors are consistent with approval.

In the Board's judgment, considerations relating to the convenience and needs of the community to be served lend some weight toward approval, in view of Applicant's plans to offer expanded banking hours and to pay the legal maximum rate of interest on savings deposits, a service not presently offered by all other organizations in the market. It is the Board's judgment that consummation of the proposed acquisition would be in the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this Order, or (b) later than three months after that date, and (c) North Miami First State Bank, North Miami, Florida, shall be opened for business not later than six months after the effective date of this Order. Each of the periods described in (b) and (c) may be extended for good cause by the Board, or by the Federal Reserve Bank of Atlanta, pursuant to delegated authority.

By order of the Board of Governors,[3] effective November 26, 1975.

[SEAL] THEODORE E. ALLISON,
Secretary of the Board.

[FR Doc.75-32766 Filed 12-4-75;8:45 am]

MANUFACTURERS AND TRADERS TRUST CO.

Order Approving Application for Merger of Banks

Manufacturers and Traders Trust Company, Buffalo, New York ("Applicant"), a member State bank of the Federal Reserve System, has applied for the Board's approval pursuant to the Bank Merger Act (12 U.S.C. 1828(c)) of the merger of that bank with First Empire Bank—New York, New York, New York ("Empire Bank"), under the charter and title of Applicant. As an incident to the proposed merger, all of the existing offices of the banks that are proposed to be merged would become branch offices of the resulting bank. Both of the merging banks are wholly-owned subsidiaries of First Empire State Corporation, Buffalo, New York, a registered bank holding company under the Bank Holding Company Act of 1956, as amended [12 U.S.C. § 1841 *et seq.*].

[1] All banking data are as of December 31, 1974, and reflect bank holding company formations and acquisitions approved through September 2, 1975.

[2] The relevant market is approximated by Dade County and those communities found in the southern portion of Broward County below Fort Lauderdale.

[3] Voting for this action: Chairman Burns, and Governors Mitchell, Holland, Wallich, Coldwell and Jackson. Absent and not voting: Governor Bucher.

As required by the Act, notice of the proposed transaction, in a form approved by the Board, has been published, and the Board has requested reports on competitive factors from the Attorney General, the Comptroller of the Currency, and the Federal Deposit Insurance Corporation. The Board has considered the application and all comments and reports received in the light of the factors set forth in the Act.

Applicant, with deposits of approximately $1.2 billion,[1] is the fifteenth largest commercial bank in New York State, and the second largest bank in the Buffalo banking market, where it controls approximately 32 per cent of the total deposits in commercial banks in the market. Applicant also operates branch offices in four other markets in western New York State. First Empire, which controls deposits of approximately $86 million, is located in New York City, and operates a branch office in Paris, France, and a subsidiary bank in Curacao, Netherlands Antilles. First Empire controls a negligible share of the total deposits in commercial banks in the New York City banking market, and engages in a "wholesale" business which specializes in international banking services for businesses. First Empire does not offer savings accounts to individuals, nor does it grant consumer loans or real estate mortgage loans.

Since both of the banks involved in this proposal are subsidiaries of the same bank holding company, and since they operate in separate banking markets, consummation of this proposal would not eliminate any existing or potential competition, increase the concentration of banking resources, nor have any adverse effect on other banks within the respective banking markets. Accordingly, the Board concludes that competitive considerations are consistent with approval of the application.

The financial and managerial resources and future prospects of Applicant are consistent with approval of the application. It is anticipated that the merger of these two banks would result in an increase in operating efficiency and more effective reliance on Applicant's financial resources and managerial expertise. The Board is of the view that, under the circumstances of this case, financial and managerial considerations lend weight toward approval of the application. Considerations relating to the convenience and needs of the community to be served are consistent with approval of the application. Accordingly, it is the Board's judgment that consummation of the proposal would be in the public interest and that the application should be improved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the date of this Order, or (b) later than three months after the date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of New York pursuant to delegated authority.

By order of the Board of Governors,[4] effective November 26, 1975.

[SEAL] THEODORE E. ALLISON,
Secretary of the Board.

MIAMI AGENCY, INC.

Order Approving Acquisition of Bank

Miami Agency, Inc., Shawnee Mission, Kansas, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under § 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire an additional 30 percent of the voting shares of The Miami County National Bank of Paola, Paola, Kansas ("Bank").

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with § 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in § 3(c) of the Act (12 U.S.C. § 1842(c)).

Applicant, a one-bank holding company, presently owns fifty percent of the shares of Bank.[1] Bank, with total deposits of approximately $29.3 million as of June 30, 1975, is the largest of six banking organizations in the relevant market[2] and is the 49th largest bank in Kansas; it controls 42 percent of the deposits in commercial banks in the relevant market and approximately 0.36 percent of the total deposits in commercial banks in the State.

Applicant proposes to acquire an additional 30 percent or more of Bank's shares through an exchange of Applicant's stock. Since Applicant's proposal involves the acquisition of additional shares of a bank that it already controls, consummation of the proposal would not have any adverse effect on existing or potential competition, nor would it increase the concentration of banking resources or have an adverse effect on other banks in the area. Thus, competitive considerations are consistent with approval of the application.

The overall financial and managerial resources of Applicant and Bank are consistent with approval, and the future prospects of each appear favorable. Thus, the banking factors are consistent with approval of the application. Although there will be no immediate change in the services or operations of Bank as a result of this proposal, considerations relating to the convenience and needs of the communities to be served are also consistent with approval of the application. Therefore, it is the Board's judgment that the proposed transaction would be in the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this Order nor (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Kansas City pursuant to delegated authority.

By order of the Board of Governors,[5] effective November 28, 1975.

[SEAL] THEODORE E. ALLISON,
Secretary of the Board.

[FR Doc.75-32768 Filed 12-4-75;8:45 am]

PIONEER BANCORP, INC.

Formation of Bank Holding Co.

Pioneer Bancorp, Inc., Northbrook, Illinois, has applied for the Board's approval under § 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of 100 per cent of the voting shares (less directors' qualifying shares) of Pioneer Bank & Trust Company, Chicago, Illinois. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551 to be received not later than December 29, 1975.

Board of Governors of the Federal Reserve System, November 28, 1975.

[SEAL] THEODORE E. ALLISON,
Secretary of the Board.

FEDERAL TRADE COMMISSION

PRIVACY ACT OF 1974

Delegation of Authority To Modify FTC's Notices of Systems of Records

Section 552a(e)(4) of the Privacy Act requires an agency to publish in the FEDERAL REGISTER notice of the existence and character of each of the systems of records containing information about individuals maintained by an agency. Notice

[1] All banking data are as of June 30, 1975.

[2] The relevant market is approximated by the boundaries of Miami County.

[3] Voting for this action: Chairman Burns and Governors Mitchell, Holland, Wallich, Coldwell and Jackson. Absent and not voting: Governor Bucher.

[4] Voting for this action: Chairman Burns and Governors Mitchell, Holland, Wallich, Coldwell and Jackson. Absent and not voting: Governor Bucher.

[1] Applicant was organized on July 3, 1962 and acquired more than 25 percent of the outstanding stock of Bank on July 5, 1962. In addition to the ownership of Bank stock, Applicant is engaged in general insurance activities. Applicant, a "company covered in 1970", is exempt, with regard to its insurance activities, by virtue of § 4(a)(2) of the Act, from the non-banking prohibitions of § 4 of the Act.

[5] Voting for this action: Chairman Burns and Governors Mitchell, Holland and Jackson. Absent and not voting: Governors Bucher, Wallich and Coldwell.

V40235 DEC 5 75 XUM

of forty-one of the systems of records the Commission proposes to adopt was published in the FEDERAL REGISTER on August 27, 1975 (40 FR 39041–56). Notice of proposed adoptions of two additional systems of records, and modification of one system was published on October 3, 1975 (40 FR 46076).

Pursuant to the authority provided by Reorganization Plan No. 4 of 1961 (26 F.R. 6191), the Federal Trade Commission has delegated authority to the General Counsel to make modifications of the Commission's notices of systems of records as deemed necessary, except for those involving routine uses, with the understanding that the General Counsel would bring to the Commission's attention proposed changes in the routine uses of any systems of records, and additions or deletions of systems.

By direction of the Commission dated December 1, 1975.

CHARLES A. TOBIN,
Secretary.

GENERAL SERVICES ADMINISTRATION

[Temp. Reg. F–364]

FEDERAL PROPERTY MANAGEMENT REGULATIONS

Delegation of Authority

1. *Purpose.* This regulation delegates authority to the Secretary of Defense to represent, in conjunction with the Administrator of General Services, the consumer interests of the executive agencies of the Federal Government in proceedings before the New Jersey Board of Public Utility Commissioners, involving an increase in electric rates by the Jersey Central Power and Light Company.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* a. Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201(a)(4) and 205(d) (40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government before the New Jersey Board of Public Utility Commissioners involving the September 2, 1975 application of the Jersey Central Power and Light Company for an increase in electric rates. The authority delegated to the Secretary of Defense shall be exercised concurrently with the Administrator of General Services.

b. The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

c. This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

Dated November 26, 1975.

JACK ECKERD,
Administrator of General Services.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

FELLOWSHIPS PANEL

Meeting

NOVEMBER 11, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92–463) notice is hereby given that a meeting of the Fellowships Panel will be held in Washington, D.C., on January 6, 7, 10, and 31, 1976, from 9:00 a.m. to 5:30 p.m.

The purpose of the meeting is to review Fellowships in Residence for College Teachers applications submitted to the National Endowment for the Humanities for 1976–1977 fellowship grants.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information get in touch with the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street NW., Washington, D.C. 20506, or call area code 202–382–2031.

JOHN W. JORDAN,
Advisory Committee Management Officer.

NATIONAL TRANSPORTATION SAFETY BOARD

[N–R 75–35]

SAFETY RECOMMENDATION RESPONSES

Notice of Receipt

The National Transportation Safety Board has been furnished a copy of a letter of November 17, 1975, from the Federal Railroad Administration to the National Railroad Passenger Corporation concerning NTSB recommendation R–75–17 (40 FR 22324). The letter supplements FRA's letter of May 23, 1975 (40 FR 24252) to the Board and concerns the operation of General Electric Class E–60–CP electric locomotives for Amtrak service on the Northeast Corridor operation. FRA notes that, using an independent contractor, Amtrack has performed safety tests of the E–60 locomotives at three test sites chosen by a joint task force to evaluate the locomotive's operating characteristics. The letter states, "FRA analysis of the recorded data and on-site and on-board observations of our personnel lead us to agree with your conclusion that, for safety interests, these locomotives should be operated in revenue service under limited operating conditions. Since very high lateral loads were experienced *during acceleration* in the 70 to 75 m.p.h. range, we believe the lower end of your suggested 80–85 m.p.h. speed restriction should be used. These lateral forces in the 70–80 m.p.h. range may be significantly reduced at lower rates of acceleration."

Also received last week was the response of November 17, 1975, from the U.S. Environmental Protection Agency concerning recommendations H–75–5 and 7. These recommendations to EPA were contained in report No. NTSB–HAR–75–2 regarding a series of multivehicle collisions on the New Jersey Turnpike, October 23–24, 1973 (40 FR 22323). Re H–75–5, directed to preventing abandoned dumps and landfills from becoming hazards to public health and safety, EPA indicates that its Office of Solid Waste Management Programs has developed separate technical guidance to address the safe and proper methods of closing abandoned dumps. Enclosed with the letter is a copy of EPA's publication, *Closing Open Dumps*. With regard to H–75–7, directed to the elimination of the possibility of fire and smoke from old dumps in the Hackensack Meadowlands, EPA states that its consultations with the New Jersey Department of Environmental Protection (NJDEP) "lead us to believe it is at this time, unrealistic." NJDEP, according to EPA, has kept records of dump locations only since 1970 and that to close even these dumps properly would require more resources than are available. NJDEP has adopted new regulations which require owners of properties containing old or abandoned dumps to extinguish fires that occur there.

A $4.00 user-service charge will be made for each recommendation response, in addition to a charge of 10¢ per page for reproduction. All requests must be in writing, identified by recommendation number and date of publication of this notice in the FEDERAL REGISTER. Address inquiries to: Publications Unit, National Transportation Safety Board, Washington, D.C. 20594.

(Sec. 307 of the Independent Safety Board Act of 1974 (Pub. L. 93–633, 88 Stat. 2172 (49 U.S.C. 1906)))

MARGARET L. FISHER,
Federal Register Liaison Officer.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–254 and 50–265]

COMMONWEALTH EDISON CO. AND IOWA-ILLINOIS GAS AND ELECTRIC CO.

Notice of Issuance of Amendments to Facility Operating Licenses

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment Nos. 21 and 19 to Facility Operating License Nos. DPR–29 and DPR–30, issued to the Commonwealth Edison Company (acting for itself and on behalf of the Iowa-Illinois Gas and Electric Company), which revised Technical Specifications for operation of the Quad Cities Units 1 and 2 located in Rock Island County, Illinois. These amendments are effective as of their date of issuance.

These amendments add a new definition of the term "Surveillance Interval" to the Technical Specifications for Quad Cities Units 1 and 2 that permits the licensee to extend the interval between required surveillance by up to 25% provided that the total combined interval time for any three consecutive surveillance intervals does not exceed 3.25 times the specified surveillance interval.

The application for these amendments dated November 17, 1975, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. Prior public notice of these amendments is not required since these amendments do not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for these amendments dated November 17, 1975, (2) Amendment Nos. 21 and 19 to License Nos. DPR–29 and DPR–30, with Change No. 33, and (3) the Commission's concurrently issued related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C., and at the Moline Public Library, at 504–17th Street in Moline, Illinois 60265.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 25th day of November, 1975.

For the Nuclear Regulatory Commission.

DENNIS L. ZIEMANN,
Chief, Operating Reactors Branch No. 2, Division of Reactor Licensing.

[Docket No. 50–267]

PUBLIC SERVICE COMPANY OF COLORADO

Notice of Issuance of Amendment to Facility Operating License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 8 to Facility Operating License No. DPR–34 issued to Public Service Company of Colorado for the Fort St. Vrain Nuclear Generating Station, located in Weld County, Colorado. The amendment is effective as of its date of issuance.

The amendment permits the licensee to possess and use additional radioactive sources for the purpose of calibration and instrument checks.

The applications for the amendment comply with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter 1, which are set forth in the license amendment. Prior public notice of this amendment is not required since the amendment does not involve a significant hazards consideration.

For further details with respect to this action, see (1) the applications for amendment dated June 19, 1975, and October 23, 1975, (2) Amendment No. 8 to License No. DPR–34, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. and at the Greeley Public Library, City Complex Building, Greeley, Colorado 80631.

A copy of items (2) and (3) may be obtained upon request addressed to the United States Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

For the Nuclear Regulatory Commission.

ROBERT A. CLARK,
Chief, Gas Cooled Reactors Branch, Division of Reactor Licensing.

[Docket No. P–558–A]

SAN DIEGO GAS AND ELECTRIC CO.

Notice of Receipt of Partial Application for Construction Permits and Facility Licenses: Time for Submission of Views on Antitrust Matters

The San Diego Gas and Electric Company, pursuant to Section 103 of the Atomic Energy Act of 1954, as amended, has filed one part of an application, dated October 29, 1975, in connection with their plans to construct and operate two generating units utilizing two pressurized water reactors. Each reactor will be designed for initial operation at approximately 2800 megawatts thermal, with a net electrical output of approximately 900 megawatts. The facility, designated as the Sundesert Nuclear Plant, Units 1 and 2, will be located in Riverside County, California, about 16 miles southwest of Blythe, California, and 50 miles north-northwest of Yuma, Arizona. The portion of the application filed contains the information requested by the Attorney General for the purpose of an antitrust review of the application as set forth in 10 CFR Part 50, Appendix L.

The remaining portion of the application consisting of a Preliminary Safety Analysis Report accompanied by an Environmental Report, pursuant to Section 2.101 of Part 2, is expected to be filed in July, 1976. Upon receipt of the remaining portions of the application dealing with radiological health and safety and environmental matters, separate notices of receipt will be published by the Commission including an appropriate notice of hearing.

The San Diego Gas and Electric Company has invited other Southern California utilities to participate in the ownership and capacity of these units. As utilities indicate their interest, additional antitrust information will be submitted for them.

A copy of the partial application is available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. 20555; the Palo Verde Valley District Library, 125 West Chanslorway, Blythe, California 92255; the Federal Archives and Records Center, 24000 Avila Road, Laguna, California 92677; and the U.S. Nuclear Regulatory Commission, Region V, Inspection and Enforcement, 1990 North California Boulevard, Walnut Creek, California 94596. Docket No. P–558–A has been assigned to the application and it should be referenced in any correspondence relating to it.

Any person who wishes to have his views on the antitrust matters of the application presented to the Attorney General for consideration should submit such views to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Chief, Office of Antitrust and Indemnity, Office of Nuclear Reactor Regulation on or before February 3, 1976.

Dated at Bethesda, Maryland, this 1st day of December, 1975.

For the Nuclear Regulatory Commission.

ROBERT A. CLARK,
Chief Gas Cooled Reactors Branch Division of Reactor Licensing.

[Docket No. 50-548-A]

OMAHA PUBLIC POWER DISTRICT AND NEBRASKA PUBLIC POWER DISTRICT

Receipt of Additional Antitrust Information on Partial Application for Construction Permit and Operating License: Time for Submission of Views on Antitrust Matters

Omaha Public Power District and Nebraska Public Power District, pursuant to Section 103 of the Atomic Energy Act of 1954, as amended, filed an Application for Licenses and a Preliminary Safety Analysis Report, dated September 11, 1975 in connection with their plans to construct a pressurized water nuclear reactor in Washington County, Nebraska. The reactor will be known as the Fort Calhoun Station, Unit 2 and will be located on a site owned by Omaha Public Power District located on the southwest bank of the Missouri River approximately 19 miles north-northwest of the center of Omaha, Nebraska, near the village of Fort Calhoun. This reactor is designed for an initial output of 3425 megawatts. The September 11, 1975 general information portion of the application added Nebraska Public Power District as a co-owner of the proposed Fort Calhoun Station, Unit 2. The November 15, 1974 filing contained the information requested by the Attorney General for the purpose of an antitrust review of the application as set forth in 10 CFR Part 50, Appendix L with Omaha Public Power District as sole owner. The Notice of Receipt of Partial Application for Construction Permit and Facility License was published in the FEDERAL REGISTER under Docket No. P-556-A on January 23, 1975, (40 FR 4498).

The remaining portion of the application, consisting of an Environmental Report is expected to be filed by about November 15, 1975. Upon receipt of the remaining portion of the application two notices will be published by the Commission, a Notice of Availability of Environmental Report and a Notice or Hearing. A copy of the partial application, application for licenses and the Preliminary Safety Analysis Report are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Omaha Public Library, 1823 Harney Street, Omaha, Nebraska 68102, the local public document room. Docket No. 50-548 has been assigned to the application and it should be referenced in any correspondance relating to it. When referring to the antitrust portion of the application, please use Docket No. 50-548-A.

Any person who wishes to have his views on the antitrust matters of the application presented to the Attorney General for consideration should submit such views to the U.S. Nuclear Commission, Washington, D.C. 20555, Attention: Chief, Office of Antitrust and Indemnity, Office of Nuclear Reactor Regulation, on or before January 14, 1976.

For the Nuclear Regulatory Commission.

OFFICE OF MANAGEMENT AND BUDGET

CLEARANCE OF REPORTS

List of Requests

The following is a list of requests for clearance of reports intended for use in collecting information from the public received by the Office of Management and Budget on November 26, 1975 (44 USC 3509). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public.

The list includes the title of each request received; the name of the agency sponsoring the proposed collection of information; the agency form number(s), if applicable; the frequency with which the information is proposed to be collected; the name of the reviewer or reviewing division within OMB, and an indication of who will be the respondents to the proposed collection.

Requests for extension which appear to raise no significant issues are to be approved after brief notice through this release.

Further information about the items on this daily list may be obtained from the Clearance Office, Office of Management and Budget, Washington, D.C. 20503, (202-395-4529), or from the reviewer listed.

SECURITIES AND EXCHANGE COMMISSION

[Rel. No. 11674]

BUNKER RAMO CORP. ET AL.

Order Granting Temporary Exemption From Registration

NOVEMBER 26, 1975.

In the matter of applications for registration, or exemption from registration as securities information processors, by Bunker Ramo Corporation ("Bunker Ramo"), Consolidated Tape Association ("CTA"), Options Price Reporting Authority ("OPRA"), P.C. Service Corporation ("PCSC"), Quotron Systems, Inc. ("Quotron"), Securities Industry Automation Corporation ("SIAC").

On September 23, 1975 the Commission announced in Release No. 34-11673 the adoption of Rule 11Ab2-1 and related Form SIP to provide for the registration of securities information processors pursuant to Section 11A(b) of the Securities Exchange Act of 1934. Since that date, SIAC, CTA, and OPRA have each filed applications on Form SIP for registration as securities information processors and PCSC, Quotron and Bunker Ramo have each applied for exemptions from registration as securities information processors. The Commission, by Release, has published notice of, and requested comments on, each of these applications [1] and has also requested, in Release No. 34-11673 that interested parties comment upon Rule 11Ab2-1, Form SIP, proposed rules 11Ab2-2, 3 and 11Ab5-1, and on the need to require the registration of non-exclusive securities information processors. The comment periods on each of the applications (except that of OPRA) and on the matters enumerated in Release No. 34-11673 have each elapsed.

The Commission is aware, however, that interested parties have requested additional time within which to comment upon these applications and other matters. Further, the Commission finds that the opportunity to receive additional comments would be in the public interest and may aid the Commission in exercising its regulatory authority with respect to securities information processors.

Each of the applicants for registration would, if registered, be subject to the requirements of Sections 17 (a) and (b) (requirement to make and keep prescribed records, and authorization for inspection of any records kept) and Section 11A(b)(5) of the Act (notice of prohibition or limitation of access to services). To implement the statutory purposes of Section 11A(b) during the term of this exemption, the grant of this exemption is conditional upon each applicant's compliance with the provisions of Sections 17 (a) and (b) of the Act. As a further condition of this exemption, each applicant which prohibits or limits any person in respect of access to services offered, directly or indirectly, by such applicant shall, within 15 days of such prohibition or limitation, file with the Commission notice of such action and send a copy of such notice to any person aggrieved by such prohibition or limitation. The notice shall include, in narrative form, the name and address of the party to which the prohibition or limitation was applied, the date access was requested, the nature of the request, the effective date of such prohibition or limitation, the reason for such prohibition or limitation, and any applicable documents.

In order that such additional comment period may be allowed without jeopardizing the lawfulness of each applicant's operations, and before the Commission makes any determinations with respect to granting any application for registration, or exemption from registration, the Commission finds that the temporary exemption from registration of each applicant is necessary. The Commission also finds, for the reasons discussed above, that such exemption is consistent with the public interest, the protection of investors and the purposes of Section 11A, including the maintenance of fair and orderly markets in securities and the removal of impediments to and perfection of the mechanism of a national market system.

[1] Notices of, and requests for comments on, the applications were published as follows:

Processor	Rel. No.	Rel. date	F.R. cite	F.R. date
SIAC	34-11756	Oct. 23, 1975	40 F.R. 50579	Oct. 30, 1975
CTA	34-11779	Oct. 30, 1975	40 F.R. 51700	Nov. 6, 1975
OPRA	34-11823	Nov. 13, 1975	40 F.R. 54317	Nov. 21, 1975
Quotron	34-11772	Oct. 29, 1975	40 F.R. 51514	Nov. 5, 1975
Bunker Ramo	34-11772	do	40 F.R. 51514	Do.
PCSC	34-11772	Oct. 20, 1975	40 F.R. 51514	Do.

V40235 DEC 5 75 XUM

Accordingly it is ordered, That the public comment periods upon each of the applications for registration, or exemption from registration, and the public comment periods established by Release No. 34–11673 are hereby extended to and including December 22, 1975.

It is further ordered, Pursuant to Section 11A(b)(1) of the Act, that each applicant named herein which has filed an application for registration, or exemption from registration, is hereby granted, effective December 1, 1975 and upon the conditions stated herein, an exemption from registration as a securities information processor to and including January 22, 1976.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[FR Doc.75–32777 Filed 12–4–75;8:45 am]

[Rel. No. 9059; 811–1658]

DREXEL INVESTMENT FUND, INC.

Filing of Application

NOVEMBER 28, 1975.

Notice is hereby given that the Drexel Investment Fund, Inc., 1500 Walnut Street, Philadelphia, Pennsylvania 19102; (811–1658), ("Applicant"), an open-end, diversified management investment company registered under the Investment Company Act of 1940 ("Act"), has filed on June 25, 1975, an application pursuant to Section 8(f) of the Act for an order of the Commission declaring that Applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the facts and representations contained therein, which are summarized below.

Applicant states that it was organized as a Delaware corporation on May 17, 1968. It registered under the Act by filing a Form N–8A Notification of Registration and a Form N–8B–1 Registration Statement on May 24, 1968.

Applicant represents that on June 16, 1975, pursuant to an Agreement and Plan of Reorganization and Articles of Transfer ("Agreement"), which had been approved by its shareholders on June 12, 1975, the Fund sold substantially all of its assets to the Drexel Burnham Fund, Inc. ("Drexel Burnham") in exchange for common voting stock of Drexel Burnham and that a total of 182,031.072 Drexel Burnham shares were exchanged, representing an exchange ratio of 0.627828 shares of Drexel Burnham for each outstanding share of Applicant. Applicant states that such shares were subsequently distributed to shareholders of the Applicant according to their respective interests in liquidation of the Applicant. Applicant further represents that it now has no stockholders, engages in no business activity and that on the date of filing its only assets consisted of $15,000 in cash which is to be retained as a provision for liabilities not reasonably foreseeable at the time of the exchange.

Applicant states that any portion of such retained cash that is not used to pay liabilities of Applicant ("reserve surplus") will be paid over to Drexel Burnham. Applicant further states that a proportionate amount of reserve surplus attributable to shareholders of Drexel Burnham will be distributed in additional shares of Drexel Burnham to be valued at the net asset value of Drexel Burnham on the date of the payment of surplus reserves, which shall be made no later than June 16, 1976. Applicant states that its shareholders who do not remain shareholders of Drexel Burnham at the date of distribution of reserve surplus will receive no portion of the reserve surplus; but, the amount apportionable to such shareholders will be added to the assets of Drexel Burnham.

Applicant represents it has been liquidated and is filing a Certificate of Dissolution with the Secretary of State of Delaware.

Section 8(f) of the Act provides in pertinent part, that when the Commission, on application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order and, upon the effectiveness of such order, the registration of such company shall cease to be in effect.

Notice is further given, That any interested person may, not later than December 22, 1975 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address stated above. Proof of such service (by affidavit, or in case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0–5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[FR Doc.75–32778 Filed 12–4–75;8:45 am]

[Adm. Proceeding No. 3–4836]

FIRST MORTGAGE INVESTORS

Application and Opportunity for Hearing

NOVEMBER 26, 1975.

Notice is hereby given that First Mortgage Investors ("the Trust") has filed an application under clause (ii) of Section 310(b)(1) of the Trust Indenture Act of 1939 ("the Act") for a finding that the trusteeship of Bradford Trust Company under two indentures heretofore qualified under the Act, is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify Bradford from acting as trustee under either indenture.

Section 310(b) of the Act provides in part that if a trustee under an indenture qualified under the Act has or shall acquire any conflicting interest it shall within ninety days after ascertaining that it has such conflicting interest, either eliminate such conflicting interest or resign. Subsection (1) of such Section provides, in effect, with certain exceptions that a trustee under a qualified indenture shall be deemed to have a conflicting interest if such trustee is trustee under another indenture under which any other securities of the same issuer are outstanding. However, under clause (ii) of subsection (1), there may be excluded from the operation of this provision another indenture under which other securities of the same issuer are outstanding, if the issuer shall have sustained the burden of proving on application to the Commisison and after opportunity for hearing thereon, that trusteeship under such qualified indenture and such other indenture is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as trustee under either of such indentures.

The Trust alleges that:

(1) Bradford Trust Company is presently acting as successor trustee under an indenture dated as of November 15, 1970 as amended by two supplemental indentures ("the November 1970 Indenture"), pursuant to which $16,000,000 principal amount of 7½% Convertible Subordinated Debentures due 1990 were originally issued. The Trust is the successor obligor on these securities. As of November 14, 1975, $1,216,000 principal amount was outstanding. Bradford is also acting as successor trustee under an indenture dated as of January 15, 1970 as amended by two supplemental indentures ("the January 1970 Indenture") pursuant to which $35,000,000 principal amount of 6¾% Convertible Subordinated Debentures due 1985 were issued. As of November 14, 1975, $2,377,000 principal amount was outstanding.

(2) The November 1970 Indenture and the January 1970 Indenture were qualified under the Act as No. 22–6045 and No. 22–5851, respectively. Each indenture contains the provisions permitted by the proviso of Section 310(b)(1) of the Act.

(3) The obligations of the Trust under the November 1970 Indenture and under the January 1970 Indenture are wholly unsecured. The Trust believes that each obligation ranks pari passu with the other.

(4) The January 1970 Indenture contains a cross-default provision, not contained in the November 1970 Indenture, which provides that it shall constitute an event of default under such indenture if an event of default shall happen and continue under any other instrument evidencing the Trust's indebtedness and such indebtedness shall have been accelerated so that it becomes due and payable.

(5) The trustee of the Trust's Senior Debentures due 1978 has noticed an event of default under the indenture for the 1978 Debentures because of the failure to make certain payments of principal and has asked the debentureholders for instructions. The subordination provisions of both the November 1970 and January 1970 Indentures would prohibit payment of principal or interest thereunder while there is any default in the payment of the Trust's senior debt. The Trust has also failed to make the October 31, 1975 interest payment under the November 1970 Indenture. If not remedied by November 30, 1975, this failure will become an event of default. Each of the indentures provides that if the trustee has or acquires a conflicting interest as defined therein, it shall eliminate such conflict or resign within 90 days after ascertaining that it has such a conflicting interest.

(6) Differences which exist between the two indentures are not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify Bradford Trust Company from acting as trustee under either of said indentures. Moreover, in view of the Trust's financial condition and the expected difficulty of attracting another trustee, it is the Trust's belief that it will be in the best interests of the debentureholders as well as in the interest of efficient administration of the respective trust estates if Bradford continues as trustee.

(7) The Trust is currently subject to a proceeding pursuant to Chapter X of the National Bankruptcy Act. Counsel to the Trust has advised that the permission of the Bankruptcy Court is not required to make this application to the Securities and Exchange Commission.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application, which is a public document on file in the Office of the Commission's Public Reference Section at 1100 L Street NW., Washington, D.C. 20549.

Notice is further given that any interested person may, not later than December 22, 1975, request in writing that a hearing be held on such matter, stating the nature of his intrest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. At any time after said date, the Commission may issue an order granting the application, upon such terms and conditions as the Commission may deem necessary or appropriate in the public interest and the interest of investors, unless a hearing is ordered by the Commission.

For the Commission, by the Division of Corporation Finance, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[File No. 500–1]

GENERICS CORPORATION OF AMERICA

Suspension of Trading

NOVEMBER 28, 1975.

The common stock of Generics Corporation of America being traded on the American Stock Exchange pursuant to provisions of the Securities Exchange Act of 1934, the 6% convertible subordinated debentures due July 1983 and all other securities of Generics Corporation of America being traded otherwise than on a national securities exchange; and

It appearing to the Securities and Exchange Commission that the summary suspension of trading in such securities on such exchange and otherwise than on a national securities exchange is required in the public interest and for the protection of investors;

Therefore, pursuant to Section 12(k) of the Securities Exchange Act of 1934, trading in such securities on the above mentioned exchange and otherwise than on a national securities exchange is suspended, for the period from 9:45 a.m. (e.s.t.) on November 28, 1975 through midnight (e.s.t.) on December 7, 1975.

By the Commission.

[FR Doc.75–32780 Filed 12–4–75;8:45 am]

[Rel. No. 19266; 70–5580]

LOUISIANA POWER AND LIGHT CO.

Issuance and Sale of Notes

In the matter of Louisiana Power & Light Company, 142 Delaronde Street, New Orleans, Louisiana, 70174; (70–5580).

Notice is hereby given that Louisiana Power & Light Company ("Louisiana"), a public-utility subsidiary company of Middle South Utilities, Inc. ("Middle South"), a registered holding company, has filed with this Commission a post-effective amendment to the declaration in this proceeding pursuant to Sections 6(a) and 7 of the Public Utility Holding Company Act of 1935 ("Act") and Rule 50(a)(5) promulgated thereunder regarding the following proposed transactions. All interested persons are referred to the amended declaration, which is summarized below, for a complete statement of the proposed transactions.

By order in this proceeding issued on December 23, 1974 (HCAR No. 18728), Louisiana was authorized to issue and sell its short-term notes to a group of banks and to a dealer in commercial paper through June 30, 1976, with maturities not later than December 31, 1976. An exception from competitive bidding was granted. The presently effective loan commitments from the banks terminate on December 31, 1975. Louisiana has obtained new bank loan commitments for the period January 1, 1976, through December 31, 1976, and the respective maximum amounts which may be borrowed by Louisiana from the banks participating in these bank loans during the period through December 31, 1976, are as follows:

	Maximum Amount
The Chase Manhattan Bank (National Association), New York, N.Y.	$20,000,000
Whitney National Bank of New Orleans, La.	8,000,000
First National Bank of Commerce, New Orleans, La.	6,000,000
The Hibernia National Bank in New Orleans, La.	2,500,000
National American Bank of New Orleans, La.	2,000,000
Irving Trust Company, New York, N.Y.	2,000,000
The National Bank of Commerce in Jefferson Parish, New Orleans, La.	750,000
The Bank of New Orleans and Trust Company, New Orleans, La.	500,000
Central Bank, Monroe, La.	500,000
First State Bank & Trust Company, Bogalusa, La.	300,000
First National Bank of Jefferson Parish, Gretna, La.	200,000
Assumption Bank and Trust Company, Napoleonville, La.	170,000
First National Bank of West Monroe, La.	150,000
American Bank and Trust Company in Monroe, La.	100,000
Bank of Louisiana in New Orleans, La.	100,000
Bastrop National Bank, Bastrop, La.	100,000
Guaranty Bank & Trust Company, Gretna, La.	100,000
Metairie Bank and Trust Company, Metairie, La.	100,000
Terrebonne Bank & Trust Company, Houma, La.	100,000
The Ouachita National Bank in Monroe, La.	100,000
First Guaranty Bank, Hammond, La.	75,000
Bank of the South, Gretna, La.	60,000
Franklin State Bank & Trust Company, Winnsboro, La.	50,000
Winnsboro State Bank & Trust Company, Winnsboro, La.	50,000
Bank of Morehouse, Bastrop, La.	25,000
Citizens Bank & Trust Company, Thibodaux, La.	20,000
	$44,050,000

V40235 DEC 5 75 XUM

The terms of the borrowings are unchanged from the presently effective commitments, but increases in the amounts of the commitments of three of the banks are effected. Authorization is now requested for Louisiana to make bank borrowings in accordance with the commitment amounts set forth above commencing January 1, 1976. Authorization is also requested for the borrowing period with respect to both bank loans and sales of commercial paper notes to be extended through December 31, 1976 (with maturities not later than December 31, 1976, as heretofore authorized). In all other respects the proposed transactions remain unchanged.

It is stated that Louisiana maintains accounts with the lending banks; that at September 30, 1975, the balances in such accounts aggregated $3,390,100; and that, although the balances in some of these accounts may be deemed to be compensating balances, most of these bank accounts are working accounts and fluctuations in their balances do not reflect or depend upon fluctuations in the respective amounts of such bank loans outstanding. The minimum balances customarily maintained in such accounts aggregate $2,391,000. Louisiana believes that these balances are adequate as of this time. If minimum balances of 10% or 20% were required, the effective rate of interest would be 8.33% or 9.38%, respectively, using a prime rate of 7½%.

Louisiana's construction program contemplates expenditures of approximately $127,000,000 in 1975 and $145,000,000 in 1976. The net proceeds of the borrowings proposed will be used, together with other funds available to Louisiana, for the constructon of new facilities, for additions and improvements to present facilities, and for other corporate purposes.

It is stated that no special or separate expenses are anticipated and that no State or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than December 23, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said post-effective amendment to the declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption for such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.75-32781 Filed 12-4-75;8:45 am]

[Rel. No. 19263; 70-5768]

MIDDLE SOUTH UTILITIES, INC.

Sale of Common Stock

NOVEMBER 26, 1975.

In the matter of Middle South Utilities, Inc., 225 Baronne Street, New Orleans, Louisiana, 70112; (70-5768).

Notice is hereby given that Middle South Utilities, Inc. ("Middle South"), a registered holding company, has filed an application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6(a) and 7 of the Act and Rule 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transaction.

Middle South proposes to issue and sell at competitive bidding up to 8,000,000 authorized but unissued shares of its common stock, $5 par value. The net proceeds to be derived from the sale of the common stock are estimated at $200,000,000 and will be applied to a reduction in the amount of bank loans made to Middle South and outstanding at that time, presently estimated to be $175,000,000 at the time of the sale. Middle South states that due to difficulties which may occur in marketing the securities at competitive bidding, the company may request, by amendment to this application-declaration, that the sale of its common stock be excepted from the competitive bidding requirements of Rule 50.

A statement of the fees and expenses to be incurred in connection with the proposed transaction will be filed by amendment. It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than December 23, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant-declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from its rules as provided in Rules 20 (a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.75-32782 Filed 12-4-75;8:45 am]

[Rel. No. 19265; 70-5767]

MIDDLE SOUTH UTILITIES, INC. AND LOUISIANA POWER AND LIGHT CO.

Sale of Common Stock

NOVEMBER 26, 1975.

In the matter of: Middle South Utilities, Inc., 225 Baronne Street, New Orleans, Louisiana, 70112; Louisiana Power & Light Company, 142 Delaronde Street, New Orleans, Louisiana, 70174; (70-5767).

Notice is hereby given that Middle South Utilities, Inc. ("Middle South"), a registered holding company, and Louisiana Power & Light Company ("Louisiana"), a public-utility subsidiary company of Middle South, have filed an application-declaration with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6(a), 7, 9(a), 10, and 12(f) of the Act and Rule 43 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transactions.

Louisiana proposes to issue and sell to Middle South (the holder of all of the issued and outstanding shares of Louisiana's no par value common stock), and Middle South proposes to acquire, 2,700,000 additional shares of Louisiana's common stock, for an aggregate purchase price of $15,000,000 in cash. Louisiana further proposes, concurrently with the consummation of the proposed stock sale, and in order to strengthen its capital structure for the benefit of holders of all classes of its securities, to increase the stated value of that part of its capital stock represented by the 37,600,000 shares of its common stock which will then be outstanding from $236,615,000 to $238,760,000 by transferring $2,145,000 from its Retained Earnings Account to its Common Stock Account. Louisiana proposes to use the net proceeds from the sale of the additional common stock for its construction program, estimated at $127,000,000 for 1975, for the payment of outstanding short-term promissory notes, and for other corporate purposes.

It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions. It is further stated that no special or separate expenses are anticipated in connection with the issuance and sale of common stock other than the filing fee of $2,000 and legal fees not exceeding $1,000.

Notice is further given that any interested person may, not later than December 23, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicants declarants at the above-stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

MIDDLE SOUTH UTILITIES, INC., ET AL.

Post-Effective Amendment Regarding Proposed Increase in Authorized Bank Borrowings

Correction

In FR Doc. 75-31544 appearing on page 54315 in the issue for Friday, November 21, 1975, make the following changes:

1. In the first column, the penultimate line which presently reads "Loan Agreement will be amended to add" should read "Loan Agreement and proposes to issue".

2. In the middle column, the first line, the last word "aid" should read "add".

[Rel. No. 19269; 70-4549]

PENNSYLVANIA ELECTRIC CO.

Loan Terms

NOVEMBER 28, 1975.

In the matter of: Pennsylvania Electric Company, 1001 Broad Street, Johnstown, Pennsylvania, 15907; (70-4549).

Notice is hereby given that Pennsylvania Electric Company ("Penelec"), an electric utility subsidiary company of General Public Utilities Corporation, a registered holding company, has filed with this Commission a post-effective amendment to the application, as previously amended, filed in this proceeding pursuant to Sections 9(a) and 10 of the Public Utility Holding Company Act of 1935 ("Act") regarding the following proposed transactions. Interested persons are referred to the application, as further amended by said post-effective amendment, which is summarized below, for a complete statement of the proposed transactions.

In prior orders in this proceeding, Penelec has been authorized, among other things, to acquire through March 31, 1977, promissory notes to be issued by two unaffiliated mining companies, the Helen Mining Company ("Helen") and Helvetia Coal Company, which are engaged in development of coal mines for the Homer City Generating Station ("Homer Station"). Penelec owns a 50% interest in the Homer station; the other 50% interest is owned by New York State Electric & Gas Corporation ("NYSEG"), a utility unaffiliated with Penelec. The most recent of such orders was issued on June 18, 1975 (HCAR No. 19052, 7 SEC Docket 213).

Penelec has been authorized to loan up to $7,750,000 to Helen for the purpose of developing Helen's Mines. It is stated that Penelec and NYSEG have actually loaned a total of $13,500,000 to Helen, of which Penelec's share is $6,750,000.

Penelec's loans to Helen are secured by a mortgage ("mortgage") on Helen's property, including coal held by Helen under a lease ("lease") from Helen's parent, the North American Coal Corporation ("Nacco"). Nacco represented in the lease that the leased property contained 83,000,000 net tons of recoverable coal, of which 62,0000,000 tons were to remain available to Helen and the Homer Station owners under a coal sales agreement ("CSA"). The remaining 21,000,000 net tons were to be dedicated to Homer Station if Penelec and NYSEG had given notice to Helen that a third unit was to be constructed at Homer Station. Although the third unit is under construction, it is stated that the required notice was not given to Helen and that Penelec and NYSEG plan to meet the requirements of the third unit from other sources.

Since the required notice was not given with respect to the 21,000,000 tons of coal, Penelec and NYSEG now only have a right to first refusal for that coal. If this right of first refusal is not exercised, the 21,000,000 tons is to be released from the lease and the mortgage lien.

It is stated that in September 1975, Penelec, NYSEG and Helen reached an agreement to amend the CSA by instituting a bonus program whereby Helen would be encouraged to increase its coal production while minimizing costs. In connection with the proposed amendment to the CSA, Helen requested that 21,100,000 tons be released from the lease and mortgage, subject to a right of first refusal in Penelec and NYSEG. The proposed amendment also permits the release of an additional 21,000,000 tons from the lease and the mortgage if Penelec and NYSEG do not exercise a right of first refusal to obtain the coal within a reasonable time after the opportunity to exercise the right arises.

It is projected that the requirements from Helen mine for the remaining 24 years of the CSA will be approximately 1,000,000 tons annually. It is stated that even if the aforesaid 42,100,000 tons are released from the provisions of the lease and the CSA, the remaining reserves in the Helen mine (approximately 40,900,000 tons) would far exceed the presently projected requirements from the mine under the CSA.

It is stated that in consideration for the bonus plan and the release of the aforesaid tonnages, Helen has agreed to a $15,500,000 ceiling on loans that it can require from Penelec or NYSEG, without their prior written consent for the development of the mine (with some exceptions) and to a 40% reduction of the minimum royalty provision of the lease, which royalty is charged to Penelec and NYSEG by Helen under the CSA. Penelec and NYSEG also state that even after the release of the 42,100,000 tons from the mortgage lien, the loans to Helen will be adequately secured.

It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transaction. Fees and expenses to be incurred in connection with the proposed transaction will be supplied by amendment.

Notice is further given that any interested person may, not later than December 22, 1975, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application, as further amended by said post-effective amendment, which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as further amended by said post-effective amendment, or as it may be further amended, may be granted as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may

V40235 DEC 5 75 XUM

grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[FR Doc.75-32784 Filed 12-4-75;8:45 am]

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-11884; File No. SR-Amex-75-9]

AMERICAN STOCK EXCHANGE, INC.

Self-Regulatory Organization; Approval of Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78(s)(b)(1) (the "Act") as amended by Pub. L. No. 94-29, § 16 (June 4, 1975), notice is hereby given that on November 13, 1975, the American Stock Exchange, Inc. ("Amex"), 86 Trinity Place, New York, New York 10006, a national securities exchange registered with the Commission pursuant to Section 6 of the Act, filed with the Commission a proposed rule change. The proposed rule change is to amend Amex Rule 900(b)(16) so as to define the term "expiration date", as that term concerns option contracts, as "the day and time fixed by the rules of the Options Clearing Corporation for the expiration of all option contracts having the same expiration month as such option contract."

Interested persons are invited to submit written data, views and arguments concerning the proposed rule change. Persons desiring to make written submissions should file six copies thereof with the Secretary of the Commission, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. SR-Amex-75-9.

The Commission is directed under Section 19(b)(2) of the Act to approve a proposed rule change of a self-regulatory organization if it finds it to be consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization. The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to national securities exchanges including the requirements of Section 6 and the rules and regulations thereunder. In particular, Section 6(b)(5) of the Act, which will become effective on December 1, 1975, requires that the rules of a national securities exchange be designed to "[facilitate] transactions in securities, . . . remove impediments to and perfect the mechanism of a free and open market . . ., and, in general, . . . protect investors and the public interest. . . ."

According to Amex, the purpose of the proposed rule change is to accomplish a conforming change in the definition of the term "expiration date" in respect of option contracts necessitated by the recent change in the by-laws and rules of the Options Clearing Corporation ("OCC"). The present definition of such term in Amex Rule 900 is incorrect as applied to options contracts expiring in January 1976 and thereafter, in that it refers to 11:30 a.m. of the last Monday of the expiration month as the time of expiration whereas the by-laws and rules of OCC now provide for such contracts to expire at 5:00 p.m. on the Saturday following the third Friday of the expiration month. The Commission finds that permitting this conforming change in definition is consistent with the protection of investors and the public interest.

Further, the Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of the filing thereof. Because the above-mentioned change in OCC by-laws and rules is presently in effect, the Commission deems it necessary and desirable to approve immediately the conforming change proposed by Amex.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change referenced above be, and it hereby is, approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

NOVEMBER 28, 1975.

[FR Doc.75-32873 Filed 12-4-75;8:45 am]

[Release No. 34-11886; File No. SR-Amex-75-11]

AMERICAN STOCK EXCHANGE, INC.

Self-Regulatory Organization; Approval of Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78(s)(b)(1) (the "Act") as amended by Pub. L. No. 94-29, § 16 (June 4, 1975), notice is hereby given that on November 18, 1975, the American Stock Exchange, Inc. ("Amex"), 86 Trinity Place, New York, New York 10006, a national securities exchange registered with the Commission pursuant to Section 6 of the Act, filed with the Commission a proposed rule change. The proposed rule change is to amend Amex Rule 910 so as to exemp registered traders in options from the trading restrictions on out-of-the-money option contracts set forth therein.

Interested persons are invited to submit written data, views and arguments concerning the proposed rule change. Persons desiring to make written submissions should file six copies thereof with the Secretary of the Commission, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. SR-Amex-75-11.

The Commission is directed under Section 19(b)(2) of the Act to approve a proposed rule change of a self-regulatory organization if it finds it to be consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization. The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to national securities exchanges including the requirements of Section 6 and the rules and regulations thereunder. In particular, Section 6(b)(5) of the Act, which will become effective on December 1, 1975, requires that the rules of a national securities exchange be designed to "[facilitate] transactions in securities, . . . remove impediments to and perfect the mechanism of a free and open market . . ., and, in general, . . . protect investors and the public interest. . . ." The proposed rule change would permit registered traders in options to execute opening purchase or writing transactions in restricted out-of-the-money options. According to Amex, adoption of this proposal will provide deeper and more liquid markets with respect to such options, thereby further assuring the maintenance of a continuous fair and orderly market for investors seeking to enter covered opening writing transactions as well as closing purchase and sale transactions.

Further, the Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of the filing thereof. The Amex has made several revisions in its rules applicable to registered traders engaging in options transactions. These revisions impose responsibilities on registered traders similar to the responsibilities of specialists, viz the obligation to deal for their own accounts in a manner calculated to contribute to the maintenance of a fair and orderly market, and the obligation to help maintain a fair and orderly market when called upon by floor officials or floor brokers.

To facilitate the fulfillment of these responsibilities by registered traders, the Commission deems it necessary and desirable to approve immediately the proposed rule change which has the effect of permitting registered traders to engage in out-of-the-money options transactions to the same extent as specialists.

For the foregoing reasons, the Commission finds good cause for approving the proposed rule change prior to the thirtieth day after publication of notice of filing thereof.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change referenced above be, and it hereby is, approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

NOVEMBER 28, 1975.

[FR Doc.75-32874 Filed 12-4-75;8:45 am]

[(SR-Amex-75-12); Release No. 34-11887; File No. SR-Amex-75-12]

AMERICAN STOCK EXCHANGE, INC.

Self-Regulatory Organization; Approval of Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78(s)(b)(1) (the "Act") as amended by Pub. L. No. 94-29, § 16 (June 4, 1975), notice is hereby given that on November 20, 1975, the American Stock Exchange, Inc. ("Amex") 86 Trinity Place, New York, New York 10006, a national securities exchange registered with the Commission pursuant to Section 6 of the Act, filed with the Commission a proposed rule change. The proposed rule change is to amend the Commentary to Amex Rule 958 so as to add new paragraph .07 reading as follows:

.07 A Floor Broker representing a customer's order in options shall, prior to executing such order, ascertain that at least one Registered Trader (who has elected to engage in Exchange option transactions) is present in the trading crowd at the post when such order is executed.

Interested persons are invited to submit written data, views and arguments concerning the proposed rule change. Persons desiring to make written submissions should file six copies thereof with the Secretary of the Commission, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Reference should be made to File No. SR-Amex-75-12.

The Commission is directed under Section 19(b)(2) of the Act to approve a proposed rule change of a self-regulatory organization if it finds such rule change to be consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization. The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to national securities exchanges including the requirements of Section 6 and the rules and regulations thereunder. In particular, Section 6(b)(5) of the Act, which will become effective on December 1, 1975, requires that the rules of a national securities exchange be designed to "[facilitate] transactions in securities, . . . remove impediments to and perfect the mechanism of a free and open market . . ., and, in general, . . . protect investors and the public interest. . . ."

According to Amex, the proposed rule change is designed to require at least one registered trader in options to be present in the trading crowd when customers' orders are brought to the floor for execution, thereby assuring that floor brokers executing customers' orders will be afforded an opportunity to obtain broader trader participation in options trading on a more expeditious and continuing basis. Amex has expressed the belief that the proposed rule change will protect investors and serve the public interest because increased participation by registered traders in the Amex options market has resulted in additional depth and liquidity in options traded on the Amex.

Further, the Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of the filing thereof. The Amex has effectuated several revisions in its rules applicable to registered traders engaging in options transactions. These revisions impose responsibilities on registered traders similar to the responsibilities of specialists, *viz.*, the obligation to deal for their own accounts in a manner calculated to contribute to the maintenance of a fair and orderly market, and the obligation to help maintain a fair and orderly market when called upon by floor officials or floor brokers. The Commission finds that adoption of the proposed rule change is a necessary and appropriate measure to assure that registered traders fulfill such responsibilities.

For the foregoing reasons, the Commission finds good cause for approving the proposed rule change prior to the thirtieth day after publication of notice of the filing thereof.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change referenced above be, and it hereby is, approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

NOVEMBER 28, 1975.

[FR Doc.75-32875 Filed 12-4-75;8:45 am]

[Release No. 34-11873; File No. SR-NYSE-75-13]

NEW YORK STOCK EXCHANGE, INC.

Self-Regulatory Organizations; Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s (b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on November 10, 1975, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

Statement of the terms of substance of the proposed rule change. In order for the Exchange to comply with the Securities Acts Amendments of 1975, which, among other things, require exchanges to enforce compliance by its members and persons associated with its members with all the provisions of the Securities Exchange Act of 1934, the rules thereunder and the rules of the Exchange, the Board has approved proposed Rule 389 which enables the Exchange to regulate the activities of brokers and dealers who are associated with Exchange members to the same extent to which it regulates its members. To do otherwise would result in a substantial regulatory gap and resultant confusion so as to essentially destroy the concept of uniform regulation within a central market structure as expressed in the recent legislation. The text of Rule 389 follows:

1. *Text of Proposed New Rule 389.*

A. Each person who is acting as a broker or dealer in securities, other than a member, allied member or member organization, and who controls, is controlled by, or in under common control, with a member organization shall be required to agree in writing with the Exchange:

(i) To supply the Exchange with such information relating to its activity as a broker or dealer in securities as the Exchange may reasonably require;

(ii) To permit examination by the Exchange, or person designated by it, at any time or from time to time, of its books and records to verify the accuracy of the information so supplied and to determine compliance by such person with just and equitable principles of trade, the Exchange Constitution and Rules, and the Securities Exchange Act of 1934 and rules and regulations thereunder;

(iii) To appear before, and give testimony to, the Exchange or any committee or person designated by it upon any matter under investigation by the Exchange; and

(iv) To be subject to and comply with the Exchange Constitution and Rules, as from time to time amended and the Securities Exchange Act of 1934 and rules and regulations thereunder, to the same extent as they apply to members, allied members, member organizations and employees, thereof as the case may be, and to be subject to discipline by the Exchange as provided by, and, in accordance with the procedures set forth in the Exchange Constitution and Rules.

B. If any person required to enter into the agreement referred to above fails to do so or breaches such agreement, any member or member organization with which such person is associated may be denied the privileges of a member or member organization or may be subject to any other disciplinary sanction as may be provided in the Exchange Constitution and Rules for any violation thereof.

C. For purposes of this Rule, "person" shall have the same meaning as provided in Section 3(a)(9) of the Securities Exchange Act of 1934, as amended.

D. A person shall be presumed to control another person for the purpose of this Rule, if such person has a right to participate to the extent of more than 25% in the profits of such other person, or owns beneficially directly or indirectly, more than 25% of the voting securities or more than 25% of the total capitalization of such person. Any person who does not so participate in profits or who does not so own voting securities or total capitalization of another person shall be presumed not to control such other person. Such presumption may be rebutted by evidence, but shall continue until a determination to the contrary has been made by the Exchange.

V40235 DEC 5 75 XUM

EXCHANGE'S STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rule change is as follows:

2. *Purpose of proposed rule.*

The Securities Exchange Act, as amended, requires the Exchange to enforce compliance by its members and persons associated with its members with the provisions of the Act, the rules and regulations thereunder and the rules of the Exchange. Hence, the exchanges are given expanded new authority and responsibility for the regulation, surveillance and discipline of "persons associated with a member." This term is broadly defined to include "any person directly or indirectly controlling, controlled by, or under common control with a member." In addition, it includes partners, officers, directors, branch managers and employees of a member.

The SEC is given the authority under Section 19(g), effective December 1, 1975, to relieve the exchanges of any responsibility under the Act with respect to persons associated with a member, or "any class of such members or persons associated with a member."

As a first step in dicharging it statutory responsibility with respect to regulating "persons associated with a member", the Board has approved Rule 389 specifying the Exchange rules applicable to the activities of associated persons acting as brokers and dealers in securities.

3. *Basis under the act for the adoption of rule 389.* Rule 389 is based on the following sections of the Securities Exchange Act of 1934.

Section 3(a)(9) defining the term "person"; Section 3(a)(21) defining of the term "person associated with a member"; Section 6(b)(1) requiring the Exchange to enforce compliance by persons associated with a member; Section 6(b)(7) requiring the Exchanges to have rules relating to the disciplining of persons associated with a member; Section 6(c)(3) requiring standards which exchanges may apply to persons associated with a member; Section 19(g)(1) providing that every exchange shall comply with the provisions of the Act, the rules and regulations thereunder and its own rules and shall enforce compliance with such provisions by its members and persons associated with its members; and Section 31 which provides that the amendments to the Securities Exchange Act of 1934 made to Section 6(a) through (d) become effective 180 days subsequent to June 4, 1975.

Rule 389 establishes the basis under which the Exchange will carry out its responsibilities under the sections referred to hereinabove. Rule 389 relates to the Exchange's capacity to carry out the purposes of the Act and to comply, and to enforce compliance by its members and persons associated with its members with the Act and the rules and regulations thereunder, by requiring all persons acting as brokers or dealers in securities associated with an Exchange member or member organization to comply with the rules of the Exchange as may appropriately relate to such person, and the provisions of the Act and the rules and regulations thereunder.

Rule 389 relates to the ability of any registered broker or dealer, or natural person associated with a registered broker or dealer, to become associated with a member of the Exchange by requiring persons acting as brokers or dealers in securities who control, are controlled by or who are under the common control of the member to comply with all Exchange Rules.

Rule 389 relates to the equitable allocation of reasonable dues, fees and other charges in that associated persons and their employees will become subject to the same dues, fees and other charges which now apply to members, allied members and registered representatives. To do otherwise would enable Exchange member organizations, through vehicles such as holding companies, to relieve themselves of responsibility for contributing, on an equitable basis, to the expenses incurred in connection with funding the regulatory activities of the Exchange.

Rule 389 relates to the ability of the Exchange to prevent fraud and manipulative acts and practices, promote just and equitable principles of trade, and protect investors and the public interest by applying Exchange regulation and surveillance to the activities of all broker-dealers associated with an Exchange member or member organization. In this regard, until recently, Exchange members have traditionally been organized so as to conduct most, if not all of their activity as brokers and dealers within one entity. Recently, however, a noticeable trend has developed in which member organizations through creation of other entities, such as holding companies, are isolating particular business activities within identifiable nonmember organizations. Thus, through a revised corporate structure the ability of the Exchange to regulate and to enforce compliance with the Act, the rules thereunder and its own rules may be frustrated, absent Rule 389.

Rule 389 relates to the appropriate disciplining of persons associated with a member for violations of the provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange by requiring all persons subject to the Rule to comply with such provisions to the same extent as they may apply to members, allied members, member organizations and employees, as the case may be, and to be subject to discipline by the Exchange as provided by, and in accordance with the procedures set forth in the Exchange Constitution and Rules.

Rule 389 complies with Section 6(d) of the Act by applying the same procedures in disciplinary actions involving members, member organizations, registered representatives and other employees to broker-dealers associated with a member or member organization.

4. *Comments received from members, participants or others on proposed rule.* No comments were solicited or received with respect to the proposed rule.

5. *Burden on competition.* As Rule 389 merely subjects persons acting as brokers or dealers in securities who are associated with a member or member organization to the existing Exchange Rules and Regulations to which the member or member organization is subject, the Rule does not impose any burden on competition.

On or before January 9, 1975, or within such longer period (1) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the above-mentioned self-regulatory organization consents, the Commission will:

A. by order approve such proposed rule change, or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with respect to the foregoing and all written submissions will be available for inspection at the principal office of the above mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted on or before January 5, 1975.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

NOVEMBER 26, 1975.

INTERSTATE COMMERCE COMMISSION

[Notice No. 924]

ASSIGNMENT OF HEARINGS

DECEMBER 2, 1975.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested.

MC 98952 Sub 31, General Transfer Company, now assigned December 2, 1975, at Indianapolis, Indiana, is cancelled and application is dismissed.

MC 140851, Rocky Mountain Trout, Inc., now being assigned January 22, 1976 (2 days), at Salt Lake City, Utah, in a hearing room to be designated later.

MC-F 12573, Noble Transport, Inc.—Purchase (Portion—R. Clyde Ashworth and Ashworth Transfer, Inc., and MC-F 12574, Kenneth Savage, Neal Savage, & T. Luke Savage dba Savage Brothers—Control—Ashworth Transfer, Inc., now being assigned January 26, 1976 (1 week), at Salt Lake City, Utah, in a hearing room to be designated later.

MC 119619 Sub 82, Distributors Service Co., now being assigned February 2, 1976 (1 week), at Denver, Colorado, in a hearing room to be designated later.

MC 106920 Sub 59, Riggs Food Express, Inc., now assigned December 8, 1975, at Atlanta, Ga., is postponed indefinitely.

MC 141112, Burwell Ray Gallop, d.b.a. Gallop Bus Lines, now assigned January 19, 1976, at Norfolk, Virginia, has been postponed to January 26, 1976 (1 week) at Norfolk, Virginia; in a hearing room to be later designated.

FOURTH SECTION APPLICATIONS FOR RELIEF

DECEMBER 2, 1975.

An application, as summarized below, has been filed requesting relief from the requirements of Section 14 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the General Rules of Practice (49 CFR 1100.40) and filed within 15 days from the date of publication of this notice in the FEDERAL REGISTER.

FSA No. 43086—*Chemicals and Related Articles to Points in Southern Territory.* Filed by Southwestern Freight Bureau, Agent (No. B-572), for interested rail carriers. Rates on chemicals, in tank-car loads, as described in the application, from points in Louisiana and Texas, to specified points in southern territory.

Grounds for relief—Market competition.

Tariff—Supplement 41 to Southwestern Freight Bureau, Agent, tariff 11-F, I.C.C. No. 5082. Rates are published to become effective on January 1, 1976.

FSA No. 43087—*Insulating Material from Fruita, Colorado.* Filed by Southwestern Freight Bureau, Agent (No. B-569), for interested rail carriers. Rates on insulating material, in carloads, as described in the application, from Fruita, Colorado, to points in southwestern territory.

Grounds for relief—Market competition, short-line distance formula and grouping.

Tariff—Supplement 121 to Southwestern Freight Bureau, Agent, tariff SW/W—2006-J, I.C.C. No. 5056. Rates are published to become effective on January 10, 1976.

By the Commission.

[SEAL] ROBERT L. OSWALD, *Secretary.*

[Notice No. 133]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

DECEMBER 5, 1975.

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to Sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 C.F.R. Part 1132), appear below:

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's Special Rules of Practice any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before December 26, 1975. Pursuant to Section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-76081. By order of November 26, 1975, the Motor Carrier Board approved the transfer to Richard L. Kinard, Inc., York, Pennsylvania, of Certificates Nos. MC 56213 and Subs 1, 3, 4, 6, 9, 10, and 11, issued by the Commission, August 30, 1949, January 9, 1950, January 17, 1950, May 14, 1951, March 3, 1960, January 14, 1964, December 19, 1963, and March 26, 1965, respectively, to William H. Brillhart, D/B/A H & B Trucking Company, Codorus, Pennsylvania, authorizing the transportation of various specified commodities, from, to and between, specified points in Pennsylvania, New Jersey, Delaware, Maryland, New York, West Virginia, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Massachusetts, Connecticut, Rhode Island, and the District of Columbia. S. Harrison Kahn, Attorney at Law, Suite 733 Investment Building, Washington, D.C. 20005, attorney for applicants.

No. MC-FC-76145. By order entered November 28, 1975, the Motor Carrier Board approved the transfer to Roger Marquardt, doing business as Marquardt Grain Co., Parkston, S. Dak., of the operating rights set forth in Certificate No. MC 95523, issued July 21, 1949, to Leonard B. Winter, Parkston, S. Dak., authorizing the transportation of livestock, from Parkston, S. Dak., and points within 15 miles thereof, to Sioux City, Iowa; and livestock, seeds, poultry feeds, farm machinery and implements, coal, building materials, and calcium carbide, from Sioux City, Iowa, to the above-specified origin points. Carl F. Haberstick, Parkston, South Dakota 57366, attorney for applicants.

[Notice No. 137]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

DECEMBER 2, 1975.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 C.F.R. § 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it

V40235D DEC 5 75 XUM

will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the I.C.C. Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 46280 (Sub-No. 79TA), filed November 20, 1975. Applicant: KEY LINE FREIGHT, INC., 200 Colrain St. SW., Grand Rapids Mich. 49508. Applicant's representative: Martin J. Leavitt, P.O. Box 400, Northville, Mich. 48167. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Foodstuffs*, from the plantsites and warehouse facilities of Jeno's, Inc., Sodus, Mich., to points in Illinois, Indiana, Iowa, Kentucky, Minnesota, Missouri, and Wisconsin, for 180 days. FEDERAL COMMUNICATIONS COMMISSION

[FCC 75R–438; Docket Nos. 20010, 20011; File Nos. BRCT–10, BPCT–4540]

CBS, INC. AND FIRST DELAWARE VALLEY CITIZENS TELEVISION, INC.

Memorandum Opinion and Order Enlarging Issues

In re applications of: CBS Inc. (WCAU–TV), Philadelphia, Pennsylvania; for renewal of broadcast license; First Delaware Valley Citizens Television, Inc., Philadelphia, Pennsylvania, for construction permit for new television broadcast station.

1. The mutually exclusive applications of CBS Inc. (WCAU–TV) (CBS) for renewal of television broadcast license, and First Delaware Valley Citizens Television, Inc. (First Delaware) for authority to construct a new television broadcast station at Philadelphia, Pennsylvania, were designated for hearing by Commission Order, 46 FCC 2d 454, released April 24, 1974. Presently before the Review Board is CBS's fifth motion to enlarge issues, filed June 3, 1975, which seeks the addition of the following issues: [1]

1. To determine whether First Delaware misrepresented to the Commission the availability of a $4,000,000 bank loan from the Lincoln Bank of Philadelphia, Pennsylvania, and, if so, the effect thereof on First Delaware's basic or comparative qualifications.

2. To determine whether First Delaware misrepresented to the Commission the understandings it had with the Lincoln Bank of Philadelphia, Pennsylvania, with respect to any loan or loans contemplated to be made by that Bank to First Delaware, and, if so, the effect thereof on First Delaware's basic or comparative qualifications.

3. To determine whether First Delaware has kept the Commission fully informed of significant and material changes in its originally stated plan to obtain $4,000,000 through a loan from the Lincoln Bank of Philadelphia, Pennsylvania, and, if not, the effect thereof on First Delaware's basic or comparative qualifications.

[1] The Board also has the following related pleadings before it: (a) petition for leave to file supplement to motion and supplement, filed July 1, 1975, by CBS; (b) supplement to motion, filed July 8, 1975, by CBS; (c) opposition to motion, filed July 21, 1975, by First Delaware; (d) comments on motion, filed July 21, 1975, by the Broadcast Bureau; and (c) reply, filed July 31, 1975, by CBS. On June 4, 1975, First Delaware filed a motion to strike CBS's motion or, in the alternative, to stay filing of responsive pleadings pending the completion of the deposition of Norman D. Denny, chairman of the board of the Lincoln Bank of Philadelphia. The Denny deposition constitutes the factual basis for the issues presently requested by CBS. CBS filed an opposition to the motion, and a supplement thereto, on June 6, and June 16, 1975, respectively, and the Bureau filed comments on June 10, 1975. By Order, FCC 75R–238, released June 17, 1975, the Board granted the motion to the extent that the time for filing of supplemental and responsive pleadings was extended to dates 5 and 20 days, respectively, after the filing with the Commission of a completed copy of the Denny deposition. Accordingly, the supplemental pleadings before the Board will be accepted. Also pending before the Board is the strike portion of First Delaware's motion. The Board has considered the merits of this request and finds that no basis exists for granting the requested relief. Accordingly, the motion will be denied.

2. To determine whether First Delaware misrepresented to the Commission the understandings it had with the Lincoln Bank of Philadelphia, Pennsylvania, with respect to any loan or loans contemplated to be made by that Bank to First Delaware, and, if so, the effect thereof on First Delaware's basic or comparative qualifications.

3. To determine whether First Delaware has kept the Commission fully informed of significant and material changes in its originally stated plan to obtain $4,000,000 through a loan from the Lincoln Bank of Philadelphia, Pennsylvania, and, if not, the effect thereof on First Delaware's basic or comparative qualifications.

BACKGROUND

2. CBS's motion relates to a July 3, 1972 $4,000,000 loan commitment letter (revised April 12, 1973) from the Lincoln Bank of Philadelphia, Pennsylvania (Lincoln Bank or Bank) which First Delaware represented was available to it in its application.[2] The letter was signed by Norman D. Denny, chairman of the board of the Bank. On April 21, 1975, CBS was granted authority to depose Denny. Thereafter, on May 1, 1975, First Delaware filed a petition for leave to amend its application to, in part, delete reliance on the proposed bank loan as the primary source of financing in favor of a $4,000,000 escrow deposit made by Solomon Katz, one of its principals. The Presiding Judge accepted the amendment [3] and Denny's deposition was taken on May 8, and June 20, 1975. CBS contends that the Denny deposition and related documents show that First Delaware has made misrepresentations to the Commission.

ISSUE 1—MISREPRESENTATIONS AS TO LOAN AVAILABILITY

3. CBS alleges that First Delaware misrepresented the availability of the $4,000,000 loan commitment from Lincoln Bank in its application and in various amendments, as well as in its July 11, 1974 opposition to a prior CBS motion to enlarge,[4] in which First Delaware stated that the Bank's commitment letter "speaks for itself. . . ." CBS asserts that these representations were false since First Delaware knew, and failed to disclose, that (1) the Bank had a $650,000 statutory lending limit; (2) in light of the lending limit, the Bank had to arrange for participation of other banks in the proposed loan; and (3) no effort would be made by the Bank to arrange for participation until First Delaware's application is granted. In support of the request, CBS submits deposition excerpts in which Denny testified that he and Harold E. Kohn, the treasurer and a principal of First Delaware, had discussed the lending limit and need for other banks to participate in the loan. CBS asserts that the facts of the instant case are similar to those in *Lamar Life Broadcasting Co.*, 26 FCC 2d 932, 20 RR 2d 981 (1970), wherein the Board added a misrepresentation issue, and it argues in its supplement that the Bank letter constitutes no more than an expression of "willingness" on the Bank's part to make a loan and not a firm commitment. CBS cites *A. H. Belo Corp.* (*WFAA–TV*), 40 FCC 2d 1131, 27 RR 2d 889 (1973), in support.

4. Both First Delaware and the Broadcast Bureau oppose the requested issue. Initially, First Delaware characterizes CBS's description of Denny's testimony as "tortured and distorted" and based on the erroneous proposition that the Bank's letters did not constitute firm commitments. Thus, opponent argues, CBS fails to distinguish between a letter of commitment for future funds, which is acceptable to the Commission to establish that an applicant has a reasonable assurance of the availability of a loan, and a contractually binding loan commitment, which is not required by the Commission. First Delaware argues that the means by which a lender obtains funds for a proposed loan is not a subject for Commission consideration and, therefore, that its knowledge and failure to disclose the Bank's lending limit and the need to arrange for participation are not bases for addition of the requested issue. Moreover, First Delaware asserts that Denny's testimony shows that the Lincoln Bank had an established record for putting together multi-bank loans in excess of its lending limit and that, in any event, Denny testified that the Bank could exceed its lending limit if the loan was backed by U.S. government securities. In this regard, First Delaware refers to the Katz $4,000,000 escrow deposit of Treasury Notes as an alternative source of funding. Finally, opponent rejects CBS's reliance on *Lamar Life*, *supra*, arguing that it had reasonable assurance of the loan's availability in light of the Bank's history of arranging multi-bank loans in excess of its lending limit.

5. In its comments, the Bureau stresses that the Denny deposition discloses no substantial grounds for concluding that the loan would be unavailable since Denny testified that (1) the Bank had successfully originated several loans requiring the participation of other banks; (2) Lincoln Bank had never been refused by other banks in a bid for participation and was "totally confident" that the Bank could raise the $4,000,000 for the loan; and (3) while he had not contacted other banks, First Delaware's loan was unusual in that the borrower would not need the proceeds for two to three years instead of the usual 30 days.

6. The Review Board will deny the requested issue. First, we believe that *Lamar Life*, *supra*, is factually distinguishable from the instant case. There, the applicant's representations to the Commission conveyed the impression that it had available a $300,000 mortgage loan when, in fact, it had not obtained such a commitment. Accordingly, the Board concluded that a substantial question had been raised whether the applicant had misrepresented the availability of the loan. See 26 FCC 2d at 936, 20 RR 2d at 987. In contrast, and without reaching the merits of the availability issue previously added by the Board in the present case, First Delaware has represented the availability of a loan supported by the commitment letters from the Bank and confirmed by the testimony of Denny, the Bank's chairman. As the Bureau points out, Denny testified that the Bank would make the loan, that it has arranged for participation in past cases where its lending limit would be exceeded, and that he was confident that it could do so in this case. In light of these assurances, it does not appear that the applicant concealed or misrepresented significant information in this regard or that it had any motive for omitting such information. Finally, CBS's reliance on *A. H. Belo Corp.*, *supra*, is misplaced, since that case did not involve misrepresentation but, rather, availability of funds and, as we have previously noted, the latter subject is already in issue in this proceeding. Thus, we cannot agree with CBS that the cited cases or its arguments support addition of the requested issue.

ISSUE 2—MISREPRESENTATION OF TERMS AND CONDITIONS OF THE LOAN

7. CBS asserts that after receiving a Commission inquiry on February 15, 1973 concerning the availability of its Bank loan,[5] First Delaware arranged for changes in the wording of the July 3, 1972 commitment letter, para. 2, *supra*, in order to deceive the Commission as to the substance of its agreement with the Bank. CBS notes that subsequent to receiving the inquiry, First Delaware's then counsel wrote to Harold Kohn, on March 1, 1973, advising him of the inquiry and suggesting, *inter alia*, that "[i]f any or all of [the questioned] conditions can be deleted from the letter, that would of course be the simplest way to clear the matter up. . . ." Thereafter, CBS continues, counsel submitted a draft letter to Denny omitting the conditions involving "such terms as may subsequently be set by Lincoln Bank" and a "formal lending commitment" and adding a provision that the loan was to be guaranteed by Katz, Kohn, and Morgan. CBS contends that this draft became, in substance, the Bank's revised commitment letter, dated April 12, 1973, and filed in an amendment dated April 16,

[2] In an earlier Memorandum Opinion and Order in this proceeding, 49 FCC 2d 1214, 1226–30, 32 RR 2d 271, 286–91 (1974), the Board added an issue to determine the availability of the proposed $4,000,000 loan.

[3] Memorandum Opinion and Order, FCC 75M–1129, released June 24, 1975.

[4] See note 2, *supra*.

[5] Specifically, the inquiry letter noted that the July 3, 1972 commitment was subject to (1) "such terms as may subsequently be set by Lincoln Bank"; (2) a "formal lending commitment" being made by the Bank; and (3) the continued participation of certain stockholders, including Kohn, Katz and Edward P. Morgan, or the substitution of stockholders "which are acceptable to Lincoln Bank," all of which resulted in the Commission not being able to determine the availability of the loan. First Delaware was also asked to advise the Commission as to the collateral or security which will be required by the Bank.

V40I235 DEC 5 75 XUM

1973.[8] CBS continues that, on the basis of this revised letter, First Delaware thereafter asserted in various documents and pleadings filed with the Commission that it had a $4,000,000 line of credit from the Bank, although no substantive change in the arrangements with the Bank had occurred and certain terms remained unsettled. Specifically, CBS submits that, according to Denny's testimony, (1) First Delaware would have to meet such terms as might subsequently be set by the Bank, including changes in the term of the loan, the interest rate, and the addition of a requirement for the maintenance of compensating balances; (2) the Bank required the submission of net worth statements from First Delaware principals Kohn, Katz, and Morgan, but none were received; and (3) the loan was subject to approval of the Bank's loan committee and was open to "renewal, revision, or expiration" after a reasonable period of time—approximately two years. Finally, CBS asserts that the loan was to be secured by the physical assets of the station in accordance with a June 29, 1972 letter to Denny sent by First Delaware's former counsel on behalf of Kohn, whereas First Delaware's April 16, and 25, 1973 amendments make no mention of collateral, and its July 11, 1974 opposition to a prior CBS enlargement motion states that "there is no question of collateral. . . ."

8. First Delaware argues in opposition that Denny's testimony establishes that the changes in the Bank commitment letter did not reflect substantive changes in the terms and conditions of the loan but, rather, were mere changes in "verbiage" and, further, that the parties had a formal relationship. First Delaware also denies that the terms of the loan were unsettled. In support, opponent notes that Denny testified that (1) there was no uncertainty as to whether the Bank would make the loan; (2) the loan committee would approve the loan if First Delaware obtained a license but, until such time, it was unnecessary to approach the loan committee; and (3) he was personally familiar with the net worth of both Katz and Kohn and was "comfortable" with the creditworthiness of the borrower. Moreover, First Delaware argues that the alleged condition that the commitment was "specifically open" to "renewal, revision or expiration" does not appear in any letter submitted to the Commission or in any correspondence between opponent and the Bank but, rather, only in Denny's handwritten notes of a meeting and, further, Denny's testimony clarifies that any discussions regarding the effective period of the commitment were merely to set a time for review of the status of First Delaware's application. Finally, First Delaware argues that it did not conceal the fact that the loan was to be secured and submits a July 17, 1975 affidavit of its former counsel, who states that his June 29, 1972 letter did not constitute a proposal, let alone an agreement, as alleged by CBS, for a loan to be secured by the physical assets of the station. Moreover, opponent continues, Denny's testimony establishes that no express understanding on securing the loan had been reached prior to the filing of the revised commitment letter and, further, that it was the guarantees of Katz, Kohn, and Morgan that were of concern to the Bank and this condtion was contained in the revised letter.

9. In reply, CBS reasserts that the "real terms" of the loan were unsettled and subject to change and cites Denny's testimony that if a requirement of the maintenance of compensating balances was added and the altered term was not met by First Delaware, no loan would be made. Moreover, CBS stresses that First Delaware never informed the Commission that the Bank required it to pledge all of its assets as security for the loan. Further, CBS continues, the affidavit of First Delaware's former counsel is contradicted both by his June 29, 1972 letter to Denny on behalf of Kohn and Denny's testimony that that letter was central to the loan discussions.

10. The Board believes that serious questions have been raised by CBS regarding possible nondisclosure by First Delaware of certain terms of the loan. Specifically, we note that neither of the commitment letters mnetioned that the loan was to be secured by the physical assets of the station whereas it appears from Denny's testimony that this was clearly understood to be part of the collateral for the loan.[7] Furthermore, we note that First Delaware subsequently stated, on July 11, 1974, that "there is no question of collateral * * *," which statement, although ambiguous, appears to be inconsistent with its earlier understanding with the Bank.[9] Finally, as the Bureau points out, neither letter stated that the agreement was subject to "renewal, revision or expiration" in two years, although Denny stated that this was the Bank's intention. Thus, First Delaware's candor in disclosing its understandings with the Bank regarding the loan commitment is in question. *Cf. RKO General, Inc.*, 48 FCC 2d 397, 30 RR 2d 1691 (1974).[9] However, the remaining allegations concerning the need for loan committee approval and net worth statements from Kohn, Katz, and Morgan do not support the request because Denny testified that approval of the loan would have been forthcoming as a more or less *pro forma* matter since, as chairman of the board, he possessed authority to issue the commitment letter and that he was personally familiar with the net worth of Kohn and Katz.[10]

ISSUE 3—FAILURE TO PROMPTLY REPORT THAT FIRST DELAWARE NO LONGER RELIED ON THE BANK LOAN

11. CBS's final request is for the addition of a misrepresentation/Rule 1.65 issue against First Delaware, based upon the allegation that First Delaware concealed the fact that it was no longer relying on the proposed Bank loan as its primary source of funding. CBS notes that First Delaware, in an amendment dated March 25, 1975, and by statements of counsel at hearing on April 21, 1975, represented that it continued to rely on the Bank loan when, in fact, these statements were false. CBS refers to First Delaware's May 1, 1975 petition for leave to amend which states that First Delaware had re-evaluated its financing plan and decided, on or about April 9, 1975, to delete reliance on the Bank loan in favor of a $4 000 000 loan from Solomon Katz.[11] CBS alleges, however, that Harold Kohn stated both verbally,[12] and in a letter dated April 24, 1975, that he, Kohn, "was under the impression that the [bank] commitment . . . had been withdrawn from the case months ago." Therefore, CBS asserts that First Delaware continued to represent the availability of the Bank loan long after its treasurer had decided not to rely on it. Finally, CBS submits, by not advising the Commission earlier as to its change in plans, First Delaware failed to promptly report a substantial change of decisional significance as required by Section 1.65 of the Rules. In the absence of a satisfactory explanation, the Bureau supports addition of the issue.

12. First Delaware opposes the request, arguing that CBS's allegations are not supported by affidavits based on personal knowledge as required by Section 1.229 (c) of the Rules and, further, that CBS's

[8] CBS also alleges that First Delaware agreed to pay Lincoln Bank $40,000 for supplying the revised letter. First Delaware denies that it ever agreed to a payment for this purpose. See note 10, *infra*.

[7] As noted earlier, counsel's June 29, 1972 letter to Denny (written on behalf of First Delaware's principal, Kohn) states that First Delaware intended to pledge the physical assets of the station as security for the loan. Denny testified that at the time the July 3, 1972 commitment letter was written, the June 29, 1972 letter was central to the proposed loan and that, at least until June 1973, the Bank assumed that these assets would constitute part of the collateral.

[9] In this regard, it is noteworthy that although it appears from Denny's testimony that it was decided prior to issuance of the first letter that the Bank would require the personal guarantees of Katz, Kohn, and Morgan, this provision was not included until the second letter (revised subsequent to the Commission's inquiry to First Delaware) was submitted.

[9] The cases cited by First Delaware in opposition, including *Lawrence County Broadcasting Corp.*, 8 FCC 2d 597, 10 RR 2d 471 (1967), and *Romac Baton Rouge Corp.*, 7 FCC 2d 468, 9 RR 2d 777 (1967), are inapposite since they go to the question of the availability of the proposed loans.

[10] We also reject CBS's allegation regarding the $40,000 payment. Denny specifically testified that the contemplated fee, which has not yet been paid, was for future services and was in no way related to the submission of the revised bank letter.

[11] See para. 2, *supra*.

[12] CBS refers to a memorandum Denny made of a telephone conversation with Kohn, in which Denny wrote that Kohn advised him that Katz had deposited $4,000,000 in Treasury Notes to take the place of the Bank loan. CBS notes that the deposit was made on or about June 28, 1974.

conclusions constitute merely speculation and suspicion. Additionally, opponent attaches an affidavit from its present counsel, who states that First Delaware made no decision to discontinue reliance on the Bank loan until approximately April 25, 1975, when counsel was so notified by Kohn, and that this fact was promptly reported in an amendment filed May 1, 1975.[13] Therefore, First Delaware concludes, it made no misrepresentations when it stated its continued reliance on the Bank loan in March and April, 1975, and since no decision had yet been made, it was under no obligation to report changed circumstances prior to its amendment.

13. The Board will deny the requested misrepresentation/Rule 1.65 issue. It is clear that First Delaware did notify the Commission of its attempt to rely on the Katz loan, at least as an alternate source of financing, as early as July 11, 1974, when it filed its opposition to CBS's petition to add an availability of funds issue. Moreover, we find First Delaware's explanation, *i.e.*, that it relied on the Katz loan as an alternate source of financing and did not finally decide to abandon all reliance on the proposed Bank loan until an amendment curing a deficiency in the Katz loan was accepted by the Presiding Judge on April 9, 1975, to be reasonable and uncontradicted by specific and adequately supported allegations. Finally, in light of the foregoing, and the fact that First Delaware had no reason to conceal its primary reliance on the Katz loan, we find that Kohn's statement that he was "under the impression" that the Bank commitment had been withdrawn several months earlier is not a sufficient basis to warrant an evidentiary inquiry into this matter.

14. ACCORDINGLY, IT IS ORDERED, That the request to strike CBS Inc.'s fifth motion to enlarge issues contained in the motion to strike, or, in the alternative, to stay the filing of responsive pleadings, filed June 4, 1975, by First Delaware Valley Citizens Television, Inc. IS DENIED; and

15. IT IS FURTHER ORDERED, That the petition for leave to file supplement to CBS's opposition to the motion to strike, filed June 16, 1975, by CBS Inc., IS GRANTED, and the supplement IS ACCEPTED; and

16. IT IS FURTHER ORDERED, That the petition for leave to file supplement to CBS's fifth motion to enlarge issues, filed July 1, 1975, by CBS Inc., IS GRANTED, and the supplements filed July 1, and July 8, 1975 ARE ACCEPTED; and

17. IT IS FURTHER ORDERED, That the fifth motion to enlarge issues, filed June 3, 1975, by CBS Inc., IS GRANTED to the extent indicated herein and IS DENIED in all other respects; and

18. IT IS FURTHER ORDERED, That the issues in this proceeding ARE ENLARGED to include the following issue:

To determine whether First Delaware failed to disclose and/or was lacking in candor with regard to the understandings it had with the Lincoln Bank of Philadelphia, Pennsylvania, with respect to any loan or loans contemplated to be made by the Bank to First Delaware and, if so, the effect thereof on First Delaware's basic and/or comparative qualifications.

19. IT IS FURTHER ORDERED, That the burden of proceeding with the introduction of evidence under the issue added herein SHALL BE on CBS Inc. and the burden of proof thereunder SHALL BE on First Delaware Valley Citizens Television, Inc.

Adopted: November 24, 1975.

Released: December 1, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

[FR Doc.75-32800 Filed 12-4-75;8:45 am]

[13] Counsel avers that a decision with respect to the Bank could not be made earlier because it was not until April 9, 1975 that the Presiding Judge accepted an amendment correcting a deficiency in the Katz escrow fund plan which the Board noted in its earlier opinion, *supra*, note 2. First Delaware indicated in its opposition pleading considered in that opinion that the $4,000,000 Katz escrow account would be available in the eevnt the Bank financing was not.

[Report No. 782]

COMMON CARRIER SERVICES INFORMATION

Domestic Public Radio Services Applications Accepted for Filing

DECEMBER 1, 1975.

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of these applications, if upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations or its policies.

Final action will not be taken on any of these applications earlier than 31 days following the date of this notice, except for radio applications not requiring a 30 day notice period (see § 309(c) of the Communications Act of 1934) or as otherwise noted. Unless specified to the contrary, comments or petitions may be filed concerning any of these applications within 30 days of the date of this notice.

In order for an application filed under Part 21 of the Commission's Rules (Domestic Public Radio Services) to be considered mutually exclusive with any other such application appearing herein, it must be substantially complete and tendered for filing by whichever date is earlier: (a) the close of business one business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which the subsequent application is in conflict) as having been accepted for filing. In common carrier radio services other than those listed under Part 21, the cut-off date for filing a mutually exclusive application is the close of business one business day preceding the day on which the previously filed application is designated for hearing. With limited exceptions, an application which is subsequently amended by a major change will be considered as a newly filed application for purposes of the cut-off rule. [See § 1.227(b)(3) and 21.30(b) of the Commission's Rules.]

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

20865–CD–P–76, Stark Communications Specialties (KFL957), C.P. for additional facilities to operate on 454.075 MHz (Base) at Loc. #2: 100' East of NW Corner of S.W. 3rd St. and S.W. 3rd Ave., Gainesville, Florida.

20866–CD–TC–(3)–76, Mobilfone of Northeastern Pennsylvania, Inc. Consent to Transfer of Control from Margaret Swartz Ehrhardt, Executrix of Estate of Ted Ehrhardt, Transferor, to Margaret Swartz Ehrhardt, Transferee. Stations: KGC400, KGC 404, KGI781—Scranton, Pennsylvania.

20867–CD–P–76, Airsignal International, Inc. KIF650), C.P. for additional facilities to operate on 72.96 MHz (Control) at Loc. #1: Atop Red Mountain, Birmingham, Alabama.

20868–CD–P–76, Caprock Communications, Inc. d.b.a. Caprock Radio Dispatch (KLB 513), C.P. for additional facilities to operate on 152.15 MHz (Base) at new Loc. #3: On Hwy. 62–180, 3 miles E of Carlsbad, New Mexico.

20869–CD–P–76, Airsignal International of Philadelphia Pennsylvania, Inc. (KGC223), C.P. for additional control facilities at new Loc. #7: Lewis Tower Bldg., 225 S. 15th Street, Philadelphia, Pennsylvania.

20870–CD–P–(2)–76, Pats Mobilefone, Inc. (New), C.P. for a new station to be operated on 152.06 and 152.21 MHz to be located 1.3 miles North of Waverly, Tennessee.

20871–CD–P–76, Metrotec, Inc. (KTS363), C.P. for additional facilities to operate on 35.22 MHz (Base) at new location #4: Hanna Bldg., 14th & Euclid, Cleveland, Ohio.

20872–CD–P–76, Radio Enterprises of Ohio, Inc. (KUS200), C.P. for additional facilities to be operated on 35.22 MHz at new Loc. #4: Hanna Bldg., 14th and Euclid, Cleveland, Ohio.

20873–CD–P–(17)–76, Philadelphia Mobile Telephone Company, Mobile Telephone Company of New Jersey, Penna. Radio Telephone Corp., Delaware Mobile Telephone Company, Vineland Mobile Telephone Company (New), C.P. for a new developmental Test station to operate on 454.075 MHz at the following locations:

1. East Domino Lane (WIBF) TV Tower, Philadelphia, Pennsylvania.
2. 103 Geiger Rd., Philadelphia, Pa.
3. 15th & Locust Sts., Philadelphia, Pa.
4. Street, Road, Lahaska, Pa.
5. Valley Hill Rd., 1000' from Rt. 401, Malvern, Pa.
6. 3rd and Market Sts., Oxford, Pa.
7. E. Cuthbert & MacArthur Blvd., Westmont, New Jersey.
8. 558 Ingram Ave., Trenton, New Jersey.
9. 2953 White Horse Pike, Egg Harbor City, New Jersey.
10. 0.55 mile West of Milmay, New Jersey.
11. Mt. Clement Avenue, Pine Hill, New Jersey.
12. Rt. 72—1.7 mile NW Intersection of Rt. 539, Barnegat, New Jersey.
13. South of Elm Rd. & West Orchard Rd., Vineland, New Jersey.

V40235 DEC 5 75 XUM

14. 1.2 mile SW of Roadstown adjacent to Chestnut Macanippuck Run, Stone Creek Township, New Jersey.
15. 0.8 mile N. of Salem, New Jersey.
16. ½ mile N. of Curtis Mill Rd. on Limestone Rd., Near Newark, Delaware.
17. Top of Mt. Penn, Reading, Pennsylvania.

20433–CD–ML–76, Central Radio Telephone, Inc. (KMM599), Mod. Lic. to add standby facilities to operate on 454.275 MHz (Base) at Loc. #2: 1100 El Camino Real, Mountain View, California.
20874–CD–P–(2)–76, Tel-Missouri, Inc. (KDN 396 & KRS636), C.P. for developmental fac. to operate on 72.94 MHz and 72.98 MHz (Control) to be located in St. Louis, Mo.

CORRECTION

20716–CD–P–76, Fresno Mobile Radio, Inc. (KMA830), Alder Springs, Colorado, Correct entry to read: C.P. for additional facilities to operate on 152.165 MHz. (Not a developmental authority.) All other particulars are to remain the same as reported on Public Notice #778, dated November 3, 1975.

INFORMATIVE

1. By Commission action of September 23, 1974, the First Report and Order in Docket 20490 was adopted.

2. Effective December 1, 1975, a new Section 21.11 of the rules will require all licensees, permittees and applicants in the Domestic Public Land Mobile Radio Service to file FCC Form 430 ("Common Carrier Radio Licensee Qualification Report").

3. The criteria for filing, pursuant to Section 21.11 is: (1) as required by other application forms; and (2) annually no later than January 31, for the preceding year, if service was provided to the public.

4. Since the present FCC Form 401 does not require the filing of FCC Form 430, new applicants can either attach a completed FC Form 430 or answer items #29, 30, 31, 32, 33, 34, 35, 36, 37 and 38 on the present FCC Form 401.

5. Once FC Form 430 has been filed and until such time as FCC Form 401 is revised to eliminate the duplicative information contained in these two forms, FCC Form 430 should be referenced in lieu of responding to the above listed items of the present FCC Form 401.

6. Copies of FCC Form 430 can be obtained by writing to:

Federal Communications Commission,
1919 M Street, N.W.,
Room B–10,
Washington, D.C. 20554.

Specifically request FCC Form 430 in your letter.

7. FCC Form 430 is not applicable to individual mobile subscribers or rural radio subscribers who have filed for their own license. It appears that the following applications may be mutually exclusive and subject to the Commission's Rules regarding Ex Parte presentations by reasons of potential electrical interference.

WASHINGTON/IDAHO, FREQUENCY: 454.250 AND 454.30 MHz, CALL SIGN AND FILE NUMBER

Pass Word, Inc., Mica Peak, Idaho, KMM697, 20604–CD–P–(2)–76.
Public Service Associates, Inc., Spokane, Washington, KWT894, 20239–CD–P–(3)–76.

WASHINGTON/IDAHO, FREQUENCY: 454.050 MHz, CALL SIGN AND FILE NUMBER

Rodney J. Bacon d.b.a. Coeur D'Alene Answering Service, Kellogg, Idaho, New, 20669–CD–P–76.
Public Service Associates, Inc., Spokane, Washington, KWT894, 20239–CD–P–(3)–76.

RURAL RADIO SERVICE

Correction

20205–CR–P/L–76 FRESNO MOBILE RADIO, INC. (New), Correct entry to read: C.P. and License for 158.625 MHz facilities. (Not a developmental authority). All other particulars are to remain the same as reported on Public Notice #778, dated November 3, 1975.

POINT-TO-POINT MICROWAVE RADIO SERVICE

1237–CF–MP–76, The Mountain States Telephone and Telegraph Company (KFC86), Roberry Hill, 9 miles SSW of Minersville, Utah. Lat. 38°06'00" N, Long. 113°00'50" W. Mod. of C.P. to eliminate passive repeater for frequency 2162.0V MHz toward Beaver, Utah on azimuth 59.00°.

1289–CF–P–76, Same, (KLU31), Jacksonville, Florida. Lat. 31°58'48" N., Long. 95°16'53" W. C.P. to replace transmitters on existing frequencies toward Palestine, Texas, on azimuth 237.14°.
1290–CF–P–76, Mountain Microwave Corp. (WQN64), Eagle Point, 12.0 Miles SSE of Sterling, Colorado. Lat. 40°28'48" N., Long. 103°05'08" W. C.P. to change polarity to 3736H MHz toward Haxtun, Colorado.
1291–CF–P–76, Same. (WQR99), Haxtun, 8.8 miles NNW of Crook, Colorado. Lat. 40°58'46" N., Long. 102° 53'55" W. C.P. to change polarity to 4010H MHz, 4090H MHz, 4170H MHz, 3990V MHz and 4070V MHz toward Eagle Point, Colorado.
1294–CF–MP–76, United Video, Inc. (WAS472), Tulsa, Oklahoma. Lat. 36°05'58" N., Long. 95°54'05" W. C.P. to replace transmitters on existing frequency toward Avant, Oklahoma.
1295–CF–MP–76, Same. (WAS473), 4.0 miles South of Avant, Oklahoma. Lat. 36°26'27" N., Long. 96°03'36" W. C.P. to add 6286.2V MHz toward Pawhuska, Oklahoma; and change polarity to 6286.2H MHz toward Bartlesville, Oklahoma.

MAJOR AMENDMENT

303–CF–P–75, Microwave Transmission Corporation. (WPF96), amended to add 11265H MHz toward Bald Ridge, California on azimuth 164°56' and 11505V MHz toward Stockton, California on azimuth 41°34', via power split. All other particulars same as reported by Public Notice dated May 26, 1975.
304–CF–P–75, Same, (WPG27), amended to add frequencies 11015V MHz & 11015H MHz via power split toward Salinas, California and Monument Peak, California, respective; and add 11055V MHz, via power split toward Watsonville, Calif., and Capitola, Calif.; and add 10655H MHz & 10935H MHz toward Escrito, Calif. All other particulars to remain same as reported in Public Notice dated May 26, 1975.

OLIVA BROADCASTING CO.

Memorandum Opinion and Order Enlarging Issues

In re application of Oliva Broadcasting Company, Ocilla, Georgia, for construction permit.

1. The application of Oliva Broadcasting Company (Oliva) for a construction permit for a new FM broadcast station to operate on channel 237A at Ocilla, Georgia, was filed on January 11, 1974, and was designated for hearing by the Chief of the Broadcast Bureau, acting pursuant to delegated authority, by Order, 39 FR 31552, published August 29, 1974. Now before the Review Board is a petition for leave to amend and for waiver, filed by Oliva on August 19, 1975,[1] which was certified to the Board by the Presiding Judge, by Memorandum Opinion and Order, FCC 75M–1492, released September 3, 1975.

2. Petitioner seeks to amend its application to specify channel 249A in lieu of channel 237A, and also seeks a waiver of Rule 73.207 to accommodate a short-spacing of 2.32 miles with Station WVOP–FM, channel 249A, Vidalia, Georgia.[2] According to Oliva, the tendered amendment is necessary to reflect the Commission's action in Docket No. 19551, assigning channel 249A to Ocilla in place

[1] Also before the Board is the Broadcast Bureau's opposition, filed August 28, 1975.
[2] Rule 73.207 requires that co-channel class A FM broadcast station transmitter sites be separated by at least 65 miles.

of channel 237A.[3] Oliva asserts that it petitioned the Commission for reconsideration of that action, and that it had alternatively requested a waiver of the channel spacing requirements (Rule 73.-207) to permit use of its proposed antenna site, the site of the existing tower of Station WSIZ(AM), a daytime only station licensed to Oliva. Petitioner states that its instant request is submitted pursuant to the Commission's ruling (in its denial of Oliva's petition for reconsideration) that "the appropriate forum for such relief is not here but in the application procedure." —— FCC 2d ——, 34 RR 2d 789, para. 10.

3. Oliva argues that at the time its application was filed, "the only proposal before the Commission in Docket 19551 involved the substitution of Channel 221 A for Channel 237A,"[4] and that this change "was acceptable to Oliva"; as a result, petitioner asserts that its application was filed "in good faith in reliance on Channel 237A or a satisfactory substitute channel remaining available." However, Oliva contends, the recently substituted channel 249A is not satisfactory unless a waiver is granted. Thus, Oliva contends that a failure to grant the requested waiver would be "manifestly unfair," and further submits that the alternative of specifying a new antenna site, instead of its existing AM tower site, is not practical since this would require construction of additional antenna and associated facilities. Moreover, Oliva alleges that a short-spacing of 2.32 miles, which is less than 3.6 percent (of the 65 mile separation required by Rule 73.207), is not significant, and that it should not adversely affect existing FM service in the immediate area. Finally, Oliva alleges that the public interest would be served by the waiver since its proposal would provide a first nighttime service to Ocilla.[5]

4. In opposition, the Broadcast Bureau asserts that the proffered amendment is defective in that its acceptance would render Oliva's application in violation of Rule 73.207.[6] In the Bureau's view, Oliva's claim that the requested 2.32 mile waiver would be *de minimis* is unsubstantiated and speculative, as is Oliva's claim that, absent a waiver, it is unlikely that channel 249A would otherwise be activated in Ocilla. According to the Bureau, in denying Oliva's petition for reconsideration the Commission expressly considered and rejected the contention that its action in assigning channel 249A to Ocilla in lieu of channel 221A or channel 237A was unfair. The Bureau argues that petitioner "may avoid the short-spacing problem" by merely specifying a new transmitter site.

5. The Review Board will grant Oliva's petition insofar as Oliva seeks leave to amend its application, and we shall accept the tendered amendment. In view of the issuance of the Commission's Second Report and Order changing the FM channel assignment for Ocilla subsequent to the designation of Oliva's application for hearing,[7] and in view of Oliva's attempt to obtain reconsideration of that Order, followed by the filing of the instant petition, we find that Oliva has exercised due diligence. In this connection, we note that although Oliva was on notice that a change in channel assignment might occur, it could not have known prior to designation for hearing whether an amendment would, in fact, eventually be necessary. In the circumstances of this single-applicant proceeding, we find that, even though the amendment would necessitate the addition of an issue, the proposed amendment would not unduly disrupt the orderly processes of the Commission's administrative function, and that, consequently, the customary showing of good cause has been demonstrated warranting its acceptance. *Cf. Circle L, Inc.*, 7 FCC 2d 494, 9 RR 2d 854 (1967).

6. Although the Board's acceptance herein of Oliva's tendered amendment removes the defect in Oliva's application with respect to the channel specified, the amended proposal apparently violates the requirements of Rule 73.207 in view of the short-spacing on channel 249A. The Board will not grant petitioner's request for waiver based merely upon allegations in the pleadings before us, but in light of the arguments advanced by Oliva, we are of the view that the applicant has made a showing sufficient to warrant the addition of an issue to determine whether a waiver should be granted.[8] Thus, Oliva has alleged that a grant of the requested waiver would not occasion any adverse effect on existing FM service, that the deviation from the spacing requirement of Rule 73.207 would be comparatively minor, and that grant would provide a first nighttime service to Ocilla. Moreover, aside from noting the equitable considerations raised by this proceeding,[9] petitioner also argues that it would be impractical to locate its proposed FM station's antenna elsewhere than at the applicant's existing AM site. Turning to Commission precedent we note that even in the absence of proof of unavailability of alternative sites, the Commission has granted a waiver where the proposed operation was not detrimental to the public interest, where it provided distinct benefits, and where there was no evidence of adverse effect on existing stations. See *Williams County Broadcasting System, Inc.*, FCC 73–366, 27 RR 2d 158 (1973). Moreover, the Commission has waived Section 73.207 of its Rules in numerous cases involving short-spacings of the magnitude involved herein where sufficient reasons were provided. See *e.g., Cover Broadcasting, Inc.*, FCC 73–208, 26 RR 2d 1227 (1973). Therefore, we shall add an issue to permit Oliva to present evidence to substantiate its allegations. See *United States* v. *Storer Broadcasting Company*, 351 U.S. 192, 13 RR 2161 (1956).

7. ACCORDINGLY, IT IS ORDERED, That the petition for leave to amend and for waiver, filed August 19, 1975, by Oliva Broadcasting Company, IS GRANTED to the extent indicated herein, and IS DENIED in all other respects; and

8. IT IS FURTHER ORDERED, That the amendment led on August 19, 1975, by Oliva Broadcasting Company IS ACCEPTED; and

9. IT IS FURTHER ORDERED, That the issues in this proceeding ARE ENLARGED to include the following:

To determine whether the proposal of Oliva Broadcasting Company violates the provisions of Section 73.207 of the Commission's Rules and, if so, whether good cause exists for waiver of the provisions of said Section;

10. And, IT IS FURTHER ORDERED, That the burdens of proceeding with the introduction of evidence and proof under the issue added herein SHALL BE on Oliva Broadcasting Company.

Adopted: November 10, 1975.

Released: November 13, 1975.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] VINCENT J. MULLINS,
Secretary.

[FR Doc.75–32801 Filed 12–4–75;8:45 am]

[3] *FM Channel Assignments*, Second Report and Order, 48 FCC 2d 1026, 31 RR 2d 546 (1974), reconsideration denied, —— FCC 2d ——, 34 RR 2d 789 (1975). The Second Report and Order was released by the Commission on September 24, 1974, subsequent to the designation of Oliva's application for hearing.
[4] The Notice of Proposed Rulemaking in Docket 19551 (37 FR 15320) proposed substitution of channel 221A for channel 237A. The Commission, in denying Oliva's petition for reconsideration, held that this constituted sufficient notice of the contemplated change, as required by the Administrative Procedure Act (5 USC § 553), and specifically rejected Oliva's contention to the contrary. —— FCC 2d ——, 34 RR 2d 789, para. 9.
[5] Oliva states that it would be precluded from obtaining nighttime operating authority for its AM station in Ocilla pursuant to *AM Station Assignment Standards*, 54 FCC 2d 1, 34 RR 2d 603 (1975).
[6] The Bureau recognizes that Oliva's application is now defective since it specifies a channel no longer assigned to its proposed community of license, but argues that the procedure chosen by the applicant is inappropriate. The Bureau suggests that more appropriate alternatives would be either to return to the processing line or to seek addition of a short-spacing issue.
[7] See footnote 3, *supra*.
[8] To warrant a waiver issue, an applicant must come forth with a public interest showing which, if true, would justify a waiver of the Rule. *United States* v. *Stores Broadcasting Company*, 351 U.S. 192, 13 RR 2161 (1956); *American Homes Stations, Inc.*, 6 FCC 2d 729, 9 RR 2d 431 (1967); *Capital Cities Broadcasting Corp. (WKBW–TV)*. FCC 65–448, 5 RR 2d 464 (1965).
[9] The Board also takes note of the unusual procedural history of this case. *Cf. Campbell and Sheftall*, FCC 65–481, 5 RR 2d 491 (1965), wherein a waiver was granted under some analogous circumstances.

V40235 DEC 5 75 XUM

[Docket Nos. 20635, 20636]

RED CARPET FLYING SERVICE AND MOUNTAIN AIR AVIATION, INC.

Order Designating Applications for Consolidated Hearing on Stated Issues

In re applications of Red Carpet Flying Service, Walla Walla, Washington; Mountain Air Aviation, Inc., Walla Walla, Washington, for an aeronautical advisory station to serve the Walla Walla City-County Airport, Walla Walla, Washington.

1. Red Carpet Flying Service (hereinafter called Red Carpet) and Mountain Aviation, Inc. (hereinafter called Mountain Air) have each filed a new application for authority to operate an aeronautical advisory station at the same airport. Since Section 87.251(a) of the Commission's rules provides that only one aeronautical advisory station may be authorized at a landing area, the above-captioned applications are mutually exclusive. Accordingly, it is necessary to designate the applications for comparative hearing in order to determine which application should be granted. Except for the issues specified herein, each applicant is otherwise qualified.

2. In view of the foregoing, IT IS ORDERED, That pursuant to the provisions of Section 309(e) of the Communications Act of 1934, as amended, and Section 0.331 of the Commission's rules, the above-captioned applications ARE HEREBY DESIGNATED FOR HEARING IN A CONSOLIDATED PROCEEDING at a time and place to be specified in a subsequent Order on the following comparative issues:

(a) to determine which applicant would provide the public with better aeronautical advisory service based on the following considerations:

(1) location of the fixed-base operation and proposed radio station in relation to the landing area and traffic patterns;

(2) hours of operation;

(3) personnel available to provide advisory service;

(4) experience of applicant and employees in aviation and aviation communications;

(5) ability to provide information pertaining to primary and secondary communications as specified in Section 87.257 of the Commission's rules.

(6) proposed radio system including control and dispatch points; and

(7) the availability of the radio facilities to other fixed-base operators.

(b) to determine in light of the evidence adduced on the foregoing issues which of the applications should be granted.

3. IT IS FURTHER ORDERED, That to avail themselves of an opportunity to be heard, Red Carpet and Mountain Air, pursuant to Section 1.221(c) of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this Order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date set for hearing and present evidence on the issues specified in this Order. Failure to file a written appearance within the time specified may result in dismissal of the application with prejudice.

Adopted: November 21, 1975.

Released: November 25, 1975.

[SEAL] CHARLES A. HIGGINBOTHAM,
Chief, Safety and Special Radio Services Bureau.

SCHOOL ASSISTANCE

Federally Affected Areas

V 40 235 DEC 5 75 XUM

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

[45 CFR Part 115]

SCHOOL ASSISTANCE IN FEDERALLY AFFECTED AREAS

Notice of Proposed Rulemaking

Pursuant to the authority contained in sections 2, 3, 4, 5, and 403(11) of Pub. L. 81-874 (20 U.S.C. 238, 239, 240, 244 (11)), and section 305(b)(2) of Pub. L. 93-380, the Commissioner of Education, with the approval of the Secretary of Health, Education, and Welfare, proposes to amend Title 45 Part 115 of the Code of Federal Regulations by amending §§ 115.3, 115.11 and 115.30 and by revising subpart C to read as set forth below.

1. *Program purpose.* The purpose of sections 2, 3, 4, and 5 of Pub. L. 81-874 is to provide assistance for local educational agencies in areas affected by Federal activities. Section 2 provides for entitlements based on the acquisition by the United States of property situated within a local educational agency. Section 3 provides for establishment of basic entitlements for local educational agencies depending generally upon the number of federally-connected children in attendance at the schools of such agencies. Section 4 provides for entitlements based on sudden and substantial increases in attendance in local educational agencies as a direct result of activities of the United States (carried on either directly or through a contractor). Section 5 provides for payments to local educational agencies on the basis of entitlements under sections 2, 3, and 4 of the Act, with special provision made when there are insufficient appropriations available to pay agencies at full entitlement. Section 305(b)(2) of Pub. L. 93-380 sets forth four savings clauses designed to reduce the impact of changes in Pub. L. 81-874 entitlements for local educational agencies made by the Educational Amendments of 1974 and to offset substantial reductions in impact aid funds for those agencies affected by military base closings announced after April 16, 1973. The text of Pub. L. 81-874, as amended, together with the "savings clauses" or "hold harmless" provisions of Pub. L. 93-380, are set forth in Appendix A to the proposed rule for the convenience of the reader.

2. *Effect of Pub. L. 93-380.* (a) *Amendments to section 3.* The amendments to section 3 of Pub. L. 81-874 made by Pub. L. 93-380 (effective for fiscal year 1976 and thereafter) create subcategories for "A" and "B" category children which are used in computing various amounts to which local educational agencies are entitled, establish an increased entitlement (at a rate of 150 per cent) for any part of section 3 entitlement with respect to handicapped children or children with specific learning disabilities whose parents are on active duty in the uniformed services, and provide that, for purposes of computing entitlements, all children living on Indian lands are to be considered in the same subcategory as "A" children whose parents are in the uniformed services. The amendments exclude from consideration for entitlement children of civilians employed on Federal property in a State other than the State in which the local educational agency is located and authorize the Commissioner to make all determinations with respect to numbers of eligible children under section 3 of Pub. L. 81-874 on the basis of estimates whenever actual satisfactory data are not available. In amending the manner by which entitlements are calculated, amended section 3(d) of Pub. L. 81-874 provides for the calculation as set forth in the following table:

Category of federally connected child	Percentage of local contribution rate to be paid under—	
	Previous authorizing law	Public Law 93-380 amendment
A—LEA (25 pct "A"+)	100	100
"A" category children (military and Indian children)	100	100
"A" category children (civilian)	100	90
"B" category (military)	50	50
"B" category (civilian, in county)	50	45
"B" category (civilian, out of county)	50	40

As regards increased entitlements owing to handicapped children of military personnel under section 3(d)(2)(C), further provision is made that these children must be in a program provided by the local educational agency which is designed to meet the special educational and related needs of such children, and that the Commissioner shall promulgate regulations to assure that the programs are of sufficient size, scope and quality to give reasonable promise of substantial progress toward meeting those needs.

(b) *Amendment to section 5.* The amendment to section 5 of Pub. L. 81-874 adopts a new method of calculating payments if appropriations for this act are insufficient to fully satisfy the amounts to which local educational agencies are entitled. The amendment also creates an exception to prohibiting States from taking Pub. L. 81-874 payments into account in determining eligibility for, or the amount of, State aid to local educational agencies for free public education, provides that payments related to children residing on, or residing with a parent employed on low-rent public housing property, are to be used for special programs and projects designed to meet the special educational needs of educationally deprived children from low income families, and further provides that payments attributable to increased entitlements under section 3 on the basis of handicapped children of uniformed services personnel must be used for special educational programs designed to meet the special educational needs of these children. The new method of payment (controlling the distribution of funds when appropriations are insufficient to satisfy all entitlements) establishes a graduated scale of payments, which may be illustrated by the following table:

Category of children	Percentage of entitlement paid under—		Combined percentage of entitlements paid under pars. (1) and (2)
	Par. (1) of sec. 5(c)	Par. (2) of sec. 5(c)	
A+ districts (districts with more than 25 pct "A" children	25	75	100
"A" category military and Indian children	25	65	90
"A" category civilian	25	63	88
"B" category military	25	35	60
"B" category civilian (in county)	25	32	57
"B" category civilian (out of county)	25	28	53

Further provision is made in the amendment that payments under paragraph (2) may not be made unless (a) all payments have been made under paragraph (1), and (b) all payments will be made in full under paragraph (2). The exception to the prohibition against States' consideration of Pub. L. 81-874 funds in admistering State aid has been dealt with separately in the notice of proposed rulemaking published in the FEDERAL REGISTER on May 1, 1975 (40 FR 17114-19118).

(c) *Savings clauses.* (1) The first savings clause of section 305(b)(2), Pub. L. 93-380 is general in nature, except for a specific provision providing a transitional eligibility factor regarding decreases in or cessation of Federal activities. This savings clause provides that, if payments under section 3 of Pub. L. 81-874 constitute not less than 10 per cent of the current expenditures of a local educational agency for the fiscal year ending prior to June 30, 1973, the amount of the payment to that agency on the basis of its section 3 entitlement shall not be less than 90 per cent of its previous year's payment for each such year. If the Pub. L. 81-874 payments do not constitute at least 10 percent of the current expenditures of the agency, the agency is guaranteed 80 percent of its previous year's payment. This part of the first savings clause is subject, however, to special language, which requires a line item appropriation for its funding, or, in the absence of an appropriation, submission of a report to appropriate Congressional committees detailing the amounts necessary to satisfy the savings clause provisions, which shall constitute a budget estimate within the meaning of 31 U.S.C. 11(a)(5).

(2) The second savings clause in section 305(b)(2) of Pub. L. 93-380 provides a manner of phase-out of Federal assistance for local educational agencies experiencing certain decreases in attendance related to reductions in or cessa-

tions of military installations in the United States announced after April 16, 1973.

(3) The third savings clause provides that, if the number of children who reside with parents employed on Federal property in a State or in a county other than the State or county in which the school district of the agency is located constitute more than 10 percent of the total number of category "B" children in that agency, then the entitlement which that agency has for category "B" children shall not be less than 90 percent of the payment it received for those children during the preceding year. This is designed to lessen the impact of LEAs affected by the elimination of 3 entitlements based on "out-of-State" "B" children and the reduction in entitlements for "out-of-county" children.

(4) The fourth savings clause is designed to offset the reduction in payments caused by the mandated payment of entitlements for children in low-rent public housing. The Commissioner must determine the amount a school district would receive for a fiscal year on the basis of the appropriations available if no payments were made with respect to children in low-rent public housing and the amount that school district actually receives with those payments included. If the first amount is greater than the second, the school district is paid the difference. This provision also contains language concerning special appropriations like that contained in the first savings clause discussed above.

3. *Scope of proposed rules.* The proposed amendments and revisions set forth below encompass the following: minor revision of the method of computing the Federally connected ADA as set forth in the definitions section part 115 (§ 115.3(e)(f)); addition of the term "county" to the same definitions section (§ 115.3(p)); additions to subpart C relating to the special savings clauses under Pub. L. 93-380 (§ 115.27) entitlements related to handicapped children of uniformed services personnel (§ 115.28) and entitlements related to low-rent public housing children (§ 115.29); revision of sections in subpart C concerning payments under section 3 when the percentage eligibility requirement is not met (§ 115.21); entitlements under amended section 3(e) (§ 115.22); and reduction of financial assistance under section 2, 3, and 4 of the Act due to insufficient appropriations (§ 115.25). Certain sections of Part 115 are being republished herein without any major change being made other than revision of references to the Act to reflect statutory changes and renumeration of a regulatory section in one instance. These sections concern the following: final filing date for applications (§ 115.11(g)); changes in boundaries, classification, and governing authority of applicants (§ 115.20); payments under section 4(a) of the Act (§ 115.23); election under section 4(c) of the Act (§ 115.24); failure or refusal of a local educational agency to educate children living on Federal property (§ 115.26); and determination of generally comparable local educational agencies (§ 115.30(a)(10), (b)(2)(iii)). As mentioned above, the proposed regulations published herein do not treat the matter of the prohibition against States' consideration of Pub. L. 81-874 payments in the administration of State aid (section 5(d)(2) of the Act).

4. *Major amendments to regulations.*

A. *Definition of "county".* The term "county" has been defined in proposed § 115.3(p) to include municipalities and other political subdivisions of a State that are not considered part of a county by the Secretary of Commerce in compiling data on counties. This extension of the definition set forth in the Act in section 403(11) was deemed necessary in light of unusual circumstances relating to some school districts which are not situated jurisdictionally within a county but lie solely within the boundaries of a jurisdiction separate from any county. The need to establish a rule for such cases is occasioned by amendments to sections 3 (see sections 3(b)(2) and 3(d)(1)(B)(iv) and (v)) and 5 (see section 5(c)(2)(E) and (F)) of Pub. L. 81-874 which make distinctions in entitlement and payment on the basis of "B" children residing with a parent employed on Federal property either within or without the same county in which the school district of attendance is situated. Thus, a child who attended school in a municipality not considered part of a county by the Secretary of Commerce and whose parent was employed on Federal property outside the municipality would be considered as a "B out-of-county" for purposes of computing entitlement and payment under sections 3 and 5.

B. *Continuation of eligibility when 3 per centum requirement not met.* Under section 3(c)(1) of Pub. L. 81-874 a local educational agency will not be eligible to receive a payment unless the number of children determined under sections 3(a) and 3(b) equals at least: (1) four hundred, or (2) 3 per centum of the total average daily attendance figure for the agency during the year of application for assistance. Under section 3(c)(2)(A)(ii) of the Act, the agency will be permitted to continue to be eligible for an entitlement for two succeeding fiscal years if it fails to meet the 3 per centum requirement during any year after it had previously met the requirement. Proposed § 115.21 sets forth the statutory basis for the application of section 3(c)(2)(A)(ii), specifies a limitation on the entitlement computation for the second year of continued eligibility under that section, and provides for the application of the section to a situation where an applicant agency was not in existence either one or both of the two fiscal years prior to its application, or where an applicant with a timely filed application is absorbed by a successor local educational agency in a school district reorganization. Furthermore, proposed § 115.21(e) references section 305(b)(2)(A) of Pub. L. 93-380 as governing the case of any local educational agency which met the 3 percent requirement prior to July 1, 1975 but which fails to meet it prior to July 1, 1977. (This section of Pub. L. 93-380 is dealt with in further detail below in proposed § 115.27(b)).

C. *Section 3(e), Pub. L. 81-874.* Section 3(e) of Pub. L. 81-874 provides for adjustments to entitlements for reductions in number of "A" or "B" children resulting from a decrease or cessation of Federal activities within the State in which the local educational agency is located. Section 3(e) further requires that: (1) The number of "A" and "B" children for the school district be more than 90 percent of the number of these children for the school district during the previous fiscal year; and (2) the decrease or cessation of Federal activities result in a substantial decrease in the number of "A" and "B" children with respect to the school district. Proposed § 115.22 sets forth the basic provisions of section 3(e) and establishes how the Commissioner shall make determinations under these provisions. In proposed § 115.22(b)(1), a procedure is set forth calculating whether the number of "A" and "B" children is less than 90 percent of the previous year's number. In proposed § 115(b)(2), the term "substantial decrease" is deemed to be 3 percent of the current year's total ADA and at least 10 in number. This is consistent with the interpretation given the same term under the regulation previously in effect relating to the same situation. Proposed § 115.22(b)(3) would require that an applicant school district identify the particular decrease or cessation of Federal activity which occurred within the State in which the district is situated and which resulted in the "substantial decrease" in the number of "A" and "B" children. Furthermore, the school district must obtain certification of this decrease or cessation from the Federal agency involved in the activity. Thus, not only would a school district have to experience a reduction in number of more than 10 percent of "A" and "B" children but it would have to substantiate that, of the number in reduction, a number equal to at least 10 children and 3 percent of the total current ADA resulted from an identifiable decrease or cessation of a Federal activity within the same State.

D. *Reduced payments because of insufficient appropriations.* As mentioned above, section 5 of Pub. L. 81-874 sets forth a schedule of payments when appropriations are insufficient to pay all entitlements in full. Proposed § 115.25(a) references this section of the Act and describes the procedure determining payments in such a circumstance. Proposed § 115.25(b) provides that, where part of an entitlement is attributable to low-rent public housing children, that part shall not be paid under section 5(c)(2) of the Act. This special treatment is made necessary by the provision of section 5(e) of the Act, which requires a determination by the Commissioner of that part of an entitlement attributable to the number of "A" or "B" low-rent public housing children, and which further provides that that part of the entitlement for a local educational agency shall not be allocated or paid under section 5(c)(2) of

V40235 DEC 5 75 D XUM

the Act. In analyzing the application of section 5(e) to section 5(c)(2), a question arose as to how entitlements related to an "A" child whose "A" status was due in part to residing in or residing with a parent employed on low-rent public housing and in part to some other subcategory, were to be treated. Two possible interpretations were considered. The first would have treated that part of any entitlements attributable in whole or in part to low-rent public housing children as entirely attributable to such a classification. Under this interpretation, no part of any entitlement which was in any manner so attributable would be allocated or paid under section 5(c)(2). The second interpretation considered was that, since the part of an "A" low-rent public housing child could be viewed as generally representing half of the "A" status entitlement, it was that part of the entitlement which Congress sought to have excluded from payment under section 5(c)(2). The first interpretation was chosen because it is believed to most nearly reflect the wording of section 5(e) as well as to fulfill the Congressional intent that any part of an entitlement connected to low-rent public housing not be paid under section 5(c)(2).

E. Savings clauses under Pub. L. 93–380. As indicated above there are four special savings clauses affecting Pub. L. 81–874 contained in Pub. L. 93–380. These savings clauses are not part of Pub. L. 81–874 but have a direct bearing on the entitlements and payments of local educational agencies under that Act. Proposed § 115.27 references these savings clauses and sets forth further provisions deemed necessary to implement and clarify them. Proposed § 115.27(b) deals with section 305(b)(2)(A) of Pub. L. 93–380 and provides: A local educational agency must be eligible for section 3 Pub. L. 81–874 entitlement in order to be eligible for payment under this savings clause (§ 115.27(b)(1)); a local educational agency which fails to meet the 3 per centum requirement for eligibility for an entitlement, but whose eligibility is continued by the operation of the second sentence of section 305(b)(2)(A)(i) of Pub. L. 93–380, shall be eligible for a payment under this savings clause but shall be subject nevertheless to the restriction on the payment for the second year of continued eligibility contained therein (§ 115.27(b)(2)); and payments made on the basis of the second sentence of section 305(b)(2)(A)(i) are to be paid from regular appropriations (§ 115.27(b)(3)). Proposed § 115.27(c) references section 305(b)(2)(B) of Pub. L. 93–380 and sets forth a method of computing the actual decrease in number of federally-connected children for this clause (§ 115.27(c)(1)). This repeats § 115.27(b) currently in effect and adds a clarifying provision as to how to apply the resulting number under the statutory requirements. It is further provided that there must be a direct relationship between the decrease in the number of federally-connected children and an announced decrease or cessation of Federal activities on a military installation in the same State in which the applicant is situated. In this regard, it is provided that the announcement of decrease or cessation must be an official announcement or order by the Federal agency engaged in the activity thereby affected and that, for the purposes of this clause, "military installation" means a facility, camp, or base operated by or under the jurisdiction of one of the branches of the Armed Forces (§ 115.27(b)(6)).

Proposed § 115.27(d) references section 305(b)(2)(C) of Pub. L. 93–380 and sets forth a method for determining whether the number of "out of county" and "out of State" "B" children is at least 10 per centum of the total number of "B" children. In proposed § 115.27(e) relating to section 305(b)(2)(D) of Pub. L. 93–380, it is provided that the Commissioner may use estimated entitlements and payments for calculating the amount of appropriations that would be required to satisfy this savings clause.

F. Handicapped children of uniformed services personnel. Proposed § 115.28 sets forth provisions affecting the determinations for increased entitlements under section 3(d)(2)(C) of the Act and the use of funds attributable to payments thereunder. Certain terms such as "handicapped children" and "children with specific learning disabilities" are defined in proposed § 115.28(a). Eligibility requirements for counting children for these purposes are that such children must have a parent on active duty in the uniformed services and must be receiving services suited to their educational and related needs on the basis of the statutory requirements for these services (§ 115.28(c)). It is further provided in proposed § 115.28(d) that the furnishing of these services must result in the school district spending more money for handicapped children and children with specific learning disabilities than the average amount expended for non-handicapped children and spending in excess in an amount equal at least to the amount provided by the operation of this section. In considering how much is expended by a school district on these programs, all amounts, no matter what the governmental source, are to be counted. Thus, for the purposes of this proposed regulation, other Federal funds may be considered in computing average per pupil expenditures. However, this would not permit a reduction in State or local effort for handicapped children where otherwise prohibited by law. Furthermore, payments under Pub. L. 81–874 attributable to this special increase to entitlements may not be taken into consideration by a State in determining eligibility for or the amount of State aid since they are "categorical" and not general aid funds.

The proposed regulation states that, in determining whether programs for children counted under this provision would meet the statutory requirement of being of "sufficient size, scope and quality as to give reasonable promise of substantial progress toward meeting the special educational and related needs of such children," the standards of the State in which the local educational agency is situated would apply (§ 115.28(f)(1)). However, these State standards must conform to the additional State plan policies and procedures established under section 613(b) of the Education of the Handicapped Act (§ 115.28(f)). The Office of Education feels that it should not require more of programs for these children than is required under other federally-assisted programs for such children. Applicants seeking to count children under this provision would be required under proposed § 115.28(f) to submit an assurance that such children were receiving appropriate services and this assurance would have to be certified by the division in the State educational agency charged with the supervision of the programs under local auspices. Thus, in certifying programs which would provide services for children counted under this provision of Pub. L. 81–874, each State shall apply its own standards for the programs as long as the State has complied with the requirements of section 613(b) of the Education of the Handicapped Act.

G. Low-rent public housing. Proposed § 115.29 sets forth requirements to ensure that payments under Pub. L. 81–874 based on the number of children residing on, or residing with a parent employed on, low-rent public housing, as determined under section 5(e) of such Act, are used for special programs and projects designed to meet the special educational needs of educationally deprived children from low income families, as required under such section.

In proposed § 115.29(b) an order of priority for the use of such funds is established. Payments under this provision are to be used for Title I, ESEA, programs and projects that would be diminished or discontinued because of the new Title I allocation formula adopted under Pub. L. 93–380, where it is practicable to do so, or to provide Title I programs and projects in eligible Title I areas which otherwise would be unfunded. Second, if the above needs have been fully met, the funds may be used to provide Title I type programs for educationally deprived children from low-income families in attendance areas of the local educational agency that do not meet the eligibility requirements under Title I, ESEA. The use of these funds to further Title I purposes is prescribed in the legislative history of the provisions (see Sen. Rep. 93–1026, 162 (1974)).

In administering the grant of funds under section 5(e), the Office of Education plans to utilize the personnel and organizational structure already involved in the provision of Title I type services in order to avoid a duplication of administrative functions. However, the actual award of grant funds will be the responsibility of the Division of School Assistance in Federally Affected Areas. A local educational agency applicant will be required to make application for the release of the funds through the State educational agency and will be required to provide the Office of Education with a certification from the State agency that the use of section 5(e) funds

by the applicant would conform to both Pub. L. 81–874 and applicable Title I requirements. The scope of "applicable Title I requirements" has been left unspecified in the proposed regulation (§ 115.29(d)). In the final regulation it is anticipated that more specific mention of non-applicable sections of the statute and regulations may be made. (For example, proposed sections 116.4(b), 116.17–116.20, 116.36(a), 116a.3–116a.10, 116a.12–116a.14 and 116a.9(a) as contained in the Notice of Proposed Rulemaking for Title I, ESEA, published in the FEDERAL REGISTER on March 11, 1975 at 40 FR 11472 have been considered as possibly inappropriate. Interested parties should address themselves to the Notice of Proposed Rulemaking in considering the appropriateness of the aforementioned regulatory sections and any other Title I regulations as requirements pertinent to the use of these Pub. L. 81–874 funds.) Proposed § 115.29(e)(1) would provide that the applicant must obtain and submit to the Commissioner an assurance from the certifying State agency that any nonconforming use of the funds by an applicant of which the State has knowledge will be reported to the Commissioner, who shall take such action as is deemed appropriate. Since it is expected that almost all of these funds will be used in Title I eligible areas, the State, in monitoring Title I programs and projects, will be in position to observe the use of these funds in conjunction with Title I programs and projects. Similarly, in conducting periodic Title I audits, the Department of Health, Education and Welfare would examine the use of these funds in such Title I areas in addition to any specific audits focused on section 5(e) funds. Comments are particularly invited on the role of the State educational agency in the monitoring of the use of these funds and the manner in which that role could be accomplished. Two possible ways State monitoring could be accomplished that have been suggested are through the regular State Title I monitoring component or by means of special service contracts between the Office of Education and the State agencies.

A further condition regarding the use of the section 5(e) funds is that these funds must remain identifiable for accountability purposes (§ 115.29(c)). Finally, States will not be permitted to take these Pub. L. 81–874 funds into consideration in any determination of State aid for local educational agencies receiving such funds (§ 115.29(f)).

5. Citations of legal authority. As required by section 431(a) of the General Education Provisions Act (20 U.S.C. 1232(A)) a citation of statutory or other legal authority for each section of the regulations has been placed in parentheses on the line following the text of each section. On occasion, a citation appears at the end of a subdivision that appears in that section above the citation. When the citation appears only at the end of the section, it applies to the entire section.

6. Opportunity for public comment. Parties interested in commenting on the published materials should submit comments to the Office of Education, 400 Maryland Ave. SW., Room 2107a, Washington, D.C. 20202, Attention: Mr. William Stormer. All relevant material received on or before January 5, 1976 will be considered. Comments and suggestions submitted in writing will be available for review in the above office between the hours of 8:30 a.m. and 4 p.m. Monday through Friday of each week.

(Catalog of Federal Domestic Assistance No. 13.478, School Assistance in Federally Affected Areas—Maintenance and Operation)

Dated: October 8, 1975.

T. H. BELL,
U.S. Commissioner of Education.

Approved: November 21, 1975.

MARJORIE LYNCH,
Acting Secretary of Health, Education, and Welfare.

Part 115 of Title 45 of the Code of Federal Regulations is amended as follows:

1. Section 115.3 is amended by revising paragraphs (e) and (f) and by adding paragraph (p) to read as follows:

§ 115.3 Definitions.

* * * * *

(e) "Average daily attendance of federally-connected pupils" in each pertinent category of federally-connected children (sections 3(a), 3(b), and 4(a)) means the number determined in accordance with section 403(10) of the Act in the manner described in this paragraph. At the option of the applicant, a second membership count may be made as set forth in paragraph (f) of this section.

(1) At some specific date not earlier than the fourth day of the legal school session of the regular school year and prior to the cutoff date for filing Form RSF–1, a membership count of all pupils claimed in the various federally-connected categories must be made either by:

(i) Conducting a parent-pupil survey to determine the parent's employment or active duty assignment in the uniformed services and the child's residence on Federal property; or by

(ii) Obtaining certifications from the various employers and the appropriate housing officials as to the employment of the parents of the children claimed or residence of the children on the specific date involved. A membership count of all pupils must be made as of this specific date, which is to constitute the official membership report of the applicant local educational agency for that date.

(2) The average daily attendance (hereinafter referred to as (ADA)) of federally-connected pupils shall then be obtained in the following manner.

(i) For the purposes of the application OE Form 4019 (Form RSF–1), the membership in the first count of each subcategory shall be multiplied by the ratio of total ADA to the date of the membership count to the total membership as reported in the official membership and ADA report of the applicant district for the reporting period; and

(ii) For the purposes of the final report OE Form 4037 (Form RSF–3) the membership of each subcategory shall be multiplied by the ratio of the total ADA for the period July 1 to the following June 30 to the total membership. This total ADA shall include ADA based upon free public education provided in summer school as determined in accordance with State law.

(20 U.S.C. 283(2)(b), 239(a), 244(10))

(f) "Average daily attendance of federally-connected pupils when determined by two counts of all pupils" means the number determined in the manner described in this paragraph.

(1) First count of membership of each category of federally-connected children must be made as described in paragraph (e) of this section. At the option of the applicant, a second count of membership may be made at a later date during the last quarter of the regular school year and uniformly for the entire local educational agency.

(2) A membership count of all pupils, made as of the same dates as the counts of federally-connected children, will constitute the official membership report of the applicant school district for those dates.

(3) The total membership for each count shall be added and the sum divided by two to compute an average total membership for both counts.

(4) The total federally-connected membership for each subcategory for both counts shall be added and the sum divided by two to compute an average federally connected membership for each subcategory.

(5) The total ADA for the period July 1 to the following June 30 shall be divided by the average total membership obtained in paragraph (3) to obtain the ratio of ADA to membership.

(6) For the purposes of the final report OE Form 4037 (Form RSF–3), the average membership of each subcategory for both membership counts shall be multiplied by the ratio of the total ADA to the average total membership. This total ADA shall include ADA based upon free public education provided in summer school as determined in accordance with State law.

(20 U.S.C. 238(a)(b), 239(a), 244(10))

* * * * *

(p) "County" means, for the purpose of computing entitlement under section 3 of the Act and payments under section 5 of the Act as well as for the purposes of this part, those divisions of a State utilized by the Secretary of Commerce in compiling and reporting data regarding counties, subject to the qualifications set forth below:

(1) Where a municipality or other political subdivision of a State is not treated as part of a county by the Secretary of Commerce in compiling and reporting data regarding counties, the term

V40235D
DEC 5 75
XUM

"county" as used in this part shall also mean those municipalities and other political subdivisions; and

(2) Where a local educational agency is situated in more than one county, the phrase "in the county in which the school district of such agency is located" shall include any county in which the local educational agency is situated in whole or in part.

(20 U.S.C. 233(a)(b) and note; 20 U.S.C. 244(11); 88 Stat. 534)

2. Section 115.11 is amended by revising paragraph (g) to read as follows:

§ 115.11 Final date for filing applications.

* * * * *

(g) A timely filed application may be amended to apply for additional or alternative financial assistance under sections 3(d)(2)(B), 3(d)(3)(B)(ii), 3(e) or section 4(d) of the Act, or section 305(b)(2) of Pub. L. 93-380, if such an amendment is:

(1) Filed no later than September 30 of the fiscal year following that for which assistance is sought; and

(2) Accompanied by a detailed statement setting forth the basis of the claim and a justification for the requested entitlement.

(20 U.S.C. 240(a)(1))

3. Part 115 is amended by revising subpart C to read as follows:

Subpart C—Payments

Sec.

115.20 Changes in boundaries, classification, and governing authority of applicants.
115.21 Payments under section 3 when percentage eligibility requirement is not met.
115.22 Entitlements under section 3(e).
115.23 Payments under section 4(a).
115.24 Election under section 4(c).
115.25 Reduction of financial assistance under sections 2, 3, and 4 due to insufficient appropriations.
115.26 Failure or refusal of a local educational agency to educate children living on Federal property.
115.27 Adjustments to entitlement related to special savings clauses under Pub. L. 93-380.
115.28 Entitlements related to handicapped children of uniformed services personnel.
115.29 Entitlements related to low-rent public housing.

AUTHORITY: 20 U.S.C. 238-240, 244(11).

Subpart C—Payments

§ 115.20 Changes in boundaries, classification, and governing authority of applicants.

(a) If the applicant is a party to any merger, consolidation, annexation, deconsolidation, or other similar action which may affect its boundaries, identity, governing authority, classification, or control, it shall notify the Commissioner as soon as practicable of the effective date of that action, its extent and character, and the legal authority under which the action was or is to be effected. This notification must include the following information:

(1) The effective date of change in boundaries or organization, for all purposes, including administrative and fiscal;

(2) Identification by name, district, number and address of all former agencies involved and the application number for each applicant involved in any change;

(3) A statement describing the specific type of change, with a citation of the section or sections of the State law under which the change was accomplished;

(4) The legal name of the resulting successor agency (even if the name and legal classification of the applicant agency are retained after a change);

(5) A statement whether assets and liabilities of the former agency or agencies have been transferred to the successor agency, or whether a settlement agreement has been made and, if so, the effective date of this action;

(6) A statement whether a new board of education has or will assume control and management of the successor agency and, if so, the effective date; and

(7) The name and address of the authorized representative for purposes of the Act, who shall be duly designated by the governing body of the successor agency. Evidence of this official designation must be submitted in the form of a copy of the resolution duly recorded in the minutes of the proceedings of the governing body.

(b) A local educational agency shall not be entitled to any payment on the basis of an application under sections 3 or 4 of the Act (except as provided in paragraph (c) of this section) if:

(1) The change in the organization of the local educational agency is effective within the fiscal year covered by the application and occurs prior to the close of the regular school term of that year; and

(2) The local educational agency thereby ceases to be a legally constituted local educational agency. However, except as provided in § 115.21(d), a local educational agency which assumes administrative control and direction of free public education in all or a portion of the area of the previously existing applicant, may (if it is not already an applicant under the section involved or if it files an application in accordance with § 115.11(d)) have its entitlement under section 3(d)(1) or 4(a)(1) of the Act for the entire fiscal year determined by either of the following, whichever is more favorable to it:

(i) On the basis of the entire area under its jurisdiction on the last day of that year; or

(ii) On the basis only of the area acquired by the local educational agency from the previously existing local educational agency, except that the latter basis may only be used:

(A) For an application under section 3 of the Act for which a favorable finding has been made (or would have been made in due course but for the change in district organization) on the basis of the estimates required under section 3(c)(1) of the Act with respect to the previously existing agency; and

(B) For an application under section 4 of the Act for which such a favorable finding has been made (or would have been made in due course but for the change in district organization) under section 4(a)(1).

(c) Any payment made to a local educational agency prior to the date on which the first sentence of paragraph (b) to this section became applicable to it must be repaid to the United States except to the extent that:

(1) It is accounted for by the adjustments made in the entitlements of any successor applicant local educational agency pursuant to either paragraph (b) of this section or paragraph (d) of § 115.21; and

(2) Any balance remaining is found by the Commissioner not to be in excess of the amount to which the pre-existing local educational agency would have become entitled on the basis of the number of federally-connected children:

(i) Who were not covered by any other application; and

(ii) To whom free public education was provided by the previously existing local educational agency or by any successor non-applicant local educational agency.

(20 U.S.C. 237(c), 244(6)(A))

§ 115.21 Payments under section 3 when percentage eligibility requirement is not met.

(a) Pursuant to the exception provided in section 3(c)(2)(A)(ii) of the Act, an applicant shall continue to be eligible for payment under the Act, even if it fails to meet the 3 per centum eligibility requirement of section 3(c)(1)(B) of the Act, for two years following any fiscal year in which it met such requirement and was entitled to a payment under section 3.

(b) The number of children determined by the Commissioner for the purpose of establishing the amount of entitlement under section 3 in the second fiscal year of the two-year period specified in paragraph (a) shall not exceed 50 per centum of the number of these children so determined for the last fiscal year during which the applicant met the eligibility requirement of section 3(c)(1)(B) of the Act.

(c) If an applicant local educational agency was not in existence in either one or both of the two fiscal years preceding that for which application is made, that agency may nevertheless receive the benefit of the provisions of paragraph (a) of this section if that agency is:

(1) Composed only of territory which was formerly included in a predecessor agency or agencies which met the percentage eligibility requirement contained in section 3(c)(1)(B) of the Act; and

(2) The predecessor agency or agencies received a net payment under section 3 of the Act for the fiscal year two years or immediately prior to that for which application is made.

(20 U.S.C. 238(c)(2)(A)(ii))

(d) If any local educational agency which had filed an application in a timely manner under section 3 of the Act and was entitled to payment by virtue of paragraph (a) or (b) of this section ceases to be a legally constituted local educational agency as a result of a district reorganization which is effective prior to the close of the regular school term within the fiscal year covered by the application (thereby becoming subject to the provisions of § 115.20(b)), a successor local educational agency which:

(1) Files an application in accordance with § 115.11(d) (unless already an applicant under section 3); and

(2) Assumes administrative control and direction of free public education in all or a portion of the area of the previously existing applicant prior to the close of that applicant's regular school term, shall be entitled to have its application processed on the basis of the:

(i) Area acquired from the previously existing local educational agency, and

(ii) Rights of that agency, without regard to the 3 percent requirement, subject to appropriate adjustment on account of payments made to the previously existing local educational agency.

(20 U.S.C. 238, 244(6)(A))

(e) Section 305(b)(2)(A) of Pub. L. 93-380 shall govern the case of any local educational agency eligible prior to July 1, 1975 for a payment under section 3 of the Act by reason of the 3 per centum requirement in clause (b) of section 3(c)(2) of the Act as in effect prior to July 1, 1975, but which fails to meet this requirement in any fiscal year ending prior to July 1, 1977.

(88 Stat. 553; Sen. Rep. No. 93-763, 205)

§ 115.22 Entitlements under section 3(e).

(a) On the basis of determinations provided by section 3(e) of the Act with respect to reductions in the number of children to whom sections 3(a) and 3(b) of the Act apply, the amount to which an applicant is entitled for the fiscal year in which the determinations are made and for any of the three succeeding fiscal years shall not be less than 90 per centum of the amount to which the applicant was entitled under section 3 of the Act for the preceding fiscal year.

(b) With reference to eligibility determinations under section 3(e):

(1) In deciding whether the number of children determined with respect to an applicant under sections 3(a) and 3(b) of this Act is less than 90 per centum of the number of children determined under those sections of the Act for the applicant during the preceding fiscal year, the Commissioner shall divide the current fiscal year's federally connected ADA attributable to those sections by the preceding fiscal year's federally connected ADA so attributable.

(2) In determining whether there has been a substantial decrease in the number of children determined under sections 3(a) and 3(b) of the Act resulting from a decrease or cessation of Federal activities with respect to any applicant during the year for which an application is filed, the Commissioner shall deem this decrease to be substantial when it equals 3 per centum of the current fiscal year's total ADA and at least 10 in ADA.

(3) In determining whether the decrease described in the preceding subparagraph is a result of a decrease of Federal activities in the State within which the applicant is located, the Commissioner shall require local educational agencies to submit a statement identifying the particular decrease in or cessation of these Federal activities; the statement shall be certified as to its accuracy by an authorized official of the Federal agency associated with the conduct of the affected activities.

(c) Any payments to an applicant attributable to the operation of section 3(e) of the Act and this section shall be considered for all other purposes as payments attributable to determinations of children with respect to the applicant under section 3(b)(2)(A) of the Act.

(20 U.S.C. 238(e))

§ 115.23 Payments under section 4(a).

(a) Payment under section 4(a) is intended to compensate a local educational agency for sudden and substantial increases in pupils whose attendance in school during the current school year is a direct result of Federal activities. This payment may be made only when the Commissioner determines that, although the applicant has made a reasonable tax effort, the education of the increased number of children places a substantial and continuing financial burden on the applicant, and the applicant cannot secure funds from other sources adequate to provide these children a level of education equivalent to that maintained in generally comparable school districts in the same State.

(b) In the first fiscal year following payment under section 4(a), a payment not to exceed 50 percent of the entitlement in this preceding year under section 4(a) will be made, subject to the availability of funds. The payment may not include any entitlement due to those increases in section 3(a) or 3(b) of the preceding year for which payment was made.

(20 U.S.C. 239(a))

(c) No payments will be made pursuant to section 4(a) of the Act unless:

(1) The increase in ADA of federally-connected pupils in the current year over the ADA of those children in the preceding year is at least equal to 5 percent of non-Federal ADA in the preceding year, and

(2) The increase in the current total ADA over the preceding year's total ADA is at least 5 percent of the preceding year's total ADA.

(20 U.S.C. 293(a)(1))

(d) No payments will be made pursuant to section 4(a) of the Act unless the parents of the pupils entering the schools of the local educational agency for the first time during the current school year enter the area of that agency to accept employment because of Federal activities on or after February 1 of the preceding year. An increase in activities of the United States for the purpose of section 4(a) of the Act may be found to have occurred in circumstances which include the following:

(1) Activities resulting from Federal contracts in the current fiscal year when the number of employees engaged in the Federal activity increased over the preceding fiscal year; and

(2) Activities where production resulting from Federal contracts changed so as to require employees with new skills for this production; therefore, new employees migrated into the area of the local educational agency.

(e) Activities of those persons not employed by the United States or by a contractor of the United States shall not be considered to be a direct result of activities of the United States for the purposes of section 4(a).

(20 U.S.C. 239(a)(1); 88-703, House Report No. 703, July 8, 1953, 12)

§ 115.24 Election under section 4(c).

Pursuant to section 4(c) of the Act, a local educational agency may elect to count for eligibility and payment under section 4(a) of the Act the entire increase in the number of children who are:

(a) In average daily attendance at its schools during the fiscal year; and

(b) Otherwise eligible to be counted under section 3 of the Act. This election may be made only if an application under section 4 is filed in a timely manner on Form RSF-1 in accordance with § 115.11. This election is not subject to change after, and shall become final upon, the date of final payment for the fiscal year involved.

(20 U.S.C. 239(c))

§ 115.25 Reduction of financial assistance under sections 2, 3, and 4 due to insufficient appropriations.

(a) Except as otherwise provided by law, if the funds appropriated for any fiscal year for making payments on the basis of entitlements established under sections 2, 3, and 4 for that year are not sufficient to pay in full the total amounts which the Commissioner estimates all local educational agencies are entitled to receive under these sections for that year, the Commissioner shall allocate the sums among local educational agencies on the basis of the method set forth in section 5(c) of the Act and subject to its restrictions. In accordance with section 5(c), payments shall be made to eligible local educational agencies so that:

(1) All entitlements established under section 2 or 3(d) of the Act are allocated at a rate of 25 per centum of such entitlements prior to any other allocations of entitlements for sections 2, 3, or 4 of the Act;

(2) All remaining entitlements established under section 3 are allocated at the various rates of payment set forth in paragraph (2) of section 5(c) of the Act prior to any other allocation of entitlements for sections 2 and 4 of the Act, provided that all allocations shall be paid in full or no allocation under this subparagraph may be made, subject, how-

V 40 235 DEC 5 75 XUM

ever, to the restriction set forth in section 5(e)(2) of the Act relative to property described in section 403(1)(C) of the Act as further treated in paragraph (b) of this section; and

(3) All remaining unsatisfied entitlements under sections 2, 3, and 4 of the Act are allocated in proportion to the degree to which these entitlements are unsatisfied.

(b) Any part of an entitlement determined under section 3 of the Act attributable in whole or in part to children residing on, or residing with a parent employed on property described in section 403(1)(C) of the Act (related to low-rent public housing) shall be considered to be attributable in its entirety to these children. No payments attributable to that part of any entitlement of any local educational agency which is so determined shall be made under section 5(c)(2) of the Act. Thus, payments with respect to entitlements based in whole or in part on low-rent public housing children are to be excluded in their entirety under section 5(c)(2).

(20 U.S.C. 240(e); Sen. Rep. No. 93–1026, 162 (1974))

§ 115.26 Failure or refusal of a local educational agency to educate children living on Federal property.

If, for any fiscal year for which section 6(f) of the Act is effective, no tax revenues of a State or of a political subdivision of a State may be expended for the free public education of children who reside on Federal property within the State or, if no tax revenues of a State are allocated for the free public education of these children, then that property shall not be considered to be Federal property for the purpose of computing entitlements under sections 3 and 4 of the Act of local educational agencies within that State with respect to children living off that property with parents who are employed thereon. Furthermore, deductions shall be made from the entitlements of certain local educational agencies in the circumstances and manner described in the second sentence of section 6(f) of the Act.

(20 U.S.C. 241(f))

§ 115.27 Adjustments to entitlement related to special savings clauses under Pub. L. 93–380.

(a) All payments under the Act and this part shall be subject to the provisions in paragraphs (b) through (e) below in addition to those provisions set forth in § 115.25 of this part and in other law.

(b) *Section 305(b)(2)(A) of Pub. L. 93–380.* (1) The first sentence of section 305(b)(2)(A)(i), Pub. L. 93–380 shall be applicable to any local educational agency entitled to receive a payment under section 3 of the Act for the fiscal year in which section 305(b)(2)(A)(i) would be applied.

(i) In the case of any local educational agency to which section 305(b)(2)(A) of Pub. L. 93–380 is applicable, the computation of either the 90 percent or 80 percent level of payment at which the agency shall be held harmless will be based on the amount paid to the agency according to its entitlement for the preceding fiscal year under section 3 of the Act.

(ii) The special appropriation requirements of section 305(b)(2)(A)(ii), Pub. L. 93–380, shall apply to any payments determined with respect to an eligible local educational agency under the first sentence of section 305(b)(2)(A)(i).

(2) The second sentence of section 305(b)(2)(A)(i), Pub. L. 93–380 shall apply to any local educational agency eligible for a payment under section 3 of the Act by reason of the 3 percent requirement in clause (B) of section 3(c)(2) of the Act, as in effect prior to July 1, 1975, but which fails to meet the requirement in any fiscal year ending prior to July 1, 1977.

(i) In the case of any applicant to which the second sentence of section 305(b)(2)(A)(i) is applicable, any payment made to the applicant by the operation of the second sentence shall, notwithstanding the first sentence of such section, be subject during the second succeeding fiscal year of eligibility to the restrictions on payment for the second fiscal year as set forth in the second sentence of the section.

(ii) Any payment to an eligible applicant resulting from the operation of the second sentence of section 305(b)(2)(A)(1) of Pub. L. 93–380 shall not be subject to the special funding requirement set forth in section 305(b)(2)(A)(i) of the Act.

(88 Stat. 553; Sen. Rep. 93–1026, 163–164; Sen. Rep. No. 93–763, 57.)

(c) *Section 305(b)(2)(B) of Pub. L. 93–380.* (1) Section 305(b)(2)(B), Pub. L. 93–380 shall apply to any local educational agency which experiences a decrease in the number of children determined by the Commissioner under section 3 of the Act of 10 per centum or more of that number:

(i) During the fiscal year ending June 30, 1974, or the fiscal year ending June 30, 1975; or

(ii) During the period beginning July 1, 1973, and ending June 30, 1975; as the result of a decrease in, or cessation of, Federal activities affecting military installations in the United States announced after April 16, 1973. For purposes of this section, the term "military installation" shall mean a facility, camp, or base operated by or under the jurisdiction of one of the branches of the Armed Forces of the United States. The announcement of decrease or cessation of Federal activities must be an official announcement or order issued by the Federal agency engaged in or directing the activity thereby affected.

(2) The decrease in the number of children as provided in section 305(b)(2)(B) of Pub. L. 93–380 shall be determined in the following manner:

(i) For the fiscal year ending June 30, 1974, that part of the section 3 ADA of the applicant for the fiscal year as determined under § 115.3 (e) or (f) of this part attributable to military installations affected by a decrease in, or cessation of, Federal activities announced after April 16, 1973, shall be subtracted from that part of the section 3 ADA as so determined for the fiscal year ending June 30, 1973;

(ii) For the fiscal year ending June 30, 1975, that part of the section 3 ADA of the applicant for the fiscal year as determined under § 115.3 (e) or (f) of this part attributable to military installations affected by a decrease in or cessation of Federal activities announced after April 16, 1973, shall be subtracted from that part of the section 3 ADA as so determined for the applicant for the fiscal year ending June 30, 1974;

(iii) For the period beginning July 1, 1973, and ending June 30, 1975, that part of the section 3 ADA of the applicant for fiscal year 1975 as determined under § 115.3 (e) or (f) of this part attributable to military installations affected by a decrease in or cessation of Federal activities announced after April 16, 1973, shall be subtracted from that part of the section 3 ADA as so determined for the applicant for the fiscal year ending June 30, 1973; and

(iv) After obtaining the figure of decrease under either clause (i), (ii), or (iii) above, that figure shall be divided by the total federally-connected ADA for the fiscal year preceding the respective period of decrease. An applicant shall be eligible for payment under section 305(b)(2)(B) of Pub. L. 93–380 only if the resulting calculation equals 10 percent or more.

(3) In determining eligibility for entitlements under section 305(b)(2)(B) of Pub. L. 93–380, the number of children for whom a determination is made under section 3(e) of the Act as in effect prior to July 1, 1975 shall not be included in the federally-connected ADA figure.

(4) Payments may be made on the basis of section 305(b)(2)(B) only when there is a direct relationship between the decrease in federally-connected ADA due to a decrease in or cessation of Federal activities on a military installation and a specific announcement of a decrease or cessation of Federal activities. In making this determination, the Commissioner will require of an applicant the submission of such additional data and information as deemed necessary to substantiate this relationship.

(5) Payments of entitlements computed under section 3 of the Act to a local educational agency to which section 305(b)(2)(B), Pub. L. 93–380 is applicable shall not be less than 90 per centum of the amount to which the agency was entitled during the preceding fiscal year under section 3.

(88 Stat. 534; Sen. Rep. No. 93–763, 57–58, 206–207 (1974))

(d) *Section 305(b)(2)(C) of Pub. L. 93–380.* (1) Section 305(b)(2)(C), Pub. L. 93–380, shall be applicable to any local educational agency in which the ADA, with respect to children who, while in attendance at the schools of the agency, resided with a parent employed on Federal property in a State or in a county other than the State or county in which the agency is located but which is situated within reasonable commuting distance from the school district of the agency, is equal to at least 10 per centum of the ADA for that fiscal year for children determined with respect to the agency under section 3(b) of the Act.

(i) In determining whether Federal property in a State or county other than the State or county in which the local educational agency is located is situated within a reasonable commuting distance from the school district of the agency, the Commissioner shall adhere to any prior determination under Pub. L. 81–874 regarding a reasonable commuting distance for the agency, unless the agency presents new information which would merit reconsideration of that determination. Any Federal property located in the same State in which the local educational agency is situated shall be deemed to be within reasonable commuting distance of the school district of that agency.

(ii) In determining the relevant number of children specified in the first sentence of section 305(b)(2)(C) of Pub. L. 93–380, the Commissioner shall rely upon ADA data and information provided by the applicant for these children in the same manner as set forth for children under section 3(b) of the Act under § 115.3 (e), (f) of this part.

(2) With regard to any local educational agency to which section 305(b)(2)(C), Pub. L. 93–380 is applicable, the amount to which the agency shall be entitled under section 3(b) shall not be less than 90 per centum of the amount that the agency received with respect to the number of children determined under section 3(b) during the preceding fiscal year.

(88 Stat. 535; Sen. Rep. No. 93–763, 206–207.)

(e) *Section 305(b)(2)(D) of Pub. L. 93–380.* (1) Section 305(b)(2)(D), Pub. L. 93–380 shall apply to any local educational agency which is entitled to receive a payment under section 3 of the Act for the fiscal year in which section 305(b)(2)(D) is to be applied.

(2) In making a determination under section 305(b)(2)(D) of Pub. L. 93–380 as to the amount of payment which an applicant would be entitled under the operation of such section, the Commissioner may use estimated entitlements and payments with reference to sections 3 and 5(c) of the Act. An underestimate made by the Commissioner shall not operate to deprive an applicant of any payments under section 305(b)(2)(D) had the estimate been accurate.

(88 Stat. 535)

§ 115.28 Entitlements related to handicapped children of uniformed services personnel.

(a) For the purposes of this section, the following terms shall have the meanings set forth below: (1) "Free public education" means free public education as defined in section 403(4) of the Act and includes any preschool program authorized under State law.

(2) "Handicapped children" means mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, crippled, or other health impaired children who by reason thereof require special education and related services.

(3) "Children with specific learning disabilities" means those children who have a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which may manifest itself in imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations. Such disorders include conditions such as perceptual handicaps, brain injury, minimal brain disfunction, dyslexia, and developmental aphasia. The term does not include children who have learning problems which are primarily the result of visual, hearing, or motor handicaps, of mental retardation, of emotional disturbance, or of environmental disadvantage.

(4) "Related needs" means those needs related to a handicap or specific learning disability for which supplemental services, in addition to direct instructional services, are deemed necessary, including, but not limited to, speech pathology and audiology services, diagnostic services (exclusive of schoolwide initial screening for handicaps and specific learning disabilities), health services, food services, pupil transportation, and library services.

(5) "Preschool program" means an educational or related program encompassing the educational level from a child's birth to the time at which elementary education is provided as determined under State law, provided that this program is recognized as free public education under or pursuant to State law.

(20 U.S.C. 238(d)(2)(C); 20 U.S.C. 1401; 45 C.F.R. § 100.1)

(b) That part of any payment to an applicant which is attributable to the entitlement for handicapped children and children with specific learning disabilities provided by section 3(d)(2)(C) must be expended for programs provided by the applicant which are designed to meet the special educational needs of those children.

(c) In order that handicapped children and children with specific learning disabilities may be counted for the purpose of an increased entitlement under section 3(d)(2)(C) of the Act, these children:

(1) Must have a parent on active duty in the uniformed services, as defined by section 101 of Title 37 United States Code, and

(2) Must be receiving special educational and related services suited to their individual needs through programs (including preschool programs) provided by local educational agencies for these children which are of sufficient size, scope, and quality (taking into consideration the special educational needs of the children) as to give reasonable promise of substantial progress toward meeting those needs.

(20 U.S.C. 238(d)(2)(C); Sen. Rep. No. 93–1026, 159 (1974); 20 U.S.C. 240(f))

(d) The provision of special educational services (for children determined under section 3(d)(2)(C) of the Act) must result in the expenditure of funds by the local educational agency for handicapped children and children with specific learning disabilities above the average per pupil expenditure for nonhandicapped children in the agency to an extent equal to at least the per pupil payment attributable to a determination of increase in entitlement under section 3(d)(2)(C). An applicant which claims an increased entitlement under section 3(d)(2)(C) of the Act shall be required to submit such information as the Commissioner may deem necessary to substantiate compliance with this condition.

(20 U.S.C. 238(d)(2)(C); 20 U.S.C. 240(f); H.R. Rep. No. 93–763, 45)

(e) Each application for assistance under the Act which is based in any part upon a determination of any number of children who are counted under section 3(d)(2)(C) of the Act shall contain an assurance that the children are receiving services in programs (including preschool programs) which are of sufficient size, scope, and quality as to give reasonable promise of substantial progress toward meeting the special educational and related needs of the children.

(1) A determination whether these programs are of sufficient size, scope and quality shall be based upon the individual State's standards for certification of the programs, subject, however, to such further requirements as may be imposed by section 3(d)(2)(C) of the Act and this section.

(2) Each application containing the assurance required by this paragraph shall also contain a certification by the State in which the applicant is situated to the effect that the particular program(s) provided by the applicant conforms to State standards and meets any other requirements imposed by law.

(f) Each application for assistance under the Act which is based in any part upon a determination under section 3(d)(2)(C) of the Act shall contain an assurance that the programs designed to meet the special educational and related needs of children determined under that section conform to the policies and procedures required in fulfillment of the additional State plan requirement under section 613(b) of the Education of the Handicapped Act and any regulations adopted pursuant thereto.

(1) Each application containing the assurance required by this paragraph shall also contain a certification by the State in which the applicant is situated that the program(s) provided by the applicant conforms to the additional State plan requirements of section 613(b) of the Education of the Handicapped Act.

(2) In making a determination whether these State standards and these programs conform to the policy and procedures under the additional State plan requirements, the Commissioner shall

V40N235 DEC 5 75 XUM

consult with persons in charge of special education programs for handicapped children and children with specific learning disabilities in the educational agency of the State in which the applicant is situated.

(20 U.S.C. 238(d)(2)(C); H.R. Rep. No. 93-805, 43-46 (1974); Sen. Rep. No. 93-1026, 45 (1974); *Cong. Record*, daily ed., H7396, July 31, 1974)

(g) Any payments made to a local educational agency pursuant to sections 3 and 5 of the Act, which are based on children with respect to whom a determination has been made under section 3(d)(2)(C) of the Act, shall not be taken into consideration by a State in determining eligibility for or the amount of State aid.

(20 U.S.C. 238(d)(2)(C); 20 U.S.C. 240(d)(1))

§ 115.29 Entitlements related to low-rent public housing.

(a) For the purposes of this part, the term "low-rent public housing" shall mean that type of Federal property which is described in section 403(1)(C) of the Act.

(b) The amount of the payment to any applicant which is determined with respect to section 5(e)(1) of the Act and § 115.25(b) of this part regarding determinations under subsection (a) and (b) of section 3 of the Act concerning the number of children who resided on, or resided with a parent employed on low-rent public housing shall be used for special programs and projects designed to meet the special educational needs of educationally deprived children from low-income families in the following manner:

(1) To continue and to augment, where practicable, programs assisted under Title I of the Elementary and Secondary Education Act of 1965 which would otherwise be eliminated or diminished due to the adoption of the new formula for distribution of assistance under that title by Pub. L. 93-380, and to provide programs and projects, in accordance with the appropriate provisions of parts 116 and 116a of this chapter, for educationally deprived children in attendance areas which are eligible for Title I assistance but which have not received such assistance;

(2) If the programs specified in subparagraph (a)(1) are fully provided; to carry out programs and projects in other areas of the agency which are designed to meet the special educational needs of educationally deprived children from low-income families. These programs and projects shall serve only those children which the local educational agency has determined to be educationally deprived children from low-income families on the basis of uniform criteria approximating as closely as possible those used in its determination with respect to Title I, ESEA. In determining whether a child is from a low-income family for purposes of this paragraph, the local educational agency may consider as such children residing in low-rent public housing, children living in institutions for neglected or delinquent children for whom the local educational agency is providing free public education, children being supported in foster homes with public funds and the like.

(20 U.S.C. 240(4); Sen. Rep. No. 93-1026, 162 (1974))

(c) No funds allocated with respect to section 5(e) of the Act may be consolidated (within the meaning set forth in 20 U.S.C. 1231(c)(1)(C)) with funds from other sources including other funds under the Act not attributable to low-rent public housing children, in such a manner to render indistinguishable for accounting and audit purposes the source of those funds when used in programs and projects specified in paragraph (b) of this section.

(d) Funds allocated with respect to section 5(e) of the Act shall be subject to all applicable requirements, restrictions, and other conditions of use set forth in the provisions of Title I, ESEA and parts 116 and 116a of this chapter except that, where paragraph (b)(2) of this section is applicable, any requirements related to the determination of eligible attendance areas under Title I, ESEA shall not apply.

(e)(1) Any applicant claiming entitlements based in whole or in part on low-rent public housing children under section 5(e) of the Act shall:

(i) Submit to the Commissioner as a supplement to its application filed under subpart B of this part, or in conjunction with an application for assistance under Title I, ESEA filed with the State educational agency, where such assistance has been applied for, an application through its State educational agency setting forth a description of the proposed use of funds to which it is entitled under the Act with respect to low-rent public housing children together with an assurance that such funds shall be used only for the purposes for which they were granted and in conformity with the requirements of this section and the applicable provisions of sections 116 and 116a of this chapter; and

(ii) In addition, obtain and submit to the Commissioner in conjunction with the application described in clause (i) a statement from the State educational agency certifying the accuracy and validity of the application and assurance provided for in subparagraph (1) together with an assurance from the State educational agency that if, at any time, the State agency finds that an applicant agency is not acting in compliance with the terms of the application provided for by this paragraph, the State agency shall so notify the Commissioner.

(2) No payments shall be made to any local educational agency on the basis of entitlements attributable to low-rent public housing children under section 5(e) of the Act until the requirements of this paragraph have been fulfilled. However, applicants shall be notified as to any estimated payment that would be made based on these children as soon as an application filed in accordance with subpart B of this part has been processed.

(f) No payments attributable to section 5(e) of the Act shall be made in any fiscal year to any local educational agency located in a State which has taken, or will take, these payments into consideration in determining the eligibility of a local educational agency for State aid, or in determining the amount of that aid, for the free public education of its children in such a way as to penalize the local educational agency with respect to the availability of State funds.

(20 U.S.C. 240(d)(1)(2), (e); Sen. Rep. No. 93-1026, 162-(1974))

4. § 115.30 is amended by revising paragraphs (a)(10) and (b)(2)(iii) to read as follows:

§ 115.30 Determination of generally comparable local educational agencies.

(a) • • •

(10) Estimated current fiscal year per pupil cost for the State (in those States in which an applicant requests an entitlement under section 3(d)(2)(B) or 4 of the Act). The actual per pupil costs shall be submitted to the Commissioner at such time as they become available for each group.

(20 U.S.C. 238(d), 255(5))

(b) • • •

(2) • • •

(iii) The estimated percent of change in per pupil cost for all local educational agencies in the State, in the aggregate, for the current fiscal year from the second preceding fiscal year, for each State wherein an applicant requests an entitlement under section 3(d)(2)(B) or section 4. Since comparable district data are submitted for the second year preceding, the estimated percent of increase factor for adjusting the per pupil cost to the current year will suffice for all purposes prior to the final payment. However, the State shall submit actual data to the Commissioner for the purpose of computing final payments (except those final payments made pursuant to section 3(d)(2)(B) and 4 of the Act).

(20 U.S.C. 238(d), 244(5))

A COMPILATION OF TITLES I AND IV OF PUBLIC LAW 374, EIGHTY-FIRST CONGRESS, AS AMENDED (20 U.S.C. 236-451-1, 242-245) RELATING TO FINANCIAL ASSISTANCE IN FEDERALLY AFFECTED AREAS[1]

AN ACT

To provide financial assistance for local educational agencies in areas affected by Federal activities, and for other purposes.

[1] Prepared by the Division of School Assistance in Federally Affected Areas, U.S. Office of Education, for use of its staff and interested applicants.

P.L. 874 (81st Cong.), approved September 30, 1950, has been amended by the 83d Congress by P.L. 170, approved July 31, 1953; P.L. 248, approved August 8, 1953; and P.L. 732, approved August 31, 1954; by the 84th Congress by P.L. 204, approved August 1, 1955; P.L. 221, approved August 4, 1955; P.L. 382, approved August 12, 1955; P.L. 896, approved August 1, 1956; and P.L. 949, approved August 4, 1956; and by P.L. 85-620, approved August 12, 1958; P.L. 85-900, approved September 2, 1958; P.L. 86-70, approved June 25, 1959; P.L. 86-449, approved May 6, 1960; P.L. 86-624, approved July 12, 1960; P.L. 97-344, approved October 3, 1961; P.L. 88-210, approved December 18, 12, 1960; P.L. 87-344, approved October 3, 1964; P.L. 89-10, approved April 11, 1965; P.L. 89-77, approved July 21, 1965; P.L. 89-313, approved November 1, 1965; P.L. 89-750, approved November 3, 1966; and P.L. 90-147, approved January 2, 1968; P.L. 90-576, approved October 16, 1968; P.L. 91-230, approved April 13, 1970; Public Law 92-318, approved June 23, 1972; P.L. 93-150, approved November 7, 1973; *P.L. 93-288, approved May 22, 1974; P.L. 93-380, approved August 21, 1974; and P.L. 93-344, approved July 12, 1974.*

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—FINANCIAL ASSISTANCE FOR LOCAL EDUCATIONAL AGENCIES IN AREAS AFFECTED BY FEDERAL ACTIVITY

DECLARATION OF POLICY

Section 1. In recognition of the responsibility of the United States for the impact which certain Federal activities have on the local educational agencies in the areas in which such activities are carried on, the Congress hereby declares it to be the policy of the United States to provide financial assistance (as set forth in the following sections of this title) for those local educational agencies upon which the United States has placed financial burdens by reason of the fact that—

(1) the revenues available to such agencies from local sources have been reduced as the result of the acquisition of real property by the United States; or

(2) such agencies provide education for children residing on Federal property; or

(3) such agencies provide education for children whose parents are employed on Federal property; or

(4) there has been a sudden and substantial increase in school attendance as the result of Federal activities.

FEDERAL ACQUISITION OF REAL PROPERTY

Sec. 2. (2) Where the Commissioner, after consultation with any local educational agency and with the appropriate State educational agency, determines for any fiscal year ending prior to *October 1, 1978*

(1) that the United States owns Federal property in the school district of such local educational agency, and that such property (A) has been acquired by the United States since 1938, (B) was not acquired by exchange for other Federal property in the school district which the United States owned before 1939, and (C) had an assessed value (determined as of the time or times when so acquired) aggregating 10 per centum or more of the assessed value of all real property in the school district (similarly determined as of the time or times when such Federal property was so acquired); and

(2) that such acquisition has placed a substantial and continuing financial burden on such agency; and

(3) that such agency is not being substantially compensated for the loss in revenue resulting from such acquisition by increases in revenue accruing to the agency from the carrying on of Federal activities with respect to the property so acquired, then the local educational agency shall be entitled to receive for such fiscal year such amount as, in the judgment of the Commissioner, is equal to the continuing Federal responsibility for the additional financial burden with respect to current expenditures placed on such agency by such acquisition of property. Such amount shall not exceed the amount which, in the judgment of the Commissioner, such agency would have derived in such year, and would have had available for current expenditures, from the property acquired by the United States (such amount to be determined without regard to any improvements or other changes made in or on such property since such acquisition).

2(b) For the purposes of this section any real property with respect to which payments are being made under section 13 of the Tennessee Valley Authority Act of 1933, as amended, shall not be regarded as Federal property.

2(c) Where the school district of any local educational agency shall have been formed at any time after 1938 by the consolidation of two or more former school districts, such agency may elect (at the time it files application under section 5) for any fiscal year to have (1) the eligibility of such local educational agency and (2) the amount which such agency shall be entitled to receive, determined under this section only with respect to such of the former school districts comprising such consolidated school district as the agency shall designate in such election.

CHILDREN RESIDING ON, OR WHOSE PARENTS ARE EMPLOYED ON, FEDERAL PROPERTY

CHILDREN OF PERSONS WHO RESIDE AND WORK ON FEDERAL PROPERTY

Sec. 3. (a) For the purpose of computing the amount to which a local educational agency is entitled under this section for any fiscal year, the Commissioner shall determine the number of children who were in average daily attendance at the schools of such agency, and for whom such agency provided free public education, during such fiscal year, and who, while in attendance at such schools, resided on Federal property and—

3(a)(1) did so with a parent employed on Federal property situated (A) in whole or in part in the county in which the school district of such agency is located, or (B) if not in such county, in whole or in part in the same State as the school district of such agency; or

3(a)(2) had a parent who was on active duty in the uniformed services (as defined in section 101 of title 37, United States Code). In making a determination under clause (2) of the preceding sentence with respect to a local educational agency for any fiscal year, the Commissioner shall include the number of children who were in average daily attendance at the schools of such agency, and for whom such agency provided free public education, during such year, and who, while in attendance at such schools, resided on Indian lands, as described in clause (A) of section 403(1).

CHILDREN OF PERSONS WHO RESIDE OR WORK ON FEDERAL PROPERTY

3(b) For the purpose of computing the amount to which a local educational agency is entitled under this section for any fiscal year ending prior to October 1, 1978, the Commissioner shall, in addition to any determination made with respect to such agency under subsection (a) determine the number of children (other than children with respect to whom a determination is made for such fiscal year under subsection (a)) who were in average daily attendance at the schools of such agency, and for whom such agency provided free public education, during such fiscal year and who, while in attendance at such schools, either (1) resided on Federal property, or (2) resided with a parent employed on Federal property situated (A) in whole or in part in the county in which the school district of such agency is located, or (B) if not in such county, in whole or in part in the same State as the school district of such agency, or (3) had a parent who was on active duty in the uniformed services (as defined in section 101 of title 37, United States Code). For such purpose, with respect to a local educational agency, in the case of any fiscal year ending prior to October 1, 1978, the Commissioner shall also determine the number of children (other than children to whom subsection (a) or the preceding sentence applies) who were in average daily attendance at the schools of such agency and for whom such agency provided free public education during such fiscal year, and who, while in attendance at such schools resided with a parent who was, at any time during the three-year period immediately preceding the beginning of the fiscal year for which the determination is made, a refugee who meets the requirements of clauses (A) and (B) of section 2(b)(3) of the Migration and Refugee Assistance Act of 1962, except that the Commissioner shall not include in his determination under this sentence for any fiscal year any child with respect to whose education a payment was made under section 2(b)(4) of such Act.

ELIGIBILITY FOR PAYMENTS

3(c)(1) Except as is provided in paragraph (2), no local educational agency shall be entitled to receive a payment for any fiscal year with respect to a number of children determined under subsection (a) and subsection (b), unless the number of children so determined with respect to such agency amounts to—

(A) at least four hundred such children; or

(B) a number of such children which equals at least 3 per centum of the total number of children who were in average daily attendance, during such year, at the schools of such agency and for whom such agency provided free public education; whichever is the lesser.

3(c)(A)(i) Clause (B) of paragraph (1) shall not operate to make any local educational agency eligible for a payment under this section for any fiscal year unless the number of children with respect to whom determination was made under subsections (a) and (b) respecting such agency for that fiscal year is at least ten.

3(c)(2)(A)(ii) If a local educational agency is eligible for a payment for any fiscal year by the operation of clause (B) of paragraph (1), it shall continue to be so eligible for the two succeeding fiscal years even if such agency fails to meet the requirement of such clause (B) during such succeeding fiscal years, except that the number of children determined for the second such succeeding fiscal year with respect to such agency for the purpose of any clause in paragraph (1) of subsection (d) shall not exceed 50 per centum of the number of children determined with respect to such agency for the purpose of that clause for the last fiscal year during which such agency was so eligible.

3(c)(2)(A)(iii) If the Commissioner determines with respect to any local educational agency for any fiscal year that—

(I) such agency does not meet the requirement of clause (B) of paragraph (1); and

(II) the application of such requirement, because of exceptional circumstances, would defeat the purposes of this title; the Commissioner is authorized to waive such requirement with respect to such agency.

(B) No local educational agency shall be entitled to receive a payment for any fiscal year with respect to a number of children determined under the second sentence of subsection (b) unless the number of children so determined constitutes at least 20 per centum of the total number of children who

V40235P DEC 5 75 XUM

were in average daily attendance at the schools of such agency and for whom such agency, during such fiscal year, provided free public education.

AMOUNT OF PAYMENTS

3(d)(1) Except as is provided in paragraph (2), the amount to which a local educational agency shall be entitled under this section for any fiscal year shall be—

(A) in the case of any local educational agency with respect to which the number of children determined for such fiscal year under subsection (a) amounts to at least 25 per centum of the total number of children who were in average daily attendance at the schools of such agency during such fiscal year and for whom such agency provided free public education, an amount equal to 100 per centum of the local contribution rate multiplied by the number of children determined under such subsection plus the sum of the products obtained with respect to such agency under clauses (B)(iii), (B)(iv), and (B)(v); and

(B) in any other case, an amount equal to the sum of—

(i) the product obtained by multiplying 100 per centum of the local contribution rate by the number of children determined with respect to such agency for such fiscal year under clause (2) of subsection (a).

(ii) the product obtained by multiplying 90 per centum of the local contribution rate by the number of children determined with respect to such agency for such fiscal year under clause (1) of subsection (a).

(iii) the product obtained by multiplying 50 per centum of the local contribution rate by the number of children determined with respect to such agency for such fiscal year under clause (3) of subsection (b).

(iv) the product obtained by multiplying 45 per centum of the local contribution rate by the number of children determined with respect to such agency for such fiscal year under clauses (1) and (2)(A) of subsection (b), and

(v) the product obtained by multiplying 40 per centum of the local contribution rate by the number of children determined with respect to such agency for such fiscal year under clause (2)(B) of subsection (b).

3(d)(2)(A) Not later than December 1 during each fiscal year beginning after September 30, 1977, the Commissioner shall, except as is provided in clause (iii) in the third sentence of this subparagraph, determine the total number of children with respect to whom determinations are made under subsection (b) for all local educational agencies making application for payments under this section which meet the eligibility requirements set forth in subsection (c). The Commissioner shall determine the percentage which such number constitutes of the total number of children who were in average daily attendance at the schools of such agencies during such fiscal year and for whom such agencies provided free public education. In calculating the products under clauses (B)(iii), (B)(iv), and (b)(v) of paragraph (1), with respect to any local educational agency for any fiscal year, the Commissioner shall reduce the number of children with respect to whom a determination is made under subsection (b) by a number equal to one-half of the number which the percentage determined under the preceding sentence constitutes of the total number of children with respect to whom such a determination is made and who were in average daily attendance at the schools of such agency during such fiscal year and for whom such agency provided free public education, except that—

(i) such percentage shall not exceed 4 per centum;

(ii) the number reduced shall not exceed three hundred; and

(iii) this subparagraph shall not apply to any local educational agency (1) with respect to which the number of children determined under subsection (b) for any fiscal year amounts to at least 10 per centum of the total number of children who were in average daily attendance at the schools of such agency during such fiscal year and for whom such agency provided free public education, or (II) during any fiscal year in which such agency receives more than 25 per centum of the funds for its current expenditures from payments under this section.

In determining the total number of children who were in average daily attendance at the schools of an agency during any fiscal year under clause (iii)(I) in the preceding sentence, the number of children in such schools with respect to whom a determination is made under subsection (a) for such year shall not be considered.

(B) If the Commissioner determines that—

(i) the amount computed under paragraph (1), as is otherwise provided in this subsection with respect to any local educational agency for any fiscal year, together with the funds available to such agency from State and local sources and from other sections of this title, is less than the amount necessary to enable such agency to provide a level of education equivalent to that maintained in the school districts of the State which are generally comparable to the school district of such agency:

(ii) such agency is making a reasonable tax effort and exercising due diligence in availing itself of State and other financial assistance;

(iii) not less than 50 per centum of the total number of children who were in average daily attendance at the schools of such agency during such fiscal year and for whom such agency provided free public education were, during such fiscal year, determined under either subsection (a) or clause (1) of subsection (b), or both; and

(iv) the eligibility of such agency under State law for State aid with respect to free public education of children residing on Federal property, and the amount of such aid, are determined on a basis no less favorable to such agency than the basis used in determining the eligibility of local educational agencies for State aid, and the amount thereof, with respect to the free public education of other children in the State; the Commissioner is authorized, to increase the amount computed under paragraph (1) with respect to such agency for such fiscal year to the extent necessary to enable such agency to provide a level of education equivalent to that maintained in such comparable school districts. The Commissioner shall not, under the preceding sentence, increase the amount computed under paragraph (1) with respect to any local educational agency for any fiscal year to an amount which exceeds the product of—

(I) the amount the Commissioner determines to be the cost per pupil of providing a level of education maintained in such comparable school districts during such fiscal year, multiplied by—

(II) the number of children determined with respect to such agency for such year under either subsection (a) or clause (1) of subsection (b), or both,

minus the amount of State aid which the Commissioner determines to be available with respect to such children for the fiscal year for which the computation is being made.

(C)(i) The amount of the entitlement of any local educational agency under this section for any fiscal year with respect to handicapped children and children with specific learning disabilities for whom a determination is made under subsection (a)(2) or (b)(3) and for whom such local educational agency is providing a program designed to meet the special educational and related needs of such children shall be the amount determined under paragraph (1) with respect to such children for such fiscal year multiplied by 150 per centum.

(C)(ii) For the purposes of division (i), programs designed to meet the special educational and related needs of such children shall be consistent with criteria established under division (iii).

(C)(iii) The Commissioner shall by regulation establish criteria for assuring that programs (including preschool programs) provided by local educational agencies for children with respect to whom this subparagraph applies are of sufficient size, scope, and quality (taking into consideration the special educational needs of such children) as to give reasonable promise of substantial progress toward meeting those needs and in the implementation of such regulations the Commissioner shall consult with persons in charge of special education programs for handicapped children in the educational agency of the State in which such local educational agency is located.

(C)(iv) For the purpose of this subparagraph the term "handicapped children" has the same meaning as specified in section 602 (1) of the Education of the Handicapped Act and the term "children with specific learning disabilities" has the same meaning as specified in section 602(15) of such Act.

3(d)(3)(A) Except as is provided in subparagraph (B), in order to compute the local contribution rate for a local educational agency for any fiscal year, the Commissioner, after consulting with the State educational agency of the State in which the local educational agency is located and with the local educational agency, shall determine which school districts within such State are generally comparable to the school district of the local educational agency for which the computation is being made. The local contribution rate for such agency shall be the quotient of—

(i) the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the computation is made, which the local educational agencies of such comparable school districts derived from local sources, divided by—

(ii) the aggregate number of children in average daily attendance for whom such agency provided free public education during such second preceding fiscal year.

(B)(i) The local contribution rate for a local educational agency in any State shall not be less than—

(I) 50 per centum of the average per pupil expenditure in such State, or

(II) 50 per centum of such expenditures in all the States, whichever is greater, except that clause (II) shall not operate in such a manner as to make the local contribution rate for any local educational agency in any State exceed an amount equal to the average per pupil expenditure in such State.

(ii) If the current expenditures in those school districts which the Commissioner has determined to be generally comparable to the school district of the local educational agency for which a computation is made under subparagraph (A) are not reasonably comparable because of unusual geographical factors which affect the current expenditures necessary to maintain, in the school district of such agency, a level of education equivalent to that maintained in such other school districts, the Commissioner is authorized to increase the local contribution rate for such agency by such an amount which he determines will compensate such agency for the increase in current expenditures necessitated by such unusual geographical factors.

(iii) The local contribution rate for any local educational agency in—

(I) Puerto Rico, Wake Island, Guam, American Samoa, or the Virgin Islands, or

(II) any State in which a substantial proportion of the land is in unorganized territory, or

(III) any State in which there is only one local education agency.

shall be determined for any fiscal year by the Commissioner in accordance with policies and principles which will best achieve the purposes of this section and which are consistent with the policies and principles provided in this paragraph for determining local contribution rates in States where it is possible to determine generally comparable school districts.

(C) For the purposes of this paragraph—

(i) the term "State" does not include Puerto Rico, Wake Island, Guam, American Samoa, or the Virgin Islands; and

(ii) the "average per pupil expenditure" in a State shall be

(I) the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the computation is made of all local educational agencies in the State, divided by (II) the aggregate number of children in average daily attendance for whom such agencies provide free public education during such second preceding fiscal year.

ADJUSTMENTS FOR DECREASES IN FEDERAL ACTIVITIES

3(e) Whenever the Commissioner determines that—

(1) for any fiscal year, the number of children determined with respect to any local educational agency under subsections (a) and (b) is less than 90 per centum of the number so determined with respect to such agency during the preceding fiscal year;

(2) there has been a decrease or cessation of Federal activities within the State in which such agency is located; and

(3) such decrease or cessation has resulted in a substantial decrease in the number of children determined under subsections (a) and (b) with respect to such agency for such fiscal year; the amount to which such agency is entitled for such fiscal year and for any of the three succeeding fiscal years shall not be less than 90 per centum of the amount to which such agency was so entitled for the preceding fiscal year. That part of any entitlement of any local educational agency which is in excess of the amount which such entitlement would be without the operation of the preceding sentence shall be deemed to be attributable to determinations of children with respect to such agency under subsection (b)(2)(A).

DETERMINATIONS ON THE BASIS OF ESTIMATES

3(f) Determinations with respect to a number of children by the Commissioner under this section for any fiscal year shall be made, whenever actual satisfactory data are not available, on the basis of estimates. No such determination shall operate, because of an underestimate, to deprive any local educational agency of its entitlement to any payment (or the amount thereof) under this section to which such agency would be entitled had such determination been made on the basis of accurate data.

SECTION 3 HOLD-HARMLESS PROVISIONS (SECTION 305(b), P.L. 93-380)

Section 305(b)(1) The amendments made by paragraphs (1) and (2) of subsection (a) shall be effective on and with respect to appropriations for fiscal years beginning on and after July 1, 1975, and the amendments made by paragraph (3) of subsection (a) shall be effective upon enactment of this Act.

Section 305(b)(2)(A)(i) Notwithstanding any other provision of law unless enacted in express limitation of this subparagraph—

(I) in the case of any local educational agency which is entitled to a payment under section 3 of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress) for the fiscal year ending June 30, 1973, which constituted an amount equal to not less than 10 per centum of the current expenditures of such agency for such fiscal year, the amount paid to such agency pursuant to such Act of September 30, 1950, for any fiscal year beginning after June 30, 1974, and ending prior to October 1, 1978, on the basis of the entitlement of that agency under such section 3, shall not be less than 90 per centum of the amount paid to such agency on the basis of such entitlement for the preceding fiscal year.

(II) in the case of any other local educational agency, the amount so paid during any fiscal year beginning after June 30, 1974, and ending prior to October 1, 1978, shall not be less than 80 per centum of the amount so paid for the preceding fiscal year.

In the case of any local educational agency which is eligible prior to July 1, 1975, for a payment under section 3 of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress) by reason of the 3 per centum requirement in clause (B) of section 3(c)(2) of such Act, as in effect prior to the effective date of the amendment made by paragraph (1) of subsection (a), but which fails to meet such requirement in any fiscal year ending prior to October 1, 1977, such agency shall continue to be eligible for a payment under section 3 as then in effect for the two succeeding fiscal years, but the payment under such section during the second of such succeeding fiscal years shall not exceed 50 per centum of the amount of the payment such agency was entitled to receive during the most recent fiscal year in which it was so eligible by reason of such clause (B).

(ii) Funds appropriated for any fiscal year for making payments to local educational agencies pursuant to the Act of September 30, 1950 (Public Law 874, Eighty-first Congress), which are increased by reason of the provisions of division (i) shall, to the extent of any such increase, be separate from funds appropriated for such fiscal year for payments pursuant to title I of such Act which are not so increased. If, for any fiscal year, a law making appropriations for payments pursuant to such title I is enacted and such law makes no express provisions for payments increased by division (i)—

(I) all funds so appropriated shall be allocated and paid in accordance with section 5 of such Act of September 30, 1950, and without regard for the provisions of division (i); and

(II) not later than fifteen days after the enactment of such law, the Commissioner shall submit a report to the Committees on Appropriations and on Education and Labor of the House of Representatives and the Committees on Appropriations and Labor and Public Welfare of the Senate, which report shall contain a statement detailing the dollar amounts necessary to satisfy the requirements of division (i) and constitute a budget estimate within the meaning of section 201(a)(5) of the Act of June 10, 1921 (31 U.S.C. 11(a)(5)).

(B) In the case of any local educational agency which experiences a decrease in the number of children determined by the Commissioner of Education under section 3 of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress) of 10 per centum or more of such number—

(i) during the fiscal year ending June 30, 1974, or the fiscal year ending June 30, 1975; or

(ii) during the period beginning July 1, 1973, and ending June 30, 1975; as the result of a decrease in, or cessation of, Federal activities affecting military installations in the United States announced after April 18, 1973, the amount of the payment to which such agency shall be entitled under title I of such Act, as computed under section 3 of such Act, for any fiscal year ending prior to October 1, 1978, shall not be less than 90 per centum of the amount to which the agency was so entitled during the preceding fiscal year. The provisions of the subparagraph shall be effective on and after July 1, 1974, and with respect to appropriations for the fiscal year ending June 30, 1975, and succeeding fiscal years, and such provisions shall be deemed to have been enacted before the beginning of the fiscal year ending June 30, 1975. Nothing in this subparagraph shall be construed to decrease the amount of the payment to which any local educational agency is entitled for any fiscal year on the basis of entitlements created under section 3 of such Act of September 30, 1950.

(C) During the first fiscal year in which the amendments made by subsection (a) are effective and each of the succeeding fiscal years ending prior to October 1, 1978, the Commissioner shall determine with respect to each local educational agency in any State the number of children who were in average daily attendance at the schools of such agency, and for whom such agency provided free public education, during such fiscal year, and who, while in attendance at such schools resided with a parent employed on Federal property in a State or in a county other than the State or county, as the case may be, in which the school district of such agency is located but which is situated within a reasonable commuting distance from the school district of such agency. If the number of children determined under the preceding sentence is equal to at least 10 per centum of the total number of children determined with respect to such agency for such fiscal year under section 3(b) of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress), the amount to which such agency shall be entitled with respect to a number of children determined under such section 3(b) for such fiscal year, shall not be less than 90 per centum of the amount which such agency received with respect to the number of children so determined during the preceding fiscal year, as computed under section 3 of such Act.

(D)(i) The Commissioner shall determine for each fiscal year beginning after June 30, 1975, and ending prior to October 1, 1978, the amount which each local educational agency would be paid for that fiscal year under section 3 of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress) if the amount appropriated had been allocated as provided in section 5(c) of such Act without regard for entitlements (or portions thereof) which are attributable to determinations under subsections (a) and (b) of such section of the number of children who resided on, or resided with a parent employed on, property which is part of a low-rent housing project described in section 403(1)(C). The Commissioner shall then determine the amount which each local educational agency is to be paid for that fiscal year under such section 3 and allocated in accordance with such section 5(c). If the amount determined with respect to any local educational agency under the first sentence of this division is greater than the amount determined with respect to the second sentence of this division, the Commissioner shall pay to that agency an amount equal to the difference between the amounts so determined.

V40235 DEC 5 75 XUM

(II) Funds appropriated for any fiscal year for making payments pursuant to the third sentence of division (I) shall be separate from funds appropriated for such fiscal year for making payments pursuant to section 5 of the Act of September 30, 1950 (Public Law 874, Eighty-first Congress). If, for any fiscal year, a law making appropriations for payments pursuant to such section 5 is enacted, and such law makes no express provision for payments pursuant to such third sentence—

(I) all funds so appropriated shall be allocated and paid in accordance with such section 5, without regard for such third sentence; and

(II) not later than fifteen days after the enactment of such law, the Commissioner shall submit a report to the Committees on Appropriations and on Education and Labor of the House of Representatives and the Committees on Appropriations and Labor and Public Welfare of the Senate, which report shall contain a statement detailing the dollar amounts necessary to make the payments required under such third sentence and shall, with respect to such dollar amounts, constitute a budget estimate within the meaning of section 201(a)(5) of the Act of June 10, 1921 (31 U.S.C. 11(a)(5)).

SUDDEN AND SUBSTANTIAL INCREASES IN ATTENDANCE INCREASES HEREAFTER OCCURRING

Section 4(a) If the Commissioner determines for any fiscal year ending prior to October 1, 1978,

(1) that, as a direct result of activities of the United States (carried on either directly or through a contractor), an increase in the number of children in average daily attendance at the schools of any local educational agency has occurred in such fiscal year, which increase so resulting from activities of the United States is equal to at least 5 per centum of the difference between the number of children in average daily attendance at the schools of such agency during such year resulted from activities of the United States (including children who resided on Federal property or with a parent employed on (Federal property);

(2) that such activities of the United States have placed on such agency a substantial and continuing financial burden; and

(3) that such agency is making a reasonable tax effort and is exercising due diligence in availing itself of State and other financial assistance but is unable to secure sufficient funds to meet the increased educational costs involved, then such agency shall be entitled to receive for such fiscal year an amount equal to the product of—

(A) the number of children which the Commissioner determines to be the increase, so resulting from activities of the United States, in such year in average daily attendance; and

(B) the amount which the Commissioner determines to be the current expenditure per child necessary to provide free public education to such additional children during such year, minus the amount which the Commissioner determines to be available from State, local, and Federal sources for such purpose (not counting as available for such purpose either payments under this Act or funds from local sources necessary to provide free public education to other children).

For the next fiscal year (except where the determination under the preceding sentence has been made with respect to the fiscal year ending September 30, 1978) such agency shall be entitled to receive 50 per centum of such product reduced by the amount of such product which is attributable to children with respect to whom such agency is, or upon application would be, entitled to receive any payment under section 3 for such fiscal year, but not to exceed for such year the amount which the Commissioner determines to be necessary to enable such agency, with the State, local, and other Federal funds (exclusive of funds available under title II) available to it for such purpose, to provide a level of education equivalent to that maintained in the school districts in such State which in his judgment are generally comparable to the school district of such agency. The determinations whether an increase has occurred for purpose of clause (1) hereof and whether such increase meets the 5 per centum requirement contained in such clause, for any fiscal year, shall be made on the basis of estimates by the Commissioner made prior to the close of such year, except that an underestimate made by the Commissioner pursuant to the foregoing provisions of this sentence shall not operate to deprive an agency of its entitlements to any payments under this section to which it would be entitled had the estimate been accurate. The determination under clause (B) shall be made by the Commissioner after considering the current expenditures per child in providing free public education in those school districts in the State which, in the judgment of the Commissioner, are generally comparable to the school district of the local educational agency for which the computation is being made.

4(b) Omitted.

COUNTING OF CERTAIN CHILDREN

4(c) In determining under subsection (a) whether there has been an increase in attendance in any fiscal year directly resulting from activities of the United States and the number of children with respect to whom payment is to be made for any fiscal year, the Commissioner shall not count—

(A) children with respect to whom a local educational agency is, or upon application would be, entitled to receive any payment under section 3 for such fiscal year: Provided, That the Commissioner shall count for such purposes as an increase directly resulting from activities of the United States, an increase in the number of children who reside on Federal property or reside with a parent employed on Federal property, if the local educational agency files, in accordance with regulations of the Commissioner, its election that such increase be counted for such purposes instead of for the purposes of section 3; and

(B) children whose attendance is attributable to activities of the United States carried on in connection with real property which has been excluded from the definition of Federal property by the third sentence of paragraph (1) of section 403.

ADJUSTMENT FOR CERTAIN DECREASES IN FEDERAL ACTIVITIES

4(d) Whenever the Commissioner determines that—

(1) a local educational agency has made preparations to provide during a fiscal year free public education for a certain number of children to whom subsection (a) applies;

(2) such preparations were in his judgment reasonable in the light of the information available to such agency at the time such preparations were made; and

(3) such number has been substantially reduced by reason of a decrease in or cessation of Federal activities or by reason of a failure of any of such activities to occur, the amount to which such agency is otherwise entitled under this section for such year shall be increased to the amount to which, in the judgment of the Commissioner, such agency would have been entitled but for such decrease in or cessation of Federal activities or the failure of such activities to occur, minus any reduction in current expenditures for such year which the Commissioner determines that such agency has effected, or reasonably should have effected, by reason of such decrease in or cessation of Federal activities or the failure of such activities to occur.

CONSULTATION WITH STATE AND LOCAL AUTHORITIES

4(e) All determinations of the Commissioner under this section shall be made only after consultation with the State educational agency and the local educational agency.

PAYMENTS—APPLICATIONS

Section 5(a)(1) Any local educational agency desiring to receive the payments to which it is entitled for any fiscal year under sections 2, 3, or 4 shall submit an application therefor through the State educational agency of the State in which such agency is located to the Commissioner. Such applications shall be submitted at such time, in such form, and containing such information as the Commissioner may reasonably require to enable him to carry out his functions under this title and shall give adequate assurance that the applicant will submit such reports as the Commissioner may reasonably require to determine whether such agency is entitled to a payment under any of such sections and the amount of such payment.

Section 5(a)(2)(A) Applications submitted under paragraph (1) for payments on the basis of children determined under section 3(a) or 3(b) who reside, or reside with a parent employed on Indian lands shall set forth adequate assurance that Indian children will participate on an equitable basis in the school program of the local educational agency.

(B) For the purposes of this paragraph, the term "Indian lands" means that property included within the definition of Federal property under clause (A) of section 403(1).

PAYMENTS BY THE COMMISSIONER

5(b) The Commissioner shall pay to each local educational agency, making applications pursuant to subsection (a), the amount to which it is entitled under sections 2, 3, or 4. Sums appropriated, for any fiscal year, to enable the Commissioner to make payments pursuant to this title shall, notwithstanding any other provision of law unless enacted in express limitations of this subsection, remain available for obligation and payments with respect to amounts due local educational agencies under this title for such fiscal year, until the end of the fiscal year succeeding the fiscal year for which such sums are appropriated.

ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS

5(c) If the sums appropriated for any fiscal year for making payments on the basis of entitlements established under sections 2, 3, and 4 for that year are not sufficient to pay in full the total amounts which the Commissioner estimates all local educational agencies are entitled to receive under such sections for such year, the Commissioner shall allocate such sums among local educational agencies and make payments to such agencies as follows:

5(c)(1) He shall first allocate to each local educational agency which is entitled to a payment under section 2 and section 3 an amount equal to 25 per centum of the amount to which it is entitled as computed under section 2 or section 3(d), as the case may be, for such fiscal year.

5(c)(2) From that part of such sums which remains after the allocation required by paragraph (1) for any fiscal year, he shall allocate an additional amount—

(A) to each local educational agency described in clause (A) of section 3(d)(1) which equals 75 per centum of the amount to which such agency is entitled, as computed under section 3(d) with respect to a determination of a number of children under section 3(a), for such fiscal year;

(B) to each local educational agency with respect to which a number of children is determined under clause (2) of section 3(a) which equals 65 per centum of the amount to which such agency is entitled on the basis of determining such children as computed under section 3(d), for such fiscal year;

(C) to each local educational agency with respect to which a number of children is determined under clause (1) of section 3(a) which equals 63 per centum of the amount to which such agency is entitled on the basis of determining such children, as computed under section 3(d), for such fiscal year;

(D) to each local educational agency with respect to which a number of children is determined under clause (3) of section 3(b) which equals 35 per centum of the amount to which such agency is entitled on the basis of determining such children, as computed under section 3(d), for such fiscal year;

(E) to each local educational agency with respect to which a number of children determined under clause (1) and clause (2)(A) of section 3(b) which equals 32 per centum of the amount to which such agency is entitled on the basis of determining such children, as computed under section 3(d) for such fiscal year;

(F) to each local educational agency with respect to which a number of children is determined under clause (2)(B) of section 3(b) which equals 28 per centum of the amount to which such agency is entitled on the basis of determining such children, as computed under section 3(d), for such fiscal year; and

(G) to each local educational agency with respect to the amount to which such agency is entitled under section 2 which equals 35 per centum of the amount to which such agency is entitled on the basis of computations made under section 2 for such fiscal year.

5(c)(3) Any sums remaining after allocations are made pursuant to paragraph (2) for any fiscal year shall be allocated by the Commissioner among local educational agencies which have unsatisfied entitlements established under sections 2, 3, and 4 in proportion to the degree to which such entitlements are unsatisfied for that fiscal year, after allocations are made pursuant to paragraphs (1) and (2). No allocation may be made pursuant to paragraph (2) or (3) and no payment may be paid on the basis of any such allocation unless allocations are made pursuant to paragraph (1) and payments are made on the basis of such allocations. No allocation may be made pursuant to any clause of paragraph (2) and no payment may be made on the basis of any such allocation unless allocations are made pursuant to all of the clauses of such paragraph and payments are made on the basis of such allocations.

TREATMENT OF PAYMENTS BY THE STATES IN DETERMINING ELIGIBILITY FOR, AND THE AMOUNT OF, STATE AID

5(d)(1) Except as provided in paragraph (2), no payments may be made under this title for any fiscal year to any local educational agency in any State (A) if that State has taken into consideration payments under this title in determining—

(i) the eligibility of any local educational agency in that State for State aid for free public education of children; or

(ii) the amount of such aid with respect to any such agency: during that fiscal year or the preceding fiscal year, or (B) if such State makes such aid available to local educational agencies in such a manner as to result in less State aid to any local educational agency which is eligible for payments under this title than such agency would receive if such agency were not so eligible.

5(d)(2)(A) Notwithstanding paragraph (1) of this subsection, if a State has in effect a program of State aid for free public education for any fiscal year, which is designed to equalize expenditures for free public education among the local educational agencies of that State, payments under this title for any fiscal year may be taken into consideration by such State in determining the relative—

(i) financial resources available to local educational agencies in that State; and

(ii) financial need of such agencies for the provision of free public education for children served by such agency, provided that a State may consider as local resources funds received under this title only in proportion to the share that local revenues covered under a State equalization program are of total local revenues.

Whenever a State educational agency or local educational agency will be adversely affected by the operation of this subsection, such agency shall be afforded notice and an opportunity for a hearing prior to the reduction or termination of payments pursuant to this subsection.

(B) The terms "State aid" and "equalize expenditures" as used in this subsection shall be defined by the Commissioner by regulation, after consultation with State and local educational agencies affected by this subsection provided that the term "equalize expenditures" shall not be construed in any manner adverse to a program of State aid for free public education which provides for taking into consideration the additional cost of providing free public education for particular groups or categories of pupils in meeting the special educational needs of such children as handicapped children, economically disadvantaged, those who need bilingual education, and gifted and talented children.

LIMITATIONS ON PAYMENTS WITH RESPECT TO CHILDREN ON, OR RESIDING WITH A PARENT EMPLOYED ON, FEDERAL PROPERTY DESCRIBED IN SECTION 403(1)(C)

5(e)(1) The Commissioner shall determine that part of the entitlement of each local educational agency, for each fiscal year ending prior to July 1, 1978, which is attributable to determinations under subsections (a) and (b) of section 3 of the number of children who resided on, or resided with a parent employed on, property which is described in section 403(1)(C).

5(e)(2) No allocation or payment shall be made under paragraph (2) of subsection (c) with respect to that part of any entitlement of any local educational agency which is determined with respect to such agency for such year under paragraph (1). The limitation in this paragraph shall not operate under the last two sentences of subsection (c) to prevent allocations and payments under such paragraph (2).

5(e)(3) The amount of the payment to any local educational agency which is determined with respect to such agency under paragraph (1) shall be used for special programs and projects designed to meet the special educational needs of educationally deprived children from low income families.

USE OF FUNDS PAID WITH RESPECT TO ENTITLEMENTS INCREASED UNDER SECTION 3(d)(2)(C)

5(f) The amount of the payment to any local educational agency for any fiscal year which is attributable to a determination of children for increased payments under subparagraph (C) of section 3(d)(2) shall be used by such agency for special educational programs designed to meet the special educational needs of children with respect to whom such determination is made.

PARENTAL PARTICIPATION RE PAYMENT FOR INDIAN LANDS (SECTION 411(C)(2), PL 92-318)

"(A) The Commissioner shall exercise his authority under section 425 of the General Education Provisions Act to encourage local parental participation with respect to financial assistance under Title I of Public Law 874, 81st Congress, based upon children who reside on, or reside with a parent employed on Indian lands."

"(B) For purposes of this paragraph, the term 'Indian lands' means that property included within the definition of Federal property under clause (A) of section 401(1) of Public Law 874, 81st Congress."

CHILDREN FOR WHOM LOCAL AGENCIES ARE UNABLE TO PROVIDE EDUCATION

Section 6(a) In the case of children who reside on Federal property—

(1) if no tax revenues of the State or any political subdivision thereof may be expended for the free public education of such children; or

(2) if it is the judgment of the Commissioner, after he has consulted with the appropriate State educational agency, that no local educational agency is able to provide suitable free public education for such children.

The Commissioner shall make such arrangements (other than arrangements with respect to the acquisition of land, the erection of facilities, interest, or debt service) as may be necessary to provide free public education for such children. Such arrangements to provide free public education may also be made for children of members of the Armed Forces on active duty, if the schools in which free public education is usually provided for such children are made unavailable to them as a result of official action by State or local governmental authority and it is the judgment of the Commissioner, after he has consulted with the appropriate State educational agency, that no local educational agency is able to provide suitable free public education for such children. To the maximum extent practicable, the local educational agency, or the head of the Federal department or agency, with which any arrangement is made under this section shall take such action as may be necessary to insure that the education provided pursuant to such arrangement is comparable to free public education provided for children in comparable communities in the State, or, in the case of education provided under this section outside the continental United States, Alaska, and Hawaii, comparable to free public education provided for children in the District of Columbia. For the purpose of providing such comparable education, personnel may be employed and the compensation, tenure, leave, hours of work, and other incidents of the employment relationship may be fixed without regard to the Civil Service Act, and rules (5 U.S.C. 631 et seq.) and the following: (1) the Classification Act of 1949, as amended (5 U.S.C. 2061 et seq.); (2) the Annual and Sick Leave Act of 1951, as amended (5 U.S.C. 2061 et seq.); (3) the

V40235 DEC 5 75 XUM

Federal Employees' Pay Act of 1945, as amended (5 U.S.C. 901 et seq.); (4) the Veteran's Preference Act of 1944, as amended (5 U.S.C. 851 et seq.); and (5) the Performance Rating Act of 1950, as amended (5 U.S.C. 2001 et seq.). In any case where education was being provided on January 1, 1955, or thereafter under an arrangement made under this subsection for children residing on an Army, Navy (including the Marine Corps), or Air Force installation, it shall be presumed, for the purposes of this subsection, that no local educational agency is able to provide suitable free public education for the children residing on such installation, until the Commissioner and the Secretary of the military department concerned jointly determine, after consultation with the appropriate State educational agency, that a local educational agency is able to do so.

6(h) In any case in which the Commissioner makes such arrangements for the provision of free public education in facilities situated on Federal property, he may also make arrangements for providing free public education in such facilities for children residing in any area adjacent to such property with a parent who during some portion of the fiscal year in which such education is provided, was employed on such property, but only if the Commissioner determines after consultation with the appropriate State educational agency (1) that the provision of such education is appropriate to carry out the purposes of this title, (2) that no local educational agency is able to provide suitable free public education for such children, and (3) in any case where in the judgment of the Commissioner the need for the provision of such education will not be temporary in duration, that the local educational agency of the school district in which such children reside, or the State educational agency, or both, will make reasonable tuition payments to the Commissioner for the education of such children. Such payments may be made either directly or through deductions from amounts to which the local educational agency is entitled under this title, or both, as may be agreed upon between such agency and the Commissioner. Any amounts paid to the Commissioner by a State or local educational agency pursuant to this section shall be covered into the Treasury as miscellaneous receipts.

6(c) In any case in which the Commissioner makes arrangements under this section for the provision of free public education in facilities situated on Federal property in Puerto Rico, Wake Island, Guam, American Samoa, or the Virgin Islands, he may also make arrangements for providing free public education in such facilities for children residing with a parent employed by the United States, but only if the Commissioner determines after consultation with the appropriate State educational agency (1) that the provisions of such education is appropriate to carry out the purposes of this title, and (2) that no local educational agency is able to provide suitable free public education for such children.

6(d) The Commissioner may make an arrangement under this section only with a local educational agency or with the head of a Federal department or agency administering Federal property on which children reside who are to be provided education pursuant to such arrangement or, in the case of children to whom the second sentence of subsection (a) applies, with the head of any Federal Department or Agency having jurisdiction over the parents of some or all of such children. Except where the Commissioner makes arrangements pursuant to the second sentence of subsection (a), arrangements may be made under this section only for the provision of education in facilities of a local educational agency or in facilities situated on Federal property.

6(e) To the maximum extent practicable, the Commissioner shall limit the total payments made pursuant to any such arrangements for educating children within the continental United States, Alaska, or Hawaii, to an amount per pupil which will not exceed the amount he deterimnes to be necessary to provide education comparable to the free public education provided for children in the District of Columbia.

6(f) If no tax revenues of a State or of any political subdivision of the State may be expended for the free public education of children who reside on any Federal property within the State, or if no tax revenues of a State are allocated for the free public education of such children, then the property on which such children reside shall not be considered Federal property for the purposes of sections 3 and 4 of this Act. If a local educational agency refuses for any other reason to provide in any fiscal year free public education for children who reside on Federal property which is within the school district of that agency or which, in the determination of the Commissioner, would be within that school district if it were not Federal property, there shall be deducted from any amount to which the local educational agency is otherwise entitled for that year under section 3 or 4 an amount equal to (1) the amount (if any) by which the cost to the Commissioner of providing free public education for that year for each such child exceeds the local contribution rate of that agency for that year, multiplied by (2) the number of such children.

6(g) This section repealed by Section 438 (f)(1) of P.L. 91-230, approved April 13, 1970. See the Revised Section 401(a) (Sec. 422 of P.L. 91-230).

ASSISTANCE FOR CURRENT SCHOOL EXPENDITURES IN CASES OF CERTAIN DISASTERS

Sec. 7. (a) In any case in which—

7(1)(A) The Director of the Office of Emergency Planning determines with respect to any local educational agency (including for the purpose of this section any other public agency which operates schools providing technical, vocational, or other special education to children of elementary or secondary school age) that such agency is located in whole or in part within an area which after August 30, 1965, and prior to October 1, 1978, has suffered a major disaster as the result of any flood, drought, fire, hurricane, earthquake, storm, or other catastrophe which, in the determination of the President pursuant to Sections 102(2) and 301 of the Disaster Relief Act of 1974 is or threatens to be of sufficient severity and magnitude to warrant disaster assistance by the Federal Government; or 7(1)(B) the Commissioner determines with respect to any such agency that public elementary or secondary school facilities of such agency have been destroyed or seriously damaged prior to October 1, 1978, as a result of flood, hurricane, earthquake, storm, fire, or other catastrophe, except any such catastrophe caused by negligence or malicious action; and (2) the Governor of the State in which such agency is located has certified the need for disaster assistance under this section, and has given assurance of expenditure of a reasonable amount of the funds of the government of such State, or of any political subdivision thereof, for the same or similar purposes with respect to such catastrophe; and if the Commissioner determines with respect to such agency that—

(3) such agency is utilizing or will utilize all State and other financial assistance available to it for the purpose of meeting the cost of providing free public education for the children attending the schools of such agency, but as a result of such disaster it is unable to obtain sufficient funds for such purpose and requires an amount of additional assistance equal to at least $1,000 or one-half of 1 per centum of such agency's current operating expenditures during the fiscal year preceding the one in which such disaster occurred, whichever is less, and

(4) in the case of any such major disaster to the extent that the operation of private elementary and secondary schools in the school attendance area of such local educational agency has been disrupted or impaired by such disaster, such local educational agency has made provisions for the conduct of educational programs under public auspices and administration in which children enrolled in such private elementary and secondary schools may attend and participate: Provided, That nothing contained in this Act shall be construed to authorize the making of any payment under this Act for religious worship or instruction, the Commissioner may provide to such agency the additional assistance necessary to provide free public education to the children attending the schools of such agency, upon such terms and in such amounts (subject to the provisions of this section) as the Commissioner may consider to be in the public interest. Such additional assistance may be provided for a period not greater than a five-fiscal-year period beginning with the fiscal year in which it is determined pursuant to clause (1) of this subsection that such agency suffered a disaster. The amount so provided for any fiscal year shall not exceed the amount which the Commissioner determines to be necessary to enable such agency, with the State, local, and other Federal funds available to it for such purpose, to provide a level of education equivalent to that maintained in the schools of such agency prior to the occurrence of such disaster, taking into account the additional costs reasonably necessary to carry out the provisions of clause (4) of this subsection. The amount, if any, provided for the second, third, and fourth fiscal years following the fiscal year in which it is so determined that such agency has suffered a disaster shall not exceed 75 per centum, 50 per centum, and 25 per centum, respectively, of the amount so provided for the first fiscal year following such determination.

7(b) In addition to and apart from the funds provided under subsection (a), the Commissioner is authorized to provide to such agency an amount which he determines to be necessary to replace instructional and maintenance supplies, equipment, and materials (including textbooks) destroyed or seriously damaged as a result of such disaster, to make minor repairs, and to lease or otherwise provide (other than by acquisition of land or erection of facilities) school and cafeteria facilities needed to replace temporarily such facilities which have been made unavailable as a result of the disaster.

7(c) There is hereby authorized to be appropriated for each fiscal year such amounts as may be necessary to carry out the provisions of this section. Pending such appropriation, the Commissioner is authorized to expend (without regard for subsections (a) and (e) of section 3679 of the Revised Statutes (31 U.S.C. 665)) from any funds appropriated to the Office of Education and at that time available to the Commissioner, such sums as may be necessary for providing immediate assistance under this section. Expenditures pursuant to the preceding sentence shall—

(1) be reported by the Commissioner to the Committees on Appropriations and Education and Labor of the House of Representatives and the Committees on Appropriations and Labor and Public Welfare of the Senate within thirty days of the expenditures;

(2) be reimbursed from the appropriations authorized by the first sentence of this subsection.

The report required to the Committees on Appropriations by clause (1) in the preceding sentence shall constitute a budget estimate within the meaning of section 201(a)(5) of the Act of June 10, 1921 (31 U.S.C. 11(a)(f)).

7(d) No payment may be made to any local educational agency under this section except upon application therefor which is submitted through the appropriate State educational agency and is filed with the Commissioner in accordance with the regulations prescribed by him. In determining the order in which such applications shall be approved, the Commissioner shall consider the relative educational and financial needs of the local educational agencies which have submitted approvable applications.

7(e) Amounts paid by the Commissioner to local educational agencies under this section may be paid in advance or by way of reimbursement and in such installments as the Commissioner may determine. Any funds paid to a local educational agency and not expended or otherwise used for the purposes for which paid shall be repaid to the Treasury of the United States.

TITLE II—FINANCIAL ASSISTANCE TO LOCAL EDUCATIONAL AGENCIES FOR THE EDUCATION OF CHILDREN OF LOW-INCOME FAMILIES

(Omitted since it does not relate to financial assistance for local educational agencies in areas affected by Federal activities.)

TITLE III—FINANCIAL ASSISTANCE TO LOCAL EDUCATIONAL AGENCIES FOR THE EDUCATION OF INDIAN CHILDREN

(Omitted since such Title is the "Indian Elementary and Secondary School Assistantce Act" and does not relate to financial assistance for local educational agencies in areas affected by Federal activities.)

TITLE IV—GENERAL

ADMINISTRATION

Sec. 401(a). Repealed. [This section was repealed by Section 438(f)(1) of P.L. 91-230, approved April 13, 1970, and superseded by Section 432 of P.L. 91-230, (20 U.S.C. 1232a) (84 Stat. 169) which reads as follows:

"Sec. 432. No provision of the Act of September 30, 1950, Public Law 874, Eighty-first Congress; the National Defense Education Act of 1958; the Act of September 23, 1950, Public Law 815, Eighty-first Congress; the Higher Education Facilities Act of 1963; the Elementary and Secondary Education Act of 1965; the Higher Education Act of 1965; the International Education Act of 1966; or the Vocational Education Act of 1963 shall be construed to authorize any department, agency, officer, or employee of the United States to exercise any direction, supervision, or control over the curriculum, program of instructions, administration, or personnel of any educational institution, school, or school system, or over the selection of library resources, textbooks, or other printed or published instructional materials by any educational institution or school system, or to require the assignment or transportation of students or teachers in order to overcome racial imbalance."]

401(b) The Commissioner shall administer this Act, and he may make such regulations and perform such other functions as he finds necessary to carry out the provisions of this Act.

401(c) The Commissioner shall include in this annual report to the Congress a full report of the administration of his functions under this Act, including a detailed statement of receipts and disbursement.

PROHIBITION AGAINST USE OF APPROPRIATED FUNDS FOR BUSING (SECTION 802, PUBLIC LAW 92-318)

Sec. 802(a) No funds appropriated for the purpose of carrying out any applicable program may be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school system, or for the transportation) of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system, except on the express written voluntary request of appropriate local school officials. No such funds shall be made available for transportation when the time or distance of travel is so great as to risk the health of the children or significantly impinge on the educational process of such children, or where the educational opportunities available at the school to which it is proposed that any such student be transported will be substantially inferior to those opportunities offered at the school to which such student would otherwise be assigned under a nondiscriminatory system to school assignments based on geographical zones established without discrimination on account of race, religion, color, or national origin.

Sec. 802(b). No officer, agent, or employee of the Department of Health, Education, and Welfare (including the Office of Education), the Department of Justice, or any other Federal agency shall by rule, regulation, order, guideline, or otherwise (1) urge, persuade, induce, or require and local education agency, or any private nonprofit agency, institution, or organization to use any funds derived from any State or local sources for any purpose, unless constitutionally required, for which Federal funds appropriated to carry out any applicable program may not be used, as provided in this section, or (2) condition the receipt of Federal funds under any Federal program upon any action by any State or local public officer or employee which would be prohibited by clause (1) on the part of a Federal officer or employee. No other agent or employee or the Department of Health, Education, and Welfare, (including the Office of Education) or any other Federal agency shall urge, persuade, induce, or require sny local education agency to undertake transportation of any student where the time or distance or travel is so great as to risk the health of the child or significantly impinge on his or her educational process or where the educational opportunities available at the school to which it is proposed that such student be transported will be substantially inferior to those offered at the school to which such student would otherwise be assigned under a nondiscriminatory system of school assignments based on geographic zones established without discrimination on account of race, religion, color, or national origin.

802(c) An applicable program means a program to which the General Education Provisions Act applies.

PROHIBITION AGAINST USE OF APPROPRIATED FUNDS FOR BUSING (SECTION 252, PL 93-380)

Sec. 252. Part B of the General Education Provisions Act, amended by title V of this Act, is amended by adding at the end thereof the following new section:

"PROHIBITION AGAINST USE OF APPROPRIATED FUNDS FOR BUSING

Sec. 420. No funds appropriated for the purpose of carrying out any applicable program may be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system, except for funds appropriated pursuant to title I of the Act of September 30, 1950 (P.L. 874, 81st Congress), but not including any portion of such funds as are attributable to children counted under subparagraph (C) of section 3(d)(2) or section 403(1)(C) of that Act."

USE OF OTHER FEDERAL AGENCIES; TRANSFER AND AVAILABILITY OF APPROPRIATIONS

Sec. 402(a) In carrying out his functions under this Act, the Commissioner is authorized, pursuant to proper agreement with any other Federal department or agency, to utilize the services and facilities of such department or agency, and when he deems it necessary or appropriate, to delegate to any officer or employee thereof the function under section 6 of making arrangements for providing free public education. Payment to cover the cost of such utilization or of carrying out such delegated function shall be made either in advance or by way of reimbursement, as may be provided in such agreement. The last sentence of Section 402(a) repealed by Section 438(c)(1) of P.L. 91-230, approved April 13, 1970, and superseded by Section 421 of P.L. 91-230 (20 Stat. 1231) as redesignated by section 301(A) of P.L. 92-318, approved June 23, 1972 (86 Stat. 326), which reads as follows:

"Sec. 421. (a) The Commissioner is authorized to delegate any of his functions under any applicable program, except the making of regulations and the approval of State plans, to any officer or employee of the Office of Education.

"(b) In administering any applicable program, the Commissioner is authorized to utilize the services and facilities of any agency of the Federal Government and of any other public or nonprofit agency or institution in accordance with appropriate agreements, and to pay for such services either in advance or by way of reimbursement, as may be agreed upon."

402(c) All Federal departments or agencies administering Federal property on which children reside, and all such departments or agencies principally responsible for Federal activities which may occasion assistance under title I, shall to the maximum extent practicable comply with requests of the Commissioner for information he may require in carrying out the purposes of title I.

402(c) Such portion of the appropriations of any other department or agency for the fiscal year ending June 30, 1951, as the Director of the Bureau of the Budget determines to be available for the same purposes as title I, shall, except to the extent necessary to carry out during such year contracts made prior to the enactment of title I, be transferred to the Commissioner for use by him in carrying out such purposes.

402(d) No appropriation to any department or agency of the United States, other than an appropriation to carry out this Act, shall be available for the employment of teaching personnel for the provision of free public education for children in any State or for payments to any local educational agency (directly or through the State educational agency) for free public education for children, except that nothing in the foregoing provisions of this subsection shall affect the availability of appropriations for the maintenance and operations of school facilities (1) on Federal property under the control of the Atomic Energy Commission or (2) by the Bureau of Indian Affairs, or the availability of appropriations for the making of pay-

V40235 DEC 5 75 XUM

ments directed to be made by section 91 of the Atomic Energy Community Act of 1955, as amended, or the availability of appropriations under the Act of April 16, 1934, commonly referred to as the Johnson-O'Malley Act (25 U.S.C., sec. 452).

DEFINITIONS

Sec. 403. For the purposes of this Act—

(1) the term "Federal property" means real property which is owned by the United States or is leased by the United States, and which is not subject to taxation by any State or any political subdivision of a State or by the District of Columbia. Such term includes (A) except for purposes of section 6, real property held in trust by the United States for individual Indians or Indian tribes, and real property held by individual Indians or Indian tribes, which is subject to restrictions on alienation imposed by the United States, (B) for one year beyond the end of the fiscal year in which occurred the sale or transfer thereof by the United States, any property considered prior to such sale or transfer to be Federal property for the purposes of this Act, (C) any low-rent housing (whether or not owned by the United States) which is part of a low-rent housing project assisted under the United State Housing Act of 1937, section 516 of the Housing Act of 1949, or part B of title III of the Economic Opportunity Act of 1964, and (D) such term also includes any interest in Federal property (as defined in the foregoing provision of this paragraph) under an easement, lease, license, permit, or other arrangement, as well as any improvements of any nature (other than pipelines or utility lines) on such property even though such interests or improvements are subject to taxation by a State or political subdivision of a State or by the District of Columbia. Notwithstanding the foregoing provision of this paragraph, such term does not include any real property under the jurisdiction of the Post Office Department and used primarily for the provision of postal services. Real property which qualifies as Federal property under clause (A) of this paragraph shall not lose such qualification because it is used for a low-rent housing project.

(2) The term "child" except as used in title II, means any child who is within the age limits for which the applicable State provides free public education.

(3) The term "parent" includes a legal guardian or other person standing in loco parentis.

(4) The term "free public education" means education which is provided at public expense, under public supervision and direction, and without tuition charge, and which is provided as elementary or secondary school education in the applicable State, except that for the purposes of title II such term does not include any education provided beyond grade 12.

(5) The term "current expenditures" means expenditures for free public education, including expenditures for administration, instruction, attendance and health services, pupil transportation services, operation and maintenance of plant, fixed charges, and net expenditures to cover deficits for food services and student body activities, but not including expenditures for community services, capital outlay, and debt service, or any expenditures made from funds granted under title II of this Act or title II or III of the Elementary and Secondary Education Act of 1965.

(6)(A) For purposes of title I, the term "local educational agency" means a board of education or other legally constituted local school authority having administrative control and direction of free public education in a county, township, independent, or other school district located within a State. Such term includes any State agency which directly operates and maintains facilities for providing free public education.

(B) For purposes of title II, the term "local educational agency" means a public board of education or other public authority legally constituted within a State for either administrative control or direction of, or to perform a service function for, public elementary or secondary schools in a city, county, township, school district, or other political subdivision of a State, or such combination of school districts or counties as are recognized in a State as an administrative agency for its public elementary or secondary schools. Such term includes any other public institution or agency having administrative control and direction of a public elementary or secondary school, and it also includes (except for purposes of sections 203(a)(2), 203(b), and 205(a)(1)) any State agency which is directly responsible for providing free public education for handicapped children (including mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, crippled, or other health impaired children who by reason thereof require special education) or for children in institutions for neglected or delinquent children.

(7) The term "State educational agency" means the officer or agency primarily responsible for the State supervision of public elementary and secondary schools.

(8) The term "State" means a State, Puerto Rico, Wake Island, Guam, the District of Columbia, American Samoa, or the Virgin Islands, and for purposes of title II, such term includes the Trust Territory of the Pacific Islands.

(9) The terms "Commissioner of Education" and "Commissioner" means the United States Commissioner of Education.

(10) Average daily attendance shall be determined in accordance with State law, except that (A) the average daily attendance of children with respect to whom payment is to be made under section 3 or 4 of this Act shall be determined in accordance with regulations of the Commissioner, and (B) notwithstanding any other provision of this Act, where the local educational agency of the school district in which any child resides makes or contracts to make a tuition payment for the free public education of such child in a school situated in another school district, for purposes of this Act the attendance of such child at such school shall be held and considered (i) to be attendance at a school of the local educational agency so making or contracting to make such tuition payment, and (ii) not to be attendance at a school of the local educational agency receiving such tuition payment or entitled to receive such payment under the contract.

(11) The term "county" means those divisions of a State utilized by the Secretary of Commerce in compiling and reporting data regarding counties.

(12) The term "construction" includes the preparation of drawings and specifications for school facilities; erecting, building, acquiring, altering, remodeling, improving, or extending school facilities; and the inspection and supervision of the construction of school facilities.

(13) The term "school facilities" means classrooms and related facilities (including initial equipment) for free public education and interest in land (including site, grading, and improvements) on which such facilities are constructed, except that such term does not include those gymnasiums and similar facilities intended primarily for exhibitions for which admission is to be charged to the general public.

(14) The term "equipment" includes machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them, and includes all other items necessary for the functioning of a particular facility as a facility for the provisions of educational services, including items such as instructional equipment and necessary furniture, printed, published, and audiovisual instructional materials, and books, periodicals, documents, and other related materials.

(15) For the purpose of title II, the term "elementary school" means a day or residential school which provides elementary education, as determined under State law, and the term "secondary school" means a day or residential school which provides secondary education, as determined under State law, except that it does not include any education purovided beyond grade 12.

PART III:

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

General Wage Determination Decisions and Index

V40235 DEC 5 75 XUM

DEPARTMENT OF LABOR

Employment Standards Administration

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

General Wage Determination Decisions

General Wage Determination Decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determinations by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138), and of Secretary of Labor's Orders 12–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determination frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General Wage Determination Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR, Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area

indicated as required by an applicable Federal prevailing wage law and 29 CFR, Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

MODIFICATIONS AND SUPERSEDEAS DECISIONS TO GENERAL WAGE DETERMINATION DECISIONS

Modifications and Supersedeas Decisions to General Wage Determination Decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the Modifications and Supersedeas Decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 13–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing General Wage Determination Decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and Supersedeas Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR, Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rule-making procedures prescribed in 5 U.S.C. 553 has been set forth in the orginal General Wage Determination Decision.

CLASSIFICATIONS DEFINITIONS
TRUCK DRIVERS - ZONE 1

GROUP 1 - Warehousemen, yardmen, truck helpers, pick-ups, stationwagons, panel trucks, flatbody material truck (straight job), greasers, washers, firemen, gas pump attendants, dump trucks (up to 5 cubic yards).

GROUP 2 - Tank truck (straight).

GROUP 3 - Dump trucks (5 cubic yards and over), semi-dump trucks, semi-trailers, (whether flat rack, or pole and hauled or pushed by truck or tractor), Agitator or mixer trucks (up to 5 cubic yards), farm type tractor, tank truck (semi).

GROUP 4 - Low-boy trailers, winch trucks, fork trucks, distributor trucks (front and back end), truck crane, mont-rail truck.

GROUP 5 - Material checker and receiver, mechanics helpers.

GROUP 6 - Agitator or mixer truck (5 cubic yards and over).

GROUP 7 - Mechanics, euclid, dumpster, turnarorker, ross carriers, athey wagon or similar equipment, A-frame, hydrolift, dual purpose trucks.

TRUCK DRIVERS - ZONE 2

GROUP 1 - Warehouseman, yardman, truck helpers, pick-ups, stationwagons, panel trucks, flatbody material truck (straight job), greasers, washers, firemen, gas pump attendants, dump trucks (up to 5 cubic yards).

GROUP 2 - Tank truck (straight).

GROUP 3 - Dump trucks (5 cubic yards and over), semi-dump trucks, semi-trailers (whether flat rack or pole and hauled or pushed by truck or tractors), agitator or mixer trucks (up to 5 cubic yards), tank truck (semi).

GROUP 4 - Low-boy trailers, winch trucks, fork trucks, distributor truck (front and back end), truck crane, mont-rail truck.

GROUP 5 - Material checker and receiver, mechanics helpers.

DECISION NO. WV75-3107

TRUCK DRIVERS - ZONE 2 ((CONT'D)

GROUP 6 - Agitator or mixer truck (5 cubic yards and over).

GROUP 7 - Mechanics, tri-axle dump trucks, hydraulic 14ft tailgate, truck and farm type tractors, end dumpsters, turnarockers, ross carriers, athey wagon or similar equipment, A-frame, hydrolift, dual purpose trucks.

TRUCK DRIVERS - ZONE 3

GROUP 1 - Warehouse, yardmen, truck helpers, pickups, stationwagons, panel trucks, team 2 - up.

GROUP 2 - Flatbody material trucks (straight jobs), dump trucks (up to 5 cubic yards), material checkers, material receivers, team 4 - up, greasers, firemen and mechanic helpers (truck).

GROUP 3 - Semi-dump truck, semi-trailers (flat rack or pole), low-boy trucks, distributor trucks, agitators or mixer trucks (up to and including 5 yards), dump trucks and dumpsters (5 to 12 yards).

GROUP 4 - Dump truck, agitator or mixer trucks and other hauling equipment (12 yards to 20 yards), wacker trucker, rubber-tired tractors (towing or pushing).

GROUP 5 - Dump truck, agitator or mixer trucks and other hauling equipment (20 yards and over).

GROUP 6 - "A" Frame operator, mechanics (truck).

TRUCK DRIVERS - ZONE 4

GROUP 1 - Dumpmen & Flagmen.

GROUP 2 - Pick-up Trucks, dump tracks under 5 yard capacity, straight trucks.

GROUP 3 - Panel trucks, straight truck with multiple axle, dumpsters under 5 yard capacity, transit mix, dump trucks from 5 to 9 yard capacity, flat body material trucks (straight jobs), greasers, firemen & mechanic helperr, rubber-tired (towing or pushing flatbody vehicles), & form trucks.

DECISION NO. WV75-3107

TRUCK DRIVERS - ZONE 4 (CONT'D)

GROUP 4 - Dump trucks 10-15 yard capacity.

GROUP 5 - Dump trucks over 15 yard capacity, bottom and end dump euclids, all other euclid type trucks, turnarockers, ross carriers, athey wagons, A-frames, mechanics, semi-trailer or tractor trailers, low boy trucks, asphalt distributor trucks, agitator mixer, dumpcretes or batch trucks, specialized earth moving equipment, off-highway tandem back-dump, twin engine equipment and double hitched equipment (where not self-loaded).

AREA COVERED BY TRUCK DRIVERS ZONES

ZONE 1 - Braxton, Greenbrier, McDowell, Mercer, Monroe, Nicholas, Pocahontas, Raleigh, Summers, Webster & Wyoming Counties.

ZONE 2 - Lincoln, Logan & Mingo Counties.

ZONE 3 - Randolph & Tucker Counties

ZONE 4 - Grant, Hampshire, Hardy, Mineral & Pendleton Counties.

PAID HOLIDAYS:
A-New Year's Day; E-Memorial Day; G-Independence Day; D-Labor Day; H-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Paid Holidays: A through F, plus Christmas Eve.

b. Employer contributes 2¢ per hour per employee from June 1 to December 31.

c. 3% employer contribution based on the basic hourly rate plus health and Welfare and Pension fringes.

d. Employer contributes $41.16 per month per employee employed 30 days or more.

e. Employer contributes $34.67 per month per employee.

DECISION NO. WV75-3107

FOOTNOTES (CONT'D):

f. Employer contributes $58.50 per month per employee employed 30 days or more.

g. Employer contributes $26.00 per month per employee employed 30 days or more.

h. Employer contributes $34.67 per month per employee employed 30 days or more.

i. Employer contributes $28.50 per month per employee employed 30 days or more.

Group 3: Elevator (inside); Ford Ferguson - w/dragi Helicopter pilot; Oiler (ground); Oiler-plumber (asphalt or concrete plant); Power concrete curing machine operator; Power concrete saw, Power driven jumbo form setter; Stationary pipe wrapping and cleaning machine; Truck crane oiler

Group 4: Asphalt plant fireman; Boring machine; Chip spreading machine; Concrete pump; Concrete pump (truck mounted); Dinky locomotive or motorman (10 tons); Helicopter hoist; Helicopter radioman; Hydro-seeding machine operator; Pavement breaker; Power driven jumbo form setter; Stationary pipe wrapping and cleaning machine; Truck crane oiler

Group 5: A-frame winch truck; Asphalt plant or concrete batch plant; Asphalt spreading machine (spreader bar and similar); Bit sharpener; Boxman or mixerman (asphalt or concrete); Concrete joint machine (canal and similar type); Concrete planer; Drilling machine (water wells); Equipment greaser (mobile and grease rack); Ford Ferguson or similar type (w/drag attachments); Forklift (under 5 ton capacity); Hydra-hammer-Acra dropper; Hydrophobic concrete machine (Lutes, pipe, or seed); Instrumentman; Machine tool; Mechanic helper (all skills); Mechanic Mechanical base, curb or gutter (concrete or asphalt); Mechanic checker finisher (concrete, Clary-Johnson-Bidwell or similar); Oiler; Power driven (jobsite) (truck mounted); Road oil mixing machine; Roller; (Steel or tired type Self-propelled tar pipelining machine; Skiploader (wheel or tired type over 3/4 yd. up to and incl. 1-1/2 yds. (or like); Slinger crane (Austin-Western hydraulic lifting device for erecting pre-cast concrete pipe); Spotter; Tractor (Quad or similar type); Tugger hoist (1 drum)

Group 6: Asphalt or concrete plant engineer; Asphalt or concrete spreading (tamping or finishing); Asphalt paving machine (Barber Greene or similar type); Bolt spliter or vulcanizer; BUL Lima Road Factor, Hyster Factor or similar; Bridge crane; Bridge type unloader and turntable; Cast-in-place pipe laying machine; Combination mixer and compressor (gunnite work); Concrete mixer-paving; Crane (up to and incl. 25 ton capacity - long boom pay applicable); Crushing plant; Deck engine; Drill doctor; Elevating grader; Forklift (over 5 tons); Gradeall; Grade checker; Grouting machine; Heading shield; Heavy duty repairman; Hoist (single drum-buck-hoist-Chicago boom and similar type);

Group 7: Crane (over 25 tons up to and incl. 100 tons per) (Long boom pay applicable); Derrick Barge; Dredge engineer; Dredge fireman; Dredge leverman; Dredge oiler; Hoist (Stiff legs, Guy derricks or similar type up to 100 ton capacity - Oiler or long boom pay applicable); Loader (Athey, Euclid, Sierra or similar type); Monorail locomotive (Diesel, gas or electric); Motor patrol - Blade; Multiple engine tractor (Euclid and similar type, except Quad 9 Cat); Party chief; Rubber-tired earth moving equipment (Multiple engine, Euclid, Caterpillar and similar type up to 50 cu. yds. struck); Tractor (boom attachments - over 40' boom); Tractor Loader (Crawler and wheel type over 6 1/2 yds.); Tower crane (2 operations required); Tower crane repairman; Universal equipment (Shovel, Backhoe, Dragline, Clamshell, over 1 cu. yd. HSG); Welder (heavy duty repairman) combination; Wood mixer and other similar Pugmill equipment

Group 8: Auto grator; Automatic slip form crane, over 100 tons (Long boom pay applicable); Hoist (Stiff legs, Guy derricks or similar types, capable of hoisting over 100 tons - long boom pay applicable); Motor excavator (less than 750 cu. yds.); Slipform Pilot; Traveling tower; Mobile form traveler; Motor patrol (Auto Grader); Pipeline Mobile Telphers; Rubber-tired earth moving equipment (Euclid, Caterpillar, Euclid, Cater piller and similar type over 50 cu. yds. struck); Rubber-tired scraper (pushing one another, w/o Push Cat) - $.30 p/h additional to base rate); Rubber-tired self loading scraper (Paddle wheel - Auger type self-loading, 2 or more units); Tandem equipment (2 units); Tandem tractor (Quad or similar type); Tunnel mole boring machine

Group 9: Canal liner operator; Canal trimmer operator; Helicopter pilot; Highline cableway; Remote controlled earth moving equipment ($1.00 p/h additional to base rate); Wheel excavator operator (over 750 cy.)

DECISION NO. CA75-5142

Group 8:	9.78	.95	1.75	.30	.04
Group 9:	9.90	.95	1.75	.30	.04

Group 1: Oiler-driver; Compressor engineer oiler; Conveyor; Heavy duty repairman helper; Pump; Signalman; Switchman

Group 2: Concrete mixer, skip type; Conveyor; Fireman; Generator, pump or compressor, 2 - 5 inclusive, hydrostatic pump; Plant operator, generator, pump or compressor; Skiploader - wheel type up to 3/4 yd. w/o attachments; Soils field technicians, Tar pot fireman; Temporary heating plant; Trenching machine oiler; Well point pump

Group 3: Elevator (inside); Ford Ferguson - w/drag; Helicopter radioman (ground); Oiler-crusher (asphalt or concrete plant); Power concrete curing machine operator; Power concrete saw; Power driven jumbo form setter; Stationary pipe wrapping and cleaning machine; Truck crane oiler

Group 4: Asphalt plant fireman; Boring machine; Chip spreading machine; Concrete pump; Concrete pump (truck mounted); Dinky locomotive or motorman (10 tons); Helicopter hoist; Helicopter radioman; Highline cableway signalman; Power sweeper; Screed; Rodman and chainman; Trenching machine (up to 6')

Group 5: A-frame winch truck; Asphalt plant or concrete batch plant; Asphalt spreading machine (spreader bar and similar); Bit sharpener; Boxman or mixerman (asphalt or concrete); Concrete joint machine (canal and similar type); Concrete planer; Drilling machine (water wells); Equipment greaser (mobile and grease rack); Ford Ferguson or similar type (w/drag attachments); Forklift (under 5 ton capacity); Hydra-hammer-Aero stomper; Hydrographic or dec machine (strip, pump, o cond); Instrumentman; Machine tool; Maintain tunnel full slab vibrator; Mechanical berm, curb or gutter (concrete or asphalt); Mechanical finisher (concrete, Clary-Johnson-Bidwell or similar); Pavement breaker (truck mounted); Road oil mixing machine; Roller; Rock carrier (jobsite); Self-propelled tar pipelining machine; Skiploader (wheel or track type over 3/4 yd. up to and incl. 1-1/2 yds.); Slip form pump (power driven hydraulic lifting device for concrete forms); Stinger crane (Austin-Western or similar type), Traveling pipe wrapping, cleaning and bending machine; Truck type loader; Tugger hoist (1 drum)

Group 6: Asphalt or concrete plant engineer; Asphalt or concrete spreading (tamping or finishing); Asphalt paving machine (Barber Greene or similar type); Belt splicer or vulcanizer; Bill Lima Road Pactor, Wagner Pactor or similar; Bridge crane; Bridge type unloader and turntable; Cast-in-place pipe laying machine; Combination mixer and compressor (gunnite work); Concrete mixer-paving; Crane (up to and incl. 25 ton capacity - long boom pay applicable); Crushing plant; Deck engine; Drill doctor; Elevating grader; Forklift (over 5 tons); Gradeall; Grade checker; Grouting machine; Heading shield; Heavy duty repairman; Hoist (single drum-buck-hoist-Chicago boom and similar type);

Hoist (2 to 3 drum); Holman belt loader and similar type; LeTourneau blob compactor or similar type; Lift mobile; Lift slab machine (Vagtborg and similar types); Material hoist (1 drum); Mucking machine (1/4 yd. rubber-tired, rail or track type); Piledriver; Pneumatic concrete placing machine (Hackley-Presswell or similar type); Pneumatic heading shield (Tunnel); Pumpcrete gun; Rotary drill (excl. Calweon type); Rubber-tired earth moving equipment (single engine-Caterpiller, Euclid, Athey wagon, Water Pulls and similar types with any and all attachments up to 50 cu. yds. struck); Rubber-tired scraper (self-loading paddle wheel type John Deere 1040 and similar single unit); Skiploader (wheel or track type, over 1 1/2 yds. up to and incl. 6 1/2 yds.); Surface heaters and planer; Tractor-compressor-drill combination; Tractor, (Bulldozer, Tamper, Scraper and Push Tractor, single engine); Trenching machine (over 6' depth cap., manufacturers' rating); Tunnel locomotive (10 to 30 tons); Universal equipment (shovel, backhoe, dragline, clamshell, up to and incl. 1 cu. yd. MRC) (long boom pay applicable)

Group 7: Crane (over 25 tons up to and incl. 100 ton MRC) (long boom pay applicable); Derrick barge; Dual drum mixer; Hoist (2 or 3 drum w/boom attachment); Hoist (Stiff legs, Guy derricks or similar type up to 100 ton capacity - Oiler or long boom pay applicable); Loader (Athey, Euclid, Sierra or similar type); Monorail locomotive (Diesel, gas or electric); Motor patrol - Blade; Multiple engine tractor (Euclid and similar type, except Quad 9 Cat); Party chief; Rubber-tired earth moving equipment (Multiple engine, Euclid, Caterpillar and similar type up to 50 cu. yds. struck); Tractor (boom attachments - over 40' boom); Tractor Loader (Crawler and wheel type over 1 1/2 yds.); Tower crane (2 operators required); Tower crane repairman; Universal equipment (Shovel, Backhoe, Dragline, Clamshell, over 1 cu. yd. MRC); Welder (heavy duty repairman) combination; Wood mixer and other similar Pugmill equipment

Group 8: Auto grader; Automatic slip form crane, over 100 tons (long boom pay applicable); Hoist (Stiff legs, Guy derricks or similar types, capable of hoisting over 100 tons - long boom pay applicable); Hoe excavator (less than 750 cu. yds.); Mechanical finishing machine; Mobile form traveler; Motor patrol (multi-engine); Pipe mobile machine; Rubber-tired earth moving equipment (Multiple engine, Euclid, Caterpillar and similar type over 50 cy. struck); Rubber-tired scraper (pushing one another, w/o Push Cat, Push-Pull - $.50 p/h additional to base rate); Rubber-tired self-loading scraper (Paddle wheel - Auger type self-loading, 2 or more units); Tandem equipment (2 units); Tandem tractor (Quad or similar type); Tunnel mole boring machine

Group 9: Canal liner operator; Canal trimmer operator; Helicopter pilot; Highline cableway; Remote controlled earth moving equipment ($1.00 p/h additional to base rate); Wheel excavator operator (over 750 cy.)

STATE: Kansas

DECISION NO.: KS75-6156

Supersedes Decision No. KS75-6151, August 22, 1975 in 40 FR 36925

DESCRIPTION OF WORK: Residential construction consisting of single family homes and garden type apartments up to and including 4 stories.

COUNTIES: Shawnee

DATE: Date of publication

CLASSIFICATION DEFINITIONS

Group 1 - Board mat weavers and cable tiers; Georgia buggy (manually operated); Mixerman - no skip; Lift; Nailers, Salamander tenders; Track men; Tractor sweeper; Truck dumper; Wire mesh setter; Water pump up to 4 inches; and all other general laborer including flagman

Group 2 - Air tool operators; Cement handlers (bulk); Chain saw; Concrete buggy (mechanically operated); Grade man; Hot martic kettlemen; Guniter feeder; Joint man; Juke man; Mason tender; Material batch hopper and scale man; Mixer man; Pier hole man working 10 ft. deep; Pipelayer - drainage (concrete and/or corrugated metal); Signal man (crane); Truck dumper - dry batch; Vibrator operator; Wagon and chain drill operator.

Group 3 - Asphalt raker, barco tamper; Concrete saw; Creosote material - handling and applying; Nozzle burner (cutting torch and burning bar)

Group 4 - Conduit pipe; Tile and duct line setter; Form setter and liner on concrete paving; Powderman; Sandblasting and gunite nozzleman; Sanitary sewer pipe layer; steel plate structure erectors; water and gas distribution lines.

Group 5 - Leadman or pusher

DECISION NO. KS75-4194

POWER EQUIPMENT OPERATORS (Building (Heavy and Highway) (Cont'd)

CLASSIFICATION DEFINITIONS

Group 1 - Boilers (7); Bomb cat, boring machine, ditching machine; Concrete ready-mix plant; Crane, truck crane, clamshell, dragline; Dozer, scraper, all types, patrol; Firemen (when operating stems or air valve); Grader; Hi-lifts, patrol; Firemen (when operating stems or air valve); Grader; Hi-loaders (over 1 yd.); Hoist, two; Locomotive; Mechanic or welder; Mixer-mobile; Power, or any other machine with power swing; Piledriver operator; Power shovel; Pump, concrete or other material

Group 2 - A-frame truck; Barber Greene loader or smaller type; Bob cat Hi-loaders (1 yd. and under); Boiler (1); Ditching machine - small; Elevator operator; Firemen; Fork lift; Greaser, equipment; Hoist, one active drum; Hydra hammer; Jeep ditcher; Mixer, other than paver; Power broom, pump, 4" or larger, small machine engineer; Welding machine (1)

Group 3 - (a) Farm tractor (without attachments)
(b) Farm tractor (with attachments)

Group 4 - (a) Oiler;
(b) Motor crane Oiler

Group 5 - Tower cranes and derricks; Frankie-type pile driving machines; (4) drum hoist

Group 6 - Crane & shovels 100 ft. of boom or over (including jib) or 2 yds. capacity or over or 30 tons or over, (3) drum hoist
Group 7 - Crane & shovels, booms 200 ft. and over
Group 8 - Cranes with lifting ring
Group 9 - Master mechanic

Hoist each additional drum over two - additional $.25

POWER EQUIPMENT OPERATORS (Building Construction)

CLASSIFICATION DEFINITIONS

Group 1 - Asphalt paver and spreader, asphalt plant mixer operator, asphalt plant operator, back fillers, backhoe, all types, barber-greene loader (similar type), blade-power, all types, boats power, boilers (2), boring machines (all types), cableways, cherry pickers (all types), chip spreader, clamshells, combination concrete hoist and mixer such as mixermobile (with tower, 50c per hour additional), compressors (2) 105 ft. or over not more than 20' apart, compressors tandem (any sizes), compressors single, truck mounted, concrete ready-mixed plant, portable (job site); concrete mixer paver, crane-overhead, crusher, rock, derricks and derrick cars (power operated), ditching machines, dozers, dreglines, dredger - any type power, grade-all - similar types, hoist, endless chain - power operated with power travel, loaders - all types, locomotives all types, mechanic and welder, mucking machine, orange peels, piledrivers - all types; pumps - material all types, push cats, scoops all types, self propelled rotary drill, shovel, power, side boom, skimmer scoop, teathole machine, throttle man

Group 2 - A-frame trucks, boilers (1), brooms-power operated (all types), chip spreader (front man), clef plane operator, compressors (1) 105' or over, concrete saws, (self-propelled), conveyor operator, crab-power operated, curb finishing machine, firemen on rigs, flex plane, floating machine, form grader, fork lift - all types and sizes (except masonry), greaser, hoist, hoist, spdless chain-power operated, hopper-power operated, hydra hammer (all types), lad-a-vator - similar type, mixers with side loaders, jennies, sub-grader, tractors over 50 h.p., pumps (with well points); pump; rollers - all types, siphons, jets

Group 3 - Oiler

Group 4 - Fork lift-masonry

Group 5 - Oiler driver all types

Group 6 - Tractor (except when hauling trailer) 50 h.p. and less

Group 7 - Clamshells, 80 ft. of boom or over (including jib), crane or rigs, 80 ft. of boom or over (including jib), draglines, 80 ft. of boom or over (including jib), piledrivers, 80 ft. of boom or over (including jib)

Group 8 - Cranes or rigs, over 200 ft of boom

Group 9 - Hoists each additional drum over 1 drum

Group 10 - Welder mechanic

Group 11 - Crane - tower or climbing

Group 12 - Ready mixed concrete plants; (a) crane operator, (b) loader operator, (c) plant man, (d) conveyor operator

	Basic Hourly Rates	Fringe Benefits Payments H & W	Pensions	Vacation	Education and/or Appr. Tr.

Group 8	9.85	.50	.75	.75	.10

CLASSIFICATION DEFINITIONS

POWER EQUIPMENT OPERATORS:

Group 1 - Asphalt paver and spreader, asphalt plant console operator, auto grader, backhoe, blade operator, all types, boilers - 2; booster pump or dredge, boring machine (truck or crane mounted), bulldozer operator, clamshell operator, compressor maintenance operator - 2; concrete plant operator, central mix, concrete mixer paver, crane operator, derrick or derrick trucks, ditching machine, dragline operator, dredge engineman, dredge operator, drill cat with compressor mounted on cat, drilling or boring machine, rotary, self-propelled, high loader-fork lift, hoisting engine - 2 active drums, locomotive operator, standard gauge, mechanics and welders, field or shop, maintenance operator, mucking machine, pile driver operator, pitman crane operator, pump-2, quad-trac, scoop operator all types; scoops in tandem, self-propelled rotary drill (Leroy or equal - not air trac); shovel operator, side discharge spreader, sideboom cats, skimmer scoop operator, slip-form paver (CMI, REX, or equal), throttle man, truck crane welding machine maintenance operator - 2

Group 2 - A-frame truck, angle [illegible] or boiler, asphalt plant mixer operator, asphalt plant screen operator, backfiller operator, chip spreader, concrete batch plant, dry power operator, concrete mixer operator, skip loader, concrete pump operator, crusher operator, elevating grader operator, greaser, hoisting engine-1 drum, latourneau tooler, multiple compactor, pavement breaker, self-propelled, of the hydra-hammer or similar type, power shield, pug mill operator, stump cutting machine, toolboat operator, tractor operator over 50 h.p.

Group 3 - Boilers - 1, chip spreader (front man), churn drill operator, compressor maintenance operator - 1, concrete saws, self-propelled, conveyor operator, distributor operator, finishing machine operator, fireman, float operator, form grader operator, pump, pump maintenance operator, other than dredge, roller operator, other than high type asphalt, screening and washing plant operator, self-propelled street broom or sweeper, siphons and jets, sub-grading machine operator, tank car heater operator operators - combination boiler and booster, tractor, 50 H.P. or less without attachments, vibrating machine operator, pot hand, welding machine maintenance operator-1

Group 4 - Mechanic's helpers, oiler

Group 5 - Oiler.driver, all types

Group 6 - Clamshells, 3 yds. capacity or over, crane or rigs, 80 ft. of boom or over (including jib), draglines, 3 yds. capacity or over, piledrivers, 80 ft. of boom or over (including jib), shovels, 3 yds capacity or over

Group 7 - Cranes or rigs, over 200 ft. of boom (including jib)

Group 8 - Hoists (each additional drum over 1 drum)

Men working in tunnels or shafts (but air shafts or coffer dams) of twenty-five (25) ft. or more in length or depth will be paid fifty cents (50c) per hour above the regular classification

CLASSIFICATION DEFINITIONS

LABORERS - ZONE 1

GROUP 1 - Building and labor construction

GROUP 2 - Stone mason helpers; machine-tool operators; [illegible] men; caulkers, tenders, joint vipers, hot pot, grade carriers, layers and ditchers 4 feet or over); tender of all crafts; sandblaster (nozzlemen); Sandblaster (pot tender); laying non-metallic pipe over 4 feet deep, including sewer pipe, drain pipe, and underground tile; septic tank diggers and installers, over 4 feet deep; gas & oil pipeline laborers and wrappers

GROUP 3 - Gunite tool operators

LABORERS - ZONE 6

GROUP 1 - Building laborers

GROUP 2 - Laborers in mixing, screening, washing, crushing, conveying, stacking, loading & unloading sand, gravel, stone, slag, concrete mixtures & other materials; operators of mixers (portable or stationary); concrete vibrator operators; power buggy operators; tenders to bricklayers, cement masons, terrazzo workers, tile setters, stone masons, marble setters, painters, roofers, plasterers and pot tenders); depth men; asphalt, gas, electric, oil, water & sewer distribution & service pipeline laborers; pipelayers and caulkers; gunite machine operators; sandblasters; scaffold erectors; wagon drivers; material hoist operators; concrete pump operators; concrete finishers; concrete rubbers using power driven machines; concrete saw operators; concrete specialty men; concrete workers; curb machine operators; grout machine tenders; grout men; mason tenders; mortar mixers; motor grader operators; pavement breaker operators; pavement form setters; pavement strippers; pipe wrapping machine operators; power tool operators; rigging signalmen; rip rap men; rock slingers; scale men; shotcrete operators; tamper operators; tank scalers; tunnel muckers; vibrator operators; well point laborers

LABORERS - ZONE 7

GROUP 1 - Common laborers

GROUP 2 - Jackhammermen, reinforcing steel workers (placing, tying & setting), pipelayers, mason tenders, asphalt workers, concrete finishers, concrete workers, form setters, gunite operators, sandblasters, scaffold erectors, tank scalers, tunnel muckers, vibrator operators, welders, well point laborers

GROUP 3 - Mortar mixers

LABORERS - ZONE 8

GROUP 1 - Common laborers; carpenter helpers; mason tenders (cement); cement finishers; plasterers' tenders; stone mason helpers; concrete workers; riggers & signalmen

GROUP 2 - Air tool operators (jackhammer, vibrator, and tamper), acetylene burners; joiners and setters; concrete cutters; hod carriers; creosote materials handler; acid worker; mason tenders (cement); mortar mixer (wet or dry); motorized buggy operator; water proofers (manic); form setters (steel paving forms)

GROUP 3 - Chain saw operator

GROUP 4 - Asphalt raker, tamper, smoother and shoveler; power pipe layers; blaster helpers

GROUP 5 - Powderman

LABORERS - ZONE 10

GROUP 1 - Laborers, tenders (bricklayers, stonemasons, cement masons, carpenter, plasterers); Stripping & dismantling; concrete form work; loading, carrying & handling rtc.) & steel work; assisting to the erection of cut stone, granite or reinfried stone; building scaffold ; & misc

GROUP 2 - Blacksmith & tool operator (saw, sharpener, power driven hand tools); Pipe layers; Pipe caulkers & joiners

GROUP 3 - Powderman & blaster

AREA COVERED BY LABORERS (HIGHWAY CONSTRUCTION) ZONES

ZONE 1 - St. Tammany (or for routes as Bayou Lacombe and east on the Mandeville-Slidell Line (& Pearlington), Washington (except that portion north of I. 10 running due west from the western boundary of Washington Parish which follows Highway 59, the Louisiana-Mississippi State Line to Lake Pontchartrain) & Washington Parishes

ZONE 2 - Acadia, Iberia, Lafayette, St. Landry, St. Martin, St. Mary & Vermillion Parishes

ZONE 3 - Allen, Beauregard, Calcasieu, Cameron, Jefferson Davis & Vernon Parishes

ZONE 4 - All of Ascension, East Baton Rouge, East Feliciana, Iberville, Pointe Coupee, West Baton Rouge & West Feliciana Parishes; Parts of Assumption, St. James, [illegible] Parishes (beginning at the point where the south [illegible] of St. James Parish meets the Mississippi River; then [illegible] the south of said [illegible] Parish to the [illegible] which is east of Lutcher; then [illegible] to the point of beginning) & St. Mary Parish (that portion which is east of a line drawn from Patterson, Louisiana on U.S. Highway 90 (Berwick Highway) then west on U.S. 90 to Bayou Teche and on a direct line to Franklin, Louisiana)

ZONE 5 - Livingston, St. Helena & Tangipahoa (south & west of a line running from the western point of the town of Independence, then due south to the northern border of the town of Amite, then due south to the southern border of the town of Amite, then due south to Lake Pontchartrain) Parishes

ZONE 6 - Natchitoches (except Grand Lake), [illegible] Parishes; Rapides (except that portion of St. John the Baptist on the east bank of the Mississippi River as far as the Sycamore Inn at Lutcher and north to Blind River and Ponchatoula) & St. Tammany (south as far as Bayou Lacombe, east to the Mississippi State Line at Pearlington) Parishes

ZONE 7 - Avoyelles, Beauregard, Calcasieu, Cameron, Jefferson Davis, Natchitoches, St. Mary (on the west bank and including the town of Morgan City) & Vernon Parishes

ZONE 8 - Avoyelles, Evangeline, Grant, LaSalle, Natchitoches, Rapides & Winn Parishes

ZONE 9 - Bienville, Bossier, Caddo, Claiborne, DeSoto, Red River, Sabine & Webster Parishes

ZONE 10 - Caldwell, Catahoula, Concordia, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union & West Carroll Parishes

[illegible] OPERATORS - ZONE 1 (See AD)

GROUP 1 - Crane Operator, 60 tons & over; Crane Operator, Derrick; Crane Operator, Tower; Crane Operator, Hammerhead Tower; Crane Operator, Hammerhead Tower, Derrick; Crane Operator, Lattice Boom Crane; Crane Operator, Overhead Crane; Crane Operator, Whirley; Crane Operator, Whirley, Derrick; Crane Operator, Whirley, Derrick, Tower; Crane Operator, Whirley, Tower; Crane Operator, Whirley, Tower, Derrick; Crane Operator, Whirley, Tower, Derrick, Hammerhead; Crane Operator, Whirley, Tower, Hammerhead; Crane Operator, Whirley, Hammerhead; Crane Operator, Whirley, Derrick, Hammerhead; Crane Operator, Derrick, Hammerhead; Crane Operator, Tower, Derrick, Hammerhead; Crane Operator, Tower, Hammerhead; Crane Operator, Derrick, Tower; Crane Operator, Derrick, Tower, Hammerhead; Crane Operator, Hammerhead Tower

DECISION NO. LA75-4200

CLASSIFICATION DESCRIPTIONS

GROUP 1 - 60 ton crane & over; Crane with 175' boom

GROUP 2 - Crane with 175' boom

GROUP 3 - Heavy Duty Operators-Crane all types; dock winches (2); Pipe [illegible] similar type equipment; three drums (or more) stabilizers; pulls all types; concrete mixer one yard and over; all pavers; ditching or trenching machines (track type); mechanics and equipment welders; well-point systems; hoists, two drums or more; hoist, one drum, forty vertical feet or more; scrapers; bulldozers, rubber-tired or track other than farm-type; scoopmobiles; motor patrol; gradall; rollers on hot mix; asphalt paving machines; front end loaders [illegible] than farm-type, one cubic yard or over; shovels and backhoes, all [illegible] equivalent equipment; piledriver operator; sideboom cats; A-frame trucks when handling steel or pipe; work boats requiring licensed operators; tugboats; fork lifts over ten ton capacity; and foundation drilling machines

GROUP 4 - Medium Duty Operators-Two drums stabilizers; front end loaders under 1 cubic yard; A-Frame truck except when handling steel or pipe; finishing machines (concrete); power subgraders; tow tractor (scawler type); one drum machines (concrete); power subgraders; tow tractor (scawler type); one drum hoists under 40 vertical feet; firemen; concrete spreader; pugmill) operator; bituminous distributor on surface treatment and [illegible] all [illegible] equivalent; job greaser man on "Highway Construction"; unit operator (all Highway Zones); work boats not requiring licensed operators; inboard motors crew boats

GROUP 5 - Light Duty Operators-Single drum stabilizer; concrete mixer under one yard; spray curing machines; rollers on subgrade; one Air compressor over 125 cubic feet; form graders; asphalt finisher screed man; pump over 4 inches; scale operators; crusher operators; concrete jointing machines; concrete saw; tack machines and equivalent equipment; pump crete; electric elevator (inside); oiler-driver; farm-type, rubber-tired tractor, with attached [illegible] hoes; Koiun hoist and similar equipment; fork lifts, ton type capacity, and [illegible] outboard motored crew boats

GROUP 6 - Mechanic Helper; Batch Plant Operator

GROUP 7 - Oiler

GROUP 8 - Fireman

GROUP 9 - Fireman Operating steam Valve

GROUP 10 - Oiler on Crane Using Air to Drive Pile

V40235 DEC 75 XUM

NY [illegible] 3

15 New York 1-2-3-z 3 of 4

Welders - receive rate prescribed for craft performing operation to which welding is incidental.

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day; G-The Friday After Thanksgiving.

FOOTNOTES:

a. Holidays: A through G.

b. Employer contributes 4% of basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

c. Holidays: A through G; Washington's Birthday, Good Friday and Christmas Eve, providing employee has worked 45 full days during the 120 calendar days prior to the holiday and the regular scheduled work day immediately preceding and following the holiday.

d. Holidays; A through F; Washington's Birthday; Election Day for President of the United States and election of Governor of New York State, provided employee works the day before.

e. After one year, 5 days vacation; 3 years, 10 days vacation; 10 years, 15 days vacation; up to 2 weeks maximum vacation after completion of the 5th year, full vacations are earned by a driver who works 1040 hours or more in the calendar year. If an employee works less than 1040 hours in any calendar year, vacation will be prorated for either 1 or 2 weeks of vacation on the basis of using the number of hours worked as the numerator and 1040 as the denominator.

f. Paid Holidays, A through F, Friday after Thanksgiving Day except where the employee is laid off 2 or more weeks prior to the holiday, however employee laid off less than 2 weeks prior to election Day will automatically be eligible for the subsequent Friday after Thanksgiving as a paid holiday even though laid off.

[illegible] per
Construction (Cont'd)

FOOTNOTES: (Cont'd)

g. Employer contributes $1.00 per hour to a supplemental unemployment benefit fund.

h. Employer contributes $.45 per hour to a Supplement Unemployment benefit fund.

BUILDING AND HEAVY CONSTRUCTION POWER EQUIPMENT OPERATORS
GROUP I: Derrick Mechanic

GROUP IIA: all boom type equipment (100 ft or less), all pedestal carryall operators, Archer hoist, back and pull hoe operator, blast or rotary drill, track or cat mounted, boiler (when used for power), boom trucks, cableway operator, concrete paver machine, crane operator, derrick operator, dragline operator, elevating grader (self-propelled), hoad tower operator, hot roller (finisher course), hydraulic boom, hydro crane, maintenance engineer, mucking machine operator, multiple drum hoist, (more than 1 drum in use), Polne crane, pile dribing machine operator, power grader machine operator, scoopmobile, shovel operator, skimmer operator, tent core drill machine, tractor shovel operator, vertical caisson auger drill, well drilling machine

GROUP III: Back filling machine operator, Kolman loader, roller machine operator, snatch and pusher cats, stone crusher, towed or self-propelled rollers, trenching machine operator

GROUP IV: Air hoist operator, cage hoist operator, conveyor operator, conveyor system, (belt-crete or similar), hoisting engine op., house elevator, (when used for hoisting), industrial tractor, locomotive op., (irrespective of power), push button hoist op., Strato tower, tractors (when using winch power)

GROUP V: Concrete mixer op., (½ c.y. or over), gasoline driven boring machine, hydraulic system pumps, hydro hammer, finishing machine op., (asphalt spreader), finishing machine op.

GROUP VI: Air compressor operator, (under 160 CFM), air compressor op., (over 160 CFM), generator mechanical heater, (when 3 are in a battery), power plant (in excess of 10kW), welding machine operator, (to and including 3 machines)

GROUP VII: Bulldozer & tractor, (50 h.p., drawbar or under), monorail

GROUP VIII: Firemen

GROUP IX: Truck crane driver

GROUP X: Aggregate bin op., cement bin op., concrete mixer op., (under ½ c.y.), tractor machines

GROUP XI: Grout Machine Operator, Heating Boiler Operator (used for temporary heat), lubrucatub unit on truck, pneumatic mixer operator

GROUP XII: Pump Operator (4" or over); Pump Operator 2-3 in a battery)

15-New York-1-2-3-4 8 of 1

	Basic Hourly Rates	Fringe Benefit Payments H.& W.	Pension	Vacation	Education and/or Apprentice
Master Mechanic	$11.31	.50	.50+a		.15

BUILDING, HVY. & HWY CONSTRUCTION

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Employer contributes 4% basic hourly rate for 5 years or more of service or 2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

b. Holidays: A through F.

c. Holidays: A through F; Washington's Birthday and Good Friday, providing employee has worked 45 full days the 120 calendar days prior to the holiday, and the regularly scheduled work days immediately preceding and following the holiday.

d. Holidays: A through F; Washington's Birthday, Election Day for President of the United States and Election of Governor of New York State (provided employee works the day before and the day after the holiday).

e. One week vacation after one year's work.

f. Two hours off on Election Day.

g. Labor Day and Memorial Day paid

Twps. of Mt. Morris, Caneadea, Amity, Belfast, Bolivar, Boonville, Western, Steuben, Vienna, Bovina, Floyd, Westernville, Verona, Augusta and Vernon.

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Employer contributes $.40 per hour to the Supplemental Unemployment Benefit Fund.

b. Paid Holidays A through F; providing the employee works the working day before and after the holiday.

POWER EQUIPMENT OPERATORS: HEAVY AND HIGHWAY CONSTRUCTION

Group I - Automated concrete spreader (CMI), automatic fine grader, backhoe (except tractor mounted, rubber tired), belt placer (CMI type), blacktop plant (automated), cableway, caisson auger, central mix concrete plant (automated), cherry picker (over 5 tons capacity), concrete pump (8" or over), crane, cranes & derricks (steel erection), dragline, dredge, dual drum paver, excavator (all purpose-hydraulically operated, (gradall or similar), fork lift (factor rated 15 ft. and over), front end loader 4 c.y. and over), head tower (sauerman or equal) hoist (2 or 3 drum), mine hoist, mucking machine or mole, over head crane (gantry or straddle type), piledriver, power grader, quarry master (or equivelent), scraper, shovel, sideboom, slip form paver (if second man is needed, he shall be an oiler), tractor drum belt type loader, truck crane, tunnel shovel.

Group II - Backhoe (tractor mounted, rubber tired), bituminous spreader and mixer, blacktop plant (non-automated), blast or rotary drill truck or tractor mounted), boring machine, cage-hoist, central mix plant (non-automated and all concrete batching plants), cherry picker (5 tons capacity and under), compressors (4 or less) exceeding 2000 C.F.M. combined capacity concrete paver (over 16S), concrete pump (under 8"), crusher, diesel power unit, drill rigs (tractor mounted), front end loader (under 4 c.y.), hi-pressure - boiler (15 lobs. and over), hoist (one drum) Kolman plant loader and similar type loaders (if another man is required to clean screen or to maintain the equipment, he shall be an oiler), locomotive maintenance/engineer/greasemen/welder, mixer (for stablized base self-propelled), monorail machine, plant engineer, pump crete, ready mix concrete plant, refrigeration equipment (for soil stabilization), road widener, roller (all above subgrade), tractor with dozer and/or pusher, trencher, tugger-hoist, winch, winch cat.

POWER EQUIPMENT OPERATORS: HEAVY AND HIGHWAY CONSTRUCTION CONT'D.

Group III - A-frame truck, compressors (4 not to exceed 2000 C.F.M. combined capacity or 3 or less with more than 1200 C.F.M. but not to exceed 2000 C.F.M.), compressors (any size but subject to other provisions for compressors), dust collectors, generators, pumps, welding machines (4 of any type of combination), concrete pavement spreaders and finishers, conveyor, drill-core, drill-well, electric pumps used in conjunction with well point system, farm tractor with accessories, fine grade machine, fork lift (under 15 ft.), gunite machine, hammers (hydraulic-self propelled), post hole digger and post driver, power sweeper, roller (grade and fill), submersible electric pump (when used in lieu of well point system), tractor with towed accessories, vibratory compactor, vibro tamp, well point.

Group IV - Aggregate plant, boiler (used in conjunction with production), cement and bin operator, compressors (3 or less not to exceed 1200 C.F.M. combined capacity), compressor (any size, but subject to other provisions for compressors) dust collectors, generator pumps, welding machines (3 or less of any type combination), concrete paver 16S and under), concrete saw (self-propelled), fireman, form tamper, hydraulic pump (jacking system), lighting plants, mulching machine, oiler parapet- (concrete or pavement grinder), power broom (towed), power heaterman, revinius widener, shell winder, steam cleaner, tractor.

TRUCK DRIVERS: HEAVY AND HIGHWAY CONSTRUCTION	Basic Hourly Rates	Fringe Benefit Payments H&W	Pensions	Vacation	Apprv. Tr.

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTE:
a. Paid Holidays A through F, provided the employee has worked the working day before and after the holiday.

TRUCK DRIVERS: HEAVY AND HIGHWAY CONSTRUCTION:

CLASS 1
Warehousemen, yardmen, truck helpers, pickups, panel trucks, flatboy material trucks (straight jobs), single axal dump trucks, dumpsters, material checkers and receivers, greasers, truck firemen, mechanic helpers and parts chaser.

CLASS 2
Tenders, batch trucks, mechanics and dispatcher.

CLASS 3
Semi-trailers, low-boy trucks, asphalt distributor trucks, agitator, mixer trucks and dumpcrete type vehicles, truck mechanic.

CLASS 4
Specialized earth moving equipment - euclid type or similar off-highway equipment, where not self loaded, and straddle (push) carrier.

CLASS 5
Off-highway tandem back-dump, twin engine equipment and double-hitched equipment where not self loaded.

INDEX TO GENERAL WAGE DETERMINATION DECISIONS AND MODIFICATIONS AS OF NOVEMBER 7, 1975

There is set forth below an index to general wage determination decisions and modifications as published in the FEDERAL REGISTER pursuant to the Davis-Bacon and related Acts. The index lists general wage determination decisions and modifications by State and county. An updated index is published on the first Friday of each month.

The index is published for the convenience of the public and the Department of Labor will endeavor to keep it accurate and up to date. In the event the data in the index and published general decisions do not coincide, the published general decisions shall control.

ABBREVIATIONS

(B)—Building Construction.
(D)—Dredging Construction.
(F)—Flood Control Construction.
(H)—Heavy Construction.
(Hw)—Highway Construction.
(Res)—Residential Construction.
(SFE)—Heavy Engineering.
(LE)—Light Engineering.
(U)—Utility.
(W&S)—Water and Sewer.

Signed at Washington, D.C., this 28th day of November 1975.

RAY J. DOLAN,
Assistant Administrator,
Wage and Hour Division.

Legal Services Corporation—Adoption of bylaws 52021; 11–7–75

List of Public Laws

NOTE: No acts approved by the President were received by the Office of the Federal Register for inclusion in today's LIST OF PUBLIC LAWS.

ATTENTION: Questions, corrections, or requests for information regarding the contents of this issue only may be made by dialing 202–523–5284. For information on obtaining extra copies, please call 202–523–5240. To obtain advance information from recorded highlights of selected documents to appear in the next issue, dial 202–523–5022.

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Subpart—Offering unfair, improper and deceptive inducements to purchase or deal: § 13.2063 Scientific or other relevant facts. Subpart—Using deceptive techniques in advertising: § 13.2275 Using deceptive techniques in advertising.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45)

In the Matter of D'Arcy-MacManus & Masius, Inc. a Corporation

Consent order requiring a New York City advertising agency, among other things to cease making deceptive fuel economy claims for automobiles.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows: [1]

ORDER

It is ordered, That respondent D'Arcy-MacManus & Masius, Inc., its successors and assigns, its officers, agents, representatives, and employees, directly or through any corporation, subsidiary, division or other device in connection with the advertising, offering for sale, sale or distribution of products in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, by reference to a test or tests, that any automobile is superior with regard to fuel economy to any other automobile, unless:

(a) Such superiority has been demonstrated, as to the model(s) for which it is claimed, by such test or tests with respect to each sample, or the valid average of all identical samples, of each model represented to have been tested; or

(b) The valid test results for each sample, or the valid average of all identical samples, of each model so compared, including the advertised model as well as such makes and models to which the advertised model is compared, are clearly and conspicuously disclosed.

For the purpose of this order "sample" shall mean an actual automobile tested. *It is provided, however*, That nothing in this paragraph is intended to conflict with any guidelines, rules or regulations with respect to fuel economy testing or advertising that may hereafter from time to time be promulgated by any agency of the United States Government, and, if such conflict does occur, the guidelines, rules or regulations shall govern.

2. Misrepresenting in any manner the fuel economy of any automobiles or the superiority of any automobile over competing products in terms of fuel economy.

3. Representing, directly or by implication, by reference to a test or tests, that the performance of any consumer automotive product has been tested either alone or in comparison with other consumer automotive products unless such representation(s) accurately reflect the test results and unless the tests themselves are so devised and conducted as to substantiate each such representation concerning the featured tests.

4. Misrepresenting in any manner the purpose, contents or conclusion of any test, report or study relating to the performance of any consumer automotive product.

For purposes of paragraphs 3 and 4 of this order "test" shall include demonstrations which are claimed to be proof of the representations made.

5. It shall be a defense under paragraphs 1–4 of this order that respondent neither knew nor should have known of the facts concerning the test, fuel economy or performance which make the advertising false or misleading.

It is further ordered, That the respondent herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It is further ordered, That the respondent corporation shall forthwith distribute a copy of this order to each of its operating divisions.

It is further ordered, That respondent notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

The Decision and Order was issued by the Commission October 31, 1975.

CHARLES A. TOBIN,
Secretary.

PART 13—PROHIBITED TRADE PRACTICES, AND AFFIRMATIVE CORRECTIVE ACTIONS

Pacific Gamble Robinson Co.

Subpart—Advertising falsely or misleadingly: § 13.10 Advertising falsely or misleadingly; 13.10–1 Availability of merchandise and/or facilities; § 13.180 Quantity; 13.180–30 In stock; § 13.205 Scientific or other relevant facts. Subpart—Corrective actions and/or requirements: § 13.533 Corrective actions and/or requirements; 13.533–20 Disclosures; 13.533–25 Displays, in-house; 13.533–40 Furnishing information to media; 13.533–45 Maintain records; 13.533–45(k) Records, in general. Subpart—Misrepresenting oneself and goods—Goods: § 13.1572 Availability of advertised merchandise and/or facilities; § 13.1740 Scientific or other relevant facts. Subpart—Neglecting, unfairly or deceptively, to make material disclosure: § 13.1882 Prices; § 13.1895 Scientific or other relevant facts. Subpart—Offering unfair, improper and deceptive inducements to purchase or deal: § 13.2063 Scientific or other relevant facts.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45)

In the Matter of Pacific Gamble Robinson Co., a Corporation

Consent order requiring a Seattle, Wash., grocery store chain, among other things to cease not having advertised items readily available for sale at or below the advertised price. Further, respondent is required to use shelf signs to indicate the location of items advertised below regular shelf price; to mark customarily price-marked items with the advertised prices; to post at store entrances and check-out counters notices (1) containing a copy of the ad, (2) listing any advertised items unavailable, and (3) announcing that rainchecks will be issued for them; and to maintain a

V40236 DEC 8 75 XUM

program of continuing surveillance to ensure that their stores comply with the order.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows: [1]

ORDER

I. *It is ordered*, That respondent Pacific Gamble Robinson Co., a corporation, its successors or assigns, its officers, agents, representatives and employees, directly or through any corporation, subsidiary, division or other device, in connection with the advertising, offering for sale, sale or distribution of food or grocery products or other merchandise, hereafter sometimes referred to as items, offered or sold in its retail stores, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from, directly or indirectly:

A. Disseminating, or causing the dissemination of any advertisement by any means which offers any items for sale at a stated price, unless throughout the effective period of the advertised offer at each retail store covered by the advertisement:

1. Each advertised item is readily available for sale to customers in the public area of the store, or if not readily available there, a clear and conspicuous notice is posted where the item is regularly displayed which states that the item is in stock and may be obtained upon request, and said item is furnished on request;

2. There is a sign or other conspicuous marking at the place where an item advertised below regular shelf price is displayed for sale clearly disclosing that the item is "as advertised" or "on sale" or words of similar import as appropriate, and disclosing on such sign or marking, the advertised price;

3. Each advertised item, which is usually and customarily individually marked with a price, is individually, clearly, and conspicuously marked with the advertised price;

4. Each advertised item is sold to customers at or below the advertised price: *Provided*, That it shall not be deemed a violation of the above subparagraphs A.1., A.2., A.3., or A.4., if respondent is complying with a specific exemption, limitation or restriction with respect to store, item or price which is clearly and conspicuously disclosed in all advertisements. *Provided, further*, It shall constitute a defense to a charge of unavailability under subparagraph I.A.1. if respondent maintains and furnishes or makes available for inspection and copying upon the request of the Federal Trade Commission, such records and affidavits as will show that (a) the advertised items were delivered to its stores in quantities sufficient to meet reasonably anticipated demand, or (b) the advertised items were ordered but not delivered due to circumstances beyond respondent's control, and that respondent, upon notice or knowledge of such nondelivery acted immediately to contact the media to correct the advertisement or proposed advertisement to reflect the limited availability or unavailability of each advertised item, and (c) respondent immediately offered to customers on inquiry a "rain check" for each unavailable item which entitled the holder to purchase the item in the near future at or below the advertised price.

In determining compliance with Section I of this order, the Commission will consider the circumstances surrounding failure to make advertised items conspicuously and readily available for sale at or below the advertised prices due to circumstances beyond respondent's control.

II. *It is further ordered*, That respondent Pacific Gamble Robinson Co., a corporation, its successors or assigns, its officers, agents, representatives and employees, directly or through any corporation, subsidiary, division or other device, in connection with the advertising, offering for sale, sale or distribution of food or drugs, as those terms are defined in the Federal Trade Commission Act, do forthwith cease and desist from:

A. Disseminating or causing to be disseminated, by United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, for the purpose of inducing, or which is likely to induce, directly or indirectly the purchase of any product, any advertisement which contains any of the offers prohibited by Section I of this order;

B. Disseminating or causing to be disseminated by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase of any such product in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which contains any of the offers prohibited by Section I of this order.

III. *It is further ordered*, That throughout each advertised sale period in each of its retail stores covered by an advertisement, respondent shall post conspicuously (1) at or near each doorway affording entrance to the public, and (2) at or near the place where customers pay for merchandise, notices which contain the following:

A. A copy of the advertisement.

B. A statement that: "All items advertised are readily available for sale at or below advertised price except the following items:

"Rain checks will be gladly issued for these items, that will enable you to purchase these items at or below the advertised price in the near future. If you have any questions, the store director will be glad to assist you."

IV. *It is further ordered*, That respondent shall cause the following statement to be clearly and conspicuously set forth in each printed advertisement which represents that items are available for sale at a stated price at any of its stores: "Each of these advertised items is required to be readily available for sale at or below the advertised price in each Tradewell store, except as specifically noted in this ad."

V. *It is further ordered*, That:

A. Respondent shall forthwith deliver a copy of this order to each of its operating divisions and to each of its present and future officers and other personnel in its organization down to the level of and including assistant store directors who, directly or indirectly, have any supervisory responsibilities as to individual retail stores of respondent, or who are engaged in any aspect of preparation, creation, or placing of advertising, and that respondent shall secure a signed statement acknowledging receipt of said order from each such person;

B. Respondent shall institute and maintain a program of continuing surveillance adequate to reveal whether the business practices of each of its retail stores conform to this order, and shall confer with any duly authorized representative of the Commission pertaining to such program when requested to do so by a duly authorized representative of the Commission;

C. Respondent shall, for a period of three (3) years subsequent to the date of this order:

1. Maintain business records which show the efforts taken to ensure continuing compliance with the terms and provisions of this order;

2. Grant any duly authorized representative of the Federal Trade Commission access to all such business records;

3. Furnish to the Federal Trade Commission copies of such records which are requested by any of its duly authorized representatives;

D. Respondent shall, all other provisions of this order notwithstanding, on or before each of the first three (3) anniversary dates of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which it has complied with this order in the preceding year.

It is further ordered, That respondent shall notify the Commission at least thirty days prior to any proposed change in the corporate respondent, such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the respondent which may affect compliance obligations arising out of this order.

It is further ordered, That respondent shall, within sixty days after service upon it of this order, file with the Commission a written report setting forth in detail the manner and form of its compliance with this order.

The Decision and Order was issued by the Commission October 29, 1975.

CHARLES A. TOBIN,
Secretary.

PART 13—PROHIBITED TRADE PRACTICES, AND AFFIRMATIVE CORRECTIVE ACTIONS

U.S. Pioneer Electronics Corp.

Subpart—Coercing and intimidating: § 13.358 Distributors. Subpart—Combining or conspiring: § 13.395 To control marketing practices and conditions; § 13.425 To enforce or bring about resale price maintenance; § 13.430 To enhance, maintain or unify prices; § 13.431 To exchange future price information; § 13.450 To limit distribution or dealing to regular, established or acceptable channels or classes; § 13.497 To terminate or threaten to terminate contracts, dealings, franchises, etc. Subpart—Corrective actions and/or requirements; § 13.533 Corrective actions and/or requirements; 13.533–20 Disclosures; 13.533–45 Maintain records; 13.533–45(k) Records, in general; 13.533–65 Renegotiation and/or amendment of contracts. Subpart—Cutting off supplies or service: § 13.655 Threatening disciplinary action or otherwise. Subpart—Delaying or withholding corrections, adjustments or action owed: § 13.675 Delaying or withholding corrections, adjustments or action owed; § 13.677 Delaying or failing to deliver goods or provide services or facilities. Subpart—Maintaining resale prices: § 13.1130 Contracts and agreements; § 13.1140 Cutting off supplies; § 13.1155 Price schedules and announcements; § 13.1160 Refusal to sell; § 13.1165 Systems of espionage; 13–1165–80 Requiring information of price cutting; 12.1165–90 Spying on and reporting price cutters, in general.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45)

In the Matter of U.S. Pioneer Electronics Corp. a Corporation

Consent order requiring a Moonachie, N.J., supplier of high fidelity audio components, among other things to cease fixing resale prices of its products and limiting customers with whom its dealers may deal; fair trading its products for five years; suggesting resale prices for two years; withholding earned advertising allowances from or refusing to sell to, price-cutting dealers; requiring dealers to report price-cutters; and imposing customer restrictions upon dealers.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows: [1]

ORDER

I. *It is ordered*, That respondent U.S. Pioneer Electronics Corp., a corporation, its successors and assigns, and respondent's employees, agents, representatives, including sales representatives or other independent contractors, directly or through any corporation, subsidiary, division or other device, in connection with the manufacture, importation, distribution, offering for sale and sale of high fidelity audio components and other products in or affecting commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Establishing, continuing or enforcing any contracts, agreements, understandings or arrangements with distributors or retail dealers of respondent's products (hereinafter distributors and retail dealers are referred to in this Order as "dealers") which have the purpose or effect of fixing, establishing, maintaining, or enforcing the prices at which respondent's products are to be resold.

2. Fixing, establishing, controlling or maintaining the prices at which dealers may advertise, promote, offer for sale or sell respondent's products.

3. Publishing, disseminating, circulating or providing by any other means, any suggested resale prices: *Provided however*, That subsequent to two (2) years after the date on which this Order becomes final, respondent may suggest resale prices if it is clearly and conspicuously stated on each page of any price list, book, tag, advertising or promotional material or other document that the price is suggested.

4. Requiring any dealer to enter into written or oral agreements or understandings that such dealer will adhere to established or suggested prices for respondent's products as a condition to receiving or retaining its dealership.

5. Refusing to sell or threatening to refuse to sell to any dealer who desires to engage in the sale of respondent's products for the reason that such dealer will not enter into an understanding or agreement with respondent to advertise or sell said products at respondent's established or suggested resale price.

6. Threatening to withhold or withholding earned cooperative advertising credits or allowances from any dealer because said dealer advertises respondent's products at retail prices other than that which respondent deems appropriate or has approved.

7. Disseminating or circulating any warranty registration form or any other document which requires or requests that the retail price paid by the ultimate consumer for respondent's products be stated and reported to respondent.

8. Securing or attempting to secure any promises or assurances from dealers or prospective dealers regarding the prices at which such dealers will advertise or sell respondent's products or requesting or requiring any dealer or prospective dealer to obtain approval from respondent for prices offered by said dealers in advertisements for respondent's products.

9. Requiring, soliciting or encouraging any dealer, person or firm either directly or indirectly to report the identity of any dealer, person or firm who does not adhere to any resale or retail price for any of respondent's products, or acting on reports so obtained by refusing or threatening to refuse sales to any dealer, person or firm so reported.

10. Terminating, threatening, intimidating, coercing, delaying shipments, or taking any other action to prevent the sale of respondent's products by a dealer because said dealer has advertised or sold, is advertising or selling, or is suspected of advertising or selling such products at other than prices that respondent may deem to be appropriate or has approved.

11. Establishing, continuing or enforcing, by refusal to sell, termination or threat thereof, delay in shipment or threat thereof, or in any other manner, any contract, agreement, understanding, or arrangement or method of doing business which has the purpose or effect of restricting or limiting in any manner the customers or classes of customers to whom dealers may sell respondent's products.

12. Convening or participating in any meeting for the purpose of undertaking or engaging in any of the acts or practices prohibited by this Order.

In connection with the foregoing provisions under Part I of this Order, *it is further provided*, That after the expiration of five (5) years from the date this Order becomes final, nothing contained in this Order shall prohibit respondent from lawfully exercising such rights, if any, as it may have to distribute and establish resale prices for its products under fair trade laws then in effect.

II. *It is further ordered*, That respondent shall:

1. Forthwith upon this Order becoming final, mail or deliver, and obtain signed receipts therefor, copies of this Order to every present dealer, to every dealer terminated by respondent since January 1, 1972 and to every person or firm that within three (3) years from the effective date hereof becomes a new dealer.

2. Forthwith distribute a copy of this Order to each of its operating divisions and subsidiaries and to all officers, sales personnel, sales agents, sales representatives and advertising agencies and secure from each such entity or person a signed statement acknowledging receipt of said Order.

3. Within thirty (30) days from the date on which this Order becomes final, mail or deliver, and obtain a signed receipt therefor, written notice to all of respondent's sales personnel, sales agents and sales representatives and advertising agencies informing such persons that their violation of any provision of this Order may result in the termination of said employment or business relationship. Respondent shall obtain prior approval from the New York Regional Office of the Federal Trade Commission of said written notification.

4. Forthwith terminate the employment or business relationship with any person or firm willfully violating any provision of this Order and take appropriate disciplinary and corrective action, which may include termination, for nonwillful violation.

5. Within sixty (60) days from the date on which this Order becomes final,
